Reception Slated For **Teachers**

Teachers who will be new to the Vernon, Tolland and Ellington school system this coming school year, will have an opportunity to become acquainted with the area, Sept. 3. The Rockville Area Chamber of Commerce will sponsor its annual "Teacher's Welcome" reception on that day starting at 2 p.m. with a bus tour of

Although the exact number of new teachers is not firm, to date it is figured there will be some 200 in the tri-town area. It is expected that about one-third of that number will attend the re ception. This low figure is primarily due to the fact that many of the teachers are local The bus tour will start from the Tolland High School and will

return to the school for refresh ments and brief welcome talks from the officials of the three The Chamber will provide six guides to point out spots of inerest along the bus route. Packets containing items of interest from the area will be presented to each of the teach

R. Bernard Crowl, executive director of the chamber, is acting as coordinator for the activities. Tour guides will be John Carter, Ralph Lipman, Peter Olson, Gardner Ruggles and Kenneth Waldron.

orchestra's annual deficit of \$200,000. John S. Lillard, president of the symphony board, said a sellout crowd would solve the financial problem.

The orchestra will finish the concert with Tschaikovsky's "1812 Overture" which will include a large fireworks display at the end, fired from barges on the nearby Ohlo River.

OPEN DAILY FROM 1 till 7 Directions: From Hartford, take Rt. 2 to the North Westchester, Moodus Exit, turn right onto Rt. 149. Westchester Hills is 1 mile on right.

Maybe the trouble with your heating system,

is it isn't a system. If your heating oil, your burner, and your furnace do not match, you don't have a system. This can be inefficient. And expensive.

That's why we perfected our own heating system. It starts with clean Mobil heating oil. Perfectly matched to the Mobil Thermo Jet burner that burns clean. Both matched to your furnace that's matched to the heating requirements of your home. That's a real system. That's efficiency. That's inexpensive. And to keep this efficient system operating efficiently, we service the whole system. So you might say we're part of the system, too. heating oil

All Are As One The fact that everybody's existence is it stake in the possibility of peace talks in the Near East is explanation of how difficult it has been to get these talks going even after basic agreement to hold hem had been obtained.

The same fact - that everybody's existence depends on these talks — is also urgent reason for asking considerable sacrifice in order to see that the talks get going.

Israel and the Arab nations have their own survival directly involved, and are necessarily and naturally jealous to guard against the slightest yielding of advantage either way in the process to which they have now agreed.

But the people of all the rest of the world are also involved. In reality, this outside involvement is as firm and irrevocable as the involvement of those actually on the scene. And this outside nvolvement has to hope, it almost has the right to expect, that those directly nvolved will stretch some points, if they have to, in favor of keeping the possi-

A hearing in probable cause was begun in both cases on Aug. 6. The state's chief witness, Ronald Miller, 16, presently at the Meriden School for Boys, testified then that the statements he had given police, implicating Dixon and Loree, were false. He was declared a hostile witness and the hearing was continued to Aug. 13, so the state could subpoens the officers who took the statements.

On Aug. 13, the state was not ready to proceed and public defender George Royster filed to the dismissal of the Collins nolled the case involved in the first contract for the first are not eligible to win the are not eligible to win the sare welcome to participate but you wouldn't kid me, would mean and retorted, "Honey, are welcome to participate but you wouldn't kid me, would mean and retorted, "Honey, are welcome to participate but you wouldn't kid me, would mean and retorted, "Honey, are welcome to participate but you wouldn't kid me, wouldn't kid me, would mean and retorted, "Honey, are welcome to participate but you wouldn't kid me, would 104-Robert G. Local 4-H'er In London

Miss Karen Bugbee, daughter

of Mr. and Mrs. George W. Bugbee of Hickory Dr., is, touring London, England and vicinity as a member of the second Connecticut 4-H-English Young Farmers Exchange. She will return to the U. S. on Sept, 2. The program in which Karen is participating began in 1967 when a group of English farm youths formed the English Young Farmer's Exchange and sought groups in the U.S. and other countries to provide host families for the touring young people. The program then begroup of American youngsters went to England for a tour and social and cultural exchange. Miss Bugbee is 17 and will be Senior at Rham High School his year, and has been a mem per of the Girl's High School Basketball team for thre years. Karen has participated n 4-H for some time and lately been operating as a lone 4-H'er in Andover. She was obligated to earn the entire

amount for her air passage which she did by working part time during the past year. While in England, Miss Bugbee is staying with an English | ROUTE 83 farm family at Templecombe, Somerset, whose daughter was a member of a group which year. Upon her return Kares

Hours - 1:30 to 4, and 6:30 to 7:30 P.M. Place-146 Hartford Road, Manchester Openings are available for part-time students,

on a "first come, first serve" basis, in these courses: Accounting - biology administration - data processing - hotel and food service management - corrections - mathematics physical science - physics - technical methods economics - geography - history - law enforcement - philosophy - public service -sociology - secretarial science - remedial English fine arts studio course - foreign languages English literature.

