JUDGE FAHEY FINDS DRIVER BLAMELESS

Lights Blinded Belfield; Two Other Inquests on Next Week Monday.

(Special to The Herald)

Rockville, Nov. 26.—Judge Fahey, who heard the witnesses to the accident in Dobsonville, when a child lost his life last Saturday, has exonerated the driver. Judge Fahey found that the lights from another car had dazzled the driver's eyes and he did not see the child until it was too late to prevent the accident.

It was also brought out that the driver of the car, Allen Belfield, was a close friend of the children and that he was badly broken up over the accident.

Two Cases Monday

Two more inquests are to be held on Monday. The first will be that of Alfred Gother, who was driving the car that struck and caused the death of Gilbert Dodowski and also injured his three year old daughter, Mary, on Sunday evening. The driver of this car was held on the charge of manslaughter under bonds of \$3,500 and a lawyer has already been engaged to represent the wife of the man that was killed.

The second, which will be held at 2 o'clock in the afternoon concerns Edward Heubner of 24 Elizabeth street, Ellington, who was driving the car which in an unexplained way turned over singly Thursday morning and caused the death of Arthur Neumann of Linden street.

BLINDFOLDED, HE DOES WEEK'S WASHING EASILY

If you don't believe you can do your weekly washing with your eyes blindfolded and still get the clothes clean, you must miss the unique demonstrations Watkins Brothers are staging in their Main street window today. A demonstrator does a complete washing without the help of his eyes. He knows the clothes will be clean for he is using an Easy electric washer of the new wringerless type. After the clothes are washed he dries them at the side of the washing tub—and all this without seeing what he is doing.

Watkins are holding this demonstration today in order to prove their statement that "even a child can run the Easy." So simple is its operation, with all moving parts concealed, that a blindfolded operator can run the washer without danger.

Many morning shoppers watched the interesting demonstration this morning and with offices and mills closing at noon, even larger crowds will have an opportunity to witness this unique demonstration which will be given throughout the afternoon and evening.

ABOUT TOWN

LETTER GOLF

A TRICKY FIVE

Get out your letter golf club and go from baby to cute in five strokes. Par solution is printed on another Page.

Letter golf grid with words BABY and CUTE.

The Rules

1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW TO HEN, in three strokes, COW, HOW, HEW, HEN.

2—You can change only one letter at a time.

3—You must have a complete word, of common usage, for each jump. Slang words and abbreviations don't count.

4—The order of letters cannot be changed.
