

**RUBINOW'S STORE
IS 21 YEARS OLD**

Anniversary Sale Starts Tomorrow—Many Bargains Offered.

Rubinow's 21st anniversary will be observed with a big sale at the store commencing tomorrow. Rubinow's has always made it a point to celebrate their anniversary with sales of importance, offering merchandise of the very newest and latest models at extremely low prices.

The store is associated with a large buying syndicate in New York City, and that in conjunction with manufacturing from whom the store buys direct, have co-operated with Rubinow's to make this sale a particular success, granting special concessions on merchandise much in demand at this time of year. Therefore, these special concessions come to the public of Manchester and vicinity in the form of low prices. The sale will include practically all the merchandise in the store.

Rubinow's new and enlarged store with daylight bargain basement offers one of the best shopping centers of its kind in town. The store, since it has been remodeled is large and spacious and the merchandise is attractively displayed, allowing customers plenty of freedom in moving about while selecting and trying on garments.

The store is also very well lighted, having a large number of windows which are equipped with lens light glass, a particular kind of glass that lends all the light possible, while diffusing it in a very well ventilated. Shopping in it is a real pleasure. In fact, shopping throughout the store is very pleasant even in hot weather, for it is several degrees cooler in the store than outside. Rubinow's has enjoyed a continual expansion of business and more and more women are turning to this fashion center for their apparel.

Merchandise throughout the store is always fresh and up to the minute and is priced so attractively that it is readily moved. It is the aim of the store to give service at all times and see that the customer is satisfied in every respect. This policy has made many friends for Rubinow's and has helped to build up the present large list of patrons.

FACTS ABOUT CONNECTICUT
Compiled by the CONNECTICUT CHAMBER OF COMMERCE

(140) SOLDIERS' HOME AND HOSPITAL

The state maintains the Fitch's Home for Soldiers and Soldiers' Hospital of Connecticut at Noroton Heights for disabled volunteer soldiers and sailors. Last year the daily average attendance at the Home was 144. Five years ago the daily average number of inmates was 216 and twenty years ago 557. Last year there were forty-eight officers and employees at the Home.

The property was taken over by the state in 1887. About 20 acres of land are included in the grounds and there are total accommodations for about 400 inmates. The property is valued at \$418,165. The hospital department contains accommodations for approximately 150 patients. A number of the inmates are regularly employed in various departments where civilian labor would otherwise be required.

Last year the Soldiers' Hospital Board which manages the Home reported an expenditure of \$84,979 for maintenance and \$89,846 for salaries and wages at the Home. To apply toward the expense of the Home \$17,580 was received as national aid to disabled soldiers. The average cost per inmate per week last year was \$20.96.

To care for disabled veterans of the Civil War with their wives, as no provision is made for women in the Soldiers' Home in Noroton, the Woman's Relief Corps Home at Cromwell was founded. Last year there was a daily average of 23 inmates at this Home. The expense of the institution to the state for the year amounted to \$6,300.

CIRCUS ARRIVES HERE TOMORROW

Gentry Brothers Due Here
From New Britain, Conn.,
at Early Hour.

CIRCUS DAY AT A GLANCE

ARRIVAL: In early morning hours from New Britain, Conn.
GROUNDS: Pearl's lot, Woodland street, in north end.
PARADE: At 11 a. m. over principal downtown streets.
DOWNTOWN TICKET OFFICE: Packard's Drug Store, Manchester Center.
PERFORMANCES: 2 and 8 p. m. Doors open 1 and 7 p. m. to permit inspection of zoo or to enjoy musical concert by Prof. Griffin's Military Band.

Just before dawn tomorrow morning the first section of the long train which carries the Gentry Bros. Circus will pull into the railroad yards. This section transports the stake and chain wagons, the canvas wagons, side pole and center pole wagons, water tank wagons, the wagons containing the commissary and dining department, light plant wagons, all dressing-room paraphernalia except the trunks, 200 draft horses, the elephants and camels, and the cars in which the workmen sleep.

By the time this section is unloaded, or possibly before the second will arrive bearing the performing, ring and baggage horses, the cages of wild animals, the seats, and all the appliances for the performers and floats for the parade, and the sleeping cars carrying the performers.

