

# Mute Thousands Bid Ike Farewell

## Enemy Loss 6,000 Men For Month

SAIGON (AP)—Heavy losses and allied blocking actions are forcing the Viet Cong command to reassess plans for its five-week-old spring offensive, U.S. military analysts said today.

Officers said the Viet Cong and North Vietnamese had lost more than 6,000 men during March in the 3rd Corps area stretching from the Cambodian border through Saigon to the South China Sea.

The analysts said the enemy during the first two weeks of April probably would limit his action to rocket and mortar attacks while he reorganizes his plans and gets replacements and supplies.

But one officer said that more than 1,000 Viet Cong main force troops poised to the south and southwest of Saigon "could make a dash for the city for publicity purposes."

Enemy actions stepped up in Saigon over the weekend. In 24 hours, enemy gunners fired rockets into the city for the first time in two weeks, bombed a police station and a government post office and set off a clay-pot mine 100 yards from the national police headquarters.

Twenty-three persons were wounded in the terrorist actions, but the rockets fell harmlessly in or near the Saigon river.

Military spokesmen reported that allied forces killed 533 Viet Cong and North Vietnamese in more than a dozen fights during the weekend. U.S. losses were put at 42 men killed and 138 wounded, while 20 South Vietnamese were reported killed and 116 wounded.

The U.S. Command reported about 20 attacks by rockets or mortars overnight on allied bases and towns, including a 50-round mortar barrage followed by an infantry assault on a night camp of U.S. 4th Infantry Division troops.

The ground assault touched off a night-long battle 25 miles west of Kontum, in the Central Highlands near the Cambodian border. Twenty-five North Vietnamese soldiers and six U.S. troops were reported killed and 37 Americans wounded.

At least half of the enemy dead were credited to massive American firepower, including bombers, helicopter gunships, artillery, the controversial new Sheridan tanks and armored personnel carriers.

Three American helicopters, a Sheridan tank and an armored personnel carrier were reported lost in the weekend fighting. Three of the helicopter crews were killed and five were wounded. A total of 2,481 American helicopters have been reported lost in the war.

## BOAC Pilots Call Strike

LONDON (AP)—A pilots' strike grounded more than half of the British Overseas Airways Corp. worldwide fleet of jet planes today and operations approached a total halt.

BOAC said 13 hours after the strike began it had transferred 2,000 to 4,000 passengers to other airlines.

The airline said 24 of its 31 planes were grounded in Britain and 10 more were idle at airports from Karachi to New York. The remaining 17, a spokesman said, will be grounded when they reach their destinations.

The British Airline Pilots' Association, which ordered its 1,100 BOAC members to strike for higher pay, said the walkout would be 100 per cent effective.

A BOAC spokesman said there was no sign of a breakthrough in negotiations after talks with union negotiators collapsed just past midnight.

Keith Granville, BOAC's managing director, said the two sides were a long way apart. "It could be a long strike," he added.

The pilots complain that they are receiving far less pay than employees on many foreign air-

## Ceremonies Across U.S. Honor Ike's Memory

By THE ASSOCIATED PRESS  
A lot of things stopped for Ike today—schools, businesses, sports events, even the postal service—and his memory was honored at ceremonies across the nation.

Military bases scheduled 21-gun salutes at noon and 50-gun salutes at sunset in honor of their former commander-in-chief.

The stock and commodity exchanges closed in New York City and banks closed in some states.

Many colleges shut down for the day, including Columbia University, where Dwight D. Eisenhower was president before heading the call to public office.

The staffs of five Los Angeles golf clubs will stand at attention for one minute while two Air Force jets fly overhead. Sport was Eisenhower's favorite pastime until his health failed.

Schools and government offices in many states shut down for all or part of today. Post offices closed and mail deliveries were suspended for the day.

At Broadway theaters, a minute of silence will be observed before curtain rise.

Three major league baseball exhibition games, three American Basketball Association

games, racing at Miami's Gulfstream Park and the qualifying round of the Greater Greensboro Open golf tourney in North Carolina were canceled.

Trains of the Erie-Lackawanna and Chesapeake & Ohio-Baltimore & Ohio railroads will stop for one minute during the day.

One of many memorial services will be held at the Air Force Academy in Colorado, founded in 1955 during the late president's first term.

An evening service will be held at Valley Forge, Pa., at the Freedom Foundation's Faith of Our Fathers Chapel.

The Mormon Tabernacle Choir set a noon service at the Tabernacle in Salt Lake City.

"The nation and the world will miss his wisdom and valiant service," said David O. McKay, president of the Mormon Church. "I cherish the memory of my visits with him both here in Salt Lake City and at the White House."

About 5,000 people gathered in Anaheim, Calif., Sunday, where bands, choral groups and Hollywood figures led the mourning.

"We all loved Ike," said Jimmy Durante. "He was my friend, your friend, everybody's friend. We sure miss him."

Officials of the Episcopal

diocese of Denver, where Eisenhower suffered his first of seven heart attacks in 1955, announced that the cardiac care unit of Spaulding Rehabilitation Center would be named in the former president's honor.

Palm Sunday church services echoed President Nixon's eulogy for Eisenhower.

"We're sorry over the death of President Eisenhower. But we have the happiness of the memory of his dedicated life," said Archbishop Francis J. Connors, outside of St. Patrick's Cathedral in New York City where Eisenhower's name was read in the prayer for the dead.

Gila Indians joined an elderly crowd at the First Presbyterian Church in Phoenix, Ariz., Sunday. Tribal Judge Perry Ross said, "President Eisenhower has always been my favorite general and my favorite president."

In Boston, the Rev. Dr. Frederick M. Meek, minister of Old South Church, United Church of Christ, recalled that Eisenhower "was a man of war who once said at Boston University that it was the business of the church to put generals like himself out of business."

## Leaders of World Assemble for Rites

WASHINGTON (AP)—The common people of this silent capital trudged in shuffling, over-lengthening lines past the soldier's casket of Dwight D. Eisenhower today while world leaders assembled to pay their final tribute.

The funeral day of America's 34th President dawned radiantly clear and the file of mourners—two double lines, moving deliberately but steadily—quickly grew.

Soon it stretched from the hushed Capitol Rotunda, where the late general of World War II lay in state, down the broad steps and far out into the Capitol Plaza where he twice took the oath of the presidency.

The leaders of American government and representatives of most of the world's nations would be there this afternoon at the start of his funeral procession.

Among them: President Charles de Gaulle of France, the Shah of Iran, King Constantine of Greece, King Baudouin of Belgium, West Germany's Chancellor Kurt Kiesinger and dozens more.

The march of mourners halted briefly while King Baudouin, clad in air force uniform with purple sash, presented a white floral wreath. He placed it gently, then stood at sharp attention and saluted.

Again the quiet, tearless, affectionate line moved. By mid-morning fully half its numbers were children. Schools were closed and government offices closed on this day of national mourning.

At the other end of Pennsylvania Avenue, De Gaulle, here to mourn a World War II comrade in arms, conferred privately in the White House with President Nixon on the problems of a world not yet made safe for democracy.

Other presidents, prime ministers, kings and chancellors were to be received formally by President and Mrs. Nixon in the early evening.

By then the invitation-only funeral for the hero-president, under the soaring gothic arches of Washington National Cathedral would be over and a funeral train would be carrying the one-time Kansas farm boy back to the plains of Abilene for burial.

Among the throngs that came to the Capitol to pay their personal tribute and murmur their private prayers were thousands of the Negroes who make up three-fourths of Washington's population.

But most were the white, middle class Americans who made Ike the most popular figure of his era.

They thinned in the harsh lights of television as they came in from the cold to the place where their Ike lay in state.

Inside, their ranks parted to

## De Gaulle, Baudouin Visit Nixon

WASHINGTON (AP)—French President Charles de Gaulle and President Nixon talked together at the White House today for nearly an hour.

De Gaulle, riding in a small French-made Citroen sedan that barely accommodated his tall frame, came to the White House at 9:57 a.m. EST.

After their meeting, Nixon escorted him out of the South Portico entrance at 10:54 a.m. and they posed briefly for pictures before the French leader drove off, after a farewell handshake.

King Baudouin of Belgium also called on Nixon at the White House, arriving at 11 a.m. The two leaders were among notables here for the funeral of former President Dwight D. Eisenhower.

De Gaulle, who spoke to Nixon in Paris a month ago, has said he will return to the United States later for a formal visit.

Standing without hat or coat in a chill wind, Nixon awaited De Gaulle's arrival. The French

## Chance Played Big Part In Ike's Historic Role

"Eisenhower: A Gauge of Greatness" has just been completed by Reiman Morin, famous Associated Press War correspondent, two-time Pulitzer Prize winner, and author of a biography of Winston Churchill and other books.

The only complete biography of our late President, it is a big, handsome book with 364 pages and nearly a hundred pictures in color and black and white.

