### GM resounding reasons why you should buy a new Chevrolet instead of a new something else:

**1** Higher resale value.

No other car in Chevrolet's field gives you as much back on your initial investment. Year after year. You may never want to sell your Chevrolet, but if you do, it'll be rewarding.

Deep down value.

When you buy a Chevrolet you get exclusive things like flush-and-dry rocker panels which help combat rust. And inner enders that keep your outer fenders looking good longer.

Smooth, smooth ride. Chevrolet springs are computer selected. Linked with Full Coil suspension and advanced body mounting system, it

▲ Impressive styling. Reason enough alone to go with Chevrolet. The

5 Massive interiors.
Result? Room to stretch out room for people and their luggage. Chevrolet actually has more front leg room than any other car in its field.

Putting you first, keeps us first. (England)

6 Side-guard beams.
A steel side-guard beam is built into

A steel side-guard beam is built into every big Chevrolet's

**7** A finish that lasts. In Chevrolet's field a new "something else" won't have Magic-Mirror acrylic lacquer finish. Which is unfortunate because Chevrolet's 15 colors sure keep their shine.

Exceptional engines. Chevrolet's standard 350-cubic-inch V8 runs on regular

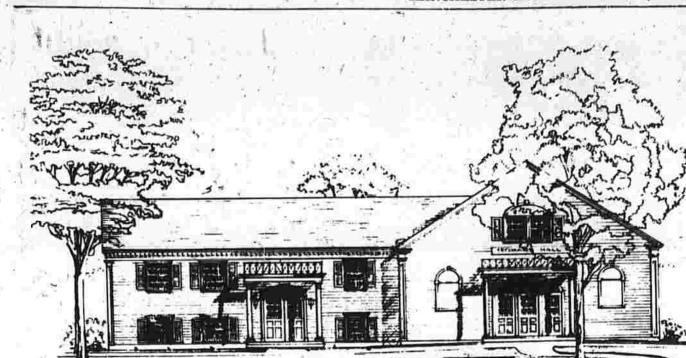

uel. So does an even larger 400-cubic-inch V8 that you can order There are also four other fine performing engines available. Tremendous selection.

Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. Of custom features you can add. And of models to pick from. There are nine different big Chevrolets alone.

America's favorite.

Something else a new "something else" can't claim:
America's most popular car. If actions speak louder than words,
doesn't this say something to you? See your Chevrolet dealer.

### Columbia Taxpayers Vote 51-Mill Rate

Voters at the annual town meeting this week approved a lating open burning in town, town should resume mailing tax rate of 51 mills, an increase of four mills over last year. They also, at long last, approved the sum of plans for an addition to the town hall for office space, as presented by the building committee. The cost of this addition is not to exceed \$60,000, which is already in a non-resum for the parade which has grown which is already in a non-resum for the parade which has grown which were incorporated into Columbia correspondent Virginian plans, many of the control of the parade which has grown which were incorporated into Columbia correspondent Virginian plans, many of the control of the parade which has grown which were incorporated into Columbia correspondent Virginian plans, many of the parade which has grown which were incorporated into Columbia correspondent Virginian plans, and the three selectments are Myron Berkowitz, chairman, Edward Carlson, Henry Ramm, Sam Members of the second building committee, who finally came up with the acceptable of July parade, the money to be taken from surplus funds.

In the past several years the beginning plans, many of the parade which has grown which were incorporated into Columbia correspondent Virginian plans. which is already in a non-recurring expenditures fund and does to such proportions that the the present addition.

The fact that Rinfret in large part complied with these requests is less significant than what they revealed about the Administration's economic think-

In the first place, the White House does not agree with many Democrats and some Republi cans that severe recession is just around the corner. Rather, it realizes galloping inflation is still the nation's top pocketbook issue and figures to remain so. That recognition makes the White House sensitive to Democratic charges that Mr. Nixon's refusal to jawbone has forced up the cost of living. Statistical arguments to that effect by Dr Arthur Okun, President John son's economic advisor, provide Democratic campaign fodder.

