HOLMAN AND MEYERS WIN THE AIR DERBY

Stinson and Schiller, on Non-Stop Flight, Expected to Reach Spokane Late This Afternoon.

Spokane, Wash., Sept. 22.—The first eight Class A planes, out of fifteen starters from New York, arrived in this order:

C. W. Holman, of St. Paul; S. E. Ballough, Chicago; N. B. Numer, Spokane; John P. Wood, Wausau, Wis.; E. K. Campbell, Moline, Ill.; E. H. Lee, Chicago; James Rae, Philadelphia; E. W. Cleveland, Cleveland.

Ten in the Class B Derby arrived out of 25 starters. Their order of landing was: J. S. Charles, Richmond; C. W. Myers, Detroit; Eugene Detmer, Tarrytown, N. Y.; Leslie Miller, Des Moines, W. I.; Emery Jr., Bradford, Pa.; E. G. Knapp, Ypsilanti, Mich.; Jack Ashcroft, Towanda, Pa.; K. R. Unger, Madison, N. J.; C. B. McMahon, Miles City, Mont.

Felts Field, Spokane, Wash., Sept. 22.—With two sections of the triple-class trans-Continental Aerial Derby already arrived at their goal, all eyes turned eastward today for first sight of the two giant Class C planes, racing westward in a non-stop flight from Roosevelt Field, N. Y.

Three planes were entered for the non-stop race, but only two were able to get off the ground. The pilots are Eddie Stinson of Detroit flying a plane of his own make and C. A. "Duke" Schiller, of Windsor, Ont., flying the "Royal Windsor."

The planes left Roosevelt Field yesterday afternoon and are expected here about 4 p. m. today.

During the race, the giant planes should be able to negotiate the 2,300-mile course in about 24 hours.

The Winners
C. W. Holman of St. Paul, won first prize of \$10,000 in the Class A event. He roared across the finish line as ten thousand spectators cheered. His elapsed time from New York to Spokane was 19 hours, 42 minutes and 52 seconds.

A few minutes after Holman landed, J. S. Charles of Richmond, Va., and C. W. Meyers of Detroit, sailed down from the clouds practically in a dead heat for first prize money in the Class B event.

Charles was the first to land but Meyers probably will be declared the winner of the \$5,000 purse on which the officials will have to decide.

Thrilling Race
There were fifteen starters in the Class A race. Eight of these finished, the others being forced down at various points along the route or falling to take off. Of 25 entries in the Class B flight, 25 finished the race.

Spokane is undoubtedly the present center of the aviation world as planes seemingly from all points of the compass have been covering here for the past 24 hours. Besides the great Tri-State Derby from New York, this was the terminus for other races from southern coast cities.

A series of impressive army maneuvers will climax the aerial carnival here.

STRATFORD MAN DEAD IN AUTO ACCIDENT

Drives Head on Into Truck Owned By Hartford Express Company.

Milford, Sept. 22.—Frank F. Broadhurst, of 1130 King's College place, Stratford, was almost instantly killed on the Bridgeport turnpike, at Florence avenue, Devon, today in a head-on collision with a motor truck of the Hartford Motor Express Company driven by James E. Smith of 1318 Steuben avenue, Bronx, N. Y. Smith and his helper, Edward Furino, of 50 Daggott street, New Haven, took Broadhurst to Milford hospital where he died of a fractured skull.

LOCAL CASES DECIDED IN HIGH COURT

One Is Postponed—In Another Manchester Man Is Fined \$25 For Beating His Wife.

Hartford, Sept. 22.—Reginald E. Pickhardt, of New Britain, must make good a forged check of thirty dollars on the Home National Bank of Meriden, if he wants to avoid a long jail sentence. Judge John Richard Booth, of the Superior Court, said he would make the sentence sixty days if restitution were made but otherwise it would be a heavy sentence. The case was temporarily passed.

Edward Passineault, of Glens Falls, N. Y., was sent to jail for six months for theft of an auto in that city and brought to Hartford.

Manchester Cases
Frank Kupschus, Tony Kupschus and Peter Lukszio, all of Manchester pleaded not guilty to a charge of forgery. Jonathan Morehouse, of Manchester, was fined \$25 on a charge of wife-beating. Henry McGowan, of New Britain, was sent to jail for three months on a charge of assault.

Suspended Sentences
Edward Maskites, of Terryville, was fined \$100 and given a six months' suspended jail sentence for theft of parts of an automobile. Frank Mucheri, of New Britain, was fined \$50 and given a six months' suspended jail sentence for his part as "outside" man in a series of gas meter robberies in New Britain.

Carmine Bossone, of Forestville, who left a wife and a child in Italy 17 years ago, and who has since lived with another woman in this state and having three children by her, was given six months suspended sentence on a statutory charge. Lenience was extended when it was ascertained that Bossone had taken no advantage of the second woman. He had told her he had a wife living. Good care taken of his children also entered as a factor.

Other Local Cases
Francis Taylor, 21-year-old Manchester youth, who made his home in the John's block at 639 Main street, pleaded guilty late yesterday afternoon when arraigned before Judge John R. Booth of Danbury in the opening of the September term of the Hartford County Superior court on a charge of burglary. He was without an attorney and Public Defender John F. Forward pleaded for him. At 1 o'clock this afternoon, Taylor's sentence had not been handed down by Judge Booth. It was expected late this afternoon. The Manchester young man is accused of breaking into Harold Alvord's home.

At the request of the defense counsel, Frederick J. Corbett of Hartford, sentence in the case of Henry W. Gottschalk of Henryville, who yesterday pleaded guilty to a charge of burglary, was deferred until next Tuesday. Sentence had not yet been handed down in the case of Clinton H. Russell who pleaded guilty to conveyance of property sold on condition of bill of sale.

Oscar Chatelat, 18, former member of the Howitzer Company, pleaded guilty yesterday to stealing an automobile parked in the rear of the Hartford Rubber Works plant July 29 last. They were each given a sentence of 10 months in jail. Both are now in the U. S. army and have been located at Fort Slocum, New York.

HOLD FOUR SUSPECTS IN MYSTERIOUS DEATH

Wilmington, Mass., Sept. 22.—The charred body of Richard Pogerzy 24, of East Boston, found in the ruins of a burning cottage at Silver Medford, today resulted in the arrest of four men who were held as suspicious persons while police determine whether death was accidental or murder.

SPAFFORD IS ELECTED AS LEGION HEAD

No Opposition When New York Man Is Nominated; Stormy Debates Feature Convention Session.

Trocadero Palace, Paris, Sept. 22.—The beginning of the end of the second A. E. F.'s invasion of France, was reached today when the ninth annual convention of the American Legion, held here, adjourned at 3:45 o'clock this morning.

The motion for adjournment terminated a stormy closing session during which, about the only business transacted without heated debate, was the election of national officers.

Trocadero Palace, Paris, Sept. 22.—Edward E. Spafford of New York City was unanimously elected national commander of the American Legion for the ensuing year at the closing session of the legion convention here today.

All opposition to Spafford's election faded out in the final hours of the session. No other nomination was made, and the new national commander's election was accomplished without the formality of a roll call, for the first time in the history of the legion.

Spafford was escorted to the stage amid pandemonium. The Buffalo Five and Drum Corps acted as his escort.

Vice Commanders
Five national vice commanders were elected. They were: James Raffis, of Washington state; Paul R. Youngs, of North Carolina; J. M. Henry, of Minnesota; Dan Spurluck, of Louisiana and Ralph T. O'Neil of Kansas.

The unanimous choice of Spafford as the new national commander was in marked contrast to the stormy scenes which had rocked the session in an almost continuous uproar from the first fall of the gavel.

Heated Debates
Amid heated debates, which at times were almost violent and discriminatory. The legion dealt with a host of resolutions which ranked from "proposals to make the president of the United States an "immigration dictator," and the establishment of separate departments of aeronautics, co-equal with the army and navy, to details of the Legion's child welfare work.

The real row of the session developed over the administration of expenditures for child welfare work from the Legion's \$4,000,000 endowment fund. Charges were made that the \$100,000 available for welfare work, \$50,000 goes for administration expenses and salaries.

A vast array of resolutions were adopted by the convention in record time.

The convention decided not to select the convention city for 1929 at this meeting, as numerous delegations were bidding for the honor and some were unable to present data in Paris to support their claims. Detroit was the leading candidate, with Louisville, Ky., and Denver, Colo., following in close order.

The convention adopted a formal resolution of thanks and appreciation for the welcome and the hospitality accorded the Legionnaires by the French government and the people of France.

TO GIVE BERGDOLL PASSPORT TO U. S.

But Millionaire Draft Dodger Will Be Arrested When He Lands.

Washington, Sept. 22.—Grover Cleveland Bergdoll, the draft dodger who fled to Germany, will be issued a passport to return to the United States, it was announced at the State Department today.

Instructions to give Bergdoll a passport were sent to John E. Kehl, American consul at Stuttgart, Kehl had received a letter signed by Bergdoll which asked for a passport. The passport will not permit Bergdoll to visit any other country.

As an American citizen, Bergdoll does not need a passport to return home, but it was explained that it would be issued to prevent any trouble he might encounter in crossing European countries on the way to America.

Here's New Ambassador to Mexico

Short and compact in stature; long and compact in business success—that is Dwight W. Morrow, chosen as new U. S. ambassador to Mexico. The above recent photo of him was taken on shipboard as he returned from Europe.

Legionnaires Sample Best Wines Of France

Paris, Sept. 22.—The French have forgiven America almost everything except prohibition. They cannot understand the Volstead law and have no sympathy for Americans in the matter. The closing of the American market to one of France's principal products was a severe blow, for it meant the loss of millions annually, not only to the winegrower, but for all the people who handle the product.

Hence France has seized upon the American Legion convention which has brought twenty thousand Americans to France, as a golden opportunity to prove to Americans from the "dry belts" that there is nothing inherently terrible about the juice of the grape.

French winegrowers have staged a week's exhibition of their product solely for the benefit of the Americans. Samples are being distributed generously. There is the keenest rivalry between the different sections of France regarding the excellence of their product, and the exhibition days have been apportioned accordingly during the Legion's visit. For example, Sunday was given over to an exhibit of An-

jou and Alsace wines, and all American visitors were presented with souvenirs of Benedictine. On Monday, the producers of medicinal and tonic wines held sway, also with appropriate souvenirs.

Champagne Day
Tuesday was Champagne day, with Cliquet, Pommery, Heidsieck, Mumm, Pol Roger and others being exhibited. On Wednesday, the red wines of Bordeaux received their recognition, and there were souvenirs for American visitors in the shape of small bottles of 3 Star Hennessy.

Thursday was Burgundy day, and souvenirs of Martel's famous cognac were presented to the visitors. Tomorrow will be the last day of the exhibition, which was held with the approval of the French government. Appropriately enough, the field of work will be given over to the display of mineral waters.

Needless to say, the exhibition has been generously patronized by the American veterans. They all were aware that it was being held for its sponsors had decorated the Trocadero Palace with colorful posters portraying the delights that the exhibition promised.

19 CHILDREN DIE AS MISSION BURNS

Lone Doctor Flying to Attend Survivors In Wilderness Of Canada.

Winnipeg, Man., Sept. 22.—Plunging northward through the bitter cold of early winter, a lone doctor with emergency materials was flying over wilderness today carrying relief to the survivors of the tragic Beauval Catholic Mission conflagration that took a toll of twenty lives, nineteen of them Indian children.

First news of the disaster reaching Prince Albert, Sask., sent Dr. Amyot of Regina winging his way northward with the hope of saving a priest whose burns received in an hour of heroism may prove fatal.

DEMPESEY CASH LOWERS ODDS ON THE BIG BOUT

MYSTERY NOTE NEW CLUE IN JERSEY MURDER

Police Will Not Divulge Contents—Postmistress Says Wife Was Known as Peggy Anderson.

Hammonton, N. J., Sept. 22.—An anonymous letter to authorities and an affidavit furnished by the postmistress at South Vineland, combined to form the latest developments today in the search for the slayer of Dr. William Lillien-dahl, 72, with an arrest predicted by detectives within the next few hours.

That the murdered physician suspected his 42-year-old wife, now under \$25,000 bond, of carrying on correspondence with another man, was testified to by postmistress Mrs. William Tamberlain, in a signed affidavit.

