

Fire in Meriden Destroys Three Industry Buildings

MERIDEN (AP) — Fire authorities were looking for the cause and owners were totaling their losses today in a fire that swept through an industrial block, destroying three buildings. Meriden firemen, supported by fire fighters from 11 communities, battled the blaze as it aged out of control for over two hours. Flames shot high, attracting Sunday afternoon spectators to the block between Elm and High Sts. in the center of the city. The three buildings that were destroyed housed the Royal Park Silver Co.; the Esbec Finishing Division Plant; the Connecticut Telephone and Electric Corp.; and C. N. Flagg and Co., Inc., plumbing and heating contractors. Firemen were able to save an adjoining building owned by Connecticut Telephone and Electric Corp., manufacturers of inter-communication systems; the nearby municipal garage; and a building that houses the Towle Manufacturing Co. The fire was believed to have started in silver cans in a 200-foot, one-story building. Flames jumped to a two-story building that housed the Esbec firm and then to another two-story building that housed the

Flagg firm and the Connecticut Telephone and Electric Corp. A spokesman for the Flagg firm said losses would be well over \$100,000. Joseph J. LaPorte, manager of the Esbec Barrel Finishing Corp., which has headquarters in Stamford, said about \$25,000 worth of equipment was destroyed at the finishing division plant. The firm is known as a tumbling job shop. Its equipment takes rough edges off metal products. The silver company had gone into voluntary bankruptcy and was scheduled to be auctioned tomorrow. Silver plating machines and stock were destroyed. Fires caused damage in two other cities yesterday. In Hartford, a large, old structure in Colt's Park burned down last night, and a large supply of city-owned sports equipment was destroyed. The two-and-a-half story building has served as a warming house for ice skaters, a dance pavilion and storage building in its time. In Bridgeport, a three-story apartment building was damaged by fire yesterday. Fire officials said the fire left the six-family building uninhabitable. No one was reported hurt.

Events In State Wade-in Planned At Lake

NEW HAVEN (AP) — A New Haven Negro minister said today he is planning a "wade-in" at Andover Lake in late May or June to force what he calls a segregation issue. The Rev. William M. Philpot, minister of Community Baptist Church, has owned property at the lake for some eight years, but his three efforts to join a property owners association have been rejected. He said he has been denied privileges due a property owner at the lake, which is located about half way between Manchester and Willimantic. Said the minister: "I look forward to using the lake without interference this summer. I plan to force the issue by confronting the Andover Lake Property Owners Association in a direct way." The organization is a private corporation. The minister said he expects to meet with his attorney to iron out details of the "wade-in," and probably base any future legal action on the reception he gets at the lake. The Rev. Mr. Philpot and Mrs. George Ritter of Hartford say that the association's refusal to give the minister membership is illegal. Meanwhile, the Friends of the Andover Committee on Equality (FACE), a citizens' group helping to raise funds for a test case, said it had received \$1,500 in contributions. A spokesman for FACE also said it needed \$1,500 more to meet its goal of \$3,000 to be used to finance the minister's legal battle against the lake association.

Crashes Kill Eight in State On Weekend

By The Associated Press Eight persons died in traffic accidents, a young man was drowned and another was crushed to death over the weekend in Connecticut. The state's 1964 highway death toll jumped to 87. Last year at the same time 93 persons had died on the highways. One of the highway accidents, in Ellington, took three lives and one in Stonington killed two persons. The drowning victim, Alvin Hummel, 23, of Rocky Hill, fell off a homemade raft into a pond near his home Sunday. Two of his cousins, 10 and 12, were with him on the raft and tried to save him. Firemen formed a human chain from the shore 50 feet out into the water to recover the body. The victims of Friday night's triple fatality auto accident on Rt. 140 in Ellington were Donald A. Benick, 24, of South Windsor, and John Cantello, 72, and his wife, Ida, 70, of Stafford Springs. Killed in the Stonington accident on Rt. 96 Saturday were Leonard F. Manchester, 56, of

Village, Pass, Scenes Of Cyprus Showdown

NICOSIA, Cyprus (AP) — A when the attack opened Saturday, cannot lose much more ground without surrendering control of the pass. Greek Cypriots today said U.N. officials sought to remove the village's 800 Turkish Cypriots. New fighting flared this morning in the mixed Greek-Turkish village 30 miles south of Nicosia. U.N. troops tried to set up a cease-fire and arrange for immediate removal of 150 women and children who had taken shelter in a Turkish schoolhouse. "Both sides will probably have each other then," said one U.N. officer. A U.N. spokesman said 80 Greek Cypriot police had entered the village while another 30 were poised on the outskirts. A showdown also appeared to be shaping up for control of strategic Kyrenia Pass, where Greek Cypriot forces pinned down Turkish defenders dug in around medieval St. Hilarion Castle. Greek Cypriots felt out Turkish positions with mortar, machine gun and rifle fire. They denied, however, that they were trying to hit the castle, which the Turkish Cypriots use as their stronghold in controlling the pass along the Kyrenia-Nicosia road. The Turks, caught by surprise

March 4 in Chattanooga, Tenn., Hoffa, president of the Teamsters Union, was called to trial on criminal charges today for the third time since taking over leadership of the nation's largest union. Hoffa has appealed the conviction and is free on \$75,000 bond. The present trial revolves around a 28-count indictment returned last year against the 51-year-old labor leader and seven others. Conviction on all counts could result in penalties totaling 140 years imprisonment and \$37,000 in fines for each of the accused men. The indictments accuse the eight defendants of diverting more than \$1 million for their personal benefit while fraudulently arranging loans totaling

