

Turkey Leads Briefly UN Deadlock Holding Fast

United Nations, N. Y., Oct. 19 (AP)—Turkey pulled ahead of Communist Poland for the first time today, but new balloting failed to break the stubborn deadlock over a seat in the U. N. Security Council.

After trailing through 28 secret ballots in the 82-nation General Assembly, Turkey went in front on the 29th with 41 votes to 39 for Poland. On the 30th ballot Poland moved into the lead again but slipped back on the 31st.

After it became apparent that the Assembly agreed to postpone further voting until Nov. 2, it was hoped the two weeks recess would produce a compromise.

When the voting began last Monday Poland held a substantial lead. At one point Poland received 48 votes, only six short of the required two-thirds majority. In the voting this morning neither candidate was near the necessary majority.

The see-saw voting today was the result of intense diplomatic activity over the weekend.

On the first ballot of the day—26th so far—Poland received 41 and Turkey 39. On the 27th and 28th Poland got 41 and Turkey 40. Then Turkey edged into the lead on the 29th. On the 30th Poland got 41 and Turkey 40. On the 31st

Rockefeller Openly for Nomination

Atlantic City, N. J., Oct. 19 (AP)—New York Gov. Nelson A. Rockefeller, aiming at the Republican presidential nomination, moved openly on to the national political scene today with a call for sweeping improvements in public health programs.

The 51-year-old governor made the first of a series of planned statements on top national issues. He headed for the Midwest in a critical test of his ability to overtake Vice President Richard M. Nixon for the GOP nomination.

Nixon holds a commanding lead. Rockefeller is opening an all-out campaign to see if he can catch up.

The New York governor, in his first major political venture outside his home state, invades Chicago today for a hectic round of activities designed for maximum publicity and political value.

Before flying West, he spoke here at the American Public Health Assn. convention.

He declared in his speech that there is "compelling need for fresh approaches and new methods in public health practice."

His own administration, he said, is already at work mapping fresh approaches to major health problems. These, he said, include rising costs of medical care.

Rockefeller reserved the first 15 minutes of his Chicago visit for newspaper, television and newsreel cameramen. A news conference follows.

The schedule also includes a talk to a major organization of newspaper executives, two local television interviews and receptions by two Republican organizations.

The official purpose of the visit—meeting with the Civil Defense Committee of the Governors Conference—was sandwiched between the various other activities.

Rockefeller is chairman of the CD committee.

The New York governor has insisted he has not yet decided whether to challenge Nixon for the presidential nomination.

But Rockefeller conceded to reporters last week that he would not be surprised if his sudden appearance on the national scene were interpreted as a sign he is seeking support for the nomination.

Sen. Thurston B. Morton, Re-

Doomed Killer Asks Death In Plea to Pardons Board

Members of the steel strike fact finding board arrive at the White House this morning to file their report with President Eisenhower. From the left, Paul Lehosky, Chairman George Taylor and John Perkins. (AP Photofax).

George Davies Raps Life Sentence Moves

Wethersfield, Oct. 19 (AP)—Condemned sex slayer George J. Davies today implored the State Pardons Board to let him die in the electric chair Tuesday night.

He said he didn't want his death sentence commuted.

"I think I got a fair trial and I think I should die for what I did," said Davies, who killed at least two persons.

The plea from the Thomaston man appeared to take the board by surprise.

It came after Davies' lawyer and two psychiatrists presented an impassioned plea to save the 40-year-old sex killer from execution.

The two psychiatrists, Dr. Jay Katz of the Yale Law School and Dr. Bernard Rogowski of New Haven, testified that Davies had been under severe emotional strain at the time of the 1957 slayings.

They said, in effect, that Davies had fancied that his two victims—8-year-old Brenda Jane Doucette and 16-year-old Gaetana Boivin—were his second wife.

Davies was convicted only of the Doucette girl's slaying.

The board is expected to decide later today or tomorrow whether to commute Davies' sentence to life imprisonment.

If it does not, Davies probably will die in the electric chair in the State Prison tomorrow night.

In his statement to the board, Davies thanked his lawyers "for all the efforts they gave."

But he insisted that he should be allowed to die.

"I would like to stand on my constitutional rights and die for what I did," Davies told the board.

During the 2-hour hearing at the prison, Davies listened intently but impassively as public defender Edward T. Carmody and the two psychiatrists reviewed his life up to his first degree murder conviction. They pictured it as insecure and distraught.

