

Next Budget Shifts Areas Of Spending

By SAM DAWSON
AP Business News Agency
WASHINGTON (AP)—The next federal budget will differ from the current one in the areas of business and consumers and taxpayers is shown in the shifting emphasis in representative appropriations and in executive actions.

The figures President Johnson has submitted for the fiscal year starting July 1 also reveals the actual cash receipts and payments, which run higher than the formal administrative budget given to Congress. Total receipts from the public are expected to rise, and total cash payments to the public to remain steady after some adjustments in transfers between government agencies.

The details of the changes are significant.

Increased spending is scheduled for education, for health, for research and technology. And a big boost will be paid—\$1.1 billion in total—to pay the rising interest on the government's debt.

Sections of the economy scheduled to receive less federal outlays in the next fiscal year are mainly agriculture and industry. Higher employment in the government is expected to cost a bit less.

The government on the other hand is counting on collecting more in individual income taxes and corporation taxes, despite the proposed cut in rates because income and earnings are expected to rise, and also in excise taxes because consumers are expected to buy more of the things thus taxed.

Concert Pianist Browning Made His Debut at Age 10

By HIL ROYLE
NEW YORK (AP)—A boy concert pianist 10 years old today made his debut at age 10 in a concert at the Lincoln Center in New York City. The young pianist, John Browning, 10, a slender and handsome child, who started playing at age 4, made his debut at age 10 in a concert at the Lincoln Center in New York City. The young pianist, John Browning, 10, a slender and handsome child, who started playing at age 4, made his debut at age 10 in a concert at the Lincoln Center in New York City.

Browning, who comes from Denver, Colo., and Los Angeles, became an international musical prodigy at age 4 when he won the gold medal award in Brussels. Since then he has performed with most of the great orchestras here and in Europe.

"He is a highly competitive field," he said. "This seems to be an age of pianists, and I am at present, seems to compete mostly from the United States and Europe."

"Men outnumber women about 10-1. Women either get married or weary of a concert life. It can be rough."

"The chief ordeal in the concert travel."

"Another problem is the shortage of posters at all terminals. I have to carry my own luggage — it weighs about 80 pounds."

"I'll play my own music, the way you, and I'm afraid it could affect my performance."

Congratulations—Robert F. Kennedy for vice president. "Good thinking," wrote an East Hartford man.

A West Hartford widow "proudly volunteered her services as the Hartford headquarters soon to be opened by Pauline, a Stoughton Democrat telephoned offering to "do anything possible to help foster the movement."

Education Grants—HARTFORD (AP)—The state is paying over \$5 million more in per-pupil education grants to towns this school year than last, but the \$60,000 total still below the amount appropriated.

However, grants during the 1963-64 school year will probably use up the rest of the biennial appropriation, a state education department spokesman said yesterday.

The grants this year range from a total of \$15,000 for Hartford to a high of \$2,552,000 for Westford.

Other towns receiving more than \$1 million this year are: Bridgeport, \$2,533,330; Bristol, \$1,005,444; East Hartford, \$1,008,613; Fairfield, \$1,000,000; Groton, \$1,000,000; Meriden, \$1,000,000; Middletown, \$1,000,000; New Britain, \$1,000,000; New Haven, \$1,000,000; Norwich, \$1,000,000; Stamford, \$1,000,000; Waterbury, \$1,000,000; and West Hartford, \$1,000,000.

Fluoridation Hearing—HARTFORD (AP)—The House of the State Capitol will hold a public hearing on the proposed State Health Department legislation that would require all water supplies serving more than 5,000 persons to be fluoridated.

The purpose of adding fluoride to water is to prevent tooth decay.

The usual hot debate over fluoridation was anticipated. The idea has come before the General Assembly, but the legislature has left the decision to the towns themselves.

What prompted the State Health Department to try to take action on a statewide basis was a Superior Court decision in New Haven last year. The judge ruled that New Haven did not have the authority to force its New Haven Water Co. to fluoridate its water because the company served several towns.

