

Aides Say Nixon Plans No Speedup On Calley Review

By FRANK CORMIER
Associated Press Writer

SAN CLEMENTE, Calif. (AP) — President Nixon has made no move to speed military review of the life sentence given Lt. William L. Calley Jr. for murdering 22 civilians at My Lai, aides said today.

They reported the chief executive, who twice last week intervened in the Calley case, believed the review should proceed through normal channels at its deliberate pace.

At the same time, the sources said, Nixon would have no objection if the Pentagon expedited the process through such mechanical acts as providing additional stenographers to prepare the full court-martial record. It must be completed before the case can reach the first level of review—by legal officers at Ft. Benning, Ga., where Calley was tried.

John D. Ehrlichman, a top Nixon assistant, told newsweek Saturday that completing the trial record was expected to take 30 to 60 days. He declined to speculate on how many months would be involved in completing the full review.

Nixon announced Saturday he would review and act on the Calley case once it has moved through the full military review. Calley could be declared innocent and his sentence set aside at any point in the multilevel process, which would end the matter before it reached Nixon's desk.

On Thursday, Nixon first intervened on Calley's behalf, ordering that he be released from the stockade at Ft. Benning and kept under guard at his base apartment, retaining freedom to move about the post until his fate is decided.

The President took the two actions as the White House was deluged with thousands of telegrams described as expressing sympathy for the young lieutenant by a ratio of about 100 to 1. Nixon's aides said it appeared that many Americans felt reassured that the President stood ready to personally step into the review process.

Public reaction to the Calley verdict and sentencing was a factor in Nixon's decision, Ehrlichman acknowledged, but he said it was not the determinant. He was vague as to what else was involved.

The Western White House denied a published report that Nixon acted to release Calley from the stockade after Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff, checked with him on the matter. Spokesmen said Moorer may have planned to make such a check but they insisted Nixon acted without any prompting from the Pentagon.

Nixon winds up a 10-day stay at the Western White House and returns to Washington tonight, taking with him drafts of a major troop withdrawal speech scheduled for nationwide television-radio broadcast Wednesday night.

During his 10-day California stay the President undertook an assessment of the Laotian campaign and how it will affect future troop withdrawals.

John D. Ehrlichman, a top Nixon assistant, told newsweek Saturday that completing the trial record was expected to take 30 to 60 days. He declined to speculate on how many months would be involved in completing the full review.

Calley Tells Of His Fears During Wait

By THE ASSOCIATED PRESS

Lt. William L. Calley Jr. says that during the months he was awaiting trial he developed a fear of dying accidentally because the world might think he was a coward who took his own life, Time magazine reports.

"If I got killed in my car on the way to Atlanta, everyone would think Calley copped out," he was quoted as saying just before he was convicted last Monday of murdering 22 civilians at My Lai.

Calley recalled staying at Delmonico's Hotel in New York City once, in a room with a floor-to-ceiling window, Time said.

"I was afraid to go to sleep at night because I thought I might sleepwalk through one of those 18th-floor windows and everybody would think Calley committed suicide," he was quoted as saying.

Allotment Signed On 'Parochial'

HARTFORD (AP) — A \$2.2-million allotment for distribution to nonpublic schools was signed Monday by Gov. Thomas J. Meskill.

The allotment represents the first allocation of money from some \$8 million set aside for the "parochial" program.

The program had been held up by a federal court injunction issued last September, but the injunction was lifted by the U.S. Supreme Court two weeks ago.

The nation's highest court is considering the constitutionality of the program and of similar programs in other states.

State Support To Education Seen Lacking

NEW YORK (AP) — The Carnegie Commission on Higher Education said today that 21 states are failing to provide what it considers adequate support for higher education.

The privately financed commission said that, based on the latest available statistics, four states—Connecticut, Georgia, New Jersey and Virginia—failed to meet two of the four tests used to determine adequate support.

