U Thant Favored U.S. Backs Red Secretary Plan

United Nations, N. Y., Oct. 5 (AP)—The United States today was reported to have agreed in the main to a Soviet plan for picking a temporary U.N. secretary-general. Support was building up for U Thant of Burma to take over the vital executive position.

The U. S. stand increased today as a result of a report that a way will be found to break the U.S. Soviet deadlock with the threat of paralysis for the administrative arm of the world organization.

Informants said the United States agreed with reservations to Soviet insistence that the Security Council nominate the successor to the late Dag Hammarskjöld.

The reservations are that the United States and the Soviet Union first agree on the candidate and on his powers, informants said.

The U. S. stand was conveyed to the Soviet delegation by other means. The U. S. stand was not immediate Soviet reaction.

To avert the Soviet veto of a secretary-general candidate in the 11-nation Security Council, the United States had proposed that the veto-free 100-national General Assembly name a temporary successor.

A group of middle-road nations was ready to introduce a resolution in the general assembly which put the U. S. plan in motion but abandoned it when the latest American position became known, informants said.

The switch in American tactics came after the Russians in turn had softened their position.

The Russians first up their so-called troika plan for a 3-man secretary-general. Communist west and neutral. Each would have one vote.

This week they announced that provided he was nominated by the Security Council, they would agree to election of a temporary secretary-general with three advisers, none with a veto.

Delegates said the trend toward that method was a result of the powerful Asian-African bloc to see that one of its group gets the post of secretary-general and authority.

Sentiment now generally favors U Thant.

Dallas, Tex., Oct. 5 (AP)—Results of three days of intensive medical tests may disclose today the gravity of an illness that has confined Speaker of the House Sam Rayburn to a hospital since last Monday.

Tests were to continue today, but one of a team of physicians conducting them said "something definite" may be known later in the day. Whether surgery would be necessary depended on the final analysis.

A medical bulletin released by the hospital today said "Mr. Rayburn had a fairly comfortable night. A diagnostic biopsy will be done sometime today. The question of whether surgery will be involved will depend to a great extent upon the results of the biopsy. There is no material change in his general condition."

One of his physicians said "His condition is bad."

The diagnostic biopsy is the microscopic study of tissue, involving minor surgery.

The condition of the 78-year-old Texas legislator has been listed as "serious" since he entered Baylor Hospital. "His latest medical bulletin reported 'no significant change in his general condition' and 'no definite conclusion' as to his exact condition."

Two Versions of Phone Call Gov. Knight Names Nixon's Emissary

Los Angeles, Oct. 5 (AP)—Goodwin J. Knight has named Los Angeles attorney Howard Edgerton as the man he says tried to lure him out of the 1962 governor's race.

Knight, California's governor from 1953-56, said Edgerton acted on behalf of former Vice President Richard M. Nixon, now locked in a bitter struggle with Knight for the Republican gubernatorial nomination.

Knight, 64, said Edgerton, robust and unsmiling, told a nationally televised news conference yesterday.

\$250,000 Damage Estimate General Alarm Fire Ruins Bristol Store

Bristol, Oct. 5 (AP)—A general alarm today caused an estimated \$250,000 in damage to Bristol's largest and oldest department store.

The alarm, which sounded at 3:05 a.m., was caused by a fire in the store's third and top floors.

The fire was reported under control by Fire Chief Paul Kelley at 3:45 a.m. but was still smoldering at daylight.

The scene of today's fire is across from but not in Bristol's redevelopment plan.

The other general alarm fires within the year occurred on Nov. 11, 1960, a big business block on Main St. which caused \$150,000 damage, and another in a block on Main St. and Riverside Ave. which caused \$125,000 in damages last May.

Building on nearby Main St. Monday night, a patrolman sounded the alarm, sending four Bristol fire companies to the scene.

The general alarm, summoning firefighters, came about 3:05 a.m. along with a call for help to Terryville and New Britain.

The fire was reported under control by Fire Chief Paul Kelley at 3:45 a.m. but was still smoldering at daylight.

Surgeons, AMA at Odds On Fee Splitting Issue

Chicago, Oct. 5 (AP)—Two leaders of the American College of Surgeons are at odds with the American Medical Association over the issue of fee splitting.

The two college leaders say the AMA has softened its stand against fee splitting in a resolution adopted at its annual meeting in New Haven, Oct. 4.

James E. Gibbs, citing what he called "unfair" and "unethical" financial interests, says he plans to resign as president of the New Haven Branch of the American College of Surgeons at a meeting of the National Association of Surgeons in New Haven, Oct. 4.

Dr. Robert Myers, executive assistant director of the college, making the charge yesterday, said "This is an economic inducement to get more patients."

Speaking at a meeting of the National Association of Surgeons, Myers said the resolution adopted at its annual meeting in New Haven, Oct. 4, "is a betrayal of the AMA's traditional policy against fee splitting."

Dr. Paul Hawley, director of the college, said the AMA action was taken because

the bulk of its membership comes in Philadelphia and New York. The statement said the AMA's traditional policy against fee splitting is "unethical and unprofessional."

The American Medical Association has long condemned fee splitting as a violation of medical ethics. The action of its House of Delegates last June in no way alters the AMA's traditional policy against fee splitting.

