High Court Upholds Constitutionality of Sunday Blue Laws

Washington, May 29 (AP)—The Supreme Court today upheld the constitutionality of Sunday blue laws.

Chief Justice Warren delivered the court's decision.

The tribunal ruled in cases specifically applying to blue laws of Massachusetts, Pennsylvania and Maryland.

Blue laws, which restrict Sunday activities in many states, originated in Colonial America to compel observance of the Sabbath.

Lawyers attacking the statutes said they have become a lethal weapon in the economic war of competition among retailers.

The Supreme Court upheld Sunday closing laws in decisions in the religious statute enforcement of which violated the U.S. Constitution.

The advent of the Sunday supermarket, the super-drug store, and giant discount emporiums in suburbs and along major highways brought vigorous complaints from downtown business interests, along with demands for enforcement of Sunday closing laws.

Six Fined \$25 Each for Fires

Ansonia, May 12 (AP)—Six youths from Beacon Falls were fined \$25 each in Circuit Court today for unlawful kindling of fires.

They were Theodore Stronkowski, 17; Kevin Swan, 18; Edward Holloway, 18; Johnathan M. 21; Raymond J. Norton, 17; and Walter Bukowczyk, 18.

In addition, Frank R. Oemcke, 16, had his case referred to juvenile authorities.

Four of the boys, Stronkowski, Swan, Holloway and M., had admitted they had set a number of brush fires in this state since 1958, according to State Police, and in some cases had been paid to help put out fires.

They told State Police that at first they started the fires for the money and later just for fun.

Launching Speaker

Groton, May 29 (AP)—Secretary of the Navy John B. Connally will deliver the main address at launching ceremonies for this country's newest Polaris missile submarine, the Thomas A. Edison, June 15 at General Dynamics Corp.'s Electric Boat Division.

The Edison, a second generation fleet ballistic missile submarine, is a 6,900-ton, 410-foot vessel designed to fire the long-range 1,500-mile Polaris and will be the eighth FBM submarine to be launched and the fourth to go down the ways at Electric Boat.

Other Electric Boat Polaris submarines are the George Washington, first of the FBM submarines, and the Patrick Henry, both on active duty with the fleet, and the Ethan Allen, launched last November and now being fitted out for commissioning this summer.

Second Arrest

Hamden, May 29 (AP)—Additional troubles have piled up for Robert E. Russell, 30, of 84 Main St., Terryville, who was arrested last week in the beating of a state senator.

When local police heard of his arrest, they found the name had a familiar ring.

They said Russell was wanted in Hamden on a forgery charge dating back to 1957. They said he had changed the age on a check for \$118 to \$111.18 and cashed it at a bar and grill.

Russell was arrested Saturday and released \$2,500 bond for an appearance in circuit court next month.

He was arrested Wednesday with his sister, Mrs. Doris Edwards, also of Terryville, on charges of breach of the peace after Sen. Daniel E. Kerwin of Waterbury was found robbed and beaten Tuesday night in Meriden.

Showers Wednesday

Windsor Locks, May 29 (AP)—U.S. Weather Bureau at Bradley Field issued this extended forecast today for Tuesday, May 30, through Saturday, June 3.

Temperatures are expected to average 3 to 6 degrees below normal with little day-to-day change. The normal mean temperature in the Hartford area during this period is 66 degrees ranging from a daily high of 78 to a low of 53. Rainfall is expected to average about one quarter of an inch occurring as showers about Wednesday night and again on Saturday.

Cited by FFW

Hartford, May 29 (AP)—The Connecticut Veterans of Foreign Wars (VFW) today cited three Connecticut newspapers, a radio and television station for "extraordinary service" in support of various VFW programs, civic or public service.

Car Deaths Rate at 4.3 Every Hour

(By the Associated Press)

Traffic	289
Boating	24
Drowning	37
Miscellaneous	50
Total	400

The highway death toll held to a course today which could set a record for the nation's extended Memorial Day weekend.

An ominous aspect was absence of the expected substantial mid-holiday slump — but not the daily peaks at the opening and closing hours.

By midmorning today, the figures showed traffic deaths were occurring at a rate of 4.3 an hour. This is the same average hourly rate maintained throughout 1960 when 38,200 traffic fatalities were counted for the year.

The 38,200 total, however, embraces deaths from injuries weeks and months after the date of the accident. The current count covers only deaths over the holiday period.

The homeward rush of millions from extended outings was expected to step up the rate dramatically tomorrow.

