Nixon Panel Issues New Inflation Alert

WASHINGTON (AP) — The White House, resorting to a policy it earlier predicted, criticized today the wage settlement in the General Motors strike and a presidential board's recommendation to increase wages in the railroad industry. In its second inflation alert, President Nixon's Council of Economic Advisors also focused attention on price increases by the automobile industry, the oil industry, transportation industry and the two-price system of the copper industry.

The White House thus moved into forecasting an "incomes policy," a phrase covering presidential pressure to hold down inflationary wage and price booms.

The council said that the General Motors settlement, "if generalized throughout the economy, would crowd further upward costs per unit of output, and, therefore, the price level."

"Apart from further increases through the cost of living escalator for the year, the increase substantially exceeds any trend estimate of gains in national productivity," the council said.

"It also raises costs further in the industry whose products overseas are accounting for a substantial and growing share of the domestic market," the council said.

The council reserved an opinion on the railroad wage package as a whole but noted on a so-called cost-of-living escalator clause under consideration. "If an assumption about inflation that represents no improvement is explicitly embedded into a contract for three years, we thereby guarantee that these

Nixon Unit Calls For New Canal

WASHINGTON (AP) — A presidential commission has ended a six-year study with a controversial proposal to build a \$2.8 billion sea-level waterway across Central America within a few miles of the Panama Canal.

But before a shovel is turned, the proposal faces major biological, diplomatic and ecological hurdles both the United States and Panama.

The Atlantic-Pacific Inter-Oceanic Canal Study Commission spent \$22 million before turning its conclusions over to President Nixon Monday, calling for the canal to run across Panama and parallel to the existing Panama Canal.

The commission said the current lock-type Panama Canal, which opened in 1914, will reach its maximum capacity of 26,800 annual transits by the end of the century, and a new, wider canal is needed for defense purposes.

Blasts Hit Viet Medical Site, U.S. Embassy in Cambodia

The bombing in Phnom Penh was the first terrorist attack on the U.S. Embassy there since it reopened 18 months ago after the U.S. and Cambodian governments resumed diplomatic relations.

Cat Chhun Chhun, commander of Phnom Penh's military police, said two Cambodian guards employed by the embassy and six other persons were being questioned. Embassy sources said they assumed the attack was Communist-inspired.

The 50-pound bomb had been planted, presumably during the night, in a section of the 50-room building that was being renovated. Four rooms were heavily damaged.

Of the handful of persons inside the embassy at the time, only the U.S. Marine guard on duty was endangered, a spokesman said. The explosion punched out a section of wall and drove it just in front of the face of Cpl. Stephen E. Katzman of El Cajon, Calif., who was at the main entrance.

Divorce Legalized by Italian Parliament

The Chamber of Deputies completed action today on a bill legalizing divorce in Italy and Pope Paul VI denounced it as damaging to family life and relations between Italy and the Roman Catholic Church.

The pope interrupted his activities in Australia to dispatch a message expressing "profound suffering" over the bill.

The Pope's comments were released by the Vatican.

The Pope's message strongly indicated that he did not consider the matter closed on a diplomatic level. The Vatican has previously issued official protests to the Italian government over the divorce bill and another is reportedly being prepared.

Australian Militants Plan Demonstration Against Papal Tour

By PATRICK O'KEEFE
Associated Press Writer

SYDNEY, Australia (AP) — Pope Paul VI celebrated High Mass tonight at Sydney's Randwick race track before a throng of 200,000 as a small group of militant Protestants planned the first hostile demonstration of the papal tour.

The crowd was one of the largest ever assembled in a closed area in Australia, but it was only two fifths of the 800,000 officials of the papal tour had predicted.

The Pope celebrated the Mass at an altar erected just above the papal colors of yellow and white and a background of ochre cloth draped the parimur boards on each side.