There are animals of all kinds, shapes, colors and sizes, from the saucy ponies and fleet slender chariot beasts to the big white ring and the heavily harnessed draft horses; from the cunning monkey from the wilds of South America to the ferocious lion from the jungles of Africa. The Gentry Bros. Circus carries close to half a thousand wild and domestic animals.

The first tent erected on the show grounds will be the dining department as the 600 circus folk must have their breakfast. The "cook tent" is one of the marvels of the modern circus. There are long rows of tables covered with scrupulously clean table cloths. The food, cooked on portable ranges is delicious and appetizing. It is served in abundance, and a happy, hearty party never does justice to a good meal. Skillful waiters give prompt and experienced attendance. Just as the "cook-tents" are the first to be raised in the morning, so are the first to be taken down in the evening and packed away on the cars that will take them to the next town.

Once at the show grounds the cages are thrust under the menagerie tent only long enough for the animals to be fed, and a hasty washing and polishing of the wagon wheel and body. Horses soon reappear, now plumed and ornamented, and drivers and keepers don their uniforms for the parade. This tent, like its "big top" companion, will be empty and silent until the parade returns from its journey through the downtown streets.

Many Outstanding Features
This famous show this year presents two outstanding features, the magnificent spectacle which opens each performance—in which 400 people and 200 animals participate—and the mile-long street parade which passes through the downtown streets shortly before noon. Many new and beautiful tableau wagons have been added to the parade equipment and what was already a vision of beauty and splendor is now a gorgeous achievement of spectacular pageantry.

Features in Gentry Bros. Circus

The old familiar scenes will be re-enacted once again tomorrow when Gentry Brothers circus arrives here from New Britain. Here are pictured some of the Gentry circus features.

Quality, honesty and cleanliness is the foundation upon which the Gentry Bros. Circus is built and this season more value for the price of a single admission is given than ever before in the 48 years history of this mammoth institution.

Scores and scores of acts and novelties have been imported from Europe, Asia, Japan and many other parts of the world, and the program this year is all new. Among the featured acts are; the Hollis Family of Equestrians; the Cottrell-Powell Troupe of Riders; the Knight Family, lofty wire dancers; Perez-LaFlor Troupe, Spanish gymnasts; Koban and Sakata, Japanese equilibrist; the Martin Family, world-famed aerialists; Maxwell Troupe, horizontal bar aerialists; the Royal Brock Troupe, gymnasts of the mid air; the great Pacheco troupe, acrobats of continental Europe; and many other features and novelties too numerous to mention in a limited space.

An Investment of \$750,000
Something of the magnitude of the Gentry Bros. Circus may be gleaned from the following facts and statistics: Capital invested, \$750,000; 600 people, 500 animals, 2 herds of elephants; 5 acres of tents; seats for 5,000 people; 5 bands; 2 calliopes; 30 aerialists; 40 clowns; 40 riders; and 50 acrobats. The annual tour of this wonder show embraces 25,000 miles, or a distance equal to a circle of the world.

Gentry Bros. personally guarantees that positively everything named in the newspaper advertisements and on the billboards is to be enjoyed at the price of one single admission ticket.

This will positively be the only visit of a circus to this city or vicinity this season and the amusement loving public is urged to attend one or both of the performances.

Performance typical of the Century's motoring progress

Century Six Sportster with rumble seat, custom-equipped, \$1525, f. o. b. factory.

STYLE POWER SPEED STRENGTH
THOUGH he may first have been attracted by the brilliant new beauty and distinction of the Century Six or Eight, any Hupmobile owner will tell you that sparkling performance comes foremost in the list of his car's fine qualities. Power, rated not in spasmodic bursts of speed, but in the manner in which these superlative high compression engines settle down to their tasks; sweetly and smoothly without visible effort or strain. Steering ease that eliminates the last vestige of driving fatigue. Brakes that will stop the car "on a dime," yet cannot squeak or rattle no matter how hard they are applied. Mechanically, the new Century Hupmobiles are as far in the van of Twentieth Century motoring progress, as the modish body styles and luxury with which they are surrounded. Prove this statement to your own satisfaction by an hour or a day's test in a Century Six or Eight.

