## U.S. Surveys Defenses As Reds Boost Forces

Washington, July 10 (AP)—Secretary of Defense Robert S. McNamara, noting that Russia intends to increase military spending, today announced the United States is taking another look at its defense program.

Soviet Premier Nikita Khrushchev announced in Moscow last week that Russia has suspended plans to cut Soviet armed forces by more than one million men in view of the world situation.

McNamara said that "the simplest precaution calls for still another examination of our defense posture."

"Currently we are as strong—if not stronger—than any potential aggressor."

"But in the face of the insuperable realities that confront us, such as threats to dispossess us of our rightful presence in Berlin, we can do no less than re-examine our needs. This we are doing."

McNamara's statement gave no indication of what new steps the Kennedy administration might take to bolster defenses.

Shortly after McNamara's announcement, Roswell L. Gilpatric, deputy secretary of defense, had informed a Senate Appropriations subcommittee that President Kennedy had called for a new appraisal of U.S. fighting power in the light of the Berlin crisis.

Ever since the Berlin crisis began heating up again a month ago, there has been speculation that Kennedy might order some form of mobilization to alert the American people to the gravity of the situation and to warn Khrushchev that the United States intends to back up its firm stand against being ousted from West Berlin.

Over the weekend, the House foreign affairs committee made public testimony from Gen. Lewis Norstad, commander of Allied Forces in Europe, that he feels the time has come for a quiet building up of strength "that would go a long way toward passing the Berlin ball back to Mr. Khrushchev."

McNamara noted in his statement that the Soviet Union had announced intentions to reduce Soviet force levels from 3,623,000 to 2,423,000 men by next year. He said Khrushchev on Saturday abandoned this aim which the world had greeted as an encouraging omen.

"Nothing which has developed in the United States or the free world (Continued on Page Five)

Mildred Gillars, Axis Sally of World War II, leaves the women's reformatory at Alderson, W. Va., today. (AP Photofax).

## 'Hello, Gang!' Axis Sally, 60, Gray, Released on Parole

Alderson, W. Va., July 10 (AP)—Mildred Gillars—the "Axis Sally" of World War II—walked out of federal prison after 12 years today with a flourish. She is now 60 years old.

The starring voice of Nazi propaganda broadcasts was still the actress. Even the usually restrained reporter asked for a statement on her first reaction, Miss Gillars replied:

"Well after some 15 years in prison, what am I supposed to do?"

Although she said 15 years, she actually has been in the reformatory only since 1949.

That's as far as she would go. She was hustled into the car of a sister, Mrs. E. E. Niemhen of Ashabula, Ohio, and was driven off.

Miss Gillars was convicted of treason in March 1949 and was sentenced to from 10 to 30 years. She was released on parole today.

As Axis Sally, she conducted propaganda broadcasts for the Nazis during World War II beamed to American troops overseas played sentimental recordings and Americans at home. She wondered aloud to the GIs what their girls back home were doing. Her broadcasts also were aimed at raising the prestige of the German Army.

She was brought to the main gate of the U.S. Women's Reformatory here by Lt. Helen England. For more than a minute she gazed and talked with her escort while a group of newsmen waited impatiently outside the gate.

She seemed to enjoy the center stage immensely.

Finally, her sister and brother-in-law rushed through newsmen and opened the car door. Miss Gillars immediately threw her arms around her sister in a long and fond embrace.

Mrs. Niemhen quickly steered her toward their waiting car some 25 yards away.

The newsmen had little chance to get in a word. Her stride was fast and determined. She parried questions with a "What?" or with a wide smile.

She said she could not say whether she was going into a (Continued on Page Four)

## Shimmer to Sleep In Twinkle at Lunch, Glitter for Dinner

By JEAN SPRAIN WILSON (A.P. Fashion Writer)

New York, July 10 (AP)—Sparkle for breakfast—twinkle for lunch—glitter for dinner—and shimmer to sleep in.

The fashion fare the International Silk Association served here last night at the dinner which opened fashion press week activities sponsored by the New York couture group.

More than 200 of the nation's fashion editors scribbled furiously as they sampled a smorgasbord of costumes in silk.

Many were by couturiers Scaasi, Sarni, Vera Maxwell and Norman Norell of New York, as well as Californians Werle, Irene and Gustave Tassell—designers who do not ordinarily preview their collections during the couture group members' semi-annual press week.

Nevertheless the costumes by any designer's name were much the same in terms of elegance, with emphasis placed on the fabric rather than the dress silhouette.

Here and there in the show a model wore a terse little black daytime dress. But it was as prosaic as a postal amidst a collection of Christmas cards.

In fact, most of the dresses were decorated as if they were expensive Yule cards. For example, a splash of glitter garlanded the neckline of a floaty pink cloud of a housecoat designed by Christian Dior to go with breakfast toast and coffee.

