Postal Service Cuts Postponed by Senate

WASHINGTON (AP) — The first in a series of postal service cuts, scheduled to take effect today, has been put off for a week while Congress considers exempting the Post Office Department from federal manpower reductions.

Postmaster General W. Marvin Watson announced the stay today after the Senate voted to exempt postal service from the manpower cuts.

Under a timetable announced by the House a week to follow, the Senate is expected to act on the measure.

Strike Threat Hangs Over Steel Talks

PITTSBURGH (AP) — A threat of wildcat strikes hangs over the basic steel labor negotiations even if a big industry-wide settlement is reached by mid-July.

The issue is incentive pay—a bonus originally given some workers for extra production but now a crony-quit pattern of wage boosts that can make men working side by side take home vastly different paychecks.

Leaders of two United Steelworker locals in the Pittsburgh area served notices on top negotiators Friday that their men were threatening to set up picket lines if the final contract doesn't cover all workers with incentive pay.

If the wildcat strikes were successful, union sources said they would spread to all plants with incentive programs—and that means across the country.

At the top-level bargaining both union and management remained silent about how much money—if any—was on the table for the over-all incentive settlement. However, for the first time the hotel corridors were alive with opinions that the industry had made an acceptable offer.

"It's in the bag," said the president of a big California local who's been going to negotiations for 20 years.

A figure mentioned repeatedly was 10 cents over a three-year contract, which would follow the pattern established in other major labor contracts this year.

Store Closes Its Gunshops After Death

NEW YORK (AP) — Abercrombie & Fitch has temporarily closed seven gunshops in its branches around the country following the apparent suicide of a man in its New York store Friday.

The 34-year-old man walked into the seventh-floor gunshop at the fashionable Madison Avenue sports store, bought \$20 worth of shotgun shells, then loaded one into a gun on display and killed himself.

Police identified the victim as Vladimir Vorlieck, a Czechoslovakian who emigrated here within the past two years and had lived in Astoria, Queens, until a month ago.

Michael Raskin, a senior vice president of Abercrombie, said it was not clear how the man fired the gun since all firearms in the shop are either locked in cabinets or fixed with trigger immobilizing clamps.

"We are very upset," Raskin said. "We inspect our guns, we look at our guns, we're nervous as hell about our guns. That's why we have them locked up."

Police said Vorlieck entered the shop about 1 p.m., told the clerk he was here hunting and purchased the shells. Then he began to retrace and the clerk turned away.

"The distrust is a deep-seated thing," says Branton. The squabble has settled into an exchange of polemics and disputes over technicalities, counter proposals and counter proposals.

Two of the three residents of the building who have insisted on five policemen are white. Patrick V. Murphy, who has insisted on no more than one policeman, is a Negro.

The OEO is meeting resistance to Negro-Police Project. The federal government is having trouble giving away \$15 million to set up a series of neighborhood centers in the Negro ghetto.

Police would provide around-the-clock emergency services for neighborhood residents in need. Citizens' councils would help run the centers. Negro teen-agers would be enlisted in youth patrol.

Guard Killed, 4 GIs Hurt USAF Thailand Base Struck by Guerillas

BAIGON (A) — About 20 most vulnerable of all U.S. air bases in Thailand.

Heavy troops also struck in South Vietnam, rocketing for the third straight night the big Da Nang Air Base, about 200 miles north of Saigon, another base for attacks against North Vietnam.

Two guerrillas were killed and one captured in the battle, but most of the charges failed to explode.

A combined Thai-American security force drove the enemy back, but not before a PA-47 twin-jet fighter-bomber and a C-141 four-engine transport aircraft were badly damaged by fire.

Two Air Force nurses were inside the medical evacuation aircraft during the battle, but were not harmed.

The attackers also triggered an ammunition and fuel explosion which was brought under control quickly.

Air Force spokesman said the attack began about 10:30 p.m. local time and lasted 40 minutes to an hour. Sporadic small arms fire was reported until dawn Tuesday, when the base was swarming with reinforced security police.