Husband Suspicious
Mrs. Tamberlain declared, according to Police Chief J. E. Gebhart, that Lillien-dahl came to her two months ago to verify his suspicions of his wife's correspondence with another man. "I did not know Mrs. Lillien-dahl and when he described her to me, I told him I knew her by the name of "Peggy Anderson", Mrs. Tamberlain said, according to chief Gebhart.

The name "Peggy Anderson" had previously been mentioned by the authorities.

Anonymous Letter
An anonymous letter, obviously written by a man of learning and regarded by authorities as being of genuine import, was the source of considerable speculation today. Chief Detective Harrold said the information in the letter was extremely valuable and has requested the writer to come forward and assist in the investigation.

Although an arrest was predicted for today, no hint was given as to the identity of the suspect nor the charge to be filed.

The postmistress in her affidavit, also revealed that Dr. Lillien-dahl had settled the identity of "Peggy Anderson" by bringing his wife to the postoffice where he had arranged for Mrs. Tamberlain to signal him with a nod of her head if his wife was the woman receiving letters addressed to "Peggy". Mrs. Tamberlain identified Mrs. Lillien-dahl as the woman receiving the "Peggy" letters and further asserted the letters were mailed from South Vineland, near the Lillien-dahl home.

According to Chief Harrold, Mrs. Tamberlain also said that Mrs. Lillien-dahl frequently appeared at the post office with Willis Beach, a neighbor, who has been questioned by investigators.

HARTFORD MAYOR MASONIC SPEAKER

Norman C. Stevens to Be Here For Dedication of New Manchester Temple.

Mayor Norman C. Stevens of Hartford will be one of the principal speakers at the dedication of the new Masonic Temple, just erected by Manchester Lodge, on Saturday, October 8, 1927. The ceremony will take place at 6 o'clock in the evening and will follow the dedication ceremonies which will take place at 4 o'clock.

There will be two other speakers in addition to Mayor Stevens who at one time was district deputy for the sixth Masonic district. They are Past Grand Master Arthur Brown of Norwich, who is now prosecuting attorney of New London County. The other is present Grand Master Theodor R. Foster of Chester. William S. Hyde has been chosen treasurer. At 8 o'clock, the Master Mason degree will be conferred on a candidate.

LINDY IN BIG PLANE
San Diego, Cal., Sept. 22.—Colonel Charles A. Lindbergh, piloting a 12 passenger Ford monoplane, took off from Mahoney Field here at 8:50 o'clock this morning for Los Angeles.

Lindbergh will land the plane and its capacity load of passengers at some field in Los Angeles before being decided upon, according to officials at the B. F. Mahoney Aircraft company.

Flood of It Comes From the West at Last Minute—Eastern Sports Back Tunney; Chicago a Cauldron, Seething With Excitement on Day of Big Bout—Expect a Gate of \$2,500,000—Street Scenes Reminds One of Circus Day in the Country.

Chicago, Sept. 22.—Even money. That was the way most wagers on the Tunney-Dempsey fight were being laid today. So much Dempsey money has shown up in the last twenty-four hours that Champion Tunney is no longer the favorite in the betting.

Tunney money was being put up for the most part by easterners, while visitors from the Pacific coast and the Middle West were placing their coin on Dempsey money in evidence.

By DAVIS J. WALSH,
I. N. S. Sports Editor.

Chicago, Sept. 22.—Chicago, tingling, truant town of romantic realism, was a cauldron that lived and breathed and seethed in the excitement of the greatest moment today, a melting pot of all that was good and much that possibly was bad among the froth and dregs of a sporting nation; a melting pot that made over all classes into one great class, fighting a bitter battle, and witnessing tonight the second episode of the Dempsey-Tunney serial for the heavyweight championship of the world.

It was to be a circus day at the old county seat all over again, only on a bigger and better scale, and so a record multitude of 150,000 tramped the streets and gorged the lobbies, while late detachments rushed in from the hinterland by air, steel, concrete and water.

Rome, with its first night show at the Coliseum, was just a little, sleepy country village compared with the Chicago that today saw and knew Nineveh, Babylon and Tyre didn't have a shrill or a throb in them by comparison.

For, here was a great town running riot over the greatest show on earth, as another Barnum would have put it, a show that meant a record crowd, a record gate of some \$2,500,000 and a spectacle by night such as seldom is given to the eyes of man to behold. The fight itself, while the focal point of all the excitement, was merely secondary to the fun and the frolic that has come to the postoffice where he had arranged for Mrs. Tamberlain to signal him with a nod of her head if his wife was the woman receiving letters addressed to "Peggy". Mrs. Tamberlain identified Mrs. Lillien-dahl as the woman receiving the "Peggy" letters and further asserted the letters were mailed from South Vineland, near the Lillien-dahl home.

Excitement in Air
The wine of keen excitement was in the air itself, for the day was cool and the weather generally fair, which was quite the contrary to the conditions that prevailed at the first Dempsey-Tunney meeting last year. On that occasion, the first day the old circus came to town, to the present moment of spectacles and extravaganzas in the heavyweight division.

No fight in boxing history, for example, ever was fought with the understanding that, if the decision was against the challenger, the prize money would be upset all precedent. But, as to that, this has been and will be an unprecedented fight.

Sets Precedent
No fight in boxing history, for example, ever was fought with the understanding that, if the decision was against the challenger, the prize money would be upset all precedent. But, as to that, this has been and will be an unprecedented fight.

Unusual? Yes, but think of a crowd of 150,000, straining with open mouth and lifted ear for an announcement that may never be made. Think of the buzz of wonder and comment and speculation that would follow the withholding of the decision, the sly winking behind the hand and the sinister glances of the "hold-overs." That would make the fight hideous.

Backstairs Gossip
For, in spite of the fact that every disciple of the glove fight from east, west, north and south will be there to see it, there has been much backstairs gossip about this fight and the so-called smart money has been laid to know more than it should.

It is for this reason that the commission took its elaborate though rather unskilled measures to prevent the wagging tongue of scandal to run wild. The board, of course, concedes that it can't re-

COOL AND CLOUDY FOR TONIGHT'S BOUT

Chicago, Sept. 22.—"Cool and cloudy," is the weather man for tonight's big battle, as forecast by Prof. Henry W. Cox, of the Weather Bureau.

"The weather tonight will be partly cloudy to cloudy, probably without rain and certainly none of consequence. Cool mums during the day probably being under 60 degrees and the temperature in the evening at the time of the fight about 55 degrees. The winds will be gentle to moderate and variable."

Amateur Judge
To further strengthen the integrity of his position, the commission has declared itself for two prominent citizens to act as amateur judges and the whisper today was that they would be none other than George Lytton and Marshall Field himself.

However, in spite of all the rumblings from under cover, Dempsey's popularity has carried him into the betting as an even money favorite, where once he was a 5 to 7 short choice. The betting 1-1 has been light in this town, where betting on anything usually is heavy, but the money that was going down the line last night mostly was laid on the basis of dollar against dollar.

Dempsey blew his title by losing virtually ten rounds out of ten to Tunney last year. They will fight another ten round bout tonight. And, so well has Dempsey's popularity, that many people are expecting him to win the majority of rounds, if he doesn't win by a knockout.

Jack, Better Man
Dempsey, a prey to devastating worries in 1926, admittedly a better man under cover's test; in fact, his speed and general condition was esteemed over that which he had the night, two months ago, when he knocked out Jack Sharkey in his official comeback.

But Tunney was a better man today, too; at least, he was a better man under cover's test. His position of 1926 was reversed. Since this time he has all to lose and nothing to gain.

But did I say he had nothing to gain? Well, to be frank, he had nothing to gain but a cool man in dollars. That was the way he wanted to step into the ring. If they carry him out, he still will get the million.

However, the sharpshooting and clean hitting Tunney, with his persistent, pestiferous, pecking punches did not figure to be carried out, although anything was possible when a man like Dempsey starts shooting that terrible left. His legs might be unstable, his right hand may have lost its old message, but Dempsey still can give a licking and take one and that is one of the reasons he is a money choice against a younger and faster man today.

Dempsey's end for the fight will be approximately \$460,000, which was more than the champion, challenger and promoter combined. They were able to win twice as much for a heavyweight championship bouts five or six years ago.

But times have changed. Indeed, they have changed so much that \$40 ringside seats were being counter-feted by the thousands last week.

Police Escort
They have changed so much that it has been found necessary to give both champion and challenger the protection of a police escort as they ride into town for the official weighing in this afternoon. This ceremony, by the way, is only a formality. Tunney thinks he will scale about 153 pounds. Dempsey about 193, so that there will be little advantage, if any, either way.

But the weighing in is all a part of the act, a great ceremony for showmanly purposes. And so the Merry Villagers, already exercised beyond all endurance, probably will riot in the streets for this bird's eye glimpse of the noble gladiators as they push their way to the scale.

Barnum was right, sure enough, but he really didn't have his figures accurately placed. He should have held a stop watch.

FILM STAR SEEKS DIVORCE
London, Sept. 22.—Constance Talmadge, American film star, today filed suit for divorce from Captain Anstair William MacIntosh, according to advices received here from Edinburg.

HONOR THEIR DEAD IN WAR BY CHARITY

Rev. and Mrs. Cornell Furnish Room In Sailors Mission in Sons' Memory.

In memory of their sons, Adolph and John, who lost their lives in the World War, Rev. P. J. O. Cornell and Mrs. Cornell have furnished a room in the new Swedish Sailors' mission at 6 Water street, New York.

TOWN PLAYERS READY FOR WINTER SEASON

Meet Next Monday Evening With Miss Ruth Calhoun, New Director.

A meeting of the executive committee of the Town Players has been called for Monday evening of next week at 8 o'clock in the home of Miss Ruth Calhoun, director of the club.

Last year they produced two three-act plays and a number of one-acts, some of them directed by members of the club.

The Players expect to put on three three-act plays during the coming season and in addition to that they will produce several one-act sketches which will be presented at meetings of the club.

19 CHILDREN DIE AS MISSION BURNS

structure and the fatal fire Monday night was the third in three years.

Dr. Amyot who rushed to Winnetka to secure supplies before taking off on his hazardous flight, said that the only information so far available placed the dead at 20, with the survivors including more than forty children.

Heroic Brothers. The launch crew, he said, had praised Brothers La Jaunesse, Angel and Adam, brothers of the Order of the Holy Spirit, whose heroic efforts were largely responsible for the many rescues.

A pathetic picture of tragedy was painted by the launchmen who described how the Grey nuns sobbed out their prayers in the red glare of the night, while frantic children clung to their sweeping veils in terror.

Preparations were being completed today to rush relief supplies to the survivors who are camped on the shores of Lac La Plonge, separated from even the remotest civilization by 125 miles of wilderness.

ABOUT TOWN

Campfire Girls of the South Methodist Church had their first instructions in basketry last night under Miss Helen L. Haviland, the new director of religious education.

Dr. N. A. Burr of Park street will leave this week on a ten-day trip to the Berkshire Hills. He will resume his practice on Monday, October 3.

The Ladies' Sewing Society of the Swedish Lutheran church will hold a Swedish baking sale in Hale's store Saturday afternoon from 2 to 5 o'clock.

Mr. and Mrs. Gustave Schaller of 626 Center street returned home last night after a three months' trip through France and Switzerland.

Mr. and Mrs. J. H. Hewitt of Holl street have been entertaining their cousin, Mrs. Ethel Mayer and James Hewitt of New York City. During their stay here with Mr. and Mrs. Hewitt they took in the Eastern States Exposition at Springfield.

Gibbons Assembly Catholic Ladies of Columbus will hold their regular meeting in K. of C. hall tomorrow evening. The business will include the formation of plans for the state convention October 14.

Edson M. Bailey, high school instructor, is steadily improving from his recent illness which confined him to bed.

Landa's Service Station at Main and Hazel streets has been sold to Frank Oakes, proprietor of a service station in Buckland. Oakes will take possession next Thursday.

Dancers at Pinney's Rainbow tonight will not miss the returns of the big Tunney-Dempsey fight in Chicago tonight.

Old fashion and modern numbers are on the program for tonight at the hall. Saturday night modern dancing will be enjoyed there.

