Living With Peace of Mind

Winter or Summer—

SOMETHING'S ALWAYS SELLING!

People Keep Buying All Summer Long!

PLENTY OF CUSTOMERS! In an average week during the summer, 94% of all families are not on vacationthey're at home!

THEY NEED THINGS! For their vacation trips... for weekends ... or for just plain living-and in summertime folks live better than ever in many ways!

OPPORTUNITY KNOCKS every day of every week—June through August-if you'll simply promote the products and appeals that sell in summer . . . from fashions to outside furniture...from apples to air conditioners ... from special car checkups to savings on winter furs

BUSINESS CAN BOOM if you sell to all the folks who can possibly buy by advertising in the medium that folks never stop needing.

People Keep Reading Newspapers All Summer Long!

NO SUMMER REPLACEMENT for the Newspaper! People keep buying the paper and reading it—as much in July as in January! See the chart below. It shows how a year's total of weekday newspaper circulation is divided by each month of the year . . .

JUST ABOUT EVERYBODY reads the newspaper ... just about every day.

WHENEVER THEY WANT-any time of day or night, at home, in bus, or train, or car.

AS MUCH AS THEY WANT—quick headline or full story . . . in pictures and words that can't be doubted or denied . . . that can be clipped, kept, reviewed, compared.

IF YOU WANT SALES ACTION all summer long, insist on advertising in the medium that reaches all your customers all summer long!

(The newspaper is always "first with the most"

Green Thumb Tip

Gardening can be so much fun to some people and just a lot of extra work to others. It all depends upon the individual himself. Picture two gardens alongside of each other. One is under the careful eye of an old hand at gardening while the other is the first crop for a youthful aspirant in the home growers trade.