Sheriff Says Ruby Butted Wall of Cell

DALLAS, Tex. (AP) — Jack Ruby, a lump on his almost bald head from colliding with a cell wall, appears in court today as defense lawyers seek his admittance to a hospital for more mental tests. Sheriff Bill Decker said the condemned slayer of accused presidential assassin Lee Harvey Oswald charged head-first against his Dallas County jail cell wall early Sunday in a "deliberate act." Ruby's lawyers asked a few days ago that Judge Joe E. Brown order him placed in a hospital. The former night club operator pleaded insanity in his March trial, but was sentenced to death. The sheriff said Ruby bashed his head about 1 a.m. Sunday when a jailer turned to get some ice water after the two had played cards. The jailer restrained Ruby, who remained conscious. The county health officer, Dr. J.M. Pickard, said Ruby suffered a knot and a scratch. Under heavy guard, Ruby was sped to a hospital for skull X-rays which a hospital attendant said confirmed the injury was minor. Decker said Ruby attempted to rip his clothing when he was returned to his cell. The few jail furnishings were then re-jail furnishings were then re-

Aid to Viet Nam Tops \$3 Billion

WASHINGTON (AP) — Cumulative U.S. aid to South Vietnam has topped \$3 billion in a program now markedly different from any other U.S. aid effort around the world. The difference stems from its close link with the campaign to stamp out Communist guerrillas. It shows up in way such as: 1. Slide Blocks River Above Fabled City

MOSCOW (AP) — Soviet engineers have begun blasting in an attempt to drain off flood waters threatening the fabled Mongol capital of Samarkand and villages along the Zeravshan River blocked by a huge landslide. The Communist party newspaper Pravda said engineers sent to the edge of the Pamir Mountains in Southwest Asia Sunday night began blasting a canal through the slide, which was said to be as high as an 80-story building and 2,000 feet wide. Pravda said 625 million cubic feet of water have built up behind the slide, which on Friday formed a huge natural dam. It said the water level behind the dam rose more than 100 feet in 50 hours. The landslide dropped into the Zeravshan at a point where the river flows through a gorge. Engineers are blasting a canal 985 feet long to drain the backed up waters into the river bed below the dam formed by the landslide. Otherwise, it was feared the pent up waters would sweep away the dam and unleash a torrent on villages along the river and on Samarkand, an ancient city of blue-tiled mosques and new industries. The area is 1,700 miles southeast of Moscow, near the juncture of the Soviet Union, Red China and Afghanistan. Official reports Sunday said there had been no casualties so far. Pravda today made no mention of any. Pravda said the landslide occurred Friday when the Darnvors Mountain "cracked as a result of earth tremors" and was "cut in two by water." The huge mass of earth and rock fell into the river, swollen by a month of heavy rains, and the slide formed a natural dam. A lake is forming 100 miles

Episcopal Priest Bars Couple for Defending Dance

IONIA, Mich. (AP) — An Ionia couple was excommunicated Sunday after charging their Episcopal priest with harboring "archaic beliefs and moral knowledge" in his criticism of a dance in a high school production of the musical "Damn Yankees." Mr. and Mrs. Robert Clore were stripped of their membership in the Ionia Episcopal church by the Rev. Raymond Bierlein, who said he acted because of a letter written by the Clores published Friday in the Ionia Daily Sentinel-Standard. "We can no longer restrain our feelings concerning the objections voiced by our rector to the dancing in the current high school musical play," the letter said in part. "We know we are speaking for a great many of our congregation when we are not in accord

Woman Murdered

HARTFORD (AP) — A woman with bloody clothing wrapped around her head, and her hands and feet bound with stockings, was found dead in her bed today in her apartment at 169 Westland St. Police identified her as Mrs. Ida Kantowitz. They said the motive for her death was robbery. Capt. Thomas J. Kerrigan, head of the Hartford Detective Division, said there is "nothing here like the sexual attack on Lawrence Street" two weeks ago, when a 37-year-old housewife was raped and murdered in an alley while walking home from work. Kerrigan said the cause of Mrs. Kantowitz' death had not been determined. He said an autopsy will be performed. Kantowitz said the body was found by a tenant who noticed that the door of Mrs. Kantowitz' apartment was partly open.

Bell Sentenced

NASHVILLE, Tenn. (AP) — Henry F. Bell, vice president of the International Longshoremen's Association, was sentenced today to five years in prison and fined \$5,000 on a jury-tampering charge. U.S. Dist. Judge Frank Gray Jr., who handed out the maximum penalty, overruled a motion for a new trial. Defense attorneys said they plan to appeal. Bell was convicted April 8 of offering \$30,000 to bribe two jurors in the 1962 conspiracy trial of James B. Hoffa, Teamsters Union president. He was the sixth person, including Hoffa, to be convicted of attempted jury tampering in that trial, which ended in failure of the jury to reach a verdict. That case is still pending.

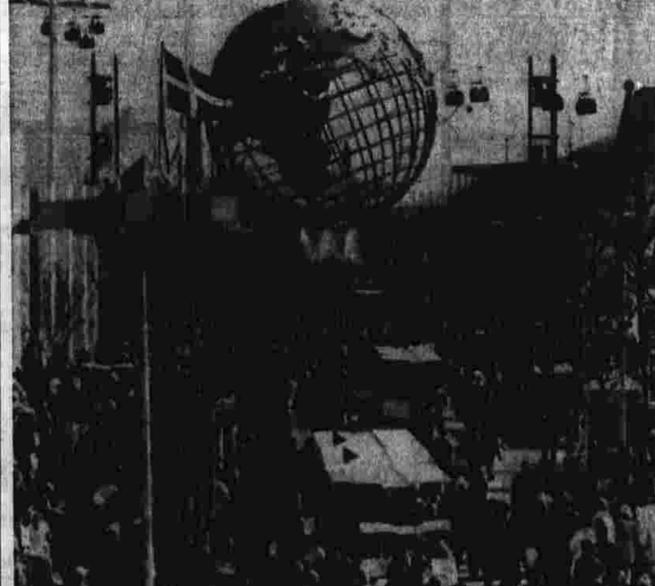

Workman Crushed

WATERTOWN (AP) — A workman was crushed to death today by a 10-wheel dump truck that backed over him on Buckingham St. Police identified the victim tentatively as Agostino Simoes of Naugatuck. Simoes was the driver of the truck that was employed by Innes Brothers Construction Co. of Thomaston, which is reconstructing the street into a state highway.