24 body and equipment combinations; standard and custom on each line. Six of the Century, \$1345 to \$1625. Century Eight, \$1825 to \$2105. All prices f. o. b. Detroit.

In Greatest Spurt Ever Seen Beats Columbia in Final Quarter and Smashes 27-Year-Old Record.

Poughkeepsie, N. Y., June 20.—Some brilliant and stirring finishes have been witnessed in intercollegiate regattas here on the Hudson in the past but the University of California's performance in the annual of the regatta when it punched out a victory last evening in the final quarter mile with a sustained sprint which beat down a valiant Columbia eight, fighting desperately to retain the intercollegiate crown, was the most brilliant yet.

For sheer strength and brute power, few crews have ever matched this year's California eight. Battling through to the lead when a game and hard-fighting Cornell crew relinquished its lead in the 4-mile route, California hurried itself forward with marvelous reserve to thrust back Columbia's last minute challenge and threw the oarsmen from the sidlewalks of New York back to defeat.

Makes New Record In crushing the hopes of the Columbia crew, California established a new record for the 4-mile course, thus erasing the mark of 18:53 1-5 which Cornell established in 1901, 27 years ago.

In spite of a heavy rain that fell throughout the race, an indication that excellent water conditions had a lot to do with the record-breaking was given in the junior varsity race at three miles when the Navy Jayees won in the record time of 14:18 which was 38 seconds faster than the mark set by the University of Washington in 1927.

The last stirring duel, that final battle of wit and brawn between Pete Johnson, California stroke-oar, and Eric Lambert, the big blonde giant who sets the pace for Columbia, featured the varsity struggle. Lambert's crew had beaten Donlon's for the last two years.

But Donlon put the memories of last year and of 1925 behind him when the Columbia crew came surging forward in the last quarter mile yesterday in a challenging sprint that seemed destined to end in victory for the Blue and White. Up and up ranged the Columbia shell alongside the senior California craft until they were racing for the line when he bow and rudder to rudder.

Suddenly, Donlon shot the stroke up to a beat of 38, then to 40 and finally to 42 and the Columbia crew, followed the adun whipping the oars through in matchless rhythm and with terrific power to send the prow of their shell leaping forward. When the finish line was reached the golden bears had opened a gap of three-quarters of a mile length between themselves and the New Yorkers—all within the brief space of: couple of hundred yards.

Navy emerged from the regatta with two fine victories in the freshman and junior varsity races dangling at its belt. The junior varsity race produced a finish more thrilling than that in the varsity struggle, for up to within a couple of hundred yards of the end, Cornell was leading with Syracuse second and Navy third. Then Sears, the Navy stroke, sprinted and the Middlesex overhauled not only Syracuse, but right on the line itself, they crashed ahead of Cornell, beating the Ithacans by a few scant feet. Washington, too, waited late to sprint in the Jaycee race and came close to nosing out Syracuse for third place.

The Navy freshmen had a fight on their hands all the way with Cornell, but they finally shook the Ithacans off in the last half mile and won by couple of lengths. The following table shows how the crews finished in all three races:

COLORFUL BOXING CARD SCHEDULED MONDAY EVENING

Lope Tenorio and King Tut Clash at Velodrome; Winner Will Hurl Challenge to Mandell.

Termed the greatest lightweight in the world by Jess McMahon, Madison Square Garden matchmaker, who has seen scores of promising prospects come and go, Lope Tenorio, Filipino and recognized champion of the Orient, is coming to the Hartford Velodrome Monday night to show his wares against an equally capable opponent in King Tut, Pacific Coast star. They will fight twelve rounds.

Tenorio has only been in the East two months but in that time has fought two main attractions in the Garden, the first of which he battled the great Bruce Flowers to a sensational draw after having the Negro down for a count twice. McGovern, promoter, thinks so well of him that he continues to use him as he realizes that the powerful right hand of the Filipino, which knocked out Stan Larkin, will put him in line for a titular battle with Sammy Mandell.

