School Staffers Answer GOP's Questions on Budget

Flashed by eight staff members, Superintendent of Schools Donald J. Hennigan last night faced the Republican Town Committee in a two-hour question and answer period in the Municipal Building.

Accompanying Dr. Hennigan were Mrs. Carol Lenihan, Manchester Education Association president; Mrs. Bernice Maher, MEA negotiating team chairman; Allan Cone and A. Hyatt Burtis, Bennett and Illing Junior High School principals, respectively; A. Raymond Rogers, Jr., high school principal; Andrew Vincina, Illing vice principal; and Lador Wolf and Raymond Gardner, Manchester Green and Bowers School principals, respectively.

Questions relative to the most popular topic of late — maintenance — were conspicuous by their absence. Instead, the inquiries were directed toward a comparison of budgets and facilities with those of area towns, guidance counselor-student ratios, possible expansion of curricula, the excellence of the product (student) under existing conditions, and teacher morale.

Dr. Hennigan picked up the ball when asked what exciting things could be done, providing the requested budget (\$5.5 million) were approved.

"There are four overhead projectors in Bennett for 65 teachers," he said.

He illustrated the need for more equipment by citing a "floating" one without a permanent classroom in a high school business teacher who must spend 15 minutes, at the opening of each class, writing the same speed exercise on the board because it is erased by the teacher following her. "With a projector and transparency, she could throw it on the screen immediately for each class."

He asked what sense it made to pay a teacher \$11,000 a year to waste 15 minutes a day, five days a week, 40 weeks a year.

Cone said Bennett science classes have only a table for their experiments. With the conversion of six rooms to laboratories (two each in the three Bennett complex buildings), he said, students would be able to perform their own experiments instead of merely reading from a text or watching the teachers do it for them.

Burtis said he has wanted to include introduction to business typing courses in the junior high, but the budget has not permitted it.

Vincina stated that this year, there are 174 Illing Grade 8 students who want to take art next year; the high school can accommodate only 125. Of 110 who wish to study Spanish, the high school can take 44. He cited the great upturn in the demand for Spanish in recent years, while requests for French have dropped.

Years ago it was normal procedure for students to go through a school course of study as a group. All that has changed, he added, because now, "We are allowing them to choose those courses which will do them the most good." He also pointed out that students are differentiated by achievement levels.

Gardner said that children entering kindergarten today are more knowledgeable because of TV exposure. "They need something beyond blocks," he said. "With \$10 we can buy paper, but not the mathematics equipment they need."

Cone observed that over several years the budget item for supplies has increased only two to four per cent. "You don't buy as much next year as you did this year because of inflation," he commented.

Answering a question about counselor-student ratio, Cone stated it was 1:40 in Bennett, noting that Dr. James Conant's study recommended 1:20. He said he requested two more counselors next year to complete

"There are no hard standards for judgment," he said. "Some students would do well, no matter what the school did. High school graduates have done fairly well on tests (standardized) and graduates have done well in being accepted by colleges, but not necessarily those of their choice."

To a query about why the administration cost has increased at the town's per pupil cost, Dr. Hennigan's answer was inconclusive.

He pointed out to the questioner that it was only some \$200,000 more than \$200,000, and was speaking only of central administration. If the requested sum of \$277,500 for 1969-70 is high cost, (1) the large number of teachers at the maximum salary scale step; and (2) the reduction of class sizes in recent years, plus the addition of a question asked by William Forbes, "If the budget is cut, will teachers leave?"

The answer to "How does the excellence of your product compare with the excellence of other schools' products?" was said, "The budget does not handle that. It is a realistic approach in

many areas from the teachers' and MEA's viewpoint. There is absolutely no meeting of minds in 15-20 specific budget areas. The negotiating team visited every school, and found the teachers behind MEA. Right now 93 per cent of the high school teachers are undecided about their availability next year, pending adoption of the budget. At 8 p.m. on Feb. 20, we reached an impasse with Mr. Bradian (assistant superintendent of schools for personnel and board negotiator). Now we go to mediation and arbitration."

Speaking from the floor, Robert Von Deek, a member of the MEA negotiating team, said, "Teacher salaries have increased 22 per cent over the last seven years, while the total budget has increased 58 per cent." He pointed out that over eight

years, including 1969-70, salary increases have totaled \$10,850, an annual average of \$136,000. Then he added that the amounts stipulated in the budget were much more. Acknowledging that some of the difference could be accounted for by the replacement of teachers at the maximum step with beginning teachers, he asked, "But where is the rest?" This went unanswered.

Harms Left Ear

CHICKLAND, New Zealand — A study of farm tractor drivers in New Zealand found that hearing loss caused by engine and exhaust noise more often affected the left ear than the right. This was explained by the driver's tendency to look over his right shoulder to observe his machinery, thus turning the left ear toward the exhaust.

Tolland New Summer School To Get Classrooms

The creation of a private summer school for children with learning disabilities will become a reality here, as the result of a Board of Education decision last night.

In a brief special meeting the school board agreed to permit a Board of Education decision.

The founders of the school, both of whom have been employed locally as teachers, will be responsible for the rooms used and for expenses incurred by their use of the facilities.

The school will be the only summer instructional program for children suffering from learning disabilities in the state. Enrollment will be open to children from other towns, but first priority will be given those living in Tolland.

Only one other similar program exists in New England. The program for the program was presented to the board two weeks ago by the founders of the program, Mrs. Patricia and Miss Janet Cutler. The Tolland Junior Women's Club is serving as the sponsoring organization.

When presenting the proposal, both teachers pointed to the need for continuing education of children suffering from learning handicaps. The summer recess often permits the student to lose ground in his learning abilities.

Enrollment in the school, to be known as Summer Haven,

will be limited to 10 students in the morning session and 20 in the afternoon session. Classes will be held over a six-week period with morning sessions held four days a week and afternoon sessions two days a week. The morning sessions will be considerably more intensive than the afternoon ones.

Speaking in favor of the proposal at the previous school board meeting, middle school principal Yvonne Harding noted several parents have investigated available summer programs and found the costs too high or fear their children are too young to leave home for the summer.

Nursery School Registration for the Tolland Co-Operative Nursery School will be held Saturday from 9 a.m. to noon in the United Congregational Church Religious Education Building.

Any child four years of age and living in Tolland County is eligible to register. Parents or guardians must present the child's birth certificate at the time of registration.

Classes are held three times a week, Monday, Wednesday and Friday from 9 to 11:30 a.m.

Further information may be obtained by contacting Mrs. Woodruff Driggs, Vermont, or Mrs. Bruce Stewart, Glen Dr. Sing Out Group Forms will be held Saturday from 9 a.m. to noon in the United Congregational Church Religious Education Building.

Miss Jackie Priest of Glen Dr. has been elected secretary of the new teen-age group, sponsored by the Tolland Junior Women's Club.

time large has requested ZBA Hartford, from 10 a.m. until 2 p.m. Other members of the local society are urged to a bill, saw a vehicle across the road, applied his brakes, and the car went off the left side of the highway flipping over.

Marrow Rd. Accident — An accident Tuesday on Marrow Rd. is still under investigation by State Police.