The State Health Department would not have the final say, however. In order to go into effect, the proposed regulations must be approved by the legislature's Health Services Committee.

Critics of the proposed regulations, maintaining that it fluoridation is the communal service should be required by action of the General Assembly rather than an administrative department.

Peace Denied By Sukarno

(Continued from Page One)

London is giving British officials a review of his talks in Asia. The attorney general said he hoped the minister's meeting would lead to a summit conference of the principals in the Malaysia dispute.

Prime Minister Tun Abdul Razhan of Malaysia and Philippine President Diosdado Macapagal.

However, some senior diplomats in Jakarta were not optimistic that another summit conference would produce a final solution to the crisis resulting from federation of the former British territories in South East Asia and Sukarno's announced determination to smash it.

Indonesian Foreign Minister Subandrio, appearing at a joint news conference with Kennedy, said the case-fine in the Indonesia guerrilla war in Borneo probably could be implemented within a week if the Indonesian regular army troops would prevent raiders crossing from Indonesian Borneo to Sarawak and Sabah.

There was no immediate comment from the British Embassy in London. Britain is pledged to defend Malaya, and several thousand British and British-Indians troops are in North Borneo. Sukarno, ambitious for Indonesia to be the dominant power in Southeast Asia, contends that Malaysia is a device to preserve British colonial influence.

The Philippines also has opposed Malaysia but only in the diplomatic field and without the threat of violence that came from Jakarta. Philippines opposition is based on that nation's claim to Sabah, the former territory of British North Borneo.

Kennedy said Sukarno, Macapagal and Subandrio all had agreed they were ready for new talks without preconditions. But he said all three also had agreed that Indonesia should not be allowed to use force to take over Malaya.

Andover Rham Students Choose Courses

Course planning sessions will be held at Rham High School between Jan. 23 and Feb. 14 to assist students in choosing their subjects for next year.

During this period each student will study the course offered, test, review, recommendations of teachers and parents, and also review his own previous plans before selecting subjects for the coming year.

The timing of these sessions, just after the mid-year period, is such that it allows several months for individual consulting. Should a change be desired later, the change can be made until June 12.

Students in Grades 8 through 11 will meet with the guidance director in class groups to learn about course requirements, brief descriptions of courses, previous year's four-year plan cards, individual test scores, and tentative selection and recommendation card.

A week later, at a second session, Grades 9, 10, and 11 will make out their actual year plan cards guided by their tentative selection card.

The tentative card should be completely filled out before this meeting, and should be signed by a parent to indicate participation in the planning.

Spaulding said that students who select courses on the reverse side of the card should seek teacher recommendations. The opinion of the teacher should be considered carefully along with present grades, he said.

Poor Indian On Increase

WASHINGTON (AP)—The phrase "vanishing American" is out of date, American Indians are experiencing a population explosion.

But if you say "Lo the poor Indian" you will be right. Most American Indians are beset by numbing, spirit-sapping poverty.

That is why leaders of the National Congress of American Indians cheered at the White House this week when President Johnson promised to pay special attention to Indians in his executive order.

At the congress headquarters, Executive Director Robert Brunette said Wednesday there were 750,000 Indians in the country when the white man arrived.

The number declined to approximately 250,000. But it is now back up to around 600,000. Indians are increasing 20 per cent faster than the national average of 12 per cent.

The 600,000 do not count millions of people who have some Indian blood but have faded into the white population. "It's one," said Brunette, pointing to a picture of Britain's Winston Churchill on the wall. "He is one-eighth Indian and is a card-carrying member of our congress. Pays dues of \$2.50 a year."

President Johnson noted that unemployment among Indians is 49 per cent and that the average Indian dies at 44 compared with a national average of 67.

"What do you eat?" a reporter asked a group of Crow Indians from Montana, who had donned splendid eagle feathers for the interview.