Carmody said that under the stress to which Davies had been put he was unable to "formulate an intent to kill and therefore could not commit first degree murder."

The public defender said that Davies "is a law-abiding citizen up to the law of our country," he added.

McDonald described the industry's offer as one of "loaded arbitration" under which the companies could not lose.

"It's heads I win tails you lose," he said.

The fact-finders headed by Dr. George W. Taylor of Philadelphia spent one hour and 14 minutes in Eisenhower's office with Secretary of Labor James P. Mitchell and White House staff members. Then they met reporters in Hagerty's office.

Hagerty said the report had been discussed fully but added: "I have no announcement of any presidential action now."

Hagerty said Eisenhower wants to study the report and "there is no time limit on that study."

Taylor told newsmen the board reached the end of the mediation road "with very sad hearts, because we feel this is an extremely critical situation."

"The parties have a continuing obligation to resolve these issues," Taylor said, after observing that the board feels the differences can be resolved.

"This obligation to the country will not be discharged until they can sign an agreement, which is their duty in a democracy such as ours."

Laotians Resent U.S. Control of Aid Fund

By RENE-GEORGES INAGKI
Vientiane, Oct. 19 (AP)—Influent Laotian government circles are showing growing resentment at what they term vexatious control of U. S. aid funds by American officials.

"To pay the salaries of police, for example, funds are rarely obtained in due time," complained an article in *Voix du Peuple* (Voice of the People) which represents the views of Deputy Prime Minister Khatay Don Sasorith and the interior Ministry, under which the police operate.

It charged credits are "always granted with parsimony.... We must implore like a poor beggar."

"At the time of the French administration the treasury was never incapable of meeting its obligations. Today, with the generous aid of its friendly powers, this has become frequent," it said.

Prime Minister Phou Sanan-kone's official Lao Press Bulletin reprinted excerpts of critical articles.

The 3,200-man Laotian police force is almost entirely equipped and paid by the United States at a cost of nearly \$3 million annually.

"No one should be surprised at the dissatisfaction toward Americans which is beginning among our policemen," the article said, "because they are aware that they are paid by American aid."

Funds to pay the police are released on a quarterly basis. U. S. officials say adequate funds were given for salaries for the July-September period.

The police commissioner in southern Champasak Province recently told a newsmen his 300-man force had gone unpaid for the past two months. Similar situations were reported to exist in other provinces.

Katay's paper said that to many policemen American aid "doesn't signify any longer the disinterested aid of a great economic power to an underdeveloped country."

It is said to favor certain men or certain political parties.

Aid to Laos since the program began in 1955 has totaled more than \$225 million. *Voix du Peuple* said "in face of exorbitant demands of control organizations of the United States mission (ICA) and its inquisitorial and vexatious investigation methods," police henceforth will refuse to discuss matters informally with U. S. officials and will demand that all contacts be official and in writing.

The United States is giving aid to bolster the tiny kingdom against the Communists.

Col. Phasouk Somy, commander of the Fourth Military Region, said the Red Rebels operating in the northern mountains, and officials say southern Laos is seething with pro-Communist Pathet Lao rebels challenging the pro-western government.

Col. Phasouk Somy, commander of the Fourth Military Region, said the Red Rebels operating in the northern mountains, and officials say southern Laos is seething with pro-Communist Pathet Lao rebels challenging the pro-western government.

Top Democrats Push Johnson To Enter Race

Dallas, Tex., Oct. 19 (AP)—The Lyndon Johnson - for a President bandwagon picked up speed today as Texas Democrats moved to put the drive on a national level.

House Speaker Sam Rayburn hitched Johnson's wagon to a presidential bid Saturday, announcing he was starting the campaign for the Senate Majority Leader's nomination for president.

Johnson, Rayburn's long-time protégé, was noncommittal. He has left himself open to a draft in recent weeks after vowing for months that he would not seek his party's highest honor.

Shortly after the Rayburn announcement, former President Harry S. Truman told a rally of some 6,000 Democrats here that "when Missouri is heard from" he would be for Texas next.

He told the crowd he has many Texas relatives. "And next to Missouri, I like your state best," he said, as he stood on the stage back of the former President.

