

CENTER CHURCH'S HOPES STILL HIGH

Building of Parish House in Near Future Expected Though Fund Is Short.

Though the actual pledges received during the drive of the Center Congregational church for a \$200,000 fund for the erection of a new parish house have not yet closely approached that sum, there is definite assurance of a trifle less than \$110,000, the authorities and members of the church are far from being discouraged and there is every likelihood that the proposed structure will be erected without great delay and substantially as planned.

As a matter of fact, with the sum already pledged and the practical certainty that it will be considerably enlarged, it would be entirely possible for the church to proceed with its building plans at once and without any amendment of the designed structure if there were not a pronounced reluctance on the part of the leaders in the church to incur a debt. Such a reluctance exists, however, and it is the desire of the more than they can pay for upon completion.

May Increase Pledges.

It is known that several well-to-do members and friends of the church have not made their subscriptions in the event of actual necessity, these persons intend to substantially increase the size of the sums they have somewhat indefinitely pledged. As there are still a number of excellent "prospects" known to intend contributing, who have not yet been heard from at all, the finance body of the church is not yet in a position to make a final statement of the fund's condition.

It is believed possible that some slight changes in the plans may be determined on, so that the original cost estimates may be scaled down somewhat without materially affecting the usefulness or artistic merit of the proposed building. With a shortening of the cost and a considerable lengthening of the funds it is expected that within a reasonably short time ends may be made to meet so that the parish house, about as originally planned, will come into existence without the incurring of any debt.

FIVE AUTO SPEEDERS BEFORE JUDGE TODAY

Quintet Arrested for Driving Too Fast on Main Highways of the Town.

Five motor vehicle law violators were before the Manchester town court this morning charged with speeding. Casimer Gill of Rockville, 18 years and James Gorman, 17 years of 691 Porter street this town were charged with speeding their automobiles on Main street. They were represented in court by Probation Officer Edward Elliott. The boys were arrested yesterday afternoon by Motorcycle Patrolman Rudolph Wirtalla who claimed that they were racing at a speed of 45 miles an hour from the railroad tracks along Main street and were caught before they reached Middle Turnpike. Each of the young men pleaded guilty and paid a fine of \$10 and costs.

Mike Ostrowsky of Storrs pleaded guilty to speeding his truck on West Center street on May 22. He had his hearing put off until today in order to secure counsel. When his case was called this morning he appeared without counsel and wanted the case postponed until next Tuesday. Later he decided to have the case re-opened. He pleaded guilty and paid a fine of \$10 and costs. Traffic Officer Wirtalla arrested Ostrowsky.

Carl L. Warren of 65 Magnolia street, New Britain, was before the court for speeding. He pleaded guilty and paid a fine of \$10 and costs. He was arrested by Traffic Officer Albert Roberts on Center street last evening.

Carl B. Lewis of 71 James street, Hartford, who was arrested for speeding last evening on Center street by Patrolman J. Roberts, will be given a hearing on Monday, May 27.

ABOUT TOWN

Several Manchester Masons went to Norwich today for the Consistory ceremonial. John I. Iason, Arthur A. Kroff and Carl W. Johnson, of this town, are to receive the 32d degree in Masonry at the ceremonial.

Rev. Robert A. Colpitts went to Hazardville today to take part in the services connected with the installation of the new Methodist minister there, Rev. Mr. Bell.

Miss Mary McFarland who is coaching the play "The Man Higher Up" which was to have been presented by pupils of the Eighth district early in the month has recovered from an illness and the play will be presented on Tuesday, May 28. It is to be given by the graduation class for the benefit of the Civic League.

Mrs. Francis Miner, dental hygienist of the Eighth district school, is making her headquarters at the Hollister street school. She is preparing charts on the condition of the pupils' teeth. She is inviting the parents to study them and see if attention can be given the teeth during the vacation period.

A field day will be held by the pupils of the Eighth district schools on June 14.

Wednesday, June 5, has been set aside as Parents' Night in the Eighth School District schools on North School street. The children will be at their desks and doing their regular school day's work. On Thursday, June 6, similar exercises will be held in the Hollister street school.

Demonstrations before the school children of the Eighth District School will be given by representatives of the Southern New England Telephone Company, on the working of the dial system. On Monday there will be a demonstration between 9:30 and 11:30 in the Robertson School and in the afternoon from 1 o'clock to 2 o'clock the demonstration will be held in the Union school. On May 29 between 9:30 and 10:30 demonstrations will be given in the Hollister street school.

