You Can Lose Your License If You Fail To Comply With Connecticut's New Financial Responsibility Law

Effective July 1, 1952 all drivers and owners of motor vehicles (except Federal, State, County and City owned cars) will be required to post up to \$21,000 security if they are involved in an accident where there is a death, injury, or property damage in excess of \$100. Failure to comply with this requirement means automatic suspension of your driver's license and registration.

You Don't Have To Carry Liability Insurance, But...

The easiest way to establish financial responsibility is to carry sufficient liability insurance. If you are not insured you must be able to deposit with the Department of Motor Vehicles security equal to the estimated damage whether or not YOU are to blame . . . up to \$21,000. Liability insurance in this amount is AUTOMATIC PROOF of your ability

Be Prepared For This Law By Observing These Two Rules 1. Be protected with a minimum \$21,000 automobile liability insurance. Don't risk the

loss of your driving privileges! 2. DRIVE SAFELY at all times. Safe driving is the only SURE accident prevention.

If you have any questions about the new law we will be happy to answer them.

Rainmaking Continues To Cause Controversy

(Second and last of a two-part series on rainmaking)

By BURTON THOMPSON

Denver, May 28 (29) Rainmaking again being done on a large scale in the west, is a hot issue smong residents.

Rome believe clouds can be seed-ad with dry ice or silver lodine to increase rainfall or control hail. Giners are unconvinced. Some like we have had so many times in the past when so-called rainmakers frequently make no bones about height again the past when so-called rainmakers frequently make no bones about height smelling chemicals, and then lake credit for anything that time.