Yesterday, Truman and Ray-

Eisenhower Delays On Steel Injunction

Washington, Oct. 19 (AP)—Presidential fact-finders today reported "with sad hearts" their failure to settle the nation's longest steel strike. President Eisenhower, however, put off asking for a court injunction sending the 500,000 steelworkers back to the mills.

White House press secretary James C. Hagerty said there is "no time limit" on the President's study of the report of his board of inquiry which tried for a week without success to bring agreement between industry and the United Steelworkers.

This apparently left time for them to make voluntary moves toward agreement by bargaining. But Eisenhower's 3-member fact-finding board gave little hope for early success in their 37-page report to the White House.

"As we submit this report, the parties have failed to reach an agreement and we see no prospects for an early cessation of the strike," the report said.

"The board cannot point to any single issue of any consequence whatsoever upon which the parties are in agreement."

There was almost universal belief that Eisenhower would be obliged to call on Atty. Gen. William P. Rogers to obtain an injunction—probably in Pittsburgh Federal District Court—forcing the Steelworkers back to work for at least 90 days while new mediation efforts are organized.

The union's president, David J. McDonald, said the Steelworkers will fight the issuance of an injunction all the way to the Supreme Court, if necessary.

Speaking to reporters after a one hour and 15 minute meeting with the union's executive board, McDonald said the board unanimously approved the union negotiators' rejection yesterday of the last proposal of the steel industry.

The board "reported to me that our people are united and determined," he said.

McDonald again made clear, however, that the Steelworkers will use every legal resource available to oppose issuance of a back-to-work court injunction.

"But if it is issued we will live with it," he said.

Consider Retaliation State Dept. May Eject Red Diplomat to U.S.

Moscow, Oct. 19 (AP)—Soviet sources said today Russian authorities caught an embassy attaché Russell Langele paying a Soviet citizen 30,000 rubles (\$5,000 at the official rate) for secret intelligence information.

Langele left for home with his wife and three children, having been declared unwelcome last week by the Soviet government on spying charges.

By JOHN M. HIGHTOWER
Washington, Oct. 19 (AP)—The State Department is reported to be considering ejecting a Soviet diplomat from the United States in retaliation for Russia's ouster of the security chief of the U. S. embassy at Moscow.

The prospect that such a step will actually be taken is at the moment highly uncertain. Sen. John Sherman Cooper (R-Ky.) called yesterday for such a move "in the absence of an apology" from the Kremlin.

The uncertainty is due partly to the fact that some officials consider direct retaliation in such cases as an empty gesture. But it is also the result of great puzzlement here about what the Soviet move itself was supposed to accomplish.

One theory advanced in diplomatic quarters is that the Kremlin wanted to warn the Soviet people to be wary of friendly contacts with Americans in spite of the official policy of the "Spirit of Camp David" preached by Premier Nikita S. Khrushchev following his

American Cuts U.S. Tie, Seeks Russian Status

(NOTE: The following dispatch was written in Moscow, Saturday, Oct. 17, through Soviet censorship. It was received in New York this morning. The reason for the delay in transmission was not explained.)

By PRESTON GROVER
Moscow, Saturday, Oct. 17 (AP)—Robert Edward Webster, about 30, a plastics specialist who worked at the American exhibition here last summer, told the U. S. Embassy today he is renouncing his American citizenship and becoming a Soviet citizen.

Webster's home is in Cleveland, Ohio, (street address not given). He left his wife and two children behind to take up a new life in the Soviet Union. He expects his skill in plastics to provide him a living.

In a somewhat emotional scene at the embassy he handed a signed statement to consul general Richard Snyder renouncing his American citizenship. He said he was granted Soviet citizenship two weeks ago. He reported he will be allowed to change his mind and will never be allowed to leave Russia.

Webster was sent to the exhibition by the Rand Development Corp., makers of plastics. Dr. H. J. Rand, head of the corporation, was

News Tidbits Culled from AP Wires

Former President Harry S. Truman tells worshippers at suburban church in Dallas, Tex., that their children would get better understanding of government if they read the Bible more. Final curtain falls on "The Drunkard," in Los Angeles, ending the longest run—9,477 performances—in theater history.

Body of Gen. George C. Marshall lies in state at Washington National Cathedral and simple last honors will follow tomorrow at Arlington National Cemetery.

Governor Ribicoff attends Connecticut reception this afternoon for U. S. Sen. Stuart Symington, one of the 1960 Democratic presidential hopefuls.

