

Civil Rights Stalls End Of Session

Washington, Sept. 14 (AP)—Congress edges its way toward possible adjournment today with friends and foes already appraising its legislative record.

If Southern opponents halt their attack on a rider extending the life of the Civil Rights Commission, the Senate may be able to complete action on a \$3,281,813,000 Foreign Aid bill it approved in substance Saturday.

But there was no terminal hour on the Dixie verbal onslaught against the commission, nor on the potential counter-threat that Northerners might push for stronger Civil Rights legislation this year.

The House, standing by was ready for efforts to compromise the bill with over \$1,386,900,000 in overruns assistance. Once this was done the weary legislators could go home.

Money items for foreign aid and for miscellaneous unrelated items already have been tentatively decided by the Senate. It rejected Saturday night all efforts to change the appropriations recommended by its committee.

Two efforts by Sen. Allen J. Ellender (D-La) to trim foreign aid funds were defeated. A 53-37 roll call vote rejected a proposed \$10 million cut in military aid funds, and a voice vote beat a \$50 million cut he proposed in economic help for nations maintaining large defense forces.

Also defeated, by a standing vote, was a proposal by Sen. Jacob K. Javits (R-N.Y.) to vote this year.

Dodd Trades Insults with Sen. Fulbright

Washington, Sept. 14 (AP)—A bitter verbal exchange between Sen. Thomas J. Dodd (D-Conn) and J. William Fulbright (D-Ark) was expunged from the Senate record.

The two senators made the remarks about each other in the Senate last night before a vote to earmark \$50 million in the foreign aid bill for Spain.

Dodd was supporting the amendment over Fulbright's opposition. The Connecticut Senator said he thought it odd that Fulbright had raised a point of order against a provision for aid to one of America's allies against Communism, and also had tried to roll out another provision expressing Congressional opposition to seating Red China in the United Nations.

Rising from his seat, Fulbright turned toward Dodd and asked whether he would let the Senate vote "the \$5 million for Guatemala."

"He knows about it," Fulbright said. Dodd said he had offered an amendment to a bill to provide aid for Guatemala while he was a member of the House.

"Was the Senator from Connecticut related by kinship to any Guatemalan?" Fulbright asked.

Ike, Aides Discuss Khrushchev's Visit

Washington, Sept. 14 (AP)—President Eisenhower and other top government officials today discussed all aspects of the historic talks Eisenhower will start tomorrow with Soviet Premier Nikita S. Khrushchev.

The president conferred for 75 minutes at the White House with Secretary of State Christian A. Herter, Secretary of the Treasury Robert B. Anderson and Lewis J. Thompson, U.S. Ambassador to the Soviet Union.

Several other state department officials also sat in. Meeting about 24 hours in advance of Khrushchev's scheduled arrival in Washington, the president thoroughly explored strategy for the Eisenhower talks with the Kremlin leader.

Eisenhower and Khrushchev are scheduled to meet at the White House tomorrow afternoon for their first discussion, for which 90 minutes has been set aside.

That will be shortly after the Communist chief arrives, packing the prestige of Russia's new scientific achievement, the weekend bulls-eye shot to the Moon.

In response to questions, White House Press Secretary James C. Hagerty described today's meeting as a general type of session "that the president and the people in the government have prior to the visit of any foreign official."

Hagerty added that the discussion "included all aspects of the upcoming visit, not only procedural but topics to be discussed by our side."

While American scientists congratulated Khrushchev on its apparent spectacular success in landing a space capsule on the Moon, official Washington seemed unperturbed by the event. The space shot was clearly timed to glorify Soviet scientific and industrial prowess for Khrushchev on the eve of his American trip.

Nevertheless, this new "first" for Soviet science in the space race seemed certain to get some attention in Eisenhower's meeting with Herter and Under Secretary Douglas Dillon on plans and preparations for Khrushchev's visit.