The weekend started with a heavy toll.

National Safety Council officials termed the rate "alarming" and said if it continued through tomorrow's holiday period, the toll could top the record of 413 highway deaths reported in a 4-day Memorial Day weekend in 1957.

The council did not make an estimate of traffic deaths for the 4-day period which started at 6 p.m. Friday and ends at midnight Tuesday (local time). However, it estimated that 100 persons might be killed on Memorial Day alone, 30 more than the average on a non-holiday Tuesday.

The council said traffic deaths would average 385 over a non-holiday period covering 102 hours from 6 p.m. Friday to midnight Tuesday.

Generally pleasant weather prevailed in most parts of the nation yesterday and millions of motorists headed for outings and recreation spots.

Kennedy Maps Plans For European Talks

Birmingham officials called to court by the government stand in lobby of courthouse in Montgomery, Ala., today. (Left to right: Vernon H. H. Simpson, attorney; Jamie Moore, police chief and Eugene (Bull) Connor, police commissioner. (AP Photofax.)

President Kennedy turned 44 today in the seclusion of his family home in Hyannis Port, Mass., on the chilly south shore of Cape Cod. He put in more homework on his crucial meetings with French President Charles de Gaulle and Soviet Premier Nikita S. Khrushchev.

The youngest President ever elected to the office based up on this week's European conferences while anticipating a giant birthday celebration in Boston tonight with personal and political friends.

But the mood of the occasion was deadly serious.

White House press secretary Pierre Salinger reported the Chief Executive remained on the grounds of the Kennedy compound of homes yesterday except for a drive to Mass in the nearby village of Hyannis.

While a spanking westerly wind churned up whitecaps on Nantucket Sound, Kennedy stayed in the beachfront home of his father poring over documents relating to his sessions with De Gaulle in Paris and Khrushchev in Vienna.

The President flies to Paris tomorrow night after Mrs. Kennedy joins him in New York.

Birthday wishes loaded the wires in this summer resort. Hundreds were delivered yesterday and it appeared Kennedy would get 1,000 before hopping to Boston tonight for a Democratic fundraising birthday dinner in his honor.

Kennedy was chipper and smiling as he acknowledged shouts of "happy birthday" on leaving St. Francis Xavier Roman Catholic Church yesterday morning. Hundreds of worshippers filled the white frame church and hundreds

Blasts Shatter Three Microwave Stations

Salt Lake City, May 29 (AP)—Dynamite blasts that shattered three microwave relay stations in Utah and Nevada yesterday touched off a multi-state manhunt and produced a war-like nervousness among citizens.

The question of whether the mysterious explosions were set by saboteurs, or vandals, was on many lips, some official.

Within hours after the dawn explosions, FBI agents armed National Guard troops and area police began hunting the person, or persons, who for a moment cut a nerve in America's Civil Defense communications system.

The damaged stations all are located in the desert of western Utah and eastern Nevada and along U.S. Highways 40-50A. The stations are part of the American Telephone and Telegraph system.

The first blast, at 4:55 a.m., demolished a microwave tower three miles west of Wendover on the Utah-Nevada line. The second, 55 minutes later, collapsed a cable relay station at Knolls, Utah, 40 miles further east. The third, 55 minutes later, crippled a microwave tower at Cedar Mountain, 20 miles further east in Utah.

The unmanned stations transmit radio waves up to 30 miles on a line of sight—snapped to coast, border to border.

The three blasts snipped out a portion of this telephonic backbone, but automatic equipment immediately shuttled messages to another system. Associated Press circuits in the West were disrupted.

17 Additional 'Riders' Facing Court in Dixie

Jackson, Miss., May 29 (AP)—Seventeen more segregation-defying "Freedom Riders" go on trial in city court today amid reports a fifth group would leave soon for Jackson in an attempt to crack the Deep South's "Jim Crow" barriers.

In Forest Park, Pa., the Freedom Riders' chief co-ordinator, Marvin Rich of New York, said a bus trip would be made to Jackson from New Orleans today or tomorrow.

Meanwhile, 22 Freedom Riders convicted here in Mississippi's capital city on breach of peace charges last Friday, were transferred today to the county penal farm to work off their \$200 fines at the rate of \$3 a day. Five others posted bond earlier and were released.

The 17 newly arrested Freedom Riders — 13 Negroes and four whites — go on trial on the same charges as the other 27. If convicted they can post bond, pay a fine and/or serve a sentence.