Mrs. Ira Crowther will represent the Tolland Historical Society at the Spring meeting of the Connecticut League of Historical Societies in the society's work of Marrow Rd. and rolled over on its roof. State Trooper Robert C. Coughlin said LaCombe approached the crest of the hill, saw a vehicle across the road, applied his brakes, and the car went off the left side of the highway flipping over.

The Burrough's Corp. Men's Basketball team will play football on Marrow Rd. tomorrow night at 8:30 in the four out of five cases occurred in the same 1967 period. Almost 400 accidents occurred in the four out of five cases occurred in the same 1967 period. Almost 400 accidents occurred in the four out of five cases occurred in the same 1967 period.

Smallpox Rate Cut — The World Health Organization says 54,135 cases of smallpox were reported worldwide in the first 10 months of 1968, about half the number in the same 10-month period. Almost 400 accidents occurred in the four out of five cases occurred in the same 1967 period. Almost 400 accidents occurred in the four out of five cases occurred in the same 1967 period.

Never Under London Dictatorship Failed Too

When, 10 years ago, one Mohammad Ayub Khan used the authority of the army to seize control of the government of Pakistan, almost everybody conceded that Pakistan was a sample of one of those many countries where the proper groundwork preparation for a successful operation of a democracy had never been done.

The general of dictatorship powers by a usurper had to be tolerated. It was as a means of keeping order and holding the country together while the people began to learn the duties and responsibilities involved in self government.

Now, 10 years later, this Mohammad Ayub advocates as President of Pakistan and power passes into the hands of a new military man, General Yahya Khan, commander in chief of the Pakistani Army...

What, then, is the verdict now? Are the cynical experts who were so ready to concede that Pakistan was not ready for democracy 10 years ago now going to concede that Pakistan doesn't know how to live under a military dictatorship either?

We are afraid there will be no such concession, even though some observers may feel that the failure of dictatorship in Pakistan has actually been much worse and more damaging than any other failure of democracy was threatening to be 10 years ago.

There are separate laws which are always applied to the failure of governments.

When democracy fails, the usual recourse is to cut down on the amount of democracy.

But when dictatorship fails, the usual recourse is to reach for more dictatorship.

That is what is now happening in Pakistan with, of course, the usual refrain about doing something about restoring rights to the people after order has been restored.

Where Weather Is Bred

All of us who, in amateur status, follow the forecasters know that the weatherman is frequently caught with his predictions down after the weather system has been monitoring passes out from land into the Atlantic Ocean. Then, suddenly, the weatherman has no reliable, consistent reports to tell him just what may be happening only a few hundred miles off his coast.

Just why modern science and technology have continued to leave this important gap in the ability of the weatherman to gather his data is difficult to understand.

Now, in the announcement of a giant special project, to be called BOMEX, and to be conducted under the auspices of the Environmental Science Services Administration, we find an even greater importance assigned to what happens out in the world's ocean areas.

Inside Report

By Rowland Evans Jr. Robert D. Novak

WASHINGTON — A true measure of the Party's military government position in the oil dispute with the U.S. may be the appointment of a known Communist to judge a major aspect of the case.

Judge Luis Baltan Penna Fiol, who maintains close ties with Fidel Castro's Cuba, has been assigned to assess the value of the value of the expropriated IPC property in a manure and the party's right wing.

His appointment buttresses suspicions here that the Peruvian court proceedings to fix the value of the expropriated IPC property is a maneuver and that an artificially low value will be set. That value will then be subtracted from the extravagantly high \$495.5 million that the junta claims IPC owes for "unjust enrichment" over the past 24 years.

Through technology man has been relieved of much brutal, exhausting, and laborious work routine; he has been provided with numerous mechanical slaves who do certain kinds of work faster and more efficiently than people. Why should the ease and affluence made possible by technology be denied to the guided Western man for centuries? This may brand me as old-fashioned but I have not yet found a reason to discard a single principle that was accepted in the America of my youth.

It disturbs me to be told that technology "demands" an action the speaker favors; that "you can't stop progress." It troubles me that we so easily are pressured by purveyors of technology to permitting so-called "progress" to alter our lives, without attempting to control it—as if technology were an irresponsible force of nature to which we must meekly submit. If we reflected, we might discover that not everything hailed an progress contributes to happiness; that the new is not always better than the old always outdated.

In the brief span of time—a century or so—that we have had a science-based technology, what we have made of it? We have multiplied incalculably, wasted irreplaceable fuels and minerals and perpetrated incalculable and irreversible ecological harm. I have thought much about this, and I can find no evidence that man contributes anything to the balance of nature—anything at all.

On the strength of his knowledge of nature, he sets himself above nature; he presumes to change the natural order of life for the living creatures on this earth. Do we, who are transients and not overly wise, really believe we have the right to upset the order of nature, an order established by a power higher than man?

Fischetti

There were snickers when he mentioned the NAACP and the Southern Christian Leadership Conference. Then, one young lady rose to say it was highly improper for the YRs to join any group containing the National Student Assn. and the Americans for Democratic Action.

Every citizen is duty bound to make an effort to understand how technology operates and what are its possibilities and limitations.

A free society centers on men. It gives paramount consideration to human rights, interests and needs. But once ordinary citizens come to feel that public issues are beyond their comprehension, a pattern of life may develop where technology, not man, would be central to the purpose of society. If we permit this to happen, the human liberties which we cherish so dearly, so great a cost of effort and sacrifice, will be extinguished.

Today in History

Today is Thursday, March 27, the 86th day of 1969. There are 279 days left in the year.

In 1684, the English colonists, Leonard and George Culvert, bought a small tract on the St. Charles River and established the first settlement in what is now Maryland.

In 1793, the Russian czar, Peter the Great, founded the city of St. Petersburg.

In 1848, the German physicist who discovered the X-ray, Wilhelm Roentgen, was born.

In 1941, during World War II, the government of Prince Paul was ousted in Yugoslavia.

In 1968, Nikita Khrushchev replaced Nikolai Bulganin as Soviet Premier.

Current Quotes

"When there isn't any shooting, I think the military, under our constitutional position, is a component part of our foreign policy decision and the State Department, as the senior department, should make the decision."

"I figure I ate 1.8 tons of rice those five years"—Maj. James Nicholas Rowe on his experiences before escaping long captivity by the Viet Cong.

"I certainly am not going to write a book in the next year or two"—Dean Rusk, former secretary of state.

"I was extremely interested to learn about the admirable initiative undertaken by you and the 30,000 other young people at the Miami Teen-age Rally for Decency held last Sunday..."

Weiss Budget Hearing Now At Waddell

Presented No Proof of Contact Ray Denied Early Meeting With Memphis Attorney

The public hearing on Town Manager Robert Weiss' 1969-70 tentative budget, originally scheduled for next Monday, has been rescheduled for the following Monday, April 7.

It will be at 8 p.m. in the Waddell School on Broad St., and not to the Richard Martin School, as announced originally. The change to Waddell School is because the auditorium can accommodate more people than the one at Martin School.

Weiss, in announcing the new date, said that it will allow more time for the public to study his budget recommendations. He said they will be in the manager's office for inspection.

Gay Colors for Spring Modeled at Style Show

About 250 women last evening attended a "Touch of Spring" fashion show at the Manchester Country Club. The event was sponsored by the Manchester auxiliary to Child and Family Services of Connecticut.