Morin had known Eisenhower for 25 years, had covered many of his activities as military leader and President. To obtain material for this book he talked with him for hours, and with many of his associates. Moreover he had the inestimable advantage of access to the general's personal files.

You can obtain a copy of this outstanding book through this newspaper at only \$5. It is now on the press and will be ready shortly.

EDITOR'S NOTE—This is the first of five articles on the life of one of America's best-loved figures. It is based on the author's forthcoming book, "Dwight D. Eisenhower: A Gauge of Greatness."

By REIMAN MORIN  
AP Special Correspondent  
A strange pattern appears again and again in the whole of Dwight D. Eisenhower's story, a sequence of events that seems almost to have preordained him for his great role in history.

He makes a certain decision, unaware that it will lead to a turning point in his life. Short accident brings him to other turning points. If he had made a different decision at a particular moment, or if events had developed differently, it is extremely unlikely that he would have been chosen to lead the mightiest army in history, and then to be elected President of the United States. Indeed, it is

doubtful that the world ever would have heard his name.

The nexus—destiny or blind chance—is clearly visible, binding together the strands of his two careers.

This is not to say that Eisenhower was merely a fortunate man. He brought to each new undertaking a keenly analytical mind, vision, determination, and the physical and mental stamina to work long hours. He took advantage of his opportunities, but nothing came to him on a silver platter.

Nonetheless, his life is a fascinating study in "ifs."

The first of these appears in 1910, the accident that sent him to the United States Military Academy.

He had graduated from high school in Abilene, Kan., and was desperately anxious to go to college. Any college. However, his elder brother, Edgar, had just entered the University of Michigan and Dwight, for financial reasons, would have to wait. He took a job as night foreman in the Belle Springs Creamery in Abilene.

Eisenhower's closest friend was a schoolmate named Everett L. Haslet, Jr. Dwight called him "Swede." Throughout the Second World War and even when he was President, Eisenhower corresponded regularly with his friend. Some of his most interesting and touching letters began with the salutation, "Dear Swede."

## Easter Series 1 Even Jesus Agonized At Death's Approach

EDITOR'S NOTE—Death is gnarled olive trees. He flung man's every day companion. Yet man's deepest instincts rebel against the thought of dying. The following first of five articles dealing with the Easter period takes up man's relations to death and its meaning in the Judeo-Christian tradition.

By GEORGE W. CORNELL  
AP Religion Writer  
The candle burns out, and you're gone. It is the end, the awful finality. And it comes to all men. They don't like to think about it, but they must die.

"You are dust," says the Genesis account of creation, "and to dust you shall return."

It is no pleasant prospect, in the Judeo-Christian view. Modern culture tries to obscure it, avoid talk of it, mask it in soft music, whispers, flowers and coffee ceremonies. But it haunts the human consciousness.

It troubles every man. It troubles Jesus of Nazareth.

He became "weepful and troubled," the book of Matthew relates, on that fateful spring midnight of 30 A.D. when He took His agonies up on the wooded hillsides of Gethsemane outside Jerusalem to await His arrest.

"My soul is in agony, even to death," He told them, "Remain here, and watch with Me."

He left them beside an old oil press, and went on alone into a small clearing among the

Agency of Death  
Despite His mastery of life, He shuddered at the approach of death. Despite His complete realism, His total commitment to man's existence, and perhaps more because of it, He agonized at its fate.

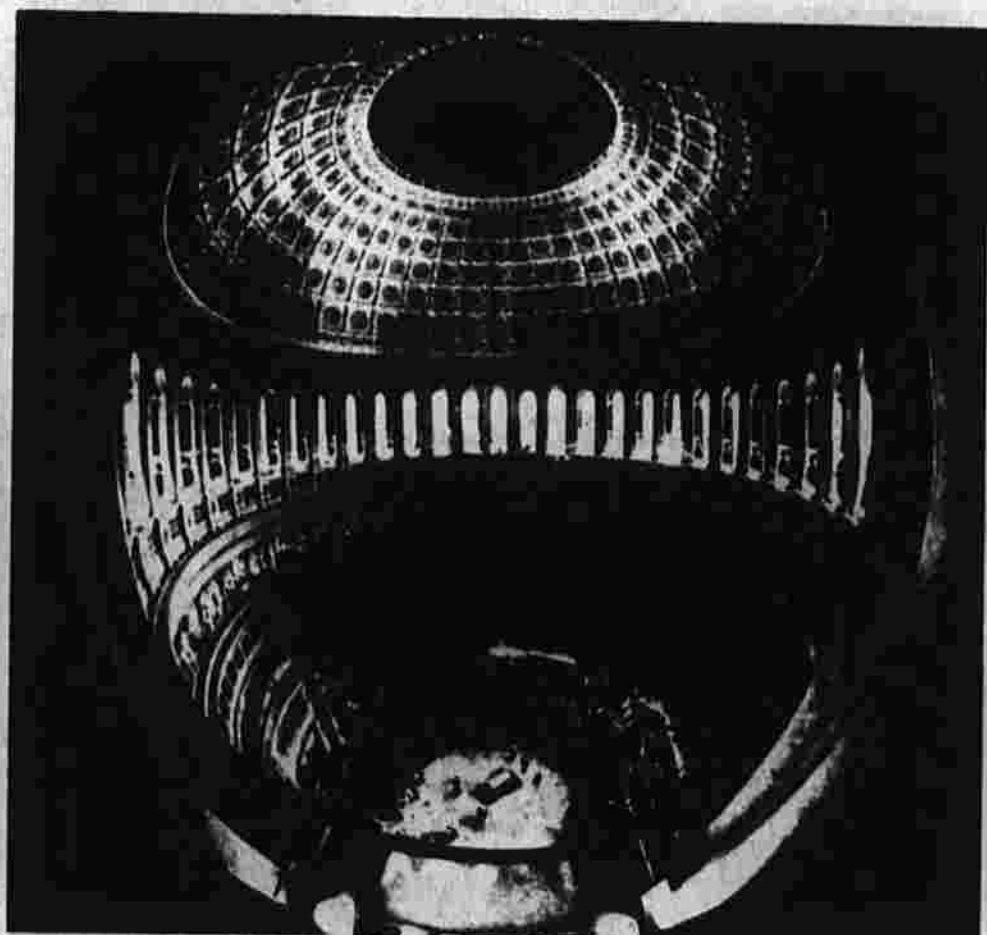

He shared the universal human misery, the underlying dread, the realization of the impending blow that eventually engulfs everyone and everything a person loves, possesses, wishes, strives for and hopes.

It is man's ultimate helplessness, his final frustration and defeat, the tragedy of his condition.

And it remains unresolved by all his medical marvels, his stunning technology and scientific facts in a century when, as theologian Dietrich Bonhoeffer put it, man appears to have "come of age" to manage his own destiny.

Indeed, man's capabilities built so immense that they almost seem to give him total responsibility, an all-sufficiency for himself and his world. It is a powerful contemporary reli-

### Eight Killed In Mishaps On Weekend

By THE ASSOCIATED PRESS  
Five Connecticut residents died in weekend traffic accidents which included a crash in which a Fairfield couple died in a chain reaction accident on the Connecticut Turnpike.

The latest death reported was that of Ronald Bell, 38, of Cheshire. He died Sunday in a two-car accident in Bristol.

Mr. and Mrs. Henry Leavsky of Fairfield died early Sunday, police said, when involved in a chain collision on the Connecticut Turnpike in Westport.

According to police, Mrs. Leavsky, 41, was driving when the car crashed into the rear of a truck, stopped for minor repairs from behind. No other injuries were reported.

Steven Yungt, 21, of East Hartford, was pulled dead from his car, which had submerged in the Connecticut River off Route 2 after tearing up 200 feet of guard rail near East Hartford Saturday morning, police said.

Darrell A. Davis, 26, of North Stonington, hit a tree along Route 2 in Poveyville and was also killed early Saturday, police reported.

In Ludlow, Mass., Jonathan L. Kusillas, 6, of Hamden, was killed Sunday when struck by a car, apparently while crossing a street near the home of relatives, said police.

Mortie St. Thomas F. Statery Jr., 26, of Stamford was killed Saturday near Doylestown, Pa., when he fell from an auto and was struck by another car. Police said he was stationed at Willow Grove Naval Air Station near Philadelphia.

Also Saturday, Marilyn Ann Whitmarsh, 21, of Groton, was killed in Gloucester, Va., in what police said was a two-car crash. A car driven by the victim collided with a station wagon near the intersection of U.S. 17 and Virginia 410, police said.

### Chance Played Big Part In Ike's Historic Role

(Continued from Page One)

In the year before, Haislett had received a Congressional appointment to the United States Naval Academy, but had failed the entrance examination. Now, having obtained a second appointment, he was taking special studies in preparation for a second try.