Texas Voters Elect First GOP Senator

Dallas, Tex., May 29 (AP)—The victory of John G. Tower, the first Republican senator to be elected by Texas voters, today left gleeful GOP workers thankful they rang so many doorbells and Democrats wondering what went wrong.

Tower, the 35-year-old former college professor, won Saturday's special U.S. Senate race by 8,000 votes over William A. Blakley, a Democrat who holds the Senate seat on an interim appointment.

He had 444,815 votes of 50.43 per cent of the 881,630 votes counted to Blakley's 436,815. Approximately 7,600 votes — not enough to change the outcome — were yet to be reported.

When Lyndon B. Johnson, who had campaigned successfully both for the vice presidency and for reelection as senator in November, resigned his Senate seat early this year, Tower was one of the first to announce for the special April 4 election.

The political unknown when he quit as professor at Midwestern University last year to run on the Republican ticket against the Senate majority leader, Tower pulled up 826,655 votes against Johnson's 1,206,623. It was the largest vote ever given a Texas Republican in a state race.

Tower was the only Republican in the April 4 election and the state's Republican organization threw its full force into the campaign.

But more than 70 Democrats — including Blakley and four others — with proven support — failed in the same election. Blakley and Tower tried to outdo each other in bidding for the Conservative vote, U.S. Rep. Jim Wright and State Atty. Will Wilson appealed to the middle-of-the-road vote while State Rep. Maury Maverick Jr. wooed the liberal vote.

Tower led the first election with 81.8 per cent of the 1,100,000 votes cast, followed by Blakley with 18

State Courts 3 Holiday Dead

Hartford, May 29 (AP)—The Connecticut death toll in Memorial Day weekend began 6 p.m. Friday.

Of the five deaths, three resulted from traffic accidents, and the remaining two from drowning.

The traffic fatalities occurred in Connecticut as State Police re-inforced regular patrols to crack down on speeders and other highway violators.

The drowning took place near Stratford when a huge wave tilted a 16-foot boat containing three fishermen.

Violence broke out in South Africa today as non-whites started a 3-day political strike. African mobs blocked roads and stoned worker buses.

In Port Elizabeth, an African bus driver was shot and wounded trying to steer his bus through a stone throwing gang.

Several other buses also were stoned in segregated Negro townships outside Port Elizabeth and Durban, at road blocks made of gasoline drums, poles and rocks.

Frightened drivers wanted to quit but police promised them protection, and escorted the buses through.

The government-controlled South African Radio quoted police and military officials as saying, "The natives are going to work as usual... there is no support for the strike call in Johannesburg."

But there was evidence that a high percentage of the Africans employed in this city were staying away from their jobs. Hardly any were to be seen in streets that normally are crowded with them during the morning rush hour. The railroad station looked deserted when it should have been jammed. The South African Press Association estimated that only a fifth the usual number of non-white workers were coming in by train.

Mother Strangles 3 Children in Bed

Athens, Greece, May 29 (AP)—A young U.S. Army sergeant's wife strangled her three children and then slashed her throat, Greek police said today.

Mrs. Joann Baker, 28, Stockdale, Texas, is in critical condition at the U.S. base hospital, police said.

Mrs. Baker was found by her husband, Joel, when he returned to his Kalamaki villa home early Sunday.

Dead in their beds were their three children, Kathy, 2, Susan, 5 and Joel, 8. Police said all had apparently been strangled in their sleep with a nylon cord.

Baker's home is Route 2, China Grove, N.C.

Police said Mrs. Baker slashed her throat with a kitchen knife. The Greek authorities said a suicide note was later discovered at her bedside in a Bible.

The Bakers arrived in Greece in July 1960.

DEFEND TRACTORS DEAL
Washington, May 29 (AP)—The Kennedy administration launched a counter attack today against critics of its support for the move to swap tractors to Fidel Castro for release of 1,200 Cuban rebels. Sen. Hubert H. Humphrey, D-Minn., in a Senate speech, said the Republican Vice President Richard M. Nixon is morally, legally and politically wrong in denouncing the deal.

Murrow of the U.S. Information Agency called a news conference and said there has been a ground swell of disgust at Castro throughout Latin America as a result of the Cuban Dictator's offer of the swap. "It is clear that Castro has snubbed his way into a major blunder," Murrow said.