Dr. Myers interpretation of the action of the AMA House of Delegates is incorrect. The statement of the AMA's traditional policy against fee splitting is "unethical and unprofessional."

State News Roundup

Peace Corpsman Resigns, Urges Draft Alternate

Salisbury, Oct. 5 (AP)—Philip Harvey has turned down his appointment with the Peace Corps. He says the 2-year assignment, plus another two years as a draftsman when he finishes, would be too much time to give up.

Harvey was among a group of 30 candidates named yesterday by the Peace Corps to prepare for service in Thailand as a time graduate of Harvard.

In a telegram to corps headquarters in Washington, Harvey said he was dropping out of the group. Harvey, 23, said at his home here last night that he would be "willing to accept the appointment on a 3-year basis if Corps service was a clear-cut alternative to the draft."

If he accepted, he said, he would serve either two years of the Peace Corps and two years of military service, or two years of the Peace Corps and one year of trying to stall off his draft board until he would be 24.

He said he presumed the board would call him after his 23rd birthday.

"I simply believe in the cause of the Peace Corps," he said, and added that trying to find some "draft-free" haven during his 23rd year would be "unpalatable."

It is now up to the administration to decide the principle of the Peace Corps, by encouraging "run homes" to provide a 2-2-2 after four innings today at Yankee Stadium.

Both homes were hit in the fourth inning and broke a scoreless pitching duel between "Doc" and "Lefty" of the Yankees.

Chacon played well below par. He pitched a 2-2-2 in the first three innings, but was hit in the fourth by a home run by Tony Kubek. Chacon walked, Kubek struck out for the second straight time.

U.S. Bids Reds Avoid Incidents over Berlin

Washington, Oct. 5 (AP)—The United States called on the Soviets today to avoid shooting incidents on the Berlin border "which could seriously jeopardize peace and the public order in Berlin."

The call was in a State Department statement issued in the wake of an outbreak of shooting incidents involving West and East German police in Berlin yesterday in firing back as the Communists shot at refugees fleeing Berlin.

The East German policeman reported wounded by the West German police was reported to have fired into the western sector of Berlin again.

State Department press officer Joseph W. East said "It is regrettable that action by East Berlin authorities forced West Berlin police to defend themselves. We have repeatedly emphasized to Soviet authorities the urgent necessity of avoiding incidents on the East-West Berlin border which could seriously jeopardize peace and the public order in Berlin."

Since then, Communist police are reported to have fired into the western sector of Berlin again.

State Department press officer Joseph W. East said "It is regrettable that action by East Berlin authorities forced West Berlin police to defend themselves. We have repeatedly emphasized to Soviet authorities the urgent necessity of avoiding incidents on the East-West Berlin border which could seriously jeopardize peace and the public order in Berlin."

Britain Drops Interest Rate Down to 6 1/2%

London, Oct. 5 (AP)—The British Treasury today cut the Bank of England rate half a point—from 7 per cent to 6 1/2 per cent.

The Bank of England rate sets the pattern for interest on loans throughout Britain. Only July 27 was jumped from 8 1/2 to 7 per cent as part of a Conservative government's bid to curb inflationary spending.

The higher rate attracted a flow of investment funds from abroad and quickly had the desired effect of bolstering the value of the sterling in international monetary exchanges.

Recently the pound has been hovering at around \$2.81, below the moves in July, which included sharp advances in domestic sales taxes, it had sunk almost to \$2.78.

Today's cut apparently reflects a belief in government circles that a mild easing of credit is in order.

The Treasury also is known to be uneasy about floods of what British economists call "hot money" from foreign investors seeking the high British interest rate.

Whenever the British economy suffers setbacks these investors tend to withdraw their funds hurriedly, severely unsettling the pound.

A good deal of the foreign funds sent to Britain recently have been invested in short term Treasury notes yielding around 4 1/2 per cent interest. Much of this money came from the United States, where about \$200 million in \$100,000 bonds were sold in recent years.

In announcing the rate cut, a Bank of England statement noted that the 7 per cent rate was put into effect to help restrict credit and relieve pressure on the pound sterling. The statement said "Enough progress has been made toward these short-run objectives to justify the reduction of the rate to 6 1/2 per cent."

Alert Boy Saves 35 Children as Bus Driver Dies

West Springfield, Mass., Oct. 5 (AP)—A school bus driver collapsed at the wheel yesterday, but 10-year-old Steven Becker saved 35 children by taking the wheel and pulling up the emergency brake.

The children, ranging in age from 6 to 11, were being driven from Kings Highway Elementary School.

Becker, 10, was driving the bus when the driver collapsed. He pulled up the emergency brake and called for help.

And Protection on Shelters State CD Directors Ask U.S. Cooperation, Funds

Washington, Oct. 5 (AP)—State defense directors last night asked the federal government for help in providing shelter and protection for civilians in the event of a nuclear attack.

The directors, who met in a session of the National Civil Defense Administration, asked for \$100 million in additional funds to help pay for the construction of shelters and the purchase of protective equipment.

The directors also asked for help in providing shelter and protection for civilians in the event of a nuclear attack.

Suban Neutral Washington, Oct. 5 (AP)—President Dwight D. Eisenhower today announced that he had decided to send a special representative to the island of Sumatra to help bring about a settlement of the Indonesian civil war. The representative, who will be accompanied by a team of military and civilian advisers, is expected to arrive in Sumatra in the next few days.

