G CLEF GLEE CLUB CONCERT ON DEC. 3

Girls Memorizing All Their Numbers—To Have Fine Supporting Artists The G Clef Glee Club of the Swedish Lutheran church is busily engaged, rehearsing for its second annual concert to be held in the High School Auditorium, Tuesday, December 3rd. The club is very fortunate in having for its assisting artists, Harold Branch of the National Broadcasting Association, of New York City and Emil Heimberger's radio broadcasting ensemble. Director Helge Pearson has chosen a wonderful selection of music which will appeal to both young and old. The club has sent out associate membership letters this year and the way returns are coming in, means a large audience which gives the girls more confidence. The new costumes which the Club will appear in are beautiful, the color scheme being ivory and plum. These colors will be used in decorating the stage and also in printing the programs. The G Clef is the only ladies' chorus in New England which memorizes all music, so a very promising concert is assured the public.

HEBRON

The monthly meeting of the town school committee took place at the town clerk's office Thursday evening. Supervisor Robertson and Miss Teresa Vincent, school nurse, were present. Robert E. Foote has been elected chairman and Clifford R. Perry secretary, for the coming year. At the suggestion of the supervisor it was voted to close the schools of the town at 3:30 p. m., through the months of December, January and February. This will shorten the school day by half an hour each day, but it was thought would conserve the pupils' eyesight. Miss Kathryn Quigley was definitely engaged to continue as teacher in the Jagger school, in the place of Miss Friedrich. Miss Vincent reported on the condition of the children's teeth, with the statement that out of 166 pupils 99 are badly in need of dentistry. The White school has the best standing in regard to the condition of the pupils' teeth. It was voted that the supervisor be authorized to go ahead with the project of school dentistry and an effort will be made to secure funds to pay for professional services from Dr. A. E. Parents of Putnam at the different schools of the town. This work was done by Dr. Parent for two years in a very satisfactory manner. The crowded condition of the primary room at the center was discussed. This room has 44 pupils, of the first five grades, with the first five grades, with one teacher. The supervisor recommended that another room be rented and another teacher secured to take care of part of the pupils. The study of the book of Corinthians was continued at the meeting of the Bible class held Thursday evening at the home of Mr. and Mrs. Albert Hiding. Mrs. Francis G. Waldo entertained Mrs. George Lord of East Hampton, also Mrs. Asa W. Ellis, at her home Tuesday afternoon, the occasion being Mrs. Waldo's birthday anniversary. Mrs. Ralph Wright, a former neighbor, spent the next afternoon with Mrs. Waldo, to offer congratulations. Names of those pupils from this town attending high school at Windham appearing on the honor roll for the first marking period are: Theophilus Cummings, Wendell Deeter, Evelyn Hutchinson and Anna and John Mosny. The property revaluation required by the state is being taken. The committee appointed by the selectmen for the purpose are George Kibbe, Fitch N. Jones, and Robert Owen. Mr. Jones has secured Frederick A. Rathbun to serve in his place, as he was too busy to undertake the work. A meeting of the committee appointed for the revaluation of taxable real estate of the town was held at the town clerk's office on Saturday. Twenty-eight young women and five children were present at the meeting of the young women's club held at the home of Mrs. Gertrude Hough, Mrs. Frank Grabber, the appointed leader, was unable to be present. Hostesses were Mrs. Arthur Keefe and Miss Helen Hough. The monthly business meeting of the American Legion, G. Merle Jones Post, was held at the town hall. The roads in the vicinity of Hopevale are being scraped. These roads have been in a very bad condition for a long time. J. T. Addison of Mansfield conducted the Seventh Day Advent service at Hopevale on Saturday. Miss Jennie Loomis of Mansfield, and her niece, Miss Mildred Loomis, a recent graduate of the Washington, D. C. Sanitarium, who was her guest, also attended the service. Mrs. Anna L. Kennedy of Brookfield, Mass., spent the week-end as the guest of her uncle and aunt, Mr. and Mrs. Ames W. Sisson at their home in Hopevale. Mrs. Edith Strickland of East Hartford, a former resident of this town and a sister of Paul Coates and Mrs. N. C. Johnson, was operated on at the Hartford hospital recently. Her condition was very critical but she is reported as improving. TODAY IS THE ANNIVERSARY