Children's fashions were from Mari-Mada, with Mrs. Richard Murphy as commentator. Styles from the Carriage House Boutique were described by Mrs. Rosemary Stiles, Mrs. Constance of 1968.

Background music was played by Mrs. Edward Lash on an organ loaned by Watkins Brothers for the occasion.

A costume showcase, the Young twins, Marcy and Ellen, both, opened the children's portion of the show. They were matching play outfits in a floral print of lemon, lime and orange. Marcy was in slacks and blazer, and Ellen wore a matching burnout (combined Bermuda shorts and skirt) with a buttercup yellow jersey.

John Guinan then made his entrance in a bright orange jersey worn with bold floral print slacks in grass green, coral blue and gold.

Also ready for fun in the sun, was June Squares in a Chinese red mini-dress and white cuffed hipster pants.

Berak Gorman in a jocular yellow knit ensemble and a candy-cane straw hat was accompanied by Peter Martz in an Edwardian glee plaid suit. Beth Ann Shaw in a delicate yellow print dress edged with ruffled lace and a matching yellow straw roller was accompanied by Anthony Gorman in a multi-colored check blazer with navy slacks.

Ready to join the in crowd was Thomas Deoran in a cocoa brown Nehru-collared Burma jacket, rumble turtleneck jersey, a swinging gold medallion on a chain, and matching brown slacks.

All set to join the Easter Parade was Victoria Ferguson in a mint green double-breasted coat and a herringbone ocellophane straw roller accompanied by Bruce Guinan in a navy blazer and oxford gray slacks.

Rebecca June Shaw in a sheer daffodil yellow dress and with a natural straw roller, was escorted by Christopher Young in a navy, jacket and yellow plaid jacket and bronze tapered slacks.

Quite the man-about-town was Frank Murphy in a navy, rumble and bronze mini-checked jacket with a bone turquoise jersey and bronze wool slacks.

Patty Guinan, in a lime and daffodil blue sheer turtleneck with a white straw bowler, was escorted by Bowen Shaw in a champagne beige Edwardian raincoat; Timothea Kargy, in a jocular yellow dress trimmed with narrow black velvet and a posy crowned yellow straw hat, was accompanied by Brock Wigle in a white green plaid jacket with ivy green pants; Susan Martz, in a navy and white dotted sheer outfit, fringed with white lace edged collar and cuffs and an Annika poke bonnet, was accompanied by John Guinan in a navy and white checked jacket and navy slacks.

Ready for a stroll in the park was Suzanne Hebert, in a pink and green floral print frock and a white Swiss hat with deep pink streamers, accompanied by Peter Martz in a bronze colored suit with a contrasting vest. Also, Jonathan Brewster in a navy and olive mini-checked jacket with navy slacks and Paul Martz in a heather plaid jacket and bronze colored pants.

Professional models from the Carriage House boutique

Police Log

ACCIDENTS
Robert E. Halliwell, 44, of 205 Bidwell St., was charged with operating a motor vehicle while under the influence of liquor, and operating a motor vehicle while his license was under suspension, yesterday afternoon.

Halliwell was involved in a two-car accident on Hartford Rd., near Bidwell St. at 5:25 p.m. Halliwell was slightly injured; his car was towed. Court date April 14.

This Mikolowsky was a beautifully tailored dress with royal blue bodice and white pleated skirt edged with the blue.

Perfect for spring frock of red and beige tapestry worn by Ronnie Carroll.

Dressed for anywhere or anytime was Susan Carlson in a sky blue knit with a swirly pleated skirt.

Near the close of the show, Tina Mikolowsky modeled a champagne beige cocktail dress with a wide detachable waist cincher.

An unidentified car driven by Raymond Parker of Windsor Locks twice yesterday and did not stop.

The incident occurred on New State Rd., north of Adams St. at 11:45 a.m.

Parker told police he pulled out of Adams St. heading north, when the car behind him also pulled out of Adams St., and speeding up quickly, hit the rear of his car. Then, in an attempt

to go by Parker's car, the unidentified car struck Parker's car in the left side.

Police said because the paint job on the press box was so neat and intricate, they suspect that it was done during the daylight hours.

Police recovered a stolen car belonging to Robert White of Berkeley Dr., Vernon, yesterday at Norman's Warehouse on For-

NOTICE EAST, WEST AND BUCKLAND CEMETERIES

It is requested that Cemetery lot owners remove any winter grave decorations that they wish to keep.

Starting Monday, March 31, 1969, weather permitting, the necessary spring cleanup of the grounds will begin in preparation for mowing. Please do not place fresh flowers on your lot until after the cleanup, as they may be removed in error during cleanup.

George W. Elliott, Superintendent

Coventry Nathan Hale Sub Officers Special Guests at Fife Ball

Two officers, Lt. Cmdr. John Webster and Lt. Cmdr. Charles Blount, from the submarine Nathan Hale, will be special guests at the fourth annual Fife and Drum Ball on April 12. The Fife and Drum Corps is named for Nathan Hale, and Coventry has kept a close association with the submarine named in honor of the Revolutionary War hero who was born here.

Last year's Queen, Janette Bolivar, will crown the winner from the four finalists. Robin Candace Clapp and Susan Zumbelen. All four girls will receive appropriately inscribed trophies. The first-time this has been done.

Proceeds of the benefit at fairs will go to four local or suburban. The first-time this has been done.

Interested in the evening for the crowning of the ball queen, and a selection of songs by the Fife and Drums.

Anyone wishing to purchase a ticket may contact Donald Young, Spring Rd., or Mrs. Paul Bourdeman, Main St., or any other committee member. Table reservations are required and are going quickly, according to Chairman John Laock. Secretary is Mrs. Michael Preece, reservations chairman Mrs. Bourdeman.

School Menus

The cafeteria menu for Manchester public schools March 31-April 4:

Monday: Baked link sausage, mashed potato, buttered peas, bread, butter, milk, appleauce.

Tuesday: Baked meat loaf, parsley potato, buttered wax beans, bread, butter, milk, fruited jelly.

Wednesday: Hamburg patty on a roll, potato chips, buttered carrots, milk, ice cream.

Thursday: Macaroni and hamburger casserole, buttered corn, bread, butter, milk, Easter cake.

Friday: No school.

3 in State Reported Killed in Viet Action

WASHINGTON (AP) — The Pentagon reported Wednesday that three Connecticut servicemen were killed in action in Vietnam.

The announcement identified the dead as Army Pfc. David D. Oullette, son of Mr. and Mrs. Adrian V. Oullette of Foreville; Army Pfc. Donald S. Reppel, son of Mr. and Mrs. Charles M. Reppel of Greenwich; and Marine Corps Pfc. Leon Sears, son of Mrs. Louise Sears of Waterbury.

News in The World

Trudeau Gives Decision On NATO in 10 Days OTTAWA (AP)—Prime Minister Pierre Elliott Trudeau told the House of Commons Wednesday night he will announce in 10 days whether Canada will remain in the North Atlantic Treaty Organization.

The decision about NATO is part of a general review of foreign policy that the government has conducted for the past few months. On Wednesday a 36-member House of Commons committee on defense and foreign affairs recommended continued military participation. It had made a two-month study.