Bolton Bloodmobile Visit Slated, 75 Pt. Quota

United Methodist Church will sponsor the next visit of the Red Cross Bloodmobile to Bolton on Oct. 25. The bloodmobile will be at the church from 1:45 to 4:30 p.m. New donors are urgently needed to meet the town's quota of 75 pints.

In order to provide the necessary help at Bloodmobile visits, a Red Cross course will be given on Oct. 25 in Manchester to train aides. The course will be held from 9 a.m. to 1:45 p.m. and lasts but one day.

Those who would like to make appointments for the Bolton visit of the Bloodmobile or who would like more information about the course are asked to call Mrs. Richard Dimock.

All dairy farmers in this area are invited to a county meeting to be held Tuesday, Oct. 10, at the Voc-Age Building of the Rockville High School.

NAACP Chief Set To Quit in Protest

He held last week to discuss and was on a "sit-out" plan. Current national director of branches was on hand. He urged that the plan be discussed more fully with national headquarters.

But the issue appeared headed for a vote—and approval—by the local group. Current said the local NAACP chapter would be suspended if the proposal passed, and he ordered Gibbs to adjourn the assembly.

In his statement last night Gibbs, who favored the proposed demonstration, described the current action as a "complete usurpation of authority."

Such tactics, he said, smack of "dictatorship rather than democracy."

When current ordered the meeting adjourned, the branch chairman acknowledged that the NAACP constitution gives the national office the power to overrule local actions by local branches.

The "sit-out" phrase was coined by New Haven Mayor Richard C. Lee last year. At that time, he suggested that Negroes sit out in the middle of streets during rush hours, thereby blocking traffic, as a means of protesting against a proposed housing plan.

South took his title remaining on the club's list of members and gave up a club ticket to East. There was now no way for East to get out safely. If he returned a heart, dummy would get a few free passes, and if East returned anything else dummy would refuse to take it.

If East had been a crafty player, his time would have been spent in a different way. South would take the club.

Sheinwold on Bridge

TRUTH IS MIGHTY: SOMETIMES FAZAL. By Alfred Sheinwold. If you always tell the truth you'll have an interesting time but few friends. You may also have trouble finding bridge partners.

South won the first trick, drew a round of trumps, and planned to try the club finesse first and the heart finesse later. If either finesse worked, he would make the ace. Before setting to work, however, South drew an extra round of trumps. There was, after all, no hurry, and something might turn up.

On the second round of trumps East smugly discarded the king of clubs. East was feeling very pleased with himself. He had a king behind each of dummy's aces, and he was willing to share the good news with the world.

South thought about the discard about East's happiness, and about East's reputation as a man who never strayed from the exact and literal truth.

Had something turned up? Yes, diamonds, called the ace of clubs and gave up a club trick to East. This information was not to be mentioned to any one.

Others in Works

Most Promises Kept, Chairman Tells GOP. Republican Town Chairman John F. Shea Jr. told the town committee last night that the GOP has fulfilled more of its campaign promises in a year in office than the preceding Democratic government fulfilled in two years.

He listed these promises and itemized how they had been fulfilled: 1. Expansion of Mary Cheney Library. The Democrats have claimed we deserve no credit because the Democrats established such a special act had to be passed by the State Legislature to validate the bonds for the project. The legislative bill was introduced by Shea, who is a representative, and by A. Lawrence Ripper to the House of Representatives, and by Democrat Fred Doocy to the Senate. "We might claim just a little bit of the credit."

2. and 3. Financing as many capital improvements as possible of current income, and placing all capital improvements on the \$20,000 Rockledge St. storm drain, and the \$120,000 capital improvements program, all paid out of income, as examples of a promise kept.

Raps Powell. Shea took a verbal poke at Democratic Director Ted Powell who favors bonding for sewers, saying that Powell was "whipping a dead horse."

Shea said that Powell's idea of bonding for a long range capital improvements program was not good, because this would tie future boards to a program they might not want. Also, said Shea, there is no way to tell ahead of time what major projects should have priority 10 years from now.

The GOP "doesn't need any help from him or any of his party to determine a capital improvement program is," he said.

4. Action toward purchase of the Manchester Water Co. by the town.

5. Construct firehouses to replace the one at the Center and the one on Elm St. Elm are being drawn now for both proposed firehouses, he said.

6. Survey the recreational needs of the town. Nothing has been done on this, said Shea, but the directors plan to do a study of recreational needs before their term ends.

7. Personnel appeals board. An ordinance establishing such a board is before the directors now, said Shea.

8. Assistant to the general manager. This is under consideration, but nothing has been done yet.

9. 10-year elections. Republicans Vincent Diana was just elected chairman of the newly appointed charter revision commission, and one of the items which will be considered is a charter change to have town elections in odd years, said Shea.

10. Sound conduct of meetings. With county conduct of meetings, Mayor Harold Turkington added his remarks to Shea's. "The mayor praised the 'wonderful cooperation' of the other five Republican directors. 'They are aren't any yes-men among them, either,'" he said.

He said that Tuesday night and Sept. 5 were the only times since the Republicans took office that they haven't completed an agenda.

"We have done more sewer work in a year than the Democrats proposed to do...over many years with bonding," he said.