Weekend Sunny, Placid, Crowded at Fair

More than 200,000 persons attended New York World's Fair yesterday under sunny skies. This crowd, with Unisphere in background, was typical of the weekend throng. (AP Photofax.)

By DARDEN CHAMBLISS NEW YORK (AP) — New York's 1964-65 World's Fair had a placid, sunny weekend that contrasted with the wet confusion of Wednesday's opening. Religious services attracted heavy turnouts Sunday morning. Afternoon crowds were thickest in the transportation area where the free programs of General Motors and Ford were star attractions. Sunday attendance of 200,212 — counted up to 1 a.m. today — made a total of 765,908 for the fair's first five days. The weather was clear and cool. There were few signs of traffic difficulties or congestion. There was one mishap about dinner time Sunday. One of the cart-trains used for carrying fair visitors struck an arch, causing minor injuries to seven persons. Princess Christina of Sweden visited the Swedish Pavilion, accepting flowers and touring the exhibits. Today is Swedish Day at the fair. Lines were long at most of the main exhibits during the weekend. Some exhibitors posted signs telling how long a wait was in store. A sign at the U.S. Rubber feria wheel said "from this point, there is a one hour wait. The line continued to grow. Sunday worship programs in

By FRANK CAREY Associated Press Science Writer WASHINGTON (AP) — The Navy, an old hand at spotting seagull derelicts, is planning to launch a rocket this summer to hunt for wreckage of a star that exploded in the year 1054 A.D. This was reported today by a Naval Research Laboratory astronomer who said that the novel experiment is designed to prove or disprove a theory that mysterious, celestial X-rays, discovered last summer by another rocket flight, are generated "neutron stars." These are believed to be the ultimate remnants of supernovae, or exploding stars. Dr. Herbert Friedman, in a report prepared for the 101st annual meeting of the National Academy of Sciences, said the oddball X-rays — so soft that they couldn't penetrate a piece of paper — were discovered coming from the general vicinity of the constellation Scorpius and the Crab Nebula, in widely separated sectors of the Milky Way. He said Navy scientists believe the X-rays may be the

starling, invisible fingerprints of tiny but extremely hot and heavy stars made up entirely of neutrons — stars that are the final collapsed wreckage of giant stars that exploded about 1,000 to 2,000 years ago. It is believed that the "neutron stars" may have only a diameter of 10 miles, yet pack a billion tons of matter per cubic inch of area, and burn with temperatures exceeding 1 billion degrees. Exploding stars which could have left such heavenly wreckage are known to have occurred in the ballistics of both Scorpius and the Crab Nebula. Scorpius entertained such fireworks in the year 134 B.C., and in the year 438 A.D., 891 A.D. and 1564 A.D. The gaseous Crab Nebula itself is a major remnant of supernova that thrilled Chinese and Japanese astronomers in the year 1054 A.D. This summer's rocket experiment is specifically designed to determine if there is neutron star wreckage in the vicinity of the Crab Nebula. He said Navy scientists believe the X-rays may be the

would be that the Formosa would do something quite as disconcerting by choosing to be themselves by themselves, ruling themselves without benefit of the benevolent "planning" dictatorship of Chiang Kai-shek.

The Formosa might choose not to be either kind of China, that of the Communists or that of Chiang Kai-shek. They might choose to be Formosa.

The suggestion that the democratic principle of self-determination be applied to the problem of Formosa has been given its first public suggestion by Premier Georges Pompidou of the de Gaulle government. He described the present status of the island as "abnormal." He noted that France did not attend the Cairo Conference of 1943, at which Churchill and Roosevelt announced the prospective gift of Formosa, then Japanese, to China. He noted that under the formal peace treaty with Japan, which was detached from Japan, but it was not attached to anyone.

Therefore, Premier Pompidou concluded his public reasoning, the long-term status of Formosa is a question which is a question which must be decided one of these days, taking the wishes of the Formosa population into consideration.

Perhaps the long range possibility in the minds of the French and Communist China might some day pay lip service to the principle of democracy and free choice to agree to accept the verdict of a plebiscite and to get of its own bombastic obligation to "reclaim" its lost territory.

And it might be easier to get Communist China to take that way out of its own bombastic dead end than to get the United States to honor and accept the democratic, Wilsonian solution which might release us from our commitment to Chiang Kai-shek.

But then, who knows, there may be some concurrent ending of myth—our myth that Chiang Kai-shek is China, Peiping's myth that it is ever going to take Formosa by force, Chiang Kai-shek's myth that he is China, and de Gaulle's myth that he is a combination of Joan of Arc, Charlemagne, and Napoleon.

It is not possible for all of us to have such a broad perspective. It is hard to interpret some of the headlines that alarm us.

But Max Frankel, diplomatic correspondent of the New York Times, conferred upon his readers the other day the benefit of his interpretive powers, and did us the favor of translating the latest series of headlines about the future of U-2 flying over Cuba.

All that may have seemed to be threatening to us was, it seems, a situation in which the nations involved found themselves "forced to say things that distort rather than explain what they mean."

"Washington, Moscow and Havana are now caught in this trap. They are making menacing headlines as they vow to exert their rights against each other. Their real concerns and intentions are obscured and their actual messages are left to be inferred."

Correspondent Frankel then proceeded to translate some of it:

"The United States has publicly claimed a legal right to fly reconnaissance missions through Cuban airspace. All it meant to do was to tell the Russians as they move their troops out of Cuba to make sure that the Cubans do not suddenly decide to shoot the planes down."

