Three-quarters of a century ago, in 1872, A. Montgomery Ward distributed his first little Catalogs. Since then, Wards as a company has progressed . . has grown . . . has grown great! But the basic principles of our company remain as our founder expressed them. Wards business today, as in 1872, is built on the good-will of our customers. This good-will, in turn, is based on the fact that Montgomery Ward, week-in, week-out, sells good-quality merchandise, at money-saving prices. And Wards, today, is selling more merchandise, better merchandise, than in all our seventy-five-year history.

### Watch for these Special Anniversary Savings!

will qualify for the playoffs at the end of the regular season.
Sitting in the drivers seat. Coach Johnny Hedlund of the Ba's, despite the smallest roster of any of the half dozen pennant contenders, can field a team of veteran, talented peformers.

We are looking forward, on the basis of past experiences of the players, to a two team race for first place between the Ba's and Pa's. Pagani's with George Woodend, the ex-major leaguer on the mound, could be tough but the West Sides lack the all around ability of the Ba's or Pa's.

One of the requisites of Ernie Dowd, coach of the West Sides is youth and hustle; the West Sides is gins against two upstarts, son Don and Henry Rockwell, in a special-match next Monday afternooh. It's labeled a grudge match.

Zwick, outfielder Swede Salmonson and Woodend hold the keys to the West Sides success. The team may surprise.

A host of players who have played organized bail grace the Aircraft's roster. Pop Congdon. Iggy Miller, Stan Kellis, Vic Dennis and Frank DeLucca give the East Hartford entry a squad of name players. Those close to the team feel confident that this is their year.