Refreshments at the hall are now served directly to the dancers without the need of going to the inn.

Twelve Manchester insurance agents forgot their daily business last night long enough to thoroughly enjoy a banquet held at the Hotel Garde in Hartford.

Those from Manchester who attended were: David McCann, Arthur McCann, John Fogarty, Clarence Johnson, William Keating, Raymond Mahoney, Alexander Johnson, Edward Findlay, William Ellis, Isaac Jackson, George Lynn, and John Pentland.

NORWALK MINISTER KIWANIS GOVERNOR

Rev. Ernest F. McGregor Chosen Head of New England Kiwanis District.

The New England Kiwanis convention came to a close at Bridgeport at four o'clock yesterday after the election of officers for 1928.

Ernest F. McGregor was elected Governor of the New England district and Benjamin Allen of the Hartford club as Lieutenant Governor of the Connecticut District.

There were 600 Kiwanians registered at the convention, representing 55 cities of the New England states. Over 300 Kiwanians and their wives sat down at the banquet held Wednesday noon.

Edson M. Bailey, high school instructor, is steadily improving from his recent illness which confined him to bed.

Landa's Service Station at Main and Hazel streets has been sold to Frank Oakes, proprietor of a service station in Buckland. Oakes will take possession next Thursday.

Dancers at Pinney's Rainbow tonight will not miss the returns of the big Tunney-Dempsey fight in Chicago tonight.

Twelve Manchester insurance agents forgot their daily business last night long enough to thoroughly enjoy a banquet held at the Hotel Garde in Hartford.

Those from Manchester who attended were: David McCann, Arthur McCann, John Fogarty, Clarence Johnson, William Keating, Raymond Mahoney, Alexander Johnson, Edward Findlay, William Ellis, Isaac Jackson, George Lynn, and John Pentland.

YOUNG PEOPLE PLAN RALLY AT CHURCH

Will Have Banquet and Good Time Next Week Friday at the Center.

Center church young people are busy with preparation for a rally and banquet for all who have attained the age of 14 or over whether members of the Cyp club or not.

The committee on program has already secured a speaker, Rev. Richard Elliott of Ricky Hill. Those who attended the Young People's conference at Storrs the past summer, of which he was the registrar will recall not only his helpful talks, but the fund of humorous stories and recitations he had at his tongue's end.

Mr. and Mrs. William A. Knofia returned last night from a few days' stay in Bridgeport where Mr. Knofia attended the Kiwanis convention.

GILBERT SWAN TO "DO" PARIS AND LONDON

Gilbert Swan... perceives the zestful things of life.

GILBERT SWAN, whose "In New York" column is a daily delight to readers of THE HERALD, has said good-bye to Broadway for a few weeks. He has gone abroad.

You soon will be reveling in a new series of Gilbert Swan word photos—"A New Yorker in Paris." And then—"A New Yorker in London."

ODD bits of life, queer incidents, strange places, interesting people in these two great cities of Europe will be silhouetted by Swan in his Paris and London columns just as he has cross-sectioned life in New York in the past—and will do again when he returns.

That this keenest of observers is to write about life in the French and English capitals from the vantage point of long and intimate familiarity with New York—our own greatest human mosaic—spells a promise of captivating articles to come.

Swan is a student of humanity, and in Paris and London he will find limitless fields of "human interest" to roam.

MANY-SIDED is Swan's faculty of perceiving the zestful things of life. Rare is his talent for sketching, for the enjoyment of others, the things and the personalities he perceives.

These traits set him apart from ordinary writers. He fills in the printed record of mankind's sun-to-sun work and play with intimate details, with sharp highlights, with colorful backgrounds that other eyes and minds have failed to mirror.

Through Swan, during his visit to Europe, you will become acquainted with Paris and London as you have not had an opportunity to before.

KU KLUXERS BURN CROSSES IN WILLY

(Continued from Page 1)

declared Planchon struck him. Planchon, represented by Samuel D. Harvey, former prosecuting attorney here, pleaded not guilty when his case was called and furnished \$50 as bail to secure further appearance.

Burning of the fiery crosses at 11 P. M. was accomplished without a permit, according to Chief Henry J. Kelly, of the local fire department.

Police Surprised. Police officials here seem to have been taken by surprise by the meeting which they believed was to have been held outside the city limits. The last previous meeting of the Klan was held in South Windham. The meeting last night was addressed by a man said to be a prominent New York member of the order.

Klan meetings are reported also from the eastern part of the city, and a call is said to have been issued for a gathering of ministers with Klan leanings at Moosup in the near future.

BUFFALO'S BUFFALO PRESENTED AT PARIS

But Not Before the Animal Raises Trouble by Escaping From Stable.

Paris, Sept. 22.—The live Buffalo, sent by Mayor Schwab of Buffalo, to the city of Paris through the Erie county delegation of the American Legion, was presented to the municipality today after having almost transformed itself into a white elephant.

The presentation was made in the Jardin Des Plantes. Caged in a Paris livery stable, the beast kicked his way to freedom and caused considerable commotion and damage for a time. It was recaptured, but because of its unruly spirit, it appeared for a while that Paris was hesitant to accept the gift, and the possibility arose that the animal would have to be shot.

The animal's temper was mollified sufficiently, however, to enable the presentation ceremony to proceed without trouble.

NEW RED ENVOY

Moscow, Sept. 22.—D. V. Bogomolov, who was first secretary of the Soviet Embassy in London before the breaking off of Anglo-Russian relations, was appointed Soviet ambassador to Poland today, to succeed the late M. Volkoff who was assassinated at the Warsaw railway station several weeks ago. The Polish government has indicated Bogomolov would be acceptable to the government.

SHOOTS AT POLICEMAN

Boston, Sept. 22.—Firing a revolver shot at a Metropolitan officer, Green J. Donahue of Station 12, lone would-be assassin today created much excitement in the streets of South Boston when he escaped capture by the policeman after a wild chase.

TROOPERS' SLAYER SHOOTS A HUNTER

Recognizes Wagner in Woods and Calls on Him to Surrender.

Dansville, N. Y., Sept. 22.—The search for Wilmot Leroy Wagner, alleged slayer of two state troopers, was concentrated today in the woods near here following the shooting of James Marshall, 28, baseball player.

His knee shattered by a bullet, Marshall declared from his hospital cot today that his assailant was Wagner, whom he said he knew well.

Marshall said he was hunting in the woods when he saw a heavily bearded, tattered man skulking through the underbrush, he said. Recognizing Wagner, Marshall called on him to surrender, he told police.

When Wagner refused, Marshall fired his shotgun once, according to his story. Wagner returned the fire and the two men exchanged passing motorist heard Marshall's moans and rushed him here. A posse immediately was organized to search for Wagner.

AUGUST WORST MONTH FOR AUTO ACCIDENTS

Hartford Led With 263, While Manchester is Near End of List With 19.

Hartford, Sept. 22.—Accident results in Connecticut highways were worse during August of this year than in the corresponding month last year despite the fact that fewer motor vehicle accidents occurred this year. The Department of Motor Vehicles today issued statistics showing that thirty-three persons were killed and 1,040 injured in 2,619 accidents this August while a year ago the deaths totaled 41 and the injuries 1,034 and the accidents 2,662. Seven children were killed and 274 injured last month.

Eighteen cities of the city leading in auto accidents last month were New Haven 263, New Haven 258, Bridgeport 243, Waterbury 148, Stamford 98, New Britain 84, Meriden 61, New London 55, Greenwich 53, Norwalk 46, Norwich 44, Danbury 38, Middletown 33, Manchester 19, Willimantic 16, Windham 14, Naugatuck 11, Putnam 10.

60TH ANNIVERSARY

Stamford, Sept. 22.—Ezra S. Bostwick, who was one of the survivors in the sinking of the United States Transport Aphrodite with a loss of 250 lives during the Civil War, has been married sixty years. Mr. and Mrs. Bostwick celebrated the wedding anniversary at their home here today.

Mrs. Bostwick is a native of Ridgefield. They were married at Port Chester, N. Y., when she was 19 and he 21. For many years Mr. Bostwick was engaged in the oyster trade along the Connecticut shore.

BOY DIES SUDDENLY

Stamford, Sept. 22.—Harold Catroy, 14, of 464 Grand street, Bridgeport, came here yesterday to visit at the home of John J. Bryant, 53 Pacific street, after the boy had been under treatment in a Bridgeport hospital for heart trouble. Harold went for a walk late in the afternoon, collapsed on a sidewalk, and died. Dr. Ralph W. Crane, medical examiner, investigated and announced today that heart disease caused the death.

THURSDAY, SEPT. 22, 1927

TO-NIGHT'S THE NIGHT

Today is today and tonight will be the night. Transoceanic and transcontinental air stunts will do well to defer getting themselves killed for at least twenty-four hours, because they will get no glory—nobody will pay any attention to them or their fates.

Most of these millions have never seen a prize fight in their lives. The greater part of them have never even seen a set of boxing gloves in action. They know nothing about the rules of the game, less than nothing about its fine points.

The public gets into this peculiar psychological state over a championship prize fight through just one cause—publicity. The people are fed prize fighting news till they become saturated with it.

As a matter of fact, boxing is a pretty sport—not a tenth part as thrilling or as scientific, as horse racing, but still a good sport. No more than that. There are plenty of others better. Wrestling, for instance, is several times as exact a science.

And the odd thing about it is that hardly anybody understands that the largest factor in the determination of a prize fight issue, where the principals are all properly matched, is just plain luck.

No fighter that ever was on land or sea knows to within an inch where his punch is going to land—if it lands at all.

WRAPPING PAPER A learned market article in one of the big business newspapers, dealing with wrapping paper, says that "the consumption requirements in this country have by no means reached the possible annual production of the industry, so that the industry stands in constant danger of over-production from year to year."

There is no subject in the world on which so much nonsense is written as on the prospective outcome of a prize fight. And the people of the country have been getting an extraordinary dose of it concerning tonight's fight.

MEANTIME THE PRINCIPALS AND THE MANAGEMENT WILL DIVIDE MILLIONS.

CLEAR AS EVER

As the men and women of the American Legion are having their wonderful week in France a strange and unaccountable note creeps into the reports of some of the special writers who are "covering" the great convention for big city newspapers in this country.

There is good intention back of this bad for letting bygones be bygones. For something out of the usefulness of memories. Obviously it is the purpose to forgive and for-

get, in the interest of peace and international amity. But it all seems to us to be utterly mistaken. No doubt it is well to forgive—to put aside international hatreds. But it is a shocking injustice to the dead of America in that war, to the blighted lives of the thousands upon thousands of war cripples, to permit the faintest doubt of the justice of the cause in which they fought to enter into our hearts.

We fought that war to prevent one group of people from erecting a structure of domination over all of western civilization, including our own. The cause is as clear today as it was on that April day of 1917 when we threw in our lot with the allied nations.

That we can erase enmity to the German people is to our credit. To pretend that Hohenzollernism was ever anything but a menace to the world, or that the war was not due to Hohenzollernism, is to mangle the truth. To fall in the future to guard watchfully against the rising of the same poisonous growth in any country in the world would be to fail in the purpose for which died the Americans whose graves are being visited this week by their comrades in arms.

THAT FRENCH TREATY The tariff controversy between the American and the French governments is easier to grasp if it is remembered that there is not only a distinction but a sharp difference between a reciprocal tariff treaty and a treaty based on the most favored nation principle.

In the latter case each of the contracting countries is guaranteed by the other as favorable tariff rates on any given commodity as are granted by the second contracting party to any other country. In other words, if through some reciprocal arrangement France should admit German iron into her borders on payment of one cent a ton, when she entered into an unequalled most favored nation treaty with Britain she would be bound to admit British iron of the same kind at the same tariff rate, though she might have been imposing hitherto a tariff of a dollar a ton on the iron of all countries except Germany.

In the former case, France and England might sign a tariff treaty setting up advantages for each on various commodities but leaving the iron tariff and that on many other articles out of consideration.

The United States government has approached France with a request which is almost equivalent to a demand that the latter enter upon a most-favored nation treaty with this country. For reasons of her own France balks at this proposal—perhaps because she is already negotiating some very special reciprocal arrangements with Germany, which she would hesitate to permit to apply to any other country.