Seventeen states — Alaska, Delaware, Maine, Massachusetts, Nevada, New Hampshire, Ohio, Pennsylvania, South Carolina, Alabama, Illinois, Kentucky, Louisiana, Maryland, Mississippi, New York and North Carolina failed one of the tests. The commission said "emergency" efforts to increase the support were needed where:

—Less than 70 per cent of high school students graduate from high school. Alabama, Georgia, Kentucky, Louisiana, Mississippi, and North Carolina failed that test, using 1969 figures.

—Less than .5 per cent of per capita income is spent through state and local taxes for higher education. Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, Ohio, Pennsylvania and Virginia failed by 1967-68 figures.

—Fewer than 30 places are provided by public and private higher education for every 100

Israelis Turn Down Egyptians On Plan to Reopen Suez Canal

By THE ASSOCIATED PRESS

Israeli Premier Golda Meir has rejected Egypt's offer to reopen the Suez Canal in exchange for an Israeli withdrawal from the banks of the waterway.

She also reiterated her government's determination to retain the Golan Heights, Sharm el Sheikh, the Gaza Strip and the Arab sector of Jerusalem.

Addressing a national conference of her ruling Labor party Sunday night, Mrs. Meir avoided stating specific terms for reopening the waterway but repeated her offer Feb. 9 to hold talks with the Egyptians on arrangements to reopen the canal.

Sources close to the Israeli Cabinet said Jerusalem might once again put forward Defense Minister Moshe Dayan's proposal for both Israeli and Egyptian forces to pull back from the canal in conjunction with its reopening.

Sadat's proposal called for only the Israelis to withdraw, with Egyptian troops replacing them on the east bank of the canal.

Saying that April "is the month which shall decide between a solution and war," Sadat warned Israel to make a prompt reply to his proposal or risk renewed fighting.

Mrs. Meir told her party: "Anyone who proposes Israeli agreement to the opening of the canal as a lever to obtain total Israeli withdrawal from Sinai and from Gaza will certainly not be surprised by Israel's outright rejection of this plan."

She said Israel "would willingly see the canal open to shipping of all nations, including Israel, and the restoration of civilian life in the area. We are prepared to discuss the arrangements required to do this."

She repeated Israel's demands for a formal peace treaty guaranteeing secure borders.

prior to any troop withdrawal. She noted that her government "is having a serious argument with the United States" over Israel's territorial demands and Washington's insistence that international guarantees can safeguard Israel better than new borders.

She said Israel "should not forget what the U.S. and President Nixon have done for Israel in recent years, especially in the field of arms supply," but she expressed amazement at "those who think geography is nonsense."

To achieve security, she declared, Israel must control the Gaza Strip, the Golan Heights taken from Syria and Sharm el Sheikh, at the tip of the Sinai peninsula overlooking the Tiran strait.

She also said Israel will retain Arab Jerusalem, and she pledged that no Arab army would ever again cross the Jordan river, indicating that Israel will only give up the West Bank territory taken from Jordan if it is demilitarized.

Meanwhile, Arab infiltrators from Lebanon fired bazooka rockets early today at an Israeli settlement south of the Lebanese border, the Israeli military command announced. No casualties or damage were reported in the attack on the Sifafa settlement four miles south of the frontier.

It was the second attack in two days by guerrillas based in Lebanon on Israeli settlements.

A Lebanese army spokesman claimed that two Israeli army patrols crossed the border Sunday night and blew up six houses in two villages in southern Lebanon, then pulled out.

He said there were no casualties in the attacks on the villages of Melas el Jebel and Dheila.

The incursions were believed to be a reprisal for increasing attacks on Israeli settlements by the guerrillas.

Jordanian army troops fought Palestinian guerrillas for the

10th day Sunday, and King Hussein vowed he would keep up the pressure so his forces could give all their attention to the front with Israel.

Guerrillas ambushed a police patrol in downtown Amman and wounded two policemen with machine-gun fire, the government reported. A spokesman also said one soldier was killed Saturday and two others wounded seriously when guerrillas rocketed two villages in north Jordan from neighboring Syria.