Twice defeating Billy Petrolle, beating Stan Loayza as the Chilean was dropped 10 times, knocking out Fred Alderman the greatest athlete ever developed at that school and even a casual survey of Alderman's record substantiates this compliment.

Alderman finished his collegiate competition a year ago, but has to his credit 80 first places, 12 seconds, 12 thirds and 5 fourths in intercollegiate competition. His best time in the 100 is 9.6 seconds. He has paced the 220 in 21.2 seconds, and has stepped the 440 in 48.3 seconds. His time in the 300 equals the world's record.

Although he has not active this season in intercollegiate competition, Alderman, in the opinion of Coach Ralph Young at Michigan State, will not have much trouble making the Olympic squad because he "is a conscientious trainer and keeps in splendid physical condition all the time."

Michigan State College considers Fred Alderman the greatest athlete ever developed at that school and even a casual survey of Alderman's record substantiates this compliment.

Ernie Dowd Leads H. S. Sticksmiths

Sophomore Outfielder Batted 403 and Fielded .914; Also Got Most Extra Base Hits.

Ernie Dowd, flashy centerfielder and lead-off hitter, was the leading batter on the Manchester High School team during the 1928 season. It was announced today through a list of the batting and fielding averages by Coach Thomas F. Kelley. Young Dowd, who is only a sophomore and who will probably be honored by being named captain of next year's club, closed the season with an average of .403 at bat and .914 in the field.

TENNIS TALKS Use Chop Stroke To Give Variety

It is a very fortunate player who has the chop at his command. This stroke may be used in many ways and is very valuable. It may be used as a defensive shot or it may be used as a means of variety.

Wallace Johnson is probably the best example of a player who uses the chop exclusively. His game is purely defensive yet he has been in the "first ten" more times than any player in this country.

PUZZLING PLAYS OF Baseball

RIGHT OF WAY What are the rights of the fielder and the baserunner relative to a batted ball? The fielder always has the right of way when making a play on a batted ball. He must be given clearance by the baserunner at all times.

ANIMALS GROW FAST

Kansas City.—Dr. Samuel Brody of the Missouri Agricultural Experiment Station has found that a young farm animal grows much faster than a young human. A child, according to Brody, grows but 10 per cent a year between the ages of 4 and 14. A young animal, such as a rabbit, calf or guinea pig, grows 1000 per cent in a year or in one day grows as much as a human in one year.

WALKER TO WIN AGAINST HUDKINS

That is Opinion of Davis Wash—To Battle Tomorrow Night.

By DAVIS J. WALSH Chicago, June 20.—Mr. Jack Kearns, new manager of the Chicago Cubs, was around today telling two stories about the Walker-Hudkins middleweight championship fight at Comiskey park tomorrow night.

Anyhow, I take it from the trend of John's conversation, both the outgoing and incoming nine, that he sincerely looks for Mickey Walker to win inside the ten round limit.

It seems that, for some reason, he would like to see this brawl held as a public function and he thinks the Ruth happens to be that Ace Hudkins has a reasonably good chance of lifting the middleweight championship tomorrow night.

What I mean to say is that the big man-little man thing is on only when the big man really is good. If he isn't, if he has slipped with years, then a young, rough citizen like Walker is bound to win.

Everybody tells me he is better than ever. If that is so, Hudkins' chance is not greater than one in two. He merely is the good little man.

This is said in full cognizance of the fact that Hudkins will do about 154 pounds tomorrow while Walker expects to shade 160. In this case, pounds tell a specious story. I saw both men in ring clothes today and the physical Walker is half again the man that Hudkins is.

However, that is the kind of thing that makes prize fighting the game it is. Nobody knows who has the champion is due to go until he has officially gone. Is this to be Walker's exit? I really don't think it will be.

CARDINALS VICTORIOUS

The fast-going "Red-Birds" showed their ability in playing "head-up" baseball last night. Starting off at a fast pace the Cardinals soon lost the lead but regained it by staging a rally after the Oaks thought they had the game on "ice".

The Cardinals, who are stepping along at a fast clip, will soon be at the top of the league if they keep on playing the brand of baseball that they have displayed in the last two games.