"Swede" often came to the crematory at night to pass the time with Ike. One night, he approached an idea—why shouldn't Ike try for an appointment to the Academy? He pictured the fun they could have together. They might even be roommates. But he touched the most responsive chord when he said, "Look at it this way, Ike. Here's a chance for an education and you don't have to pay for it."

The thought took root. Ike promptly wrote to both Kansas Senators asking for an appointment to Annapolis. One, J. L. Bristow, replied that he proposed to fill them in competitive examinations. May the best man win.

With "Swede's" help, Ike crammed furiously for a month and then went to Annapolis for the examinations. Playing it safe, Eisenhower said that in the ensuing years more than two dozen Tufts alumni each took him the tests for both service schools.

To his immense delight, the senator later advised him that he had scored highest (among four applicants) for the appointment to the Naval Academy and second (among eight) for West Point.

Then came a crucial shock. Having passed his 20th birth-

### Hebron Town PTO Won't Split Into 2 Units

The Hebron PTO has voted to table the matter of dividing the PTO into two separate units until next year.

The 16 members who attended the special meeting last week felt it would be best to work together.

Mrs. Edith Long, Mrs. Rita Chamberlain, Mrs. Marie Fontanella and Mrs. Jan Touhey were named to serve as a nominating committee. They will bring in a slate of officers for consideration at the next meeting.

The PTO will meet April 18 at Hebron Elementary School auditorium for a second youth night which will feature Boy and Girl Scouts units of Hebron and the 4-H Club.

The PTO will sponsor a visit to the elementary schools by the Mansfield State Training school band on April 15. The band will play two concerts, one in the morning and the other in the afternoon. The children from the Old Hill School will be housed to Hebron for the concert. The band members will join the Hebron children for lunch.

Library Closing  
Mrs. Daniel Horton, librarian, has announced that the Douglas Library will be closed all day and evening on Good Friday.

The annual meeting of the Douglas Library will be held on April 8. The library will be closed that evening due to the meeting.

The Hebron Women's Club will meet Wednesday at 2 p.m. in the home of Mrs. Karl Lankford on Rt. 26. Hostesses for the meeting will be Mrs. Irene Wright, Mrs. Helen Hills and Mrs. Carrie Lathier. The members will hold an exchange of plants, bulbs and shrubs.

Bulletin Board  
The Hebron Board of Education will hold a special meeting tonight at 8 in the Old Hill School to continue work on the 1969-70 budget proposal.

The Hebron Board of Finance will meet tonight at 8 in the town office building to hear budget presentations from all town officials, committees and agencies.

Custodian Retires  
Harold Gray, custodian of the Hebron Elementary School for 17 years, retired Friday. During his final week of employment, he was feted with several chess parties in the corridors bulletin boards in the corridors which were decorated with various ways of saying thank you and farewell.

Ralph Miner will become day custodian beginning this week. Applications for the position of night custodian are now being accepted at the Hebron Elementary School. Paul White, principal, will interview all applicants.

### Coventry Program for Slow Students Prepared by Town, UConn

Arnold G. Freilman, director of Pupil Personnel Services in the Coventry Schools, has announced a joint cooperative project in special education with the University of Connecticut. Dr. James Strauch, assistant professor in the department of Special Education at UConn, will serve as university director of this program.

The project will be essentially a two-phased program, with phase I operating for approximately six weeks at UConn, and phase II operating for approximately six weeks at the Coventry schools. The program is designed to provide a total program for educable children, primarily through high school, and presently is serving children also at the intermediate and high school levels of the Manchester Public Schools.

### The Clean Water Is on the Right

Raw sewage is coming out of the left culvert while the rest of Bigelow Brook comes out of the other. The culverts are emptying into Hillard Pond on the north side of W. Middle Tpke. near the Parkside. Area residents report the sewage flow this weekend has been much heavier than usual. The sewage is overflowing from the sewage pump house on the south side of the culverts. Although town officials say they chlorinate it, the sewage is not even shredded. ### Three-Cell Suite Built in Event Sirhan Convicted

LOS ANGELES (AP) — A state of three cells—complete with living and dining quarters and a television set—is being built for Sirhan Sirhan in case the young Jordanian is convicted of assassinating Sen. Robert F. Kennedy.

The California Department of Corrections wants Sirhan to stay in the special enclosure cell whether he gets life imprisonment or the death penalty. "If he's convicted," a Corrections Department officer said, "there's always the chance that some inmate would try to kill him. We've spent about \$5,000 to remodel this section so he'll never come into contact with other prisoners."

The walked-off suite of cells is being prepared at the California Medical Facility at Vacaville, near Sacramento. A bill pending in the California Legislature would permit Sirhan, if sentenced to death, to stay there rather than at San Quentin's death row as is now required.

Sirhan's trial, starting its 13th week, was recessed Friday until Tuesday with rebuttal witnesses for the prosecution on the stand. The defense has rested its case with testimony that Sirhan did not premeditate the assassination in Los Angeles last June 5.

Phil Guthrie, the corrections officer, said preparations for Sirhan's incarceration were being made in advance of a verdict because "we'd get him within days after sentencing if the jury convicts Sirhan of first-degree murder. It will decide the penalty—death or life imprisonment."

Sirhan would be confined to a cell with a television set, a dining table and a living room. The cell would be built in the special enclosure cell whether he gets life imprisonment or the death penalty.

### British Criticized for 'Snub' To Eisenhower's Memory

LONDON (AP) — The British church in January 1965 government faced criticism in and wondered: "Could it be that Parliament and the press today the position is now reversed and what some newspapers that Britain is underestimating called a snub to the memory of the importance of the funeral of President Dwight D. Eisenhower."

Johnson sent Chief Justice Earl Warren to Churchill's funeral, and Eisenhower attended or a distant relative of Queen Elizabeth II, to represent the royal family at the funeral of the late Sirhan Sirhan.

The London Times ran a special four-page supplement on Eisenhower today in which the paper's Washington correspondent, Louis Heren, said Eisenhower's place in history will be as "the last of the old presidents."

Prime Minister Harold Wilson is on a trip to Africa, and the Queen and Prince Philip were attending the dedication today of a chapel in memory of her father, King George VI.

The Telegraph noted that Healey is the eighth-ranking member of the Cabinet and that Mountbatten, once Britain's top soldier, now holds no official position. But the Times said the defense minister was a suitable choice because Eisenhower's closest connection with Britain was as supreme allied commander in World War II.

The Mirror said American commentators whom it didn't name had suggested it would have been more fitting if Britain had sent Prince Philip, the husband of Queen Elizabeth II, or Prince Charles, Britain's future king. Prince Philip attended the funeral of President John F. Kennedy in 1963.

The paper recalled that President Lyndon B. Johnson did not attend the funeral of Sir Win-

### Truman Unable To Attend Rites

WASHINGTON (AP) — Harry S. Truman, one of the two surviving former Presidents of the United States, will be able to attend the funeral today of Gen. Dwight D. Eisenhower, the Eisenhower family reported.

A family spokesman said Truman was unable to attend the funeral because of his poor health. He is recovering from a heart attack.

Dear Mr. & Mrs. Manchester Citizen:

The Manchester Scholarship Foundation wishes to call to your attention the important fact that many young people of our community have a vital need for financial assistance if they are to have the opportunity to pursue their post secondary education. This need can be met successfully with your cooperation.

As you are aware, the Foundation administers funds contributed by area residents for scholarship awards to worthy student applicants. We are certainly very proud of the accomplishments to date and the response by our community.

You may wish to consider the establishment of a particular scholarship and a donation of \$100.00 or more will permit this at your request. All other donations are most welcome and will be included in the general fund of the Foundation for use in awarding scholarships.

The Foundation holds a tax exempt certificate and any amount that you contribute is tax deductible.

Please send your donation to the Manchester Scholarship Foundation, Incorporated, 257 East Center Street, Manchester, Connecticut.

With sincere appreciation,

### Tollard Teachers, in Newsletter, Describe Pay Negotiations

Members of the board of Education and the Tollard Education Association Negotiating Team have been continuing on a weekly basis since December without any publicly announced progress or agreement.

Both groups agreed to respect the privacy of the negotiating team sessions and to use only joint statements.

In the first public newsletter issued by the Tollard Education Association, however, Robert Halls, chairman of the TEA Contract Negotiating Team, has included an article explaining the proposals being presented by the teachers, with the exception of salary requests.

The newsletter contains various items of interest to the teachers and the general public, providing an insight into activities in the local schools.

Halls notes the two negotiating teams meet every Thursday evening in the teachers room of the high school from 7:30 until 10:30, where "we find ourselves trying to convince the board of teachers' needs."

Additional coffee hours will be scheduled to keep the teachers informed.