And Sarni, Scaasi and Elveto generously sprinkled silver snowflakes on candy-colored chiffon, satin and georgette costumes for (Continued on Page Two)

## 63 Firemen Injured In 12 Hour Blaze

Mount Vernon, N. Y., July 10 (AP)—A smoky, 7-alarm fire that burned out of control for 12 hours Saturday night and early yesterday injured at least 63 firemen and caused an estimated \$500,000 damage. One fireman was in serious condition.

The blaze started in the basement of the H. L. Green Variety Store at 6:45 p.m. Saturday and was not declared under control until 6:45 a.m. yesterday.

Flames threatened nearby buildings but 500 firemen succeeded in keeping the fire from spreading. The 3-story variety store at 44 1/2 Ave. was in the heart of the downtown business section.

Firemen said intense smoke was caused by large quantities of plastic (Continued on Page Four)

## State News Roundup

### Mother Shoves Child to Safety, Killed by Train

Groton, July 10 (AP)—The New Haven Railroad train bore down on Mrs. Agatha Bouchard, her husband, four children and sister-in-law as they were looking for the keys to their car.

The husband, his sister and three of the youngsters dashed to safety yesterday from a causeway at Bebe's Cove between Mytic and Noank.

Mrs. Bouchard, 37, of 118 Bingham St., New Britain, shoved her youngest child out of harm's way and started to run. She slipped and fell on the tracks.

The Boston-bound train, the Bay State Express, struck and killed the mother.

Train engineer William Noonan of New Haven told police he had no chance to stop the train before it struck Mrs. Bouchard.

The Bouchards had been clamoring and fishing at the cove when they missed the car keys and began the search that led to tragedy.

### 3 Robbers Get \$306

East Hartford, July 10 (AP)—Three men held up the East Hartford Howard Johnson Motel on Main St. early today and escaped with \$306 in a light Ford Thunderbird.

The armed robbery of the motel office took place at approximately 3:55 a.m., according to assistant chief of Police Joseph J. Ciccalone.

Night manager Jack LeMay told police two men walked into the motel office early in the morning. One of the men, as he got up, he noticed the taller of the two holding a gun. The 6-foot-er said, "Get the money."

LeMay took the cash from the register, handed it to the men. They dashed to a waiting "Light Ford Thunderbird" with the third man behind the wheel and sped away.

### 113 to 127

Hartford, July 10 (AP)—The State Motor Vehicle Department's daily record of automobile fatalities as of last midnight and the totals on the same date last year:

Killed	1960	1961
	113	127

### Extended Forecast

Windsor Locks, July 10 (AP)—The U.S. Weather Bureau at Bradley Field issued this extended Connecticut forecast today for today through Saturday:

Temperature will average about 2 to 4 degrees below normal with little day to day change.

Normal temperature range in the Hartford area is from a low of about 62 to a high of around 86.

Precipitation should total about one half to three fourths of an inch as showers about Thursday and perhaps Friday.

### 6 New Lieutenants

Hartford, July 10 (AP)—The appointment of six new lieutenants in the State Police Department was announced today by Commissioner J. Mulcahy.

They are:

- Lt. Edward C. Steele, Meriden who entered the department training school in 1940, received an honorable mention award in 1950 for his work in the Woodbury bank robbery and has been serving as acting lieutenant in charge of Troop H, Hartford, since July 26, 1959.
- Lt. Walter P. Stecko, Hampton, who has been with the department since 1947 and served as commander of the training academy since July 7, 1959.
- Lt. Vincent J. O'Brien, New Haven, with the department since 1947 and in the Detective Division since 1952.
- Lt. Thomas C. Leonard, North Haven, who entered the department in 1938 and has been serving (Continued on Page Five)

## Captives Want To Start Own Tractors Fund

Miami, Fla., July 10 (AP)—A 10-man Cuban prisoner negotiating team, sponsored by action of the American Tractors-for-Freedom Committee, said today they would seek State Department permission to organize a fund.

The American Committee announced it would return unopened 70,000 letters sent to it by tractor purchasers fund. Many letters presumably contained contributions.

Ulises Carbo, spokesman for the 10-man group, said his delegation was saddened by the committee action. It accused Fidel Castro of bad faith in demanding 500 heavy duty tractors in exchange for 1,197 prisoners from the April invasion attempt on Cuba.

"Naturally we think that money was given by people who wanted freedom for our fellow prisoners in Cuba," Carbo said.

Under the original timetable, the men were to return to Cuba today. However, Carbo said there had been no message from the Castro government recently and he believes there will be no difficulty in obtaining an extension of one or two weeks.

## Footprints Spur Hunt For Denise Sullivan

A large capsule is administered to Kita by Dr. William K. Appelhof, Detroit Zoo associate curator, in a battle to save the life of the baby elephant who swallowed a rubber ball tossed by an admirer. (AP Photofax).

