

Reds Bar War, Gromyko Says

London, Jan. 29 (AP)—Soviet Foreign Minister Andrei Gromyko said today the rising might of the Communist bloc has made a new world war most probably impossible.

Gromyko told the 21st Soviet Communist Party Congress that the forward movement of Russia's industrial progress had impressed the West with communism's desire for peace and had stabilized the international situation.

"The strengthening of the might of the Soviet Union and the countries of the socialist camp makes the unmaking of a new world war risky and most probably impossible."

"If the socialist system were to give this guarantee of the impossibility of a world war, this alone would mean the death-knell for reform capitalism."

At the same time Gromyko said plans to arm West Germany with atomic weapons held a danger to peace. He declared the most important aspect of the German problem were the signing of a German peace treaty and liquidation

Judge Refuses To Dismiss TV Influence Case

Washington, Jan. 29 (AP)—Judge Burnita S. Matthews refused today to dismiss an indictment accusing Richard A. Mack and Thurman A. Whiteside of conspiring to influence the award of a Miami television permit.

He hinted that Russia might be preparing to sign a separate peace treaty with East Germany.

"The Soviet Union is ready to day to reach agreement on the German question," he said. "But if such agreement is not reached, and that will not be our fault—then the Soviet Union and other Socialist countries will search for other ways of solving this question."

Gromyko warned the West not to think the Soviet Union would be left high and dry if there was no agreement with the West on the future of West Berlin.

In that event, he said, "the Soviet Union—according to its agreement with the German Democratic Republic—would implement certain outlined measures."

Gromyko took the line that Russia's 7-year plan for economic advancement was "definitely not a mendacious imperialist propaganda."

"We are those who have drafted such a 7-year plan, and we are those who do not want war," he declared.

Food-for-Peace Drive Planned by President

Washington, Jan. 29 (AP)—President Eisenhower announced today for a food-for-peace drive aimed to turn farm surpluses into a major new weapon for the free world's arsenal.

The project was disclosed in a special farm message to Congress which otherwise renewed with fresh emphasis the President's call for lower price supports. Eisenhower said that would cut down overcosts through market place sales and reduce federal farm outlays.

Eisenhower said present price support programs are "excessively expensive" and crop control programs don't work.

"The food-for-peace plan came up in Eisenhower's discussion of efforts to find expanded markets and new outlets for farm products."

"In these efforts there is an immediate and direct bearing on the cause of world peace," Eisenhower said. "Food can be a powerful instrument for all the free world in building a durable peace."

Eisenhower related that in the last four years this country has provided 14 million food-crops nations with \$4 billion worth of farm products through special export programs. He went on:

"I am setting steps in motion to expand with other surplus-producing nations all practical means of utilizing the vast agricultural surplus of each in the interest of reinforcing peace and well-being of friendly peoples throughout the world—in short, for food for peace."

There was no expansion of the "parallel idea" of surplus commodities in Congress. Democratic criticism of the administration at the Capitol has been missing the chance to use its surplus to promote American interests abroad as well as to aid backward areas.

Citing the big accumulation of surpluses and the large outlays of federal funds on farm programs, the message said "the need to reduce the incentives for excess production has been explicit" in the

Bill Seeks to Insure School Integration

Washington, Jan. 29 (AP)—Sen. Paul H. Douglas (D-Ill.) and 14 other Senators joined today to introduce a sweeping Civil Rights Bill aimed at insuring integrated schooling.

The measure is the same bill Douglas sponsored before the Senate in the last session of Congress. It would authorize \$200 million of federal funds for a 3-year program of grants to speed racial integration.

In a Senate speech prepared for his introduction, Douglas called the bill meaningful and constructive, but said the results of his recent efforts to curb the filibuster he undoubtedly dimmed the outlook for the passage of such a measure.

Fears Filibuster

The threat of a filibuster was used to weaken the 1957 Civil Rights Bill, Douglas said, adding: "I fear it will be used again."

Douglas led a campaign this year to cut from 65 to 50 the number of senators required to choke off a filibuster. In addition, Southern members have frequently used to kill civil rights legislation. Instead, the Senate changed its rule to require a vote of two-thirds of the Senators present and voting.

The purpose of the bill was summed up by Douglas as:

"First, to declare and accept federal legal and moral responsibility for implementing the constitutional requirement of desegregation.