At the capitol meanwhile members of the Senate Foreign Relations committee were working on their own preparations for entertaining Khrushchev at an hour long tea party Wednesday afternoon. They want to find out "what kind of man he is," said Chairman (Continued on Page Seven)

Red's Talk To Keynote UN Session

United Nations, N. Y., Sept. 14 (AP)—The U.N. General Assembly convening tomorrow looks to a speech by Nikita S. Khrushchev for an indication whether it will be "cold war" or "reconciliation" session.

The 23-nation body, meeting on the very day that the Soviet Premier arrives in Washington for his 13-day visit to the United States, has on its schedule a speech by Khrushchev Friday. A visit to the assembly by President Eisenhower will follow later in the year.

The prospective agenda of more than 70 subjects includes an Indian dispute, Communist China, the Algerians' fight for independence from France, the future of a million Palestine Arab refugees and questions of nuclear and conventional disarmament.

The body is all set to elect Victor Andres Belaunde, 77-year-old Peruvian lawyer-teacher-diplomat, as its president soon after starting its 14th annual session which is expected to continue for three months.

After speaking to the assembly at 2 p.m. EST Friday, Khrushchev will be Secretary General Dag Hammarskjold's guest at a dinner that night at an official dinner for about 180 persons. At the dinner will be heads of permanent U.N. delegations and cabinet ministers here for the Soviet Union.

Diplomats are looking to his address on hints on how far he may go toward reaching an agreement with the West, and what he might do toward inducing Communist China to settle her border dispute with India.

The first debate on world issues is expected in the 21-nation steering committee, which will meet probably Wednesday and choose items from the program to be discussed in the plenary session of the assembly.

Despite the Chinese-Indian frontier squabble, India has pressed her July 13 request that the Assembly take up the issue.

Miss America Sees Duty to Set Example

Atlantic City, N. J., Sept. 14 (AP)—The new Miss America says she thinks it is her duty to "educate herself, to make herself as wholesome as possible so as to set an example for the women of America."

So spoke 20-year-old Lynda Lee Mead of Natchez, Miss., yesterday. She won the title Saturday night, and she is expected to receive a \$75,000 scholarship and the possibility of earning about \$75,000 from personal appearances.

Miss Mead, a junior at the University of Mississippi, intends to return to school after her year as Miss America is over, then go on to get a master's degree in English.

Red Shot Gets Praise On Eve of U.S. Tour

World Hails Flight, Sees Political Aim

London, Sept. 14 (AP)—Much of the World today hailed the Soviet Union's announcement of a moon hit as a great scientific achievement, but many people are terribly interested in it. He commented just before flying to New York for the U.N. General Assembly meeting.

In Paris, Le Parisien said the experiment was specially timed for Khrushchev's departure for the United States.

"In the coming talks (between Khrushchev and President Eisenhower) it is certain that the efficiency of Russia's rockets, their maneuverability and precision of guiding will add much to the prestige the Russians, Le Parisien said.

Prof. Alfred Lovell, head of the world's largest radio telescope at Jodrell Bank, England, termed the rocket's flight a "brilliant demonstration of the advanced state of Russian technology."

The chairman of the British Royal Society, Prof. Harold Massey, also thought it was a magnificent performance.

"They seem to have guided it very accurately," Massey said. "It is marvelous."

Kenneth W. Gatlund, vice chairman of the British Interplanetary Society, said the Russian Rocket probably was "twice as powerful as the Atlas rocket now being tested in the United States."

Heinz Gurtman of the West German Society for Space Research said the experts were not surprised.

"New surprises will be gained only by manned rocket," he declared.

Louis Rivera Terraza, assistant director of the Tonanzintla Observatory at Puebla, Mexico, said the "arrival of the rocket on the Moon" was a "great event."

Laos Rebels Massing Near Royal Stronghold

Vientiane, Laos, Sept. 14 (AP)—Large-scale Communist troop movements were reported today between the North Viet Nam border and the northern Laos defense headquarters at Sam Neua.

A military communique said government patrols had discovered a large movement of guerrillas of the Laotian Communist Pathet Lao Party in a wedge-shaped area 30 to 35 miles north and east of Sam Neua.