## In Mozambique Channel 237 Dead, Missing In Ship Blasts-Fire

Luoreno Marques, Mozambique, July 10 (AP)—The Portuguese Maritime Ministry announced today 237 persons are dead or missing and presumed dead from the grounded and burning Portuguese ship Save. Most were African Negro passengers.

The 2,037-ton transport was swept onto a sandbar in a storm Saturday in the Mozambique Channel, off southeast Africa, and a series of explosions ripped the hull and engulfed her in flames.

The ministry said there were 490 persons aboard the ship, including a 44-man crew, and that 253 were saved, some of them suffering injuries.

Estimates of the total aboard were being raised because of reports that some of the passengers were troops, others were nine laborers.

The disaster struck near the Lindo River Estuary of north-mozambique.

It was thought that many of the missing swam safely ashore but (Continued on Page Five)

## News Tidbits from the AP Wires

Teamsters head James R. Hoffa says his union will be back in AFL-CIO within six months—"unless those who are in labor movement desire to have weakened federation"—during "Meet the Press" TV show. Executive secretary of the National Association for the Advancement of Colored People Roy Wilkins in Philadelphia says President Kennedy "has made an error" in failing to prod Congress for new civil rights legislation.

## Elephant Kita Turns Worse, Gets Penicillin

Detroit, July 10 (AP)—Kita, the 1,100 pound baby elephant who swallowed an admirer's rubber ball, took a turn for the worse today and was given penicillin shots.

Frank C. McInnis, director of the Zoological Park Commission, said Kita was given the penicillin in an effort to clear up an infection in her esophagus.

McInnis said a swelling in the elephant's esophagus was noticed today when Kita was fed through a tube.

He said "There's an inflammation there and we don't like it. We may have quite a problem on our hands. If we don't halt the inflammation we may not be able to force feed her."

Kita ate two gallons of a mixture of oatmeal, brown sugar, honey and liver protein yesterday. It was her first food since Kita swallowed a ball that rolled into her pen at the Belle Isle Children's Zoo Thursday.

The ball lodged in her throat and zoo officials feared for her life. Dr. William K. Appelhof, Detroit Zoo veterinarian, finally managed to poke the ball past her throat into her stomach Saturday.

But Kita, who came here a year ago, refused to swallow because of a raw, swollen throat. She was force fed yesterday with a hose. Earlier, attendants hosed down her throat with ice water in an effort to reduce the swelling and keep her from dehydrating.

## To Aid Commuters, Railroads Bush Calls for Repeal Of 10% Rail Fares Tax

Washington, July 10 (AP)—Sen. Prescott Bush, R-Conn., today proposed legislation that would give the New Haven Railroad and other rail lines that may be subject to reorganization, relief from the 10 per cent excise tax on passenger fares.

"Relief from the 10 per cent tax on passenger fares is a first step which the federal government should now take to put the railroads into a better competitive position," Bush said in remarks prepared for delivery on the Senate floor.

The Connecticut Republican said:

"By heavily subsidizing competition from the highways and airways, the federal government is responsible, in large part, for the plight in which the New Haven and other rail carriers find themselves."

The New Haven Friday petitioned for reorganization under the Federal Bankruptcy Act. The petition was promptly approved by Federal Judge Robert P. Anderson in New Haven, Conn.

When the petition was filed, George Albert, New Haven president, criticized the federal government for what he called inequitable treatment of railroads. He said the government subsidizes other means of transportation but does not do so for railroads.

## U.S. Spy in Sky Fizzles on Pad In 3rd Failure

Point Arguello, Calif., July 10 (AP)—The United States' first attempt to launch a missile-alarm satellite into an orbit that would have taken it over Russia failed spectacularly today when the 98-foot projectile failed to lift from its launching pad.

The launch of Midsas III fizzled at 8:59 a.m. P.D.T.

Observers on a hilltop 10,000 feet away saw a great sheet of flame burst around the base of the projectile. This died out a second later and was followed by a huge puff of black smoke, indicating that ignition of the powerful 360,000-pound thrust rocket engine had failed.

A great plume of white smoke erupted from the nose of Midsas III's first stage Atlas booster as technicians began purging it of highly explosive liquid oxygen, apparently in an effort to prevent a disaster.

It worked. As the smoke and fumes cleared away, the bird could be seen resting apparently undamaged on its seaside launching pad 150 miles north of Los Angeles.

If the launching had been successful, the 30-foot-long Midsas satellite would have gotten its first look at Russian territory in about three hours. The second stage of (Continued on Page Three)

## Air Force Grabs Discoverer Co re Back from Orbits

Hickam Air Force Base, Hawaii, July 10 (AP)—Air Force fliers who plucked another Discoverer nose cone from the sky on its return from space hoped today that the next aerial discovery "gives us something that wiggles."

Airmen at this mid-Pacific base said they were confident they could retrieve any capsule that could be brought back into the Earth's atmosphere. "But next time," said one, "please, let's have something alive in there. These instruments are getting routine."