"What about Castro's threat to report our planes down?"

"Premier Fidel Castro has publicly claimed a legal right to shoot the planes down with missiles he is about to inherit from Soviet forces. The belief here is that all he meant to do was to reassert his independence of Moscow's restraints. Dr. Castro has been more than careful in recent years to avoid any incident that would give Washington an excuse for engaging his military."

"And Russia's threat to back up Castro?"

"The evidence has been that Soviet missile crews in Cuba have themselves long acquiesced in the American overflights. Moscow has protested against them only when forced to do so by Washington's public reports of the overflights."

"And the master explanation for all this?"

"Imprecise language is, of course, the foremost tool of diplomacy. It was cleverly applied by the same three governments to end the missile crisis in October 1962. The ambiguity of those arrangements has produced the new quarrel only because Washington has the clarity to exploit in reminding Moscow and Havana of its interpretation of the missile-crisis truce."

"So, if we can manage such sophisticated optimism, we are not to get into too hot a worry about the U-2 flights over Cuba, for all the hot headlines talk really hasn't meant that anybody plans any departure from what has been going on and what has been accepted in the past."

Even Correspondent Frankel, however, admits that such a system of life by imprecise bluster "leaves serious miscalculation and madness, so there is always caution."

Translating Some Headlines

A Bow To Them, Too

Two scientific discoveries hit the news on the same day recently, and it is hard to tell which thrilled us the more. One was a discovery of something man has never known before. The other was a discovery of how much man knew 4,000 years ago.

Somewhat, it seems more striking and exciting to find out how smart some of our ancestors were.

According to Prof. Alexander Thom, an engineering scientist over at Oxford, the ancient Britons of Britain, building their massive stone temples 4,000 years ago, obviously followed exactly and accurately rules and formulas which could have been derived only from an ability to do advanced forms of geometry.

If they couldn't do Pythagoras's theorem, says Professor Thom, they at least built accurately as if they knew the laws it contained and the problems it could solve for them.

That, we suppose, the people we imagine as living in skins, uncouth, illiterate, barbarian. So it is strange to be asked to believe that perhaps they had heads almost as good as ours, perhaps knew almost as much as we do.

We are pretty sure we know more than they did, bright as they were for their time and stage. One of the things we ourselves have just found out through the reports of a paddle-wheel satellite we have had churning its way in a very looped orbit up in space since last Nov. 26, is that there is a new way applied by the same three governments to end the missile crisis in October 1962. The ambiguity of those arrangements has produced the new quarrel only because Washington has the clarity to exploit in reminding Moscow and Havana of its interpretation of the missile-crisis truce.

So, if we can manage such sophisticated optimism, we are not to get into too hot a worry about the U-2 flights over Cuba, for all the hot headlines talk really hasn't meant that anybody plans any departure from what has been going on and what has been accepted in the past.

Pompidou In Our Hair

When the France of President de Gaulle makes its moves on the diplomatic chessboard nowadays, one begins to ask whether it is pursuing some more of de Gaulle's renowned historic common sense, or merely seeking to tweak Washington's nose. There have been some reports, for instance, that Paris has been deciding some minor international issues by the simple procedure of finding out what side we're on, and then taking the opposite side.

Whether or not that may be its main intent, the latest French move—an almost casual suggestion that the principle of self-determination be applied to the future of the island of Formosa in Washington where its logic is little short.

Washington's fear would not be that the people of Formosa, if allowed to vote out that this is what is happening, it should not happen. The sooner the rule is enforced, the better it will be for the Senate—CONGRESSIONAL RECORD.

Inside Report

By Rowland Evans Jr. Robert D. Novak

WASHINGTON—Contrary to all the gloomy speculation about the civil rights filibuster in the Senate, the battle is going far better for President Johnson today than seemed possible when it started.

The reason for his unusually optimistic forecast won't be found in the Senate debate. It lies in the elaborate and unprecedented system of check and cross-check between Senate and House Republicans that now controls the principal actors in the Congressional drama.

For example, consider the well-publicized move of Sen. Everett M. Dirksen of Illinois, the Republican leader, to water down the House Judiciary Committee, appealed to McCulloch and Rep. Charles Halleck, the Republican leader, for help. In 1961, Dirksen was the Republican leader, for help. In 1961, Dirksen was the Republican leader, for help. In 1961, Dirksen was the Republican leader, for help.

A Thought for Today

Sponsored by the Manchester Council of Churches

"O Lord, open thou my lips, and my mouth shall show forth thy praise." This thing we say so often in church is from a song said to have been written by King David. Israel's great commander, who began as a court minstrel under King Saul, David sang at the top of his voice while King Saul tried to nail him to the wall with a spear.

I often wonder why our church congregations don't sing with more heart. Can it be because we need something more to sing about, or perhaps something to sing against, like David?

Trial of Hoffa Under Way

(Continued from Page One)

\$20 million from the Central States, Southeast and Southwest Area Pension Fund, of which Hoffa was president. The fund has its headquarters in Chicago.

The fund was set up in 1960 and collects payments from employers for the benefit of more than 177,000 Teamsters in 26 states. Administered by eight trustees representing employers and eight representing Hoffa.

Hoffa was the only trustee to approve loans sought by his seven codefendants for themselves and others.

The indictment specifically accuses the eight defendants of 20 counts of mail fraud, seven counts of wire fraud and one count of conspiracy to defraud the Central States Pension Fund.

Hoffa, who succeeded Dave Beck as Teamsters president in 1963, has stood trial on criminal charges six times since 1957.

The indictments before Hoffa as Teamsters president in 1963, has stood trial on criminal charges six times since 1957.

Mothers Club Will Direct Five-Week Swim Program

The Mothers Club will direct the local five-week swimming program from June 22 to July 24 sponsored by the Coventry Recreation Committee. This will be the sixth year the club will be handling the program at the two town beaches.