This proposal the Washington government seems disposed to reject, insisting on a M. F. N. treaty on penalty, as appeared to be threatened, of enacting reprisal tariffs against France in case of ultimate refusal.

This is one of those diplomatic exchanges which are difficult of understanding in all their details, for there is generally much more under the surface than at first appears. For a full explanation of the occasion for the demand for a M. F. N. treaty with France we shall probably have to wait for Congress to convene. Then, be sure, the matter will be sufficiently ventilated.

WRAPPING PAPER A learned market article in one of the big business newspapers, dealing with wrapping paper, says that "the consumption requirements in this country have by no means reached the possible annual production of the industry, so that the industry stands in constant danger of over-production from year to year."

If this be indeed the case then surely it is up to the manufacturers to retire to the cyclone cellar and prepare for squalls. Because if there is any one commodity on the consumption of which the American public puts in mighty likes, it is the omnipresent wrapping paper. It is doubtful if any more of the stuff could be used even if every man, woman and child in the United States were personally interested in keeping up the price of the stock of the manufacturing concerns.

The use of wrapping paper in this country long ago transcended the limits of utility and entered upon the region of debauch. There is probably enough wrapping paper in one form or another, toted into the homes of America, every year, to supply the entire world with a reasonable supply of wrappings. It piles up till the housekeeper is in despair. Driven in desperation to the unwelcome job of poking it in-

to a stove or furnace on a hot day and spending a wretched hour at the task, Missy three days later is confronted by another great drift of bags and wrappers.

How much of their profits the retailers of the country are contributing to keeping the wrapping paper industry on its feet we don't know. But beyond a doubt the sacrifice is terrific. If they ever get hep to themselves—good night, paper mills!

WASHINGTON LETTER

By RODNEY DUTCHER

Washington, Sept. 22.—President Coolidge's return to Washington means that the existence of Washington correspondents is again justified.

Mute testimony of the difference the Coolidge presence makes to journalism in this fair town was afforded by a glimpse into the White House pressroom a few days in advance of the executive's return.

Now all will be changed. The press cubbyhole will be packed and on Tuesday and Friday scores of reporters will overflow into the lobby which sends them dashing into the president's office to learn for the world what the president has on his mind which he is willing to confide.

About those cards. Gambling in the press-room has been an intermittent affair, first tolerated and then forbidden. Everyone who comes to see the president must pass through the executive office entrance, right alongside the press-room and it has been suggested that it didn't look quite nice for the president's guests, especially the strait-laced ones, to get a glimpse of a card game just as they stepped into the White House.

For a long time the card games had been barred on this premise. When the put-and-take top became popular a correspondent brought one in and the boys started spinning it for nickels or some such coinage. This lasted for ten minutes before a White House cop ended the game.

The top incident was all that brightened a long, tedious period of chess, the only game allowed. Then, recently, after Congress had adjourned someone started a bridge game and it was allowed to proceed. Bridge has been played ever since whenever a quorum was present and will continue unless some reformer steps in. Only two can play chess—though not every two at that—and the job of correspondents who have the White House beat consists largely of waiting for news to develop and tagging occasional visitors to the president.

The press room at the White House is about as large as a fair-sized bathroom. It has four telephone booths, three typewriters and occasional pieces of furniture. Its regular inhabitants are correspondents for the press associations.

The noble countenances of Calvin Coolidge, Warren G. Harding and C. Bascom Slemp, one-time secretary to Coolidge, shine down upon the bridge players. There is a bronze elephant, presented to the White House Correspondents Association by the Hagenbeck Wallace circus, and a handsomely decorated charter of the club.

New York, Sept. 22.—Somebody once said that if you stand long enough at the corner of 42nd street and Broadway you'll meet everyone you ever heard of.

You can put me on record as adding to this: and if you go to the passport office you'll see everyone you missed at the 42nd street corner.

It's one place that will keep constantly upon your lips the old woe: "Well, well, it's a pretty small world after all."

For example: I have been an off-and-on visitor at the passport office these days, preparing for a visit to Paris. I had taken as my witness a chap who had newspapered with me in San Francisco. Through the marble corridors milled the usual crowd of Americans going abroad and foreigners returning home.

At once we interrupted, rescuing him to explain a few pointers gained from the experiences of friends. We were engaged in animated conversation.

"Where'd you live?" asked my witness. "Polk street . . . by the way, my name's Hicks. I engineer. I'm headed for Peru . . . the nitrate outfit. . . Chile last year, but got my passport west where somebody knew me . . . too high there, though . . . had to work in an altitude of 18,000 feet."

"Where'd you go to school . . . remember the old pool hall over at . . . Say, whatever became of Pisco John's . . . Were you there in the fire . . . ?"

In a second we had traveled back down the years and over the rails to a hillside dipping down to the Hayes Valley. All about us haggled the groups of travelers, some babbling in broken English, some undergoing a cross-examination. Time and place disappeared and we were all back in the "home port."

"Wanta hold up this line all day?" Of course we didn't. As we walked away from the desk I look around in three places I saw old cronies meeting and greeting and slapping on the back. The girl at the information desk smiled: "We're used to it. It happens at least once an hour. This is a place that makes you realize how small the world is."

Our Constitution—No. 9

BY HARRY ATWOOD
President Constitution Anniversary Association.

The Secret of Federal Power Made Plain
In Constitution.

The Constitution contains a number of unusual features which at the time of its adoption were new in government. First, the Constitution provided for a permanent union of states under a federal government with provision for additional states to enter from time to time, but with no provision for lawful exit therefrom.

In other words, it changed the condition from a loose confederation of states into a union of states which could not withdraw from the union without destroying the plan of the Constitution. This fact accounts for its being the first successful federal government.

There has been much loose and theoretical discussion on this question, but nowhere in the original Constitution is there any provision to justify a state in an attempt to withdraw from the union. Another novel feature of the Constitution is that it set up a dual form of government, well balanced between the nation and the states, operating directly upon the people as individuals as well as upon the states.

The dual form of government resulted in a dual citizenship. A person may be a citizen of the United States and a citizen of a state. A citizen of the United States might not be a citizen temporarily, of any state. That is, a citizen might move from one state to another state and not have resided in that state long enough to have qualified for citizenship there. In such event the status would be that of an inhabitant; but a citizen of a state is automatically a citizen of the United States.

The authors of the Constitution made a very clear distinction between what are properly constitutional provisions and what are properly statutory enactments. In our state constitution there is a little discrimination between what are properly constitutional provisions and what are properly statutory enactments, which has resulted in writing into their constitutions much material that should properly be statutory enactments; and this is also true of the constitutions of other countries.

Without going into the question of the merits of the principle of prohibition as such, it is quite evident that the language of Amendment XVIII is statutory material and, this fact doubtless accounts for some of the difficulties it has incurred. If it was necessary for the federal Constitution to deal with this highly important problem, it would seem that a more effective and proper amendment would be "Congress shall have power to regulate the manufacture and sale of intoxicating liquors."

Program for Thursday
E. D. S. T.

6:30 P. M.—Dinner Concert. Hotel Bond Trio. Emil Holmberger, director.

Chacone Durand
Selection from "Tannhauser" Wagner
Were My Songs Hahn
Provided Hahn
Indian Summer Herbert
Dance of the Bayaderes Rubinstein

6:55—News and Baseball Scores.
7:00—Soprano Solos — Mildred Novitsky, Laura C. Gaudet, accompanist.

7:15—The Endee Hawaiians.
7:30—Coward Comfort Hour from New York.

8:00—Fields Blue Boys.
Listen in to WTIC for this program of popular music by Fields' Blue Boys. They will present a half hour of the latest song hits for your entertainment. This is one of the new fall features, and certainly a worthy one. The Blue Boys render their music with a snap and a swing which draws enthusiastic approval from their listeners.

8:30—Capitol Theater Presentation.
That hour and a half on premier entertainment, the Capitol theater presentation which is broadcast from WTIC will be on the "required list" for the evening. A fine bill of five vaudeville acts and music, by the Capitol theater orchestra under the leadership of Bill Jones, spells JOY in capital letters. When this program is on the air, be sure that you are listening in!

10:00—Club Worthy Hills Orchestra.
10:30—Janssen's Hofbrau Orchestra.
11:00—Dempsey-Tunney Bout from Chicago.

Shows Discrimination
The Constitution contains many provisions indicating fine discrimination in the insertion of what provisions and the omission of what should be properly statutory enactments.

An essential characteristic is that a constitutional provision should be permanent in its nature, while a statutory provision may be temporary and changeable.

Without going into the question of the merits of the principle of prohibition as such, it is quite evident that the language of Amendment XVIII is statutory material and, this fact doubtless accounts for some of the difficulties it has incurred.

If it was necessary for the federal Constitution to deal with this highly important problem, it would seem that a more effective and proper amendment would be "Congress shall have power to regulate the manufacture and sale of intoxicating liquors."

In our state constitution there is a little discrimination between what are properly constitutional provisions and what are properly statutory enactments, which has resulted in writing into their constitutions much material that should properly be statutory enactments; and this is also true of the constitutions of other countries.

In our state constitution there is a little discrimination between what are properly constitutional provisions and what are properly statutory enactments, which has resulted in writing into their constitutions much material that should properly be statutory enactments; and this is also true of the constitutions of other countries.

Without going into the question of the merits of the principle of prohibition as such, it is quite evident that the language of Amendment XVIII is statutory material and, this fact doubtless accounts for some of the difficulties it has incurred.

If it was necessary for the federal Constitution to deal with this highly important problem, it would seem that a more effective and proper amendment would be "Congress shall have power to regulate the manufacture and sale of intoxicating liquors."

And now, the home that was lonesome is the scene of many happy gatherings

This is a story in one chapter that concerns the happiness of many families

THEY HAD often thought to themselves, sitting there alone, as parents often do . . . that things did not seem as well as they were a few years ago.

Mr. and Mrs. Armstrong were in excellent health. They were comfortably situated. Their children were all grown up now. But still they felt that things weren't just so. And it worried them.

Evening after evening . . . they sat there alone. Their children just seemed to disappear after supper was over. This had been going on for quite some time. It was home from work . . . supper . . . out again . . . and Dad and Mother were left alone for another evening. The only time the whole family were together was at meal times.

There was Peggy, she went to her girl friend's home. John was out with his friends. And Jane, the oldest of the children — she kept company with a very nice young man, seriously. Mother heard so much about him, and she wanted to meet him.

This particular evening, the house was unusually quiet . . . lonesome. Father was sitting in his Morris chair, reading the paper. Mother was sitting in the rocker with a piece of embroidery in her lap. But she was not embroidering. Her mind seemed to wander on other thoughts besides her embroidery.

Mother had often wondered why the children went to the homes of their friends. Why don't they stay at home once in a while? But she blamed it onto the "JAZZ AGE." A remark from Jane that evening had made her realize what was lacking in her home.

Mother had asked Jane why she didn't bring her boy friend home. "I want to meet him, and I'm sure Dad will like him," she said.

"Yes," answered Jane, "I do so want to bring him home, because he is so nice, but how can I, mother? We have no nice furniture. Not that I do not like my home, because I do. I meet him at Elizabeth Wandell's home. Elizabeth keeps company with his brother, and so we all go out together. Why, mother, dear, just look at our living room, for instance. That style furniture is "ancient" now . . . and Dad's chair, I know he likes it, but it has seen better days. But don't worry, mother, I'll bring him home soon, and you shall meet him."

Mother couldn't help thinking that Jane was right. The more she looked around the room, the more she realized that the furniture was "ancient" and shabby. Something had to be done.

Finally, she had a good, long discussion with her husband. Yes, Dad agreed with her. "I'll do anything," he exclaimed, "to keep the children home." Let their friends come here."

Then the talk drifted to what store they should go to buy the furniture.

Mother wanted to go to Garber Brothers. She knew Garber Brothers made their own living room suites and had a very large display. There she could find a wide range of materials and styles. Her neighbor, Mrs. Amity, bought her furniture there, and they think the world of it.

And father, he agreed, without hesitancy. He read Garber Brothers' advertisements—how they make their own living room suites and sell them direct to the public at factory price. This method suited his sense of good business. Here was economy. So it was unanimously agreed.

They came to Garber Brothers, selected a living room suite and several odd pieces. They paid some cash and budgeted the balance.