Discoverer XXVII's instrument-jammed nose cone was snagged in the air by a C119 recovery plane yesterday as the space packet parachuted 270 miles northwest of Hawaii. The twin-engine plane, one of eight circling over the impact area, made the catch on its first pass with its trailing trapezoidal nets. The recovery came just 28 minutes after the capsule was kicked loose from space over Kodiak, Alaska.

## Jeep Posse Searching Utah Mesa

Moab, Utah, July 10 (AP)—Small footprints and a bundle of clothing on a desolate mesa spurred search parties today in the hunt for 15-year-old Denise Sullivan, Rockville, Conn., who was kidnaped a week ago by a man who killed her mother.

Despite the discovery, there seemed little chance that the girl could have survived six days in the scorching desert country.

Sheriff John Stocks said the leads raised hopes of finding the girl but he added, "I still think she'll be found dead."

The Salt Lake Tribune said the bundle of clothing, a pair of men's gray work pants, some shorts and a red and brown shirt were wedged between two rocks on the northwest rim of Polar Mesa—an area north-east of here where the chief suspect in the kidnap-alley reportedly stayed for three days after the July 4 abduction.

The footprints were spotted in the same general area.

The Tribune said Mrs. Nathan Ince, a cook at remote Polar Mesa mining camp, told investigators that Abel B. Aragon, 35, of Price, Utah, an unemployed World War II hero, was seen periodically for three days by 20 miners at the camp. She said Aragon seemed nervous and stayed to himself, but once approached her and asked, "Did you hear a woman screaming?"

Aragon, winner of the Navy Cross for valor, shot himself to death last Friday night when FBI agents stopped his car to question him. Investigators linked him to the slaying of Mrs. Jeanette Sullivan, 41, the wounding of a vacation companion, Charles Boothroy, 55, also of Rockville, and the kidnapping of Denise.

Boothroy is recovering from face wounds.

The Tribune said jeep posse members reported the small footprints looked as if whoever made them was being pulled along. Other footprints, which they said were similar to some known to have been made by Aragon, were stamped in the sandy clay.

The region had been searched (Continued on Page Five)

## Bulletins Culled from AP Wires

SPAHN VS. FORD  
San Francisco, July 10 (AP)—Veteran southpaw Warren Spahn of the Milwaukee Braves and Whitley Ford of the New York Yankees were selected today as the starting pitchers in tomorrow's all-star game at Candlestick Park. Ford's selection had been a virtual certainty since the 32-year-old lefthander this season. The 16-2 record of Spahn, however, was a surprise since the 46-year-old had lost his last four decisions and has an 8-11 record.

RUSK ASSAILS REDS  
Washington, July 10 (AP)—Secretary of State Dean Rusk today accused the Soviets of plunging the globe into a long-term crisis by seeking to "impose a world of coercion" upon all others. Rusk said: "The underlying crisis of our generation arises from the fact that the Soviet Union did not join the United Nations in fact as well as in form, and lend itself to the (peaceful) commitments they and the rest of us made in the midst of a great war. The possession of power was transformed once more to ambition for more power."

ELKS ELECT WALL  
Miami Beach, Fla., July 10 (AP)—William A. Wall, 56-year-old West Palm Beach, Fla., business man, today was elected grand exalted ruler of the Benevolent and Protective Order of Elks. Wall was not opposed. His election was the first order of business before some 12,000 delegates gathered here for the 97th grand lodge convention of the 1,300,000-member fraternal order. He will take office at the closing session Thursday.

TSHOMBE ASKS PARLEY  
Leopoldville, The Congo, July 10 (AP)—Katanga President Moise Tshombe has assured the United Nations he now accepts in principle the necessity for reconvening the Congo's national parliament, a top U.N. envoy said today. But Tshombe insisted in weekend negotiations on having a preliminary meeting with President Joseph Kasavubu and pro-Lumumba leader Antoine Gizenga to prepare the groundwork.

**"THE WAY I HEARD IT"**  
by John Gruber

So far as I have been able to discover, Rudolph King of the Metropolitan has still not resolved his arguments with the various unions in New York, and so we don't know as yet what the forthcoming season will be at the old establishment on Broadway.

This long drawn out hassle reminds me that very few people are aware just how many different trades are involved in an operatic production. I had some idea, but even I was amazed when Frank Pandolfi (Hartford operatic impresario) informed me that he had to make contracts with 16 different unions in Hartford. Yes, that's right, 16.

Think you can see that mounting an operatic production is a

very complicated procedure. In fact, it is a most intricate and usually in need of some repairs when it arrives. The proper skills must be at hand, even though they are not constantly needed. The scenery is actually designed and built here for the Hartford offering.

In fact, the sets for Aida and Norma, in next season's offerings, while Aida will utilize sets constructed a few years back. Although you'll find there may be anywhere from 50 to 70 people involved in a production, that audience will never see.