Consequently, the White House is gratified by Rinfret's testimony that to-jawbone or not-tojawbone is far from the heart of the problem. But apart from countering

Democratic arguments, the White House must find positive answers to a worsening problem. Not only will the voter be feeling the continuing rise in the cost of living right into the 1970 election, but tight money has triggered a depression in housing emerging as a major issue. Thus, to relieve both housing and hard-pressed state and local governments, the President must try to make more money available without feeding in-

To resolve that dilemma, the White House is now looking at credit controls, a proposal plugged endlessly the past year by Rinfret and fellow economist Eliot Janeway without arousing much interest in Washing-

On This Date

NOTICE

The following ordinance was adopted by the Town of Bolton, Connecticut at a Special Town Meeting held November 24, 1969. BUILDINGS ON LOTS WHICH ABUT UNACCEPTED STREET OR HIGHWAYS,

BUILDINGS ON LOTS WHICH ABUT UNACCEPTED
STREET OR HIGHWAYS,
Regulating Construction of
Section 1. No Certificate of Registration, Certificate of Approval or Certificate of Occupancy as required by the Zoning Regulations of the Town of Bolton or the Building Code of the Batte of Connecticut shall be issued and no building or structure shall be erected on a lot abutting on an unaccepted street or highway except as hereinafter provided.

Section 2. The Planning Commission of the Town of Bolton may permit and authorize the issuance of a Certificate of Registration, Certificate of Approval or Certificate of Occupancy on a lot which does not abut on an accepted street or highway provided the following conditions have been met:

(1) The applicant or holder of the Certificate of Registration, Certificate of Approval or Certificate of Occupancy has deposited with the Planning Commission of the Town of Bolton a surety bond or equivalent, with adequate guarantee sufficient to cover the cost of all required street or highway improvements as determined by the Planning Commission.

(2) No Certificate of Approval or Certificate of Occupancy shall be issued unless at least one street leading from a town accepted street or highway or a state highway to the building or dwelling has been brought up to the approved rough coat or hard top base and the street drainage system is in operable condition satisfactory to the Planning Commission.

Section 3. It shall be the responsibility of the applicant or holder of the Certificate of Registration, Certificate of Approval or Certificate of Approval in or Certificate of Approval in the applicant or holder of the Certificate of Registration, Certificate of Approval or Certificate of Approval in the applicant or holder until the surety bond is released.

Section 4. The surety bond shall be released only when all of the required improvements for the street or highway have been completed to the satisfaction of the Planning Commission.

Section 4. The surety bond shall be released only when all of the required improvements for the street or highway have been completed to the satisfaction of the Planning Commission.

Section 5. The Planning Commission of the Town of Bolton may also permit the issuance of a Certificate of Registration, Certificate of Approval or Certificate of Occupancy on a lot which does not abut an accepted street provided:

(1) The issuance of the Certificate shall be in harmony with the general purpose and intent of the zoning and subdivision regulations, with due consideration for conserving the public health, safety, convenience, welfare, and property values soley with respect to a parcel of land where, owing to conditions especially affecting such parcel but not affecting generally the district in which it is situated, a literal enforcement of this ordinance would result in exceptional difficulty or unusual hardship so that substantial justice will be done and the public safety and welfare secured; and

(2) Whereas said Commission finds it is not desirable or feasible to lay out a public highway sbutting the tract upon which the building is proposed to be built, because of undue hardship or the impractibility or impossibility of providing a fifty foot public highway to the lot upon which the building is proposed to be erected.

Section 6. A building erected in violation of this ordinance shall be deemed to be an unlawful structure and the Town, through the soning agent appointed by the Bolton Zoning Commission, may bring action to enjoin the erection of said structure or cause it to be vacated or removed.

Section 7. Any person, firm or corporation erecting a building or structure in violation of this ordinance shall be fined not more than \$200.00 for each building or structure so erected in addition to the relief herein granted to the Town under Section 6. of this ordinance.