"Second, to provide vitally needed federal technical and financial assistance and federal leadership to states and local com-

Cuba Disputes Asylum Grant To 'Criminals'

Havana, Jan. 29 (AP)—Cuban Foreign Minister Roberto Agramonte planned to meet today with chiefs of Latin American diplomatic missions in what may be an attempt to settle a growing dispute over the legal processes against the so-called "war criminals" in the Havana area.

The dispute is centered on a near standstill in the port city of Manzanillo yesterday a general strike was held to protest the acquittal of a soldier in ex-dictator Fulgencio Batista's army. Leaders of the demonstration charged the revolutionaries with "letting loose" the "war criminals."

No new executions were reported yesterday.

They are known to be under death sentences in various parts of the country. The total number of those executed since the rebel took power is 257.

Washington, Jan. 29 (AP)—Paul Dorfman, ousted Chicago labor union official, refused today to tell Senate subcommittee whether he provided a contact with the underworld for Teamster boss James R. Hoffa.

He also refused to say whether his associations with Hoffa and with Chicago mobsters figured in Hoffa's routing of the Chicago medical insurance benefits of rank and file Teamsters union members while boosting their insurance premiums.

Hem 2 Inches Below Knee House of Dior Plumps For the Natural Line

Paris, Jan. 29 (AP)—The House of Dior plumps for the natural line to make it unanimous. His skirts are about two inches below the knee.

After geometric figures, the silhouette frees itself, designer Yves Saint Laurent announced. "Line is lost in favor of a style."

The line, as young as the man who designed it, is small waisted, tightly belted and Bertha collarless.

There is a strong naturalistic influence in accented mid-thigh, filled in with modesty.

Blue Top Color

Slim suits have jackets that just hit the top of the hip, often with a 2-piece dress instead of a one-piece dress. Next most popular style are Chinese-type sheath-dresses with high ruffled necks. Blue in all shades is a top color. The collar that is a trademark of the collection is a wide, flat, off-the-shoulder circle, bearing a generous oval neckline.

Such models as "Sunday School," "monocline," "Vivi to Grandmother" and "Birthdays" give a clue to the mood of the front row.

Watching from the front row and applauding with the enthusiastic audience, was Mrs. Lucienne Saint Laurent, mother of 22-year-old designer Yves. She is young, pretty and slim enough to be one of her son's mannequins as he wears a belted blue ensemble which might have been part of the collection.

The shrillness dress is a plum-colored and gives a new twist to the cross-over. Rich bodices like Grady's little black to hold off the shoulder Bertha, often in fresh white.

President Bids To Repair Rift In GOP Ranks

Washington, Jan. 29 (AP)—President Eisenhower bid for party unity in Congress at a "White House breakfast" today with key Republican Senators.

Over bacon, ham and eggs, Eisenhower and 15 GOP Senators "threw the new measure" forth and discussed everything including the weather.

Sen. George Aiken of Vermont reported that he will need their support.

Three other sponsors of the bill participated in the news conference.

Sen. Jacob K. Javits (R-N.Y.) said the purpose of the bill is to "bridge" anybody who is struggling "the position of the moderates in the South who want to do something about civil rights."

Sen. Joseph S. Clark (D-Pa.) termed the new measure a "moderate" bill, and said there is a need for it in terms of foreign opinion.

"This will be a long step forward in refurbishing the moral position of the United States throughout the world," he said.

Sen. Gordon Allott (R-Ohio) said it is plain that in some areas of the country there is no cohesion of the Republican leadership in the Senate and Kuchel is his assistant.

The White House said in advance of the breakfast that it was arranged for a discussion of the administration's legislative program. But several of the Senators who attended reported there was little talk of serious business.

The good fellowship carried over into the House doorman after the meeting. Wearing a gray hat but no overcoat, the President joked with his guests as photographers got pictures of the group.

When Eisenhower linked arms with Sen. Alexander Wiley of Wisconsin, Wiley chuckled and remarked: "Oh boy, wait 'til mama sees this!"

Although the Senators represented all shades of party opinion,

ROK Receives Biggest Total Of Aid by U.S.

Washington, Jan. 29 (AP)—President Eisenhower has stripped the secrecy label off the economic aid commitments to South Korea totaling the list with \$221 million in the year ended last June 30.