And now the home that was lonesome is the scene of young, happy company. Changed just like magic. John's friends and Peggy's friends, Jane and her boy friend, Elizabeth and her friend were there, too. They came often. Dad was happy. Mother was happy. Everything seemed so wonderful.

New furniture makes happier homes . . . For Good Furniture at Lower Prices Come to GARBER BROTHERS, 120 Morgan Street, corner of Market, just one short block from Main Street. A visit to this large establishment will prove interesting and educational, so do not hesitate to come in. No obligation involved.

The BENSON MURDER CASE by S. S. VAN DINE CHARLES SCRIBNER'S SONS

Characters of the Story PHILIO VANCE JOHN F. X. MARKHAM... Well-known Wall Street broker and man-about-town, who was mysteriously murdered in his home...

"Fancy, now!" said Vance, as he stepped out of the machine. "And I thought it extraordinary simple."

THIS HAS HAPPENED A woman's gloves and handbag were found at the scene of Benson's murder... A policeman reports having seen a big gray automobile outside Benson's house at midnight...

MARKHAM lapsed into gloomy silence, and sat looking out of the window in troubled meditation until we reached Vance's house.

MARKHAM lapsed into gloomy silence, and sat looking out of the window in troubled meditation until we reached Vance's house. "I don't like the looks of things," he remarked, as we drew up to the curb...

way, was unwilling to admit this latter possibility despite Mrs. Platz's positive assertion that no other person besides herself and Benson had a key.

Further, no general information of a hospital nature came to light immediately, although the police pushed their inquiry with the utmost thoroughness.

MARKHAM had lunched with Major Benson the day the crime was discovered, and though the latter had shown a willingness to cooperate—even to the detriment of his brother's character—his suggestions were of little value.

The WOMAN'S DAY by ALLENE SUMNER

Brown-eyed, brown-haired girls, gather round! Experts say that while it may be very nice to be a yellow-haired, blue-eyed girlie, with gen'man preferring you, and all that, facts remain that blondes put on weight sooner than brunettes, and that most blondes of 35 and over are plain fat. Short but sweet to such of us are not preferred!

IT COMES HOME Science is being invoked in two cities today to find out whose baby two little mites are. Once in a while the mob which questions the value of "higher education" needs some practical demonstration of its worth.

POOR EMPRESS They continue to searce with disapproval the empress of Japan for giving birth to a daughter and making the court moguls present the child with a purple skirt instead of a sacred sword.

WHAT OF IT? Mrs. Flossie Lane is only 21, has been five times married and five times divorced, and says that she still believes in matrimony. Of course, what else would there be in life for a girl like that?

A BABY NOBODY WANTS

Dr. Fishbein Says Blood Tests Mean Little in Fixing Parentage; Outlines Care Taken to Prevent Mistake in Identity.

Editor's Note: A chubby, month-old baby girl born in the Fairview Park hospital at Cleveland, O., is the center of one of the strangest, most tragic mixups in medical history.

Mr. and Mrs. Sam Smith, according to hospital records, are the parents of the little girl. But they insist that the child born to Mrs. Smith at the hospital was a boy; they declare that hospital authorities mixed identification tags and gave them a girl by mistake, and they are now prosecuting a lawsuit in an effort to get from the hospital a boy baby born at the same time.

Trial of the suit has only served to increase the mixup. As a last resort, doctors have endeavored to determine, by blood tests, whether the girl baby actually is the daughter of Mr. and Mrs. Smith.

What is the value of such tests? Can prospective mothers, on entering hospitals, be sure that they will be given their own babies? What are the chances of mistake such as the Smiths allege was made by the Fairview Park hospital?

Dr. Morris Fishbein, editor of the Journal of the American Medical Association, and one of the foremost medical authorities in the country, has written the following article especially for the Herald and NEA Service, telling medical science's best answers to these questions. His article throws a new light on this perplexing and absorbing case.

BY DR. MORRIS FISHBEIN

Editor of the Journal of the American Medical Association; Written Especially for the Herald and NEA Service

There is no definite, 100-per cent perfect way of determining a child's parentage.

Blood tests are about the best means science has. Yet they are by no means infallible.

Within the blood of human beings are certain factors that cause the red blood cells of other human beings to agglutinate, or clump together. It has been found that human beings may be divided into various groups according to the numbers and characters of other persons with whom their blood thus reacts. This grouping, once established, is a stable matter and is in-

fluenced but little by various changes in the manner of living or in the environment.

Groups are inherited. It has been learned that these blood groups are inherited, and that a specific agglutinating substance could not appear in a child unless it was present in one of the parents. This has been confirmed by numerous investigators over the world, and the appearance of such a substance in blood that is being tested is taken to indicate either certain evidence of parentage—or a mistake in the technique of the person making the test.

The latter is quite possible, due to the delicacy of the actions. Dr. Laurence H. Snyder of the Genetics Laboratory of North Carolina points out that two things are necessary before any character in the blood may be used in determining parentage. First, one must be able to recognize without question the presence of the dominant factor in any person. Second, one must be absolutely sure of the hereditary behavior of the character.

Tests Are Not Certain Hence it is still necessary to use extreme caution in applying these tests in medico-legal cases. Even if these factors are present in the blood, they are not to be given undue importance.

Maternity hospitals as a rule are extremely careful to prevent mistakes in the identity of newly-born babies. Immediately after birth, steps are taken to make sure that each baby is properly accredited to its own mother.

Among the steps usually taken is, first, the pasting on the baby and on the mother, at the time of birth, of a piece of adhesive tape on which are printed in indelible ink the name of the mother and the number of the case.

In many institutions, immediately on the birth of the child a necklace of beads bearing the name of the child. This necklace is not easily removed and cannot come off accidentally.

In the Chicago Lying-In Hospital, and in many other institutions, the footmarks of the child are imprinted on its chart immediately from the room in which it is born. The footmarks serve as an absolute sign of identification.

This is the most practical and certain method of identification.

Here is "Baby Smith"—the month-old girl born at Fairview Park hospital, Cleveland, whose parentage is denied by Mrs. Sam Smith (left).

The printing of either fingers or palms is practically out of the question because of the intense and constant motion of the newly-born baby.

Put Prints on Chart

Since the ridges of the sole are very fine and soft, little ink is used. The ink is spread over a glass plate, to which the foot is pressed. Then the foot is pressed to a piece

of the chart paper. This chart has previously been fully marked with the record of the mother and with other data that absolutely prevent confusion.

Mistakes in identity are very rare nowadays. Once they occur, however, it is difficult in the extreme to get at the real truth. The blood test has not yet reached the stage of infallibility.

to Holywood, where the Royal family is at present in residence. The King declined because he was afraid of starting a precedent. Already the Movietone corporation has obtained camera interviews with the King and Queen of Spain, Marshal Foch and Mussolini.

KING AND QUEEN DECLINE TO POSE FOR MOVIE CAMERA

London.—Despite a very tempting offer King George and Queen Mary have declined to pose before a camera recording not only their features but their voices also.

Richard Washburn Child, representing an American film corporation called "Movietone," using all his diplomatic experience and influence had practically arranged for the "camera interview," so much so that a special camera and recording instrument had been sent via the Aquitania last Monday and was already on its way up

Continuing Demonstration of

Aurora Cone Decoration A Fascinating New Art

We are glad to announce that we shall continue the demonstration for the rest of the week. If you have not already seen how this attractive new painting is done come in tomorrow or Saturday.

This new method of painting may be applied to all wearing apparel, accessories, lamp shades, scarfs, pillows, etc. It is easily done, no previous experience is necessary.

When thoroughly dry these garments may be dry cleaned or washed without injury.

Main Floor, Left Aisle, Rear.

These MOVIE PEOPLE

Hollywood, Calif., Sept. 22.—A night at the Montmartre: A Rolls Royce stops at the entrance... followed by two more expensive cars... looks like a big night tonight... wonder what all these folks would do if Eddie Brandstatter would go out of business... the Montmartre seems to be the approved place for fun making in the movie town.

James Cruze giving his cap to the beautiful brunette in the check room... as usual he's wearing knickers... and get's a hand from several "friends" as he enters... friends in this hamlet aren't always dependable... chestra... and many comments about the good-looking leader from the feminine joy seekers... Lita Grey Chaplin looking very stunning... wonder who the fellow is...

Eddie Lowe and his wife, Lilyan Tashman, dancing... and here come Billy Dove and her husband, Irvin Willat... despite rumors to the contrary, married folk are often seen together in the movie town... the pretty blonde cigarette girl peddling her wares to Wally Beery... she has been queen of things up here since Red-headed Rubye left to go into pictures... It's almost time for the dancing contest... and there's a lot of interest in it tonight... because the silver loving cup is larger than usual... Odd, McIntyre and his wife sitting by themselves... Odd is a typical New Yorker... one might say almost a landmark in the big city... but Hollywood is fast getting its hold on him... That good looking orchestra leader is talking again... it's about the dancing contest... and the cup which will be presented by Madeline Hurlock... now they're at it... Many of the younger movie crowd are con-

testants... and though they win often it's because they really are the best dancers... why shouldn't they be?... it's part of their work... It's down to three couples now... Sally Phipps and her boy friend are the only movie dancers left... and now they are out... the cup goes to a couple from Indiana... and won't they be proud to show it to their friends when they get back home!

U. S. POTATO CROP LOOKS PROMISING

Boston.—Although the forecast is that Maine is to see a decided drop in potato production this year assurance is given housewives that their potato supply will be plentiful. For the entire potato crop of the country gives promise of being one of the largest crops in years, 125% larger than that of last year. These are government statistics.

Maine's low potato production this year comes unexpectedly in view of an increase of 11% in potato-field acreage over last year. The production of the other New England states promises to be much the same as it was last year. Plenty of wet weather and generally favorable conditions in New York, Pennsylvania, Minnesota and North Dakota have affected the crops of these states so that they will far exceed their last year's marks.

GENEVA AIRPORT LEAGUE SCHEME FOR WORLD USE

Plan to Be Submitted at Assembly to Provide a Flying Field.

London.—An air force for the League of Nations is proposed in a plan which will be submitted to the League. This scheme provides for the building of a large airport in Geneva, where fast machines will be constantly kept in readiness for the use of the Assembly.

As a matter of minutes, at times, is an all-important factor in averting a clash of armed forces, an international committee of technical experts have been considering the quickest way in which international communications can be speeded up. After two years of study on the subject they have arrived at the conclusion that the best solution of the problem is aeroplanes.

For Various Uses. These can be held available for various uses, especially in case of emergency for rushing mediators to countries where there is a threat of war. They will bear a distinguishing mark, and all the Governments which are members of the League, will be asked to waive custom formalities and passport inspections, giving them the right of way all over Europe.

One of the most outstanding incidents, which showed clearly the need of speedy communications, was during the Greco-Bulgarian trouble in 1925. Hostilities were averted by a telegram sent to the Greek Government by the League of Nations, which arrived only half an hour before war would have broken out.

Wireless Station. Another suggestion which will be submitted to the League, is the building of a powerful wireless station also in Geneva, from which messages can be flashed in times of crisis to summon emergency meetings of the council or to remind Governments taking belligerent action, of their covenant obligations to submit to arbitration.

This would also give League officials the opportunity of holding up the momentous telegraphic message which have to pass through more than one country, should any contain news which might be of interest to the League. Besides wireless messages, flashed to all countries simultaneously would not only be swifter, but would be safe from interference, and the wireless station could also be available for broadcasting important speeches and debates at the League's meetings.

Government's of the nations in the League will be asked to pledge themselves to allow the League priority-territoriality and also priority of messages should a case of emergency arise. This is part of a plan of a general programme, on which the League is now concentrating, to devise the most effective means of preventing a sudden outbreak of war.

KEMP'S

THIS IS THE LAST WEEK OF DAYLIGHT SAVING TIME

Manchester goes back onto standard time at 2 o'clock next Sunday morning, so don't forget to turn your clocks back an hour before you retire Sunday night, else you will be early for church the next day. The purpose of daylight saving time, on which the majority of the country went unofficially last April, is to increase the length of the evenings before darkness sets in.

CARD OF THANKS

We wish to thank our neighbors and friends for their kindness and sympathy shown us during our recent bereavement at the time of the death of our beloved husband and father.

