About Town

Members of the Mary Bushnell Cheney United Spanish American War Veterans auxiliary will meet Monday at 2 p.m. at the home of Mrs. Inez Bates, 490 Burnham St. Plans will be made for the official visitation of the department president in October. There will be a social hour after the business meeting.

A quarterly meeting of the Manchester Rod and Gun Club will be held Monday at 8 p.m. at the clubhouse on Daley Rd. in Coventry.

Members of Manchester WATERS will attend the annual state convention of the organization at Pinecrest Country Club in Shelton tomorrow. Members will meet at the Parkade at 10 a.m. The regular meeting will be Tuesday at 7 p.m. at the Italian-American Club. Mrs. Harvey Ward will be in charge of the program. Members are reminded to bring canned goods.

The Luther League of the Concordia Lutheran Church will hold a meeting Sunday night, Sept. 24 at 8:30 p.m. Leaders are asked to invite their parents to the meeting, when a play will be presented and entitled "Keep Up with the Horses."

Members of the Ladies Auxiliary, Anderson-Shea Post of VFW, will meet tomorrow at 7:30 p.m. at the Holmes Funeral Home, 400 Main St. to pay respects to Stanley Olsvaver.

The Stein Club will serve a roast beef dinner tonight at 7 o'clock at the VFW Post Home. Dancing will follow the installation of officers. Music will be by Dick Stocks and his Hi-Lites.

There is no meeting planned tonight for the boy scout troop being formed at Concordia Lutheran Church. Further information on meetings will be announced later.

N. William Knight, 85 White St., in the midst of the Big Blow on Thursday, set out to keep a teaching assignment "down state." As he left, Mrs. Knight quipped, "It's not the Nor' easter you have to worry about. It's the Nor'-Easter."

Immortality
Russell E. Hathaway, 364 Porter St., who retired as vice president of the Connecticut Bank and Trust Co. on Sept. 1 after 47 years in banking, went to the bank recently to cash a personal check. A substitute teller across the counter asked the customer for some identification, and also asked a regular bank employee, "Do you know this man?" The retired banker, once a teller himself, agrees with a chuckle that the sub teller was doing the proper thing as all tellers are trained to do.

Dean's List
A Manchester sophomore at an area college was registering for fall semester classes. Last year, he made the dean's list, indicated that on his registration form with a big circle. The registrar, glanced over the form when the student handed it in, and commented that it was good to see a dean's list pupil on the roster. "But then he read further. 'So you're a sophomore this year?'" he queried.

The Boys in Red
The four college students were leaving the Eastern States Exposition grounds at West Springfield, Mass., last Saturday. "I wish we had come this afternoon to see the Civil War battle re-enacted," one said. "It probably was good," agreed another. One of the girls in the party

was reminded that she had visited the Gettysburg battleground the past summer, where a "really good" guide had described the battle, blow by blow. "Right there, the British came over the hill," she said, imitating the guide and pointing with an outstretched arm. A Non.

Curtis Discusses North End Plans

About 85 parents heard a discussion of proposed recommendations regarding school expansion in the North End in a talk by School Supt. William H. Curtis at a potluck meeting of the Robertson School PTA at the Community Y Wednesday night.

The superintendent discussed a study made by Planning and Renewal Associates of Cambridge, Mass. He reported that he is preparing a supplement to this study to be incorporated in the final report of Planning and Renewal Associates. He urged parents and taxpayers to study this report which will be available to all. He discussed the feasibility of building a new separate school unit adjacent to the existing Robertson School along with planning ultimate replacement of the Robertson building within five to 10 years. The present Robertson School was built in 1913, he pointed out.

Emphasizing that he was expressing his personal opinions, Supt. Curtis cited reasons for considering eventual replacement of Robertson School instead of expanding and renovating the building. Among these reasons, he said, are inadequate space for growth, lack of sound-proofing in an auditorium which is also used as library and gymnasium; lack of private room for dental health, speech therapist or any health service; inadequate wiring for expansion, and lack of hot water in bathrooms.

The superintendent also favors eliminating the Keeney Annex, which he described as an obsolete wooden structure, and integrating those children in other schools. William Freeman, principal of Robertson School, paid tribute to and introduced two guests, Theodore Fairbanks, maintenance manager of all schools and grounds, and Edward Walters, designer of book-cases in the auditorium.