Communist-chaired Viet Nam ranked as the second biggest recipient with \$154 million. India was awarded \$140,000,000, the third biggest amount, but also got an additional \$25 million in loans and surplus farm products from other government agencies.

Eisenhower disclosed the country-by-country breakdown in a four-page report yesterday to Congress. Authorities said it marks the first time since the government launched foreign aid programs in 1945 that individual economic aid allocations were disclosed.

Eisenhower gave no reason for ending the secrecy.

"Now more than ever," Eisenhower said, foreign aid is the best way to stop the Communist drive to subvert underdeveloped countries.

He said the threat of communism in the Far East is greater now than it was 10 years ago, and that the cause of our opponents are more powerful and their tactics more subtle.

The cost of providing guns and military equipment to friendly nations exceeded economic aid during the 12 month period. Military allocations amounted to \$1,900,000,000 compared to \$1,400,000,000 in economic assistance. There was no breakdown of the amount of military aid.

The fourth ranking recipient of U.S. aid is Greece.

Items are listed as follows: 3,250 dwellings, 11,289,740; 2,383 barns, sheds, and garages, \$720,685; 6,311 house and building lots, \$7,765,590; 212 commercial build-

President Bids To Repair Rift In GOP Ranks

Alton said in reply to a question that he observed no disagreement at the breakfast.

"Everything was harmonious," Alton said.

Sen. Francis Case of South Dakota reported that he and his colleagues had a purely informal discussion of current topics with Eisenhower.

The breakfast is one of three meetings Eisenhower plans with congressional Republicans. The others, tomorrow and Tuesday, will be with House members.

He told a White House news conference yesterday that as a middle rider, he is resigned to taking criticism from both sides. His statement was taken as indicating it won't reply to attacks from either side.

Substantiating this interpretation, Sen. Harry Goldwater (R-Ariz.) reported that there has been no outward change in Eisenhower's attitude toward him despite the Senator's sharp criticism of administration policies in a message to Congress last week.

Goldwater, a Conservative who leads the Senate Republican Policy Committee, has visited the White House twice this week, once for a social affair and once on official business.

"The President was cordial to me, as always," Goldwater said. "When Eisenhower was asked about Goldwater's demand that the administration quit copying the 'New Deal,' the President replied he wasn't copying anything except what he believes are 'basic principles of Americanism.'"

The President quoted Lincoln's words that "the proper function of government is to do for people those things they cannot do at all or not so well do individually." But he let them for a latitude of opinion within the party by observing that people can come up with "some different answers" on how to apply this principle to modern problems.

West opened the queen of hearts, won in dummy by the ace. Aaron Frank, of Cleveland, playing the South hand, set sure that East had four trumps headed by the queen-jack.

On the chance of finding a singleton eight or seven in the West hand, Frank led the ten of spades from dummy.

East covered unceremoniously with the jack of spades, and South won with the king. Unfortunately, West's singleton was the lowly deuce.

Trump Coup
The only hope was a trump coup. The idea is to shorten your trump by ruffing. Eventually your opponent has too many trumps for his own good.

Frank led a club to dummy's Jack and ruffed it. He led another club to the ace and ruffed another heart. This was as far as he could go in this direction.

Declarer, continuing hopefully with his clubs. He knew he was home when East had to follow suit to all of the clubs.

Frank then got out of his hand with a diamond and waited for poor East to get into trouble. It wasn't long in coming. East followed suit to only two rounds of diamonds. Then he had to ruff.

This left East with only two cards, the queen-8 of trump. Dummy had the 8-3 and South had the A-6. No matter what East led, he couldn't make another trick. Declarer lost only two diamonds and one trump, making his doubleton hearts active duty.

5 Youths Killed In Auto Crash

Cocoa Beach, Fla., Jan. 29 (AP)—Five 18-year-old boys were killed and two others injured critically early today when their automobile smashed through a pipeline barrier on a beach.

Patrick Costello and Kenneth Gooper, the two who survived the crash, were taken to hospital at Orlando, some 50 miles away, where their conditions were described as critical.

The dead—some of them partly decapitated by the violent impact—were identified as Kenneth L. Gardner, James E. Weaver, Richard C. Koeniger and Nick H. Morgan, all of Orlando, and John C. Fiqueroa, owner of the car.