It is the multiplicity of other skills that make the picture confusing. Take the matter of scenery, for example, it is constructed by carpenters, but it is painted by scenic artists in accordance with designs who represent still another trade. It is moved to and from the theater by truckers, and is erected by "grips," lighted by electricians, and dressed by property men.

Costumes are prepared by

**Bolton Ronson Heads Slate Picked by Democrats**

A slate of candidates has been chosen by the Democratic Town Committee for presentation to the voters Wednesday night at a caucus in the Community Hall.

Reading the slate is Bruce Ronson, candidate for first selection.

Others are Stanley Paine, incumbent; selector; Joseph Lefebvre, town treasurer; Vincent Kravicki, tax collector; Horace Griffin, board of assessors; Walter Trask, collector; William Billings, board of finance; Robert Murdock, board of education; Oscar Churnin, board of education; Oscar Kravicki, board of education; John Walsh, two-year term; and John Walsh, two-year term; and John Walsh, two-year term.

Constant candidates are Joseph Lefebvre, Edward Maloch, Robert Murdock and Irvin Dupre. Another candidate is William Andriewich, board of education. The board of education candidates are Roland Maloch and Clifford Williams. William Slay and James Griffin are also on the list.

At coordinating these skills were not enough. Frank goes to Europe to hear new singers with a view to utilizing them here in the fall. He'll be there at present, and he'll have to remember what he heard like a couple of years from now when he is assembling a cast for some opera as yet unplanned.

It'll have to do whether this tenor's voice is large enough to balance the soprano and if it is whether or not they will blend satisfactorily in duets. And he'll have to recall whether some other bass is best employed as a comic or as a tenor.

The "Met" has casting directors for such purposes. Mr. Ring has all sorts of help besides. Here in Hartford practically all of it is done by Frank and his assistants. He does an excellent job in all these difficult activities. Most of the rest is taken care of by Mrs. Jones, executive secretary for the association, and I'll bet you've never even heard of her.

Next time you go to an opera, just think about some of these things, and the next time you hear a tenor's voice, you'll know just what you're hearing.

**Air Force Grabs Discoverer Cone Back from Orbit**

(Continued from Page One)

It was the fourth space grab of a Discoverer cone. Two others were fished from the sea. The gold-plated capsule, sealed in a gray canister, was flown to Sinyavka, Calif., last night after examination by space scientists. It had circled the globe 32 times Friday from Vandenberg Air Force Base, Calif.

Contents of the capsule were not disclosed but an Air Force spokesman said nothing about was Wilson.

Greeting the pilot, Capt. Jack R. Wilson, 37, Toledo, Ohio, were the two other pilots to effect recoveries. Capt. Harold Mitchell, Bloomington, Ill., who made the first catch 11 months ago, and Capt. Gene Jones, Dayton, Wash., who snagged two capsules, presented cigars to the beaming pilot.

Wilson said the nose cone "looked like it was twinkling. It lit up a battery of lights on it as it floated down through a layer of clouds. We first spotted it about 20,000 feet above us," he said.

The nose cone was recovered in 26 minutes in second stage of the Discoverer rocket. The release was triggered at Sunnyvale, Calif.

It was originally reported the capsule would remain in orbit four days. There was no formal explanation why it was brought back early than an Air Force official said.

The nose cone was in an ideal position for a recovery attempt.

For a recovery attempt, the capsule was in an ideal position for a recovery attempt.

**Woman Succumbs To Crash Hurts**

Mrs. Ida Fubisher Millette, 64, of 2844 Woodland St., Hartford, died Friday at 8:30 a.m. after suffering from injuries received in an automobile accident in Coventry June 29.

Mrs. Millette was a passenger in a car driven by her brother, Charles Fubisher, which collided head-on with a vehicle driven by Dale P. Slack of Marlborough, Fubisher and another passenger, Mrs. Anna Bell, a sister, are still in the Manchester Memorial Hospital.

Mrs. Millette was born in Haddam, N. J., and lived in Hartford for 30 years.

Besides her brother and sister, she leaves six daughters, Mrs. Edward G. Jones, Mrs. Thomas G. Jones, Mrs. Owen Flynn and Mrs. Robert B. Jones, all of Hartford; Mrs. Charles Hansen and Mrs. Walter Haskiewicz of Glastonbury; 13 grandchildren and one great-grandchild.

Funeral services were held this morning at the First Baptist Church, Hartford. Burial was in Mt. St. Benedict Cemetery.

**Personal Notices**

**Wake-Up Service Offered by WINF**

Manchester's radio station WINF has initiated a free "wake-up" service for Manchester area residents.

Any area resident without a toll charge telephone may be called at any time of day.

For a complete list of residents of Andover, Bloomfield, Bolton, Coventry, East Hartford, Glastonbury, Hartland, Manchester, South Windsor and Vernon may either call the station or write to WINF, P. O. Box 946, Manchester.