- Shoulder HAM, lb. 17c
- Armour's Star HAM, lb. 29c (Sugar cured, skinned back)

THE BOOK OF KNOWLEDGE: (89) Paper in Europe

In the year 751 A. D., the Arab governor of Samarkand, a city in central Asia, captured some Chinese paper makers who were with a Chinese army invading his capital. These men instructed the Arabs, and the Arabs in their career of conquest carried their invention into Europe.

The process the Arabs brought was the Chinese method, which consisted of mashing-up mulberry bark and pressing the pulp.

The secret lies in cellulose, part of vegetable fiber which no man has succeeded in manufacturing. The sun is its chemist.

Next to starch in the world of chemistry, cellulose is regarded as the most important. Starch is the material out of which all flesh is made and is the chief fuel of the life of which gives energy to all living creatures. Cellulose, with ink on it, is the fuel of the furnace of the mind and soul of man.

SKETCHES BY HENNES
SYNOPSIS BY BRAUCHE

Troop 5 held its regular meeting last night with 29 scouts present. The meeting opened with the salute to the flag followed by setting up exercises by patrols. Patrol 1 was adjudged best and the scouts in it were awarded candy dumbbells as a prize.

Scoutcraft period came next. Herman Johnson teaching the boys who had not passed first aid and Arthur Anderson teaching the others signaling. The scoutmaster took the first class scouts on life saving, showing them some new grips. A discussion was held on the picnic this Saturday at our camp in Glastonbury. Each patrol will be called upon to put on a stunt of some kind at the camp fire. Games were played including spud and cock-fighting. In the latter three champions were chosen. Herbert Anderson lightweight; Earl Johnson, middleweight, and Clarence Johnson, heavyweight.

The meeting closed with the repeating of the Scout oath.

Hike Notes

Troop 5 held an overnight hike to Glastonbury last Saturday with 17 present, including officers. Patrol 3 again took the honors with 5 boys present. Patrol 2 was second with 4 boys. No third or fourth places were awarded.

After cleaning up camp and playing around awhile everyone began making supper. A few of the things that the boys prepared were French fried potatoes, pork chops, applesauce, hamburger, beans, soup, bacon and eggs and coffee. After eating supper and washing the dishes (everyone is crazy about this) a few of the fellows tried to see how many constellations they could find. Many stiff necks were reported the next morning. Someone had started the campfire so the boys got around it and a fine time was had by singing songs and telling jokes and stories.

Yawns from all sides were the signal for a rush to the cabin and in a short time the stillness was broken by snores.

The scoutmaster and three of the boys were sleeping in a wall tent about 50 feet from the cabin as all the bunks were taken. As they were about to sink into sleep (they didn't touch bottom) a scratching noise was heard on the outside of the tent. The scoutmaster grasped his trusty axe and sat up in bed, the others following suit. The flashlight was brought into play and suddenly it came to rest on the object of their search. On the ridge pole at the top of the tent sat a small chipmunk industriously scratching away on the canvas. As the beam of light played on him he took fright and

scampered away in the darkness never to return.

At 6 o'clock the next morning everyone was up and ready for breakfast. The coffee pot was put on the fire and in a short while the water was boiling merrily. Coffee is always a part of the Troop 5 meals, cocoa and biscuits also comprise the bill of fare. After cleaning up and putting the camp in order the hike homeward ward began. Everyone arrived home in good time to prepare for Sunday school and church.

A picnic will be held this Saturday at our camp in Glastonbury. Autos will run between the terminus and the camp during the afternoon so that those who cannot get their own transportation will be able to get to the camp without trouble. The congregation is cordially invited to come and inspect the camp.

Demonstrations will be given by the scouts in team-to and bridge building, pup tent pitching and water boiling. The parents will have a chance to see how the boys cook their food and how they spend their time while on an overnight hike.

Refreshments will be served at a small charge.

TALCOTTVILLE

At a special meeting of the Foreign Missionary auxiliary which was held at the church on Tuesday afternoon it was voted to join with the Home Missionary Society in the formation of a Union Society to work for the interest of world friendship. The new society will hold meetings on the first and third Tuesday afternoons of each month. The name of the new organization will be decided upon later. At the close of the business meeting refreshments were served and the nominating committee brought in their report. The officers follow: President, Mrs. C. O. Britton; chairman of Foreign Missionary work, Miss Florence A. Moore; chairman of Home Missionary work, Mrs. F. P. Radtler; secretary, Mrs. Ernest Smith; treasurer, Mrs. Ernest Smith; Miss Helen Tillinghast; treasurer for Home Missions, Miss Fath H. Talcott; junior lookout, Mrs. C. W. Blankenbarg. The program, hospitality and sewing committees will be announced later.

Mrs. Carrie Allen who has been absent for the past few months on account of illness, has returned to the home of Mrs. C. O. Britton. John G. Talcott, Jr., has returned to his studies at Deerfield Academy, Deerfield, Mass.

Miss Carrie Lull who has been taking a few months vacation has resumed her duties as organist of the Talcottville church.

The many friends of Edward Koch will be pleased to know that he has returned from the Manchester Memorial hospital much improved in health.

John H. Kingston is in New York City today on a business trip.

BOLTON

The Registrars, First Selectman and Town Clerk made voters at the basement Saturday.

Miss Rose Nelvidal, teacher at the Center school spent the week end at her home in Thompson.

Miss Ruth Jones of New Britain Normal school spent the week end at her home.

Miss Dora Pinney of South Manchester spent the week end at her home.

Rev. and Mrs. Frederick Taylor and Dorothy and Mrs. Elsie Jones attended the ordination of Rev. Mr. Wain at Columbia recently.

Misses Elizabeth and Ella Summer spent the week end at their home.

Miss Elizabeth Rose has entered Mt. Holyoke college and Miss Louise Phelps, Elmira college, this week.

Mrs. Carrie Austin of Marlborough has been a guest at the Ralabow Inn this past week.

Mr. and Mrs. Clarence Fries of Boston were guests of Miss Lavina Fries Monday.

Horace Taylor was a recent visitor of his brother, Rev. Frederick Taylor.

Mr. and Mrs. Ernest Strong and daughter of Hartford have returned after spending a week with his parents, Mr. and Mrs. Frank Strong.

IS SEMI-CONSCIOUS IN FOOTBALL MATCH

One of "Drop Kick" Stars Went Through Whole Game Without Knowing What He Was Doing.

He played throughout an entire game of intercollegiate football in a semi-unconscious state.

Such is the record held by Dick Hyland, Stanford football star, who acted as technical advisor during the filming of "The Drop Kick." Richard Barthelmess' current starring vehicle coming to the Circle theater next Saturday.

This amazing incident occurred during the game in 1926. In the fifth play Hyland was thrown upon the ground and a runner's foot crashed against his head. The instinct of the football player came to Hyland's aid, and he played the balance of the game in a dazed state, not knowing what was happening until he came to normal consciousness in the dressing rooms at the termination of the big game.

Hyland is an All-American player and was brought from Stanford by Richard Barthelmess to lend his services to make the football sequences as realistic as possible. Two teams from the Universities of Southern California and Stanford and many of whom were All-American and All-Coast players, played real games for these scenes, said to be the finest football scenes ever filmed.

Notice of the Tax Collector

All persons liable by law to pay taxes in the

Ninth School District

of Manchester are hereby notified that I shall on October 1, 1927, have a rate bill for the collection of 2 1/2 mills on the dollar laid on the list of 1926 as of July 14, 1927, due the collector October 1, 1927, payable at

NO. 4 FIRE ENGINE HOUSE, SCHOOL STREET

daily from 9 a. m. to 8 p. m.

Take Notice—The law provides that if any taxes shall remain unpaid one month after the same shall become due, interest at the rate of nine per cent shall be charged from the time that such tax becomes due until the same is paid, also lawful fees for travel or collecting after November 15, 1927.

WM. TAYLOR,
 Collector.

So, Manchester, Conn.,
 Sept. 19, 1927.

North Ends Open Season on Sunday

The North Ends will open their football season Sunday against the fast Mohicans of Meriden in that city on the Aroclian field. Last year the North Ends suffered their only defeat at the hands of the Mohicans. The first game was lost by the score of 2-0 and the second, 6-0. Both scores were the result of fumbles.

The North Ends are going down there Sunday determined to obtain sweet revenge for those defeats. They are practicing three nights a week, including tonight, and also Sunday morning. Among the new faces that will be seen this year on the team will be: "Red" Dehand and "Billy" Eagleton who are out for end position; Charlie Kebarat and "Moxie" Marks who are out for tackle positions; "Fat" Rubacha and Johnnie Mitchell who are out for guard; and Nicky Angelo and "Bernie" MacIliduff who are out for backfield berths. Last year's men who will be on the squad again are Melon, Taylor, Martin, Mitchell, "Firpo" Gallis, Judge Evans, Billy Sacherek, and Powers. Linemen while the same backfield as last year will be back as "Shiek" Sacherek, Eddie Wilson, Curly Trouton and Chip Chartier have been around to all the practices.

The North Ends will play home and home games. The Mohicans are booked for November 20 and that means that it will be the preliminary game to the Cloverleaves-Cubs championship game.

There will be a practice tonight at the North End playgrounds at seven sharp. In case of rain a meeting will be held at 245 North Main street.

Baby doesn't know

He trusts you to provide the foods he needs to make him strong and sturdy. Safeguard his health by keeping fresh and pure the things he eats and drinks.

FRIGIDAIRE—guards against the menace of food contamination. Priceless health protection that actually costs less than old uncertain methods of refrigeration.

ONE of the most important things to watch is refrigerator temperatures. High or fluctuating temperatures actually invite food contamination. A constant low temperature is a vital necessity if baby's foods are to be safely kept.

Frigidaire gives you constant, cold-storage temperatures that you know are safe.

And now you can buy a complete Frigidaire with Duco-finished, enamel-lined steel cabinet—all ready to attach and operate from any electric outlet—for the amazing price of only \$180, f. o. b. Dayton.

All models can be purchased on liberal General Motors terms.

"By a Knockout", Say Both Tunney and Jack Dempsey the Answer to the Big Question of "Is Dempsey the Dempsey of Old?" It would be awfully nice if everybody could have a ringside seat, be them what they may, but everyone can't, even though Soldiers' Field Stadium will house more than a 170,000.

Tonight's the night for the big Tunney-Dempsey fracas out in Chicago. With it will come the answer to the big question of "Is Dempsey the Dempsey of Old?" It would be awfully nice if everybody could have a ringside seat, be them what they may, but everyone can't, even though Soldiers' Field Stadium will house more than a 170,000.

at the ringside and his blow-by-blow description of the contest will go over the air. The biggest hookups of stations in radio history will carry the returns.

For the benefit of the many in Manchester who have no radio sets, The Manchester Evening Herald, through the courtesy of Barstow's Radio Shop, will broadcast the battle from its branch office in the State Theater building just around the corner on Main street.

ringside, and while thousands of people in the stadium strain their eyes and lose their tempers trying to see what's going on, radio fans can sit back in easy chairs, cool, unharmed and comfortably, just as the gentleman and his family in the sketch at the right are doing, and enjoy the whole thing.

However, the fan who stays at home, is not going to be in such a bad fix after all, thanks to the radio broadcast. Graham McNamee will be

DEWHURST SIGNS BOB PERRY; ALSO ANGLING FOR LANGLEY

New Players In Week-end Games; Baseball Mag-nates Trying to Buy Out Clubs; Foresee Bright Fu-ture of Soccer.

Manager Jimmy Dewhurst of the Hartford Soccer club today announced the addition of Bob Perry, a center half of considerable experience. Perry comes from the New Bedford team and is well known in soccer circles. He captained the J. P. Coats club of Pawtucket, R. I., for three seasons. Perry came to this country from Bury, England where he was a member of the Bury F. C. of the First Division. He will replace Izat in the Hartford lineup and should help improve the team considerably on the defensive. Manager Dewhurst is also angling for the services of another player, Langley, a center forward now with the J. P. Coats which plays here a week from Sunday.

