## Improved Circulation Aim of Traffic Plan

for Manchester, part of the Town Planning Commission's master plan, suggests some solutions to your problems.

It will be the subject of a public hearing at the small auditorium of the Manchester High School at 8 p.m. Monday. If everyone favors the plan, and the three others being aired that night, the TPC will consider adopting them as guides for the town's future growth.

Probably the two most important roads proposed for the town.

To improve the flow of cars on Main St., the plan recommends the elimination of angle parking for parallel parking, and the separation of local from through traffic—this is more thoroughly treated in the plan for the downtown area.

North of the Center, the plan says, there is little opportunity for structural change without causing undue damage to properties along the street.

N. Main St. should be improved as is, with a set-back established to allow the eventual widening to four lanes, should industrial development in Buckland make it necessary.

Adjt. Richard Grant were present at the meeting. The Hebron post is one of six in the state and three is one of six in the state and three in District 4 honored by receipt in District 4 honored by receipt

mum standards provided by the report.

Provision for the widening of W. Center St. should also be made, if Rt. 6 is not soon developed.

Improvement is also recommended for Spencer and Oakland Sts.

The plan sets development standards for town roads, and suggests defining all roadways, both present and planned, by type of use and traffic flow, and bringing all up to par.

### Workers Laud Kaiser Steel Sharing Plan

Steelworkers Local 2869.

"We are certainly pleasantly surprised. There's no question that this is a major step forward," Sirolli added.

Kaiser said savings for March came to \$962,000. The figure is based on the cost of producing steel at the Fontana plant in 1961.

Under the formula announced last December, the company will take about two-thirds of the savings, with the other third going to the employes. Workers share in the savings, according to their type of work. regular hourly pay for those eligi-ble to share. Some incentive pay

until we can analyze all the ther comment."
About 2,500 Kaiser workers a not yet eligible to participate in the sharing plan. But they have an option to switch over when production units vote to do so.

The plan provides that Kaiser will accept whatever wage increases and other benefits may be negotiated by the rest of the industry, thus eliminating a major cause of stries. Employes are guaranteed they will be kept on, in some causely without a pay

## Cardinals For First

NEW YORK (AP)-Casey Stengel's New York Mets edged the Chicago Cubs 3-2 Thursday and now are 6-9 on the season for a .400 percent-The Mets, who usually find one day of the week as bad as the one before and no better than the one coming up, used Frank Thomas' run-producing single in the first inning and a two-run sixth inning homer for the first Thursday victory in their twoseason history.
Coupled with Thomas' hitting was the tight seven-hit pitching of Roger Craig and a rare third to irst to shortstop doubleplay that ended the game.

Lou Brock, who scored both Cubs runs, singled with one out n the ninth inning and attempted to go to third base as Charlie Neal threw out Ken Hubbs. A quick throw by first baseman Gil Hodges to Al Moran, the short-stop covering third, nailed the speeding Brock.

Bob Miller, who survived a 1-12 season with the Mets and was is second with a five-hitter in the Dodgers 7-1 triumph over Cincin-nati. The Dodgers have won five moved into a tie with St. Louis for first place in the National League by beating the Cards 8-4, and Houston beat Milwaukee 7-5. Pittsburgh and Philadelphia were not scheduled.

## They Traded to Other Clubs

NEW YORK (NEA) — Bobby
Bragan doesn't have to tell anybody that the Braves are sorely in
need of another right-hand batter with authentic thump and a center fielder who can hit.
It seems incredible, yet the Milwaukee club created its own probems by trading Joe Adcock and Billy Bruton.
The Sudsville entry hasn't been the same since Bruton, the center now, was swapped to Detroit after the 1960 season. Ty Cline gets the ob done defensively for the Braves, but was a .248 hitter with only 28 runs-batted-in in 118 games with Cleveland. Need Adcock

The Braves obtained the second baseman they required. Frank Bolling, when Bruton went to the Tigers, but baseball people are till trying to figure out what the ront office was thinking about in letting Adcock go to Cleveland last winter for relief pitcher Frank
Funk and Don Dillard, a journeyman left-hand hitting outfielder.
Listening to Bragan, the Braves
needed Funk like Las Vegas needs
another slot machine. Before Ing Bobby said he wouldn't trade his pitching staff for any other in the National League, not to mention the American. In addition to Funk, he has fire fighters in the right-handed Claude Raymond, Ron Piche and Jank Fischer and the left handed Denny Lemaster. Milwaukee players testify that Adcock, now batting cleanup for the Indiana, would look mighty nice to them and terrifying to opposing pitchers hitting fifth for the Braves behind the right-hand swinging Henry Aaron and the left-hand hitting Eddie Mathews. baseball's comic relief, but win or lose they have New York talking baseball again. There isn't any question that baseball gab in public places practically ceased when the Glants and Dodgers turned their backs on the 12 million people of the New York met-ropolitan area and hit out for the California gold fields. The Mets are living proof of this. When they swept a double-header and a four-game series with the Braves, the big town The Yankees for years have had their customers surfeited with success to such an extent

that their near perfection be-came rather boring. People talked of the Bombers only when they were in losing streaks or in World Series. New York was without Na-tional League baseball for four years, during which an entire new class of fans grew up. While the Mets played to 922,530 p a i d admissions in their maiden season while winning only 40 and losing 120 games, someone aptly named their followers the New Breed.

Old New York Giant and Brooklyn Dedges buffs come Old New York Giant and Brookiyn Dodger buffs came out of the woodwork to swell the New Breed's numbers. The stumbling Mets outdrew established outfits.

The departure of the Giants and Dodgers left a huge baseball vacuum in the world's most populated metropolitan district, so there was plenty of room for the Mets—any kind of Mets.

Zoo Visitors Shocked by Own Images Seeing themselves behind bars of a cage labeled "The most dangerous animal in the world," is something of a jobt for visitors to the Great Apes House of New York's Bronx Zoo. A mirror, with bars across it, has been mounted on the wall between orangutan and gorilla cages. Zoo officials say it makes adults stop and think as they read the grave message. Children? Well, to them it's more of a novelty. (AP Photofax).