GETTYSBURG ADDRESS Sixty-six years ago today, on Nov. 19, 1863, President Lincoln delivered his famous address dedicating Gettysburg as a national cemetery. Immediately after the famous battle of Gettysburg, the Confederates retreated with the Union forces in pursuit, leaving burial of the dead and care of the wounded to the military and local authorities of the state of Pennsylvania. A part of the battlefield was obtained for a cemetery and Lincoln was asked to help dedicate the cemetery by a few appropriate remarks. A distinguished orator, Edward Everett, was scheduled to make the principal address. Everett made an address worthy alike of his own fame and the extraordinary occasion, but it was forgotten in the tumult of acclaim of Lincoln's brief speech. The president's address was so pertinent, so brief, yet so comprehensive, linking deeds of the present to thoughts of the future in such simple yet exquisitely molded phrases that the best critics have awarded it an unquestioned rank as one of the world's masterpieces in rhetorical art. Prejudice Thrives Where Ignorance Hives!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE beckons all to cultivate knowledge. Tyranny, intolerance and poverty wither as schools grow in this great land of opportunity.

"toasting did it"

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation-No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N.B.C.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

QUOTATIONS

"Capitalism is a relic of barbarism, we haven't the courage to abolish."—C. J. Miller Kenyon.
"Many a young man who talked bass to his father talks tenor to his wife."—Eddie Cantor.
"There seems to be no time at all over here (America) for self-culture. You do not seem to realize at all the value of your imaginations or your senses or what it means to be alive."—John Cowper Powys, British author.
"Lawyers, you know, are supposed to spend all their time settling the troubles of other people. I spend most of my time trying to settle with my lawyers."—John D. Rockefeller, Jr.
"No boy ever became a leader without making himself a nuisance to some one—at some time."—Henry Ford.
DR. APPELLMANN DIES Osnabrueck, Germany, Nov. 19.—(AP)—Dr. Anton Appellmann, formerly exchange professor at the Burlington, Vermont University and civilian military liaison official at the American front died here today at the age of 45. He was with General Allen at Coblenz and later was a resident of New York.

A THOUGHT

I have shewed you all things, how that so laboring ye ought to support the weak, and to remember the words of the Lord Jesus, how he said, It is more blessed to give than to receive.—The Acts 20:35.
The best thing to give to your enemy is forgiveness; to an opponent, tolerance; to a friend, your heart; to your child, a good example; to a father, deference; to your mother, conduct that will make her proud of you; to yourself, respect; to all men, charity.—Mrs. Balfour.

Henry Trumbull, State Chamber Head, and E. L. Taylor, Railroad Executive, the Speakers.

The Manchester Chamber of Commerce at its annual meeting last night at the Country Club heard inspirational addresses by Henry Trumbull of Plainville, president of the Connecticut Chamber of Commerce and E. L. Taylor, industrial commissioner of the New York, New Haven and Hartford R. R. The address followed a roast beef dinner. Following the speakers of the evening reports from the nominating committee were read and the new officers for the year were elected. William B. Halsted, exchange manager of the Southern N. E. Tel. Co., entertained the gathering with tricks and magic, aptly showing the

FOLDER TELLS OF OUR TOWN

Attractive Chamber of Commerce Booklet Stresses Its Advantages.

An attractive folder that tells of the advantages of living in Manchester has been prepared as part of the Chamber of Commerce program to boost the town. The frontispiece bears the words "Come to Manchester" over a drawing in green and black, depicting people walking along a street lined with beautiful homes, spacious lawns and shade trees. Quoting from the first page of the booklet: "THE LATCHSTRING IS OUT—you are invited to come to Manchester to live!"

Towns are very much like people—some are friendly and make you feel at home right away; some are conservative to such a degree as would make you feel always a stranger. But Manchester is one of the friendly towns; our people are cordial and will bid you welcome.

The sense of "home" is deeply rooted in everyone and its broader

Some come as professional observers and some as critics. Word-mongers adore it and columnists pay the landlord on it.

