### Style Show Passes 'Man' Test for 1961

By JEAN SPRAIN WILSON (AP Fashion Writer) New York, July 18 (AP) — Although American couture has often failed before, it passed the "Man" test for 1961. The jury which included Sam the pier in the Casey the Pinkerton guard and Tom the male fashion editor is not the most astute. But it will have to do until the New York Couture Group a winter styles, previewed here last week by the nation's press, are given the final test by the men in the lives of the women who wear them. Collections by the First Lady's official couturier were scheduled as the climax of the frantic week-long parade of emaciated models. But quotable Oleg Cassini was in Europe, not on hand to disturb his best customer, Mrs. John F. Kennedy, or spice up copy with his witty, often naughty, commentaries.

Maybe because everybody expected them to be Cassini's usually body self-conscious clothes were not wallpapered to the figure. His subtly fitted, sometimes double-breasted coats and suits were trimmed with washable crocodile and snake collars, belts and birding. Collars were tricky. Turtle necks on shocking bright pastel collars folded down to be big, notch-lapelled berths or deep cuffs, lined in black. Frivolous fringe, which Cassini used in abundance for the season years ago, is everywhere in his fall collection, but particularly looking on the 3-curved Spanish shawls covering slim black sheathes. T. T. Gutzler, trousers-wearing fashion editor the past year for a Blackboard, N. J. paper, is not a Cassini enthusiast. "I like the flare this season," he explained, "but the flared skirt at 'Traphagen' to be a fashion designer himself. "It's more typical of the modern woman. Full of action. Always on the go." Ruth Wilson, a former showgirl who has maintained her circus figure at 112 pounds is not particularly interested in clothes. But the fingers of her piano-playing husband Sammy have been fluttering over the keys for the 15 years.

Taxes In the late 18th and early 19th centuries, taxes were levied on clothing and man-servants in England in order to secure revenue from the rich, according to the Encyclopaedia Britannica.

## Why do retired Stop & Shop butchers buy their meats at Stop & Shop?

Because they demand the quality they know they'll find in all the meats at Stop & Shop. Their years of experience have taught them that Stop & Shop meats are juicier, more tender, more delicious. For instance, they know that Stop & Shop never sells anything less than "Choice" quality beef at any

time, in any of our stores. They know that Stop & Shop's quality control procedure begins with quality purchasing — that it's maintained through every stage of processing, from packer to cutting block, from packaging to refrigerated display case. That's why they keep coming back for more. They were sold long ago on the quality of the meats at Stop & Shop!

### Paris Sending Paratroops Tunisian Troops Block French at Bizerte Base

(Continued from Page One) of giving in to Bourguiba. French charge d'affaires Raoul Durval handed Bourguiba a note from De Gaulle late yesterday. The Tunisian radio said it "brought no elements that could ease the tension."  
The broadcast added that De Gaulle "seems to ignore the fact that independence gives Tunisia the right to demand the liberation of all its territory."  
A Tunisian official grimly commented: "It appears that a show of force will not be avoided between French troops and the Tunisian march of Tunisians into the Sahara to plant the flag also affects Tunisia's relations with Algerian rebel regime which has its home-base in Tunisia."  
That part of the vast North African desert is in dispute, and Bourguiba has accused France of violating the 1957 treaty by keeping a fort at Makar 233. The Algerian rebels, fighting French plans to keep a hold on the Sahara if Bourguiba gives Algeria independence, warned Bourguiba after his ultimatum to the French that sovereignty over the desert could be settled only by negotiations with a "free and independent Algeria." The rebels said they would not recognize any frontier change made by the colonial power.