"Canada should continue to maintain forces in Europe as a contribution to the collective defense arrangements of NATO," the committee report said because conflicts in Europe, unless speedily controlled, could develop into a destruction of nuclear exchange in which Canada and its territory "would inevitably be affected."

Canada's 8 present NATO forces consist of six air squadrons and a mechanized brigade.

Engineers' Strike Halts Denmark's Progress COPENHAGEN (AP)—An engineers' wildcat strike halted Denmark's progress today but its tonnage, buses and bicycles got most done to work.

The 24-hour walkout was the first railway strike in Danish history. The 1,800 engine drivers went more pay and a new security system.

Charge 'False' Rhodesia Threatens Zambia CAPE TOWN, South Africa (AP)—Zambian President Kenneth Kaunda's charge that Rhodesia is threatening to bomb his country to "an absolute fragment of the imagination," Rhodesian Prime Minister Ian Smith said in Cape Town today. Kaunda's allegation and the deployment of Zambian troops along the Rhodesian border have been made to cover up the fact that the Zambian government is assisting Rhodesia's war against the guerrillas. Smith and his wife are holidaying in South Africa.

Loans, Not Aid Grants For South Korea in '72 SEOUL, Korea (AP)—Instead of aid grants, South Korea will receive loans from the United States beginning in 1972, Henry J. Costanzo, director of the U.S. Agency for International Development in Korea, said Wednesday night.

"The U.S. economic aid program here is well on its way toward reaching its objective, which is to bring the economy to a point where it can continue to develop and grow without the need for any exceptional public aid," Costanzo told the Seoul Correspondents Club.

When Korea begins a third five-year plan in 1972, Costanzo said, U.S. loans would be made to support agriculture, education, public health and social services.

American economic aid to Korea has averaged about \$100 million a year for the past five years.

Army Deserter Jailed ROME (AP)—Evelino Lot, the climber of St. Peter's and the Colosseum, was sentenced Wednesday to three months in jail for deserting the army.

Lot told the court he deserted in January 1968 because "military life was too easy, a bed of roses, and I am used to tougher discipline."

On March 16-17 Lot and two friends spent more than 24 hours perched alongside a stationary aerial high on the facade of St. Peter's Basilica. They said they were protesting their lack of jobs.

Lot pulled a similar caper on top of the Colosseum.

Handicapped Report Referred for Study HARTFORD, Conn. (AP)—Gov. John Dempsey has referred for study a two-year report on programs for Connecticut residents with physical, mental or social handicaps.

Dempsey said Wednesday he was referring the report to the State Planning Council to be used "as the blueprint for working toward expanded opportunities for the handicapped."

The study, made by the State Planning Council for Vocational Rehabilitation Services, involved 14,000 state residents who are unable to hold jobs.

In its report the council recommends the state set up a new department with goals reaching to 1975.

The report, submitted to Dempsey by Council Chairman Joseph W. Ross of Hartford, estimates 110,000 handicapped persons need help in getting jobs. It would cost the state about \$14 million to reach all of these persons by 1975, the report said.

Under the recommendations of the report, the existing vocational rehabilitation division would extend its counseling services to persons rejected by the military, first-time youthful offenders, and public school students. By 1970, the report said, there will be 30,000 socially and culturally disadvantaged persons who will not be able to get jobs in the state.

Heralding Politics

By Sol R. Cohen

The Capitol Region Council of Citizens (CRCBO) is conducting a fund-raising campaign in the Manchester area. The council is a Republican organization and is a former state representative. The chairman of the committee is former State Senator May at the Hartford Hilton Hotel.

An announcement of the decision is expected in a few days. Bolton First Selectman Richard Morse has been appointed to a nominating committee which will recommend a state-wide Republican caucus to be held in May at the Hartford Hilton Hotel.

Manchester Mayor Nathan Appleton, now treasurer, is being mentioned for new chairman of the CRCBO, to succeed Mayor Lewis Ross. Russell B. Granata, vice chairman of the Manchester Library Board, is on the committee which is organizing a Capital Region Library Council, sponsored by the CRCBO.

Dr. Sedrick J. Rawlins of Manchester was confirmed by the State Senate yesterday for reappointment to the State Parole Board, a GOP position. Atty. John F. Shea will represent the First Congressional District on a GOP state committee.

Visual Arts Evening Set At College

The public is invited to attend an evening with the visual arts tomorrow at Manchester Community College. The program will open at 8 with the showing of three underground films in the Hartford Rd. building cafeteria.

This will be followed by a reception in the Student Gallery for Gary Hogan, marking the opening of an exhibit of his paintings and prints. The exhibit will be on display through April 12 and will be open to the public weekdays from 8 a.m. to 10 p.m.

Hogan is an instructor at the Hartford Art School of the University of Hartford. He received a BS from Brightest Young Thing Institute, both in art education. His prints include drawings, aquatints, engravings, and silk screens, and his work described as semi-abstract images.

The trio of underground films consists of "Bonds of Cocaine" by Bob Felsner and Ken Cramer, "Unser Afrika" by Kubelka, and "Schmerzpunkt" by Garza.

Drawing an analogy between "Bonds of Cocaine" and the literary world of Baudelaire, Marquis de Sade, and Rimbaud, Jonas Mekas called it "illuminating and opening sensibilities and experiences never before recorded in the American arts."

About Kubelka's film, Mekas said it is "one of cinema's few masterpieces and a work of such great perfection that it forces one to re-evaluate everything that one has ever seen. The incredible artistry of this man, his incredible patience."

Characterizing "Schmerzpunkt" as "one long raucous belch in the face of the American dream," Ernest Callenbach of "Film Quarterly" said, "A society which hides its annual functions beneath a shiny public surface deserves to have such films shown everywhere... guns, brass, tummy."

Cagney Pleads To Save Island Home from Jets BOSTON (AP)—Actor James Cagney, who has a summer home on Martha's Vineyard, has appealed to the state legislature to save the island vacation spot from becoming a jetliner stop.

In a telegram to the House Ways and Means Committee, which is considering an appropriation for a jet runway, Cagney said:

"For more than 30 years I have watched Martha's Vineyard go downhill as a place of natural wonder and peaceful beauty. Now they are talking of runways for jets. It is there to be no end to the destruction of all that is natural and worthwhile. Please give it some thought."

Getting Tips from the Professionals: Ding Junior High School students Pamela Molloy and Thomas Neumann receive close-up instructions in techniques from trombonist Robert Meyers and trumpeter Ronald Kutik, members of a Hartford Symphony Orchestra brass trio that presented two assembly programs for the 7th and 8th grades yesterday morning. Meyers, Kutik, and a French horn player performed as soloists and explained their instruments, in addition to playing as a unit. Each year the school obtains the services of a professional music group to culminate the background instruction in appreciation classes, rotating among the brass, string, woodwind, and percussion sections. Yesterday's presentations were also part of the Hartford Symphony's education program. (Herald photo by Boesveldt.)

Vernon Rose Rotary Citizen of Year

Richard Rose of Tolland last night received his second civic honor this year when he was named Citizen of the Year by the Rockville Rotary Club at the annual dinner held at the Ellington Ridge Country Club.

