## Committee Inadequate

Washington, Aug. 15 (P)-Senate Democratic leader Lyndon B. Johnson of Texas called today for a pay-as-yougo system of medical care for

the elderly.
Johnson, the Democratic vice presidential nominee, joined Sen.
John F. Kennedy of Massachusetts, the party standard bearer,
in criticizing terms of a bill approved Saturday by the Senate

Finance Committee. "The committee measure is in-adequate and does not meet the problem of medical care for the needy," Johnson told a news conference. "We should put this on a pay-as-you-go basis, linked to the social security system."

The committee-approved measure would provide for federal grants to be matched by the states for medical care of indigent elderly. Kennedy has announced he will fight on the floor to change the

committee-approved bill. Johnson said the provision calling for state matching of funds would subject the program to the vagaries of annual or semi-annual meetings of state legislatures. He said this would make the problem of caring for the elderly "very

### FORWARD at 55

The Savings Bank of Manchester, founded 1905, is observing its 55th Anniversary

This bank was founded by the citizens of Man-chester. . . . men of vision, character, and good judgment. It was created as a mutual savings bank so that it would actually be owned by its depositors. The original founders of this bank planted deep roots of integrity, alertness, and service. These principles have been followed diligently and faithfully by succeeding officers and boards of directors ever since. Today's directors, leading citizens of Manchester, will continue to uphold these high principles in the busy years ahead.

In reviewing the past 55 years of development, and appraising the future of limitless opportunity, we are also humble. We are aware of the responsibilities our depositors have placed in us in the past. We

are aware of the obligations the future proposes. Knowing these things, we shall continue to build a strong and secure financial organization.

As we look forward to the future, we of the Savings Bank of Manchester reaffirm to our fellow citizens the pledge to provide progressive financial leadership and security, to offer our depositors personal and friendly banking services to the best of our ability, and to demonstrate vision, strength and character every day we are in business, for all the years to

Firehouse Bids Sought

New bids are being sought for construction of a new firehouse on Rt. 30, west of the Vernon Grange building, Plans and specifications are available at the office of Alfred Reinhardt at 164 E. Center St., Manchester. Final date for submitting bids is Aug. 25.

This is the second time the District has advertised for bids. The first time the District voted to turn down plans and refused to appropriate about 365,000. The Building Committee that drew the first plans resigned and the present committee, headed by Andrew Tricarico, town road foreman, arranged for the new plans.

The District has appropriated \$47,000 for the project which includes not only construction but site development and equipment.

Reinhardt drew the plans without charge as a public service. The building is a colonial-type structure with two bays for trucks and includes an office, lockers, a place for drying hoses, showers, meeting room and kitchen.

ground supervisors, superintendent ent of recreation and a sanitation ent of these various positions must the playground an earest their home today or tomorrow. In order to be eligible, they must secure a petition with a minimum of 10 names signed on it and present it to the supervisors. Campaigns will take place on wednesday, and Election Day is Thursday.

### Greatest Defensive Effort Attributed to Little Aparicio

			V 11	
r-thsofoneeghhdrs r.g.b.a.c.eot	Shortstop Luis Aparicio left them all limp—oldtimers and newcomers alike—when he turned in the greatest fielding effort of his spectacular career yesterday. Aparicio, 26-yearold native of Maracaibo, Venezuela, who is in his fifth year with the Chicago White Sox, also enjoyed his best day in baseball in leading a double victory over Kansas City, 9-3 and 7-2.  Luis slapped out four hits, drove in six runs, stole two bases and turned in a number of "ooh and ahn" plays in the field. But the one they will be talking about for a long time came in the second inning of the second game.  Whitey Herzog, a lefthanded batter, led off with a hump-back fly ball down the leftfield line which outfielder Minnie Minoso had no chance to reach. Aparicio, racing at full speed and appearing to have no chance to reach the ball, never let up and finally made a swipe at it with his bare hand. He caught it.  "Unbelievable'	the San Diego club.  Hank Greenberg, former home run king and now a White Sox vice president, called Aparicio the greatest fielder and base runner he has ever watched.	catch the greatest he has seen.  "The fantastic thing about it," said Brown, "is no other shortstop in baseball would have gotten to the ball."  No Comparison  Veteran players with the Sox recalled other great plays but all admitted nothing matched Aparicio's catch.  "Greatest day in my life," said Aparicio. "I don't think I knock in six runs in one day even in Winter League. Best catch I ever make. I make one like that in Nashville but that one I make in glove. This time I no have chance to get glove to ball. You gotta take all chances you get."  Aparicio, who has stolen 35 bases this year and has been caught but three times, is currently enjoying a hot streak. He has hit safely in his last seven games for a 462 average. He has also raised his average to .271 with 43 runs batted in.  Twice he has hit .266 for the Sox with a high of 56 runs batted in. He's threatening to surpass all of his previous marks by tak-

On School Work

Barnard Junior High School are not proceeding rapidly enough to ext month according to James
Perry, work coordinator. He said difficulties in manpow-er and deliveries have slowed progress in electrical work, on which other work such as floor ng Committee on how the work an be pushed has been called for p.m. today at the Barnard main

building.
While Barnard School renova-tions will be late, Perry said the most of the work on eight older elementary schools should be com-pleted in time to avoid disrup-tions when school opens. The work involves lighting modernization, heating and plumbing improvenents, and painting.
The schools involved are Hollis-

is a concrete sign of acceptance from citizens of Manchester and the surrounding area."
Founded Bank
Frank Cheney Jr. and F. Ernest Watkins found the bank and opened the first office in the Watkins Bros. Building. At the time, accord-ing to Elmore, the population of Manchester was about 11,000 and worker was about \$10. At the en of the first year, deposits were \$150,000, an indication, Elmore added, that the bank had been a cepted as a depository by both wage earner and salaried man. Shortly after its founding, larger quarters were made available in the Bowers Block, Then, in

tional space, moved to its present location. The E. Center St. branch was opened in February 1956, and the Parkade office in July 1958. The bank has operated as a mutual savings institution during its lifetime. R. LaMotte Russell, executive officer of the bank for executive officer of the bank 50 years, retired as bank presi-