The principal also introduced teachers on the Robertson staff, Clinton O'Brien, PTA president, and board members of the executive board.

Strike Vote Slated

Hartford, Sept. 23 (AP)—Members of the United Auto Workers at three plants in this area owned by the Fairbanks Whitney Corp. will take strike votes next week because of the approaching expiration of their contracts. The 2,000 employees at Pratt & Whitney Co., Inc., and Chandler Evans, both in West Hartford, will vote at a mass meeting Tuesday. The 600 workers at Colt's Patent Fire Arms Mfg. Co. in Hartford will ballot Wednesday. Company-union talks have also been scheduled for next week.

Business Bodies

Milton Schneider, manager of Burton's at 841 Main St., stands in the foreground of the new addition which has increased the women's and children's apparel outlet two-fold. Features of the "New Look" are a new sportswear shop, cosmetic division, millinery shop, suit shop, and a "teen" department, to be named from the "You Name It" contest which closes today. The newest addition, which also includes expansion of basement merchandising, is of modern design in fixtures and lighting and was constructed by Jack Hunter, contractor. (Herald photo by O'Hara).

A 30-year milestone is now being observed by Potterton's, Inc., at 130 Center St., Manchester's largest and oldest TV, radio, record and appliance store. The store was founded in a little 8-foot by 50 store at 219 N. Main St., Depot Square, on Sept. 26, 1931 by Russell Potterton and William E. Krahl. A \$10 per month rental fee including a sharing of another part of the store with rabbits. "Good location if one could stand the smell," Potterton said.

Russell S. Potterton

In 1932 Potterton and Krahl were the first in this area to break the price barrier in selling a Crosley Refrigerator below an established \$200 price. The two men moved into larger quarters in 1933 to 519 Main St., and expanded their operation in 1936 into the present Howard Street Center. Potterton bought Krahl's interest in the firm in February 1938. An upward business trend followed, and on Aug. 15, 1951, Potterton's moved in its present store after a six month renovation job. Highlight of the store's history came during 1941, when Western Union Telegraph service station became part of the store's services to the public. Two motorbikes

Bruce A. MacDonald of 27 Cambridge St., yesterday graduated from the Connecticut Mutual Life Career School at Hartford. A Tufts graduate also, MacDonald is associated with the Ralph H. Love Agency in Hartford.

Century Club of the Phoenix Insurance Companies of Hartford on Sept. 17. Robert G. Wenzler, a Manchester native who lives in Jackson Heights, N. Y., has just completed a 10-week group sales training course at the home office of the Massachusetts Mutual Life Insurance Co. in Springfield, Mass., and has been assigned to the firm's group sales office in New York City.

Nels C. Johnson of 270 Ferguson Rd., agent for the Travelers Insurance Companies, has received a plaque for being the leading life agent in the Travelers office sales competition held this summer during July and August. Johnson led the field in both paid life and premium volumes and was one of 22 men who qualified.

Robert H. Beattie, 24 Henry St., manager of the Beneficial Finance Co. at 806 Main St., is celebrating his 10th year with that firm today. George W. Trepp Jr., vice president of the Connecticut Bank and Trust Co. and manager of Manchester's three offices, has been named to the bank's associate board here.

United States Envelope Co. of Springfield, Mass., has declared a quarterly dividend of 15 cents per share on common stock, payable Dec. 1, 1961, to stockholders of record as of Nov. 3. Scientists estimate that during the year, the energy equivalent of about two billion nominal nuclear bombs (20,000 tons of TNT) moves across latitude 40 degrees in winds, reports Product Engineering, McGraw-Hill publication. They calculate that the energy in the winds over the entire globe at any one time is equal to about seven million nuclear bombs. Connecticut ranks first in the production of aircraft engines, men's hats, firearms, ball and roller bearings, copper rolling and drawing, silverware and plated ware, medals, pins and fasteners, according to U.S. Census of Manufacturers.

Captain Richard L. Duncan, U.S. Navy (retired), of Glastonbury, has joined United Aircraft Corp. as assistant to Perry W. Pratt, vice president and chief scientist. He will be a member of the advanced planning staff, specializing in propulsion systems.

Moore Says Recruiting Big Concern for TV

Garry Moore, who is up to his famous bow-tie in work this season, remains relaxed and unharried in the midst of jam-tight schedules, day-long rehearsals etc.