TELLS OF TRUCKS DEAL
Jerusalem, May 29 (AP)—A peace pact between Israel and a slapping the witness stand and imitating a Nazi officer's shrill command, testified today Adolf Eichmann offered him the lives of a million Jews for 100 trucks in 1944. Joel Brand said Eichmann told him: "One hundred Jews for one truck. That's a pretty good price for you."

Brand, a leader of the Budapest Jewish community, was sent out of Nazi-occupied Hungary to negotiate the deal. It never came off.

DEFECTOR DENIED
Warsaw, Poland, May 29 (AP)—The Polish Foreign Ministry described as pure nonsense today western reports that Deputy Interior Minister Antoni Alster has fled to the West. Friends of the security official also denied the reports. They said Alster is recuperating in Warsaw from a near-fatal car crash eight or nine months ago. He suffered multiple injuries and is unable to go to his office regularly but does most of his work at home, these informants said.

Columbia Memorial Day Rites Scheduled

Raymond E. Lyman, chairman of Memorial Day program and marshal of the parade, has announced the program as arranged by Mrs. Myrtle Engler, Grade 8 teacher.

People are asked to gather on the paved area by Yeomans Hall, the school and Columbia Congregational Church by 9:30 a.m. At that time the school band will play a medley of patriotic and sacred music. The call to colors will be played by Gary Tietelbach; Girl and Boy Scouts will raise the flag at the church and the school simultaneously. Then the assembly call by Lyman will get the parade in shape and the march will begin.

The major portion of the program will take place at Center Cemetery. The band will play Skyliner and accompany the audience as it sings "America." Peter Shumway will read an original eulogy, "What Memorial Day Means to Me." Daysa Thompson will recite "Let Us Forget." Mrs. Myrtle Engler, Grade 8 teacher, will give the invocation.

A group of boys, James Robinson, William Gardner, Michael Blum, Gene Levesque, Cleland Swenor, Peter Roberts and Donald Haynes, in choral recitation will give "The Gettysburg Address." Lyman will give the Memorial Day address, and the graves will be decorated. Taps will be sounded by Gary Tietelbach; the echo, by Robert Caroline.

At Old Cemetery, the graves will be decorated and taps sounded. The group will reassemble at West Street Cemetery for prayers and grave decoration. "The American Creed" in choral recitation will be done by George E. Peters Jr., Scott Dunsmuir, Bruce Melvin, Pamela Lusk, Margaret Dilworth and Beth Albair. The invocation, decoration of graves and tape complete the program. If it should rain the exercises will be held in Yeomans Hall.

Olympic Film Showing
Columbia Recreation Council will sponsor an open meeting in Yeomans Hall tonight to arouse interest in canoeing on Columbia Lake, through the efforts of the man who was coach and manager of the 1960 U. S. Olympic Canoeing team.

Ernest Miller, a house guest at the home of Mr. and Mrs. William J. Rhodes, American representative of the American Canoeing Association and secretary of the American Olympic Canoeing Committee, will speak at tonight's meeting and will also show a film which he took at the European Olympic last year.

With Miller will be William J. Rhodes, American representative of the American Canoeing Association. The two are retired business men who spend much of their time touring the country in the interests of their hobby.

Mrs. Herbert C. Engler, Sr., chairman of the council, has announced the meeting is open to all interested. Admission is free.

Call Anyone Else For I Don't Know
By Rogers
Because success crowned my efforts for the elimination of bridge tolls and will eventually do likewise in the electric light rate fight, the dismal press release of the utility notwithstanding, folks have very probably formed the erroneous belief that I can answer any question. I cannot.

One woman asks: "Even if, as Mr. Martin tells us, we are not going to get a favorable adjudication from the electric light company, because of recent tax and other developments, why shouldn't we be reimbursed for the great amount we have paid to replace burned out light bulbs and the horrible difference between our electric light rate and East Hartford's for a period of years?" We should but ask Martin why we have not.

Three different men phoned to ask: "Why should we donate to a fund to battle with Caefro, whose word we cannot take anyway, for the release of prisoners whose we have done nothing to obtain the release of thousands of other prisoners throughout the world?" The only answer I can give for such drive and its endorsement by President Kennedy is that a self-appointed committee of Eleanor Roosevelt, Eisenhower's brother and a labor leader propose it. I will not give a thin dime because I wholeheartedly agree with Senator Dodd.

"Considering that medical and hospital services are exempt from the sales tax, why should the present General Assembly impose upon us a tax on dentures, commonly called store teeth?" It is a rank imposition but ask Representative Shea for the explanation. And don't get mental indignation trying to understand his answer.