**Open Forum**

Bolton's Caucus

This week in Bolton the Republican and Democrat town caucus will be held. In the meetings, the candidates for the Board of Education will be named. It is imperative that every registered voter in Bolton be present at the caucus.

The future policy of our educational system in Bolton will be determined by the outcome of this vote. It could mean the beginning of a solution to the problems of the existing school problem.

Let us vote for the candidate that not only has an understanding of the educational system but also make an earnest effort to work toward providing adequate schools and schooling in the town of Bolton.

Let us vote for the candidate that not only has an understanding of the educational system but also make an earnest effort to work toward providing adequate schools and schooling in the town of Bolton.

**Tides, Winds, Weather**

Winter Looks July 10-17—The U. S. Navy Bureau marine advisory for today:

Tides along the Connecticut shore will be high between 10:30 and 10:30 tonight. Tomorrow morning tides will be high between 10:30 and 11 a.m. and again at 4 a.m. tomorrow. Sunset today at 5:28 p.m., sunrise tomorrow at 5:28 a.m.

Boating weather for Long Island Sound to Montauk Point and Block Island: Northwest winds through Tuesday but variable in direction in afternoon hours. A light to 10 knot easterly breeze will prevail in early morning hours. Fair except for a few scattered showers this evening.

Another method is to run six trumps after winning the first game. Then lead the king of diamonds and hope that the Jack of diamonds will drop. Many opponents will guard the Jack of diamonds under the impression that his spades or clubs are more valuable.

Either method may work. I would recommend the straight flush as a better chance to win. No guarantee goes with either attempt, but either gives you a reasonable chance.

For Sheldon's 36-page book, "A Pocket Guide to Bridge," send \$6 to Bridge Book, The National Bridge Club, 1115 17th St., N. Y., N. Y.

**Shimmer to Sleep In Twinkle at Lunch, Glitter for Dinner**

(Continued from Page One)

times that didn't twinkle like Christmas-cards were at least 3-dimensional. Floral patterns were scattered in velvet or quilted to stand high to appear to be giant gaudy ponies actually growing on the costumes.

Or, naturals were blasted, hammered, crushed, crinkled, but usually always in shades of blue, silver or gold. Vera Wang's method of dimension on her brilliant, shimmering dresses was to drape down to the less slippery-looking Jackie Kennedy's official outfit. One Gianni, used the new-look in a costume called "Stella." The sleeves were 2 1/2 inches slender sheath with long overblouse as described as an adaptation of the evening dress made for the First Lady's trip to Paris.

Low backs, a few high waisted, shawls and stoles were bits of style interest, the fashion experts managed to note despite the blinding glare of the lights.

If you hope to keep up your status as a fashion intellectual, you had better do your vocabulary homework.

Here is a glossary of style terms used in describing the new fad for collections by New York couture group members:

Body-conscious. Having nothing to do with hypochondria, it describes the high fashion style which is the lowest common denominator, by subtracting the hemline. Although it got its start a few seasons ago, it will continue to flare and shiver throughout the winter season.

Flip Back—This style newcomer is a jaunty jacket, skirt or front

**60-61 Building Top Past Year By \$914,744**

Manchester's overall building increased by \$914,744 for the 1960-61 fiscal year over the previous year's mark, it was reported in the yearly building department report today.

The total of \$7,942,978 in building was reported, including \$2,148,000 for new construction, \$1,871,523 for 388 alterations and additions.

Other items listed included 100 multi-family dwellings, 100 units (housing for the elderly) valued at \$2,148,000; three new schools—two parochial and one state institution—valued at \$1,871,523; 388 alterations and additions.

Highlights of the building were 181 one-family dwellings totaling \$2,148,000; three new schools—two parochial and one state institution—valued at \$1,871,523; 388 alterations and additions.

**3,000 Attend Circus Shows**

Nearly 3,000 children and adults from Manchester and surrounding areas responded to the lure of the circus Saturday.

Lois Junior Museum will be the beneficiary of an estimated \$1,500 in net proceeds from the two performances of the Hunt Circus, circus at the Parkade.

The second annual circus benefit was co-sponsored by the Manchester Jaycees and Manchester Parkade Merchants Association. William Collins and Robert Parlette were co-chairmen in charge of arrangements.

A large segment of Manchester's young population was on hand at 4:30 p.m. Saturday to watch the elephants stomp in raising the big tent. Children, complete with their parents, were in the audience at the sell-out afternoon performance. Although attendance at the evening performance was somewhat less, proceeds about equaled the day's because more adults saw the evening show.

A contingent of about 30 Jaycees gathered at 5:30 p.m. for cleaning the grounds at the Parkade and repairing holes made in the asphalt parking surface by the circus stumps.