The program was much like the Pope's 1965 Mass before 80,000 persons in New York's Yankee Stadium. The pontiff rode in an automobile around the brightly lit turf track, blessing the crowd and stopping half a furlong from the finish post. Then he walked 60 yards to the altar on a carpet of red. That showed up brightly on color television.

Coventry Police Chief Applications Due Dec. 18

Applications for the position of Chief of Police are now available at the Town Hall, 111 Dec. 18 the final day for filing for the competitive examination for the post.

The applications were made available last Wednesday and can also be picked up at the State Personnel Department, room 822 of the State Office Building in Hartford.

As of 4:30 p.m. yesterday, seven applications had already been picked up at the Town Hall, according to Christina Woods, office secretary.

Starting salary for the position recently vacated by the resignation of Gordon Smith, will be \$12,000, up \$3,000 from the former figure.

Requirements for the position include a college degree plus four years of experience as a police officer in an organized police department, or eight years of experience.

Two years of the applicant's experience must have been spent in administrative or supervisory capacity in gainful employment with a police department, or in the capacity of a police officer in a police department, or in the capacity of a police officer in a police department.

The new chief must also prepare and enforce rules and regulations governing the department, and organize and direct a patrolmen training program.

Applicants must obtain a passing score on each part of the examination. The examination will be held on Dec. 15, 1970, at 6:30 at the Pine Lake School Community Hall.

Following a public supper, individual player trophies will be awarded, and excerpts from this season's game films will be shown.

Ex-Mayors Discuss Charter Direct Election of Mayor Proposed by Agostinelli

By SOL B. COHEN
(Herald Reporter)
Mayor Nathan Agostinelli is recommending charter changes which would provide for a head-to-head contest for mayor and substantial salary increases for the mayor and the directors — possibly \$8,000 a year for the mayor and \$3,000 a year for the directors.

Agostinelli, who will take office Jan. 8 as state comptroller, made his remarks last night at a meeting called by the C-DAP task force on General Government. Invited guests were Manchester's present mayor and its four previous mayors. They discussed the mayor and the directors — possibly \$8,000 a year for the mayor and \$3,000 a year for the directors.

Blaze Destroys Guard Vehicles

BOSTON (AP)—Fire destroyed or damaged 40 National Guard jeeps and trucks Monday night in garages behind Commonwealth Armory. About half of the 12-garage complex was extensively damaged. Guard officials declined to say if they suspected arson.

Fire officials said the blaze apparently began in one garage and spread to others. General equipment and military trailers also were damaged. The vehicles are garaged at the armory.

A single fire alarm was sounded shortly after 9 p.m. at the armory.

Bill May Ask Death Penalty For Pushers

WEST HAVEN (AP)—Mayor Alexander F. Zarnowski says he will ask the 1971 legislature for stiff new drug abuse laws, perhaps including the death penalty.

"If necessary, we should have necessary legislation passed to provide for life sentences, or even the death penalty, for pushers of heroin and hard drugs," he said Monday.

He said he would make his recommendations formally when he confers with the city of West Haven's three state representatives and also at a future meeting of the Council of Mayors.

Something has to be done about the alarming increase in drug traffic, in particular the use of drugs by youth and teens," he said.

NATO Military Leaders Meet in Winter Session

BRUSSELS (AP)—Military leaders of the North Atlantic Treaty Organization met today opening NATO's four-day annual winter meeting.

Before the week is out, the defense ministers will discuss the military situation in the 15 nations in the alliance.

On Wednesday, the defense ministers will add the package of a new defense plan known as AD-70.

The package includes guidelines for the use of tactical nuclear weapons, including nuclear mine warfare.

The defense ministers expect to reach a reassuring repetition from U.S. Defense Secretary Melvin R. Laird of his statement in Washington Monday that the Nixon administration plans to maintain the present U.S. military strength in Europe at least through 1972.

Up to now, the administration has committed only to maintaining the status quo through next June.

A spokesman indicated later today that the package includes proposals for troop reductions but that any loss in manpower would be compensated by providing more military equipment.