Selectman George E. Keith will give a travel talk Sunday evening at Second Congregational church illustrated by stereopticon slides. Mr. and Mrs. Keith took a trip to the Pacific coast earlier in the year and spent more than a week with the different Indian tribes in Arizona and New Mexico. The subject of the program is "Indian Life in Picture, Song and Story." Mrs. Charles Robbins will sing several Indian songs.

Bishop J. J. Nolan of Hartford will ordain fifteen young men to the priesthood at noon in the Cathedral. Among those to be ordained is Eugene A. Moriarty of this place. Mr. Moriarty will celebrate his first mass in St. James's church on Sunday morning.

Members of Washington Loyal Orange Lodge are requested to meet at Orange Hall at 6:30 Sunday evening and from there proceed to the South Methodist church where services in observance of British Empire day will be held. Any other British societies that care to are invited to meet at Orange Hall also. The Orangemen will wear white gloves to the service.

The running board of an automobile owned by Oscar Johnson, which he had parked in front of his home on Center street was badly damaged when struck by another car early last evening. Sigfrid Croon, of 75 Laurel street, who was with the latter said that the operator was learning how to drive. An arrest seemed imminent but Mr. Johnson was satisfied with the drivers' promise to pay damages.

A birthday party was held yesterday afternoon at the home of Louis Genovesi Jr., the occasion being his fifth birthday. The party was attended by many of his small friends. Refreshments were served.

All members of Clan McLean, O. S. C., and members of Helen Davidson lodge, D. of C., are requested to attend the British Empire day service.

MIXED POURSOME CARDS AT THE COUNTRY CLUB

Dual Activities Tomorrow Afternoon and Evening; Women's Day Planned Each Wednesday.

Attractions at the Country club tomorrow afternoon and evening are a special mixed foursome at 1:30 and a dinner at 7 o'clock followed by cards.

The women's golf and card committees are doing everything possible to stimulate social activities at the club during the summer. Wednesday of each week and the season opened most auspiciously on Wednesday with an attendance of more than fifty, including the golf matches in the forenoon, luncheon and bridge in the afternoon.

The success of the program arranged by the committee for tomorrow depends upon the cooperation of the club members. Cards have been mailed to them and all who have not already made reservations for the dinner should do so this evening.

Members may arrange their own foursomes in the afternoon, or the committee will be pleased to assist those who desire it.

OAKLAND LANDAULET AN ALL WEATHER CAR

At this season of the year many prospective buyers of motor cars turn attention to the conventional open types of vehicles, such as the touring car and the roadster. It is a fact that many people still like to get all the fresh air available and while they like closed cars in winter they incline to the open types in warmer weather, according to John W. Kemp of Kemp Brothers, the Manchester dealers in Oakland and Pontiac, who says, "The ideal arrangement in a combination vehicle that will provide all the advantages of the open and closed cars without any of their disadvantages. We feel that in the Oakland Landaulet we have just such a car.

"This model is fitted with a top that may be lowered affording the passengers a full measure of fresh air and sunshine. A peculiarity of this model is that the occupants who sit in the back seat are never under the impression they are sitting in a draught, when the top is down. We have made tests in cold weather to determine that this is so. After we raised the top the passengers desired that it be lowered again since they felt stuffy with it up and did not enjoy their ride as well.

"The advantages of this type are readily apparent. Suppose the owner sits out in the sunshine with the top down. If he is overtaken by a heavy, thudding shower—as so often is in an open car—he can raise the top in a minute to raise the top and make the car weather tight. We have made some convincing demonstrations along these lines. We are ready to demonstrate at any time and let prospective buyers draw their own conclusions."

Hi-test TYDOL

Emerald Green in color for your protection

Three cars of the same make lined up abreast on a wide boulevard. Presto! The red light changes to green. Zip!... One car flashes away from the others like a greyhound from a pair of lumbering English bulls.

What made the difference? A few months ago, you'd have said "An extra quality gasoline at an extra cost." But today, the well-posted motorist would say: "It's probably Hi-test TYDOL. An extra quality gas without any extra cost."

Hi-test TYDOL, a high-test, anti-knock, super-power gasoline, at the price of ordinary gasoline, is the most notable success in Tide Water's fifty years of progressive history.