Manager Dewhurst also announced that instead of going to New York by boat from Hartford Friday night, the trip will be made both ways by train. The Hartford players will leave from the Hartford depot at 8:50 Saturday morning and will arrive at the Grand Central Station in New York at 11:40. Those who will make the trip are Manager Dewhurst, J. Ewen, W. Barrone, C. Owen, W. Perry, F. Abdullah, A. Bain, W. Ballantyne, T. Blair, H. Cowan, R. Hutchinson, C. Kisbert, J. Martyn, J. McGonigle, A. Oliver and the writer.

Hartford will take the field for its game Saturday with the New York Giants at Starlight Park and with the Brooklyn Wanderers Sunday at Brooklyn with the following lineup: Blair, g.; Cowan, rb; Bain, lb; McGonigle, c; Perry, cf; Martyn, 1b; Hutchinson, ss; Abdullah, sr; Langley or Owen, c; Oliver or Ballantyne, 1b; Barrone or Ewen, of. The team will return to Hartford by train as soon after the game Sunday afternoon as is possible.

Manager Dewhurst also announced that Hartford had been exempted from the preliminary round of the National Challenge Cup qualifying competition and automatically goes into the first round proper together with the other teams in the American Soccer League. In the Connecticut District, the pairings reveal that the Bridgeport Celtics and the Stamford Daners club will play with the winner meeting the New Haven United which drew a bye.

The most surprising result of the first two weeks' play in the American League is the showing which the Hartford and Providence clubs have made. Neither has lost a game. Providence is in first place and Hartford in fourth despite its first year of organization. Two other teams are undefeated, Boston and Brooklyn. The team from the Hub is yet to be scored against. Hartford has scored against every team it has met this season including the six exhibition games.

Manager Dewhurst upon his return to town last night also gave out the information that the owners of the big league baseball teams are attempting to purchase several of the teams in the American Soccer League with the idea in mind that the sport has an exceedingly bright and prosperous future. Already Owner Stoneham of the New York National baseball club has purchased the New York National Soccer club, formerly known as Indiana Flooring. The latest dope is that the Boston Braves have bought the Boston Soccer club and that the Philadelphia Americans are angling for the Philadelphia Soccer club with Newark of the International League also bidding for the

Important Facts About the Fight

Tonight's Dempsey - Tunney fight which will start sometime between 10:30 and 11 o'clock, our time, will be broadcast by The Herald on Bissell street. Salient facts about the pugilistic spectacle are:

Principals — James Joseph (Gene) Tunney of New York, 29 years old and defending heavyweight champion; William Harrison (Jack) Dempsey of Los Angeles, 32 years old, champion from 1915 to 1926 and now the challenger.

Place—Soldier Field, on Chicago's lakefront. Time—Approximately 9:30 p. m., Chicago daylight time; preliminary bouts start at 8:15 p. m. Match—Ten rounds to a decision by two judges, the referees to cast a deciding ballot only in case the judges disagree. Identity of officials not revealed until just before the fight.

Estimated Attendance—150,000. Capacity, 170,000. Estimated Receipts—\$2,750,000, sellout would mean \$3,200,000. Tunney's share—Flat guarantee of \$1,000,000. Dempsey's Share—Flat guarantee of \$450,000. Price of Tickets—\$5 to \$40. Promoters—George L. (Tex) Rickard of New York and George F. Getz of Chicago.

Probable Weights — Tunney, 191; Dempsey, 195. Seconds—For Tunney: Billy Gibson, Jimmy Bronson and Lou Fink. For Dempsey—Leo P. Flynn, Bill Duffy, Jerry Livadis and Gus Wilson. Radio—56 stations in national broadcasting company's country-wide hookup.

WHO'LL SUCCEED McINNIS?

Since one year is usually as long as most managers last with the Philadelphia Nationals, curiosity is being expressed as to who will succeed "Stuffy" McInnis as pilot.

PLAYING IN WEST

Babe Pinelli, former big leaguer, is now in the Pacific Coast League with San Francisco.

LAST MESSAGE BEFORE BOUT

Dempsey Restless In Hotel, Paces Up and Down His Suite—Sees His Father and Kisses Wife Goodbye At Hotel Door—Tunney Refreshed By 10 Hours Sleep Kids His Trainers and Hopes It Will Be Cool Tonight.

Chicago, Sept. 22.—"I think I'm good enough to win by a knockout in seven rounds."

Restlessly pacing his suite in the Morrison hotel like a caged animal, Jack Dempsey made this assertion to close friends today as he waited for the two hour tonight bringing his golden chance to win back the heavyweight title which he lost in a downpour of rain at Philadelphia just a year ago.

And, at the same time, out at his camp at Lake Villa, Gene Tunney, untruffled and serenely confident, laid this to rest:

"I expect to win without any great difficulty, this time by a knockout."

Both Secluded. The principal actors in the dramatic ring spectacle that is to be played under blazing arc lights in the vast expanse of the egg-shaped Soldiers' Field before the greatest crowd that ever witnessed a sporting event, had secluded themselves from the public. They were waiting as calmly as they could, for the last few trying hours to pass before the bell summons them to the center of a twenty-foot ring, pitched close to the breezy shore of the lake front.

Heavily guarded by police, Dempsey came into Chicago last night from his training headquarters at Lincoln Park and went into retirement at the Morrison hotel. He was accompanied by his attractive, dark-eyed wife, Estelle Taylor, screen star, who, after kissing her husband good-bye and wishing him "loads of luck" retired to her apartment in the fashionable Edgewater Beach hotel.

Jack Up Early

Dempsey was up early this morning, ate a breakfast of bacon and eggs, did light calisthenics in his room, and then played cards with friends. Now and then he left the game and paced restlessly around

his suite. He was in good humor, however, and joked with his companions. His father, Hiram Dempsey, who came here from Utah to see his son try to regain his lost laurels, visited him and they had a long chat.

Tunney, fresh from a ten-hour sleep, arose this morning in the best of spirits. He jollied with Lou Pink, his trainer, and Sergeant Bill Smith, his bodyguard, who slept in the same room with the champion.

"It won't be long now," Tunney commented. "Cheer up, you fellows, you seem to be taking it harder than I am."

Worried Over Weather

The champion's main concern seemed to be about the weather. "I hope it will be good and cold tonight," he said. "The colder it is the faster we will have to move in the ring. The faster we move the quicker it will be over."

It was clear and cold with a biting autumnal wind sweeping across Fox Lake.

Camp Deserted.

Tunney planned to leave for Chicago shortly before noon and is expected to put up at the Sherman hotel where his baggage now awaits him. The camp was deserted except for detectives and a few of Tunney's close friends. Tunney ate a hearty breakfast at 8 o'clock and then retired to his rooms to await his departure to Chicago. Two police cars, armed with detectives, arrived shortly after dawn heralding the departure of the champion.

Tunney and Dempsey will weigh in at 3 o'clock this afternoon before representatives of the Illinois Boxing Commission. Tunney is expected to weigh about 185, Dempsey 195. Dempsey planned to take a short nap this afternoon. Tunney will eat his final meal, carefully selected by a dietitian, at 4:30 P. M. and will then retire to sleep.

Heights Take Slam at Cheney Brothers

The following communication was received today from the Heights A. C.: Sept. 21, 1927. Evening Herald Sports Editor: Dear Sir: Will you kindly allow us a space in your paper regarding a baseball game between the Heights A. C. and Cheney Brothers. The manager of the Heights has asked both Mr. Hunt and Mr. Brennan for a game this coming Sunday and was refused. According to Bill Brennan the Heights ought to play the Boston Cheney Bros. have played. If Cheney Bros. are afraid to put the Town Title at stake, the Heights will play them just to see who has the better ball club.

Thanking you for this space, We remain, Yours in Sports, Heights A. C. W. C. Wisniewski, Captain

In discussing the fight, Dempsey said this morning: "I haven't the slightest fear that I cannot whip Tunney this time. He looks the same to me as the rest of them did from the time I knocked out Willard. I expect to knock him out and it shouldn't go farther than seven rounds. I feel like my old self again and that's the most assuring factor of it all to me. I've got everything I ever had, I feel, and that's what makes me sure I am going to win."

Tunney, in his final interview, said he believed Dempsey will be 25 per cent easier to beat this time. "I mean to stop him," said the champion. "I feel great. The cold spell has put the proper zip in me. I have planned my style of battle to counter any mode of attack Dempsey employs. I am even more certain I will win than I was when I first engaged Dempsey at Philadelphia last year."

The fight will net Tunney a profit of \$1,000,000, the largest amount ever paid any pugilist for a single battle. Dempsey has been given a flat guarantee of \$450,000. If Promoter Tex Rickard's estimate of a 150,000 attendance proves correct, the fight will draw 20,000 more spectators than any previous fistic encounter. The gate receipts are expected to total more than \$2,500,000.

PIRATES-GIANT GAMES TODAY ARE MOST CRUCIAL OF SEASON

American League

New York, Sept. 22.—The most crucial series of the year begins in Pittsburgh today when the embattled Pirates, tied with the Cardinals for second place, tackle the Pirates for a double-header. The Giants trail the leaders by 3 1/2 games this morning as a result of Pittsburgh's victory over Brooklyn yesterday, and must take at least three of the four games to remain within striking distance of the Buccaners in the last short rush down the stretch.

John McGraw, fiery leader of the New York outfit, has rejoined the club following an illness and will be in there telling the Pirates where to get off and the Cardinals when to get on. He probably will shoot Fitzsimmons and Benton at the Bucs in today's twin bill.

Meanwhile the Cardinals, who play two games today with the somewhat demoralized Boston Braves, have an excellent chance of forging to the front while the Giants and Pirates are slitting each other's throats.

Must Win Eight.

In order to clinch the pennant the Pirates must win eight of their remaining eleven games, provided St. Louis and New York both win ten straight. Even if the Giants and Cards win eight games, Pittsburgh can grab the bunting by taking only six out of eleven.

John Miljus, the perennial rookie who was with Brooklyn in 1920, was a life-saver for the Pirates yesterday. He beat the Robbies 2 to 2, his mates staking him to four runs in the fourth inning. The Waner brothers put on their famous hitting act and shoved across the winning tallies.

Other National League clubs were idle in the Junior Circuit, Babe Ruth saved the Yanks from a shut-out by delivering his 55th homer. He needs only five more to break his 1921 record. Gibson pitched for Detroit and won 6 to 1. The Yanks made no less than six errors and the fans razed them without restraint.

After helping the Athletics lose to Cleveland, 6 to 5, Ty Cobb decided he had had enough baseball for the season and departed on a hunting trip, undecided as to whether he will play next year. Connie Mack offered to renew Ty's salary at the same impressive figure.

The senators swamped the Browns, 10 to 0, and are still tied with Detroit for third place. Ganszel, a Washington rookie with a famous baseball name and a wicked wall, clouted a triple, two doubles and a single.

At Boston—RED SOX 3, CHIXO 2. Boston: Rothrock, ss; ... At Washington—NATS 10, BROWNS 0. Washington: S. Rice, rf; ... At St. Louis—ST. LOUIS 10, BROWNS 0. St. Louis: O'Rourke, 3b; ... At Chicago—CHICAGO 3, BROWNS 2. Chicago: Metzler, cf; ...

READY FOR THE BATTLE OF THE MANY MILLIONS

This picture of Soldier's Field, Chicago, where the Dempsey-Tunney battle of the many millions will be held Sept. 22, gives a good idea of what the \$40 seats will be like. The hundreds of camp chairs extending far back from the circle which marks the ring have been selling for \$40—and some of them aren't so close, either. Nearly all the 150,000 seats are visible in this picture.

WILL HE KEEP HIS TITLE?

GENE TUNNEY
LATER

CYCLISTS PLAN TO SEE THOMASTON HILL CLIMB

Many Manchester motorcycle riders and others interested in hill-climbing events are planning to go to Thomaston Sunday to watch the annual hill-climb there, which is considered the biggest event of its kind in the state each year. One local rider, "Mac" McKin-

ney, is expected to compete. The Thomaston hill is the biggest in the state and has conquered many riders in the past. As yet no announcement has been made regarding a climb at the Willimantic "track" but this may be held later. Oris Steele of Paterson, N. J., holds the Willimantic record, making the climb in seven seconds flat.

Dempsey-Tunney fight returns at Community club. Public invited. —Adv.

RECORD FOR MINORS

Attendance of 28,973 fans at a recent Kansas City-Toledo game at Kansas City is believed to be a record crowd for a minor league game.