"Food, mostly," said Alex LaForge, who besides the feathers had a beautiful necklace with a cross on it.

Brunette was more detailed. "If it weren't for government surplus food, three-quarters of our people would starve," he said.

"Trouble is, the food runs mainly to corn meal, flour, rice, beans, lard and some cheese. Mostly starchy. A lot of Indians are paunchy but not healthy."

As for education, most Indian children cannot even get clothes to go to college in, let alone money, Brunette said.

"He's proud and doesn't want handouts," Brunette said. "But he should be able to get credit to develop his land, like every other American. Now, much of it is leased out to non-Indians."

Shastri Returns To India Cabinet

NEW DELHI, India (AP)—Lal Bahadur Shastri, former home minister, has returned to the Indian Cabinet, strengthening speculation that he will become acting Prime Minister.

Nehru's political heir. Shastri, 59, was appointed minister without portfolio Wednesday, almost five months after he and five other Congress leaders resigned at the prime minister's request.

Nehru, 74, asked them to give full time to trying to revitalize his Congress party, form by factional fighting after its long years of unchallenged power.

Reliable sources said Shastri, a middle of the road, will replace Nehru as government leader of Parliament and in effect will be deputy prime minister.

Liked by both the Socialist and Conservative factions of the Congress party, Shastri has been the politician most mentioned as Nehru's successor since a slight stroke Jan. 7 forced the prime minister to curtail his activities.

COOL BUSINESS TREND ORLANDO, Fla. (AP)—The ice cube business is better in the winter than the summer, for at least one service station operator here. During the summer he averages selling only about 10 bags of ice cubes daily at his station. In the winter he sells as many as 40 bags daily.

Johnson to Meet Committee Mediating Panama Dispute

WASHINGTON (AP)—An inter-American peace committee, attempting to mediate the U.S.-Panamanian dispute, meets today with President Johnson after getting Panama's latest word on the bitter row.

Miguel Moreno, new Panamanian ambassador to the Organization of American States, met with the committee, an OAS agency, at a closed session.

He reiterated, sources said, that there is no settlement of differences until the United States promises to renegotiate the Panama Canal treaty.

Enrique Tejera Paris of Venezuela, chairman of the peace committee, would not comment on the group's efforts to mediate the row.

He said only that the committee would meet again with Moreno before conferring with Johnson at the White House.

The committee talked with Secretary of State Dean Rusk but gave no inkling of the trend of the discussion, leaving by a private elevator and avoiding newsmen.

Rep. Armistead L. Selden Jr., D-Ill., chairman of a House Inter-American Affairs subcommittee which visited Panama and wrote a report on the situation there last spring, told the House on Wednesday that "irresponsible Panamanian officials and Communist agents were the 'real catalysts' for the rioting."

Selden urged serious exploration of routes outside Panama for a new sea-level canal. He said the "irresponsible leadership" of Panama "will have to answer to their own people for their folly."

But Selden, drawing on the subcommittee's report, also gave "the other side of the coin," telling of the grinding poverty of most Panamanians and the "constant goad" of the prosperous American enclave in the Canal Zone.

TIPSY TRIP BELGRADE (AP)—Bulgaria will just have to learn to leave Dusan Petic's wife alone, it's Petic called police when he found an unknown man snoring on his balcony. Police said the man apparently was a burglar who sampled Petic's wine and dozed off to sleep on the premises.

Singers Heard By Women's Club

A musical program of new and old-time favorites was the featured entertainment of the Tuesday evening of the Professional Women's Club.

The Bulk City Singers, which recently became affiliated with the national SPEZBQSGA, was organized here about a year ago, were enthusiastically received by the women.

Vincent Zito, director, explained to the club members the organization and its purposes. He also mentioned how the chapter was formed through the investigation of Robert Krinjak.

After the program refreshments were served by members of the club.