Brown Refuses Chessman Plea For Clemency

Sacramento, Calif., Oct. 19 (AP)—Gov. Edmund G. Brown today refused to grant clemency to Cary Chessman.

Chessman, who has been in death row for 11 years, is scheduled to be executed Friday.

The governor made his decision Sunday night before leaving on a trip to Chicago.

Brown's statement said the convicted kidnap-robber has not sought executive clemency and, to the contrary, "he has declared that he seeks only vindication."

"This I cannot give him. The evidence of his guilt is overwhelming," Brown noted that, at the request of Chessman's attorneys, he conducted a personal hearing Wednesday.

He said: "The record shows a deliberate career of robberies and kidnappings, followed by sexual assaults and acts of perversion accomplished at the point of a loaded gun."

"One of his victims, 17 years old at the time, is still helplessly confined in a State Mental Hospital. Competent medical authorities are of the opinion that her condition is at least partially the result of her ordeal."

(Continued on Page Eight)

5 Children Perish In 2-Car Collision

Madera, Calif., Oct. 19 (AP)—Five children—four from one family—were killed and four other youngsters injured yesterday in a grinding auto collision at a rural intersection two miles east of Madera.

The youngsters were in a station wagon driven by Mrs. Lorraine Chandler, 32, wife of a Madera ranchhand. They were southbound, returning from a Sunday drive when their station wagon was smashed on the right side by an eastbound car driven by Howard Jordan, 17, Madera.

Killed were Patricia, 14, Sheryl, 9, Earl, 6, and Lonnie, 4, all children of Mrs. Chandler, and Kay Fuller, 11, a neighbor's daughter.

Two other Chandler children, Hazel Louise, 15, and Jim, 12, were in fair condition at Madera County Hospital. Donna Medlin, 13, and Joyce Boone, 11, were slightly hurt. Mrs. Chandler was hospitalized suffering from shock.

Will Be Published Reds Processing Photos Of Moon's Hidden Side

Moscow, Oct. 19 (AP)—Lunik III raced away from the Earth again today after reportedly sending the Earth the first pictures ever taken of the hidden side of the moon.

The Soviet News Agency Tass said the photographs are being processed and will be published, giving mankind the first view of the far side of the moon never seen from the Earth.

Scientists expect the pictures to show the same sort of cratered face as the side of the moon which the Earth sees.

The pictures presumably were taken Oct. 8—two days after the launching of the 614-pound flying observatory—when it swooped within 4,375 miles of the moon as it hurtled out into Space.

Moscow Radio said the Soviet space vehicle completed its first circuit around the Earth at about 11:07 p.m. EDT yesterday and continued on its vast orbit, running 17 minutes behind a previously announced schedule.

The next radio contact with the traveler—officially called an automatic interplanetary station—is fixed for Wednesday afternoon, when it is scheduled to be 242,335 miles from the Earth.

When the rocket was launched, Tass science writer Eugeny Bogoyavlenskiy predicted that the Lunik would fly close enough "for the whole hidden side of the moon to be photographed."

The Russians have been cagey about the equipment packed into the space traveler. There was no official mention of camera apparatus.

Another Soviet scientist, director A. A. Mikheylov of Pulkovo observatory, said telemetered signals from the rocket had provided "valuable and unique" information about the physical properties of the moon.

Among other things, he said, the data will help locate the moon's center of gravity and aid in studies of the inequalities in the Earth's rotation.

Soviet scientists also have said they expect Lunik's observations, radiated back when the satellite's transmitters are turned on by radio signal from the Earth, to give them more information on the composition of space between the moon and Earth. For one thing, they are seeking to learn whether radiation from magnetic interstices are fairly constant or fluctuate.

As the Lunik headed back into space, speculation again arose about its ultimate fate. Mikheylov, writing in *Pravda*, said it might crash into the moon or burn up in the fierce friction of the Earth's denser atmosphere on a future circuit.

The Lunik's present orbit is beyond the Earth's atmosphere, but Mikheylov said the orbit could be changed by the gravitational pull of the moon on another approach.

Bulletins from the AP Wires

DOGGER PARK PLAN UPHOLD
Washington, Oct. 19 (AP)—The Supreme Court dismissed today three appeals attacking plans by the City of Los Angeles to build a dog park in Chavez Ravine to the Los Angeles Dodgers for a baseball park. The high court's action leaves standing a California Supreme Court decision upholding the city's plans. Two of the appeals were filed in the name of Louis Kirschbaum and the third in the name of Julius Ruben.