The communique said there had been no fighting, indicating that patrols withdrew as soon as the rebels were spotted.

There was speculation here that units involving only Pathet Lao guerrillas may be regrouping for another drive toward Sam Neua.

One purpose of such a rebel-only drive could be to try to convince U.N. observers that fighting in the north of the tiny Asia kingdom was purely a civil war and that Communist North Viet Nam was not involved.

Previous reports from Sam Neua headquarters said North Viet Nam troops allegedly fighting alongside the rebels began withdrawing to North Viet Nam as soon as the U.N. announced it was sending a fact-finding committee to Laos.

The committee was appointed by the Security Council at an emergency meeting in New York last week. It consists of observers from Japan, Italy, Argentina and Tunisia.

The first group of observers is scheduled to arrive here tomorrow and meet at once with Laotian officials.

American officials in Bangkok, Thailand, were reported trying to charter helicopters to fly the U.N. probes to the isolated, roadless northern areas.

"If they want to find out the facts that is where they should go," said Acting Foreign Minister Siouk Na-Champassak. "That is where the interventions and aggressions have occurred."

At Sam Neua, Gen. Amkha Soukhang said he was prepared to fly observers to the government defense-line ranging from 12 to 20 miles inland, the border with Red North Viet Nam.

Some members of the committee have been quoted, however, as saying they did not intend to go to the front.

Labor Control Law Signed By President

Washington, Sept. 14 (AP)—President Eisenhower today signed into law the bill regulating internal affairs of labor unions and limiting their boycott and picketing activities.

The measure, a landmark of the 1959 session of Congress, represents one of Eisenhower's most important legislative triumphs. It contains Taft-Hartley law amendments he insisted were essential to any effective bill.

The new law is designed to curb racketeering and other abuses in some unions spotlighted in Congressional investigations.

The law also puts new restrictions on organizational picketing by unions and on secondary boycotts.

A secondary boycott is one directed at an employer with whom the union has no direct quarrel.

The AFL-CIO contends these Taft-Hartley changes will weaken Labor's legitimate economic powers. Employers argue that the boycott and picketing weapons were abused by the teamsters and some other unions. The measure was strongly opposed by organized labor in its final form.

The act contains by a wide margin the most far-reaching rewriting of the nation's labor-management relations law since the Taft-Hartley Law was passed in 1947.

No Ceremony
Eisenhower signed the bill without an special ceremony. But two hours after the signing, Reps Robert P. Griffin (R-Mich) and Phil M. Landrum (D-Ga) authors of the late-session bill, called on Eisenhower at the White House to express their thanks.

"The President's wonderful support certainly was the thing which made the difference in obtaining fair and constructive reform legislation," Griffin told newsmen afterwards.

Hope Held For Sharing Moon Data

Moscow, Sept. 14 (AP)—Premier Nikita S. Khrushchev is flying to Washington tomorrow amid worldwide acclaim for the Soviet feat of landing a rocket on the moon.

Congratulations streamed in today from the six continents for the development in the conquest of space.

American scientists were among the first to hail the handling of the 860-pound lunar probe as a remarkable job of scientific reckoning and marksmanship.

The official reaction of the U.S. National Aeronautics and Space Administration was summed up in Washington by its deputy administrator, Dr. Hugh Dryden.

"We have followed with interest the travel of the Soviet lunar probe to its impact with the moon.

"We wish to congratulate our (Russian) fellow scientists and engineers on their success in this forward step in the exploration of space.

We hope that the scientific data obtained in this flight will soon be available for study by the scientists of all countries.

Typical of the reaction among the Soviet Union's Communist neighbors was a declaration in Prague of the Czechoslovak newspaper Rude Pravo.

"We shake the hand of our brothers, comrades, our Soviet friends, sharing their joy with them."

The Soviet news agency Tass picked up a British story quoting Heinz Kaminsky, director of the Bochum Observatory in the Ruhr, as saying the Russian feat could be compared to a rifleman hitting the eye of a fly at a distance of six miles.