"We've got some great shows coming up this year," Gary says, "with some really funny routines. Wearing slacks and a sport shirt, Garry sat in a quiet corner of the rehearsal hall with his feet propped up.

This "Come"-ish demeanor is in many ways only on the surface. We've come to know Garry very well in the past few years and can assure you that the outward calm is only a cover-up for many "deep running" concerns.

Garry himself admits to tension. "Although steeplejacks and circus aerialists and those who ply similarly precarious trades may well disagree," observes the star, "television is one of the more intense ways of making a living. And, appearances to the contrary, I tense up every time that little red light in the studio warns that we are about to go on the air. I never face a microphone but that my stomach muscles contract. I'm not an actor, but if I really appear relaxed on television as I'm told I do, that is acting."

One of Garry's biggest concerns is the problem of recruiting new talent. "The one aspect of television which disturbs me most," Garry says, "is the lack of a training ground for new talent.

"Bob Banner, our producer, has felt the same way about it. It's one of our pet peeves. In order to keep television alive and vital in the future, you've got to pour fresh, new talent into it. But where is it going to come from if TV doesn't set up some sort of farm system such as they have in baseball."

Garry and Bob note that in the old days there were vaudeville and large motion picture houses which

"He's making plans now to set up a graduate fellowship program in cooperation with selected universities which will enable students to learn the field of TV production while earning their degrees. I think it's a great idea," comments Garry. "It'll give newcomers a chance to gain practical experience in TV production while completing their post-grad studies."

The way that "Garry's Gang" of the last few years is blossoming out may well be one of the reasons for his great concern about new talent.

In addition to his doing a five-times-a-week CBS radio-show with Garry, Durwood Kirby has been signed to succeed Arthur Godfrey on "Candid Camera."

Carol Burnett will do a five-times-a-week CBS radio show substituting for Arthur Godfrey while he's away.

Bob Banner Associates, which produces the Garry Moore variety show, has also produced a pilot film starring Alan King which CBS-TV has scheduled as a one-shot.

Garry's top writers, Coleman

Jacoby and Arnie Rosen, are finishing a Broadway musical for Carol Burnett. It's scheduled to go into rehearsal next spring; tentatively titled "Charge Account."

Considering he hit the jackpot, in our estimation, in his choice of talent so far, his concern for the future is understandable.

Hollywood on TV

By ERSKINE JOHNSON Hollywood Correspondent Newspaper Enterprise Assn. Hollywood — (NEA) — Hollywoodites are talking about:

Milton Berle's jesting words about TV's power in molding public opinion:

"Last year in 23 half-hours I single-handedly set bowling back 20 years. If I had another 10 shows I'm sure I could have gotten rid of the sport altogether...."

Fred Allen's widow, now Mrs. Joe Rines, assembling letters he wrote to intimate friends (everything a collector's item) for publication in a book... The Natalie Wood-Robert Wagner divorce leading to a property settlement which even includes their profits in new films.

He gets half of her "West Side Story" loot and she shares the same way from his percentage of "Sail a Crooked Ship".... Billy Wilder's memory about a 1932 contest for Charlie Chaplin imitators. As a gag, Chaplin himself entered the contest and placed third!...

Edd (Kookie) Byrnes' promotion from car-parker to full private eye in the upcoming new "77 Sunset Strip" shows....

The added proof the family-type movies can make money. The summer's biggest grossers were "The Parent Trap," "Gidget Goes Hawaiian," "Tammy Tell Me True," "Misty," "The Absent-Minded Professor," "The Trapp Family," and "101 Dalmatians."

Elvis Presley's better-than-the-man-who-broke-the-bank-at-Monte-Carlo deal for his latest film, "Wonderful Life"; \$450,000 salary plus 50 per cent split of the profits. Plus a \$50,000 expense account....

Alice Faye and Don Ameche playing the parents of Pat Boone in "State Fair." And only yesterday (!) she was a singing-chorus cutie and he was inventing the telephone. The film will be Alice's first in 16 years....

The 60 changes of costume slated for Li Taylor in "Cleopatra," finally rolling in Rome....

Continued walks from TV alley about network censorship which writers, directors and stars are claiming "is not the intent of

Chairman Newton Minow of the Federal Communications Commission. "Insiders are saying the blue-pencil boys are going out of their way "to find dirty lines or a scene that could be interpreted far from its original intent"....