In the past years about 150 children and a number of adults have enrolled each year for the instruction. Club officials reported.

The classes will be held at the Sandy Shore Beach, located off Lake St. and Clearwater Beach, located off the Lake Memorial Park on Rt. 31.

Registrations will be held at 8 p.m. Saturday at the Nathan Hale Community Center on Rt. 31 and again at 8 p.m. June 8 at the Church Community House on Rt. 44A.

Mrs. Paul Haddad will lead the committee for the Mothers Club. Assisting will be Mrs. Dudley Ferguson, Mrs. Edward Neumann, Mrs. Dayton H. Whipple III and Mrs. Kenneth LeMire.

All the regular classes will be conducted from 8 a.m. to 10 a.m. through Senior Life Saving. Those who have passed their Swimming Group test and are eligible for Junior Life Saving Class are urged to register for a special class to be conducted provided there is sufficient enrollment in the program.

Meetings

The Second Congregational Church deacons and decesses will meet at 8 p.m. Friday at the home of Mrs. Wilfred E. Hill on River St.

The First Congregational Church of Christian Education will meet at 8 p.m. Friday at Kingsbury House.

The Coventry Recreation Committee has passed a resolution prohibiting the playing of golf in the Plains Athletic Field on Rt. 31 and Plains Rd.

Prohibited also will be the use of golf carts and motor vehicles on the grounds of this field.

Baseball Clinic Saturday

The final of four clinics for the program of the Coventry Boys Baseball Association, Inc. will be held at 1 p.m. Saturday at the Plains Athletic Field for the pitchers, catchers and managers of the 12 teams established for the coming season.

The local baseball program will open May 10. Tag Day on a house-to-house canvass is set for May 9 with Edward Neumann Sr. of the board of directors in charge.

Breakfast

Mrs. Dudley Ferguson has given a coffee party at her home on High St. attended by six members of the Windham Community Memorial Hospital. Women's Auxiliary is sponsoring the party.

Mrs. Thomas W. Graham Sr. and Mrs. T. Leo Flaherty, assisted by Mrs. Floyd Magoon entertained 29 women during a coffee program at the Graham home on Main St. for the same hospital benefit.

The second of an eight-week course on first aid will be held at 7 p.m. Wednesday at the South Coventry Firehouse. In charge will be Red Cross supervisors Hans Hansen and Frederick C. Bissell.

Navy Rocket Set To Hunt Star Ray

(Continued from Page One)

On July 7, the moon will be positioned in such a way as to occult or block out the nebula from direct view from the earth for about five minutes.

An especially instrumented Aerobee sounding rocket will be shot aloft from White Sands, N.M., just before the occultation begins.

The X-rays suddenly stop when the block out occurs, scientists will know that the rays have been coming from the nebula that is, from a neutron star.

NEVER TOO LATE

ELLIOTT R. ROBERTO Ricciardelli, who was wounded during the Spanish-American War, has finally received the Purple Heart—66 years later.

The medal was being given back in 1968 when Ricciardelli was wounded while serving on cruiser USS Baltimore during the battle of Manila, Nov. 8, the veteran who also served in World War I. He died in 1934.

Cologne, Germany—A Judic Institute will be established at the University of Cologne. The university rector, Prof. Theodor Schieder, said it will be named after Jewish philosopher Martin Buber.

Cyprus Warfare Rages in Village

(Continued from Page One)

Turkish Cypriots stormed the car of the U.S. peace commander, Indian Lt. Gen. Prem Singh Yyani, Sunday, charging that he favored the Greek side. Singh was unhurt.

The Turks blocked Yyani's car as he tried to leave Nicosia, Turkish Cypriot quarter after conferring with Dr. Fazil Kucuk, Turkish Cypriot vice president.

An Gyi drove off a white-haired Turk, shook his fists and yelled, "Next time he comes back here, it will be death."

Thousands of Turkish women staged a demonstration demanding Yvani's withdrawal and shooting anti-U.N. slogans.

U.N. mediator Sakari Tuomi, head of Finland's Red Cross, had reiterated his demand for self-determination for the Greek Cypriots.

where the 4 to 1 ratio between the Greek and Turkish Cypriots insured a pro-Greek majority in any self-determination vote.

Crashes Kill Eight in State On Weekend

(Continued from Page One)

Devo and Mrs. Horace Gardner of Brainin, Mass., were killed Saturday night in Naugatuck when a dump truck ran over them. The truck was driven by a driver who was apparently intoxicated.

Crushed between the cab and the body of a dump truck Saturday night in Naugatuck was Henry M. Poyas, 45, of Naugatuck. He was killed when the truck ran over him.

Others who died in auto accidents were:

Robert Pakutka, 15, of New Britain, killed Saturday night when the car he was riding in hit a utility pole in New Britain.

Mrs. Hilde Holt, 83, of Norwich, killed Saturday night in a head-on collision with a car in Norwich. She died Saturday.

Paul I. Wood, 25, of East Haven, injured fatally in a two-car crash Saturday night in East Haven. He died shortly after the accident in Grace-New Haven Hospital.

Rockville-Vernon District Aides Silent On Cost of Powers

Taxation without explanation appears to be the keynote in the view of some to a special Fire District meeting to be held tomorrow night.

Fire District commissioners have indicated that although they expect to give them the power, they will not be prepared to discuss the cost of the power.

Sought is authority to construct a sewerage system, street lighting and assume full responsibility of a police department.

Commissioners are ready to justify the needs of the service but will not, however, talk about the money needed for the service.

Money matters should be discussed at the district's annual budget meeting scheduled for June, commissioners say.

Opponents of the new service have argued that the new service will cause the tax rate to rise. Present district rate is three mills, but even without the new power, the rate is projected to rise, possibly double for the coming fiscal year.