A spokesman for the Jaycees reported today that the organization definitely plans to sponsor the Hunt Circus, circus appearance here next year. Parkade merchants were also reported pleased by the financial response.

**Financial Report Ready Tomorrow**

Completion of the financial report for 1960-61 awaits only the report from Paul Cervoni, collector of Revenue.

Collector Jerry Ellinger said he expects the collector's report by this afternoon. The finished financial report will be ready by tomorrow morning.

General Manager Richard Martin said he expects to have a report for a board of directors meeting tomorrow night.

Director J. Powell has already signed the general manager's report and surplus report from the past fiscal year. Powell said he is confident there is from the surplus over the past year.

General Manager Martin predicted earlier that the surplus would be about \$23,000.

**60-61 Building Top Past Year By \$914,744**

Manchester's overall building increased by \$914,744 for the 1960-61 fiscal year over the previous year's mark, it was reported in the yearly building department report today.

The total of \$7,942,978 in building was reported, including \$2,148,000 for new construction, \$1,871,523 for 388 alterations and additions.

Other items listed included 100 multi-family dwellings, 100 units (housing for the elderly) valued at \$2,148,000; three new schools—two parochial and one state institution—valued at \$1,871,523; 388 alterations and additions.

Highlights of the building were 181 one-family dwellings totaling \$2,148,000; three new schools—two parochial and one state institution—valued at \$1,871,523; 388 alterations and additions.

**To Aid Commuters, Railroads Bush Calls for Repeal Of 10% Rail Fares Tax**

(Continued from Page One)

Sibal, R-Conn., would introduce a companion bill in the House.

Meanwhile, in West Hartford, Conn., the Traffic Committee of the Manufacturers Association of Connecticut called an emergency meeting for today to affect on industry of the New Haven Railroad's reorganization.

An association spokesman said there was fear among 2,000 members that reorganization may result in a single effort to repair the New Haven's fiscal problems without giving their thoughts to improved service to customers.

The economic well-being of Connecticut requires that the viewpoint of business interests throughout the state be effectively channeled to the appropriate governing body of the railroad, he said in his invitation to the meeting.

In addition to protecting the interests of local communities during the reorganization, Burns said he would like to give some support to the railroad by giving it more freight to carry, where possible. The meeting will be held at the New Haven Railroad headquarters in New Haven.

"I had a lot of oldtimers on it who have been through this thing before," he said. "They are just going to look the other way to see what needs to be done."

Meanwhile, the railroad could use to operate under its old management pending the appointment of a trustee or trustees.

**U.S. Spy in Sky Fizzles on Pad In 3rd Failure**

(Continued from Page One)

the projectile, all of which was designed to go into orbit, contains an infra-red "eye" to sense the heat from a missile's exhaust hundreds of miles below.

Eight minutes after the launch, the Air Force said, an attempt had been canceled for today because of a technical problem.

This was the third attempted launch of the new Skybolt missile. The first, on May 21, 1960, but its radio failed.

Midas and its sister satellite, the camera-carrying Samos, are designed as space-age replacements for the U-2 spy plane shot down over Russia more than a year ago. The Midas is intended to detect missile firings through heat measurements. The Samos will be equipped with powerful cameras to scan the Earth's surface.

Fifteen hundred feet from the pad used today, an almost identical missile. It could be either an experimental or a production model, officials said.

Model FPL-138-61 Ne Capacity 14.58 Cu. Ft.

# Sheldon Blanks Red Sox for Second Shutout in Row

New York, July 10 (AP)—The Detroit Tigers figure the scrap for the American League pennant is strictly a two-team tussle between themselves and the New York Yankees, and at the moment they've proved their point—a point.

That's the margin, just 100 in the percentages, the Tigers have over New York as they now join forces with the Yankees for the AL's battle with the National in tomorrow's All-Star game at St. Paul.

With Frank Lary, the league's Tuesday schedule allowed only three singles and winning No. 13 pitcher, Detroit clinched the shutout into first place by beating the Los Angeles Angels, 10-0, in a 10-inning slugfest while New York split with the Yankees. The Yankees won their second game in a row, 3-0, over Chicago, 10-0, behind the five-hit pitching of Roland Sheldon, shut out the Philadelphia Phillies, 10-0.

**Sunday's Results**

Chicago 4-0, Milwaukee 8-5, St. Louis 6-1, San Francisco 8-5, Cincinnati 14, Los Angeles 3.

# Legion Beats Cromwell, Grabs Zone Four Lead

Birkdale, England, July 10 (AP)—Arnold Palmer sets out today to become the first American to win the British Open Golf Championship since Ben Hogan captured it in classic style at Carnoustie, Scotland, eight years ago.

The hard-hitting, easy-going Palmer from Latrobe, Pa., leading South Africa's Gary Player for the money-winning title on the American circuit, admitted: "This is a championship I want to win—sincerely."

"But I'm not satisfied with my mood at the moment. All I've got to go? Well, hope so."