GIRL, 2, FOUND SAFE
Potsdam, Md., Oct. 19 (AP)—A little girl missing all night in near freezing temperatures in the Clark National Forest was found alive at 9:35 a.m. (EST) today, three miles from the point where she disappeared. Donna Rulo, 2½, was shivering from the cold but otherwise appeared to be in good condition. The child, still wearing only a light summer dress, walked out onto a country lane from a wooded sector just as seven searchers headed by Arthur Edsel were passing by.

NEW BRUSH FIRES SET
Los Angeles, Oct. 15 (AP)—A new brush fire, believed set by an arsonist, added its destruction today to that of a giant blaze still raging out of control through valuable water sheds. Authorities reported that a man in a dark sedan was spotted speeding away from both the new fire, which spread at a terrific rate, and a third which was quickly contained.

URGES TV POLICE ITSELF
Chicago, Oct. 19 (AP)—The president of the National Association of Broadcasters said today that the industry is prepared to set up its own additional safeguards if necessary to prevent "rigging" of TV quiz programs. Harold E. Fellows, speaking at the opening session of the association's 3-day fall conference, expressed personal concern over certain testimony presented recently to a congressional committee.

"The Way I Heard It"
BY JOHN GRUBER

Some weeks ago I remarked about the Hartford Symphony Orchestra and that I was convinced it was a good one. This month marks the release of a new recording by the organization. It is a recording of the "Klagende Lied" by Gustav Mahler, a composition which is available only with difficulty on a virtually unknown label. The Hartford recording is, as usual, by Vanguard.

It is a mystery to me why "Das Klagende Lied" has been so generally neglected; there are half a dozen recordings of the same composer's First Symphony for example, and many of his other works are regularly offered by symphony orchestras the world over.

Frankly, I had never heard the work until I dropped it in my turntable the other day. I had missed the live performance in Hartford last spring. What issued from my loudspeakers was most impressive. The work itself turned out to be of major importance, and the performance by the orchestra and soloists is above reproach. The conductor, frequently scheduled works by Gustav Mahler because they feel they ought to do so, not because they really want to do so. This naturally results in an uninspired reading and performance. The case at hand is vastly different.

A kinsman of the composer, Fritz Mahler, is convinced that Gustav Mahler is a great composer, not just a controversial one. This results in an inner conviction that he succeeded in conveying to orchestra and soloists alike. The result is one of the finest performances of Mahler that I have ever heard.

An easy work it is based on a Grimm fairy tale; one might, with justice, call it a Grimm fairy tale. Technically, it is a cantata; actually, it is a vastly expanded ballad to sing his story. The miniature needs a range of about three octaves, so three separate voices are used, soprano, alto, and tenor. Under such circumstances, a mere harp would scarcely suffice, so the accompaniment expands to a large orchestra.

Another reviewer for a daily publication in this area has said in effect that the work sounds like "Prelude to Khorvantschi" by Mussorgsky, and Tchaikovsky's "Romio and Juliet." Perhaps the last was added to insure its sale.

The other works were more significant although not as popular, and belong in your library as excellent recordings. "Das Klagende Lied" by Korschakov, "Rustian Easter," by Mussorgsky, and "Tchaikovsky's "Romio and Juliet." Perhaps the last was added to insure its sale.

First Hearing Tonight On Rt. 6 Relocation

The State Highway Department will hold a public hearing tonight at 8 o'clock in the East Hartford High School on proposed highway construction in Manchester, East Hartford, and Bolton.

This hearing is not primarily concerned with the proposed relocation of Rt. 6 in Manchester from Spencer St. to the Bolton town line. A public hearing on that project is scheduled for Wednesday night at 8 o'clock in the Verplanck School auditorium. A hearing on the Bolton portion of the project will be held Thursday night in Bolton.

The East Hartford hearing will concern the proposed relocation of Rt. 6 in East Hartford and Manchester. It will also discuss the proposed interchange between Spencer St. and the new Interstate 495 in East Hartford and Bolton town line.

The proposed interchange will have a small portion located in Manchester; near Laurel Lake and the major part on six acres of East Hartford's Veterans Memorial Park.

The proposed Interstate 495 will connect the Gloucester Expressway with the interchange. Proposed Interstate 495 will connect portions of the Wilbur Cross Highway in Manchester, East Hartford, and the Wilbur Cross Highway will also be improved at this point.

