WHO PUT "THE COOK'S BEST FRIEND" IN MRS. MURPHY'S KITCHEN?????? The handiest helper in any cook's kitchen is an ex-

tension phone within easy reach. So Mr. Murphy had one installed for his favorite cook - in her favorite color. It takes a lot of the "run" out of running the house. And when something's on the stove, Mrs. Murphy can chat without taking her eyes off the cooking. Her kitchen phone saves her time and effort (and possibly dinner). Isn't your own kitchen the perfect place for "the cook's best friend"? Talk things over soon with our business office or with any telephone man. The Southern New England Telephone Co.

When a club member reports a heating plant breakdown, Bantly radio telephones their service truck nearest the scene. From that moment on, there is fast, effective action. Rarely do members suffer from a cold house.

To minimize breakdowns, Bantly periodically checks the system. The burner is adjusted, cleaned and lubricated. The furnace is cleaned.

Members always have sufficient fuel oil. As supplies run low, Bently delivers-automatically.

HOW TO CONTROL AWAY-FROM-HOME EXPENSES... These are busy and exciting days for the parent who has a son or daughter leaving for school or college this month...especially, if it's for the first time. The handling and control of spending money can be quite a problem. Many families have found the low cost CheckMaster checking account the ideal answer. The cash is safe at home in the bank ...it teaches your son or daughter the responsibilities of using his own checking account...and you control the balance at the source. There's no minimum balance required. It costs just 10c a check plus a small monthly service charge, and the monthly statement of payments can be sent to you. It's so much easier than sending cash, your personal check, or a money order. Check on a CheckMaster account today.