But if all the cars using Hi-test TYDOL, in brilliant and outstanding performance, carried its name on their gas-tanks, we couldn't fill the demand.

So, luckily, until all motorists know about it, there will be plenty of Hi-test TYDOL for you!

NASH engineers have created a group of three striking Coupés. For business, the small family, or as a second car the Standard Six Coupé is easily the choice of the \$1,000 field. It is powered by a Nash-designed, high-compression, 7-bearing motor. A particular asset of this Coupé is its riding ease achieved by alloy steel springs individually designed to its exact size and weight, plus Lovejoy hydraulic shock absorbers. An outstanding feature of the Special and Advanced Six Coupés (both of which have big ramble seats in the rear

deck) is the Twin-Ignition motor. These larger models also have the famous Bijur centralized chassis lubrication, and hydraulic shock absorbers (Lovejoy and Houdaille). All "400" models are fully factory equipped with front and rear bumpers, hydraulic shock absorbers, spare tire lock and tire cover. In your delivered price there's not a dollar added to the factory price for these features. DAILY RADIO PROGRAM

Friday, May 24.

"By the Waters of Minnetonka" will furnish a romantic background for the drama that will be presented to listeners of WTIC and the Columbia network at 8 o'clock Friday night. The legend on which the drama and the music is founded concerns an Indian man and woman who fall deeply in love. The tragedy is caused by the fact that they are of different tribes and therefore can not marry. How their love wars with tribal loyalty and the final dramatic solution evolved, will make for one of the main drama attractions of Friday night. Another outstanding highlight will be broadcast by the WTIC chain from 10:30 until midnight. This hour will present exceptionally famous recording artists, both vocal and instrumental. Milton J. Cross will act as announcer. The Frank Jubilee Singers, a colored male quartet, will harmonize for listeners the conditions of their radio appearance they will sing many of their old favorites as well as a number of newer songs for which they are famous. The quartet is made up of graduates of Fisk University in Tennessee.

Wave lengths in meters on left of stations listed. Microphone on the right. Times are Eastern Daylight Saving and Eastern Standard Black Time type indicates best features.

MENUS For Good Health

A Week's Supply
Recommended By
Dr. Frank B. McCoy

Dr. McCoy's menus suggested for the week beginning Sunday, May 26:

Sunday
Breakfast: Coddled eggs, melba toast, stewed prunes.
Lunch: Cornmeal muffins, string beans, raw celery, ripe olives.
Dinner: Roast veal, succinini, spinach, salad of head lettuce, ice cream.

Monday
Breakfast: French omelet, toast, cereal biscuit, stewed apples.
Lunch: 8-ounce glass of orange juice.
Dinner: Vegetable soup, Salisbury steak, baked eggplant, salad of tomatoes and celery, Jello with cream.

Tuesday
Breakfast: Wholewheat muffins, peanut butter, stewed raisins.
Lunch: Baked potatoes (unpeeled) served with butter, asparagus, lettuce.
Dinner: Roast mutton, baked ground beef, boiled celery, salad of shredded cabbage and parsley, raspberry whip.

Wednesday
Breakfast: Baked egg, melba toast, stewed figs.
Lunch: Pint of buttermilk with 10 or 12 dates.
Dinner: Baked white fish, cooked spinach and parsley, salad of sliced tomatoes and cucumbers. No dessert.

Thursday
Breakfast: Waffle, browned

thoroughly, crisp bacon, apple sauce.
Lunch: Stewed corn, cooked lettuce, salad of grated raw beets.
Dinner: Tomato jelly served in cubes, roast pork, mashed turnips, string beans, salad of raw cabbage, stewed apricots.

Friday
Breakfast: Poached egg on Shredded Wheat biscuit, dish of berries (canned).
Lunch: Escalloped celery.
Dinner: Broiled fillet of sole, cooked tomatoes, asparagus, celery and ripe olives, pineapple gelatin, no cream.

Saturday
Breakfast: Cottage cheese, baked apple.
Lunch: Dish of fresh green peas, molded salad of celery, cucumbers, cooked beets.
Dinner: Broiled lamb chops, baked egg plant, greens, salad of raw cauliflower, junket.

Escalloped celery: Thoroughly wash a bunch of celery and cut the stalks into half-inch lengths. Cook in a small amount of water for about fifteen minutes, then add a cup of milk and four tablespoonfuls of melba toast crumbs. After this has cooled, stir in two whole beaten eggs. Place a layer of melba toast crumbs in the bottom of a baking dish, add this mixture, cover the top with the crumbs, and bake while covered for about twenty minutes in a hot oven. For the last few minutes remove the lid and allow to slightly brown on top.