From Your Neighbor's Kitchen

By DORIS BELDING
A recipe for Schmitz's Lasagne was given to Mrs. Kenneth Morgester of 40 White St. on a visit to the famous old restaurant in New York City, she said. "An appropriate dessert to enjoy with the schmitz is Apple Pancake made with German Pancake Batter."

and pound. Cook in four tablespoons butter until brown on both sides and cooled. Remove cutlets to a plate. Heat stock in pan and pour over cutlets. Cook until thick and slightly thickened.
Best eggs, add chives, salt and pepper. Saute mushrooms, cook over moderate heat three or four minutes. Add egg and chive mixture and continue cooking three or four minutes longer, stirring like you would stir a lasagne. Sprinkle with a little gravy. Garnish platter with asparagus. This recipe serves four.
Apple Pancake
German pancake batter
2 or 3 ripe apples
tablespoon butter
sugar
powdered cinnamon
Wash apples; peel, core and slice thin. Melt enough butter in very large frying pan to coat bottom and sides of pan; pour coating of batter in pan (two or three tablespoons). Tilt pan to spread batter. Let cook about one minute.
Cover pancake with apples. Pour remainder of batter over apples. Turn pancake with wide turner, when browned on both sides, brown other side. Fold over like omelet or roll loosely. Cut in half. Sprinkle with sugar and cinnamon. This recipe serves two.
German Pancake Batter
1 egg
cup flour, sifted
pinch salt
teaspoon sugar
Beat egg slightly; beat in flour and sugar. Add milk. Beat five minutes in all. Batter should be thin and smooth.
Mrs. Morgester is a native of Farmington. She is a graduate of the University of Connecticut. She came to Manchester 14 years ago and is a home-making teacher at Hilling Junior High School. She is a member of the Greater Hartford Home Economics Club.
Her husband is a graduate of the University of Connecticut and is general manager of Ken Morgester Orchestra.

Cooper Winner In Speech Test

"How To Create A \$100,000 A Year" was the title of the winning extemporaneous speech given by Raymond Cooper at a meeting of the Toastmasters Club last night. Cooper, 31, of 141 W. Vernon St., was one of the members who participated in competition for the trophy. William Hollander, district lieutenant governor of the organization, attended the meeting and spoke on future area and district activities of Toastmasters.
During the business portion of the evening, final plans were made for the Speechcraft contest to be conducted by the club at the White House Wednesday, Feb. 3. The course was expanded to include evaluation of student speeches by experienced members. Area businessmen have expressed considerable interest in this educational project and a large turnout is anticipated.

MRA, Powell at Odds On Increased Staff

Democratic director Theodore Powell, meeting last night with the Manchester Redevelopment Agency (MRA) in an effort to speed progress on town renewal, met firm resistance from MRA chairman Everett Keith.

Keith and the other appointed MRA members countered Powell's recommendation that the MRA staff be expanded to handle the downtown project, recently approved by the Federal Urban Renewal Agency, with a working plan of its own.
Under the plan, the town would enter into only limited contracts with consultants Raymond & May Associates, until the results of the November 1964 election are known. If the plan is approved, the MRA staff would be increased to 15, reaching the end of the planning stage—become more clear to the agency and its staff.
No additional staff would be hired, Keith said, until the two projects reach a sufficiently advanced state. The Federal funds would be available to hire the extra staff personnel required.
Keith explained the agency's plan as providing a necessary period of evaluation of the MRA's performance.
"We want to be sure," he said, "that the agency can do the kind of job before we commit ourselves to a million dollar program."
"I think the feeling among the agency members is that we need another two or three months to see how the North End project works out. We don't want to make any grandiose plans before we know how we are capable of performing."
During the three month waiting period, Keith said, the consultants would begin the first phase of these phases that is the downtown project, and the Citizens Advisory Committee (CAC) will conduct meetings with the residents of the area.
"I'm not asking you for grandiose actions," Powell replied. "I'm asking you for the fact that on the first Tuesday in November of 1964 the General Manager read a letter from me asking that the town please get something going in the way of a renewal project for Main St."
"This was more than three years ago, I think that you will achieve a quicker pace than we have."
Democratic director Atty. Richard Woodhouse, sitting in with Dr. Powell, it seems to be a mistake to relate the projects to each other in terms of letting the success or failure of one dictate our action on the other.
"It seems to me the operating staff could be evaluated now, without waiting until the end of the referendum on the North End project, so that if the project fails we can go right into the second."
The financing for the North End project is scheduled for referendum in the spring.
But the MRA members denied that their decision on the success of the referendum on the first.