FIRE CHIEF APPROVES THEATER'S SPRINKLERS

State Building's Fire Protection Completed After Eight Weeks' Work.

The installation of a sprinkler system in the State Theater building, which has been going on for three months, was completed today and after the final tests were made the men in the employ of Poskett & Bishop of New Haven, who did the work, packed up and returned home.

The building, a fire resisting brick structure, is now in the class next to fireproof and known as "slow burning," with assured safety to occupants, and especially to patrons of the theater.

Sprinkler heads are placed in all stores and offices throughout the building and special care has been given in the theater, where a "dry" system, to prevent against freezing in the winter, is installed in the exposed parts like the attic and a "wet" system throughout the interior and on the stage.

The lower fire insurance rate negotiated because of the installation of the system indicates that the fire underwriters consider the building as a non-combustible proposition.

The working of the system, with various shutoffs inside and outside of the building, were pointed out to Chief Albert Foy of the fire department and met with his approval.

LOCAL CASES GO OFF DOCKET IN TOLLAND

Among the thirty cases stricken from the docket by Clerk Willis Reed of the Tolland County Superior Court are those of Mrs. Maude Woodard of Bolton against the Krahe of this place and the Manchester Realty Company against William Blackburn and others.

There are many cases that have long been kept on the docket of the Tolland County Superior Court, some of them running back many years. Because of the relatively small amount of business done in this court it has been a practice of lawyers throughout the state to allow the cases to stand, asking that they go over from term to term until they have accumulated four or five cases. Then ask that all be assigned for trial at the same term.

When A Girl Loves

© 1928 by NEA Service by RUTH DEWEY GROVES

THIS HAS HAPPENED VIRGINIA BREWSTER is in love with an artist named DAN, but she is tricked into promising to marry FREDERICK DEAN in one year if she fails to earn \$100,000 that he alleges her father cheated him out of.

in the beginning, and so she told herself that Oliver was merely lonely and looking for a sympathy she had no intention of giving him. Generally she failed to notice his thinly-veiled efforts to inject a wedge of personal interest into their meetings for the reason that she was absorbed in her own problems.

so miserably. She wondered at herself for coming back when she was sure she knew why he had come. But there was a chance that she was wrong about his motive, and if she were she felt she had a right to demand that he tell her his real reason for deceiving her.

anything but utter loathing and contempt for him. She could not believe he would dare say such things to her. He waited for her answer and for several long, torturing seconds Virginia sat silent in the grip of shock.

Now go on with the story CHAPTER XXXVII OLIVER waved her to a seat. "If we've got to go into all that, please sit down," he said after a few seconds of close inspection of Virginia's features.

It was just this burning desire each time they met to know if he had made any gain that impressed him with the importance of the money to her. She had not told him what it meant to her, but he knew it concerned Frederick Dean.

"I'm madly in love with you. If Jeanie would give me a divorce I'd marry you, but she told me before we were married that she never would be a divorced woman, and she told me again last night. She'd tear your reputation to shreds if I tried to divorce her."

Three hundred dollars. A little more than she had had time to her salary and perhaps a thousand or two that Mr. Gardner had told her recently she might reasonably expect from the estate, which was still in process of being settled.

At times he had been driven to the verge of declaring his passion regardless of her distant manner—a manner her sense of propriety in the meetings had inspired in her. He had tried little things, such as lingering handclasp, revealing glances, hints of domestic unhappiness, and other formulas for breaking the ice.

Then—well, he was prepared to part with \$100,000 if she wanted it badly enough. But Frederick Dean's disclosure of his knowledge of their secret meetings had changed his plans, making it necessary to tell Virginia this lie prematurely.

"I'm going up to the Adirondacks next week when Jeanie closes the place on Long Island. A hundred thousand dollars is a lot of money, Virginia; I guess you know that. Quite a lot to make in a week, anyway. But if you're ready to go with me next Tuesday I'll give you a check for that amount as soon as we're on the train."

