By early aftersoon almost all Manchester streets were free of snow and slush although snow was still falling at mid morning. Manchester commuters to Hart-ford found road and traffic condiions nearly normal this morning. In other areas State Police at

the Cansan Barracks reported lightning had put their radio out of order, but they restored service with an auxiliary power system. A report from Wallingford said that hail had coated everything with ice and traffic moved at a snail's pace. Danbury was pelted by an inch and a half of hall fol-

owed by snow. Meanwhile the weather promised clear, cold weather late today and tomorrow.

Start yourself on the road to personal financial Independence through U.S. Defense Bonds

Through U.S. Defense Bonds and other forms of saving you can build a cash reserve. Money that will some day buy you a house or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you generally don't save at all. So go to your company's pay office-now-and sign up for regular saving and United States Defense Bond purchases through the Payroll Savings Plan.

5

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25-but as much as \$33,33! A \$37,50 bond pays \$66.66. And so on. Bankers recommend Defense Bonds as a safe investment.

There is no safer investment in the world today ... U. S. Defense Bonds!

Manchester Evening Herald

But defense is your job, too! And one of the best ways to do your job is by buying U.S. Defense Bonds regularly. Why not start now-make today your "D" Day! By buying bonds you help build the great economic strength that backs up our armed forces. And today history has taught us one lesson-peace is for the strong!

Remember, too, when you buy bonds you make one of the safest investments in the world today.

For Defense Bonds are as safe as America!