Fifteen Americans are entered. Palmer is the only one given a serious chance of winning the title which was first completed for 10 years ago. Player is the second choice. Defending Champion Lee Trevino is the favorite to win the stroke last year, also is well liked. The first time the title went across the end game and gone bust—was a tedious hole, Palmer said.

"I've got to be very careful. There's a crown breaker and you've got to lay off from the tee. The second is very exacting too. It's a bird shot because of the mounds in the 134th hole."

Palmer said the 48-year-old mounds were the only ones he had to contend with. He has won the title twice before, in 1955 and 1959. He is the only American to have won the title twice.

Palmer said he had to be very careful. There's a crown breaker and you've got to lay off from the tee. The second is very exacting too. It's a bird shot because of the mounds in the 134th hole.

Palmer said the 48-year-old mounds were the only ones he had to contend with. He has won the title twice before, in 1955 and 1959. He is the only American to have won the title twice.

# British Open Crown Latest Goal of Palmer

# Mathews Availability Boosts National Stock

San Francisco, July 10 (AP)—The National League was boosted today by the news that Eddie Mathews, Milwaukee's hard hitting third baseman, would be available for play against the American League in tomorrow's 30th All-Star Game, second in a series.

Mathews, who has been out of the lineup since June 27, was expected to play in the game at St. Paul.

It is feared that Mathews, the senior circuit's premier shortstop, might be forced to pass up the game because of a knee injury sustained in a collision with Los Angeles' Daryl Spencer, 20, in a game in San Francisco last week. The California, however, returned to the Braves lineup yesterday after being held out for a week.

San Francisco's unlikely victory over the Braves yesterday was the result of a pitching performance by Tom Seaver, 21, who pitched a complete game, 10-0, in 10 innings.

Seaver's performance was the result of a pitching performance by Tom Seaver, 21, who pitched a complete game, 10-0, in 10 innings.

# Mistretta Wins With Kelley's Relief Help

Scoring their second victory of the year over Cromwell and getting unexpected assistance from previously winless Rockville, Manchester's American Legion baseball team suddenly found itself unprepared to meet the challenge of the 10-0 victory.

Expanding for four runs in the opening frame, the Bulls' Tom Mistretta, who did practically nothing against the Yankees, drove in the first run with a single in the first inning.

Mistretta, who did practically nothing against the Yankees, drove in the first run with a single in the first inning.

# January Captures Title at St. Paul With Total of 269

St. Paul, Minn., July 10 (AP)—Don Ferris captured the title of the 1961 Little League World Series today with a total of 269 runs.

Ferris, who played for the St. Paul team, led the league in runs with 269.

Ferris, who played for the St. Paul team, led the league in runs with 269.

# LONG STRIDE TOO SHORT—Carl Yastrzemski of Boston Red Sox is out at first base in sixth inning of first game of double header in New York yesterday as Yankee pitcher Roland Sheldon shut out Philadelphia Phillies, 10-0.

Yastrzemski grounded to first baseman Earl Torgerson, left, who flipped to Sheldon for the out. (AP Photo/G...

# McDermott Suspended; Finished with Cardinals

St. Louis, July 10 (AP)—Johnny Keane, new manager of the St. Louis Cardinals, suspended relief pitcher Mickey McDermott today for failing to turn in his uniform because of a curfew violation.

Keane said McDermott, 32-year-old, was suspended for failing to turn in his uniform because of a curfew violation.

# Pender Fit, Ready For Title Defense With Cockney Foe

London, July 10 (AP)—Pender, who defends his share of the world title, is ready to defend against cockney Terry Downes tomorrow.

Pender, who defends his share of the world title, is ready to defend against cockney Terry Downes tomorrow.

# New Queen Sure to Be Crowned As Ladies Seek State Title

West Hartford, July 10 (AP)—Patricia O'Sullivan, who came as close as a person could to having an exclusive franchise on the state women's golf championship, was a sure thing not to win the 1961 title.

O'Sullivan, who came as close as a person could to having an exclusive franchise on the state women's golf championship, was a sure thing not to win the 1961 title.

# All-Star Snubbed Robinson Sets Spark to Blazing Reds

New York, July 10 (AP)—Frank Robinson didn't make the starting lineup for the All-Star Game, but after his ups and downs—literally—against Los Angeles right-hander Don Drysdale there's no one to say he isn't the big gun for the Cincinnati Reds as they await their first National League flag in 21 years.

Robinson, who was snubbed for the All-Star Game, sets a spark to the Cincinnati Reds.

# McDermott Suspended; Finished with Cardinals

St. Louis, July 10 (AP)—Johnny Keane, new manager of the St. Louis Cardinals, suspended relief pitcher Mickey McDermott today for failing to turn in his uniform because of a curfew violation.

Keane said McDermott, 32-year-old, was suspended for failing to turn in his uniform because of a curfew violation.