Among the arguments presented by proponents of the new power are that district commissioners are not authorized to raise money for the district. The town's financial officer, Chief Edmund F. Dwyer, said that although the department is paid for by the town, it is not a part of the town's budget. Without having a direct voice in the department, district commissioners agree that the constabulary is highly cooperative, but they feel that if the district finances the operation, the district should supervise it.

If authority to obtain street lights is voted, commissioners indicate that lighting would be provided only on "dangerous" intersections. However, they are noncommittal regarding how many lights are desired, where they would be placed or how much they would cost.

Rockville-Vernon District Meeting Tomorrow On Home Rule Acts Power

A special meeting of the Rockville-Vernon Fire District will be held tomorrow at 8 p.m. at the Yarn Elementary School. All voters living in Rockville, Vernon, or East Haven are eligible to participate.

The call of the meeting asks voters to give Fire District Commissioners the powers listed on the Home Rule Acts, including the construction and maintenance of sewers; the power to obtain street lights and the assumption of a police department.

The new powers would be in addition to those phases of authority already proposed by the district, including continuation of a fire department, planning and zoning, and maintaining and regulating streets.

Other powers listed include collection and disposal of garbage and rubbish; and the authority to issue licenses for the use of the district.

Derby Success

A victory for the Rockville-Vernon Fire District Recreation Commission for children 45 years old and younger was a dramatic success. About 100 district and city youngsters participated.

Prizes were awarded to children in varying age groups for the largest or most fish caught. First prize went to Robert Tom, 13, grand prize; David Lucia, 12; Gall Popick, 14; Michele Mery, 11; Thomas Leter, 11; David Butler, 9; Billy Tomlinson, 8; Valerie Spitzer, 8; David Geller, 8; and Lisa Kerr, 8.

District officials announced Saturday that a women's fishing derby is scheduled in about three weeks.

Officials also said that the beach recently was area where the derbies are held will be open to children 15 and under for fishing. Adults are requested not to use the pond there.

Boy Bill by City

A six-year-old Ellington boy was admitted to Rockville City Hospital after being struck by a car Saturday at noon.

Richard Gagner, 103 Orchard St., suffered a broken right elbow and lacerations of the left cheek and forehead.

According to state police, the youngster ran into the path of a car operated by Timothy E. Bonan, 26 of 11 Upper Butcher Rd. as she was making a turn on Orchard St. into Florence St.

No arrest was made by resident trooper Lionel Labrecque who investigated the accident.

Bloodmobile Visit

The Red Cross Bloodmobile will be stationed in the American Legion on West Rd. in Rockville Thursday from 1:30 to 6:15 p.m. Donors are being recruited by the Junior Chamber of Commerce. Other donors may register at the Nathan Hale Branch, 13 Park St. between 8:40 a.m. and 4:30 p.m. Mrs. Mildred Connors will serve as captain and local Golden Age Club will be in charge of the campaign.

Registration for the Babe Ruth Baseball League will be held tonight and next Monday.

AA Open House Held at Waddell

Manchester Chapter of Alcoholics Anonymous (AA) observed its 20th anniversary Saturday night with a public open house at the Waddell School, 250 people in attendance.

Speakers from the New York City Metropolitan Area explained the 12 steps of AA in treating the disease of alcoholism.

Those in attendance, in addition to local members, included 400 guests from Hartford, Bridgeport, New Haven, Norwich, New London and Stamford.

The local chapter of AA meets at the Pathfinders Club at 102 Norman St. each Tuesday and Friday evening at 8:30, and every Sunday afternoon at 10:30. There is also a breakfast meeting at 10 a.m. on the second Sunday of each month with the next one scheduled for May 10.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new way to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, white genitally sensitive hemorrhoids or internal hemorrhoids took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles healing without surgery." The secret is a new healing substance (Bio-Dynne)—discovery of a world-famous research institute.

This substance is now available in a cream, ointment, or suppository under the name Preparation 200. At all drug counters.

Spencer Plant Ordered Sold To Settle Several Claims

The old Spencer Rubber Products Co. plant off North St. in Manchester's Chapel Hill will be sold at auction at noon on June 6.

The sale, ordered by Federal Circuit Judge M. C. Conroy, will help clear the way for the settlement of claims against the property—totaling an estimated \$180,000 plus interest in back taxes owed the town and about \$1,500 plus interest owed the Eighth District.

The municipal claims probably will take precedence over a \$27,000 claim against the property that resulted from a 1958 court action by Jacqueline Spencer against the Rubber Products Co.

Mrs. Spencer was represented by George Lesner and Sanford Pieper of Lesner, Gitter, Katz and Pieper of Manchester. The town's interests in the mortgaged property were represented by Assistant Town Counsel Atty. Arnold Klau.

More than 200 students were gathered to greet him when he arrived to receive the annual Citation of Merit that the Yale Law School Association gives each year to an outstanding alumnus.

Big Winner In Relays, Uncle Sam

PHILADELPHIA (AP) — This is one of those years when the only real winner in the comparative count down after the Penn Meet was Uncle Sam. In case you have forgotten, this is an Olympic year and the old grid in the Red, White and Blue suit rode his hands with satisfaction over good performance whether they be in Philadelphia or Des Moines. For you figure, however, the actual count in 19 competitive events was 12 in favor of Drake. The athletes at Des Moines turned in faster times in eight track events and better distances in four field events. Vince McKelvie of Manhattan won the 400-meter hurdle in Philadelphia in 51.5 and Bill Harkin of Louisiana State in 51.7 at a track meet in Baton Rouge. The Penn event is a few strides shorter. Arizona's Gayle Hopkins may have stolen the show with his fine performance in the triple jump and broad jump. He bested Norman Tate of North Carolina College, voted the standard individual at the Penn Carnival in both events. Hopkins made the national triple jump record by 1/4 inch with his leap of 41 feet 8 inches. He took the broad jump with a 26.2. Tate recorded 37-8 1/2 in the triple, 24 1/2 in the broad.