QUESTIONS AND ANSWERS.
(Appendicitis Operation.)
Question: Mrs. K. writes: "I recently had an operation for appendicitis and prolapsus of the in-

ternal organs, but don't seem to gain strength as I should. Also, have a constant fear that someone is going to harm me, although I really don't believe I have a real enemy. For hours at night I lie awake, almost afraid to turn in bed, and sometimes I walk all night from room to room, looking out first one door and another, watching for something I don't know what I am miserable. Can you help me?"

Answer: Your organs are probably prolapsed as badly as before and you have all the neurotic symptoms which go with a pressure of the prolapsed organs upon the uterus and ovaries. You certainly could be helped with the right treatment, but such treatment cannot be given through the columns of a newspaper. You need manipulative treatment of the abdomen, and exercising of the abdominal muscles to make these muscles strong so that they will hold the abdominal organs in place.

(Are Proteins Necessary.)
Question: H. G. asks: "Can one build a strong and healthy body on an exclusive diet of fruits and vegetables? Which fruits and vegetables, if any are fattening?"

Answer: It is necessary to add some proteins in the diet besides the fruits and vegetables. The only fruits which are considered fattening are bananas, olives and avocados. Vegetables which are often called fattening are potatoes and Hubbard squash, but the cereals are the most "fattening" foods.

(Twitching of Face.)
Question: Miss A. B. writes: "Would nervousness cause a twitching of the face? At times I can't control the muscles of my face. I am 26 years old."

Answer: You need a diagnosis to determine the cause of your nervousness. You can then no doubt be helped if the right treatments are used, with proper diet and the cultivation of good hygienic habits.

High School Notes

A solid gold Underwood pin set with 24 pearls was awarded yesterday to Miss Frances Sroker for typing 73 net words per minute. This is the first award of its kind in the local high school. This year has seen but one person exceeding 70 words per minute, Miss Sroker being the first to attain this speed this year. In past years there have been only five individuals who have been able to type fifteen minutes at an average speed of seventy or more words per minute. Other awards included bronze Underwood pins to Florence Boyce for 46 net words per minute and Lillian Hutt for 40 words per minute.

The final chapter in the 1934-35 debating season was written yesterday when the Sophomore class team defeated the Junior class team by a vote of 2 to 1. The judges were Rev. Watson Woodruff, Miss Florence Benson, and Mrs. A. N. Potter. By virtue of their victory the Sophomores win the trophy donated by the Metropolitan Life Insurance Company. The question was "Resolved that Health Heroes have contributed more to the well-being and progress of mankind than have Statesmen." The Sophomore team consisting of Austin Johnson, Francis McVeigh, Marjorie Waddell, and Armando Garaventa, alternates, defeated the Junior team consisting of Lovina Fouts, Muriel Tomlinson, Della Muldoon, and Beatrice Laufer, alternates.

The next speaker was Francis McVeigh who cited two marvelous achievements of Dr. William George. He was followed by Muriel Tomlinson for the negative who told of the splendid work done by statesman Marjorie Waddell, argued that this good will of the statesmen had brought about the many wars laid at the door of the statesmen were inevitable. The rebuttals were delivered by Lovina Fouts and Muriel Tomlinson for the negative and Armando Garaventa and Austin Johnson for the affirmative.

OPEN FORUM

RESIDENTIAL TOWN.

Editor of The Herald:

In your report of Mr. Rogers' speech in Tuesday's issue, I find the following: "Do you know that according to statistics Manchester is the most consistently prosperous town in the United States?" Well, as a matter of fact I don't know it, though it may be, but I think Willard might be a little more specific and not deal so much in glittering generalities. Again, "It is essential that new industries be brought to town. They are needed to take care of people now out of employment."

Those statements seem to me altogether inconsistent and not easily reconcilable. If we are so prosperous the demand for new industries cannot be so urgent. It is not at all essential to me that the number of factories in our town should be increased and as for the "two important companies" looking for factory sites I am quite content to let them carry on at their present locations, as of course being important, they are doubtless manufacturing elsewhere now.

