Work on the capital-improve-ments budget is expected to be present it to the board at the same

budget.

As a preliminary to staffing the Lodge that he is proposing, in the budget that he is proposing, Martin said, is that it will allow the town to move shead, creating the capital improvements needed the capital improvements needed while on an aven scannel of the capital improvements needed while on an aven scannel of the capital improvements needed while on an aven scannel of the capital improvements needed to the capital imp the capital improvements needed administrative head of the Coc-while on an even economic keel, chester branch has announced operation.

But the program, Martin emphasized, will not be a hard and fast thing. It will be set up so that even though it will be projected six years into the future, it will be adaptable to the needs and condition of the town in any one year. Projects will be able either to be deferred or moved up in priority.

were prompted by Director Walter
T. Mahonay's proposal that \$500.000 be appropriated to take care
of all of the town's capital improvements.

Martin also told the board at
that time that he is going to ascertain whether there are any
projects demanding immediate attention. If so, these would be considered immediately and would not
have to wait, for the complete
codification of capital-improvement needs.

No Conflict Seen

There appears to be some question as to whether the development of the type of program that
Martin envisages should fall within the province of the Board of Directors or the Planning Commission, But, Martin, who was one of
the director of the new Town
Charter, does not believe a conflict in jurisdiction will result. He
said that it is his feeling that the
duties of the Planning Commission
as outlined in the charter do not
necessarily encompass the project
be has in mind.

House Paint! A special blend of pigments and oils, it actually cleans itself with every heavy rain! Normally, this "Self-cleaning" starts within a few months. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay this process. Your Du Pont dealer or painter will be glad to tell you how this "Self-cleaning" process works in your area.

Assure your home of long-lasting beauty: Insist on "Self-cleaning" Du Pont House Paint in white or popular tints. And here's another tip: On bare wood or badly weathered surfaces, start with a coat of Du Pont House Paint Primer for maximum performance of the finish coat.

For best results, ask your Du Pont Paint dealer to recommend a reliable painting contractor.

A letter received recently from Mrs. Laubach, wife of the noted authority on Literacy Dr. Frank Laubach, will be of interest to many Manchester residents, especially those who have supported the work of the local Literacy Committee. This is a town-wide Committee. This is a town-wide Committee composed of representatives from many local churches whose present objective is to raise funds for, and create sustained interest in, the World Literacy Work of Dr. Laubach They believe that this work is laying the foundation for good will and better relations between Asis and the West, thus making stronger the possibility of avoiding World War III.

Mrs. Laubach's letter follows in part:

"Dear Fellow Workers in Manchester (Dr. Laubach has already made one payment He is most grateful to you for making it possible to help get these out. They cost a little more than Dr. Laubach expected but if he has any balance left he will use

Though not always apparent to the driver, various gasolines actually do differ in performance. Industry-accepted road and laboratory tests prove that Esso Extra gives a year-'round combination of qualities unmatched by any other gasoline for 9 out of 10 cars in use today. The Extra you always get at the "Happy Motoring" Sign is the big reason why more motorists buy Esso Extra in the area served by Esso Dealers than any other premium gasoline.

*Esso Extra Gasoline is good for ALL cars, but in 9 out of 10 it will give better all-around performance all year 'round than any other gasoline.

Only a car with an engine that's poorly adjusted, badly worn, or one with unusual compression characteristics may be unable to use fully the many extra qualities of this great gasoline. See your nearby Esso Dealer today!