A move is under way in Europe to speed up construction of the 280,000 American troops assigned to NATO in Europe.

Beauty Stricken

WASHINGTON, Pa. (AP)—Jacqueline Meyer, 19, has been hospitalized with a stroke.

Her husband, John Townsend, a lawyer, said Monday that doctors believe there is a good chance the 27-year-old beauty will make a substantially total recovery.

Mrs. Townsend was stricken Friday and taken to Montifore Hospital in Pittsburgh. She lost the power of speech and the use of her right arm and leg.

The Townsends are parents of two children, Billy, 5, and Kelly, 9 months.

'Agent' Describes U.S. Surveillance Of War Protesters

NEW YORK (AP)—A former Army intelligence officer says the Army gave him an expense account, provided him with liquor and offered to supply him with marijuana to carry out an assignment to infiltrate antiwar groups.

Monday, the officer, now said to be a college student on the West Coast, reported on his Army experience during a filmed interview to be shown on the NBC-TV "First Tuesday" program at 8:30 P.M. tonight.

The program presents interviews with five men identified as former Army undercover agents. The men charge that the Army has compiled dossiers on antiwar protesters.

Tolland Traffic Conditions at Green Draw Residents' Complaints

First Selectman Charles Tolland has received a petition from 17 residents around town complaining of traffic conditions in the area of the Green Draw.

The petition filed by Paul Freely home on Dunn Hill Rd. particularly cites the high rate of speed of cars using Rt. 74 at the Green; it notes an accident in front of the administration building on Sept. 11 and two more accidents in the same general vicinity Saturday.

In the petition, Meyer suggests the re-routing of Rt. 74 through "lightly delinquent" areas.

The petition further suggests the establishment of a no parking area in front of the post office.

Other petitioners, who received their copies last week from residents of nearby Rt. 190, are concerned with speeding traffic and the safety of children.

Mrs. Townsend was stricken Friday and taken to Montifore Hospital in Pittsburgh. She lost the power of speech and the use of her right arm and leg.

The Townsends are parents of two children, Billy, 5, and Kelly, 9 months.

Labor Demands Senate Reject Marland Choice

WASHINGTON (AP)—The AFL-CIO has called for Senate rejection of the nomination of Sidney P. Marland Jr. as U.S. Commissioner of Education.

"Ethically, morally, practically, it is a bad choice," the labor federation said in prepared testimony before the committee today.

"If Mr. Marland is confirmed," it said, "then this committee is giving its stamp of approval to the education policy of this administration with which we are in complete disagreement."

The testimony continued with the charge that Marland has built a record throughout his career as a "reactionary, anti-union administrator," citing Marland's alleged objections to collective bargaining during his tenure as superintendent of schools in Winnetka, Ill., and charging he fought both the American Federation of Teachers and the National Education Association in Pittsburgh.

The AFL spokesman said Marland's expressed concern for the first time this kind of action against organized labor is a "stunning" revelation.

Gambling Raids In New Haven Area Net Four

NEW HAVEN (AP)—Police here arrested four persons Monday afternoon in gambling raids in coordinated raids on what they called three major bookmaking offices in the New Haven area.

Police Chief F. Ahern said officers from New Haven, East Haven and the Regional Crime Squad arrested three men and a woman in a gambling operation grossing \$250,000 to \$300,000 a week.

The arrests were made on the basis of warrants issued over the weekend in Circuit Court.

Ahern said the officers found extensive numbers, racing and sports betting records at three locations and seized more than \$2,000 at the East Haven location.

"This is another step in the concerted drive against organized crime undertaken by the police departments in the New Haven region," Ahern said.

The work of the regional crime squad and close cooperation between departments have made practical for the first time this kind of effective action against large-scale underworld operations that cross municipal boundaries.

Those arrested Monday were identified as Donald Cummings, 26, New Haven, charged with policy playing; James Arango, New Haven, charged with pool selling and policy playing; Donald Gorry, 37, New Haven, charged with policy playing; and Patricia Storo, 33, East Haven, charged with policy playing and policy playing.