Number of TV sets outside the U.S. passing the 50-million mark, and expected to exceed the 63 million in U.S. within another year. Britain with 13 million, and Japan with 8 million, lead the list....

Arnold Stang winning the role of "Rumpelstiltskin" in MGM's "The Wonderful World of the Brothers Grimm"....

One-time top-TV director John Frankenheimer's size up of today's small screen:

"The only thing TV is interested in today is tranquilizer shows".... The Debra Paget-Director Budd Boetticher separation shelving their partnership movie, "Ole." They were half-finished when Debra said "goodby" and jetted to Italy....

Latest entry in the "nude wave" of naughty girlie movies: "My Bare Lady."

New laws to combat fly-by-night "producers" making these films will be sought by the motion picture industry—and it's about time. There may be official action on refusing licenses to theaters exhibiting junk films as "smut peddlers."

LONG-DISTANCE CASTING

Eddie Bracken, who guests in "Another Time, Another War," scheduled for "The Roaring 20's" series this fall, flew to Hollywood from Rome to do the part.

Eddie interrupted his stay in Europe to take the guest spot in the episode after receiving a trans-Atlantic telephone call from Warner Bros. "I agreed to fly to Hollywood without even seeing the script," Eddie said, explaining, "the part sounded so good."

FLEDGLING THRUSH

Encouraged by the success of his first venture as a recording artist, young Johnny Crawford of ABC-TV's "The Rifleman" series has just cut two new records "Your Love Is Growing Cold" and "Tresure."

Blanc Recording From Bedroom

"The show must go on" is a performer's maxim which is taken to heart by Mel Blanc, comedian and voice for many cartoon characters. Mel, who started last season as the voice of Barney Rubble on "The Flintstones," has yet to miss a recording session despite the fact that he almost lost his life in an auto accident back in January.

Blanc's injuries included 22 breaks in one leg, and for a while doctors gave him a fifty-fifty chance to survive. Fortunately, the accident happened near the UCLA medical center and the immediate medical attention was a big factor in saving him.

The actor's speech was not impaired and he advised Hanna-Barbera, producers of "The Flintstones," that he felt he could still do justice to Barney Rubble. He will be happy on appeal to the producers and they installed recording equipment in his bedroom and also soundproofed the room to get the right results. And that's where Barney Rubble is getting his voice from these days.

Coming Shows

A new production of Italo Montemuzzi's highly acclaimed opera, "The Love of Three Kings," and a repeat color showing of Mozart's "Don Giovanni" starring Leontyne Price and Cesare Siepi will highlight the NBC Opera Company schedule for the 1961-62 season.

"The Love of Three Kings" will be presented in a two-hour NBC-TV color broadcast Sunday, Feb. 25, 1962 (3-5 p.m. EST). Cast and other details will be announced.

The schedule includes two other repeat performances via tape—the classic "Amahl and the Night Visitors" by Gian Carlo Menotti in its 13th presentation on NBC-TV Sunday Dec. 24 (4-5 p.m. EST, in black and white only), and "Cavalleria Rusticana" by Mascagni in a March or April color broadcast, date and time to be announced.

Frank Sinatra and Dean Martin have signed to co-star with Judy Garland on the latter's first television special in six years. The as-yet-untitled program will be presented Sunday, March 11 (9-10 p.m. EST) on the CBS Television Network.

Although Miss Garland, Sinatra and Martin are friends of long standing, they will appear together professionally for the first time in the forthcoming special production. Miss Garland previously starred on television in a "Ford Star Jubilee" special in 1955 and in "The Judy Garland Show" in 1956. "The Wizard of Oz," starring Miss Garland, has been presented on three occasions as a Christmas special.

A. J. Russell, one of television's most gifted writers, has been signed to write a television special based on Walter Lord's best-selling book, "The Good Years," which will be presented as a 90-minute Westinghouse special on the CBS-TV Network Friday, Jan. 13 (8:30-10 p.m. EST). Russell's major writing credits include "The Fabulous Fifties," "Million Dollar Incident," starring Jackie Gleason, a number of scripts for "The United States Steel Hour" and the Art Carney special, "O'Halloran's Luck."