"What will be gained by the conference between Kennedy and Khrushchev?"

I don't know but as an amateur in international affairs I would think no harm can come from it if I paid for the above just to be courteous but I suggest that for more intelligent answers you phone Town Manager Martin, School Superintendent Curtis, The Manchester Herald or someone more versed on economic and international affairs than the writer.

Bolton Donna Calhoun Wins First in Dress Contest

A dress made by Miss Donna Calhoun has been awarded first place for entries 14 to 16 years of age in the Orange sewing contest at the Pomona, or district, level. The two-place dress will now be judged at the Middlebury Town Hall on June 8 in state competition. Donna is the daughter of Mr. and Mrs. Raymond Calhoun of Flora Rd.

Three-piece ensemble, dress, jacket and hat, made by Mrs. Warren Amundson of Watrous Rd. was rated third in the adult class in the Pomona level judging. Both Miss Calhoun and Mrs. Amundson were first place winners in the Bolton judging last year as well as this year.

About 47 people attended the Friday night meeting of Bolton Grange. Guests were present from the Ellington, Andover and Hebron Granges.

In observance of the 70th anniversary of the Bolton Grange, Miss Mary Tedford, now serving as secretary, traced the history from its beginning on May 21, 1885 with 14 members, to the present with a membership of 156. Bolton now has two "golden cheer" members, Mrs. Vira Massey and Mrs. Clara Loomis, who have belonged to the Grange for 50 years.

The next meeting for 50 years, the 70th anniversary of the Bolton Grange will be held Saturday at 8 p.m. at the Andover Members of the Bolton unit who wish to obtain tickets for the fifth, sixth or seventh degree may get them from Miss Tedford. Applications for the Grange baking contest are now available from Miss Grace Tedford, chairman of the home economics committee.

The youth committee of the Grange will sponsor a public dance beginning at 8 tonight at the Community Hall. Tickets may be obtained at the door.

A novel barbeque will be held at Bolton Center Saturday for the rest of the building fund of the Bolton Congregational Church. A crew of 10 men from St. John's Episcopal Church, in charge of the barbeque, will arrive in Bolton Friday and will start work first in high open pits between the church and the Community Hall over which 50 to 60 pounds of beef will be slowly roasted.

Women of the church will prepare the rest of the meal, including baked potatoes, string beans, cole slaw, and homemade apple pie. Mrs. Marshall Lewis heads a committee which will bake the pies.

Tickets for the barbeque should be obtained early this week. They are available from Miss Ella Sumner, Mrs. Louis C. Dimock Jr., Mrs. Thomas Johnson or at Watkins Brothers, House and Hardware at Bolton. Tickets are \$1.00. Youth Need Working Papers

Boys of school age are reminded to get their working papers from their office. Superintendant Graft announces that his office will be open during the month of June from 8:30 to noon and 1 p.m. to 4:30 p.m. on Wednesday and Friday to issue such papers. The boy or girl planning to work must appear in person, present a birth certificate and a promise of employment from the prospective employer.

Dinner-Dance Set
The Democratic Town Committee will sponsor a dinner-dance featuring roast chicken served family style, June 11 at 10:30 p.m. at the Rosemount Restaurant. Music will be by Tony O'Bright's orchestra. Joseph LeClerc is general chairman. Mrs. Edward Churchill is in charge of decorations. Tickets may be obtained from any member of the committee.

At the last meeting of the Bolton Property Owners Association, members reviewed action taken and statements made at the last town meeting, and worked on contents of a bulletin to be issued in the future.

The association's secretary was instructed to send a letter to the Board of Finance with copies to the selectmen asking them to give three days notice of their meetings in the future.

Mrs. Oscar Krzycki, publicity chairman, said this action was taken because several meetings have been held without such advance publicity. Mrs. Krzycki said the association considers such meetings illegal because of the "right to know" law which they believe requires such notice so that any taxpayers who want to can attend the next meeting of the association, which is open to members only, will be held Thursday at 7:30 p.m. at the Community Hall.

Bulletin Board
Members of Boy Scout Troop 73 will meet at 8 a.m. tomorrow in front of Barnard School in Manchester to take part in the Memorial Day parade.

The Bolton Elementary School and public offices will be closed tomorrow.

The Bolton Patrol of United Methodist Church will omit its meeting tomorrow. The adult Bible study class will meet tomorrow at 8 p.m. at the church.