At the moment, I have before me a round-up which seems to me particularly interesting since it comes from a brilliant young Hindu, Kan-haya Lal Gauba, who has incorporated it in a book titled "Mother India."

Yet Mr. Gauba seems to have inhaled only Manhattan's luxury and glitter. He forgot, somehow, the millions of tired clerks and shop girls and workers who fight for standing rooms on subways and go sweltering home toward the Bronx, Brooklyn and the suburbs.

CUBS WITHOUT QUARTERBACK FOR NEXT TOWN TITLE GAME

Dahlquist Out With Broken Rib and Stratton Will Be Absent Owing to Death of Brother; Groman and Donnelly Also on Injured List; Meikle May Play Quarter.

BY TOM STOWE

The Cubs' chances of winning the 1929 town football championship in two straight games from the Majors were dimmed considerably today with the news that neither of their regular quarterbacks, "Yump" Dahlquist or Jack Stratton, would be in uniform next Sunday.

Dahlquist is confined to his bed at

"Yump" Dahlquist

home with a broken rib and has been ordered by the doctor to remain there at least the rest of the week, his mother said this morning. Stratton also announced this morning that he would not be in uniform due to the death today of his brother, Joseph Stratton.

This leaves the Cubs without the services of a regular or even reserve signal barker. "Cody" Donnelly has had some experience at the position but he is out of the picture due to blood poison in his left arm. Johnny Groman, another possible choice for the position, hasn't recovered from his bad kidney injury two weeks ago and the doctor has strongly advised against his playing again this season.

This leaves only Tommy Meikle, ex-Windham High star, as likely selection for the important post. If Meikle is used at quarter, Coach Tom Kelley will have only four other backfield men. Ding Farr, Lefty St. John, Chuckie Minicucci and "Pop" Eagleton. St. John has only partly recovered from a very bad ankle injury.

Never before has a south end team been so short of backfield talent for a town title game be-

cause of injuries. Only one extra back is available for the game next Sunday which means that undoubtedly Kelley will workout on a couple of his linemen for backfield positions during the week. It wouldn't be a big surprise to see Pete Conroy pressed into backfield service. He is a good all around man. St. John may even be used at quarter in preference to Meikle owing to the fact that he has played the position, and is at more practice sessions, therefore knowing the plays better.

MAJORS STILL LEAD THE HERALD LEAGUE

Due to an error, all of the scores of the bowling matches in the Herald League last night did not reach the office for publication tonight but they will appear tomorrow. The Night Hawks crawled up a point on the Majors by winning four points from the West Sides while the Majors could get no more than three from the Charter Oaks. The British Americans won four from the Construction and the Centers took the Shell Gas into camp by the same margin. Visitors to the English Parliament average 5000 on ordinary days and more than 20,000 every Saturday.

Last Night's Fights

London—Primo Carnera, Italy, won on foul over Young Stribling, Macon, Ga., 4.
New York—Jack (Kid) Berg, England outpointed Eddie Elikins, New York, 10.
Philadelphia—Lew Massey, Philadelphia, stopped Harry Blitman, Philadelphia, 2. Johnny Jadick, Philadelphia, outpointed Luis Vicentini, Chile, 10.
New Castle, Pa.—Phila Tobia, New York, outpointed Erne Peters, Cleveland, 10.
Pittsburgh—Young Jack Thompson, Los Angeles, stopped Billy White, Jersey City, 8.
Santa Fe—Bade Colima, Los Angeles won on foul from Kiki Pacheco, Santa Fe, 5.
Indianapolis—Billy Shaw, Detroit, outpointed Tracy Cox, Indianapolis, 10.

HOCKEY SEASON IN FULL BLOOM

All Ten Teams In National League Swing Into Action Tonight; Springfield Wins

New York, Nov. 19.—(AP)—The biggest scoring spree of the youthful National Hockey League schedule is on tap. Tonight brings the first complete schedule with all of the ten teams playing and if the spurge of goal getting which started the season off can be taken as an indication of what is to come, the various nets will be sagging from repeated impacts of hard driven pucks before the evening is over.