Rig Works to Unclog Sewer

Special rotor rig and bucket dredging apparatus goes into action on Hollister St. where Monday break in sewer line clogged up approximately 1,000 feet of sewer line. Anthony Mandini, Meriden, operates equipment owned by the New England Pipe Cleaning Co. of Cheshire, as work progresses today. The sewer break, caused from undermining of the main sewer line by water from a water main break, since repaired by the crew from the Manchester Water Co. today was in the process of being replaced by workers of the Jarvis Construction Co. and Eighth District department of public work. Boy Rescued From Culvert

Tragedy was avoided shortly before 3 o'clock yesterday afternoon when Aurelio Malo of 12 Margaret Rd. saved the life of a five-year-old youth who had fallen face-down at the water of a four-foot-deep culvert at Broad and Hilliard Sts.
Scott Anderson, son of Mr. and Mrs. Carl H. Anderson Jr. of 26 Margaret Rd., suffered ill effects from his experience.
Mallo, a machinist at Pratt & Whitney Aircraft in East Hartford, was on his way to work when he saw Scott fall into the culvert.
He rushed two small boys standing at the edge of the culvert, located a few yards away from Floyd's Market on Broad St., and used by the town for drainage, throwing sticks into the water below, Malo told police.
Suddenly, one of the boys disappeared from his sight. Malo said, and he stopped his car, jumped out, and ran to the scene. He saw the youth lying face-down in the water and jumped in, up over his waist in water, and pulled the boy to the side of the culvert.
A passing milk-crook driver, whose unknown, seeing the excitement, ran to the edge of the culvert and helped Malo and

Man Asks Town Pay Car Repairs

A Manchester resident, Donald M. Sisco of 65 Arcadia Dr., has asked the town to reimburse him in the amount of \$28.15, for damages to his car allegedly caused by a hole in the pavement on Jensen St.
He claims that on Jan. 10 the left front wheel of his car dropped into the hole with such force that the muffler and exhaust pipe were damaged.
Attached to his letter of claim was a repairman's bill for the exact amount of the claim.
The original Saint Nicholas was a 14 century bishop of Myra, Asia.

Both Parties Favor Study Of Districts

Republican Town Chairman Atty. John Shea announced last night that he has appointed Francis DellaFera, Town Committee at Whittier Library last night that he has appointed Francis DellaFera, one of the three Republicans on the town board of directors, to serve as his administrative assistant during the month prior to the next town election.
Due to the pressures of his law practice, Atty. Shea said, he will be unable to devote "the tremendous amount of effort required to reorganize the district organizations before the next election."
Some of the organizations are almost defunct, he said.
The Democrats who opposed the study based their arguments on the increased expense which additional districting would necessitate.
They expressed concern lest the Democratic party be labeled as "spenders" in this election year.
Democratic Town Chairman Ted Cummings swung the vote when he assured that the study will take from one to two years to complete.
The Republicans who were appointed to the subcommittee were Roger Shady, Edward Hare and Raymond Cox.
The town's registrars and voters are to be notified in the next few days.
Suggestions have ranged from geographical reorganization to an increase to eight districts.