Gooper, the son of a U.S. Army aviator, was discharged from the army after six months active duty.

The roof of the car was sheared off as it rammed under the barrier. The pipeline, which stretched some 70 yards across the beach, was 18 inches in diameter.

Henry said the car apparently was traveling at 25 to 30 miles an hour when it hit the six inch thick pipeline. The roof of the sedan was sheared off by the collision.

The accident occurred about a mile north of Patrick Air Force Base, the administrative headquarters for the Cape Canaveral missile launching site.

The pipeline, attached to stout steel pilings, was used to funnel in ocean water for use in construction of a sea wall for a motel at the beach edge.

Church Study On Missions Nears Finish

A School of Missions study program under the auspices of the Second Congregational Church of Coventry, will be completed Sunday.

Deaths Last Night

East Lansing, Mich.—Dr. Eugene Lucas, 62, a horticulturist on the staff of Michigan State University died Wednesday of a heart attack. Lucas was in the third year of his 4-year project seeking to find out whether an apple a day could keep the doctor away. He had established the services of 300 University students and proposed to compare their health records with 500 non-apple eaters.

Washington—John H. Bruner, an official of the Friends of the Middle East, died Wednesday in Tehran, Iran, where he has been stationed since November, 1958. A spokesman for the organization in Washington said he died of a paralytic polio.

Houston, Jan. 29 (AP)—Mrs. 78, retired Rhode Island manufacturer, died Wednesday apparently of a heart attack. He retired last year after selling his rubber products plant in Pawtucket.

Your Income Tax Primer

By RICHARD A. MULLEN
 (Fourth of 12 Chapters)
 Writing for New Services
 Reporting income from salaries, wages, dividends, or interest is generally easier than filing out most other parts of the tax return. Nevertheless, puzzling questions may arise.

For example: What should you do if you lose the Form W-2 furnished by your employer? Should you report the 1958 interest on a savings account which was earned in 1958 but not entered until 1959?

These and other questions about reporting the above income items will be covered in this article of the Primer.

If your employer was required to furnish you with a statement—Form W-2—showing the total wages he paid you and the taxes withheld during the year, you should receive a Form W-2 (in duplicate) from each employer you worked for during 1958. One copy of the form must be attached to your return and one copy is for your file.

Ask for Duplicate
 If you happen to lose a Form W-2, don't think that you have an excuse for not reporting the income shown on the form to your employer for a duplicate copy.

If tax was not withheld from your salary or wage, ask your employer how much he paid you during 1958 or keep a record of the amounts paid to you on separate lines opposite each employer's name. Married couples received direct from customer and wages as a domestic worker or casual laborer on Defense, War and Savings bonds in either of two ways:

First way: Ignore the interest until you cash the bond, and then report as interest the entire difference between what you get and the face value of the bond. This is the easier way.

Second way: Report the interest each year as it accrues. The amount of accrued interest is calculated from the table on the back of the bond. It is the difference between what you paid and what you could cash the bond for on Dec. 31, 1958. Subtract from this any interest you reported from these bonds on previous returns and report the remainder as interest for 1958. Once you start using this method, you cannot change your first getting permission from your District Director of Internal Revenue.

50 Applies Separately
 In noncommunity property states, the 50 exclusion applies separately to the individual dividends of husband and wife. This means if all the stock in a dividend stock held in both names are divided equally in computing the exclusion.

The exclusion can be claimed on either Form 1040 or Form 1040-A. If you file on 1040-A you show in item 8 the dividends which exceed the exclusion. On Form 1040, you report all taxable dividends and then attach the exclusion on line 3 of Schedule A.

In addition to the dividend exclusion, the law permits you to subtract from the tax you would otherwise owe, a credit equal to four per cent of the dividends of the exclusion. This credit cannot be claimed on Form 1040-A, so do not use this return if you have dividends in excess of the 500 exclusion.

Computing Credit
 The easiest way to compute the credit is to fill out Schedule J of Form 1040, being careful to follow the directions on each line. Note that the credit cannot exceed the tax that would otherwise be due from you, or four per cent of the taxable amount.