In nine games so far, 63 goals have slid off the sticks of various players, an average of seven to the game. This bids fair to eclipse all scoring records of previous seasons when two or three goals was about the limit for one game. Individual scoring marks also are about to go under, with the veterans of former years showing the way. Aurel Joliat, tiny wingman of the Montreal Canadiens, already has rung up a total of six points on five goals and as assist. Cooney Weiland and Dutch Gaimor of Boston have five points each while Bill Cook of the New York Rangers and Hec Kilrea of Ottawa have four points apiece. Charley Conacher, former Toronto amateur, leads the recruits with three goals.

All of these leaders will have plenty of chances to increase their scoring marks tonight. Joliat and his Canadians go against their nearest rivals, the Montreal Maroons, in one of the night's headline battles. The other leading attraction sends the Boston Bruins, featuring their high scoring pair, against the Rangers. It is the first meeting between these two teams since the last game of the Stanley Cup series last spring, when the husky Bruins captured the world's title from a battered bunch of Rangers.

Ottawa, now leader of the Canadian section of the league plays its first game away from home, going to Detroit. Toronto, after two ties on the arena ice, likewise goes on the road, meeting the Pittsburgh Pirates who lost their first encounter to the Maroons. In the other game, New York's Americans make their season's debut in Madison Square Garden, tackling the young and speedy Chicago Blackhawks.

The Springfield Indians of the Canadian-American League opened their season with a 5 to 4 overtime victory over the Boston Tigers, last year's champions, at the Springfield Arena Saturday night before a crowd of 6,000 frenzied fans. The next home game will be Saturday with New Haven.

LEAGUE TO UPHOLD GEORGE TOPORCER

New York, Nov. 19.—(AP)—The International Baseball League will have to get along without a president for another three weeks at least, perhaps longer. Meeting here yesterday, league directors, seeking to find a successor to the late John Conway Toole, found themselves deadlocked over whether Jack Hendricks, former manager of the Cincinnati Reds, or William L. Dill, New Jersey commissioner of motor vehicles, should succeed to the office. Each was given four of the eight votes, five being necessary to elect.

Eventually the league decided to adjourn and try once more during the Minor League meeting at Chattanooga, Tenn., December 5, 6 and 7. In the mean time, the league's affairs will be looked after by Charles H. Knapp, chairman of the board. The 1930 season will open Wednesday, April 16, and close Sunday, Sept. 21, with each club playing 168 games as usual. The opening day schedule will find Buffalo at Newark; Toronto at Reading; Rochester at Baltimore, and Montreal at Jersey City.

The league voted to uphold Billy Southworth, manager, and George Toporcer, second baseman, of the Rochester Redwings in their fight against the severe penalties meted out to them for their part in a disturbance at the last game of the "Little World's Series." Toporcer was suspended for one year and fined \$200. Southworth was fined \$500.

DENY DAVE HAYES HAS BEEN SIGNED TO ASSIST DWYER

Report Was to Effect Former Notre Dame Star Would Work on Majors' Line During Week.

A report that Dave Hayes, former star end at Notre Dame, had been obtained by the Majors to assist the Coach Jack Dwyer coaching the line in preparation for the second game of the town football series next Sunday at Hickey's Grove was said to be without foundation today by Dwyer himself. "It's the first thing I've heard about the matter. I don't even know Hayes," Dwyer answered. The Majors assembled at the Community Club last night where a serious discussion was held regarding the second game of the series. Coach Dwyer outlined the faults of the various players in the opening game.

Dwyer said this morning that it would be a much different story next Sunday afternoon. He figures that his team will click next time and that his team will at last get a couple of favorable breaks. Present plans call for starting Bronkie at center, Tuminsky and Lippincott at guards, Coose and Coughlin at tackles with Crockett and McCarthy or Angelo on end. Jimmy Spillane, star fullback, is understood to have remarked that he will be able to play. However, team officials maintain that his knee injury is of such a nature that he will be unable to get into action. Billy Skoneski, Cub end who suffered a dislocated left elbow, was discharged from the Memorial hospital today.