Mail to Hanoi

CHARLOTTE, N.C. (AP)—Three weeks ago Charlotte television station WBTV began a "Write Hanoi" drive, seeking letters from viewers in the United States to be sent to the North Vietnamese delegation at the Paris peace talks.

Station officials said Monday they expected 100,000 letters at most. But they have gotten more than 300,000 and are coming in. The letters ask for information about U.S. prisoners of war.

An eight-man group will go to Paris with the 80 to 90 mailbags of letters this weekend and expect to deliver them to the North Vietnamese. The Charlotte group will be headed by Tom Cookery, WBTV managing director.

Pet Llamas Slain

KENT (AP)—Two pet llamas were shot by vandals and killed Saturday in a field near the home of Carl Moore Jr. of 8314 Mountain Road, Kent.

Moore said he heard about about 1 a.m. Saturday and chased a car which he saw leaving the area. He said he lost the car.

Moore said that when he returned to the field he found one of the family pets dead and the other dying from a broken leg. He was forced to shoot it.

WOOD MEMORIAL LIBRARY

Wood Memorial Library, which was closed by consolidation this spring, will re-open in mid-winter. Friends of Wood Memorial Library are incorporating the plan to start a book drive and are seeking "patrons" to help provide books for circulation and sale.

Officers are copresidents, Mrs. Jean Sheppard and Mrs. Harry Odum; vice president, Mrs. S. James Thorne; secretary, Mrs. A. Thomas; treasurer, Mrs. George Clark; head librarian, Mrs. J. Watson; and assistant librarian, Mrs. Henry Adams.

The library will be staffed entirely by volunteers and will operate on Mondays and Thursdays.

There will be a heavy concentration on Children's books and history books, especially local and Connecticut history.

Anyone interested in becoming a patron is asked to contact Mrs. George Clark, 178 Main St., East Windsor Hill, and anyone interested in becoming a "Friend of Wood" volunteer should contact Mrs. Allan Coffey, 1533 Main St., East Windsor Hill.

CFO Program

The final fall program of the St. Margaret Mary CFO Program will be held tomorrow at 7 p.m. in the church hall.

High school students are invited to view the film "Sex is a Beautiful Thing" and participate in a discussion following this documentary which was filmed in Berkeley-San Francisco, Calif. and looks into the lives of two couples as they confront the problems of sexual morality.

St. Margaret Mary's bridge marathon group has terminated a successful year and winners from three participating groups are as follows: David and Mary Lou McGonigle, Group I winners with runners-up John and Beverly Schwabe; Ted and Ann Rankin, Group II winners with John and Janet Gwored as runners-up; and Tom and Kathryn Walsh, Group III winners with Ray and Faith Palose as runners-up.

The marathon will resume in January and couples interested in playing bridge with new acquaintances are asked to contact Mrs. Thomas Walsh, 4 Oakwood Dr.

The group is also considering a "Ladies Only" group and women interested in this group are asked to contact Mrs. Walsh.

Season Tickets

Basketball season tickets are on sale daily at the high school.

The 1970-71 basketball season will open Thursday with South Windsor High School meeting Crosby of Waterbury at home.

The local team is defending the class "A" championship and looking forward to another banner year.

Season tickets, \$14 for adults and \$9 for students are on sale daily at the high school.

Impeachment of Douglas Unfounded, Panel Decides

WASHINGTON (AP)—A special subcommittee of the House of Representatives today decided that the House should not impeach Douglas.

The subcommittee's majority report states that Ford's view is a dangerous threat to the independence of the judiciary, but that justice cannot be impeached for conduct of the bench that falls short of a violation of the law.

Removal of an official through impeachment proceedings requires adoption of articles of impeachment by a majority vote of the House, plus a two-thirds vote of the Senate.