In January he had received the Distinguished Service Award of the Rockville Jaycees. He is manager of the local office of the Southern New England Telephone Co. and was the 18th area person to be honored by the Rotarians.

The Rotary award is given each year to a man or woman of Vernon, Tolland or Ellington and must be for contributions to the community beyond any other person who might be connected with any public office.

Rose is a Rotarian, treasurer of the club and a member of the Board of Directors. He has only lived in this area since 1960 when he took a job with the telephone company but he has been active in civic affairs in the past four years.

He is the vice-chairman of the Nathan Hale Chapter of the American Red Cross, the second highest volunteer position in the chapter, which covers nine towns.

Rose has been co-chairman of the Red Cross fund drives and co-chairman for two balls sponsored by the organization. He is also a member of the Board of Directors of the Hartford Chapter of the Red Cross.

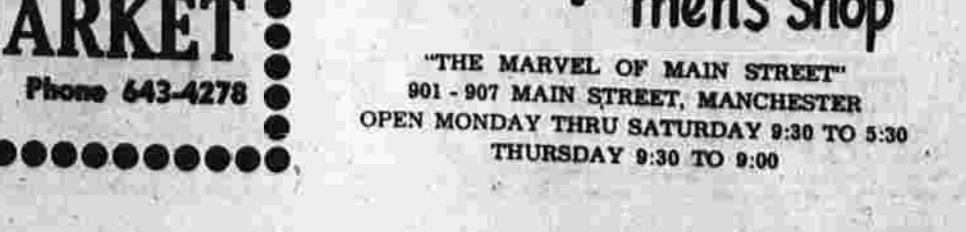

Others who have received the award, including two women, were Ralph H. Gibson, Donald Berger, the Rev. David J. Zaslavsky, John H. Moffatt (who was also manager of the local telephone office), Carolyn H. Milne, Mrs. Margaret Pearson and the late Atty. Harry Lugg and Mrs. Elsie Newmark.

The game, sponsored by the Manchester Bridge Club, is played each Wednesday at 7:30 p.m. and each Friday at 8 p.m. at the club, 186 Eldridge St. Play is open to the public.

Duplicate Bridge: Results last night in a duplicate bridge game at the Italian-American Club are Miss Gertrude Barton and Myles Walsh, first; Mrs. Harry Odium and Mrs. John Kearney, second; and Mrs. Katherine Harrigan and Thomas Lander, third.

The game, sponsored by the Manchester Bridge Club, is played each Wednesday at 7:30 p.m. and each Friday at 8 p.m. at the club, 186 Eldridge St. Play is open to the public.

Tolland County Ambulance Radio System Probed at Vernon Meeting

Cooperation in a mutual radio communications system for ambulances and hospitals in the area is being cautiously explored by the towns of Vernon, Ellington and Tolland in the light of federal funds.

A meeting was called Tuesday at Rockville General Hospital by hospital administrator, John F. Miralbo. Town officials and ambulance association representatives from the three towns were present. William E. Adint, safety field representative of the Connecticut Safety Council, was also present.

Vernon created an advisory safety committee last month to take advantage of the Highway Safety Act. The act, signed late in 1966, provides for payment of half the cost of accepted programs designed to increase highway safety, including emergency medical services. Half the cost of ambulances, which are needed at present by two of the towns, and such equipment as the radio system being discussed, could be paid in part by the federal government under the program.

Each of the three towns has an ambulance staffed by a team of volunteers. The police department uses the ambulance calls for Vernon, an answering service does the job of dispatching in Ellington and the fire department dispatcher takes the calls for Tolland's ambulance.

The Tolland ambulance has radio communication with its dispatching unit and the Ellington and Vernon ambulances are in contact with Vernon police. There are no radio communications, however, between the three services and the hospital. It is such a system linking these and possibly other towns and hospitals that appeared to be acceptable to all present at this meeting.

Miralbo, while not favoring any role of the hospital as a dispatcher, did speak in favor of a direct voice communication with the ambulances so that necessary medical information could be immediately exchanged.

Miralbo also stressed that there already existed a radio frequency for all of the hospitals in Connecticut for disaster use, and that to have a frequency might be used for emergency ambulance contact. He added that the Rockville hospital is being encouraged to add this equipment for hospital-to-hospital communication. The phones can't be used.

According to Miralbo the hospital emergency room is now staffed by a nurse for 16 hours a day and will be staffed around the clock when the new wig communications system for ambulances and hospitals in the area is being cautiously explored by the towns of Vernon, Ellington and Tolland in the light of federal funds.

Manchester Hospital Notes

From Your Neighbor's Kitchen

By VIVIAN F. FERGUSON

If you have ever read an article about the changes and hospitality of the Swedish people, you will have read a description of Hilda Johnson of 44 Walnut St. Her greatest pleasure is cooking for the enjoyment of others. Friends looking for a new home after school, her grandchildren bring her home after school, they are treated to one of her innumerable baked goods minus her good strong coffee, of course.

Hilda was born in Sweden. She came to the United States over half a century ago unable to speak a word of English. Because a large home in Greenwich had a cook who was Swedish, Hilda went there to work. Her work began at five in the morning and she never finished before 11 at night and sometimes later. Thirty and a half years later, Hilda learned quickly, both the language and the cooking. It was a difficult adjustment for a young woman and she longed to return to her native land. She never saw her mother again.

The late Mrs. Horace B. Cheney of Manchester heard that Hilda was looking for a job so she went to Greenwich and brought her to Manchester, as cook, in the very house in which I now live. Here, she met the man she was to marry, N.A.W. Johnson, who was a chauffeur to the same family. Her husband passed away about two years ago after a long illness. He was a member of the Hartford & Hingham Electric Co. of Hartford.

The couple had four children, three girls, all of whom live in Manchester, Chas. (Mrs. Paul Rowell), Lillian (Mrs. Alfred Bunney), Marie (Mrs. Harold E. Huntington) and a son, Arthur, of Pennsylvania. There are five grandchildren.

Mrs. Johnson has seen many changes in the town of Manchester since her arrival as a young woman. She is unable to recall the many changes, but she does recall the changes in the major changes, to her, began when business areas developed in the town. She recalled the changes in the major changes, to her, began when business areas developed in the town. She recalled the changes in the major changes, to her, began when business areas developed in the town.

Jersey Band Will Perform On Saturday

Local music lovers are reminded by school music director Carl Salina that the high school band will have its exchange combined band concert Saturday night in the high school gym. Guests for the program will be the high school band from Allentown, N.J., and the music will start at 8 p.m.

According to Salina, the music festival will feature no less than five performing groups, providing a musical range from the 18th century to the present. Featured groups will include the Allentown Combined Band and Dance Bands and a finale of 11-piece combined bands. Allentown Concert Band.

Salina has noted that musicians from both towns have been working hard for two months to prepare for the concert, and that enthusiastic support will be appreciated to support all these fine young musicians.

Tickets at \$1 per person will be available at the door, or in advance through blind members.

Home Ec Field Trip Girls in the senior home economics course got a little practical experience outside the classroom this week when they toured several homes in the area. On the tour, the girls had an opportunity to see and hear about interesting design techniques, see the use of interesting personal innovations used in home design, and see the use of interesting personal innovations used in home design.