Radio Budapest said Hungarian scientists spotted a dust cloud raised on the moon when the rocket landed at 12:02 a.m. (4:02 p.m. EST Sunday). A black ring "was visible for more than an hour after the probe's radio signals stopped on impact, it said, and the scientists expressed belief this outlined a new crater cut into the sand and rock of the moon's surface.

Bulletins from the AP Wires

JET FIGHTER SHOT DOWN
Jackson, Mich., Sept. 14 (AP)—A missile-carrying jet fighter shot down another accidentally today north of Jackson. The pilot whose plane was knocked down was not wounded and landed by parachute, falling 38,000 feet. The plane that fired the missile was piloted by Lt. Col. Monte L. Davis, commander of the 1st Fighter Interceptor Squadron.

\$6.5 BILLION BILL SIGNED
Washington, Sept. 14 (AP)—President Eisenhower today signed a bill appropriating \$6,500,000,000 to finance more than a score of miscellaneous federal agencies during the present fiscal year. More than \$5 million of the total is for the Veterans Administration. For all the agencies, Congress granted \$82,935,800 less than the President requested.

SPACE AGE STOCKS ACTIVE
New York, Sept. 14 (AP)—Space age stocks advanced on news of the successful Russian moon rocket but the rest of the Stock Market was mixed in moderately active trading early this afternoon. The missile-electronic-rocket fuel stocks advanced from fractions to 2 points, or more. Key stocks throughout the "space age" advanced or lost fractions to a point. Most motors were active and lower. Ralls were down fairly sharply as the steel strike dragged down most leading steelmakers' stock fractional losses.

SHOUP TERM INCREASED
Washington, Sept. 14 (AP)—Maj. David M. Shoup apparently will get a 4-year appointment as Marine Corps commandant instead of two years to which President Eisenhower originally nominated him. His name appeared on the Senate calendar today for expected confirmation before Congress adjourns, after the White House changed signals in line with protests by members of the Senate Armed Services Committee. Initially the White House sent up Shoup's name for a 2-year term as Eisenhower has done for all his previous appointments to top leaders on the Joint Chiefs of Staff.

Rockville-Vernon Flaherty Likely Choice As Mayoralty Nominee

Atty. Leo B. Flaherty Jr., Democrat, is expected to be the likely choice for mayor of Rockville-Vernon at the city election on Oct. 5. Flaherty said a state of candidates for the city election has been completed and has the unanimous support of leaders of both factions in the Democratic party in Rockville-Vernon. The slate will be presented to the nominating committee at a town committee meeting Wednesday night.

Many of the candidates have had previous experience in government. Flaherty said, although he would not divulge any of the names on the respective slate, these identities were learned from various sources.

Mr. Flaherty is reported to be the choice for city clerk. She is a member of the Vernon Board of Finance and backed the minority group in the recent Democratic primary which named several minority members to nominations for the town election Oct. 5.

William F. Smith, of Pleasant St., is said to be the approved candidate for city treasurer. He is employed at Travelers Insurance Co. in the rating department.

YOUR BLUEPRINT FOR BETTER LIVING

THERE'S NOTHING LIKE ELECTRIC HEAT

That wonderful, exciting day is here. You've started planning your new home—and you've told your architect and your builder that nothing short of the best will do!

Now is the time to specify the most modern home advancement of all—ELECTRIC HEATING... the heating method of today and the future! Electric Heating is incomparable... clean and carefree. And you'll enjoy uniform, draft-free warmth with no periodic cooling or overheating. Electric Heating gives you individual room control—there's no need to overheat the whole house just to maintain the desired warmth in one room.

Having electric heat is like adding another room to your home... because the heating unit takes hardly any space at all! Now you can plan a recreation or play room, laundry or hobby area in the space usually occupied by a furnace. In an electrically heated home, you can have your heat wherever you need it and your furniture can be arranged exactly as you want it.

