Clerics Slate A March for Rights Action

WASHINGTON (AP)—Protestant clergymen from every state march in a "silent, prayerful procession" to Capitol Hill today, beginning of the Senate's 11th week of debate on the civil rights bill.

The demonstration, sponsored by the National Council of Churches' Commission on Religion and Race, was designed to press for passage of the measure, stalled by Southern oratory through 57 sessions.

An hour before the Senate is gavelled into its 8th meeting on the House-passed bill, the clergymen assemble in the Lutheran Church of the Reformation, two blocks east of the Capitol, for a worship service led by the Very Rev. Francis B. Sayre, dean of the National Cathedral.

En route to the Capitol, the churchmen pause to pray for justice at the Supreme Court building, marking the 10th anniversary of the 1954 Supreme Court school desegregation decision.

They planned to pray on the Senate steps and then seek out every senator to appeal for enactment of the civil rights bill. Within the Capitol, meanwhile, there is almost continual jockeying for debate-limiting closure.

Much of what happens depends on the outcome of Democratic and Republican party huddles Tuesday, Democratic Leader Mike Mansfield said.

That's when both groups get a look at 70 amendments worked out by the Senate leadership and Atty. Gen. Robert F. Kennedy.

The package, aimed at making the bill more acceptable to undecided senators, is being offered by Republican Leader Everett M. Dirksen.

As debate by Southerners opposing the bill dragged on last Sunday, the magistrates

Court Suit Seeks Party Lever Ban

Singer Employees Return to Work On Court Order

BRIDGEPORT (AP)—Union members at the Metrics Division of the Singer Co., returned to work today in compliance with a temporary restraining order issued by a Superior Court judge May 15.

The action affected 900 bargaining union employees. The members of Local 227, International Union of Electrical Workers (IUE) struck the company May 12. The company went to court last week to complain that the strike was illegal under terms of a newly-signed contract.

Superior Court Judge John C. Fitzgerald issued a temporary restraining order Friday sending the men back to work. He also scheduled a hearing for Tuesday.

The restraining order, which the union began to observe with the first shift this morning, remains in effect through Wednesday. Union President Anthony Arlio, said the members "have all intentions to resume picketing at 12:01 a.m. Thursday," when the temporary injunction expires.

Meantime, the union yesterday repudiated its three-week old contract with the company, insisting that the management negotiated the agreement in bad faith.

A company spokesman, however, denied that the contract remains in effect.

The union is protesting a job reclassification plan. A number of workers, the union maintains, are being denied pay raises.

A company spokesman said the union is legally obligated to abide by the contract. He said the agreement contains provisions for grievances and arbitration.

British Sea Resorts Youth Battleground

LONDON (AP)—Teen-agers started handing out jail terms ranging from three to six months and fines of from \$140 to \$210.

Teen-agers, celebrating the three-day Whit Sunday weekend, started pouring into Brighton during the morning. Many had their girls—referred to as birds—with them.

The new British teen-age fad is to divide up into rival cults called "the Mods" and "the Rockers."

Mods dress in style and ride motor scooters. Rockers affect leather jackets, boots and 100-mile-an-hour motorcycles.

They clashed Sunday by the hundreds at Margate. Store windows were smashed, beach furniture burned and cafes thrown into pandemonium.

Police were lashed and attacked. When police reinforcements were mustered, they pitched into the youths with clubs.

House Group Votes Cut in Space Funds

WASHINGTON (AP)—The House Appropriations Committee approved today \$2.2 billion for space programs and \$5.4 billion for veterans' programs.

The appropriations are included in a \$15,318,966,500 omnibus money bill that provides financing for 25 miscellaneous government agencies for the fiscal year starting July 1.

Major reductions were in funds sought for additional federal personnel. The total is 6.5 per cent less than President Johnson requested.

The committee voted an additional \$100 million for space programs.

WASHINGTON (AP)—President Johnson asked Congress today for an extra \$125 million to help step up the war against communism in South Viet Nam.

The money will go into increased support of both military and civil operations of the Vietnamese.

In a special message, Johnson spelled out the needs and the intentions. He said that "By our words and deeds to a decade of determined effort, we are pledged before the world to stand with the free people of Viet Nam."

And he said two major changes have dictated the necessity for increasing financial help to Viet Nam: "First, the Viet Cong guerrillas, under orders from their Communist masters in the North, have intensified terrorist actions against the peaceful people of South Viet Nam. This increased terrorist requires increased response.

Second, a new government has come to power, bringing new energy and leadership and new hope for effective action. I share with Ambassador (Henry Cabot) Lodge the conviction that this new government can mount a successful campaign against the Communists."

Johnson told Congress he wants an extra \$70 million for economic help to the Vietnamese and \$55 million for military purposes.

In the latter field, he said, additional equipment, ammunition, training and supplies will be needed, including more aircraft, pilot training and airfield improvements. Increased activity calls for increased ammunition, he said, and additional support equipment for all forces.

On the civil side, the President said, the additional funds will go into more fertilizer, medical supplies and services.