South Windsor Hike in Per Pupil Grants Expected at Last Minute

State Rep. Thomas J. Donnelly last night told the Board of Education that the state per pupil grants to towns will probably be \$200 per child.

However, Donnelly offered little hope to the board that the legislature would pass such an act early in the session, saying that the legislature will wait until the last minute to see what the total spending picture will be before passing the per pupil grant.

The board had hoped for early passage so that it could count on increased aid to reduce its total budget increase.

Donnelly, whose appearance before the board continues a practice of providing the board with information on the state's financial condition, outlined many of the bills concerning education which are now before the legislature.

Donnelly generally supported retention of local autonomy and told the board that he would be reluctant to support any bills which would weaken the taxpayers' control over how much money is spent.

When queried on the state aid to parents of parochial school students, Donnelly said, "I find myself in the somewhat uncomfortable position of being on the side of the American Civil Liberties Union. I feel that such aid would be unconstitutional."

It was also brought out at the meeting that Rep. Donnelly since January has had small groups of South and East Windsor high school students with him at the Capitol. He has been explaining government and also encouraging young people to use the system to effect changes rather than reacting to other procedures.

The board chairman, Charles Lyons, acknowledged a letter from Larry Brown, chairman of the teachers' negotiating team, that said that Kenneth Lyons had been appointed mediator by the State Board of Education during the preliminary mediation period. Lyons said that the board and the teachers are each now in the process of preparing their presentations for the state board, as yet no schedule of mediation has been set up.

New Teachers' Chapter Superintendent of Schools Charles Warner said that a South Windsor chapter of the American Federation of Teachers, which will be known as SWIFT, has been formed. Warner felt that no attempt would be made this spring by the group to establish SWIFT as the bargaining agent for the teachers.

Warner stated that he has made arrangements for the board and other officials of the town to travel to New Ipswich, N.H. on April 7 to view an exciting school that encompasses

Columbia Tax Bills Mailed Out

A total of 1,602 tax bills were mailed today to residents and taxpayers. There were 1,394 mailed to residents and 208 to non-residents, according to Mrs. Ermilia Lowman, tax collector.

Mrs. Lowman will be at Yeomans Hall April 1 from 8 a.m. to noon and every Saturday, April 5, 12, 19 and 26 from 9 a.m. to noon. She will also be at Yeomans Hall Thursday, May 1, which is the last day the tax may be paid without incurring a penalty.

Mrs. Lowman added that taxes may be paid at her home on Mondays and Fridays from 12:30 to 3:30 p.m. on Tuesdays and Wednesdays from 9 until noon. Special appointments may also be made.

Travel to France
Thomas Peters, son of Mr. and Mrs. George Paulin Field '87, will leave Bradley Field '87 for London and then will travel to Paris later that week.

Peters applied for the trip to the American Institute for Foreign Study. Peters will visit Vichy, France where he

will study French for four weeks. He also hopes to visit part of Switzerland.

He is a senior at Windham High School and belongs to the Biology Club and is a member of the chorus and the student publicity committee. He is a member of the local Pilgrim Fellowship, is in Boy Scout Troop 103 and is a member of the local Historical Society. He will attend Hartford College, Oneonta, N.Y. and will major in French.

Canon Club Dance
The Canon Club held a dance Saturday to help earn money toward the purchase of two K-1 craft and the group is in the process of collecting waste paper in town. The craft cost \$225 each and are made of plastic. They are used by movie peddlers, according to Mrs. William Murphy, a club director.

An announcement was made at the dance that Mr. and Mrs. Clayton Hunt, long-time supporters of youth groups in town, have donated \$225 toward the purchase of one craft. Another donor has offered to renovate three fiberglass craft which were built by Wilbur Fletcher several years ago and are now in need of repair. Spring training begins as soon as the ice on the lake melts.

Manch Area Vernon Police Arrest Man, 24, In Boy's Assault

David Bartlett, 24, of Taylor St., Vernon, was arrested last night by Vernon police and charged with breach of peace by assault and intimidation.

The arrest stemmed from a group of several and several members by the Round Table Singers, directed by Miss Martha White, music department chairman.

"Cry Out and Shout" by East Vynod; "Gale of Heaven" by Randall Thompson; "Set Down Sweet" arranged by Robert Shaw, soloists Dorcas DeCormier and Fred Johnson; "Tide in the Carol" by Ed Wilson, soloists Karen Holmes and Holly Roberts.

Other area police activity: Richard A. Mager, 30, of Jewett City and a manager in his car, Paul Bouquet, 16, of Hebron, were both treated at Hartford Hospital for lacerations and discharged after being involved in a car-truck accident on Rt. 12 last night.

Mager was charged with failure to grant right of way and is scheduled to appear in Manchester Circuit Court 12 April 12.

The driver of the truck, Frank B. Adams, 35, of Colchester, was not injured.

William A. Rosenthal, 16, of Marlborough was charged with following too closely after striking the rear of a car driven by Michael Kovacs, 20, of Hebron. Rosenthal is scheduled to appear in Wilmamette Circuit Court 11 April 21.

Covertry
Paul Krause, 18, of Coventry was charged with reckless driving and unsafe three-way driving and is scheduled to appear in Manchester Circuit Court 12 April 14.

Heavy creams beats better and is a greater volume if at least one day old.

Student soloists are soprano

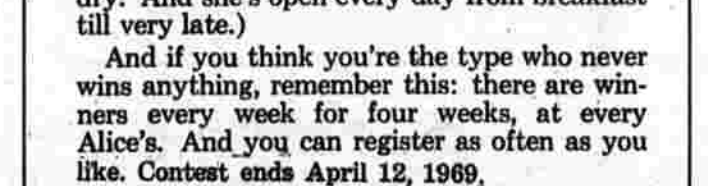

Enter ALICE'S wonderful Sweepstakes
Win a great evening for two in New York

- A fabulous dinner for two at Mamma Leone's!
- Tickets for two to a stage and screen presentation at Radio City Music Hall, showplace of the nation!
- Round trip travel for two to the big city and back! Take Eastern's Air Shuttle down to New York and their Night Cap late flight back.

It's easy to enter Alice's Wonderful Sweepstakes. Just stop at any Alice's Wonderful Kitchen and fill out an entry blank. That's all there is to it. There's nothing to buy. But you'll be tempted to stay. (That is, if you find good food and modest prices tempting. Alice serves up Wonderful chicken, burgers, eggs and pancakes for the whole family. Not to mention a great cup of coffee that never runs dry. And she's open every day from breakfast till very late.)

And if you think you're the type who never wins anything, remember this: there are winners every week for four weeks, at every Alice's. And you can register as often as you like. Contest ends April 12, 1969.

- Round trip travel for two to the big city and back! Take Eastern's Air Shuttle down to New York and their Night Cap late flight back.

It's easy to enter Alice's Wonderful Sweepstakes. Just stop at any Alice's Wonderful Kitchen and fill out an entry blank. That's all there is to it. There's nothing to buy. But you'll be tempted to stay. (That is, if you find good food and modest prices tempting. Alice serves up Wonderful chicken, burgers, eggs and pancakes for the whole family. Not to mention a great cup of coffee that never runs dry. And she's open every day from breakfast till very late.)