Sailor Arrested For Driving on Amston Lake

HEBRON (AP)—A 21-year-old ex-sailor was under arrest today for driving a motorboat on Amston Lake.
State Police arrested John Hebron of St. Louis, Mo., last night after residents near the private lake complained that three automobiles were racing on the ice.
The authorities said that the two other autos were gone by the time police arrived at the scene.
Police said he was recently discharged from the Navy at the U.S. Submarine Base in Groton.
If convicted of the charge, Hebron faces a \$200 fine, a maximum jail term or both.
Police said the lake was at least 15 feet deep in places.
VOTE COURT BILL
WASHINGTON (AP)—A bill that would authorize U.S. District Court sessions in New London, Conn., was approved yesterday by the House Judiciary subcommittee.
The measure is sponsored by Rep. William C. Cramer, D-Conn., who noted that the court currently holds sessions in Hartford, New Haven, Bridgeport and Waterbury.

Hebron

Other business aired at last night's meeting included reports on the results of the recent Republican State Convention, the forthcoming Lincoln Day election, the outcome of the GOP advance in November, and the recent activities of the town's board of directors.
Wilbur Little voiced objections to the proposed ordinance that would formally establish the Permanent Memorial Day Committee as a politically appointed organization, and to expense government economy loudly enough.
"If the Republican party is going to start winning elections, we're going to start talking like Republicans," Little said.
Little referred to a published report from Mahoney for economy in the 1964-65 town budget, now being drawn up by the town's board of directors.
"There is no use our believing in economy if we don't tell people we do. We've got to make our money known if we're going to win the election this time," he said.
Atty. Shea said that "There is a question that Mahoney's statements are to make up for the defeat of the Democrats last year, the fall. Whether the Republicans did not know what the people of Manchester wanted."
Discussing the performance of the town's present administration, Atty. Shea said, "Frankly, I don't think the Democrats have done anything to bring about the civic atmosphere that we campaigned against in 1960."
"To take advantage of the Democrats' weaknesses, we're going to have to run good people in the coming campaign. We should all start giving some thought about finding good people to run for office next October."

MONEY THAT TALKS (TWICE!)

These U.S. Savings Bonds are owned jointly by a husband and wife.

The money that bought them says two things:

It says, "Here is a family that wants to do its share in keeping our country strong — wants to help give it the means and the power to speak for and work for the Free World."

It also says, "Here is a family that saves to take care of itself, to provide for its future. Here is a family that contributes to the strength of its country by keeping itself strong and independent."

by keeping itself strong and independent."

Join up with the tens of millions of American families and individuals who are showing the communist part of the world how, right in their own homes and on their own jobs, they are helping to keep their country and the Free World strong.

It's easy. Just sign up for the Payroll Savings Plan where you work, or arrange for a regular monthly Bond purchase at your bank.

And don't feel any less patriotic about it because

you're getting a good return on your investment. Your personal financial strength is part of the strength of the whole nation.

Foggy Weather Blankets Nation

By THE ASSOCIATED PRESS
Wet, cloudy and foggy weather covered broad sections of the nation today but no severe weather was reported.

More snow fell in the plateau region and the Rockies, with one to two inches in a 24-hour period in the central Rockies. The Upper Ohio Valley, the southern part of the Middle Mississippi Valley and the Gulf Coast reported temperatures above normal levels, with readings in the 80s. The 80s covered the west Gulf Coast and central and southern Florida with the 70s in extreme southern Florida.

Record high temperatures for Jan. 2 were reported Wednesday in cities from Kansas to Wisconsin, including 70 in St. Louis, 73 in Wichita, Kan., and 83 in Milwaukee.

State Grid Coaches Gain Prominence

Next year, for the first time in history, a Connecticut High School football coach is expected to take part in the program of the National Association of Football Coaches. The history-making event is scheduled next season, according to Tom Kelley, current president of the Connecticut High School Coaches Association.

The veteran Manchester athletic director and coach headed a long list of state coaches attending the national association meeting in New York a couple of weeks ago.

"We got the idea a while ago," Kelley said the other day, "that high school coaching in Connecticut was as good as anywhere in the country, and it's time our group was represented."