Scholastic Activity Picks Up Four Contests Today On Attractive Slate

Activity picks up this week on the scholastic sports slate. Four items are on today's bill of fare, two baseball games, a track meet and a tennis match. Highlight of the slate is Manchester's CCLL baseball game at Platt. The Tribe is hoping to get to the 500 mark again. In addition to today's game, the Indians are home Thursday to Bristol Eastern, Duke Hutchinson is likely to start today with Bob Brannick getting the nod Thursday. No other changes are expected in the Tribe line-up. Other action today shows Connecticut's still-undefeated Patriots (5-0) playing host to the Portland in a Charter Oak Conference game. Thursday the Patriots oppose Ethan at Herson in another COC game. Coach Phil Hyde's tennis team makes its debut today, Friday at the Memorial Field courts. Ellington (0-2) has only one game scheduled this week, Monday at Suffield. It's the NCCC opener for the Knights in the Memorial Field courts. Los Angeles scored on Maury Willie at the end of the race on the way to a 1-4 victory over Detroit 3-2 in 11 innings; Los Angeles snapped a five game Cleveland winning streak. 7-0.

Dodger Hopes Better with Rookie

1-0 Victory By Ortega Halts Slide

NEW YORK (AP)—After pitching himself out of a permanent job with the Los Angeles Dodgers for four years, Phil Ortega has doubled himself into Manager Walter Alton's barnyard about two hours. The 24-year-old right-hander, starting in place of the injured Sandy Kousser, started Milwaukee-kee-1-0 on four hits against the depleted Dodgers who only their first game in 12 starts. The victory, Ortega's first in the major leagues, came at all most propitious time. Alton acknowledged that after the game in the dressing room. "Is there anything I can get you a sandwich or something? And can I carry your bag for you later?" asked Alton, who by now must think there is a conspiracy against the Dodgers, especially the pitching staff. Starter Kousser and Johnny Podres are admitted with elbow injuries while relief ace Ron Ferrazano can barely walk because of a thigh injury. The trio won 55 games among them last season. "Phil may take Podres' place if Johnny doesn't come out of it," Alton said. "This is the fifth season Ortega has had a trial with the Dodgers. Even in the minors he hasn't risen to the expectations of others had for him when Los Angeles signed him out of a Mesa, Ariz., high school for a reported \$50,000 bonus in 1959. But now, his 20 starts and 12 wins averaged 1.5 runs per game. He has pitched six and two-thirds innings in relief. Elsewhere in the National League yesterday, Philadelphia whipped Chicago 5-1; Houston swept past St. Louis 6-4; Pittsburgh and New York split, with the Pirates winning the first 4-3, and losing the nightcap, 3-2. San Francisco and Cincinnati were rained out of a doubleheader. Dick Maloney captured fifth place in the individual two-mile event to complete Manhattan's sweep. Only Manchester winner in the Eastern was the two-mile runner, Steve Gorman of Col. York. The Red Sox were leading 2-0 in the second inning and two bases were loaded with one out. All Kenzie had to worry about was the defending American League batting champ, Carl Yastrzemski, who was on a hot streak. He had a home run in the first inning and a double in the second. The pitcher's clutch double in the fifth delivered Joe Cunningham the winning run.

White Sox Rookie Stops R Sox Cold

NEW YORK (AP)—It's a long way in from the bullpen at Chicago's Comiskey Park. Plenty of time for a relief pitcher to size up the situation. Welcome mat in the Herald family is open to Charlie Graff who has joined the circulation department. Graff has served as director of activities at the East Side Rec Center for several years and has long been connected with young athletic programs in Manchester. Lack of hitting may prove to be a handicap for Coach Tom Kelley and his Manchester High Indian baseball team to overcome. Slender Gary Gallagher has hurried well in all of his starts but each time wound up a loser. For the record, the last losing season for Kelley at Manchester was in 1950 when the Red and White won six of 14 starts. For the past 12 straight seasons the Indians have compiled 500 or better mark in 14 previous seasons. Kelley, dean of baseball coaches in Connecticut, has coached 28 winning seasons, which is a high percentage in any man's league.

Same Old Story for Boston: Sixth Straight NBA Playoff Championship Biggest Celtic Win Since '57 Says Coach

BOSTON (AP) — "This will be the best Celtics team of all." Bill Russell, the man who proved defense can dominate a scorer's game, summed up Boston's unprecedented sixth straight National Basketball Association Championship and seventh in eight years. After the Celtics defeated San Francisco, 108-89, in a 2-1 night, the center leaved a trail of ruins in a jubilant mood, but one giant smacker on the bench and another on the floor. "The league was tougher this year so we had to be better to win it," Russell said. "No one can beat me. San Francisco isn't a good team. We all know Cincinnati was terrific. Boston had to be something special. It was played with great guys all my career, but these are the greatest." "No one picked us to win and we stuffed it into their throats," said Coach Red Auerbach. "Winning these championships gets bigger every year. The first one still is the best. But next to 1957 this has to be the biggest." Russell is a professional sports ever had won six playoff titles before. The Celtics had been tied at the previous record of five with the New York Knicks and the St. Louis Hawks in 1946-47 and Montreal's St. Lawrence Op hockey champs in 1955. Boston led the lead it had since the second period early in the final quarter against the persistent Washington Bullets. The Celtics led 117-109 at the end of the third quarter. The Celtics led 117-109 at the end of the third quarter. The Celtics led 117-109 at the end of the third quarter.

Chamberlain said it came when he fell to the floor and when he hit the basket rim as had first been thought. "I just couldn't control the ball over my head," Chamberlain said. The Board of Directors of the town of Bolton will meet tonight at 7:30 at the town hall to consider a series of budget workshops scheduled to end with the fixing of next year's tax rate.

Next Monday has been set as the day on which the board will decide on one of three courses: (1) To hold the tax line at its present 4.3 mills.