The Cubs are going forward with their plans to end the series Sunday. There is no danger of any frame-up to lengthen the series and thus make under, with the veterans of former years showing the way. Aurel Joliat, tiny wingman of the Montreal Canadiens, already has rung up a total of six points on five goals and as assist. Cooney Weiland and Dutch Gaimor of Boston have five points each while Bill Cook of the New York Rangers and Hec Kilrea of Ottawa have four points apiece. Charley Conacher, former Toronto amateur, leads the recruits with three goals.

All of these leaders will have plenty of chances to increase their scoring marks tonight. Joliat and his Canadians go against their nearest rivals, the Montreal Maroons, in one of the night's headline battles. The other leading attraction sends the Boston Bruins, featuring their high scoring pair, against the Rangers. It is the first meeting between these two teams since the last game of the Stanley Cup series last spring, when the husky Bruins captured the world's title from a battered bunch of Rangers.

BAT TO WATCH MARTIN FIGHT

Boston Featherweight Meets Phil Verde of Rochester In Hartford Thursday.

Andy Martin of Boston and Phil Verde of Rochester will clash in the ten-round star bout at Foot Guard hall in Hartford Thursday night. Martin is the Boston featherweight who has been clamoring for a bout with Battalino. At the time of the Brown-Battalino bout at the

Hartford baseball park last summer, Dave Lumiansky, manager of both Brown and Martin, said Matchmaker Hurley had promised him the next Battalino bout for Marfin. So when Andre Routis was announced as Bat's next opponent, Lumiansky brought suit and filed an attachment on the receipts the night Battalino beat Routis for the title. Now Martin makes his Hartford debut and Hartford fans will have a chance to judge the soundness of his claim that he can beat the new champion. Bat will be present. Martin defeated Fay Kosky of Los Angeles in the star bout before a big gallery up at Boston last Friday night.

Verde has fought Bushey Graham three times and has met many of the other good boys of his weight. The aggressive Nick Christy of Bristol meets Joe Pasquale of New York in the eight-round semi-final and three preliminaries will round out the card.

Yale Looms Favorite To Win Over Harvard

Will Be 48th Meeting Between Colleges; Lehigh and Lafayette to Meet for Sixty-Third Time.

BY HERBERT W. BARKER

New York, Nov. 19.—(AP)—Two of football's oldest rivalries will be renewed on Saturday when Yale meets Harvard at Cambridge and Lafayette clashes with Lehigh at Bethlehem, Pa.

For the Blue and the Crimson it will be the 48th meeting since 1875. Lafayette and Lehigh have played 62 games since 1884.

Advance forecasts indicated victories for Yale and Lafayette. After an early upset by Georgia in the south Yale has come along at a great rate. Harvard apparently has great potential strength but the Crimson has been a disappointment this season. Of the 47 previous clashes Yale has won 27, Harvard 14, with six ties.

The balance of the eastern schedule for Saturday is made up of inter-sectional frays or else tune-up contests for the big colleges for preparation for major battles on Thanksgiving Day. One exception is the Bucknell-Fordham battle at the Polo Grounds which will bring together two of the strongest teams in the east.

Yale Works Inside
New Haven, Nov. 19.—(AP)—Driven indoors yesterday by a steady rain the Yale Varsity today was to take the field for a long practice in preparation for its final game of the season Saturday against Harvard at Cambridge.

Little Albie Booth, whose flashy play was missed in the Princeton encounter when he sat on the sidelines nursing a "Charley horse" was to be out for a workout this afternoon after a rest of two days in the infirmary. Although head coach Mal Stevens

DID YOU KNOW THAT—

One of Georgia's veteran linemen says that Bill Oglethorpe and Reeves of Florida gave him more grief than any other linemen he has met this year. . . . and you know Georgia played Yale and New York University. . . . Dan Howley says Sidney Weil, Cincinnati owner, strikes him as the sort of a man he's going to enjoy working for. . . . The St. Louis players gave Dan a wrist watch as he was going away. . . . After Rockne's team beat Stanford several years ago, a reporter asked him if it were true, as Glen Warner said, that the Stanford players had out-kicked, out-trashed, outmartined and out first downed Notre Dame. "That's true," said the Rock. "and I understand that the American League next season may decide all games on the number of men left on bases."

declined to say what his plans were it was believed he will confine the varsity's practice to signal and forward pass drill and defensive work against Crimco. plays. All regular with the exception of Booth were on hand yesterday for the black-board talk given by the coach.