A 14th anniversary high Mass of Requiem will be celebrated tomorrow at 8 a.m. for Joseph Marco in St. Maurice Church, Sheridan Oil and Bolton Dairy baseball teams are scheduled to play tonight at 8 at the Bolton Dairy field.

Connecticut Yankee

By A. H. O.

We were entering the State Capitol one morning recently, and I saw a man in a suit and tie, who I recognized as being a member of the Connecticut Yankee. He was walking past the point where the lobbyist for something or other had Eddy button-holed, and as we walked past we heard Eddy respond to the perennially pitched words roughly thus:

"But you know that, in addition to all the things you have been telling me, we also have to give some attention to the question of whether this happens to be right or wrong, a good or a bad thing to do."

"We don't know who was the more sympathetic hearing, while we were in the legislative corridors, the lobbyist or we, but he soon departed on a search for a more sympathetic hearing, while we waited to convey to Eddy our sense of shock at hearing such a consideration raised in discussion of a legislative matter."

"Don't worry too much," said Eddy, reassuringly. "In the committee itself, we have a hard rule, which balances things off. We say to ourselves: 'Never let our conscience interfere with the cause of Connecticut legislative history.'"

"We thanked him for concluding us from unaccustomed bluntness and setting us back near legislative ferocity. Those mid-time ticks, too, would surprise you now and then, but always get you back to earth."

Thoughts For Memorial Day

If we were to venture to guess the present day of Memorial Day, as it floats on the surface of the public consciousness, it would be that Memorial Day is a day on which you should take special care not to be killed on our highways.

We can go back in memory, on the other hand, to a time when Memorial Day occasioned a different kind of thinking about life and death. There was always a ceremony and a speech, because everybody felt that this particular holiday had a meaning which ought to be expressed.

But most important of all, everybody heard the speech because that was what everybody did, and because, until that time, it was a very good and fitting thing to do.

It was a holiday not altogether directed to the aim of getting away from it all, it took people out of their humdrum so that they could, for one day at least, give time to some of the realities of living, to thoughts of things like life and death, the things which nations and communities extend, the high and the low of human behavior, the values by which people live and die.

We listened to oratory to see if it afforded us, to see if it tallied with our own unexpressed thoughts, to see if it renewed our sense of community and linked destinies, to see if, for its part, it took us toward fundamentals.

We could still stand, although we do not often choose or experience, such a day.

We have on some little used shelf of our living, any number of words and concepts and beliefs we haven't really examined lately. Life is more than the present day Memorial Day concept of just not getting killed on the crowded highways.

Death is more than something the continued advance of science may temporarily postpone.

Both are human experiences, and both take their significance from the way the individual, the community, society meet their challenges. Either we meet them with standard and with purpose, or we speed aimlessly away from them both, with no greater aim than that of avoiding them.

Freedom is more than any rigid political system, or label for a particular way of life. It is also what it itself implies—a feeling inside the heart which is that heart's own indestructible foundation.

It has been to preserve that heart's right, and to extend it to others, that the purest sacrifice has been made by men, down through history.

Survival has come to join life, death, and freedom as one of the great concepts of our times. We could stand some re-examination of it, too, for in itself it is nothing. The how to much more important than the if, we put a false value on life itself if we assume it justifies all means; survival is never really the question, the question is whether we are doing anything with the moment we have.

All this, the potential stuff of Memorial Day oratory, the kind of thing we might think about if we had time, wears its importance in spite of our superficial neglect. It is still the only important thing, and we all know it, even if we demand that only by running from it, as fast as we can, taking some pains, meanwhile, not to get killed on a holiday highway.

One cannot turn back the clock or custom. But human aspiration still remains unhappy and incomplete as long as it pretends it doesn't know what life and death

Castro Aid Opposed

Washington, May 29 (AP)—U.S. Rep. John S. Monahan, D-Conn., said yesterday he has urged Adlai Stevenson, U.S. ambassador to the United Nations, to ask for U.S. disapproval of a \$5 million special fund allocation to Cuba for agricultural research project.

Monahan said Cuban Premier Fidel Castro "has clearly shown that he is anti-American and he is doing everything possible to establish a Communist beachhead in this hemisphere."

He said he would urge Stevenson to disapprove of the fund allocation to Cuba for agricultural research project.