'Secret' Moving To Monday Night

"I've Got A Secret," has been in the 9:30 Wednesday niche on the network for a run of exactly 451 programs. In that time, more than a thousand contestants have tried to confound the panel. Many expensive props have been used on the series. Among the most valuable were a collection of diamonds worth one million dollars, the famed Hope Diamond which was worn by Zsa Zsa Gabor, and a rare Gutenberg Bible, valued at \$183,000.

In the new 10:30 time on Mondays the "I've Got A Secret" producers expect to attract more millions of regular fans. To this end, they are busy concocting all sorts of off-beat stunts to catch the watching armchair brigade with elements of suspense, humor and human interest.

Ford's Offer to UAW Equals GM Contract

Detroit, Sept. 25 (AP)—The Ford Motor Co. made the United Auto Workers Union a new economic offer today roughly paralleling a proposal accepted by the union from General Motors Corp.

The company said the offer was contingent on the "peaceful conclusion of new agreements within the next two weeks and ratification within a mutually agreed upon time thereafter."

Meanwhile, current agreements, which originally expired at midnight Aug. 31, would remain in effect.

Today's proposal calls for a continuation of the annual improvement factor and a cost of living allowance, for full cost of hospital-medical insurance, improved pensions, and the new, short work week proposal which was included in the General Motors agreement.

The offer came as UAW President Walter Reuther and top union aides moved to the Ford negotiations scene following a wrap up of contract talks at General Motors.

Reuther entered the Ford talks today bolstered with strike authorization against the No. 2 automaker.

Blaze Guts Restaurant

New London, Sept. 25 (AP)—Fire sweeping through the ventilation system did extensive damage yesterday to a chain restaurant (Howard Johnson).

The entire second floor of the 2-story building at 929 Bank St. was swept by the flames and the interior of the ground floor dining room was damaged extensively.

Head chef Roy Sebastian told investigators he opened the restaurant for business at the regular time Sunday morning. After turning on the ventilation and kitchen equipment, he went to the second floor locker room.

Sebastian said he opened the door of the blower room and was confronted by a wall of flames. He tried to subdue the flames with a hand extinguisher. A passing motorist, noting the billowing smoke and flames, turned in the alarm.

Five fire trucks under Chief Joseph Corkey fought the flames for an hour and a half before bringing the fire under control. Lt. Joseph Sheehan and Firemen Leo Rochetti, Joseph Venditto and Herbert Tiffany received minor injuries but did not require hospitalization.

Corkey said a short circuit in the ventilating system "apparently ignited hardened grease."

Assistant manager Roland King estimated that the damage to the \$200,000 building was about \$75,000. Loss to the flames were 100 gallons of ice cream.

Esther Loops Back to Cape

Boston, Sept. 25 (AP)—Esther, once a hurricane but now only a storm taking a curtain call, traveled in a large loop over the weekend and shortly before noon was about 275 statute miles south of Nantucket island.

The Boston Weather Bureau said gale warnings will be displayed from Provincetown to Block Island, and small craft warnings from Cape May, N.J., to Portland, Maine.

Tides were running up to a foot above normal and the forecaster said some minor flooding may result along low lying coast in a large area of Massachusetts and Rhode Island tonight and Tuesday.

Rainfall may become heavy over southeastern New England tonight and tomorrow causing some flash and minor flooding in streams.

If rainfall should exceed three inches in 24 hours, however, the weatherman said flooding might become more general.

Believes Agreement On Berlin Possible

United Nations, N. Y., Sept. 25 (AP)—After President Kennedy's speech today, Soviet Foreign Minister Andrei A. Gromyko shook hands with him and declared: "You were in good form."

The two met as the Russian passed through a reception line. Gromyko appeared in high spirits.

By WHITNEY SHOEMAKER

United Nations, N. Y., Sept. 25 (AP)—President Kennedy affirmed before the U.N. General Assembly today that the United States has both the will and the weapons to resist Communist aggression wherever it may occur.

He also challenged the Communist world to join in a broad disarmament program under effective control that he said would mean the end of the arms race in favor of "a peace race."

Applause dotted the entire 38-minute speech of the President—his first before the United Nations.

But none came from the Soviet delegation, headed by Foreign Minister Andrei Gromyko. Its members sat impassively in the first row of seats, joining only politely in the applause that greeted Kennedy's entrance.