Tuition is \$50 maximum per semester, plus fees, payable in full at registration.

office at 647-9951, extension 51.

MANCHESTER COMMUNITY COLLEGE

We know you have questions about anti-pollution gasolines.

- 1. Will taking lead out of gasoline help clean up the air? Yes, although it won't do the whole job. But it will get rid of the lead particulates that escape from your exhaust. That's why we've taken most of the lead out of new Big Plus.
- 2. Why not take out all the lead?

We could have made a totally lead-free gasoline, of course. But engine testing shows that some lead is needed to prevent possible valve damage. So we left half a cc of lead per gallon in Big Plus.

3. Do you have to settle for low octane in an anti-pollution gasoline?

Not necessarily. Big Plus has a research octane of 96, high enough so that 9 out of 10 drivers can use it without worrying about engine knock.

4. What about the other kinds of pollution?

To reduce hydrocarbon emissions and other pollutants, we doubled the amount of engine-cleaning detergent in our new gasoline. So Big Plus cleans up your carburetor and helps

keep your engine running clean. 5. Is an anti-pollution gasoline expensive?

Not Big Plus. We priced it below premium. And since it cleans deposits from your carburetor, it cuts fuel waste and improves your mileage, too. That's another money-saver.

New Big Plus from Esso. It's the lowest-lead, highestoctane gasoline for the money, anywhere. Ask for it where you see the Esso sign. And help your car run clean.

Here's our answer.

The lowest-lead, highest-octane gasoline for the money.

Soviets Move Toward Peace But Still Seek to Rule World By WILLIAM L. RYAN AP Special Correspondent What's the Kremlin mood and Asia, but China may be ing Moscow is ridiculous, no more an irritation than a real matter how scary Soviet propagate out? their attention away from Eufrontiers and renunciation of rope, to mark time there. They force mean little. The idea of are concerned about Red China west Germany alone threatenant Asia, but China may be ing Moscow is ridiculous, no more an irritation than a real matter how scary Soviet propagate out?

The Russians show an interest in easing the danger in the Middie East, Moscow has signed a treaty with West Germany renouncing use of force, There are bittes simultaneously. It would hints that Moscow is listening to american proposals at the stra
matter how scary Soviet propaganda can be on that subject. There are other aims. One is economic: the need of the Russians for West German knowhow and goods, Another may stem from an anxiety for stability on the immediate western by the stracome the center of Soviet atten-

hints that Moscow is listening to American proposals at the strategic arms talks. In Europe, the tion will be the Middle East. That should make the Middle East. That should make the Middle East the No. 1 problem of the tions toward peaceableness. Yet there is something about Moscow's attitude which calls to mind the old Russian adage about approaching a friendly bear with extreme caution.

seem that for some long time to come the center of Soviet attentions toward place at the Middle East. That should make the Middle East. The Russians have a 24th Community Party Congress coming up next March—a year late—which could bring clashes on both economic and political fronts between entrenched party bureaucrats and the reformminded element, some of the bear with extreme caution. wherefores of the agreement minded element, some of the Temporarily, at least, Soviet with West Germany, whose latter even seeking a bit of deleaders seem to want to turn clauses on mutual guarantees of mocratization.

State Moves To Help Employes at Aldon By Barbara Richmond (Herald Reporter) State Sen. Robert Houley of State Sen. Robert Houley of State Sen. Robert Houley of the Labor Department in an attempt to assist about 90 employes of the Aldon Spinning can and that he is certain the Mills who will soon be without state and local governments and have not seemed much of a deterrent to pursuit of foreign policy goals. One of these goals can be to nail down the status quo in Europe. In Eastern Europe the Brezhnev doctrine, asserting the right to interfere in any Communist-ruled country, secures the European buffer zone. At the same time, the treaty with West Germany points in the direction of eliminating potential iroubles on the Soviet Bloc's western flank while Moscow pursues imperialist aims in the Middle East and Mediterranean and that he is certain the Mills who will soon be without state and local governments and

Inventor Claims:

Freon Powered Auto Engine Will Cut Pollution, Live Longer

Associated Press Writer

SARASOTA, Fla. (AP) — Inventor Wallace Minto said today his Freon powered, pollution-fighting auto engine will run 100,000 hours, more than 50 times the life of the conventional internal combustion engine.

Minto, president f Kionetics Corp., announced earlier this week the signing of a contract with Nissan Mtr C., Ltd., of Japan, manufacturer of the Datsun automobile.

models probably will cost a jor failing, requiring half an hour to warm up.

Minto said his engine provides enough power for highway driving 15 to 30 seconds after it starts.

Minto said his engine provides enough power for highway driving 15 to 30 seconds after it to American manufacturers.

"The standard Datsun engine using the engine—it is selling it to American manufacturers.