Let us show some consideration for towns not so prosperous as our own. Don't endeavor to hog all the industries in sight. Rather give others a chance to catch up with our marvelous prosperity. I believe a residential town is a much better place to live in and raise a family than a manufacturing town. The living conditions are much pleasanter and more enjoyable; there is no comparison in the outdoor surroundings and there can be no doubt that a higher type of citizen is the result. Who wants to make our town a New Britain or Waterbury? At present Manchester is a very good town to live in and I am certain added industries would not make it better. Doubtless it would enhance the incomes of our merchants but they are not the only ones entitled to consideration. What about the workers who own their homes and those less fortunate who pay rent? True, it might increase the value of land and property, but the owner would have to sell in order to benefit and as he has to live somewhere the only result would be to increase his taxes, and as for the rent payer his rent undoubtedly would go up.

Mr. Rogers, the man who reorganized the Hartford Chamber of Commerce—honor to whom honor is due—very kindly says "I wouldn't swap Manchester for any other section of the country." Were his wishes regarding industries realized, methinks ere long he would be willing to trade for Bolton or preferably West Hartford as a place to live.

I will agree that factories are a necessary evil and must be located somewhere, but it isn't necessary that we should go seeking for them and so make our living conditions less congenial. Let me reiterate: Manchester is a fine town

to live in and those desirous of making a home here should be warmly welcomed. If the factory to be built in East Hartford results in a number of workers making their homes here we should congratulate ourselves as values enhanced in this way have little or no regrettable factors.

QUOTATIONS

"The United States is sometimes spoken of as the richest country in the world, due to the immense progress of both agriculture and industry in that country. The fact is, however, that Canada is a country of larger area, and of far greater wealth in natural resources per capita."

Games Next Week
Tuesday, May 28—Dodgers vs. Braves.
Wednesday, May 29—Athletics vs. Cubs.

The Athletics relinquished first place to the Braves last evening at the West Side playgrounds in an American Legion Junior baseball game losing out by a close score of 7-6. Captain Jolly traded mound duty but after two hectic innings required in favor of Mahoney.

To the advantage of the Athletics, it may be said, they fought a great uphill battle and had the Braves worried at all times. McHale opened up the game with a sharp single to center. C. Smith struck out, but Kerr, Hedlund and Hadden doubled in succession followed by singles by H. Smith and Day to produce four earned runs.

The Athletics came back with four in the third. Lyons and Werner opened up with singles and Metcalf was passed. Then followed a passed ball, poor baseball and errors with the result that before the Braves could check the rally, the damage was done.

Due to Memorial Day coming on Thursday the game between the

Athletics and Cubs has been moved forward to Wednesday.

CAPITOL PARK OPENS TOMORROW EVENING

Capitol Park, Hartford's Wethersfield Avenue outdoor amusement resort, will open for the season tomorrow night at 7 p. m. under a new management. All the numerous fun and thrill rides, the open air dance pavilion, and the scores of other diversions and attractions at the park will be in full operation for the opening night and will be open Sunday and for the rest of the summer.

Souvenirs will be presented to

every person who visits the park tomorrow night, and there will be free open air dancing. Ed. Gurley's Sycopators will furnish the music. The new park management has installed orthophonic music and voice control equipment to replace the antiquated hardy-type of park music. The coaster will be rebuilt during the next month into what is promised to be the biggest ride in New England. It will be named "The Wildcat."

STORRS TO SHOW HOW PASTURES CAN YIELD

Many Farmers to Meet There to See Results of Fertilization Methods.

More than 200 farmers in Connecticut interested in better pastures will attend a "Pasture Field Day" at Connecticut Agricultural College, June 1, according to a statement made today by James S. Owens, crop specialist in the extension service division of the college, who is in charge of the field day. These farmers will come from all sections of the state to learn more about better pastures and to see the most extensive pasture fertilization experiment in America which has been in progress at Connecticut Agricultural College for eight years. This experiment, which promises much for the Connecticut farmer, consists of nine four-acre plots, laid out and pastured for the first time in 1921 and 1922. Various treatments of lime, nitrogen, superphosphate and potash were applied in 1924, and in a few cases in 1927. The response to treatments is measured by grazing steers. Some plots have carried four to six steers even the fifth year after treatment was applied while untreated plots carried only two. In Connecticut we have 726,000 acres of pasture, which constitute 23 per cent of our total land area, and 38 per cent, or more than one-third of the area in farms. Thus the problem of pasture management in Connecticut where market milk is the most important agricultural product is of the greatest importance.