And remember, the dividend credit or exclusion does not apply to dividends from foreign corporations, including Canadian corporations or from mutual savings banks or building and loan associations. Dividends from the latter corporations are reported in line 3 of Schedule A, Form 1040. All taxable interest must be reported in Schedule B on page 2 of Form 1040 or in line 6 of Form 1040-A. Most interest is taxable. However, interest on bonds or securities issued by a state or local government is not taxed by the Federal Government. Also, the interest on many United States bonds issued prior to March 1, 1941, is wholly or partially tax-exempt.

If you have any such bonds, read the section under "Interest" on page 11 of the official instructions.

You must report interest on the

Quiz on Dividends and Interest

Check which you think is the correct answer and then compare with the answer below.

1. In 1958 you received dividends of \$110 on General Electric stock held jointly by you and your wife. If you file a joint return, how much of these dividends can you deduct from income?

A. \$100
 B. \$110
 C. \$55

2. Same facts as 1. above. What return form should you use for 1958 and why?

A. Form 1040, because you are entitled to a dividend credit on the dividends exceeding your exclusion of \$100 and this credit can be claimed only on Form 1040.
 B. Form 1040-A, because you are entitled to a dividend credit on the dividends exceeding your exclusion of \$100 and this credit can be claimed only on Form 1040-A.

ANSWERS: 1-A, 2-A, 3-B.

Death Ruled Slaying

Hartford, Jan. 29.—Coroner Louis W. Schaefer today held that the death of Edward J. Pulizer, 32, of Bristol on New Year's Eve was caused by his companion, Edward T. Fuller, 32, also of Bristol, who confessed the slaying, according to Bristol police who has taken on the county jail since Jan. 1.

In an inquest report yesterday, the coroner said Pulizer and Fuller were drinking together on New Year's Eve, west of Bristol, when Pulizer was killed by a blow to the head on the floor, followed by a blow to the neck which "gave it a quick twist," Schaefer reported.

Lake St. School Will Have Gas Heat Despite Protests

The Lake St. School building gas heat in the new building as originally planned despite some opposition.

However, additional controls and safety devices will be installed, permitting only low pressure gas to enter the building. Mrs. Ethel Pines, secretary, explained that the amount of gas entering the building for heating purposes will be no greater than the amount now entering other school buildings for cooking purposes.

Admitted yesterday: Celeste Nason, 15 Vernon Center Heights; Julia Sojka, 23 Lawrence St.; Lawrence, 23 Mountain St.; Stephen Williams, West Wallingford; Cheryl Casavant, Toland, Tpk., Buckland.

Discharged yesterday: Olive Klier, Hartford Tpk.; Mildred Cicchowski, 66 Union St.; George RFD 2.

Birth today: A son to Mr. and Mrs. Edward Kayan, RFD 3, Vernon.

The committee released a statement today containing its decision and its reasons for the decision. The committee met Tuesday night, and reconsidered gas heat in the light of objections presented early this month at a meeting of the Rural Vernon School Assn.

The statement explains that additional controls, and safety devices, the codes and regulations already met, will be installed because of the committee's concern for public feeling. "These controls and devices are regulated in such a way that the gas exceeds the normal heating requirements when the building is not instantaneously stop the flow."

Parents Reassured
 "The committee states that parents who have expressed concern," stated by Mrs. Pines, "are assured that the school is not in any danger of presenting its arguments against gas heat but this committee feels that it must rely on the unbiased technical information they have received in making their decision. The majority of members are parents and the committee are parents likewise and it would be foolhardy for anyone to believe that the welfare and safety of the pupils to attend this school were not given serious thought and investigation."

The committee stated that gas heat is "neither new nor an experiment as there are already several schools in Connecticut being heated by gas and in our school systems we have gas piped to and through school buildings for utility purposes."

Many stringent requirements and regulations of local boards, the State Department of Education, the State Fire Marshal's office, and insurance companies must be met before a school building can be heated by gas, and it is the committee's belief that these requirements will be met.

"Those who have to pass judgment on a project of this type have had considerable experience backing up their decisions, as well as those from whom they obtain their initial information."

No further action was presented to the committee which had not been considered before, according to the statement.

"We feel that the complete conclusion of the school building reached by following the most careful and safest methods throughout."

File Start Dinner Drive
 The Rockville Lodge of Elks has swung into action in its seventh annual campaign for the March of Dimes.

The annual March of Dimes dance will be held Feb. 28 at the Maple Grove. Tom Paige's five-piece orchestra will play for the evening.