Popularity for not complying with the statute is a possible fine of \$25 a day for each day after the Nov. 1 deadline.

The purpose of their visit is to gather data about the PFC system in order to provide architectural plans for the hospital and to help us in nursing treatment and care," said Dr. Heather.

There is a nursing and intern short, and a system of convalescent hospitals for recuperating patients comparable to the PFC self help unit. For this reason, he said, PFC could not be fully implemented in the hospital and to help us in nursing treatment and care," said Dr. Heather.

The group will be open to all Manchester children.

Cadets to Conduct Services Sunday

Two young women cadets, all officers in training, from the Salvation Army Training School in New York City, will be in charge of three services at the Salvation Army Church Sunday.

Field training for the cadets includes weekend trips to various cities in New York, New Jersey, Pennsylvania and Connecticut.

Mrs. Allen Memorial Hartford, Oct. 5 (AP)—About 500 persons, including state and civic leaders, paid final respects yesterday at a memorial service for Mrs. Mildred P. Allen, former Connecticut secretary of state.

A Thought for Today

Sponsored by the Manchester Council of Churches

Every individual who experiences a spiritual birth by supernatural regeneration acquires an additional sense. This sixth sense opens a channel of communication between that soul and God.

Here's where homes can waste heat and money. Shell Heating Oil specialists tell you how to avoid this waste and cut winter heat bills.

HOW TO CUT HEAT BILLS:

Shell suggests 10 ways to save on heat bills this winter —and tells how new Shell Heating Oil can help you do it

Right now is the time to start saving on this winter's heat bills. Here are 10 tips from Shell Heating Oil specialists to help you reduce heat loss this year.

1. Tune up your oil burner. Your burner, like your car, needs periodic attention. To save fuel bills, you should have your burner cleaned and adjusted regularly. A professional should do the work for you. The cost is nominal and you can save quite a bit in fuel bills.

2. Use a clean-burning oil. All heating oils aren't alike. There are significant differences which can affect your fuel bills. One of the most dramatic differences: Hydro-desulphurization, a Shell-patented refining process applied to Shell Heating Oil. Don't let the name

scare you. The process is highly complex, but the result is simple. It makes new Shell Heating Oil remarkably clean. Reason: most of the sulphur and other deposit-forming impurities have been removed. These impurities are literally pushed out by the hydrogen. New Shell Heating Oil burns with a hot, radiant flame like the one on the right, below.

3. Check the location of your thermostat. Your thermostat should be located in a place that insures that no room of your house is underheated and none is overheated. There is no hard-and-fast rule about where to install a thermostat. But there are certain places that a thermostat should never be:

• On an outer wall. Cold can seep through the wall from outside and fool your thermostat. This may cause your burner to work overtime.

• In a bathroom, kitchen or hallway. The temperature in these areas is subject to rapid change.

• Near TV, lamps, chimney or other sources of heat.

• In the direct line of sunshine.

• At the foot of a staircase. Air circulation up stairwells makes this location cooler than other areas of the house.

4. Set your thermostat for savings as well as heat. Proper regulation of your thermostat is one of the key ways to get the most usable heat from your fuel dollar. Here are three points to keep in mind:

a. **Turn your thermostat down at night.** If you will set your thermostat back 10 degrees when you go to bed, you can save up to 10% a year in fuel costs. And you may sleep better too.

b. **When you go away for 24 hours or more, reduce your thermostat setting.** Shell heating specialists recommend an "empty house" temperature of 55 degrees. That's high enough to keep the chill off, but low enough to save you a good deal of money.

c. **Keep your "at home" temperature around 70 degrees.** Indoor temperature is a matter of personal preference. But most people like to keep their homes at about 70 degrees. But if you must raise your thermostat just 5 degrees —from 70 to 75, for example—it will raise your annual heat cost by about 12%.

5. Give your burner air. Consider this surprising fact: it takes about 1400 cubic feet of air at sea level to burn 1 gallon of heating oil. Be sure your burner gets the right amount of air. Proper adjustment of the oil burner for correct air-oil mixture will save you money.

6. Close off unused rooms. Don't spend good money to heat rooms that nobody uses —or that are used once in a while. Shut off the radiator or register. And keep the door closed when the room is not in use.

7. Keep furniture away from radiators, hot air registers and cold air return ducts. Don't block off heat with furniture. Or put furniture where it can interfere with air circulation. It can damage the furniture—as well as obstruct the flow of warm air. Leave enough space between furniture, radiators and air ducts for the warm air to circulate easily about the room.

8. A little weather stripping can bring big savings. Even well-fitted windows benefit from weather stripping. On a poorly fitted window, weather stripping can reduce air infiltration as much as 78 per cent. Note: ask your Shell Heating Oil dealer about adding insulation to your home. The cost runs higher than weather stripping, but insulation pays for itself in reduced fuel costs.

9. Stop tiny heat leaks. Before winter's first

blast hits your home, check such things as attic ventilators. Make sure they're closed tight.

When fireplaces are not in use, close the dampers. You can lose a lot of heat right up the chimney.

These measures sound small, but they can pay off in substantial savings.

10. Guard against tank rust. As the oil flows from your storage tank to your burner, air is drawn into the tank. This air has moisture in it which can condense on the cool metal walls of the tank. Rust is likely to be the unhappy result.