A "Prince of Wales" Works for "New Method"

MANCHESTER WILL VIEW THIS "CUTE RIG" ON OUR STREETS SATURDAY.

This beautiful little pony, "Prince of Wales" by name, will be seen in service Saturday on Manchester's streets, drawing this miniature New Method Laundry wagon. This rig is sure to interest all ages, particularly the children. Inasmuch as the wagon is a very light rig, and is not loaded, "Prince of Wales" just enjoys exercise that is good for him as he attracts attention to the name of "NEW METHOD". So don't feel that the cute little fellow has a tough job in hauling this wagon. It was built especially with regard to his strength.

TILDEN WINS MATCH

Roland Garros Stadium, Anteuil, May 24.—"Big Bill" Tilden and Francis T. Hunter made auspicious starts in the first round of the men's singles of the French hard courts championship today, each scoring straight set victories. Tilden defeated the German star, Wetzel, 6—0, 6—1, 6—1. Hunter eliminated the Italian Delbono, 6—1, 6—4, 6—0.

PEACE NEAR IN CHINA

London, May 24.—With Marshal Feng-Yu-Hsiang, war lord of China, expelled from the Kuomintang national political party, actual hostilities between his forces and the Nationalist troops of President Chiang-Kai-Shek are now but a matter of days, according to a Shanghai dispatch to the London Times today. Unless some truce is arranged, the civil war will likely begin in earnest immediately after the ceremonies in connection with the reburial of Sun Yat Sen, founder of the Chinese republic, which are to take place in Nanking on June 1.

GUARDSMEN ACQUITTED

Rochester, N. Y., May 24.—Glenn Jennings, Coast Guardsman, stood acquitted today of a charge of second degree manslaughter in the shooting of Jacob Hanson.

prominent member of the Niagara Falls Elks. Hanson died from wounds received on the night of May 6, 1928, when Jennings fired at his automobile in the belief that he was a bootlegger trying to escape. After deliberating for more than 11 hours, the jury acquitted the youthful defendant here last night at his second trial. In freeing Jennings, however, the jurors recommended that Coast Guardsmen and federal prohibition agents exercise greater care in the use of firearms in stopping vehicles on the public highway. In Jennings' first trial at Elmira, last January, the jury was unable to reach a verdict.

FLAPPER FANNY SAYS

Women quite often make it plain that they think their rivals are.

SENSE and NONSENSE

Timely Proverbs. He who hesitates is 'honked. Two in company, three is a crowd in a breakfast nook. What can't be cured, one should be careful not to catch. When youth calls to youth it makes a lot of extra business for the telephone company.

The Lady's Reputation. Mrs. Jettie M. Jackson, candidate for the position of supervisor of registration, is a native Floridian, having lived in this county the greater part of her life.—Clearwater, Fla., Herald.

Tommy, the diminutive office boy, had worked hard on a "salary" of \$5 a week. He was a subdued little chap, faithful and quiet. Finally, he plucked up courage to ask for an increase.

"How much more would you like?" inquired his employer. "I don't think the \$8 a week more would be too much."

"You are rather small to be earning \$8 a week." "I suppose I am," said Tommy. "I know I am small for my age, but to tell the truth, since I've been working here I've been so busy I haven't had time to grow."

"Are the children all in?" asked Father as he sat down to breakfast. "How can they help but be, dancing until daylight?" snapped Mother.

Mrs. Jones—"Do your daughters live at home?" Mrs. Smith—"Oh, no! They aren't married yet!"

We have not been traveling lately, and still not be induced to do so by the assurance that a good many of the hotels have a radio in every room.

If you can't afford a radio the old phonograph will do just as well if you place a Tom cat on the back fence for static.

Of course it won't do to give several stations the same wave-length, but at least they might use the same pronunciation.

One trouble seems to be that although most people like to be praised they do not realize that others like the same thing.

If people could be saved from their stubbornness, saving them from the rest of their sins would be easy enough.

The chief drawback to the jury system is the difficulty of finding 12 men so dumb they haven't formed an opinion of a notorious crime.

If you don't make strong enemies you're a weak fish.

LETTER GOLF

A STERN ONE To SCOLD one to TEARS is a simple matter in letter golf. Far is six and one solution is on another page.

Letter Golf grid with words SCOLD and TEARS.

THE RULES

- 1-The idea of Letter Golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW HEN.