'Traindance' Success, Suburban-Type Prom

NEW YORK (AP)—In a bag-gage car of the train jam-packed youngsters wriggled, twisted and shouted to their best-type whumping of a drum and three guitars.

In the refreshment car, where the fare for railroad patrons normally consists of Scotch, rye and bourbon at \$1 a shot, three boys handed out box lunches and cans of soda pop by the hundreds.

In three coaches boys and girls streamed endlessly up and down the aisles throughout the train.

Another baggage car had been set aside for dancing, but the boys turned off the ceiling lights and converted it into a kissing car.

As the train meandered through eastern Long Island Saturday night and Sunday morning, many a resident near the tracks must have wondered at the cause of so much cacophony on wheels.

It was a high school junior prom, suburban type. Nearly 300 boys and girls rocked and rolled at the prom-on-wheels, staged by the Junior Class of Island Trees High School at Levittown, a few miles east of New York City.

The bash began at 8 p.m. when the youngsters and 11 teacher-chaperons boarded a six-car special at nearby Bethpage.

It ended at 1 a.m. Sunday at Bethpage after a trip to eastern Long Island which was shortened somewhat at the request of the chaperons. By about midnight they felt the kids were getting a little too rambunctious.

Governors of Region Told Pavilion Better

MANCHESTER, N.H. (AP)—The six governors of New England were told today that the region's exhibit at the New York World's Fair is "interesting and worthwhile and business is picking up every day."

The appraisal came from Melvin D. Peach, executive vice president of the New England Council World Fair Corp.

He spoke at the New England governors' conference—the first that New Hampshire Gov. John W. King has hosted since he took office in 1963.

The governors took up such problems as rural transportation, tourist promotion, freight rates for grain and an interstate compact dealing with correctional institutions.

The New England World's Fair is a matter of particular interest because of criticism it received earlier this month.

Philip C. Wallwork, executive secretary of the Automobile Legal Association, said the exhibit is now prompting "a lot of favorable reaction."

Hanoi Troops Reported in New Attacks

VIENTIANE, Laos (AP)—The command post of neutralist Gen. Kong Le on the eastern edge of the strategic Plain de Jarres fell to the Communists today, Premier Prince Souvanna Phouma reported.

The neutralist prince told newsmen the situation was "still critical" at Muong Phanh, the village 100 miles northeast of Vientiane that Kong Le used as headquarters for his 7,000-man neutralist army.

Souvanna said pro-Communist Pathet Lao troops and North Vietnamese soldiers overran Kong Le's command post after two days of heavy shelling and bitter fighting. No estimate of casualties was available.

Military sources said Kong Le was in the general vicinity of Muong Phanh but had retreated southward to set up a new defense perimeter.

The renewed Communist drive has stirred concern in Washington that another Southeast Asian crisis was developing. Secretary of State Dean Rusk and President Johnson held urgent talks on the situation Sunday.

A radio broadcast from the North Vietnamese capital of Hanoi, heard in Tokyo, said neutralist troops at Muong Phanh had slain rightist soldiers serving with them.

The broadcast said the rightists were killed "to oppose the U.S. scheme to merge neutralist troops to set up a unified government." It did not elaborate.

Souvanna and right-wing Deputy Premier Phoumi Nosavan have agreed to merge the neutralist and right-wing forces since a rightist army coup in Vientiane on April 17. The Pathet Lao, led by Prince Souphanouvong, rejected an invitation

NICOSSIA, Cyprus (AP)—Greek and Turkish Cypriots dismantled their border posts at Famagusta today as tension appeared to be easing in that eastern port city. Turkish Cypriot loathsome men, who had stayed inside their walled city for the past week, returned to the docks to work with Greeks in another step toward harmony. Famagusta, Cyprus' No. 2 city, had been tense since last Monday when two Greek army officers and a Greek Cypriot policeman were shot to death inside the Turkish sector. In following days, Greek Cypriots retaliated by kidnapping 32 Turks.

LONG BEACH, Calif. (AP)—Forty-five persons were rescued but 10 are missing and another dead in a fire that swept a Norwegian freighter, the Sandanger, at sea off Baja, California. The Coast Guard said today 45 survivors from the Sandanger were picked up by a German freighter, the Bodenstein, about 400 miles southeast of Long Beach and some 29 miles off the Mexican coast. A Japanese vessel, the Boston Maru, reported it has one unidentified body aboard.

BOWLING GREEN, Ohio (AP)—Three persons among 55 passengers on the Baltimore & Ohio Railroad Ambassador passenger train suffered minor injuries today in a derailment at North Baltimore, 10 miles south of here. Other appropriations recommended by the committee included:

Hard Hearing?
Would you take a chance on a store clerk fitting your new eyeglasses?
Hearing aids must be fitted, too, though many manufacturers cheapen their instruments by leaving out fitting controls, attempting to justify it with the claim that fittings are unnecessary.
Sonotone Hearing Aid Consultants are trained in measurement and fitting techniques. As with glasses, your instrument is tailored to your particular needs.
TILL MAY 31st ONLY!
DOUBLE trade-in allowance for ANY old AID regardless of make or condition for any of our models.