Columbia voters and the Andover Volunteers will meet each other Friday at 7 p.m. on the Little League Baseball field on the firemen's lot across from the firehouse. One has to see the game to make his own decision. Proceeds are for the two fire departments. Tickets are now on sale by the firemen. Nelson Field and Terry Butler are co-committees in charge here. The Public Building Commission (PBC) after inspecting Bolton Elementary School last night, recommended that Room 19 be enlarged by removing a temporary partition and that an outside set be provided for the room.

use the cafeteria for classes due to the increasing enrollment. In a meeting after that with the PBC, the board of education decided to ask Building Superintendent James Welch to obtain an estimate of the cost of making an outside set for Room 19, extending the lighting and ceiling, and comparing the cost of making two exits from the room onto the same corridor. Welch was also asked to obtain costs of making a classroom in the cafeteria.

A drive to raise funds for the Salvation Army is now in progress in Bolton. Mrs. Edward J. Mack is chairman of the campaign. Miss Jeanette Sumner is treasurer and Bruce Romeo, the secretary. ### Worry of FALSE TEETH

#### Shipping or Irritating?

Don't be worried by those false teeth shipping notices or "whining" when you get them. They are just a little "PAPER" on your teeth. The "PAPER" is just a temporary covering to keep the teeth from being scratched or damaged by the shipping process.

### Acid in Paper Cuts Book Life

Washington—Acid staining used in papermaking since about 1900 has been found to shorten the life of books by making the pages brittle. In contrast, papers in books 200 years old are still satisfactory.

Now, the paper industry is using a new stain that won't impair durability, and a preservative treatment for old books has been developed.

### Kennedy Making Decisions On U.S. Military Buildup

(Continued From Page One)

Reports circulated widely in the last few days that Bowles was on the way out and that Kennedy was disinterested in him as an administrator. The President said today he never has asked for Bowles' resignation, and Bowles has never offered one.

But Kennedy also said that he has not completed judgment on the type of organization or reorganization the State Department should have. He added that if he comes to the conclusion Bowles would be better for another spot, he wouldn't hesitate to ask him to do so.

Freedom Riders — "Mr. President," a reporter asked, "will you give us your view of the Freedom Riders movement?" Kennedy replied, "Everyone who travels for the change and he thought Bowles wouldn't hesitate to do so."

Following the statement he was asked whether he was considering declaring a national emergency. This query prompted the disclosure, which he was clearly prepared to make, about his actions during the next week.

The President said he had advised including diplomatic and military chiefs—concluding this afternoon their review of the whole situation.

As to whether he would grant U.S. allies further to build up conventional military forces in Europe, Kennedy said the United States will be talking to Allied governments about a program of measures.

These questions will be considered in the foreign ministers conference planned for Paris in early August.

The foreign ministers will also try to work out procedures for closer harmony among Allies. Kennedy said the United States needs to build up consultation and enable the Allies to come to decisions more quickly. He recognized that it had taken several weeks to agree on the wording of the notes sent to Moscow Monday.

The President was asked whether he was making decisions on the basis of the report that a ground force was possible over Berlin. He said he was waiting his judgment on whether the power balance and the Allied nations would be able to handle the situation of the Communist bloc.

On the latter point it is known that Kennedy and Secretary of State Dean Rusk consider the Communists to be in a very aggressive mood.

The decisions will be related to "what possible needs we might have to protect our interests," Kennedy said. He explained that the United States must be ready to supply line wherever the other side is at the end of a very short line.

He applied that rule to the Berlin and Southeast Asia. His reference to Southeast Asia suggested the possibility that he is considering strengthening the U.S.-Allied military position in that area as well as western Europe.

A record turnout of 427 reporters attended today's news conference. They filled the State Department auditorium as far back as a partition two-thirds of the way to the rear of the chamber.

Other points touched on at the news conference were:

Montevideo Conference — The Chief Executive said the Inter-American Economic and Social Conference opening Aug. 5 in Uruguay is "the most important international gathering since the beginning of this administration."

Future of the future of freedom in this hemisphere largely depends on its outcome. But he said he will be unable to attend the conference himself, since he will be dealing with many of the most important issues of the session, including the foreign aid bill. He said he will remain here to work on these proposals.