Harvard Gets Rest

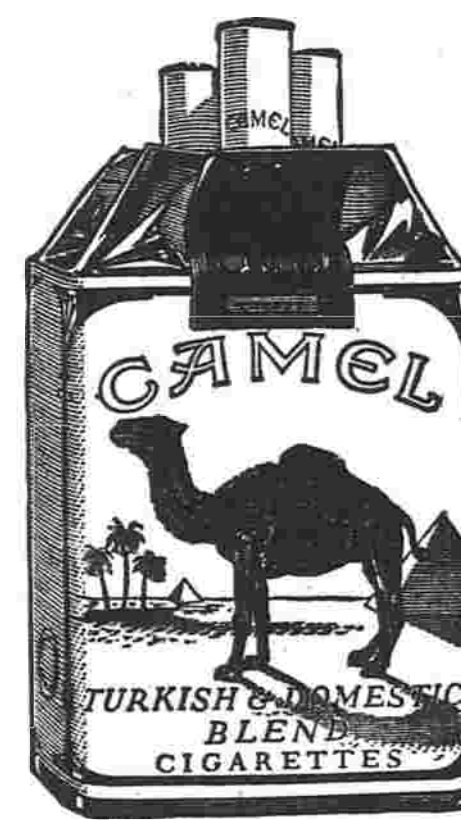

Cambridge, Mass., Nov. 19.—(AP)—Coach Arnold Horween today gave the Harvard football team a complete rest in observance of the annual "holiday" during the week before the Yale game. The Crimson players were the guests of the coaches at the Myopia Hunt Club for an afternoon and evening of quiet. With today's leisure only tomorrow and Thursday will remain for preparation for the game and drill in defense of Ell plays.

why smokers graduate to

CAMELS—

The phrase "I've Graduated to Camels" originated with a Camel smoker. It expresses the experience of millions who through Camels have learned to know real smoking pleasure.

As taste in smoking develops, it naturally leads toward better quality. New smokers may not be critical but when they once experience the true mildness and surpassing fragrance of the Camel blend, they realize that here is a real superiority. It is for smokers of such discernment that Camels are made . . . for them the choicest tobaccos are selected . . . and this quality is maintained for the millions who know genuine smoking pleasure.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

"We're through the cloud," one Tiny cried. "That surely was a wondrous ride. For just about a minute it was dark as it could be. The cloud was real damp, goodness knows. There still is moisture on my clothes, but I don't mind. It really was a dandy treat to me."
 "Me, too," cried Clowny. "But at first I sort of felt it was the worst trip we had ever taken. Then we came out in the light. As soon as I felt nice fresh air, it took away the sudden scare. Now I don't care what happens, just as long as we're all right."
 And so they sailed on through the breeze. The sled just skimmed along with ease. A bird would pass them now and then and chirp to beat the band. Once Clowny tried to grab a bird and Scouty said, "Say, that's absurd. You cannot catch a thing like that with such a tiny hand."
 "Well, anyway, don't try that trick 'cause it might not turn out so, slick," said Scouty. "Just supposin' that you grabbed a big bird's feet. 'twould lift you quick-ly from the sled. You'd better stay right here instead. I'm sure a trip to some bird's nest would not be such a treat."
 Then, for a time, the bunch sat still. Then Carpy, in a voice quite shrill cried, "Oh! Look back! I fear a cyclone's coming right this way." The whole bunch saw a dark cloud near. Of course it filled them all with fear. "Oh, my," sighed Scouty. "This is going to spoil a dandy day."
 The wind then hit the sled ker-smack and almost threw it on its back. The Tinies all spilled off but didn't fall down to earth. Each little fellow used his head and grabbed real quicky to the sled. "Don't drop, cried Scouty. "Hang right on for all that you are worth."
 (The old Goofy-goo bird helps the Tinymites in the next story.)