Shell's Sonitor® fights this problem. Proved effective in over 1,000,000 homes, a single application of Sonitor helps guard your tank against rust up to 3 years.

Follow these proved tips and you can look forward to top heating performance at lower cost this winter. And be sure to ask about new Shell Heating Oil. It's made for trouble-free warmth all winter long. Your Shell Heating Oil dealer can deliver your first tankful at your convenience. Why not call him today and take advantage of the offer on the opposite page.

Needle-eye openings in burner nozzle calls for a heating oil that is immaculately clean.

Remarkable cleanliness of new Shell Heating Oil helps guard against clogging. The oil swirls through openings, burns with an even, cone-shaped flame.

NOTE: Your Shell Heating Oil Dealer can

make sure that the air intake on your burner is properly adjusted. And that no superfluous air leaks into your furnace.

When fireplaces are not in use, close the dampers. You can lose a lot of heat right up the chimney.

These measures sound small, but they can pay off in substantial savings.

Two Stores Will Plant Trees On Main St. for Trial Period

The House & Heat Department would foot the bill with the work of planting being done by private contractor, he added.

Maintenance of the trees and type of trees would be handled by the park or public works departments with watering of the trees agreed upon with the merchant, Reinhardt said.

Those would be planted through the sidewalk in a three-foot square area at reasonable distance apart. The committee has suggested the preference for a Kwansan Cherry tree, which flowers but will not bear fruit.

Reinhardt also informed Mayor Turkington that "it was the feeling of the committee that this program would work especially well with the anticipated master plan and the development of the Central Business District."

The tree recommendations are being submitted by a committee of finance Murphey, park superintendent Chester Langtry, deputy director of public works, John F. Wink, executive vice president of the Chamber of Commerce, and Reinhardt.

The Community Beautification Committee intends to appear at the next regular meeting of the board of directors to formally propose the tree planting program.

The Hammond Organ Society will meet Saturday at 8 p.m. at the home of Mr. and Mrs. George Moré, 98 Forest St.

Guest organist will be Mrs. Charles J. Baker of East Hartford. Among her selections will be Mozart's "Ronde alla Turca," Percy Fitzinger's "Fountain Pavane," a modern, va r.i.o. of "Autumn Leaves," and "Oriental" by Coax Oil.

Mrs. Baker has studied with Myrtle Few of Hartford, served as organist and pianist at station WDRB, choir director and organist in various churches, and has been a teacher for many years. She is chairman of the program and Mrs. Frances Santy will be in charge of refreshments.

The annual bazaar of Our Lady of Calvary Retreat League will be held Saturday at St. Patrick's Church, Farmington, from 10 a.m. to 8:30 p.m.

The Manchester chapter will provide a parcel post booth with gifts from Mrs. John F. Kennedy, Atty. Gen. Robert Kennedy, Princeton University, Mrs. Lawrence Welk, Danny Thomas, Mrs. Lyndon Johnson and Senator Prescott Bush.

A refreshment stand will be open all day.

September Fires Drop 10 in Year

Firemen from the Town Fire Department fought nine fires during September, 10 fewer than in September last year.

The total number of fires so far this year is also lower than the total up to this time last year (41 to 53).

The number of false alarms has increased, however. There have been seven of them so far this year and there were only two up to this point last year.

Mrs. Williams Stenger will be in charge of the program and Mrs. Frances Santy will be in charge of refreshments.

Ford, Howard and Skowron Prove Yankee Heroes

Ditching and Cover Prevail

New York (AP)—With an impressive first game victory behind them, the New York Yankees today had jumped from 2 1/2-1 to 4-1 favorites over the Cincinnati Reds as they opened their season in the second game.

A fair coin day was predicted for the opening two-game phase of the series in New York. After Friday off for travel, the first resumes Saturday in Cincinnati.

Roger Maris, fresh from his 61-home run season, was a but and an out. He had jumped from 2 1/2-1 to 4-1 favorites over the Cincinnati Reds as they opened their season in the second game.

White Ford's masterful two-outning gem was the big conversation of the opener. It marked the fourth Yankee southpaw's third successive series shutout and placed him in position Sunday to avenge his loss to the Boston Red Sox in the first game of the season.

White Ford's masterful two-outning gem was the big conversation of the opener. It marked the fourth Yankee southpaw's third successive series shutout and placed him in position Sunday to avenge his loss to the Boston Red Sox in the first game of the season.

Yankees' Defense Steals Thunder

With Boyer Individual Stickout

New York, Oct. 5 (AP)—All season long men who know have been saying that the 1961 New York Yankee infield could be one of the best in the long history of baseball.

Their words of praise, however, could scarcely be heard above the clamor about the home run hitting of Roger Maris and Mickey Mantle.

Come the World Series, with Mantle on the sidelines and Maris handcuffed by Red pitching, and it was the Yankee infield that took the spotlight in an opening game 2-0 victory over Cincinnati.

"It is doubly true if pitcher Whitey Ford is counted as part of the inner defense."

Ford pitched his third consecutive World Series shutout victory (and 15-0) and his 27 consecutive scoreless innings put him close to the immortal Babe Ruth's mark. Pitching for the Boston Red Sox in 1918 and 1919, Ruth pitched 28 1/2 consecutive scoreless innings for the best ever in series play.