Bowles-Kennedy said Undersecretary of State Chester Bowles "has my complete confidence" and that he intends to keep Bowles on until the end of his administration. But he left the door open for a possible shift of Bowles to some other job, although he said that "my judgment is now that he should be undersecretary of state."

### Strangest Visitor

Bristol, July 18 (AP)—Mr. and Mrs. August Strang were something strange happened to them.

The Stranges were in their sitting room here late yesterday when there was a crash. The house shook, the floor broke up, and the air and a car parked in the driveway were blown away.

Charles Hornebin, 65, Waterbury, was at the wheel, Police said. The car was flying through the air and a car parked in the driveway were blown away.

### Brief Freedom

Middletown, July 19 (AP)—Two teenagers were back at the long Lane School for Girls today after 10 hours of freedom.

The pair escaped from the school, a state correctional institution, last night. A State Trooper stopped them on the Connecticut Turnpike near New Haven.

The trooper recognized the car in which the girls were riding as one reported stolen from the school.

The runaways were identified as Nancy Monahan, 18, of 471 Noble Ave., Bristol, and Patricia Staffitz, 17, of 55 Pleasant Ave., Stratford.

### Here's What They Look Like

Several nightshade plants, bearing poisonous berries and small purple flowers, were rooted out around a dugout shed at Mt. Nebo yesterday by a dozen park department employees, Park Superintendent Murpley and William Androski, foreman, recently discovered the toxic plants with shiny green foliage and sent specimens for identification to the Connecticut Agricultural Experiment Station at New Haven and the Arnold Arboretum at Cambridge, Mass.

Both sources reported the plants and berries are dangerous to animals and children. (Herald photo by O'Hara).

### Motorist Blames Lights for Crash

Jacob Laguna, 37, of 29 Briston Rd., crashed into an electric light pole last night while driving north on Broad St. near Fisher's Dry Cleaners. Police reported he was blinded by the headlights of an oncoming car.

Laguna received minor injuries and was treated by a family doctor. There was damage to the left front of his car and it was towed away.

# Mantle Ties Maris Homer Total, Yanks Lead Umps Defeat Coaches

**Pair by Mick Powers Club Past Detroit**

New York, July 19 (AP)—The New York Yankees are back on top in the American League pennant race, thanks to that three-way homer battle of home runs between Mickey Mantle and Roger Maris and Babe Ruth.

Mantle, unassisted, hit a home run in the seventh inning of the Yankees' 5-2 victory over Detroit.

Both lost one when Monday night's game in Baltimore was called off because of rain in the fifth inning.

Mantle and Maris now are 17 games ahead of Ruth's record—60 runs in 1957. Mantle's record is 58, Maris' is 58.

The pair were tied at 53 runs when he hit his 54th home run in the eighth, when he belted 59, and Jimmy Fox's pace of 52, when he hit his 54th home run in the eighth.

This pair gave Mantle at least one in all 16 parks this season. It also was his sixth two-homer game of the season.

Maris has hit only two in that time.

Umpires have yet to lose a decision and last night the men in blue defeated the Little League Coaches, 4-2, astride donkeys in an exhibition softball attraction at Robertson Park.

A crowd of more than 1,500 showed up for the attraction. Proceeds will benefit the operating fund of the Manchester Little League baseball club.

Although there were not many near enough seats for all the contestants, plus the bulky burros, put on a great show.

# LaGace Does It Again, No-Hit, No-Run Effort

Big, red headed Ray LaGace did it again last night.

The big southpaw pitched his third no-hit, no-run game of the Manchester Little League baseball program as Army & Navy downed Sears, 4-0.

The Yankees' previous game was also against the franchise sponsored team.

LaGace struck out 17 batters while Terry Richter of Sears ran only better to hit a fair ball. Richter was retired without reaching base.

Tony Kautauskas drove in two of the Army & Navy's two markers.