And if you think you're the type who never wins anything, remember this: there are winners every week for four weeks, at every Alice's. And you can register as often as you like. Contest ends April 12, 1969.

MRS. PHILIP HOLWAY
143 Adelaide Road—Manchester, Connecticut

Couple Mark 25 Years Wed

Mr. and Mrs. William Joseph Laurinatis, serving with the US Marine Air Wing at Beaufort, S.C.

Mrs. Laurinatis is employed at the Travelers Insurance Co., Hartford, and her husband is employed at the Hartford Electric Light Co.

They recently returned from a Caribbean cruise aboard the SS United States to celebrate their anniversary.

About 40 friends and relatives including Mr. and Mrs. Matthew DeBilino of Newington, brother-in-law, and sister of Mrs. Laurinatis, and honor attendants at the wedding, attended the party which was given at the home of Mrs. Laurinatis.

The refreshment table was decorated with a circle of flowers and a bowl of colored water.

The couple was married March 28, 1944 at the Marine Base Chapel at Quantico, Va., where Mr. Laurinatis was serving with the Marine Corps.

Rev. Matthew Tobin performed the ceremony. They have lived in Manchester for 12 years and live.

SAIGON (AP) — Information Minister Nguyen Ngoc An lifted today a month-long suspension of Ho Chi Minh—Peking—a Saigon daily published by a Vietnamese Roman Catholic priest.

An said the paper may resume publication Friday. It had been suspended for an indefinite period Feb. 27 on grounds that it had distorted the truth and denied the legal status of some government agencies.

The suspension was lifted, because the publisher had shown good will by not distributing all copies of the issue the government considered offensive.

Bolton Sunday School Class To Give Play Saturday

The fifth grade Sunday school class at St. George's Episcopal Church will present a play to parents and Spanish-American friends from Williamsitic church at 2 p.m. at the church.

For their Lenten master, the class has been studying people from around the world and learning the importance of working together. The play, entitled, "A Message of Understanding," is a result of this study.

The narrator will be Michael Shawcross. In the cast are Richard Schmidt, Gregory Franz, Melissa Lunt, Robert Higher, Philip Foreley, Barbara Haddock, Glen Johnson, Danny Morano, Linda Miller, Cindy Hogrow, William Cavanaugh and Steven Wilman.

Also included in the program will be a slide presentation of the Philippines by the speaker Ralph Rodriguez and games from around the world.

The public is invited. A nursery will be provided.

Psychodrama will be held at the high school Friday for the benefit of the Faculty Scholarship Fund. The Psychodrama was their second straight intermural basketball league championship by slipping the Explorers by the score of 46-40.

Tony Paolotta paced the winners with 22 points, while Barry Heinz was high for the losers with 15 points. The Psychodrama concluded the season with nine wins and two losses.

In the second game, the West

Andover Talk on Tax Set Monday

To help people in town in finding answers to tax questions, the Andover League of Women Voters is having Miss Dorothy Goodwin, tax specialist at the University of Connecticut, talk on the subject at a meeting scheduled 8 o'clock Monday evening in the Club Room of the Elementary school.

Miss Goodwin is assistant provost at UConn and director of the Bureau of Institutional Research and has made many tax studies especially in the relationship of state and local taxes. She was one of the leaders in the Jan. 21 tax symposium at the University of Hartford sponsored by the Capital Region Council of Elected Officials.

In recent months she has come out a number of times in favor of a state income tax as the most favorable way to relieve spreading local real estate and personal property taxes and also to control any increases in the rate of the state sales tax and removal of a number of exemptions.

This League meeting, a full membership meeting, is open to the public as are all such meetings. A special meeting for members only is to be held from 7:15 to 8 p.m. on the same night for discussion of local agenda items.

One of these items, a town charter for Andover, was discussed with the Board of Selectmen by members Gail Stern and President Martha Roberts on Monday. Action to initiate a charter study commission can be initiated by 1,100 dormitory residents.

HUD Okays \$30,400 Figure For Buying Renewal Site

The first trickle of money for housing for the elderly in the North End started today.

The Planning and Zoning Commission meets on the second and fourth Monday of each month to act on zoning permits from the public in general. The commission has announced that to process these applications of the North End project, the project will be in the Town Office Building one week prior to the scheduled meeting.

The Children's Story Hour for boys and girls in the 4 to 7 age group started last December by the Andover Junior Women's Club will continue on Saturday afternoon at 10:30 a.m. at the Club Room of the Elementary school. About 15 children have attended the sessions which start at 10:30 and end at 11:30 a.m. New participants are welcome.

Manchester Evening Herald Andover correspondent, Lawrence Moe, tel. 742-8706.

Vernon B'nai Israel Will Mark Passover

Passover services will be held at Congregation B'nai Israel, Talbot Ave., starting Wednesday at 6 p.m. and will end Thursday morning, April 10.

Passover, the Festival of Freedom, lasts for eight days and commemorates the exodus of the Jewish people from Egypt, their release from slavery and their journey to freedom.

The schedule of services for Passover is as follows: Morning services will be held April 3, 4 and 9 at 10 a.m., and Yizkor Memorial Services will be recited on the last morning of Passover, April 10.

Evening services will start April 2 at 6 p.m. On April 3, services will begin at 8:45 p.m., and on April 4, Passover and Sabbath Services will also start at 8:45 p.m. For the concluding days of Passover, services will be held April 8 at 8:15 p.m. and April 9 at 6 p.m.

The highlight of the holiday is the family Seder which is held in the home on the first two evenings of Passover.

The annual Model Seder of the Hebrew School will be held Sunday at 10:30 a.m. All members of the Hebrew School will participate in the service and everyone is invited to witness this re-enactment of the Passover story.

New Cub Packs
Two new Cub Scout packs have been chartered in Vernon to be included in the Highland District of the Charter Oak Council.

Bucher Cited in Pueblo

PUEBLO, Colo. (AP) — Cmdr. Lloyd M. Bucher has been honored with a plaque from the city after which his intelligence ship, captured by North Korea, was named.

Bucher was accompanied by his wife at the City Hall ceremony Wednesday.

Students at Fairfield U Stage Peaceful Protest

FAIRFIELD (AP) — In an attempt to ease social and academic regulations at Fairfield University, some 350 students staged a peaceful demonstration Wednesday.

Students' demands included recognition by university officials of the student bill of rights, an end to prohibition of liquor in dormitory rooms, an end to curfews and a number of academic reforms.

The demonstration consisted of a rally outside the student center and speeches by students, then a march on two buildings housing administration offices. More than 1,800 full-time undergraduates attend the all-male university, including approximately 1,100 dormitory residents.

Gen. Eisenhower Deceases at 78

Monday Declared Day of Mourning

Dwight D. Eisenhower

WASHINGTON (AP)—Dwight D. Eisenhower, commander in World War II of the mightiest armed force ever assembled and former president of the United States, died today.

The announcement of the general's death was made in a somber voice by Brig. Gen. Frederic Hughes Jr., commanding general of Walter Reed Army Hospital who said that Eisenhower had died quietly at 12:25 p.m. EST after a long and heroic struggle.

Gen. Eisenhower and members of the Eisenhower family were nearby at the time of death, Hughes continued. He added President Nixon, former President Lyndon B. Johnson and Eisenhower's two brothers had been notified.