The State Highway Department's initiative will include the removal of five dwellings in Manchester and the relocation of nine dwellings and three industrial structures to be taken in East Hartford. 22 dwellings and one industrial building will probably be removed, in Gloucester, nine dwellings and three industrial structures, however, that these are tentative plans which are subject to change, and therefore no attempt has been made to pinpoint the properties which may be taken.

Construction work on the projects which will be outlined tonight is expected to start the first of next year. The Rt. 6 relocation between Spencer St. and the Bolton town line is not expected for at least four years, although some rights-of-way will be acquired.

Members of the Town Planning Commission and Town Planning Engineer Edward J. Hybanc are scheduled to attend tonight's meeting.

CVQMA Will Vote On Rules Tonight

Racing rules and regulations of the Connecticut Valley Quarter Midget Assn. will be adopted during an association meeting tonight at 8 o'clock at Yonkers Atlantic Station, 488 Center St.

James Meacham of Vernon, club president, will preside at the meeting and ask for ratification of rules drafted by a special committee.

Meacham said today that the possibility of holding races in Manchester this year depends on progress in construction of the quarter midget, a speedway in Buckland. The track was shaped up by club members over the weekend, and asphalt will be laid this week. Utility poles for lights and a public address system are ready to be in place. Work still to be completed includes the erection of fencing, establishment of a pit area and installation of bleachers and parking lot.

Meacham said the speedway will not open for official racing until all facilities are installed, even if it means that the grand opening has to be put off until spring.

The club membership still is open to racing enthusiasts of the area, and is not restricted solely to those who own quarter midget cars.

Pythians to Aid Guidance Clinic

The Manchester Lodge of Knights Pythians, one of the sponsors of the Child Guidance Clinic, will present the clinic with some new furniture to assist in an expansion of the clinic facilities.

The K of P will provide a counter, bookcases and other furniture to make a reception room in the present living room in the clinic house on 68 Hayes St. The room formerly used for a reception room will be used for another guidance room.

The Knights chose to become one of the sponsors of the clinic about a month ago.

A committee of the lodge, headed by Grand Master W. W. Brown, grand chancellor, is working with the clinic committee on furnishing the room. Mrs. G. Sullivan Keith.

St. Marys' Guild Plans Fair Nov. 12

St. Mary's Guild of St. Mary's Episcopal Church will sponsor its annual fair Nov. 12 at 2 p.m. at the church.

Mrs. Arthur Burnap is general chairman. The fair will include booths for the sale of fancy work, candy, white elephants, Christmas cards and wrappings and food. Tea will be served from 2 to 4 p.m., with Mrs. Joseph Johnson in charge. Mrs. Walker Wittalla will be fancy work chairman. A roast beef dinner will be served at 5 p.m. Mrs. Claude Porter and Mrs. Wynne Peabody will be co-chairmen of the dinner. Mrs. Earl Roban is in charge of tickets.

Sheinwold on Bridge

LOOK FOR EVEN SMALL ADVANTAGE

U.S. Masters Team Champion Sheinwold is expected to play a key role in a match today between two of the world's top bridge players. Sheinwold, who has won a number of world titles, is expected to play against a strong opponent. The match is part of a tournament in New York.

South Windsor Parks Group Starts Report

The South Windsor Park and Recreation Commission will meet at the Town Hall Thursday at 8:30 p.m. to start a report on possible recreation and park sites in town.

The group has investigated about a dozen possible sites, and has narrowed its choices down to three. The report will be presented to the town board.

Hebron Coop Burns; \$60,000 Damage Seen

The loss of a Hebron chicken coop housing 7,500 laying hens and 2,100 dozen eggs in a pre-dawn fire yesterday was estimated at \$60,000 by poultry farmer Yale Weiler and Hebron Fire Chief Donald Griffin.

The large building located at Rt. 6A and 83 was "totally incinerated" by the fire. The building was used for housing the chickens and for processing the eggs.

Griffin estimated that 1,000 feet of 2 1/2-inch hose were used in the fight along Rt. 6A from the Mill Street road. The relay was operated by Hebron's large pumper feeding Andover's pumper to supply Hebron's other pumper and the Colchester pumper at the scene.

Hebron units remained at the scene more than seven hours to eliminate any possibility of smoldering heaps of grain or other debris from rekindling.