Halls defended the consultation procedures included in the new and Mrs. Barbara Halls, members of both negotiating teams have been meeting with almost no absences.

"Such a procedure is desirable in that it allows for the discussion and resolution of problems in an open, non-hostile atmosphere," Halls explained.

The school board and the TEA of eight meetings with teachers have agreed to meet monthly in all areas "to learn of their needs and requests," Halls reported.

"We then proceeded to revise many of the articles presented a year ago in our contract, keeping foremost in our minds those statements made by our staff."

The two were taken to Manchester Memorial Hospital after their car went off the road and rolled over, according to state police.

Edward J. Suss, 19, of 370 Vernon St., the driver of the car, was taken to the hospital suffering from facial cuts and possible chest injuries.

Also treated at Manchester Hospital was Robert Kraviec, 19, of 22 Lodge Dr. He was treated for facial cuts and later released. A second passenger escaped injury.

The accident is still under investigation by State Trooper Clifford Lutz.

Pilgrim Fellowship Champs The United Congregational Church Pilgrim Fellowship basketball team defeated the Vernon Union Congregational Church team to gain the championship of the Church League Basketball program. The final score of the game was 76-60.

Members of the championship team are Larry Anderson, Conrad Deira, Robert Wong, Richard Miller, Ed Sherman, Russell Wild and Peter Brown.

The team will play the coach's tomorrow at the Vernon Elementary School.

## Vernon General Government Budget At \$3.3 Million—a 26% Rise

By BARBARA RICHMOND

A proposed general government budget of \$3,324,226 for 1969-70 was submitted today to the Board of Representatives by Mayor John E. Grant. The figure represents a 26 per cent increase.

This figure with the proposed education budget of \$5,390,218, making a total of \$8,714,444, could mean a 13-mill increase over the present \$5.5 rate. A total of \$5,245,504 is to be raised by taxation.

The increase in the general government budget is largely due to a 40 per cent rise in the figure for debt interest and principal which went from the current figure of \$631,000 to \$1,282,775.

This includes a \$2 million sewer extension project and a \$1.5 million sewer revolving fund. It also includes a \$1.9 million 40-room elementary school for an addition to the Talcottville school will be almost totally reimbursable by the state.

The public works requests total \$27,511. This is 16 per cent less than the current figure of \$321,099, due to the transferring of some \$90,000 for street lighting into the Traffic Authority budget.

The budgets for the two fire departments are up 73 per cent from \$108,494 to \$184,410. The major portion of the increase is due to a request of District 1 for a new fire truck.

The police budget is up 29 per cent from \$26,872 to \$33,833. This increase is mainly due to increases in salaries for personnel and requests for new cruisers.

Recreation requests went up 12 per cent from \$73,334 to \$82,406. All other department requests went up about 18 per cent, from \$99,449 to \$117,511.

The Board of Education submitted its proposed budget to the Board of Representatives.

The proposed increase of slightly over \$1 million over the current budget of Representatives, Mayor John E. Grant. The figure represents a 26 per cent increase.

The Mayor also said it is the intention to pursue every opportunity to obtain federal and state grants through the Community Development Act Program.

Submitted with the budget was a message from Mayor Grant which is basically the same as his message of last year.

The Mayor notes that cuts made in proposed new equipment, new programs and requests for increased manpower do not mean that he has established a policy for necessities as a set policy for the future. He said, rather, that he feels the town must mark time, purchasing only what it absolutely needs to maintain the status quo until, "we are able to catch our breath."

The Mayor cited the increase in the education budget as a hard blow for all. He said, "We expect to practice frugality to a fault until this blow has been nullified by a broadening of the tax base via new commercial and industrial growth."

The Mayor further said that an extensive wage spiral in the police and public works departments has threatened to push the government portion of the budget to an uncomfortable height.

"Programming of work in advance of the fiscal year is essential and closer tally of hours Street here.

Police said there were no injuries and negligible damage to the second-floor blaze which broke out in the hotel around 11:30 p.m. The fire was out by time firemen arrived, police said.

Bethen was arrested after a witness said he carried a car into the building. Police said "During that year," he said, "we hope to resume our attack they are analyzing the contents of the car and holding Bethen to our citizens by updating the \$10,000 bond."

At the White House, President Nixon and Mrs. Nixon attended Sunday school, the memorial service for Eisenhower with a tree in Vietnam and a mortarium on arms spreading.

Rabbi Samuel Silver of Temple Israel, chaplain of the Jewish War Veterans of the U.S.A., Kan., where young Eisenhower attended Sunday school, the memorial service for Eisenhower was held in Stamford.

"By making the move," Halls said, "President Nixon would win a billion hearts. And if our enemies fail to accept our initiative, at least the world will know who is for peace."

Most stores and large industry remained open. Community officials like Danbury Mayor, an action would be especially significant "now when we are in the midst of a joint holy season."

Churches and synagogues throughout Connecticut and the nation passed today during their Lenten and Passover observances to honor the 34th President at a routine service.

GOLD CARDS

This is the sign that will be displayed in many of the following windows in the near future. It is to indicate the names of the cooperating merchants who are honoring the Manchester Senior Citizens' Gold Card Program. The merchants are volunteering to provide the Gold Card holder with a "nominal" discount on various purchases made at their place of business. This type of service is believed to be a "first" in this area, especially to include so many in one package.

The Director of the Senior Center wishes to apologize to the many merchants he did not have time to contact to see if they would be interested. However, he would afford these merchants the opportunity of adding their names to this list, by contacting the Senior Citizens Center Office. Along with this list Mr. Fortin, Senior Citizens director, has compiled the discounts and limitations for each place of business and has made out a few rules for the Senior Citizens to follow. These lists must be picked up at the Senior Center by the Gold Card holders as soon as possible.

"positive, comprehensive actions go far beyond those of recent years." They see little prospect of an escape from a necessity for being about through increased social security and other governmental programs...

The Age Of The Consultants For some time so governmental unit has felt capable of tackling any major problem without first hiring some firm of business efficiency experts...

As In Life As in life, so in death Dwight Eisenhower brings his readers a kind of peace. The character of the nation's mourning for him reflects it.

Other recent national funerals have found us accustomed to bear witness with ten hearts, to the brutal ending of untimely careers of high promise.

Instead of imagining what Dwight Eisenhower might have become, we are privileged to remember what he was.

His best powers and potentialities had been given their full chance, and had proved themselves fully, with full dividends for the society and time in which he lived.

We fear we may never see another like him, and that is part of the affection with which we say our ritual farewell.

We know we are mourning, but we cannot deny that we feel good about the way we are privileged to do our mourning.

This leaves the consultant firm alone on a pinnacle of their own—the last surviving instance of enterprise which functions outside the culture in its own right.

Moreover, it will be little short of a miracle if a \$3.5 million bond issue for two new integrated high schools, up for vote late this spring, actually passes.

Our "Golden" Years Down in Washington, a Senate Special Committee on Aging has just issued a report prepared by a study group of social scientists and economists.

The "Gap" is Overdone The much-cited "generation gap" strains the credibility of many Americans and they're not all older.

The main terrible thing the study says is the "demographic" truth: "The economic problems of old age are not only unsolved for today's elderly, but they will not be solved for the elderly of the future—today's workers."

We all know we live in a time when social custom has become one in which the older people are somehow supposed, for their own better enjoyment as well as the greater ease and comfort of their children, to live alone.

And, on top of all this, we know that the dollars the elderly receive from one kind of income or another—social security, retirement plans, personal insurance, life savings, investments—are all dollars which inflation has cut down to a fraction of the worth and purchasing value they had when they were originally saved and contracted for.

True, there is atomic energy and satellites and space travel and wonder that is being currently proposed or offered—generally under the name of care, special tax relief for the elderly—does not begin to touch the broad and bitter, red and shiner, clothing and transportation problems of many people who get old and then encounter poverty for the first time in their whole lives.

These were the changes that made possible the "discovery" of subsequent generations. Praising youth is an old custom, but it can be overdone.

Greater opportunities to learn, more open to young people today; if they take advantage of them, they will be more knowledgeable than their parents. But human nature doesn't change in 30 years so much that "young" and "old" is the difference between a savage and a superman—SPRINGFIELD UNION.

MCC Presents Peter Yarrow

Peter Yarrow of the Peter, Paul and Mary trio will present "What's Happening Now," a one-man show, on April 9 at 8 p.m. in the Auditorium, Manchester High School, sponsored by Manchester Community College program committee.

The public may purchase tickets at the door. MCC students will be admitted free. In this program, Yarrow will incorporate his many creative talents reflecting today's youth scene and rapidly changing social values. He recently co-produced a movie, "You Are What You Eat," a multimedia "youth forum" dealing with the "young theme."

As a member of Peter, Paul and Mary since its inception in 1961, Yarrow has contributed to the group's repertoire by writing and arranging songs. When not working or traveling with the trio, he pursues personal interests in music, painting, architecture, physics, and psychology.