DRIVERS LICENSE STUDIED

May 29 (AP)—Gov. John N. Dempsey has authorized a study to determine whether new procedures should be used in examining applicants for driving licenses. The examinations now used has not been changed since November 1951, when a written test on motor vehicle law was added to the road test and oral examination. The study announced Saturday will compare the written examination with the written test and oral examination. The study will also determine whether the written test should be given to those who get permits since then.

Mrs. Brannon M. Smathers

Mrs. Margaret Louise Reid of Manchester and Brannon M. Smathers of West Hartford were united in marriage Saturday at the Church of the Assumption.

The bride is the daughter of Mr. and Mrs. Frank Reid, 49 Mountain Rd., Manchester. The bridegroom is the son of Mr. Bowen M. Smathers of Canton, N. C., and the late Mrs. Smathers.

The Rev. Philip J. Hussey of St. Bartholomew's parish performed the double ring ceremony. Arrangements of white plaid and carnations were in the altar.

Given in marriage by her father, the bride wore a gown of silk organza trimmed with Chantilly lace and designed with a scooped neckline and long tapered sleeves with pointed tips, and a bouffant skirt ending in a chapel train. She wore a large cluster of orange blossoms with a bouffant veil of silk illusion. She carried a cascade of white roses and stephanotis.

Mrs. Barbara A. Daly of East Hartford was maid of honor. Bridesmaids were Miss Sally D. Neville of Ashburnham, Mass., and Miss Barbara A. Beaupre of Manchester. All bridesmaids wore matching sheath gowns of yellow green silk organza with pointed necklines and three-quarter length sleeves. They wore white shoes with white heels.

The maid of honor carried a cascade of white roses with pale yellow carnations.

With the flick of a switch you can cool the air, circulate it, get rid of humidity and it's all so easy. See your dealer for electric cooling which fits your home and your budget. Real, honest-to-goodness air conditioning includes cooling, dehumidifying, filtering and circulating. You can have all of these in a simple window or portable unit.

Keep your favorite room the most comfortable room in the house all summer. You can do it at the flick of a switch... electrically. And now's the time to do it, before the scorches get here!

When it's not the heat but the humidity!

Some folks suffer more from humidity than from heat. Actually warm, dry air is more comfortable than cool, damp air. A dehumidifier is not a cooling device, but it dries the air, and eliminates a major cause of discomfort. It's great in a workshop or basement recreation room. In fact, an electric dehumidifier wrings a pint of water an hour out of the air in the average room. There's no dripping moisture to collect on pipes, woodwork, furniture or mildew on rugs. This summer keep cool and comfortable electrically.

Rabbit Ball Back in News

New York, May 29 (AP)—Take one look at those Sunday box scores and you'll have to agree: The old rabbit ball is back again.

American League hit 27 home runs Sunday, a new all-time record for any league. The old record was 26 by the National on May 30, 1956 in eight games. The American also played eight games on that same date when it set the previous high of 24. They played only seven games Sunday.

Ten homers were hit at Cleveland nine at New York, five at Los Angeles, two at Washington and one at Baltimore.

The National League also kept the pace with 22 in four games. The only trouble was that it didn't play enough games.

WHITE SOX 14-3, YANKEES 9-4—A fantastic first game at Yankee Stadium between the Chicago White Sox and the New York Yankees. The Sox piled up a six-run lead with the help of a grand slammer by Wes Covington.

The Yankees pitched eight good innings in Cleveland. Jim Perry was showing in the first game as six pitchers tried to stop the White Sox. Luis Arroyo, the fourth in line, was tagged with the loss. Turk Lown, third Sox pitcher, was the winner after an early Wynn's try for his 29th victory, had to be relieved. Jim Stenzel pitched in Cleveland. Jack Fisher, Yankees with six relievers in the game, was the winner. The Sox pitched a six-run lead with the help of a grand slammer by Wes Covington.

Bookie Drivers Ready for '500

Indianapolis, May 29 (AP)—A potential record-breaking field, with the most rookers in 10 years, tomorrow thunder after a purse of \$750,000 or more in the Golden Anniversary 500-mile auto race.

The 35 drivers, screened from 500 names by the Indianapolis Motor Speedway, are ready for the Memorial Day afternoon when they will vie for \$750,000 or more in the Golden Anniversary 500-mile auto race.

TWO BALL, BEST BALL.

At 12:30 p.m. the 19th Hole Country Club will hold its 12th annual Country Club Open.

The sum collected represents approximately \$5 per cent needed to meet the 1961 season operating budget.