The U. S. President was alternately tough and conciliatory as he told the Soviet Union that the United States believes a peaceful agreement can be reached over the world's No. 1 crisis—that of divided Berlin. But he added that threats of force must be rejected because "yield to threats can only lead to war."

Asked by reporters after the speech for comment, Gromyko said he would study it. He will address the assembly tomorrow.

C. S. Jha, the Indian ambassador, said: "A very fine speech." Frederick H. Boland of Ireland, past assembly president, said the speech was "forceful in the right places, and not provocative in any manner."

The President's address covered the broad spectrum of crises confronting a frightened world. He proposed a 6-point disarmament plan and called for the creation of a U.N. peace force.

Kennedy urged the small nations of the world to rally behind the U.N. and defeat Soviet efforts to impose a "troika" system of 3-man control over its police power.

"The troika, he said, would 'replace order with anarchy, action with paralysis and confidence with gross confusion.'"

The President told the 99-nation General Assembly the U.N.'s very life is at stake in the issue raised by the death in Africa of Secretary General Dag Hammarskjold. He urged for new strength and new roles for the U.N.

The Soviet delegation, headed by Foreign Minister Andrei Gromyko, listened impassively as Kennedy spoke. It did not join in the applause it dotted the speech. The first came when Kennedy attacked the Soviet troika plan.

Watching the President was his wife, Jacqueline, who sat with white gloved hands folded across her lap.

"The blue and gold assembly hall was packed to capacity. There were standees in the public gallery."

President Kennedy proposed for an approach to disarmament

400 Whites Flee to Ndola Congo Leftists Urge Invasion of Katanga

Leopoldville, The Congo, Sept. 25 (AP)—Gen. Victor Lundula, commander of Leftist military forces in Stanleyville, put pressure on the Congo Central Government today to invade Katanga.

Fears grew in Elisabethville, capital of the secessionist province, that fighting is about to break out again. Europeans began fleeing the city. A report from Ndola, Northern Rhodesia, said nearly 400 whites, mostly Belgians, had reached there from Katanga.

The campaign for an invasion of Katanga was being whipped up by supporters of the late Patrice Lumumba, who launched such an attack before he was overthrown as premier last September.

The Lumumbists have regained key positions in the Central Government with the reconciliation of Antoine Gizenga's rebel Stanleyville regime and the Central Government headed by Premier Cyrille Adoula.

Lundula has accepted Adoula's leadership but has kept command of strong Leftist forces in Stanleyville. He sent a deputation of his officers here yesterday to step up the pressure on the premier for an invasion.

Lumumbist newspaper in Leopoldville said a telegram from Adoula dispatched a telegram to Adoula saying:

"I congratulate the chief of the Congolese government for his attitude to the Katanga problem. I place myself at the disposition of the republic and I am only waiting for the order to be given me to invade Katanga with my troops."

Adoula has declared his determination to end Katanga's secession — by force if necessary. The Adoula government has openly shown its displeasure with the U.N. and President Moise Tshombe of Katanga.

U.N. headquarters called "utter nonsense" a claim by Tshombe that 36 Soviet Ilyushin transport planes are at Stanleyville Airport ready to fly Congolese invasion troops to Katanga.

Top U.N. officials and western diplomats here are trying to persuade Adoula not to try to end Katanga's secession by force.

While supporting the Central Government for a united Congo, these officials are arguing the best way to achieve it is by peaceful means.

Gen. Joseph Mobutu, commander-in-chief of the Congolese army, is reported opposed to launching an invasion of Katanga.

But Congolese troops were reported on the move to get into position for a possible attack.

Troops were reported down to Lubumbashi, capital of Kasai province at the gateway to Katanga.

Congress Aims To Close Shop Tuesday Night

Washington, Sept. 25 (AP)—Congress went back to work today, hoping for adjournment by tomorrow night at the latest. But, the leaders were keeping their fingers crossed.

Still to be disposed of were three appropriations bills. If all goes smoothly, there is a chance Congress members still in town may be on their way home or starting jobs as early as tonight.

Saturday was to have been the windup of the present session. Apparently, much of the House took the hope seriously and House leaders were wondering today if a quorum would show up.

These are the three major items remaining:

1. The Foreign Aid Bill—it has passed both branches, but awaits a final settlement in a Senate-House conference. The Senate voted \$4,196,000,000—\$589 million more than the House. Reports persist that a behind-the-scenes agreement has been reached.