"It was so great that Hall Coach Dave Deacon got off the bench and congratulated the Bristol leader as he left the room with about three minutes remaining. It was by far the best performance of the season."

Cheney let at the end of the first period, 2-0. Trained by only three at the half, 26-23 and went ahead again on a couple of occasions midway in the third session.

But then the press began to take its toll and the visitors moved into the lead, 38-25 at the third quarter end. From there on East Granby kept increasing the lead right to the final buzzer.

Cheney not overladen with talent to start, had his thin ranks depleted even more. Art Brennan joined the Army Tuesday and Co-Captain Andy Picciano, a starting guard, sprained an ankle and did not play.

To make matters worse, Tom Spivey, who grabbed a good share of Cheney's rebounds, fouled out with about six minutes to play.

Pete Wick of the winners paced all scorers with 26 points. Top-placed Moriarty Brothers had little trouble piling up variety statistics, 59-27. Moriarty's team, Manchester Travel Service, 60-51, and in the last game, 60-51. Moriarty's team, Manchester Travel Service, 60-51, and in the last game, 60-51.

Moriarty's wasted little time as they built up early 16-7 lead and went on their way from there. Fran Kravagnine and Jim Moriarty had 15 points and hunting Jim Glennay added 11 more. The Celtics couldn't get up with a single player to reach double figures.

The Celtics usually come out second best in overall comparison and each time representatives of the two groups meet, there is their little extra—call it pride if you will—which makes the Celtics club put up a tough defense that has limited opponents to an average of 47 points per game.

Manchester—will an inexperienced squad compared to most of its opponents—turned in a great effort against another CDC club, Wester, only to lose by a single point. Tonight's effort will have to be equally as good if the Celtics are to come out as well.

In addition to battling the Maroons, they will also be faced with a court with dimensions such that Bulkeley has been termed "unbeatable" at home.

Coach Phil Hayes's club, of course, is out to prove otherwise. They will enjoy a slight advantage, even with Jim Walsh, one of their best rebounders on the sidelines.

Walsh suffered a re-dislocated shoulder last week against Hail and is out for the season. His place will be taken again by Duke Hutchinson. The other four starters are expected to remain as before—Co-Captain Paul Quamianick, Carl Hornbush, Bob Brown and Bob Deacon.

Manchester's biggest problem is the ball over the half-court line against a promising 4-2 line-up. Should they encounter similar difficulties tonight, Randy Smith is available to help out. One of the Tribe's ball-handlers, he was sidelined by a fractured arm until a couple of weeks ago.

Cheney Drops Ninth Contest in 10 Starts

East Granby Posts 61-42 Victory Here

For a time yesterday it appeared Cheney Tech was about to break out of its losing streak and turn in its second win of the season—but it wasn't to be! East Granby, visiting the Rangers' gym, put on a late spurt and won the decision, 61-42.

It was the ninth loss for the Green and White who have only one victory this year. Visitors from East Granby kept increasing the lead right to the final buzzer.

Celts Suffer Worst Loss Of Campaign

BALTIMORE (AP)—The Philadelphia 76ers, who have been having trouble of late because of a suspension of their star player, Wilt Chamberlain, lost to the Baltimore Bullets in a 101-90 rout.

Coach Dolph Schayes was involved in disputes with two of his players Wednesday night as the Philadelphia dropped a 124-116 rout to the Baltimore Bullets for their fifth loss in a row.

In other action, Cincinnati handed Boston its worst defeat of the season 109-92 and Los Angeles whipped Detroit, 110-101.

Cheney Dave Gamba was removed from the Philadelphia-Baltimore game as the second quarter was under way. Gamba was charged with a technical foul for not returning until the contest resumed.

Hornung Busy in Business World, Anxious to Play Football Again

LOUISVILLE, Ky. (AP)—Although other business interests have kept him active, Paul Hornung said today, "I've missed football very much."