Nixon meanwhile drove from the White House to the hospital. The White House said he would have a statement, a message to Congress and a proclamation later.

The 78-year-old five-star general, known as "Ike" through out the world, was hit by congestive heart failure March 19 and again last Monday while recuperating from an intestinal operation and pneumonia complications.

With the rugged constitution of a Kansas farm boy, he also readily had battled back seven heart attacks before undergoing surgery for an intestinal obstruction Feb. 28.

Four days after undergoing the high risk surgery, he contracted pneumonia. Doctors successfully combated the pneumonia with antibiotics.

But throughout the February trouble, it was Eisenhower's heart which caused doctors their prime concern. Doctors made no mention of the congestive heart failure which launched Sputnik 1. The US plane was shot down over Hanoi in the general's 67th birthday "particular" day.

Reporters questioned the hospital and were told of the latest onset of heart trouble. Eisenhower had been hospitalized since April 29 when a heart attack felled him in California and he was transferred to Walter Reed and there suffered three more heart attacks on Aug. 18.

Since then he had gained vigor, walked short distances, received President Nixon and former President Lyndon B. Johnson, and graced his famous and folksy grin from a hospital window when an Army band, playing "Salute to Eisenhower Week," serenaded him on his birthday Oct. 14.

The general stayed neutral in the bitter Republican battle of the 1960 campaign. Eisenhower made speeches in several big cities for Nixon. The crowds were big and enthusiastic but often the hand-drawn signs said, "We kill Ike here" instead of "We want Dick."

Six-Mill Increase Sought Weiss Asks Record \$14,097,276 Budget

Town Manager Robert Weiss is recommending a record-high \$14,097,276 General Fund budget for next year, up \$1,986,077, or 15.9 per cent over the current budget.

And, he is recommending a 48-mill tax rate, also record-high, and up 6 mills, or 14.3 per cent, above the current tax rate.

For the Town Fire District, he is recommending a \$60,000 budget and a 4.3 mill tax rate. Both are 15 per cent hikes—the budget up \$20,000 and the tax rate up a half mill.

The recommended 48 mill for the General Fund and the 4.3 mill for the Town Fire District add up to 52.3 mills. It marks the first time in the town's history that even a proposed tax rate has gone over 50 mills.

To the average property owner, with a home assessed at \$11,000, Weiss recommended tax rates would add \$27.79 to his annual tax bill, if he lives with in the Town Fire District; and \$21 if he lives in the 18th District, which levies its own tax for fire protection.

Weiss is recommending a \$14,097,276 budget for the Town Water Department, up \$7,330 over this year, and a \$28,511 budget for the Town Sewer Department, up \$2,147. He recommends no change next year in water and sewer rates.

For the Special Downtown Taxing District Fund, Weiss is recommending a \$20,000 budget and a 5-mill tax rate. The budget is up \$2,000 over the current budget. The tax rate is the same as this year's.

In recommending the \$14,097,276 General Fund Budget, Weiss wound up cutting over \$2 million from departmental requests.

Over \$14 million of that cut was in the Capital Improvement Reserve Fund, where the commission requested a \$200,000 cut from the Police Department request of \$2,000,000. He cut \$200 from the Fire Department request.

A public hearing on Weiss' tentative budgets will be held April 7 at 8 p.m. in the auditorium of Washburn School on Broad St.

The Board of Directors will have until May 7 to adopt the tax rates. Failure to do so by then will automatically mean the town will automatically raise the official budget and tax rates. (See Page Three)

Suspect Captured Hartford Policeman Dies After Shooting

HARTFORD, Conn. (AP)—A Hartford policeman died this morning hours after he was hit in the chest by a bullet meant for another man.

The victim, Francis X. Fenton, 44, a veteran of 28 years on the force, had undergone surgery at St. Francis Hospital in an attempt to save his life.

Paul "Blackie" Shannon, 29, was arrested two hours after the shooting and charged with assault with intent to murder, aggravated assault and carrying a gun without a permit in connection with the shooting.

Fenton died at 3:45 a.m. Police said they were seeking a warrant to change the charge against Shannon, who was to be arraigned this morning.

Shannon was convicted in October 1968, police said, on a charge of assault with intent to kill in connection with the shooting of a man who was the brother of a Hartford policeman.

Shannon was convicted in October 1968, police said, on a charge of assault with intent to kill in connection with the shooting of a man who was the brother of a Hartford policeman.

Four Americans Are Among Those Selected Pope Names 33 Cardinals

VATICAN CITY (AP)—Pope Paul VI named 33 new cardinals today—four of them Americans—enlarging the Sacred College to a record high of 134 members and significantly shifting Roman Catholic Church power from headquarters to the grass roots.

The Americans are Archbishop Terence Cooke of New York, John Dearden of Detroit and John Carberry of St. Louis and Bishop John Wright of Pittsburgh.

Vatican specialists regarded the Pope's selections as a major move to increase the power and prestige of diocesan bishops around the world, and to live developing nations a more prominent place in the highest council of Roman Catholicism.

Archbishop Cooke told newsmen in the United States, "I am aware that this appointment belongs to the people of New York more than to me personally."

The new cardinals come from 19 countries. The four Americans bring the U.S. representation in the college to historic high of 10.

The four from the United States made up the largest group named, except for Italy, which will have eight new cardinals. France will have three, and Spain and Brazil two each. The other 14 nations will have one each.

The Pope also announced that he retained "in pectore," meaning in his heart or secret, the names of two other prelates, who will become cardinals when he reveals their names.

There was speculation that the two cardinals "in pectore" are prelates from Communist Eastern Europe.

The new cardinals come from 19 countries. The four Americans bring the U.S. representation in the college to historic high of 10.

New Tanks Help GIs Foil Ambush

SAIGON (AP)—More than 200 North Vietnamese armor opened fire two noon or so spotted by tankmen a mile ahead of the 120 trucks of ammunition and food for the 26th Division base camp at Tay Ninh. The first shots were fired at the tanks and armored personnel carriers.

The North Vietnamese were about 10 yards off the highway, on both sides of it, behind the tanks of rubber trees. Because of daily convoys, the Americans had cut down the trees and the tanks were on each side of the road.

Within 10 minutes after the ambush began shattering rocket grenades at the 40 tanks and armored personnel carriers leading the convoy. American artillery, bombers and helicopter gunships were in action.

The tanks and personnel carriers returned the enemy fire with cannon and 50-caliber machine guns, while the bombs and gunships raked the enemy's escape routes to the rear.

Spokenman said the North Vietnamese troops lost 18 assault rifles, two rocket grenades and a machine gun on the battlefield.

U.S. spokesmen said the North Vietnamese today either opened fire two noon or so spotted by tankmen a mile ahead of the 120 trucks of ammunition and food for the 26th Division base camp at Tay Ninh. The first shots were fired at the tanks and armored personnel carriers.

Four Americans are among the 33 new cardinals of the Roman Catholic Church named today by Pope Paul VI. They are, from left, Archbishop Terence J. Cooke of New York; John J. Wright of Pittsburgh; John F. Dearden of Detroit; and John J. Carberry of St. Louis. Their appointment raised the total number of U.S. Cardinals to 10, the largest number in history. (AP Photos)