Subcommittee members, besides Collier, are Reps. Byron G. Rogers, D-Colo., Jack Brooks, D-Tex., William M. McCulloch, R-Ohio, and Edward Hutchinson, R-Mich.

They said, while the draft report is subject to final approval, no major changes are expected before he goes to the parent Judiciary Committee, also headed by Collier.

The inquiry into Douglas' after he was captured shortly after the war was touched off last April when Ford accused the 72-year-old justice of a wide range of misconduct.

Ford's charges dealt mainly with Douglas' outside writings and associations. It was these charges that the subcommittee investigated.

The central issue in the controversy is the differing view held by the subcommittee and others on what constitutes an impeachable offense.

Militants March; Pope Paul Prays

By PATRICK O'KEEFE Associated Press Writer SYDNEY (AP) — Pope Paul VI prayed with leading Protestant churchmen in Sydney's Town Hall tonight while outside a handful of militant Protestants paraded with such placards as, "The Pope is Anti-Christ, a Man of Sin."
The leader of the demonstration, the Rev. Frederick Channing of New Zealand, got inside and stood up in the middle of the hall three minutes after the Pope arrived, displaying the words, "No Priest but Thee, Jesus Christ" across his chest. A woman usher spotted him immediately, and the police threw him out.
Entering the building for the ecumenical service, the Pope passed within 15 yards of some of the placards, but he did not appear to notice them among the crowd of about 1,000 that had gathered to watch his arrival.
About a dozen demonstrators carried placards, while another 20 or so paraded about in front of the hall, in groups of four and five. There were some shouted arguments between Roman Catholics and the demonstrators, but no violence.
Chuckles boomed Channing as the police put him out.
"Why don't you go back to where you bloody well came from!" one woman yelled.
"You're a disgrace to New Zealand and to Australia," a man said.
Channing, who organized his own Bible Presbyterian Church in New Zealand a year ago, said his protest was directed mainly against the Protestant alliance against the service with the Pope.
"I said nothing inside the hall, but merely stood silently," he said. "I was not seeking to cause any disturbance."
Although the demonstrators were few in number, it was the first organized hostile manifestation during the papal tour to the Far East.
Most of Sydney's leading Protestant churchmen attended the service to join the Pope in prayer, but there was one notable absentee, Anglican Archbishop Marcus L. Leane. He had announced earlier that there were still too many differences between his Church and Rome for him to join the Pope in worship, but he said this was a personal decision, not a direction to others.
Earlier in his second full day in Australia, the city, the 72-year-old pontiff visited a children's hospital and an old people's home and celebrated his second open-air Mass within 15 hours at Handwick race track, the influx of new families in the first Mass at the track Tuesday (See Page Twenty-Four)

Area Towns Top Average In Migration

By BETTE QUATRALE (Herald Reporter) The number of new families moving into the Manchester area during the past decade far exceeds the state average, particularly in the towns of Tolland and Hebron, according to statistics recently released by the Connecticut Public Expenditure Council (CPEC).
CPEC describes this condition as "migration," and credits Tolland with a 121 per cent increase in population due to migration alone — second highest in the state.
Hebron is ranked sixth in increase of migration with an 80 per cent increase.
The towns showing the sharp increase in migration are "likely the ones facing the most difficult growth in expenditures for public schools, sewers, highway construction, and other municipal services," according to CPEC.
Actually all the area towns with the exception of Manchester, migratory increases are significantly higher increases in migration than the state's overall increase of 7 per cent.
Noted as dramatic as Tolland and Hebron's figures, the increase in migration in South Windsor was 46 per cent and Vernon, 33 per cent, causing financial difficulties for those two towns.
Columbia increased its migratory population by 29 per cent and Ellington by 27 per cent, while Coventry and Bolton show more modest 11 and 12 per cent increases respectively.
Manchester increased its population by only 4 per cent and Andover attracted only a 2 per cent increase.
Only 21 of the state's 169 towns show migration population increases of 50 per cent or more. (See Page Sixteen)

