chairman. This amount is \$5,996 over the last year's working account which was \$213,623. Chiefly responsible for the in-orease, he said, is the raise in teachers' salaries. This has jump-ed from \$90,934 to \$98,850—or \$7.-\$16 over last year. Also, high school tuition has been raised at Windham High School. Figuring for 130 students at \$520 each the board has set \$67,000 as against \$64,100 of last year. This is always more or less of a gamble, Tuttle said, since the high school student entoriments is never certain from start to finish of the year. The Community Beach will close officially for the season, at the close of the day Monday. There is the usual accumulation of lost articles, items left behind and picked up on or around the beach. These include towels ga-lore, children's clothing of all sorts and descriptions, toys, balling equipment. The beach committee asks that people stop in and look it over and claim what is theirs before closing time. Everything left over will be put into the first rummage sale.