Yes, there's nothing like Electric Heat. It's beyond compare. You can choose the kind to suit your new home plans in concealed ceiling cable, inconspicuous baseboard or wall panels. Electric Heat belongs in your new home if you want the best. Watch for the announcement of a new and lower rate for electric heating. May we suggest that you, your builder or your architect call us for more information about heating your new home, Electrically. Let us help you with your Blueprint for Better Living!

There's nothing like ALL-ELECTRIC LIVING to Lighten your day and Brighten your life!

A Thought for Today

Sponsored by the Manchester Council of Churches

The way we use money surely shows our attitude toward God and His will. There is a common saying that money is the root of all evil. It is not money itself that is evil, but the way we use it. Money is a tool, and like any tool, it can be used for good or for evil. We must use it wisely and for the benefit of others.

Kennedy Favors Vying in Primaries

A few people meeting in some Los Angeles hotel. I have never met a man so confident and so sure of himself as John F. Kennedy. He is a man who knows what he is doing and who is not afraid to stand up for his beliefs. He is a man who is willing to take on the world and who is not afraid to lose. He is a man who is a true leader and who is a true patriot.

Ponticelli's Annex Alumni Loop Title

It was a long seven-year wait but personable Charlie Graff finally came up with his first Alumni Baseball League championship over the weekend at Charter Oak Park. Graff's Ponticelli nine whipped Green Manor twice, 9-0 Saturday afternoon and 5-1 yesterday, in the final best-of-three series for the overall title.

Smith guided the Contractors with three big wins in the two games going 1-3 Saturday and 2-3 yesterday. Teammate Dave Anderson collected two safeties Sunday in the final game, while Smith pitched a 4-3 deficit with five runs, eight hits and two walks were recorded in the ninth.

Don Ghila, who started Saturday's game and gave up six walks in three innings, came back yesterday and set the Manometer down with five hits. He walked only one batter and that came two outs in the seventh inning.

Clashed Sunday's tilt and the championship with three runs in the top of the second inning. A walk, an error, two

Bill Goodman Hits First Homer in Two Years

Gives Chisox Win, 5 1/2 Game Working Edge
New York, Sept. 14 (AP)—On July 16, 1957, Billy Goodman hit a home run. Two years and nearly two months went by—exactly 254 games—before he hit another.

The homer, Goodman hit two years ago came with a man on base and enabled Baltimore to beat Chicago. The score was 2-1. The homer Goodman hit yesterday also came with a man on base. This one enabled the White Sox to beat Boston. The score? 3-1.

Billy's surprise homer, only his 18th in 12 big league seasons, broke a long drought. It enabled the White Sox to widen their first place lead to 5 1/2 games over Cleveland and all but mathematical certainty that the Indians from pennant contention.

The Indians lost a game and a run to the White Sox as they dropped both ends of a doubleheader to the New York Yankees 2-1 in 11 innings and 1-0. Chicago's magic number now is six. Washington is 1 1/2 games out. Kansas City swept a doubleheader from Baltimore 5-3 and 4-1.

Giants Bounce Back, Braves, Dodgers Lose

New York, Sept. 14 (AP)—As tough to catch as a frightened jack rabbit, as hard to hold as a slippery eel... that may be the best way to describe the New York Giants as they continue to bounce back after every seemingly fatal knockdown.

The Giants' fifth time since they leaped past Milwaukee into first place a little over two months ago. The stage was set for Danny McCarroll to lead the Giants to a 1-0 victory over the Dodgers. The stage was set for Danny McCarroll to lead the Giants to a 1-0 victory over the Dodgers.

Machen Comeback Finds Besmanoff As Next Opponent

New York, Sept. 14 (AP)—Eddie Machen, who lost two bouts to Jim Johnson, was the only first round stop in the comeback trail at Portland, Ore. Wednesday night when he takes on rugged Bill Demas.

Machen, right, by Ring magazine as the fighter who made the most progress in 1958, was still along in the right shape with a draw with Zora Foley, the only upset on his record which he met up with a year ago. Johnson, who had been a hot touch for him in Göteborg, Sweden.
