Galveston, Tex., Sept. 11 (A)-Hurricane Carla, the most intense storm aimed at the Texas coast this century, lashed Louisiana and Texas with 173-mile-an-hour winds and battering 11-foot tides today while still miles at sea. People left Corpus Christi who never left before," said

John Stallings of the Caller-Times. More than 400,000 persons fled the coast in Texas and Louisiana in one of history's major flights, the Red Cross said.

At 11 a.m. (EST) Carla remained in the Gulf of Mexico 65 miles due east of Corpus Christi and apparently had not moved toward land in four hours, although hurricane winds and pounding tides from its leading edge raked the coast.

8 to 12 feet were expected from

Cameron, La., to Galveston, and up to 10 feet elsewhere where Carla's power is felt. Carla will pack hurricane force winds near the center for 24 hours, the weather bureau forecast, an ex-

This residue from nuclear tests in the atmosphere produces the dreaded fallout that can contam-inate the earth and damage both present and future life if it be-comes heavy enough. U.S. experts say there is no danger from fallout resulting from the four earlier tests, but continued atmospheric testing would increase the possibility of deadly radiation.

the fastest threat I've had at Dartmouth. At right half-back John Krumne could be an even more effective rinner to the outside than our All-Ivy graduate Al Ronycki. At quarterback we'll miss ivy record-breaker John Kin-derdine but we have faith in junior Billy King. He's the gambling type called "a tall man's Charley Raveriel". Cap-tain Jim Lemen is a solid full-back in our V-formation at-tack. Up front, end and center appear our strongest posi-tions. We have three end letterwinners including Mike Nyquist of Hartford. And back again is that lanky lad. Frank Finthswait.