Several Reds Consider Ford Better Than Spann

New York, Oct. 5 (AP)—The Cincinnati Reds admitted today, almost to a man, that if they had to face Whitey Ford every day, they might as well fold their tents and go home.

Ford, the only native-born men-ber to give the New York Yankees, must be the Reds, 2-0, on a slight two-hitter to give the Yankees a 1-0 series edge yesterday.

A couple of the Reds even paid him the supreme compliment of comparing him with Warren Spahn as the top left-hander they ever had faced.

"He had more stuff than I've ever had," said first baseman Goody Kokoos. "But, gee, how many days can a guy throw a two-hitter like that?"

Only Eddie Kaoko and Wally Post got into Ford's mind. "I didn't even know about the eight games being a record," he said. "I was awestruck by his record."

"You know, I might look calm out there, but I do a lot of worrying about an hour before a game, especially in the World Series. And when it's over, I take a couple of hours to get my mind back together."

The 32-year-old Ford, who spends his winters working as a stock broker—and intends to make his full-time job when he finishes playing—said yesterday's decision to pitch was a relief.

"When I shut out Pittsburgh twice last year (10-0 and 12-0) I scored a lot of runs," he observed. "This time, I had to be down all the way. But the Reds did impress me. I liked the way Eddie Kaoko handled the bat and the way Jim Piersall pitched. He never gave up a chance."

"I don't believe what they say," said eighth-inning reliever Jim Stenzel. "I know he has a good record and he's been a faster man, but he's never been a faster man."

Jay Not Frightened Facing Fabled Yanks

But He Won't Disclose His Hurling Plan

New York, Oct. 5 (AP)—The Cincinnati Reds are down to the New York Yankees in the 1961 World Series but the Yanks still don't frighten Jay. Jay is scheduled to pitch today against the Yanks in the second game of the series. He sat and watched yesterday as Whitey Ford shut out the Reds, 2-0, allowing the Yankees to take a 1-0 lead.

"I know how I'm going to pitch against them and that's the way I'm going to do it," he said. "I don't disclose his formula."

Jay has pitched the Reds' only shutout in his major league career.

Richardson (AP) hit 10 home runs in the 1961 season. He is the only player to hit 10 home runs in a season.

Richardson (AP) hit 10 home runs in the 1961 season. He is the only player to hit 10 home runs in a season.

Ford Like Cadillac

Each club was expected to make a bid for the pitcher. The Yankees, however, made a mistake last fall in the losing seven game tie against Pittsburgh. It was not in getting Ford in the opener, instead of in the third game, as he did last year.

"I didn't even know about the eight games being a record," he said. "I was awestruck by his record."

"You know, I might look calm out there, but I do a lot of worrying about an hour before a game, especially in the World Series. And when it's over, I take a couple of hours to get my mind back together."

"I don't believe what they say," said eighth-inning reliever Jim Stenzel. "I know he has a good record and he's been a faster man, but he's never been a faster man."

Trade Rumor Involves Nats, Indians

Piersall, Donovan Key Men Involved

New York (AP)—The Cleveland Indians will announce the trade of Jim Piersall, their fiery centerfielder, to the Washington Senators for veteran pitcher Dick Donovan and two other players, the Associated Press learned.

In addition to Donovan, the Indians will acquire outfielder Gene Green and utility infielder Phil Batters. The deal is expected to be completed by the end of the week.

Piersall, a controversial figure who has been a mainstay with the American League with the Boston Red Sox 10 years ago, enjoyed his best season in 1961. The 30-year-old Waterbury, Conn., native batted .222 in 121 games, fourth in batting average in the league, and was one of the best defensive outfielders in the majors.

Donovan also had a fine season with the Senators. The 33-year-old right-hander after losing his first six seasons, all by low scores, came back spectacularly winning 10 of his last 14 to finish 10-10. His 2.64 ERA, including a 1-0 record in 1961, was the best among regular pitchers, was more indicative of his fine worth to the Washington Senators.

Green, 25, batted .280 in 110 games. A 6-2 1/2, 265 pounder, he was advanced to the majors by manager Mickey Vernon. He pitched very well what doubles, three triples and 18 home runs. He batted in 82 runs.

Reflexes Make Boyer Great Declares Berra

New York, Oct. 5 (AP)—I feel like hanging up my typewriter. So much has happened in the last 24 hours. Maybe I ought to hang up my bat for popping up in the first inning with the bases loaded. But we won the game, and that's all that matters.

No matter what happens in the remaining games there are two things to remember. They are Whitey Ford and Clete Boyer. This was the greatest game Whitey ever pitched because of how he got the job done and because he was under pressure through the seventh inning when he got Gene Freese with a man on first and two out. He did it. I don't feel too badly about it."

The 27-year-old slugger, only man ever to hit six home runs in a game, was in the clubhouse when he was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Boyer, who has been a mainstay with the Yankees since 1957, was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Mantle Not Expected to Play Until Fourth Game of Series

New York, Oct. 5 (AP)—Mickey Mantle definitely will not play in today's second game of the New York-Cincinnati World Series, and most likely will not return to the lineup until Sunday, when the Yankees and Reds meet in the fourth game.