He began his study of art and painting at an early age in New York City, where he studied at the St. Louis University and Art at Cornell University, he majored in physics.

Subsequently, he became a member of the St. Louis University School of Medicine for 11 years, has been appointed chairman of the new department of community medicine at the St. Louis University School of Medicine.

The announcement was made last week by the Rev. Edward J. Drummond who said the St. Louis Department will sponsor the latest developments in epidemiology, preventive medicine, public health, and medical care administration.

### Bolton 'Mikado' at High School Scheduled for April 18, 19

The Bolton High School Choir will present "The Mikado" April 18 and 19 at St. Maurice Church. This will be the first musical to be performed by the group. It will be directed by Keith Green, high school music instructor.

In the lead roles will be Pam Green as Tom Yum, Wayne Warren as Nanki Poo, Mike Brodeur as Posh, Alan Cocco as Koko, Alan Hill as Katisha, John Peterson as Fish, Duane Lefebvre as the Mikado, Kathy Geer as Pitty Sing, and Sharon Carpenter as Sharp Shooter. The cast will also include a chorus of 41.

The costumes for the performance will be rented from the Manchester Gilbert and Sullivan Workshop, which presented "The Mikado" earlier this year.

Bolton's first all-Bolton fashion show will be presented tomorrow night by Girl Scout Troop 103 at 8 p.m. in the Education Building of Bolton Congregational Church.

The Quilters and ladies from the Junior Women's Club will have their hair styled by Traci Hill (of Rt. 6) and will model clothes from Pandora's Box (in the Notes).

Proceeds will go toward the troop's camping trip in May. Scouts modeling will include Debbie Negro, Pam Wade, Donna Christie, Kathy Dixon and Sara Young.

Ladies modeling will be Mrs. Gill Bolonseau, Mrs. Norman Lezmaire, and Mrs. Alan Witte. The public is invited. Refreshments will be served.

Beach Association  
The Rosedale Beach Association will meet tonight at 8 at the home of Aloysius Ahearn, 9 Lynnwood Dr. to discuss the situation regarding roads in Rosedale and to plan possible courses of action to bring the roads in the area up to standard.

The meeting is one of the board of directors, but it is open to any person in Rosedale, and in the town, who is interested.

Town Office News  
The new dog warden will begin his duties tomorrow. He is George Tuttle. He lives on the corner of Volpi Rd. and Charter St.

### De Gaulle, Boudouin Visit Nixon

(Continued from Page One)  
President emerged from his car for a smiling exchange of handshakes, then joined Nixon in posing for photographers. The American and French flags whipped in the breeze beside them.

Although De Gaulle wore his military uniform when he went to the Capitol Rotunda Sunday night to pay his respects to Eisenhower, he appeared at the White House wearing a black civilian suit.

While posing, Nixon and De Gaulle chatted continuously, presumably in English since the American President does not have a speaking knowledge of French.

It was De Gaulle who signaled an end to the session with photographers, turning with Nixon to enter the executive mansion. Nixon and De Gaulle conferred in the yellow oval room in the family living quarters.

This room opens onto the balcony which Harry S. Truman built on the south side of the White House when he was president.

### New Phone Directories To Be Delivered Soon

Delivery of more than 55,000 building complete the mailing of new phone directories to telephone subscribers in the Southern New England Telephone Co. area.

The new directories' front cover illustration, titled "Connecticut a place to visit... a place to live," was created by Clinton artist Bern Hill. The color sketches feature the Charles W. Morgan wharves at Mystic Seaport, the Putnam Memorial Park in Redding, the New Canaan Congregational Church, Bull's Bridge in Kent, and the A. N. Jorgensen auditorium at the University of Connecticut. A typical rural scene and a representative industrial

### 12th Circuit Court Cases

MANCHESTER SESSION  
The case of Harold W. Woods, 24, of 44 N. Main St., in three counts that say... a fur thief— all since last year—was set for a hearing for probable cause after Woods entered not guilty pleas. Three counts in Circuit Court.

The probable cause hearing is set for April 10. Woods is charged with four counts of breaking and entering with intent and four counts of larceny.

Michael J. Dennis, 21, of Windersville Rd., Rockville, pleaded not guilty to charges of three counts of breaking and entering, three counts of larceny and one count of aggravated assault. Thursday, his \$5,000 bond was reduced to \$1,000, and a hearing for probable cause was set for April 1 by Judge Francis Quinn.

Dennis surrendered himself at Manchester police headquarters March 25, after he phoned the police station and said he was wanted on warrants out for him, according to Det. Sgt. John Wright.

Dennis is accused of committing three local breaks, all on March 7, and of breaking into two days later. The man was reportedly beaten so severely that he required hospital treatment.

A 16-year-old Hartford boy, Stephen J. Kuevich, who is accused of attempted breaking and entry in connection with the fabled break into the VFW home recently, appeared in court Thursday but pleaded guilty with a thick sheaf of additional charges. Kuevich's attorney, public defender George Boyter, asked for a continuance to study the added charges.

Police say Kuevich and another East Hartford youth are responsible for a total of 19 area breaks.

Alfred Calchiera, 19, of Stratford Springs, had two of three charges against him dropped Thursday. A charge of delivering liquor to a minor was not. On a charge of opening a motor vehicle while his license was under suspension Calchiera was found not guilty because of the circuit court assistant prosecutor, William E. Collins, failed to establish adequate notice of Calchiera by testimony in court. A third charge of procuring liquor by a minor, resulting in a guilty plea and a \$40 fine.

Cases continued Thursday included the following:  
Shirley O'Connell of Springfield, two counts of obtaining money under false pretenses, possession of stolen goods and fraudulently an inkeeper, to April 17.  
George B. Frank, 29, of 122 Oakland St., larceny to April 17.  
Geoffrey G. Obo, 24, 801 Main St., breach of the peace, to April 11.  
David J. Bartlett, 24, of Taylor St., larceny by receipt, to May 8.  
Robert Hollowell, 41, of 250 Bidwell St., driving under the influence, and operating a motor vehicle while his license was under suspension, to April 17.  
8500 bond dropped, public defender to be appointed, to April 17.  
Cases disposed of included, Patricia Kervella, of 404 N. Main St. operating a motor vehicle while her license was under suspension, sentenced to 15 days, suspended.  
Tracy W. Cole, 41, of 111 Walnut St., fraudulent issue of a check, noted after restitution had been made.

### Vernon PTO Will Hear Principal On New Report Card Plan

C. Arthur Mattson, principal of the Lake Street School, will present tentative plans for a revised report card system for the Vernon School at a meeting of the PTO Council tomorrow at 7:30 p.m. at the Maple Street School.

The program will also include many other important items. The bylaws committee, representing each PTO, will recommend that the council membership be changed to include the principals of all schools having PTO's, all PTO presidents and two at-large members from each organization in addition to a representative from the Board of Education.

Miss Edith Casati, chairman of the Board of Education, will explain a request for the council to be expanded, a Peace Corps Volunteer from Washington, D. C., will be invited to speak to the council at a date to be determined.

### Tolland 8th Graders Warned On Breaking Law

Atty. Harold Garrity recently spoke to eighth grade students at the Tolland Middle School as part of the observance of Youth and the Law Day.

In his informal talk to the eighth graders, Garrity described the state courts which pertain to young people, and the importance of avoiding a court record.

He cited typical case histories of young persons who have broken the law and what the results were. The questions and answer period following the program proved most informative and valuable, according to Middle School Principal Vene Harding.

The Youth and Law Day program is jointly sponsored by the Connecticut Bar Association, the Connecticut State Federation of Women's Clubs and the Hartford Insurance Group. It was the second annual program to be held here.

Seventh grade students at the middle school also recently held a skating and sliding party at Cranford's Pond.

About 40 seventh graders attended the event which was organized by the class officers Brent Gottler, Geoffrey King, Diane Pelletier and Terry Jedzowski. They were assisted by seventh grade advisors John Campbell, Robert Jellen and Joseph Pacheco.

Graphic Field Trip

The Graphic Arts students at Tolland High School made a recent inspection trip to the U.S. Envelope Co. in Rockville, where they became acquainted with the job opportunities in the field of printing and paper converting.

"The students were impressed with the diversification of job opportunities and the friendliness of the plant atmosphere," according to school Principal Howard Harvey.

Students participating in the trip were Dennis Buckley, Gary

### Joseph A. Volz Retires, Banker for 32 Years

Joseph A. Volz, assistant vice president and manager of the Connecticut Bank and Trust Company's Manchester-N. Main St. office, will retire tomorrow after 32 years in banking.