Waiting a review of his NFL Football League suspension, Hornung said he hopes to return to the game as soon as possible.

Hornung said he has been busy in the business world since he was suspended from the NFL last season.

Rockville Quintet Defeats Stafford

Trailing by two at the half, Rockville High outscored Stafford, 41 to 20 in the last two periods to come home with a 74-53 victory in last night's non-league basketball game at Stafford. The win was the ninth in 11 starts for Rockville and left the Rangers with a 1-10 record, including two more wins to qualify for the Class C-CIAC tournament.

Ski Notes

With Dave Klecak and Mark Peterson making the way, Stafford opened a 22-18 lead at the end of the first quarter and still hung onto a 35-33 margin at the half.

Rockville's defense tightened and the offense picked up an 18-7 scoring edge in the third session, giving them a 53-42 advantage. They kept hitting in the fourth quarter until they were out of the game.

All four front men in the Ram team defense, flipped by 27 points in (and the team's) top one-game total of the season. Jim Martello added 18 more. Rock (15), DeToro (13) and Mike Muto (11) topped Stafford.

Rockville connected on 16 of 30 free throws while Stafford could make but 13 of 37 free.

Summary: Rockville (74) vs Stafford (53).
Rockville: Martello 18, DeToro 15, Muto 11, Peterson 10, Klecak 8, Peterson 6, Peterson 4, Peterson 3, Peterson 2, Peterson 1.

Malin Sidelined, Kinel Doubtful

With one of the season's toughest games on tap tomorrow, East Catholic High Coach Dan Brown revealed today his club will be without the services of Captain Tom Malin and possibly his second star, Frank Kinel.

Malin suffered a heel injury Jan. 7 against Peasey and has made a couple of attempts at a comeback only to suffer from leg infection and if he plays, Brown said, it will probably be on a limited basis.

Reeling Celtics Oppose St. Louis

PROVIDENCE, R. I. (AP)—The still-reeling Boston Celtics take on the St. Louis Hawks on the "neutral" court of the Rhode Island auditorium tonight, with their NBA Eastern Division lead sliced to two and one-half.

The Royals handed Boston its worst defeat of the season in Cincinnati last night, gaining a 5-4 series edge on the Celtics on the basis of a 109-92 decision. Oscar Robertson paced the Royals with 38 points. John Havlicek led the Boston club with 29.

NEW YORK (AP)—Beilev it or not, volleyball is the most popular winter sport in the United States, according to a survey of the fastest growing.

Duckpin bowling and roller skating also are shown remarkable growth in the past year. Cycling rates second on the participant list and there are nearly three times as many pool shooters as golfers.

The figures to support these statements come from the Athletic Institute, an organization supported by sports goods manufacturers and athletic stores, accepted the figures of associations, magazines and companies active in the various sports.

Mad River Club reported conditions as excellent after a new five-inch cover, and Big Brown, with three inches of snow, so had excellent running.

Other Vermont slopes reporting good conditions were Dutch Burroughs Hill, Killington and Mt. Mansfield. Killington had an upper trails as excellent and lower trails good.

Baylor Overcame Knee Handicap To Star Once Again for Lakers

LOS ANGELES, Calif. (NEA)—A year ago in Detroit, Elgin Baylor of the Los Angeles Lakers was running down a basketball court as he does a couple of hundred miles a minute when his right knee was injured by a sharp stab of pain and brought him to a hobbling halt.

Elgin limped for three weeks, which would be fine if he were a professional football player. But he is a basketball player and he has to play.

DAMAGE SLIGHT. HARTFORD (AP)—Accumulated grease caught fire in a duct over a grill at the Hofbrau Restaurant yesterday and quickly shot upward through the seven-story tube. Although smoke seeped into corridors and rooms of the Hotel, which occupies most of the space in the Aylwin St. structure, residents were not required to leave. Heavy smoke poured out of the duct at the roof "but the actual damage was slight," said Fire Chief Thomas F. Lee.