NATO Units To Up Defense Spending

By FRANK O'REPAU Associated Press Writer BRUSSELS (AP) — Ten European members of the North Atlantic Treaty Organization announced plans today to spend about \$1 billion in European defense over the next five years, in addition to the \$24 billion a year they are spending now.
The 10 NATO members said their decision was made "on the basis that the United States, whose forces in Europe are critical political and military significance for the common security of the whole NATO area, would for its part maintain those forces at substantially current levels."
The defense ministers of the 10 nations, presenting their plan to U.S. Defense Secretary Melvin R. Laird, called it a "special and wide-ranging European defense program."
A diplomat present at the meeting reported that Laird drained the plan, Laird said if the alliance maintains its efforts, negotiations with the Soviet Union will be possible.
Figures released by NATO officials forecast total military spending by European member states of \$24.4 billion in 1970, compared with \$22.2 billion in 1969.
In Washington, the Senate Democratic leader, Sen. Mike Mansfield of Montana, was asked whether the administration plan would alter his intention to try to force a reduction in the number of U.S. troops in Europe.
"Not in the least," he replied. "It is a very small amount," he said. "It isn't a matter of economics principally. It is a matter of principle."
Sen. Edward M. Kennedy of Massachusetts, the assistant Democratic leader, agreed with Mansfield. He said the NATO proposal isn't enough to deter Senate action to try to force cuts.
Also on the agenda for the meeting today of NATO's defense planning committee was a general defense plan for the

Three Seized After Holdup At State Bank

PAWLING, N.Y. (AP)—Three Florida men were held here Wednesday after a high speed chase from Sharon, Conn., where the Colonial Bank and Trust Co. was robbed Tuesday of \$75,001.
Connecticut State Police were joined by local law officers in the Pawling, Conn., area, where the Connecticut portion of the gunshop-punctured pursuit, and New York state troopers added their presence when the boundary was crossed.
The New York troopers said all the money was recovered. They said about half was in cash, the rest in travelers checks.
The Connecticut troopers in Canaan said no one was injured, either in the bank, where no shots were fired, or as shot were fired when officers gave chase. (See Page Eight)

Egypt Denounces Sinking of Vessel

By THE ASSOCIATED PRESS Cairo (AP) — Egypt charged today that Israel breached their cease-fire with a "criminal act against unarmed civilians" by sinking an Egyptian boat in the Gulf of Suez. The Israeli claimed the four men in the boat were spying and smuggling hashish.
The Israeli military command said an Israeli patrol boat sank the Egyptian motorboat last Saturday night off the Israeli-held eastern shore of the Gulf. It said three bodies were recovered, one had documents proving the men were collecting military intelligence, and the fourth man went down with the boat.
Cairo Radio contended that "unarmed civilian fishing boats operate in this area." The broadcast denied that the army or the intelligence service had boats there.
An Israeli spokesman speculated that the men may have received the hashish they had as payment for intelligence to be collected. He said that such combined Egyptian "missions" were not uncommon.
He said the patrol boat ordered the Egyptian craft to halt as it approached the Sinai Peninsula shore, but the command was ignored. The Israelis then fired warning shots, the spokesman continued, and the Egyptian boat was sunk.
It was the most serious incident since the guns were set near the Egyptian coast in August. Only minor border gunfights have been reported since the canal with no casualties to either side.
The king is also going to Paris and Beirut to seek more aid. (See Page Eleven)