W. Moulton, presently a loan officer at the N. Main Branch, will succeed Volz as branch manager.

Volz began his career in banking with the Manchester Trust Co. in 1937. He was named an assistant treasurer of that bank in 1952, when he became manager of the newly opened N. Main St. branch. He was advanced to assistant vice president in 1957, a year before the Manchester bank merged with Connecticut Bank and Trust.

A longtime resident of Manchester, Volz is clerk of the Eighth Utilities District and a member of the Campbell Council, Manchester Knights of Columbus, third and fourth degree, and a member of the Bishop McElshon Fourth Degree Knights of Columbus in Hartford.

Mr. and Mrs. Volz, the former Lauretta Bellman, are both natives of New Britain. They live at 61 Belmont St. and have three children and nine grandchildren.

An enthusiastic sportsman, Volz plans to spend much of his new leisure time fishing.

Moulton joined CBT in 1945 as a proof clerk. He later worked in various operating departments of the bank and spent three years in the credit department. In 1961 he was assigned to the East Hartford Office as an officer's assistant, and was named an assistant treasurer in 1965. He has been at the Manchester-N. Main Office since November 1968.

Active in civic affairs, Moulton has worked in various community funds drives and currently a member of the Man-

chester Rotary Club and is past vice president and treasurer of the East Hartford Rotary.

Moulton is also national president of the Appalachian Mountain Club, the oldest and second largest mountaineering organization in the United States.

The Moultons have two daughters and live in South Windsor.

### Dietary Staff May Unionize

The Hotel Restaurant Employees Union, Local 89, AFL-CIO, has filed a petition with the State Labor Board to organize the Dietary Department at Manchester Memorial Hospital.

Union officials say they have about 85 per cent support of the 65-70 hospital cafeteria workers. The state requires only a 50 per cent show of initial strength to file a petition.

The petition was filed March 21, and the hearing has been set for Wednesday at 2 p.m.

Hospital administrators are now challenging their number 100 hospital cafeteria workers. The state requires only a 50 per cent show of initial strength to file a petition.

### Meade Alcorn Turned Down Cabinet Post

HARTFORD, Conn. (AP)—Meade Alcorn, Republican National Chairman from 1967-1969, has disclosed he could have held a cabinet position in Washington but preferred to return to his Connecticut home.

In an interview with the Hartford Times just after former President Dwight D. Eisenhower's death Friday, Alcorn said that after 2½ years as head of the GOP, he decided to resume his Connecticut law practice.

Alcorn had taken over the head GOP spot in January, 1967 and replaced Leonard W. Hall who had resigned. In those years the position was non-salaried and the chairman received only travel expense and an apartment in Washington for his services.

When he learned Alcorn might be named to the cabinet, Alcorn said he would have accepted a place on "a very, very close basis."

"I told him I appreciated it, but that circumstances were such that I didn't think anything could induce me to remain in Washington," Alcorn said.

Alcorn failed to elaborate, but said he and Eisenhower worked for me in the cabinet.

"The position of GOP national chairman is now paid."

# Los Angeles' Willie Davis Sideline With Fracture Palmer Hurls Scoreless Innings

**NEW YORK (AP)** — Los Angeles' Willie Davis, who has been running into trouble since their fateful 1966 World Series encounter, now Palmer appears set to do a double duty after two breakers are still going against Davis and the Dodgers.

Palmer, plagued by recurring arm trouble since 1966, when he won 14 for Baltimore and then became the youngest pitcher ever to lose a Series shutout, scattered three singles over eight innings Sunday at Pittsburgh 5-0 in a 173 exhibition record.

Meanwhile, Davis, whose three errors on successive plays helped Palmer and the Orioles lose Los Angeles 4-0 in the second game of their '68 Series, has been sidelined from three to four weeks with the hairline fracture of the right arm.

Today's schedule has been curtailed because of the funeral of former Baltimore pitcher Jim Palmer, who broke an ailing arm in the following spring and no clearer than one hour later with a .287 average, then dipped to .250 last season, was hit in the arm by a Claude Raymond pitch in Saturday night's 3-2 victory over Atlanta.

The Braves beat the Dodgers 4-1 Sunday while Los Angeles topped Philadelphia 5-3, Washington downed Kansas City 5-1, Boston edged Detroit 5-4 in 12 innings, Cincinnati downed Houston 4-1, the Chicago White Sox handled the Cardinals in Montreal 4-0 and Los Angeles 5-0 in a 174 exhibition record.

Elsewhere, California shamed San Diego 5-0, Seattle got by the Angels 2-0, the Chicago Cubs pounded Oakland 8-3 and San Francisco outlasted Cleveland 14-1.

# Second Best for Avis Only, Not San Francisco Giants Rearrange Lineup Willie Mays Leadoff Man

**PHOENIX, Ariz. (AP)** — On the third game of the San Francisco Giants' 1969 guide there is an interesting set of statistics: The composite National League standings for 1958-1968, the 11 seasons the Giants have spent playing in San Francisco.

The Giants are in first place, 24 1/2 games ahead of second-place Los Angeles, 33 games ahead of third-place St. Louis, and so on. But the long-suffering Giants fan will quickly point out, the Giants only one of those seasons, 1962.

# NHL History Makers Surpass Old Records

**NEW YORK (AP)** — Its record-breaking regular season ended, the National Hockey League prepared today for the annual Stanley Cup playoffs.

In the East Division, the champion Montreal Canadiens beat the third place New York Rangers and runner-up Boston Bruins face the fourth-place Toronto Maple Leafs in Wednesday's opening games at the West, champion St. Louis is again against third place Philadelphia while second-place Oakland faces fourth-place Los Angeles.

In Sunday's final games, New York thumped Toronto 4-0, Boston edged Montreal 5-3, Chicago whipped Detroit 3-0, Pittsburgh edged Philadelphia 2-1 and Los Angeles tied Minnesota 2-2.

In Saturday's games Montreal clinched the East title by beating Boston 5-3, New York topped Toronto for third place 4-2, Chicago and Detroit played a 1-1 tie, Philadelphia and Pittsburgh tied 3-3, Oakland bombed Minnesota 7-2 and St. Louis dropped Los Angeles 3-1.

With all final positions determined after Saturday's games, Sunday's action was strictly for individual honors and record setting.

Boston's Phil Esposito pushed his point scoring streak to an incredible 108 and tallied his 48th and 49th goals of the season, shattering the record for a center of 47 held by Montreal's Jean Beliveau.

Esposito's linemate, Ken Hodge, scored his 44th and 45th goals of the season as the Bruins finished the season with a record of 308 goals and 100 points, three of the Canadian's championship goals.

The Penguins finished in a tie for fifth place in the West with Minnesota, which got a goal with less than four minutes to play from rookie Joe Johnston to Los Angeles. It was Johnston's first NHL goal.

In the East Division, the champion Montreal Canadiens beat the third place New York Rangers and runner-up Boston Bruins face the fourth-place Toronto Maple Leafs in Wednesday's opening games at the West, champion St. Louis is again against third place Philadelphia while second-place Oakland faces fourth-place Los Angeles.

In Sunday's final games, New York thumped Toronto 4-0, Boston edged Montreal 5-3, Chicago whipped Detroit 3-0, Pittsburgh edged Philadelphia 2-1 and Los Angeles tied Minnesota 2-2.

In Saturday's games Montreal clinched the East title by beating Boston 5-3, New York topped Toronto for third place 4-2, Chicago and Detroit played a 1-1 tie, Philadelphia and Pittsburgh tied 3-3, Oakland bombed Minnesota 7-2 and St. Louis dropped Los Angeles 3-1.

With all final positions determined after Saturday's games, Sunday's action was strictly for individual honors and record setting.

Boston's Phil Esposito pushed his point scoring streak to an incredible 108 and tallied his 48th and 49th goals of the season, shattering the record for a center of 47 held by Montreal's Jean Beliveau.

Esposito's linemate, Ken Hodge, scored his 44th and 45th goals of the season as the Bruins finished the season with a record of 308 goals and 100 points, three of the Canadian's championship goals.

The Penguins finished in a tie for fifth place in the West with Minnesota, which got a goal with less than four minutes to play from rookie Joe Johnston to Los Angeles. It was Johnston's first NHL goal.

# Palmer, Boros, Snead Tied Darkhorse Wins Golf Tournament

**MIAMI, Fla. (AP)** — Bunky Henry bounced his two-headed, 2-year-old son—one of three—on his knee and talked about what he was going to do with the \$40,000 he had just won.

"I am going to keep it in the bank," he said.

Henry, 28, son of a Valdosta, Ga., banker and former place-kicker specialist for the Georgia Tech football team, is the latest of succession of dark horse winners on the \$40,000 pro golf tour.

Despite a triple-bogey 8 on one hole, the boy-took-long southerner overtook his best pal, Bob Murphy, for the first prize check in the bizarre \$200,000 National Airline Open Golf Tournament.