2. A public works measure carrying funds for rivers and harbors, flood control, reclamation and atomic energy projects—it also has cleared both branches. The Senate voted \$3,940,926,880 and the House \$3,862,701,380. Conference may meet today.

3. A final supplemental catch-all measure—the House voted \$573,040,923, the Senate Appropriations Committee upped this to \$1,060,894,578.

Plans to close down the 1961 session Saturday night collapsed when

West Berliners Told Clay to Defend City

Berlin, Sept. 25 (AP)—West Berliners were told last night that Gen. Lucius D. Clay had come as their defender with the same determination he showed in breaking the 1948-49 Communist blockade of the city.

The assurances came from West German President Heinrich Lübke to ally growing fear in West Germany that the United States is planning a possible deal with the Russians.

Choosing the dedication of a new West Berlin Opera House to appeal to Germans to have faith in their western partners, Lübke said:

"We can really have confidence in the firmness of our allies. Their promises have to be taken seriously in every respect. . . . Gen. Clay has not come here to surrender Berlin, but to defend it as he did in 1948."

As President Kennedy's personal envoy to West Berlin, Clay told a private meeting of publishers and reporters last week that U.S. officials are informing West German officials of Communist East German and let the East Germans have some authority over access to Berlin.

West Berliners generally interpreted Clay's off-the-record remarks as removing all hope for the reunification of Germany in the foreseeable future, prompting Clay to comment bitterly:

"We have lost some hopes but also some illusions."

By illusions the mayor meant the ability of many West Berliners to convince themselves that the concrete curtain thrown across the divided city by the Communists Aug. 13 was merely a temporary inconvenience.

British newspapers predicted a dramatic switch in U.S. policy toward Germany in shaping up despite the denials by Clay and Washington.

The Daily Mail described Clay's

After Three Noisy Days Algerian Rebels Hold Silent Flags Protest

Algiers, Sept. 25 (AP)—Black and white emblems of the underground secret army organization blossomed out in Algiers today and authorities moved through the city taking them down.

The flag display was hardly of proportions obviously expected by the underground to show support for the clandestine group opposed to President Charles de Gaulle's policy of self-determination for Algeria.

Police and paratroopers drove through the streets, stopping at the few buildings where the flags were flying. The flags were taken down, sometimes to jeering and whistling of passersby. But no serious incident was reported.

The order for the silent demonstration was issued by the underground after three noisy demonstrations in three days had shown support among European settlers in Algiers and elsewhere for the tightest campaign.

The people had been asked to hang out the secret army flags from balconies and windows. But few were seen, indicating that most people who had turned out for the noisy demonstrations by night were reluctant to stand up and be counted by daylight.

Church Group Under Fire at Big Convention

By GEORGE W. CORNELL
(AP Religion Writer)

Detroit, Sept. 25 (AP)—A clash over the conduct of the National Council of Churches moved toward a showdown today at Episcopal general convention.

Up for consideration in the house of deputies, the lay-clerical chamber of the bicameral church congress, were several resolutions aimed at curbing the council, or severing ties with it.

The council, an interdenominational cooperative body made up of representatives of 33 denominations with nearly 40 million members, includes most of the nation's major protestant, orthodox and non-Roman Catholic bodies.

It has been under running fire from various individuals and groups in the country, some of whom accuse it of being too easy on communism, although the council has repeatedly denounced communism.

One of the regular accusers, the Rev. Carl McIntire, Collinswood, N. J., "Bible Presbyterian," showed

Kennedy Bids For Arms Ban In Three Steps

United Nations, N. Y., Sept. 25 (AP)—The United States gave the United Nations a broad new disarmament plan today. A high U.S. source called it one of the most bold, one of the most comprehensive, such plans ever put forward anywhere.

The U.S. delegation submitted the plan to the U.N. Secretariat for distribution to the 99 U.N. members in the General Assembly and the Disarmament Commission.

It did so as President Kennedy with paralysis and confidence with his speech to the assembly.

The plan was titled "Declaration on disarmament: The United States program for general and complete disarmament in a peaceful world."

It called on "the negotiating states" to develop an attached "outline program" into an agreement for general and complete disarmament, continuing their efforts until they succeeded and meanwhile putting into effect any possible interim measures.

The outline program provided for disarmament in three stages