As his arms closed round her she lifted her face and stared at him. Oliver saw surrendere in her eyes. (To Be Continued)

THE RULES

- 1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN.
2—You can change only one letter at a time.
3—You must have a complete word of common usage, for each step. Slang words and abbreviations don't count.
4—The order of letters cannot be changed.

The firefly is a bright spotlight.

Rabbits are puddle jumpers.

Camels have balloon-tired feet.

And carry spares of what they eat!

But still I think that nothing beats The kangaroos with rumble seats.

One thing we haven't heard of and that is airplane accidents from back seat driving.

Flip—"Tom talks all the time. He just rattles on like a second-hand car."

Flip—"Yes, but his clutch is so different!"

A hardened motorist ran down a young jay walker. "Hey," he shouted, "while you're under there take a look at my brake rod!"

The Hit-and-Run Fellow Friend—"I suppose you didn't run across a fellow named Scrimshaw on your travels?"

Road Hog—"Dunno, old man—I never stop to ask their names!"

A news item of admonition: This year's output of motor cars will run into millions.

Cop—"Lady, don't you know this is a safety zone?"

Woman Driver (in difficulties)—Of course—that's why I drove in here.

Prospect—"Wouldn't think of buying here. Why, you have only two or three buildings in this new town of yours."

Realtor of Boom Town: "I know, but just look at the parking space."

If the person driving the car happens to be one who talks with his hands we should think he would be apt to stutter a little.

READ THE STORY, THEN COLOR THE PICTURE

The Tinties found the little home was quite a funny place to roam. The windows were like peck-holes and the rooms were very small. They found few tables and some chairs, and then a bowl filled high with pears. "Just help yourselves," one midget said. "You lads can have them all." They ran outside and found the tall, slim dairyman still there. "Well, well, hello there," shouted he. "Quite happy you all seem to be. Why don't you go down to the barn and see the midget hens. It isn't such a lengthy hike, and you'll find things that you will like. Be sure and see the tiny pigs all cooped up in a pen." So, 'cross the yard the Tinties flew and then, the first thing that

they knew they stood before a tiny barn. A rooster crowed aloud. "Oh, look at him," one Tiny said. "his tail is green, his neck all red. He really is a pretty bird. No wonder he feels proud." "Let's gather eggs," wee Clowny cried. "I bet I'll find some right inside the little barn. You all wait here till I come out again." So, right into the barn he went. About a half an hour was spent in hunting eggs. They Clowny found a very fussy hen. She cackled loud and jumped in air and gave poor Clowny quite a scare. He ran outside and tried to hold 'bout ten eggs safe and sound. Right after him, the mad hen flew. The next thing that poor Clowny knew, he'd dropped all of the eggs, and they were spilling on the ground.

(A monstrous cat chases the Tinties in the next story.)

ABOUT TOWN

Word was received this morning of the sudden death of Mrs. J. D. Clarke of Saybrook, sister-in-law of Mrs. E. H. Crosby and Mrs. F. M. Wolcott of this town.

A whist will be given by the Women's Guild at St. James' church in St. James' Hall this evening. The proceeds will be used in charitable work among the needy in the parish. Mrs. Michael Barry is president of the Guild and also heads the committee in charge of the whist.

An application for a marriage license was filed in Hartford yesterday by John Reis a farmer, giving Manchester as his home, and Mary J. Robinson of Springfield.

A surprise party was given last evening by a group of friends for Mr. and Mrs. Charles McDonald of Bissell street. Mr. McDonald is employed by James Ford, the painter, and about 15 of his co-workers were present at the party. Mr. McDonald was presented with a mantle clock while Mrs. McDonald received a chest of silverware. The presentation speech was made by James Ford. During the evening Edward Dowd gave a violin solo and Samuel Ford and Frank Hooley sang several selections.

The Fourth is only two weeks away and there is reason to feel that Manchester will again have a noisy Fourth. Those who make it a business to sell fireworks are alive as to dates and already spaces for stands have been rented. Dealers in fireworks make a specialty of stealing marches on each other as to locations. They do a great deal of thinking well in advance, but keep their intended locations very secret until just before the setting up of the stands.

Members of the Army and Navy club auxiliary who are going on the outing to Coventry Lake Saturday, are requested to be at the corner of Spruce and East Center streets at 1:30 p. m. Saturday.