# Reds' Margin Shaved Since All-Star Game

New York, July 19 (AP)—The Cincinnati Reds are beginning to crack? Or were they caught looking ahead to the two-game showdown series they open tonight against the second place Los Angeles Dodgers?

Whatever the reason, the Reds have lost four of six since the All-Star break and their National League lead is down to 3½ games.

The Dodgers, who were picked to win the season, have won six of their last seven games.

It also tagged a three-game losing string on the Reds, who have been routed in all four runs in the past six games while scoring 27 runs.

Monday's games against the Cubs, and added 28 points for a 217 in the second frame, and three hits in the third, Lew Burdette (10-6) was in it.

Milwaukee had 15 hits off reliever Jim O'Toole (8-8) and five relievers, but didn't get an extra-base hit until the eighth inning.

Three days of the record. That was Milwaukee. It was only the sixth success in 11 games with Cincinnati.

It was a single off losing reliever Bob Gibson (7-6) were the winners, each going all the way.

# Legion Lost to Rockville Tonight at Nebo at 6:15

Second division clubs like nothing better than rising to the occasion and bumping off front runners. Take the case of Rockville against Niantic two weeks ago. Winless, Rockville banded together with a team effort to twice cut down the Zone Four leading Niantic.

Rockville, coming on strong with a four and five win loss record, backs the local Legion in what promises to be one of the top attractions of the season.

Manchester (72), with less than two weeks to play, holds a two game edge over Niantic (74) in the all important loss column and one game margin in the standings.

Following in order are Cromwell (64), Rockville (45), Manchester (72) and Wethersfield (37).

Coach Rusty Scruton will most likely lead with his ace, right-hand-

# Morhardt 'Player of Month'

Player of the Month in the Class B Northwest Baseball League for June is Manchester's Moe Morhardt.

The former Manchester High and University of Connecticut first baseman-outfielder will receive an engraved wrist watch from the monthly award sponsors, Topps chewing gum and the Sporting News.

Morhardt is the leading Northwest League batter with a .352 average. A bonus player owned by the Chicago Cubs, Morhardt is now in his second season of professional ball.

Additional honors for the left-handed hitting and fielding first baseman came when he was named to the Northwest All-Star team selected by the league's sportswriters and broadcasters. The game will be played July 24 in Idaho City.

# Disappointed in Performances' Weary U.S. Trackmen Jolted by Strong West German Squad

Stuttgart, Germany, July 19 (AP)—The weary United States track team jolted by a strong West German outfit, was favored to push to a comfortable lead today in its first season of a two-day meet.

Coach Jumbo Jim Elliott's team was anything but comfortable.

It was disappointed in the performance of some of the boys, naturally, said Elliott, but that water under the bridge.

It was two reasons why we possibly didn't do as well as we expected. One, some of the boys probably suffered a natural let-down after the meet with the Russians.

The major disappointments were Adolph Plummer, of New Mexico, who finished last in the 400; John Uelses of the Quantico Marines, who finished last in the 100; and Bill Schandell, of the Quantico Marines, who finished last in the 100.

**Light Heavyweight King Signs For Title Defense in August**

Philadelphia, July 19 (AP)—Harold Johnson, the National Boxing Association light heavyweight champion, has signed a contract to defend his title in a 15-round title fight in Seattle on August 14.

Johnson's manager, Pat Olivieri, said he would sign the contract for the match later today in the office of Matchmaker Dewey Frazier.

Olivieri said Johnson, who will be making his 10th defense of the crown since winning it last year, will be fighting for 40 percent of the gate plus a cut from television receipts if the bout is televised.

The matter of television remains to be determined.

Both Johnson, of Philadelphia, and Cotton, of Seattle, are veterans of the sport. Johnson won the title in an elimination by knocking out Jesse James in the first round of the 1957 tournament. Johnson was defeated the crown successfully with a knockout over Von Clijster.

At the same time, Olivieri didn't rule out a future fight with Matchmaker Eddie Machon, the promoter of the fight.