McCarthy, Humphrey's chief rival for the nomination, had a very strong record in the Senate. He was a member of the UPO board and head of its advisory committee on either side of the attack.

Wiley A. Branton, UPO's executive director, says his organization was not consulted in the planning and argues that residents will hardly embrace a police program that is being imposed on them.

"The distrust is a deep-seated thing," says Branton. The squabble has settled into an exchange of polemics and disputes over technicalities, counter proposals and counter proposals.

A Military Analysis

Viet Cong Killed by Losses

By BRIG. GEN. (RET.) R.L.A. MARSHALL Military Affairs Analyst FIFTY years ago this month, on July 18 to be exact, the tide in World War I turned fully and finally against the Kaiser's Germany and thereafter the allied armies rolled on from victory to victory.

That may be realistic, up to a point, but it must be delightful to see the military force fighting in Vietnam.

It is all too typical of war leaders. They are ever inclined to underestimate the enemy and to overestimate their own forces.

men, and the perspective of the other big wheels was no better. The only people who did not think the war was interminable were the Yanks up there on the line.

Fifty years later, Defense Secretary Clark Clifford was making his first visit to another American expeditionary force fighting in Vietnam.

He arrived just in time to find the war at dead low tide. There was no fighting around Saigon, the DMZ, Hue or any of the familiar hot spots. The capital had gone 21 days without being hit by a 120-mm rocket. In one 24-hour period, not one U.S. soldier was killed. Though there were a few trick fights in the delta, elsewhere contacts were few and trivial; after three false alarms, the war was over.

Leo Durocher Blasts Ump Donatelli

Zone Eight Leaders Next Face on Sunday To Victory over Rockville, 3-2

Excitement was plentiful last night at Mt. Nebo as Manchester American Legion outdistanced Rockville Legion in a pitcher's duel, 3-2, and moved into a third place tie in Zone Eight standings before the largest crowd of the season. The locals put a 3-2 record, as does Rockville for the fourth running pennant race.

Dennis MacArdle, pitcher for Manchester, is seen in action during the game against Rockville.

It was Jim Balsano, in his third start, battling with Sam Wide with Balsano upping his record to 4-0 notching the win. The young Bennett Junior High star fanned eight, and walked the big hit in both cases. Wide had control problems fanning only three and walking five, despite a two-hit effort.

Two second generation racing drivers fought a dual in the first half of the United States Auto Club's annual race at the Rockville track in New England held at Stamford Speedway last night.

Putting on a real exhibition of driving skill while going into the turns side by side Billy Yokovich and Gary Reinbachman, causing him to fall back both times, but undaunted, the young chauffeur came back to match the lead on the 18th circuit and proceeded to walk away from the field.

Sports Viewing Smith's Miracle Catch Saves R Sox

WASHINGTON (AP)—Reggie Smith made the miracle catch. Leaping so high that his waist was draped across a fence a full foot taller than he is, his arm straining deep into the bullpen beyond the barrier, Smith made a stunning game-ending stab to save a three-run, center fielder's error.

The astonishing catch came on a hit-off drive by Hank Aaron with two on and two in the bottom of the ninth. Even the pitcher had conceded the hit was a homer. Smith couldn't believe the catch himself.

Veteran catcher Elton Howard, in his 14th year in the majors, said: "That ball was out of the park and he went and got it and brought it back. It's the best I have ever seen."

Ken Harrelson came up behind Smith in the dressing room and kissed him on the back of the neck. Harrelson told him: "When you caught that ball, I threw my glove 30 feet up in the air. I'm glad I saw that one."

Stratton also came through at the bat with a homer in the second inning, opening up a six-run lead. The second run came in the fourth when Steve Leach hit a two-run homer.

Bob Nichols batted out in the field for Moriarty's place, but he didn't know what to do with it. I lost track of everything.

The 28-year-old center-fielder estimated the ball was as far as four feet into the bullpen before the wire fence when he snatched the apparent home run ball in the winning.

Winning pitcher Moriarty said: "I would have believed it." Moriarty said: "I couldn't believe it myself. When I caught that ball, I threw my glove 30 feet up in the air. I'm glad I saw that one."