NOT SOLD YET

Jack Kloza, hard-hitting South-eastern League player reported bought by Brooklyn, is the property of the Birmingham Southern League club.

Cornell Opens Season Saturday With Clarkson

Ithaca, N. Y., Sept. 22.—The Cornell football team is gradually shaping up, but there appears to be no hurry this year about reaching definite conclusions as to personnel. The university opens next Saturday, a week later than a year ago, and Coach Gilmore Doble therefore has had more time to experiment with material than is usually the case. Consequently a varsity squad in the sense that it is generally known, is hardly likely to be selected for several weeks.

From the shake down of material so far some general conclusions may be drawn: First, no outstanding new players have appeared or are likely to be developed in the immediate future; second, one of the most difficult problems confronting the coaches is to replace the veteran center trio, consisting of Emerson Carey and Ralph Munns, guards, and Mille Rapunano, center, and third, that like the experience of the last three years, Cornell lacks flashy backs, star performers, and must depend on sound coaching to make the best of the material and on team play to off-set as far as possible the lack of individual brilliancy.

Seven letter men form the nucleus of the varsity squad that is in the making: Harold Hoekelman, captain, back; Eugene P. Balderston, back; Sidney D. Beck, back; John F. Anderson, tackle; Dudley N. Schoales, Woodward F. Wickham and August Schumacher, ends. All of these men played in the Pennsylvania game last fall.

Other end candidates are F. J. Wranglemeir and Collins L. Carter, squad men last fall. For the tackle positions Cyrus Pyle, first substitute right tackle last year, who played for one quarter of the Penn game is naturally a promising prospect. Other candidates receiving consideration are Lawrence B. Levy, who won attention as a member of the freshman team last year; Bernard Katz and M. J. Freeborn, of the varsity squad of last season and J. P. Tattersfield, one of the freshman linemen last fall. Guards in the picture are Archie Vincent, first substitute last year; George D. Clink, of the 1926 squad, who did not play last fall; Charles E. Parker, squad guard last year; Arthur L. Towson from the freshman team; G. W. Steinberg, R. A. Hall and Albert E. Keller, squad men in 1926.

For center, Ferris P. Keen, first substitute last season, who played in several games; Samuel Wakeman, freshman tackle in 26, William D. Pomeroy, freshman center in 1926 and W. S. Ibold, second string pivot man last fall, are the leaders. Wakeman was conspicuous as a tackle on the freshman team but has not played center before. The backfield squad, besides the veterans Hoekelman, Balderston and Beck, includes J. F. Sinclair, G. B. Hart, Irving Cohen, Wesley C. Bender and Edgar F. Doty of the varsity squad in 1926 and from

CAN HE STAGE COMEBACK?

TODAY IN FISTIANA

By DOC REID

BURKE vs. WARD

Eighty-seven years ago today, James "Dead" Burke, successor to Jim Ward as champion of England, essayed a come-back after announcing his retirement a year previous, by engaging in one of the hardest ring battles of his long and sensational career, with Nick Ward, a cousin of his predecessor. The battle occurred at Leicestershire, England, and the men fought for two hours and 15 minutes in a cold and drizzling rain. At the end of this time, the seventh round was reached when a large crowd of Ward's backers, seeing their man was being badly beaten, rushed the ring with a loud claim of foul. Although intimidated by the threats of the Ward gang, the referee withheld the decision for two days when he weakened and declared the affair a draw.

THE REFEREE

How can a first baseman make a triple play unassisted?—F. L. A. A runner must be on first and another on second. The batter must hit a line drive which the first baseman must catch in rear of the runner on first so as to touch him as he attempts to get back from a start to second and also enable him to beat the runner on second back to that bag. Both runners must be started to the next base in order for

this play to take place. It has been done twice in the major leagues—by George Burns of Cleveland and Johnny Neun of Detroit.

Did Mickey Walker knock out Wilson Yarbo when they fought in Cleveland recently?—H. K. B. No. The fight went the limit of twelve rounds with Walker winning by a mile.

How many games did Paschal play in last year and what was his batting average?—B. K. L. Paschal played in 89 games and hit .360. How far did Caldwell, of Colora-

do Aggies, run a punt back for a touchdown against Colorado Mines last year?—B. F. E. Seventy-five yards.

MOST VALUABLE PLAYER Outfielder King of Joplin was recently acclaimed the most valuable player in the Western Association for this season.

PASS 300,000 MARK The all-time Southern League season attendance record was broken this year by Birmingham, whose attendance already is past the 300,000 mark.

THE SUN NEVER SETS ON CHESTERFIELD'S POPULARITY

[Popular in all 4 corners of the Earth...]

...in Washington

—capital of tobacco's homeland

"FRIED chicken, southern style" . . . "Boiled New England dinner" . . . "Caviar and cafe noir" . . . forty-eight states and a score of foreign lands bring their varied preferences to Washington.

Their taste in cigarettes, however, is far more uniform. Chesterfield's natural tobacco taste has won the good will of the world—and nowhere more impressively than here, in the very capital of tobacco's homeland.

Chesterfield

—such popularity must be deserved!

LETTER GOLF

SOME ...LS ARE LADIES Going from GIRL to LADY isn't always necessary because some girls are ladies. But par here happens to be seven. Maybe you can make it in less. The answer is printed on another page.

Grid for Letter Golf with words GIRL and LADY.

THE RULES

- 1-The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW TO HEN, in three strokes, COW, HOW, HEW, HEN. 2-You can change only one letter at a time. 3-You must have a complete word of common usage, for each jump. Slang words and abbreviations don't count. 4-The order of letters cannot be changed.

THE TINYMITES

"Well, how'd you like your little trip," the man said. "My you didn't tip or do a thing that I thought wrong, I'm glad I let you ride." "O, thank you, Mister, for our fun. We're glad that nothing wrong was done," said Scouty as he walked up to the fine old fellow's side. The man then said, "Your kite is tied up on the bridge. Right on this side. I guess I'll have to leave you now. We'll meet again some day." He then soon paddled out of sight. The Tinymites rushed back to their kite, and when they climbed aboard the thing, they soon soared on their way. "And now we'll go to Switzerland," said Copy. "That will be grand. It isn't very far from here. I'm sure we'll make it quick." The kite picked up and flew like mad. This really made the Tinymites glad for they were soon in Switzerland, and my, the place looked slick. They passed some mountains, very high that almost towered up to the sky. "Those are the Alps," wees Carpy said. "I've heard of them before. To climb them I would really love and yet I'd rather sail above. I guess along the mountains there's a hard and rugged floor." The Tinymites stared, and stared and stared, and no scene below was spared. They gazed on everything they could, and traveled up till noon. And then the kite slowed down a bit, and Clowny said, "It's hard to sit up here so long. I hope that we'll be landing pretty soon." And then they spied a big roof top, and Scouty cried, "That's where we'll stop." And sure enough, the big kite did, real gentle like and slow. "Oh, look," yelled Copy, "in the street! A boy and girl who look real sweet." The Tinymites looked and saw two youngsters waving down below. (The Tinymites visit a toy shop in the next story.)

ABOUT TOWN

Miss Marlon Burr left yesterday to take up her studies at Wellesley college, Wellesley, Mass.

Miss Grace Hood, daughter of Mr. and Mrs. John Hood of 10 Elm Terrace, leaves today for Brown University.

William Gager, who has been visiting Mr. and Mrs. Elwood Walker of East Middle Turnpike, left for his home in Columbus, Ohio, today.

The Pythian Sisters will begin their meeting in Orange hall promptly at 7:30 this evening to allow for the whist to follow at 8:15.

Edward Gill, son of Mr. and Mrs. John H. Gill of Main street, has left for his junior year at Worcester Polytechnic Institute, returning a week earlier for football practice.

All Master Masons, Eastern Star members and friends are reminded of Grand Masters' day which falls on the coming Saturday at the Masonic home in Wallingford, exercises starting at 12:30. Mizpah Chapter No. 37, O. E. S., will serve luncheon at 50 cents.

Miss Marlon Chapman of Strickland street is visiting relatives in Westfield, N. J.

The Christian Endeavor Society of the Second Congregational church will have a "dog" and corn roast tomorrow evening at Oakland. All the young people of the church are cordially invited and are urged to be at the church promptly at 6:30. In case of rain the social will be held in the church vestry.

Miss Helen J. Comstock of Main street is enjoying a motor trip through New York state with friends from out of town.

Mrs. Lorinda Northrop of Grove street is visiting in Washington, Conn.

The Woman's Foreign Missionary society of the North Methodist church will meet Friday afternoon at the church at 2:30 and the members are urged to bring in their mite boxes at this meeting.

The daily attendance of the pupils of the Eighth District school during the first three weeks indicates that the children north of Middle Turnpike like school better than ever. The 27 rooms show a total attendance of 905 pupils. Of this number on the first day of school 26 were absent. The absentees each day have gradually decreased until figures today show that 20 rooms have had perfect attendance. The other 7 rooms had only 9 pupils absent.

The Men's Choral club will have their first rehearsal of the season at the South Methodist church tomorrow evening at 7:30.

The Woman's Home Missionary society of the South Methodist church will meet with Mrs. Claude Truax, 47 Gerard street tomorrow afternoon at 2:30.

Speakers at the Swedish Congregational church on Spruce street which is celebrating its 35th anniversary with a concert this evening and meetings Friday and Saturday evenings, include Rev. A. T. Anderson of Worcester, J. W. Harold of Pigeon Cove, Mass., and Rev. T. E. Nordberg of East Greenwich, L. I.

All members of St. Mary's choir are urged to report for rehearsal this evening at 7:30.

That the third quarter of the year is near is shown by the notices "Your Box Rent is Due" that have been placed in the boxes at the South Manchester postoffice.

Notable changes have been made in Miss Mary's millinery shop windows in the State building which allow for a better display. Miss Mildred Murray, who has been ill since last Spring was a visitor in town today and expects to return to her duties in the store next week, while a sister Ruth who has been giving special attention to millinery work in New York for several weeks will also return next week.

Mrs. Gladys Dixon, of Hamlin street, Miss Olive Finnegan of 100 Bissell street and Miss Pauline Novell, local manager of the Western Union, have returned from a week's vacation in New York.

The cool weather has started the noise of the bowling balls in the local alleys.

The G. E. Willis & Son, Inc. further added to their fleet of trucks in the purchase of a ton and a half dump body special Ford truck, purchased from the L. P. Fitzgerald company today.

Dr. Duncan, who is attached to the Manchester Memorial hospital and who was ill for two weeks before leaving on his vacation has again returned to duty.

At the regular meeting of Clan McLean, order of Scottish Clans, at 7:45 tomorrow evening, officers for the ensuing year will be nominated and elected.

SEEK TENANTS FOR WEST SIDE OF MAIN STREET

Building in Unbroken Territory Contingent on Demand For Stores on Off Side.

Rumor had it today that plans for a proposed building at the corner of Main and Park streets were still in the air and that the owners of the property are waiting for the assurance of a sufficient number of tenants for a store building before they go ahead with construction.

This property, which is said to be the only available site on the west side of Main street for a business block, was purchased from Dr. W. R. Tinker, who lives at the corner of Park and Main streets.

Last spring it was announced that the plot would be placed on public auction at a specified date. On that day, however, no sale was made, and it was said that the owners would have to make other plans in order to get back the money they put into it.

A business block on that side of Main street, according to business men who have studied the situation, would not be the cut and dried proposition that buildings across the street might be. It would be the only one from Haynes street to the terminus on the west side of the street.

It is understood that to hold the property the owners have to pay a considerable sum in interest money each year and that it must either be developed as a business proposition or sold in order that the owners may realize on their investment.

WILL VISIT IN BONNIE SCOTLAND

Mrs. Hugh May of Elro street was tendered a surprise farewell party last evening by about 20 of her friends. The affair was held at the home of Mrs. Harry Marsden also of Elro street and a very pleasant evening was spent in the usual way, ending up by a delicious lunch. The ladies presented to Mrs. May a handsome brown leather handbag. She is sailing for Scotland on October 15 accompanied by her two children, for an extended visit with her mother and sisters at her former home in Wishaw near Glasgow.

William Egan of Birch street is in Canada on a motor trip.