Anyone wishing to make a contribution may do so by sending a check to the Little League Treasurer, 35 McKinley St.

Governor's Cup Taken by Hilinski

Indians, May 29 (AP)—A string for a tying birdie, a 68 and Doug Ford doesn't love the Indianapolis Motor Speedway golf course, he ought to stop off at a psychiatrist's on the second with a 12-foot birdie putt for Palmer holes. She felt bleeding profusely, and there was a delay before an ambulance arrived.

It was his first repeat victory. He needed it for Ryder Cup points and he needed the cash to maintain his record of finishing among the top 10 PGA money winners every year since 1951. The prize was about \$1,000 more than Ford won in 18 previous tournaments this year.

He got it by shooting a 13-under par 274 total, one stroke back of Ford's 280 for 74 holes.

"Sure I like this money," Ford said. "I got a 68 on the 18th hole where you hit short and bounced into the green."

He had every reason to fold in the 18th hole. Palmer, in one of his patented finishes, raked a 30-foot eagle putt on the 18th green for a 66 and took two putts from the

Schoolboys in Home Stretch Wins in Last Two Tilts Must for Indians' Nine

With one week remaining in the 1961 season, Manchester High's baseball team has reached the showdown stage of the season. Victors in eight of their 10 games to date, the Indians must win their final two regular season contests if they are to qualify for the state tournament.

Having already clinched a berth in the first division of the Central Valley League, the Indians are now trying to assure itself of a winning season on the diamond.

Some of the large upsets of the season have been Manchester's wins over the Indians. The Indians have won three of four decisions this spring including a 5-1 verdict over the Chieftans.

Playing one of its most important matches of the season this afternoon was Manchester High's 11th game of the season. The Indians were scheduled to play the Chieftans at the Manchester Country Club. These two boys played a 2-0 doubleheader in the first meeting. Thursday the Indians' goal was to clinch the title by winning their final game.

Also winding up his season Thursday will be Cheney High. The Rangers (4-21) will visit Berlin in the afternoon. They have whitewashed 11-0 the first time around.

Cubs and Phils Battle For Last Place in NL

New York, May 29 (AP)—Somebody had better flag down the Cubs and Phils. There isn't any 10th place in the National League this year. The way they are going, they will be playing a league all by themselves in another month.

The Cubs and Phils are now tied for last place in the National League. The Cubs are 13th and the Phils are 14th.

The Cubs are 13th and the Phils are 14th.

Funds Shifts Before Board

Several shifts of appropriations in the town budget have been proposed by the administration and will be considered by the board of directors June 6.

The directors will hold public hearings on the transfers at that meeting.

One of the items of financial questions before the board is setting up a Reserve Fund for Capital and Non-Recurring Expenditures in the water departments and transferring \$120,000 into it. The money would come from funds already set aside for water projects and the projects would be shifted along with the financing.

The directors will consider setting up a similar reserve fund in the sewer department. Neither has such a fund now. Therefore, appropriations for improvements lapses at the end of a fiscal year even if the improvements are incomplete.

A charter change, approved by the voters, makes it possible to set up the general fund and put into the Capital Improvement Reserve Fund. The money is for the storm drains. If the money is not transferred, the appropriation will lapse.

A second transfer to the Capital Improvement Reserve Fund, \$2,000, would come from money originally appropriated for settlement of claims.

Martin also wants to shift \$5,000 from the police department budget to welfare, and \$2,000 from the street lighting budget to garbage collection and disposal.

For accounting purposes, Martin wants the sewer department to pay the water department \$8,870 for 12 miles that was converted from water to sewer use.

Also on the agenda for the June 6 meeting is \$8 p.m. in the hearing room of the Municipal Building in the board of education's request that the directors restore \$266,222 they cut from the school budget. In his notes to directors, Martin says he doubts that the money can be added without making an additional appropriation. He also says that unless the increase in state aid goes well above the \$200,000 increase now approved, a special tax would be needed to finance the \$266,222 additional.

Martin seeks authority from the directors to issue new bond anticipation notes and ultimately bonds to finance school renovation, sanitary sewers, and a library addition.

Peacetime Parade Pattern

It's peacetime now and these soldiers were marching only in a Memorial Day parade. Once, however, men marched up Manchester's Main St. to dinner, roads which led to Antietam where Manchester boys in blue fought and died, or to Manila Bay, Verdun or Iwo Jima.