Viet Leader Heckled Demonstrators, Police in Clash As Ky Speaks in San Francisco

SAN FRANCISCO (AP) — A Viet Cong flag failure to disperse. Five police officers and six city vehicles were damaged after a peaceful march in front of the hotel atop San Francisco's Embarcadero.
Ky's warm reception and civil leaders was interrupted when a well-dressed, long-haired youth unfurled a large Viet Cong flag from a balcony and shouted, "This man is selling you lies!"
Members of the audience cried, "Get him out!" as Secret Service men seized the youth, who identified himself as Richard Lippman of Berkeley.
He was released when lunch-hour officials declined to press charges.
Ky received a standing ovation after a speech in which he pledged South Vietnam would continue to fight for freedom "even if we have to fight alone."
He accused the Communists of using the Paris peace talks as "another front for propaganda," and denied in a question-and-answer session that he had ever said he admired Adolf Hitler.
He and his party flew to Sacramento Tuesday night for chicken dinner at the home of Gov. Ronald Reagan.
The South Vietnam consulate said Ky would fly today to Los Angeles, final stop on his U.S. tour which began Nov. 25.
Meanwhile in Saigon, Communist gunmen unleashed a series of shelling attacks up and down South Vietnam Tuesday. (See Page Eight)

Machinegunner Says: 'Citizens Went Willingly Into My Lai Death-Ditch'

PT. BENNING, Ga. (AP) — A machinegunner in Lt. William Calley's platoon testified today that a group of Vietnamese people "went in willingly" — on "Lt. Calley's" Maples' order — into a "death ditch" near My Lai where they were shot to death.
"Was there force applied to get people to go in?" Judge Reid W. Kennedy asked the witness, Robert Maples. (See Page Eight)

Strike Fines Hit \$44,000 In Hartford

HARTFORD (AP) — Twenty-six more teachers were fined \$200 each in Superior Court Tuesday, bringing to \$44,000 the total fines levied in the three-week-old teacher strike, and about 150 more teachers were due in court Wednesday on contempt charges.
Schools have remained open during the strike, most of them on shortened schedules with substitute teachers, non-strikers and administrators manning the classrooms. However, the school board said nine of the city's 29 public schools were operating on a full-time basis Wednesday and another had regular classes for

Nixon Mulls Report, Depicted as 'Outraged' By Refusal To Grant Sailor Political Asylum

WASHINGTON (AP) — President Nixon, having studied a preliminary report on U.S. Coast Guard refusal to grant political asylum to a Lithuanian sailor, was quoted today as saying what happened was "outrageous."
In relating this word to newsmen, press secretary Ronald L. Ziegler promised that a new policy affecting would-be defectors will be framed after Nixon gets a final report, due at the close of business today.
Referring to the controversy that has erupted over last week's seizure of the Lithuanian from the deck of a Coast Guard cutter off New England, Ziegler said:
"Whatever guidelines were followed in this situation were totally inadequate."
He went on to say that someone had made an error of judgment and that the matter had been "very poorly handled."
The presidential spokesman said no one was injured, either in the bank, where no shots were fired, or as shot were fired when officers gave chase. (See Page Thirty-Five)

President Clamps 'Freeze' On \$107 Million in Projects

By JIM ADAMS Associated Press Writer WASHINGTON (AP) — President Nixon has clamped a temporary freeze on some \$107 million for dams, flood control and other waterworks projects contained in what he once called an "outrageous" bill to continue the projects at the year's spending level in next year's budget.
The freeze ties up most or all initial construction money for 16 projects across the country, including the controversial Central Arizona Project and new construction money for dozens of other projects.
The freeze will affect a quarter-million-dollar Connecticut project.
Administration spokesmen said the \$250 million authorized for Trumbull Pond Reservoir will be withheld as part of the economy move. This allocation was for initial construction on the project.
An Army Corps of Engineers spokesman said the projects could be begun next year or could be cut out of the budget again.
Nixon's Office of Management and Budget said Tuesday the money is being held back only until the President decides in the next few weeks whether to overrule the bill's continuation of the projects at the year's budget.
The budget office pointed to Nixon's statement when he signed Congress' \$5.2 billion public works money bill Oct. 7 that he was considering ways to minimize what he called the "inflationary and unnecessary" impact of 65 new projects the congressmen had added.
"There is too much pork in this barrel," the President said.
Nixon said he was deeply concerned about the bill's impact on future spending. He said the \$7 million construction and non-construction projects (See Page Fifteen)