His best paycheck previously this year was \$22,500 at Pebble Beach. He had missed the cut in two tournaments and in six others had finished between 21st and 79th.

# Mercury Wins Atlanta 500 Using Ford's New Engine

**ATLANTA (AP)** — Ex-farm boy Cale Yarborough won the Atlanta 500 stock car race Sunday when he headed back to South of the Border to win his second child, with a \$21,027 check to boot.

"I hope I get there in time," said the blood, stockily built driver who celebrated his 30th birthday in the Atlanta raceway garage area Wednesday.

Yarborough, a popular favorite with the crowd estimated at better than 20,000, drove his 1969 Mercury through the final line three seconds ahead of close friend David Pearson to claim his first victory of the season.

But it was Pearson who captured the crowd's fancy. The 34-year-old Ford driver elected to start at the rear of the 40-car field when he decided to use a compound differential, the one on which he qualified for the front row. NASCAR rules require that the driver start on the tires it used in qualifying.

"The dardevil Pearson, all day long, drove through the breakaway pack at such breakneck speed that he looked like the lead within 10 miles of the race, and he was there when the two drivers and every other driver was incidental.

"It was a great ride," said Yarborough, whose \$136,000 in winnings last year set a record for stock car drivers. "I never thought I was in trouble, and actually I thought I had a lap."

Tony Dumont, Buffalo, Conn., ran Yarborough's 1969 Mercury. It was a 1969 Mercury, the one that Yarborough drove to victory in the 1968 race. # Willis Reed, Walt Frazier Lead New York's Attack Knickerbockers Stun Baltimore

**BALTIMORE (AP)** — Willis Reed and Phil Jackson led the New York Knicks to a 107-97 victory over the Baltimore Bullets Sunday night.

Reed scored 38 points and Frazier 26 points in a game that was a clear display of foul and injury. Reed started with a player foul and was fouled out by Coach Gene Shue, who had to back seat to nobody. Frazier was fouled out by Reed with 11:14 left in the game.

Reed's starting five takes a Baltimore's Eastern Division title.

# Alcindor Offered \$5 Will Go To the NBA

**MINNEAPOLIS (AP)** — George Mikan, who says he signed for something like \$10, when he entered professional basketball, awaited word today from Lew Alcindor on an American Basketball Association offer worth more than \$25 million.

Alcindor has said he will sign with the Milwaukee Bucks of the NBA from 1970 to 1975 and now the ABA commissioner, Arthur J. Brown, owner of the New York Nets, still hopes to sign Alcindor to a five-year, \$1 million contract, an annual payment of \$200,000.

"I signed for something like \$10," said Mikan. "I didn't want him Alcindor to have to worry about his life after he's finished playing basketball."

"We all don't consider the negotiations ended," Mikan said. "All this can do is pick up the phone."

Alcindor, however, said Saturday in Atlanta that Milwaukee's offer "made me a very lucrative offer. They're real good people up there and I had no difficulty deciding to sign with them."

Mikan revealed terms of the deal after Saturday at a news conference.

"It includes five per cent of the Nets, a \$500,000 advance bid for a year."

# Baseball Writer Dies in Boston

**BOSTON (AP)** — Edmund P. "Bud" Cunningham, former Boston sports writer and for nine years secretary of the Boston Braves of baseball's National League, died Sunday night at his home in Boston.

Mr. Cunningham, of Quincy's Wollaston section, was known as an expert on baseball and was the official scorer for the Red Sox. St. Louis Cardinals writer John H. Johnson, who was in Worcester, traveled with the Buffalo Bills to New York City to see Cunningham, who was the secretary of the Worcester Telegram.

In 1947, he joined the sports department of the Boston Herald, where he specialized in baseball writing. He became the starting pitcher with the Red Sox in 1950 and was named secretary of the Braves the following year.

When the team was sold, Cunningham became secretary of the state's first Employment Compensation Commission.

Young Richard Robertson, 18-9 with Phoenix last year, and Mercury McCormick, hoping to escape the Boston Herald, also were in the news. McCormick, 19-1, served in later years as a writer for the Herald. He was a 1950 Merit award winner and was named secretary of the Braves the following year.

# Ryun Plans On Olympics In Munich

**LOS ANGELES** — He is 21 now, a married man, a college senior about to go out into the world.

In the past a two Olympic Games, world record performance in the 800 mile, the glimmer and the label as the world's greatest middle distance runner.

Yarborough, who almost quit racing three years ago, now has won \$20,000 on the professional stock car circuit.

# Underdogs Jinxing Season Winners Celts Stymie 76ers

**PHILADELPHIA (AP)** — If the Boston Celtics are dead, somebody better check the coffin.

When the Celtics finished fourth in the National Basketball Association's Eastern Division this season, experts figured the Boston dynasty had ended. They buried the Celts.

Harve's death for those so-called experts: The Boston Celtics not only are alive, but they are the best team to beat for the NBA title.

The fourth-place Celtics beat the second-place finishing Philadelphia 76ers 125-118 Sunday night to take a 3-0 lead in their best-of-seven semifinal series.

Sam Jones, John Havlicek and Don Nelson applied the straightjacket on the 76ers in the seventh inning, but was satisfied.

"I got a little tired and my shoulder started a little bit," he said, "but that's nothing unusual." Lonborg said, "I felt wonderful out there—nice and loose. I was not trying to overpower the batters, just throw strikes."

Lonborg, who was handicapped by a sore shoulder after recuperating from knee surgery in 1967, was the only pitcher to manage only a 6-10 record last season. He appeared in top form Sunday night, but he was not the pitcher he was in 1967.

# Indiana Pacers Win Title, Colonels Lose to Oakland

**NEW YORK (AP)** — The Indiana Pacers can stop pacing. They've won the American Basketball Association's Eastern Division championship.

It all came about Sunday night when the Kentucky Colonels, last team to have a chance to catch the Pacers, lost to the Western champion Oakland Oaks 119-112 and fell into a flatfooted slump.

James Jones, who had 20 points, led the Pacers to a 107-97 victory over the Baltimore Bullets Sunday night.

# Fans Cheer European Swimmer Swim Title Assured Indiana NCAA Champ

**BLOOMINGTON, Ind. (AP)** — With another national collegiate swimming title assured for their team, Indiana University fans gave their support to a young foreign swimmer with spectacular results.

Alan Hansen, a 19-year-old West German swimmer from Long Beach State, was helped along by chants of "Go, Go, Go" and a 44.9 leg.

Oregon freshman Mike Dirksen won the 200 breaststroke Saturday night in 2:08.62. First time swimmer won the 1,600-yard freestyle in 21:08.62.

"I was beginning to hurt, but I heard the cry and felt pretty good again," the 19-year-old little 5-foot-6 swimmer said after his 19:24 victory. He broke the record set by UCLA's Mike Burton in 1968.

"Like nine other NCAA meet records set, Hansen's mark also was an American record.

The other new standards posted Saturday night were 1:38.4 by Charlie Hickox of Indiana in the 200 backstroke, and the 1:02.7 by Southern California's Waples 400 in the 400 freestyle relay team.

"I was hoping for \$3,000, but I'm satisfied," Hansen said. "I'm satisfied," Hansen said. "I'm satisfied," Hansen said.

Our car the movie star.

Incredible as it sounds, you're looking at the romantic lead of a big Hollywood picture.

Please, no autographs.

The picture is Walt Disney Studio's "The Love Bug." And our VW appears in all its real life splendor as Herbie, the main character.

Why would a big film studio want to make a movie star out of the bug?

Why not?

Signing one up for a lifetime costs only \$17,999. That's less than they have to pay other movie stars in a single day.

Once signed up, the bug won't suddenly start making crazy demands. A gallon of gas for every 27 miles or so is all.

No studio could ask for a less temperamental star. It'll work any time, anywhere and in any weather.

"Or one with fewer bad habits. It doesn't even drink water."

Or one that ages so gracefully.

And of course, there isn't a performer around that's better known to the public appearances on the road every day?

Your "Love Bug" button and sticker are waiting for you.