The switch hitting slugger, who slugged 14 home runs in 12 games for Whitey Ford's Yankees, was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Boyer, who has been a mainstay with the Yankees since 1957, was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Hall Booters Top Indians by 2-1 Score

First Defeat Follows Three Straight Wins

Manchester's High School booters lost their first Central Connecticut Intercollegiate League game of the season yesterday afternoon at their home field on Hall High of West Hartford topped the Indians 2-1.

The defeat came in the home opener. The Indians had won three previous season games, two in league play, Hall (4-0) and Washburn (3-0) and were undefeated in CCIIL season play.

John Claffin, Hall's center scored both goals in the first period and a second in the third quarter on an assist from Larkin. Hall dominated play for the better part of three quarters before the Indians began to rally in Hall's half of the field.

The Indians fought back in the first period as Jerry Condit scored his sixth goal of the year. Co-captain Mike Churilla, who has a season total of five goals, scored the first goal in the second period. Verfallie and co-captain Bud Field, all figured in the Indians' tally in Hall's half of the field.

The winning goal was the sixth of the season for Claffin on Friday when they next play Meriden to the playoffs.

Apply Classroom Knowledge on Field

Outside Elevens Rule New England Gridders

Boston (AP)—Craig Stewart, Gil Owen and Al Ross are Middlebury students learning how to handle people. Coach Duke Nelson is pleased to report they are applying the knowledge admirably on the football field.

In fact Nelson was even happier when he learned that Stewart, Owen and Ross were the best of their offensive units. Middlebury edged the Cardinals, 30-14, for their sixth straight victory in the series.

Senior quarterback Stewart from Wayne, Pa., and 210-pound junior Ross from Flushing, N.Y., are political science majors. Sociology is the learned pursuit of Stewart, Owen and Ross. Stewart is the starting quarterback. Owen is the starting running back. Ross is the starting fullback. Stewart is the starting fullback. Stewart is the starting fullback.

Despite World Series Madness

College Grid Programs Go On

New York (AP)—There will be a full schedule of college football games in the Northeast today in the World Series. If you get too excited about the baseball, don't forget that the college football season is in full swing.

At Penn State, the Nittany Lions will play the University of Maryland. At Virginia Tech, the Hokies will play the University of North Carolina. At Wake Forest, the Demon Deacons will play the University of South Carolina.

At Duke, the Blue Devils will play the University of North Carolina. At Wake Forest, the Demon Deacons will play the University of South Carolina. At Virginia Tech, the Hokies will play the University of North Carolina.

Richardson Hits

Lifts Average, Maris Hitless

New York (AP)—Roger Maris, after going 0-for-4 in the opening game for Whitey Ford's Yankees, had less than a hit in his second game. Maris hit a ball out of the infield in the last seven innings of the Yankees' 2-0 victory over the Cincinnati Reds.

Richardson (AP) hit 10 home runs in the 1961 season. He is the only player to hit 10 home runs in a season.

Richardson (AP) hit 10 home runs in the 1961 season. He is the only player to hit 10 home runs in a season.

Ford Used Spitter

Contends Piersall

Boston (AP)—Jimmy Piersall always a controversial player on the Yankees, today said he was surprised that Whitey Ford used a spitball in the World Series opener.

Piersall, who has been a mainstay with the Yankees since 1957, was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Boyer, who has been a mainstay with the Yankees since 1957, was hit in the head by a ball during the game. He was taken to the hospital for a minor surgery for the removal of an abscess on his right hip. He sat out the rest of the game.

Regulations for 1961-62 Season

We're swamped under an avalanche of bowling scores, from both duckpin and 10 pin leagues, and the season has yet to operate under full steam!

Handling local league bowling has become more of a problem with each passing season and this year is no exception. There is not enough space allotted for bowing each week and drastic changes in the handling of leagues must be made. Last year The Herald carried 54 leagues, but this year, this year, it looks like there will be at least 75 leagues.

Recreation and competitive bowling are two different forms of rolling, whenever possible.

If results of every league in Manchester were carried it would require at least six full columns of space two days a week.

High individual scores will be carried until further notice but not the standings or results.

Here are the rules:

Duckpins—Men, 135 and better singles and 350 and over triples.

Women, 115 singles and 335 and over triples.

10 Pins—Men, 270 singles and 550.

Women, 150 singles and 450.

All leagues must have at least 75 per cent of their bowlers from Manchester.

Brass Request Amended List Of Draftees

New York (AP)—President George West of the New York Metal and General Manager Paul Richards of the Hudson County, disapproved of the 475,000 draft price, have requested National League officials to amend the original list to include higher caliber men.

"Just say we have had a few conferences with National League officials," he said. "Things may improve."

"Don't forget," he added, "the Cincinnati club hasn't presented its list yet. They won't until after the draft. We and we probably will have a stronger selection to choose from."

West was not immediately available for comment.

Each of the eight clubs placed 15 on the list, seven of whom are expected to be the 25-player roster of Aug. 31. Houston and New York each have a total of 14, two from each club, at \$75,000 each. Each club may also take another 15-player roster at \$80,000.

Boxer of Month Award to Paret

Providence, R. I. (AP)—Larry Paret of Cuba, who registered a 10-0 record in the 1961 season, was named Boxer of the Month by the National Boxing Association.

Paret, who is 23 years old, is a professional boxer from Havana, Cuba. He has a record of 10 wins, all by knockout, and no losses.

