THE AMAZING WATERPROOFING COMPOUND AT

CAPITOL CITY

Life magazine recently ran a feature article on Coprox in which it stated that the U. S. Army, had tested and used Coprox with unqualified success in waterproofing basements.

CCL has been appointed exclusive Hartford County distributors for this low-cost copperized cement compound that waterproofs masonry walls.

If your cellar is a damp or wet one, paint on Coprox. It forms a stonelike surface to give your home a dry basement.

The way things look now, we think it's just good common sense for you to be foresighted about your home heating.

To safeguard your family's comfort and health—we suggest that you do these two things as quickly as possible:

1. Be sure that each part of your burner is in good enough mechanical condition to operate for two to three years.

2. Be sure your fuel oil dealer is a well-established firm, with a reputation for taking care of all its customers and-most importantwith a source of supply in which you can place confidence.

We'll be glad to talk over these two points with you. We have repair parts and expert servigemen now. Our supplier of Mobilheau fuel oil - Socony-Vacuum - is one of the largest refiners of fuel oil in the world.