Laird Cutting Military Another \$613 Million

WASHINGTON (AP)—Secretary of Defense Melvin R. Laird, moving to cut military spending another \$613 million, announced today plans to reduce B62 bomber sorties and trim several naval ships in the Vietnam war. Laird also told the House Armed Services Committee he is postponing purchase of a missile called SRAM until tests show whether it will work. These actions, representing about half the \$813 million, brought to more than \$1.1 billion the amount of spending pared by Laird from the Johnson administration's final defense budget for fiscal 1970. The new total stands at \$77.9 billion for the bookkeeping year starting July 1. Pentagon officials indicated more slashes are under study. Laird made it plain the fresh spending reductions were related to President Nixon's call for income tax surcharges. "The nation is confronted with an extremely difficult and dangerous economic and fiscal situation," Laird said. He noted Nixon had ordered "significant reductions" in federal budget estimates to cope with the problem. The Pentagon chief's second attack at the defense budget included stretching out some projects, deferring others—and in some cases reversing actions. Laird announced to the Senate Armed Services Committee two weeks ago that he would cut 1,000 B62 bomber sorties in Vietnam. Laird is willing to pay for the higher monthly number only until July. Transmitting his switch into money, Laird asked about in half his March 19 request for \$122 million in additional 1969 operating funds. The defense chief mentioned trimming some of the Navy's ships operating off Vietnam to help save \$28 million by laying up 18 vessels it has been taking. Laird gave no hint how many of the 18 ships have been taking. (See Page Eight)

In Today's Herald

The first of three articles on the drug problem in Manchester is printed in today's Herald. It was written by Robert Dixon, coordinator of youth activities for the town. It tells how the problem came to Manchester and what the town is trying to do about it. Look for it on page 2. On page 7 the Herald carries the second of five stories on the life of Dwight D. Eisenhower. Today's story concerns the influence of Gen. Rex Connor on the young military officer who was to become the president of the United States.

Heart Attack Kills Judge In Ray Trial

MEMPHIS, Tenn. (AP)—Judge W. Preston Battle has died of a heart attack, making the possibility that James Earl Ray may get the trial by jury he now says he wants. The 60-year-old jurist was found dead in his chambers Monday night. On March 10 he had accepted Ray's plea of guilty to the murder of Martin Luther King Jr. and sentenced him to 99 years in prison. Later Judge Battle disclosed Ray had written from the state penitentiary advising that he wanted to withdraw his plea and stand trial. Charles Galbreath, a Tennessee Appeals Court judge, said today that if the letter is construed as a motion for a new trial, the state would have to give Ray one. Galbreath said such a motion must be granted under state law if the trial judge dies or is judged insane while the case is pending.

Rumor, Ky Others Pay Nixon Visit

WASHINGTON (AP)—Prime Minister Mariano Rumor of Italy led a day-long procession of foreign leaders into President Richard M. Nixon's oval office today. Rumor was the first of a dozen foreign officials who were holding individual, private sessions with Nixon at the White House. Another was South Vietnam's Vice President Nguyen Cao Ky. The guests were getting a red carpet welcome at the diplomatic reception entrance on the south side of the executive mansion, after driving through the grounds between ranks of a saluting military honor guard. From the arrival point, they were escorted to their appointments in Nixon's office. Ostensibly, the President's chair with foreign leaders who came here to attend funeral services for former President Dwight Eisenhower were largely ceremonial in nature. However, press secretary Ronald L. Ziegler pointedly declined to rule out substantive discussions on world affairs. "There is no agenda," he said. Ky will be flying from Washington to the Vietnam peace talks in Paris and it is certain he and Nixon would discuss that party, as they did when they met in Paris a month ago during the chief executive's European tour. In a way to those associated with the Vietnam peace talks, they had resigned themselves to the work. They had given up hope of being plunged into an alien midnight. (See Page Two)

Navy Considering New Missile Sub

WASHINGTON (AP)—Secretary John H. Chafee disclosed today the Navy is considering a new long-range submarine missile system to meet the increasing threat from the Soviet Union in the 1970s. Chafee told the Senate Armed Services Committee of plans for the new, multi-billion dollar system, even as work is beginning to convert the first of 31 ballistic missile submarines from the Polaris to the new multi-warhead Poseidon. His testimony was given to a closed committee session but was made public. Chafee said "it is quite clear that the Soviet Navy presents a serious and growing threat to our continued supremacy on the seas," including a nuclear threat that "has grown more rapidly than expected, both in quality and in number." He cited the possibility of an extensive Soviet submarine warfare effort against the U.S. fleet of 41 Polaris and Poseidon submarines and said "in preparation for such Soviet efforts, we are examining a long-range submarine launched missile system."

Idea of Afterlife Baffling to Man

EDITOR'S NOTE—Even the apostles could hardly believe the phenomenon of Christ's resurrection, and so did you. "Look, look at them!" he cried in wonder. "I never knew one would rise again, and so did you." In the stark darkness, she encountered a grandeur she had never realized existed. It was as if she had entered a strange and unknown environment, where there was only hazy gloom, but instead she beheld astonishing glory. In a way to those associated with the Vietnam peace talks, they had resigned themselves to the work. They had given up hope of being plunged into an alien midnight. (See Page Two)

W. PRESTON BATTLE

In the case of a petition for a writ of habeas corpus—where a prisoner claims his rights were denied—Tennessee Supreme Court Chief Justice Hamilton Burnett said Battle's death would have no effect on the case. "It makes no difference at all," Burnett said, adding that a petition of this kind could be filed in another judge. Criminal Court Clerk James

High Court To Decide Civil Rights Question

WASHINGTON (AP)—The Supreme Court, in a major civil rights move, agreed today to decide whether Negroes have a right to use all-white community parks and swimming pools. The case-setting case comes from suburban Fairfax County, Va., where a Negro family suing a house from a white family was forbidden to use the subdivision's recreational facilities. Both families sued and claimed violations of their civil rights. They said the 1968 civil rights law, which the court has said is unconstitutional in private housing sales, also protects the Negro family's right to use the facilities. Last June, acting on an earlier appeal, the court directed Virginia state courts to reconsider rulings against the two families. The Supreme Court of Appeals of Virginia, October, turned the case down on procedural grounds. Now the high court itself will settle the issue, in a ruling that undoubtedly will have broad racial implications. Last term's decision assured operators were freed by the union from a \$100 fine and were suspended from the union for a year when it was found that they, and other members, had exceeded the production ceiling for piece workers. Half the production workers at the plant are paid on a piece work or incentive basis. The union rule, enforceable since 1944 by fines and expulsion, allows members to produce as much as they like each day but sets a ceiling rate for how much pay they may draw on a particular day. Their overproduction is "banked" by the company and workers on days when the production ceiling has not been reached. The decision, given by Justice Byron R. White, dealt with quotas set by the union is a matter of internal policy not forbidden by federal labor law, the court said 7 to 1. The decision, given by Justice Byron R. Over 150 Trapped In Mexican Mine

MONTERREY, Mexico (AP)—A fiery blast of methane gas trapped 145 to 166 men 1,700 feet down in a Mexican coal mine today and officials reported it may take as long as 16 days to reach all of them. Mine company officials in Coahuila State were checking the two mine shafts where, according to work list data, supposed to be working. The 166 men went down into the mine before the explosion Monday afternoon. The blast showed 42 miners trapped in the No. 3 shaft, where the explosion occurred. Officials said it was probably caused by a short circuit. Another 128 were trapped in representative of the company, the nearby No. 2 shaft, officials said. All were believed to be at a depth of about 1,700 feet. Troops were rushed out to control victims' families who crowded at the tunnel entrance. The mine is at Barricoteran, with a population of 6,000 people, about 75 miles southwest of the Texas border town of Eagle Pass. "It was a tremendous explosion blowing parts of the mine entrance into the air," said Dr. Emilio Lopez of the Barricoteran hospital, who witnessed the blast. "We have no injured. They were either all killed at the entrance or trapped below. The lucky ones had left. They were able to take out a boiler of some of the dead miners because they were on their way up and near the exit." The mining company is one of (See Page Eight)

Chinese Communist Party in Session

TOKYO (AP)—The congress of the Chinese Communist party opened today in Peking. Premier Chou En-lai, Deputy Premier Liu Po-cheng, Chen Po-ai, and other top leaders were present. The congress is expected to approve a new constitution drafted at Mao's direction—was forthcoming soon. The constitution names Deng Xiaoping as Mao's successor and opens the way for appointment as well as election to leading organs of the party. The radio said Liu was on the platform with Mao as the con-

Ike's Burial in Abilene Tomorrow Hushed Crowds Gather To View Funeral Train

By THE ASSOCIATED PRESS ABILENE, Kan. (AP)—Past hushed clusters of townsfolk who had called him Ike, the body of Dwight David Eisenhower was borne today in a black hearse toward burial at Wednesday in his home town of Abilene, Kan. In groups of hundreds and crowds of thousands gathered at towns and crossings throughout the long night-time pull across Virginia, through the Alleghenies and over the Ohio. Americans paid silent homage at the trackside to the 24th American President. Only a handful waited when the 10-car train reached Cincinnati's Union Terminal in a steady rain, here to transfer from the Chesapeake and Ohio tracks to those of the Baltimore and Ohio—the steel ribbon across the plain taken by the funeral train of Abraham Lincoln 84 years earlier. A memorial service at the terminal planned by Ohio Gov. James A. Rhodes and the dignitaries of nearby cities had been canceled at request of the widow and family, worn by the tears and strain of three days of funeral pomp and homage in the nation's capital. Instead, the rust-flecked and nut-atracked baggage car was who died in infancy, will be