All receipts from gasoline sales and car wash jobs on Feb. 22 at Peter Teal's service station at the East Union St. will be turned over to the drive.

The Elks have mailed out 5,000 envelopes to residents in the greater Rockville area, and each card has been placed in Rockville stores and clubs. Members ask that anyone who does not have an envelope, to mail contributions to the March of Dimes, 100 Broad St., Kennelizer, Box 247, Rockville.

The drive will also be conducted by the Elks house of prayer and plans for the annual Mothers' March and the food sales are being formed.

Assault Charged
 Two brothers were charged with assault after police were called to their home at 14 Laurel St. about 8 p.m. yesterday.

Thomas F. O'Brien, 25, and William M. O'Brien, 25, were released under \$50 bonds each for appearance in Rockville City Court Monday. Police said the brothers had a disagreement, resulting in their arrest.

Paper Suggests Sen. Green Quit Committee Post

Providence, R. I., Jan. 29.—The Providence Journal today called on 81-year-old Sen. Theodore Francis Green (D-R.I.) to quit as chairman of the Senate Foreign Relations Committee because of his age.

The Journal, an independent newspaper, said in an editorial that "a delicate question is raised by the criticism, being directed at Green's continuance as chairman, but adds:

"The fundamental fault in putting a nonagenarian in such a position of personal power and responsibility, where the need for physical and mental vigor should be obvious, belongs to the seniority system in Congress."

The editorial said "The time has come to ask frankly that Sen. Green can perform a final and unique service by stepping down as chairman of the Senate Committee on Foreign Relations."

The committee over which he presides, in a heavily Democratic Congress no longer has the physical capacity, the mental vigor or the respect of members from Massachusetts as the national interest demands.

Radio in Clothes Snags Blackmailer

Hartford, Jan. 29.—A convicted blackmailer must rely on his wits to get away by putting "I" threats in the radio.

State's Atty. Albert E. Hill said the convicted man, Arthur K. Archambault, was a member of the Radio in Clothes Snags Committee and he was trying to extort \$2,500.

Archambault threats were made to his probation officer, Robert Hursey, who told Hursey that the probation officer and jail inmates were going to have their wives and girlfriends claim Hursey was making improper advances toward them.

As Archambault was saying these things to Hursey last night, Hill said, words were being picked up by a hidden transmitter that Hursey was wearing.

Listening in at a distance were state police who had been alerted earlier of Archambault's scheme.

After the arrest, Archambault admitted the defamatory plot was just something he had dreamed up.

RIAM Snaps Cheney Tech Win Streak, 46-35

Full Court Press Stops Locals Cold

By PAT BOLDUC

Inglu passing, excessive dribbling, especially in the backcourt, and a full court press were prime factors in Cheney Tech's 46-35 loss to R.I.A.M. yesterday afternoon in the high school basketball game.

Cheney Tech, coached by Coach J. D. Anson, had snapped its club's eight game win streak with this defeat. There is no point in blaming the boys who were guilty of their worst ball-handling of the season. It's simple as that.

While seeing their three-quarterly streak come to an end, the Rangers also saw their State Tournament hopes slip to a great extent. The locals now need to win their next two games to make the Class C field. All hopes for a fourth berth in the State Tournament are now gone.

Coach Clyde Washburn's Hibron squad was held to a 2-1 record in its last seven games. The team lost to the Class C Tournament next month. Yesterday's victory was the first since the start of the season.

Although they encountered a bit of rough luck on several occasions, the Rangers were still forced into numerous mistakes which were the winner's loss but effective press. Behind 12-19, Cheney suddenly got back into the game by shooting four in a row.

Cheney's full court press was the key to their victory. It forced R.I.A.M. into a 10-7 advantage at the start of the second half.

Trotters Booked Behind 'Curtain'

San Francisco, Jan. 29 (AP)—After seven years in the Hartford Globehoppers have "cracked the iron curtain."

They will play four exhibition games in Poland next July, under the Superstate announced last night.

Saperstein said he had received a cable from M. Kozlovski, president of the Polish Basketball Federation, confirming the agreement.

The All-Negro team will play Warsaw July 8 and in Krakow on July 7 and 8.

Saperstein said the Globehoppers had played in Yugoslavia during the past few years but would be the first to play in a Soviet Union Satellite.