(2) To accept General Manager Richard Martin's recommended \$9 million budget, with its necessary mill and a half tax increase.

(3) To compromise on the tax hike somewhere between the two.

To hold the tax rate at its present level would necessitate cut in departmental appropriations of \$250,000 above the \$219,000 already cut by Martin.

Three budget workshops last week turned up several possible appropriation cuts, and this week's sessions will undoubtedly turn up several more, leading credence to the oft-repeated statement that they will do their utmost "to hold the line."

Premo Rites Set Thursday

HARTFORD (AP)—A solemn high requiem Mass will be sung Thursday for State Insurance Commissioner Alfred N. Premo.

Premo died last week at his Hartford home apparently of heart attack. He was stricken shortly after arriving for lunch at the city hall.

Named deputy state insurance supervisor in 1955, Premo was promoted to commissioner by Gov. Abraham Ribicoff two years later.

He had been insurance supervisor for the City of Hartford since 1952 in 1946. He was named the city's special insurance adviser. His municipal insurance distribution plan had been adopted by many cities throughout the United States. It was designed to provide full coverage for city employees.

An insurance commissioner he fought for auto insurance rates which would benefit the careful driver.

He recently became involved in a dispute with the Allstate Insurance Co. over the servicing of accident claims.

The dispute was settled earlier this month, avoiding a court battle.

A Hartford native, Premo lived all his life in the city. He served in the U.S. Army during World War II. He was a member of the Hartford Steam Boiler Inspection and Insurance Co. He was a member of the city and state bars.

He also served as secretary and treasurer of the National Association of Insurance Commissioners.

Survivors include his widow, Grace; four daughters, Mrs. T. Martin Riley, Mrs. Joseph Martin, Mrs. Charles P. Kelly, Mrs. Robert F. Kelly, and Mrs. Charles P. Kelly.

Funeral services will be held Thursday at 10 a.m. at the city hall.

Business Audience Cheers President

WASHINGTON (AP)—If his reception by the U.S. Chamber of Commerce is a reliable indicator, President Johnson has won the general approval of the nation's business community.

But many of those who applauded or laughed during his hour's rambling discourse before the group Monday obviously are going to take a hard look at Johnson's dealings with the big labor unions before they reach any final political judgments on him.

Legal Fee Row Hints Hoffa's Grip Slipping

WASHINGTON (AP)—James Hoffa has backed off from a cracking Teamsters Union drive over whether the union should continue paying his legal fees, stirring speculation he is losing his iron grip on the Teamsters.

Hoffa, never known for ducking scraps but now beset by troubles with the law, yielded to a demand by one of his vice presidents that the union stop paying the bills until it can be determined whether or not it is in violation of federal law.

Edward Bennett Williams, the Teamsters general counsel who has defended Hoffa in some of his legal battles, is reported to have ruled that the union will be breaking the law if it pays the fees.

Hoffa, according to an aide, made his decision in Chicago where he is on trial on federal charges of misusing \$20 million in union pension reserves.

"Mr. Hoffa wants to find out if such payments are legal," said Teamsters Vice President Harold J. Gibbons in St. Louis. "The decision will not be reversed until the legality is up."

Greeks Shell Positions at Castle, Pass

NICOSIA, Cyprus (AP)—Greek Cypriot forces recovered their drive for St. Hilarion Castle and the strategic Kyrenia Pass shortly after dawn on Tuesday.

After a night of sporadic fighting, Greek nationalist guardsmen lobbed three mortar shells into the Greek-held area.

The tempo appeared reduced from heavy fighting Monday. A Greek spokesman said positions seemed unchanged overnight.

Greek forward elements were reported within a quarter-mile of the fortress.

A Turkish spokesman said the Turks held the castle and that the Greek offensive drove back Turkey, was no confirmation of the latter's position.

The offensive opened before dawn Saturday with a surprise attack by the Turkish mountain soldiers, Canadian soldiers patrolling the Turkish villages of piliari, Kiri and Agirda to protect inhabitants. Most Turkish families had fled.

Canadian troops also set up roadblocks on the Kyrenia highway east and north of the castle. A U.N. spokesman said their aim was to observe military movements and control other traffic into the fighting area.

"There are certain types of fighting we cannot stop," the spokesman said. "If the fighting is of such a nature that it interferes with the functioning of the means that are of value by both sides, you are obliged to stop it."

Another comment: "This allows us to try to get elected unannouncedly as a conservative candidate."

The chamber is historically a proponent of Democratic Party. The late Paul Butler, when Democratic national chairman, was booed during one hot debate on government welfare spending.

There was boozing again—1961 when Sen. Joseph P. Clark D-Pa., gave away the hot reception he received in a debate with a conservative candidate.

He also served as secretary and treasurer of the National Association of Insurance Commissioners.

Survivors include his widow, Grace; four daughters, Mrs. T. Martin Riley, Mrs. Joseph Martin, Mrs. Charles P. Kelly, Mrs. Robert F. Kelly, and Mrs. Charles P. Kelly.

Hartford Man Held In Newest Murder

HARTFORD (AP)—A 21-year-old man was charged with murder today in the death of an 83-year-old widow who was found with her wrists and ankles bound and her head wrapped in a blood-stained sheet in her bed yesterday.

Police said she was found lying on her back, barefoot and wearing a nightgown. Her wrists and ankles were bound with stockings. Part of the sheet had been forced into her mouth as a gag.

They said she had been badly beaten but an initial autopsy concluded that the injuries on her body were not sufficient to have caused her death. But police said a "criminal act" did cause death.

Stallings was arrested at 7:30 p.m. Monday at his home, 100 Westland St. in the early morning hours Monday.

Police said these witnesses also heard a shot then, shortly before Stallings left the building.

The shot did not hit anyone, Captain Hankard said. "The bullet was near the bed," he said.