The British American Club will hold their annual picnic on Saturday, June 23, at John Hand's Grove at Coventry Lake. Members who intend going are asked to leave names with the club steward as soon as possible. Transportation will be provided and the party will leave the club rooms at 1 p. m. sharp.

The Junior choir of the North Methodist church will rehearse this evening at 7 o'clock at the home of Miss Lydall, 22 Hudson street.

The Right Reverend E. Campion Acheson, D. D. Suffragan bishop of Connecticut, will administer the rite of confirmation to a class of adults at St. Mary's Episcopal church this evening at 7:30.

Anyone needing furniture at this time can secure some attractive bargains at the Benson Furniture Co. They are holding a big sale as the store is overstocked and merchandise must be moved to make room. Every bit of it is new fresh stock and you will find it marked at attractive prices.

The Luther League of the Swedish Lutheran church will furnish part of the program of entertainment at the 24th Annual Lawu social held at the Emmanuel church in Hartford on Wednesday, Thursday and Friday evenings this week.

PLAN TO ATTEND LAKE WEBSTER CONFERENCE

Lake "You Say It, I Stutter," or what you will, located in Webster, Mass., will be the scene of the month's encampment of the Swedish Lutheran New England Conference of Luther Leagues in August, it was announced today. The correct name of the lake, as given by an Indian tribe many years ago contained 45 letters. It is several words joined into one and is spelled as follows:
"Chargogagoggmanhaugaggogschaubunagunagunagaggog-chargogamongamaug as a compromise. Called Webster Lake for convenience, this resort is widely known about New England. It is one of the most beautiful lakes in the Bay State. A number of Manchester young people are planning to spend their vacation at the lake, being quartered at the Luther Camp.

The South Manchester Luther League voted at its last meeting to send a delegate to the camp with expenses paid for a week. Applications for the privilege are to be made to Miss Margaret Parson, at 13 Green Hill street.

LITTLE FELLOWS FLEE UNDER ERROR OF GUILT

Two small boys, living on Farnell place are sure that they have done something wrong, but they did not do it. The children, both under five, were joining up the hill towards Main street. One of the boys, the younger, picked up a stone and tried to throw it towards Main street. Instead the stone hit the large plate glass window of William Rubinow's shop facing to the north. The boys took one look and saw a large crack across the window and ran for their lives down the hill.

The impact of the stone against the glass was heard by several persons who, seeing the crack, reported the affair to the store. It happens, however, that the boys did not do the damage at all, as the glass has been broken for about a week.

The contested divorce action of Alice H. Campbell of Buzzsick against Henry W. Campbell of Manchester, a freight conductor on the New York, New Haven and Hartford Railroad Company, in which intolerable cruelty and drunkenness is charged, came to a close before Judge Arthur Ellis in the superior court in Hartford yesterday. Decision was reserved. The Campbells were married in Holyoke, Mass., June 28, 1917, and separated in September, 1925.

PHONES Pinehurst "GOOD THINGS TO EAT"
HOW COME?
How come the Pinehurst vegetables to be so extraordinarily fresh? How comes it that even those going to the folks on the earliest morning delivery bear no sign of being left-overs—have all the crispness and sweetness and bloom of the garden?
Of course, everybody knows that Pinehurst gets the very pick of the native product—truck from the home market-gardens. But of course, too, many offerings are made in advance of the local season—and these also go out from Pinehurst in the very perfection of condition.
It's this way. While you are enjoying the latter half of your night's sleep a Pinehurst truck and a Pinehurst buyer are flashing over the roads to the wholesale markets, where are being unloaded from refrigerated cars the fresh fruits of the soil from far and near. And by the time you are thinking about getting up, the day's stock of extra careful selections is being unloaded at Pinehurst—or if not always quite so early as that then always in time for that celebrated early morning delivery.
Somebody has to turn night into day in order to give you this kind of stuff and this kind of service. But that's what we're here for. Pinehurst garden truck isn't better than some just because we say so but because we go to a lot of pains to have it so. We found long ago that it pays.