Section 8. All ordinances, and regulations and parts of

Blind, She Teaches Sighted, Sightless

Miss Gertrude DeLeo is teacher at Mansfield State Training School: home, which she shares with two dogs and four colorful birds; and has impeccable taste in matching colors of wearing apparel. She is also blind.

year old as the result of a childhood illness, Miss DeLeo has a completely positive atti-tude toward her handloap. She is very much the extrovert, ensightless—at Mansfield, and her fole de vie opens one's eyes to he world he has always seen but really never known. For several years, she has lived at 98 Falknor Dr., first

with a foster mother and later a foster sister. Now she lives alone. "This house is everyrecords and everything I need. How lucky I am!" She was placed in a nursery school for the blind in Farmthe Blind in Hartford, from which she graduated. After receiving additional training at a Confined to the house all day, "Gay" greets her mistress with typical exuberance. On Miss

the dog to me," Miss DeLeo explained, "but only 2½ weeks with none read music. They perform once a year at the school."

The 11-member giee chub of blind residents, ranging in age from 18 to 60, is something else, according to those who have attended their "road" concerts. One person said Gov. John Dempsey must have heard the group 100 times during his teems of office. "And I doubt if it was ever with a dry eye," he added.

"The blind are capable of a lot more in harmony and rhythm than the sighted," Miss DeLeo pointed out. "We do tots of work with tape recorders, and they love it. They have an uncanny rote memory. The

secret of their success is singing To the sighted and the sight

"Sound of Music."

"Beveral have absolute pitch, and the oldest person is one of them. I don't need a pitch pipe when we travel. She gives the pitch, and I provide the rhythm with a soft whisper or semetimes only a breath."

Miss DeLeo explained why so many should have perfect pitch in a small group, "Some children are blind because of an oxygen tack at premature birth. Some professional people have a special class."

Like a Tiger Today HONG KONG (AP) - China base. The shift came as the muting its demands that its people prepare for war, is exhorting them now toward rapid exspring" with thousands of "Mao pansion of agricultural produc-Such orchestration of national teams" urging greater producpriorities reinforces a belief tion while playing down war hat Peking's once-ominous talk To mobilize the people, mass of war was basically to mobilize

The logic of this argument is that China's masses, weary and the cultural revolution, could best be united again by the threat of attack. Once the nationalistic adrenalin was again running strong, the people's mo-mentum could be turned into more productive pursuits.

Fervent nationalism erupted following the series of border clashes with Soviet troops last year.' Mao 'Tse-tung's call to "be prepared against war, be prepared against national disaster and do everything for the peo-ple," rang through the country. Public fears were kept at high

and Washington were plotting assaults on China. Actual preparations for war were widely undertaken by thousands throughout China These included carving the insides from entire hills around Canton for bomb shelters. A Chinese from Hong Kong, who recently visited Canton, said one shelter was equipped with

Peking Sounds Less

campaigns to conserve water and expand farm land have been daunched. In addition to economic gains the campaigns are instrumental in developing automatic responses from th public and channeling their thoughts in one direction. Soldiers by the battalions have been ordered out of garrisons to prepare fields for their own source of food and to help the farmers. Following Mao's order to "support the government and cherish the people,' thousands of troops seem in volved more in agriculture work than in preparing for war. The overriding goal in China today, as determined from broadcasts monitored in Hong

Kong and from Chinese publications, is to carry out a "new leap forward." The primary emphasis is on agriculture, with industrial expansion closely tied in. Great priority is being given to increasing grain production, particularly wheat. In this connection, Peking is obviously concerned about a drought that stretches through the primary wheat belt, affecting four prov-

west to Klangsu on the central coast. The drought could sharply undermine efforts to increase wheat production and reduce foreign exchange last year to import 4.6 million tons of wheat. The tonnage is a full 20 per cent of China's estimated 1969 crop of 23 million tons and the money is badly needed to reinvest in the new leap forward. A spattering of war talks still comes from Peking but other factors raise questions about China's real belief in war. Economic experts remain unconvinced that China's high imports of steel, copper and rubber are for war preparations. They note these items can be plowed into industrial expansion