Paret is the only Cuban boxer to win the Boxer of the Month award.

When You Serve Pinehurst Choice Grade Roast Beef

Aged just right for juicy tenderness

BEEF RIB ROAST

59c

Slice—see how full of rich, beef juices. Taste—what wonderful flavor!

Oven-ready 7-inch cut, 6th to 7th ribs or whole 7 rib roast.

Times have changed since we were kids, but Rib Oven Roast of beef, rich brown or delicious pink, fork-tender, swimming in delicious juice is Dad's favorite for Sunday dinner. It's the tenderest, juiciest, most flavorful oven roast available. The kind of roast Pinehurst has been providing Manchester people with for over forty years. And that's one custom that's not going to change.

Here at Pinehurst we grade the rib into 3 cuts, so that you get just what you want, at the price each cut should bring to give you full value.

4th and 5th ribs of this delicious standing oven roast beef. Oven ready. **69c** lb.

For Braising—Lean Short Ribslb. 59c

1st three ribs of this tender choice premium standing rib roast. Oven ready. **79c** lb.

Or, if you prefer very lean boneless roasts, we suggest for oven cooking regular \$1.19 cuts of Lean Round, 1st cut Sirloin Tip, eye or top round at a special price of \$1.05 lb.

For Pot Roast, Bottom Rounds, whole Shoulder Clods, 2nd cuts of Top Round at 95c lb.

Please note... not extra fat added... ask for free suet, if you want it.

Here's a new, lower price on those wonderful plump broad-breasted U. S. Grade A Pinehurst Turkeys... at 35c we were told they couldn't go lower, or the turkey producers would go broke... and here they are down another 4c lb.

OVEN READY, PLUMP BROADBREASTED (8 to 10 and 12-LB.) **35c** lb.

BROADBREASTED OVEN READY **33c** lb.

Tom Turkeys **33c** lb.

The 22-lb. size we are offering is exceptional value, if you can use a large turkey...

And here's a special Pinehurst value on two fine bacons... Dubuque's Mississippi at 69c lb., and Swift's Premium at the same low price...

Or, if you prefer very lean boneless roasts, we suggest for oven cooking regular \$1.19 cuts of Lean Round, 1st cut Sirloin Tip, eye or top round at a special price of \$1.05 lb.

For Pot Roast, Bottom Rounds, whole Shoulder Clods, 2nd cuts of Top Round at 95c lb.

Please note... not extra fat added... ask for free suet, if you want it.

No. 18 in Air Russians Fire Super N-Shot

The Soviet Union today staged its 18th and by far the largest nuclear test in its current series. French government detection services reported in Paris. The blast occurred at 7:21 a.m. (2:21 a.m. EDT) and was 1 1/2 times the strength of the last test.

No Soviet Shelters, Khrushchev's Wife Tells Peace March

Moscow, Oct. 6 (AP)—Mrs. Nikita Khrushchev told a group of western "peace marchers" today that the Soviet Union is making no effort to build air raid shelters.

The U.S. Atomic Energy Commission had reported earlier Soviet tests were carried out in the same vicinity of that last test as Northern Siberia.

In Washington the atomic energy commission, which makes the official announcements on U.S. detection of Soviet nuclear tests, declined to comment immediately on the Paris report.

Tokyo, Oct. 6 (AP)—Japan's Central Meteorological Agency said the Soviet Union detonated today the biggest nuclear device in its current series of tests.

The agency estimated the yield of the explosion at 10 megatons. Shock waves were recorded throughout the country, the agency added, placing the test "at a great distance northwest of the island of Japan."

The Matshiro Seismographic station recorded the shock at 8:29 a.m. GMT (2 a.m. EDT).

The Central Meteorological Agency also said today weathermen in Khabarovsk, the Soviet Union's highest radioactivity recording station in Japan since the Soviet Union resumed nuclear tests.

Weathermen reported catching abnormally high radioactivity of 3,620 counts per liter per minute.

Washington, Oct. 6 (AP)—Sam Rayburn's long, unchallenged reign as Speaker of the House of Representatives apparently has come to an end.

The grip of the strong-willed, but kindly Texan on the speaker's chair was as strong as ever, but he was no longer the dominant force in the House.

McCormack, 69, a Tredegar speaker pro tem by formal vote of the House, was elected last week.

Gromyko Calls for Erasing War Peril in Berlin Crisis

Washington, Oct. 6 (AP)—Soviet Foreign Minister Andrei A. Gromyko arrived in Washington for Berlin crisis talks with President Kennedy today, saying the danger of war over the explosive dispute "must be prevented."

East, West Protest on Shootings

Berlin, Oct. 6 (AP)—The three western Allies today sharply protested to the Russians against two shooting incidents involving Communist East German police in Berlin.

British Commandant Sir Robin Delacombe called on his Soviet counterpart, Col. Andrei I. Solov'yev, to deliver the protest personally on behalf of all three western commanders, an Allied spokesman announced.

Delacombe told Solov'yev that the incidents resulted from "dangerous and irresponsible action" by the East Berlin Communist police.

The latest flareup began when a Communist policeman was interviewed by the West German press. The policeman was accused of firing a rifle at a group of West German soldiers.

The West German government said it would take steps to ensure that no more such incidents occur.

The Soviet government said it would take steps to ensure that no more such incidents occur.