Weiler told Griffin yesterday afternoon that the building and contents were only partially covered by insurance. He would not be able to determine the exact amount until he met with an insurance representative at the farm today. He said he did not know whether he would rebuild or not.

The coop had been erected for Weiler in 1953. The laying hens were estimated at \$15,000 and the 900 dozen of eggs at \$1,200. The building estimate is about \$43,800.

For Weiler, the loss of eggs, 900 dozen of eggs at \$1,200, was a significant blow for his business. He had been called for "pin-point" the cause of the fire. Griffin said the cause of the fire was completely in flames when seen and consequently, it is difficult to determine where it began.

The shingles on the rear of another coop, 200 yards south of the burning building, began to burn and the blaze was seen by the local fire department. The fire was extinguished by the local fire department.

Members will be asked to vote on the petition of 180 South Windsor children for a Junior Society in which they hope to study the history of their state and country and other historic projects. Due to the "weekend" nature of the group, the society will be asked to vote on the petition at a meeting on Monday at 7:45 p.m. at the Wood Memorial Library.

Francis Hill yesterday afternoon, Dennis Murphy and Ronald St. Cyr each scored a touchdown for the local eleven, with Barry Sheinwold contributing the four points after touchdown.

Coaches Charles Barker and Dale Schoonmaker praised the steady progress of the team which led to the win. In two previous games the boys were edged out by tough opponents.

Next scheduled game will be played in East Hartford at North End Park against the Legion Eagles Sunday at 2 p.m. Barker said it is the game the local team must win as the East Hartford Legion team is rated the strongest in the league.

On Wednesday, elementary school teachers will meet at the Wapping Elementary School at 3 p.m. for the first in a series of monthly meetings for teaching penmanship and high school teachers will meet at the high school for a workshop under the direction of Principal Henry J. Adams.

The high school will close at noon, the Wapping School at 12:30, Avery St. at 1, Pleasant Valley at 1:30, and the Union School at 2 p.m. No lunches will be served at the high school or at Wapping School.

Manchester Evening Herald South Windsor correspondent Elmo Bernham, telephone Mitchell 4-9474.

South Windsor Becomes Voter at 105

Hartford, Oct. 19 (AP)—Among voters who registered for the first time at city hall Saturday was Walter George Davis, 105. The elderly native of London, England, became a U.S. citizen in 1956. "Why did he wait so long to register? I've had a lot of trouble and sickness and doctors' bills and a big family to raise," he replied. He enrolled as a Democrat.

Grange Asks U.S. Store Grant Here

Hartford, Oct. 19 (AP)—The Connecticut State Grange has adopted a resolution asking for federal grain storage deposits throughout the New England area.

The organization, ending its 10th annual meeting here Saturday, directed the resolution at the federal government. The grain, said the Grange, would be used in emergencies.

The Grange also urged the state legislature to give financial assistance to towns for education.

Members of the Grange, for other purposes, opposed the diversion of federal funds for other purposes, and asked for the repeal of the coming one-cent increase in federal motor fuel taxes.

Brian Kind Jr., 14, of East Hartford, master of the Hilltown Juvenile Grange, was named juvenile of the year. Old Lyme Juvenile Grange took first place in the community service contest among juvenile granges.

St. Marys' Guild Plans Fair Nov. 12

St. Mary's Guild of St. Mary's Episcopal Church will sponsor its annual fair Nov. 12 at 2 p.m. at the church.

Mrs. Arthur Burnap is general chairman. The fair will include booths for the sale of fancy work, candy, white elephants, Christmas cards and wrappings and food. Tea will be served from 2 to 4 p.m., with Mrs. Joseph Johnson in charge. Mrs. Walker Wittalla will be fancy work chairman. A roast beef dinner will be served at 5 p.m. Mrs. Claude Porter and Mrs. Wynne Peabody will be co-chairmen of the dinner. Mrs. Earl Roban is in charge of tickets.

Pythians to Aid Guidance Clinic

The Manchester Lodge of Knights Pythians, one of the sponsors of the Child Guidance Clinic, will present the clinic with some new furniture to assist in an expansion of the clinic facilities.

The K of P will provide a counter, bookcases and other furniture to make a reception room in the present living room in the clinic house on 68 Hayes St. The room formerly used for a reception room will be used for another guidance room.

The Knights chose to become one of the sponsors of the clinic about a month ago.

A committee of the lodge, headed by Grand Master W. W. Brown, grand chancellor, is working with the clinic committee on furnishing the room. Mrs. G. Sullivan Keith.

Sheinwold on Bridge

LOOK FOR EVEN SMALL ADVANTAGE

U.S. Masters Team Champion Sheinwold is expected to play a key role in a match today between two of the world's top bridge players. Sheinwold, who has won a number of world titles, is expected to play against a strong opponent. The match is part of a tournament in New York.

LOOK FOR EVEN SMALL ADVANTAGE

U.S. Masters Team Champion Sheinwold is expected to play a key role in a match today between two of the world's top bridge players. Sheinwold, who has won a number of world titles, is expected to play against a strong opponent. The match is part of a tournament in New York.

South Windsor Parks Group Starts Report

The South Windsor Park and Recreation Commission will meet at the Town Hall Thursday at 8:30 p.m. to start a report on possible recreation and park sites in town.

The group has investigated about a dozen possible sites, and has narrowed its choices down to three. The report will be presented to the town board.

Hebron Coop Burns; \$60,000 Damage Seen

The loss of a Hebron chicken coop housing 7,500 laying hens and 2,100 dozen eggs in a pre-dawn fire yesterday was estimated at \$60,000 by poultry farmer Yale Weiler and Hebron Fire Chief Donald Griffin.

The large building located at Rt. 6A and 83 was "totally incinerated" by the fire. The building was used for housing the chickens and for processing the eggs.

Griffin estimated that 1,000 feet of 2 1/2-inch hose were used in the fight along Rt. 6A from the Mill Street road. The relay was operated by Hebron's large pumper feeding Andover's pumper to supply Hebron's other pumper and the Colchester pumper at the scene.

Hebron units remained at the scene more than seven hours to eliminate any possibility of smoldering heaps of grain or other debris from rekindling.

Weiler told Griffin yesterday afternoon that the building and contents were only partially covered by insurance. He would not be able to determine the exact amount until he met with an insurance representative at the farm today. He said he did not know whether he would rebuild or not.

The coop had been erected for Weiler in 1953. The laying hens were estimated at \$15,000 and the 900 dozen of eggs at \$1,200. The building estimate is about \$43,800.

For Weiler, the loss of eggs, 900 dozen of eggs at \$1,200, was a significant blow for his business. He had been called for "pin-point" the cause of the fire. Griffin said the cause of the fire was completely in flames when seen and consequently, it is difficult to determine where it began.

The shingles on the rear of another coop, 200 yards south of the burning building, began to burn and the blaze was seen by the local fire department. The fire was extinguished by the local fire department.

Members will be asked to vote on the petition of 180 South Windsor children for a Junior Society in which they hope to study the history of their state and country and other historic projects. Due to the "weekend" nature of the group, the society will be asked to vote on the petition at a meeting on Monday at 7:45 p.m. at the Wood Memorial Library.

Francis Hill yesterday afternoon, Dennis Murphy and Ronald St. Cyr each scored a touchdown for the local eleven, with Barry Sheinwold contributing the four points after touchdown.

Coaches Charles Barker and Dale Schoonmaker praised the steady progress of the team which led to the win. In two previous games the boys were edged out by tough opponents.

Next scheduled game will be played in East Hartford at North End Park against the Legion Eagles Sunday at 2 p.m. Barker said it is the game the local team must win as the East Hartford Legion team is rated the strongest in the league.

On Wednesday, elementary school teachers will meet at the Wapping Elementary School at 3 p.m. for the first in a series of monthly meetings for teaching penmanship and high school teachers will meet at the high school for a workshop under the direction of Principal Henry J. Adams.

The high school will close at noon, the Wapping School at 12:30, Avery St. at 1, Pleasant Valley at 1:30, and the Union School at 2 p.m. No lunches will be served at the high school or at Wapping School.

Manchester Evening Herald South Windsor correspondent Elmo Bernham, telephone Mitchell 4-9474.

South Windsor Becomes Voter at 105

Hartford, Oct. 19 (AP)—Among voters who registered for the first time at city hall Saturday was Walter George Davis, 105. The elderly native of London, England, became a U.S. citizen in 1956. "Why did he wait so long to register? I've had a lot of trouble and sickness and doctors' bills and a big family to raise," he replied. He enrolled as a Democrat.