Egypt's Middle East News Agency said the guerrillas' center

North Viets Again Repelled In Attack at Remote Base

SAIGON (AP) — North Vietnamese troops attacked a remote government outpost in the central highlands for the fifth straight day but once again were thrown back with heavy losses, South Vietnamese sources reported.

The sources claimed 287 of the enemy were killed in the assault Sunday on Fire Base 6, in the region 300 miles north of Saigon. Government losses were put at two killed and 20 wounded.

Most of the enemy casualties were inflicted by heavy air strikes and artillery that have pounded the area constantly since fighting broke out there early Wednesday. U.S. B52 bombers have dropped more than 100 tons of explosives around the base, trying to blunt the North Vietnamese assault.

The North Vietnamese overran the base on Wednesday, driving out a South Vietnamese battalion. But government forces recaptured it the next day.

South Vietnamese military sources said more than 1,800 North Vietnamese have been killed in the fighting for the artillery base, while government casualties total 70 killed and 124 wounded. Five Americans also have been killed and one is missing.

through the perimeter of the old U.S. 4th Infantry Division base at Camp Radcliff, killed two Americans, wounded two and damaged 10 vehicles.

Radcliff, about 250 miles northeast of Saigon, has been a ghost camp since the 4th Division left Vietnam last December, but the 173rd Airborne Brigade maintains a guard around the perimeter to protect the buildings and equipment left behind.

Enemy gunners hit the big Da Nang Air Base early today with less than 15 rockets. It was the second shelling there in a week, but the Command said no casualties or damage were reported.

A spokesman said one American was wounded Sunday when a UH1 Huey helicopter was shot down and destroyed 15 miles southwest of Hue. This brought to 4,398 the total of U.S. choppers reported lost in the war.

High Court Backs Project for Blacks In White Section

WASHINGTON (AP)—The Supreme Court rejected today an attempt by city officials in Lackawanna N. Y., to block construction of a Negro housing subdivision in an almost exclusively white neighborhood.

The unanimous action indicates local governments everywhere will have legal difficulty if they try to zone out Negroes from white areas.

In other actions today, the court: —Turned down a bid by a New Jersey school board to resume prayer reading in public schools.

—Limited the federal government's power to punish small-time gamblers.

—Refused a hearing to a group of Providence theater operators in their challenge to Rhode Island's movie censorship laws.

—Set aside a federal judge's ruling that the drafts law violates the religious liberty of Roman Catholics opposed to the Vietnam war.

—Upheld the rigging of undercover agents with hidden radio transmitters to snare unsuspecting narcotics violators.

The test case involved Kennedy Park Homes, a project sponsored by Lackawanna Negroes, and rulings by two federal courts that ordered local officials not to stand in its way.

The city claimed sewage facilities were inadequate in the area and the land was needed for a park.

The appeal sought at least a Supreme Court hearing on two points: Whether city officials were violating the Negroes' rights and whether the federal judge overseeing the case exceeded his power.

The appeal was rejected without comment.

This means Lackawanna officials must prepare adequate sewage service to the area designated for the Negroes' homes and that the city cannot turn the area into a park.

This order was issued August by U.S. Dist. Judge John T. Curtin of Buffalo and was supported last December by the U.S. Circuit Court in New York

Vote Going to Leftists In Elections in Chile

SANTIAGO, Chile (AP) — Marxist President Salvador Allende's leftist coalition appeared early today to have won an important victory in nationwide municipal elections.

With nearly half the ballots from Sunday's voting counted, Allende's Socialist party also candidates of Allende's Popular Unity coalition for council seats in 280 municipalities had received 871,724 votes, or 48.45 per cent of the total.

That was a substantial increase over the 36.3 per cent won by the coalition, which is dominated by Socialists and Communists, in the September presidential election. The two main opposition parties, the Christian Democrats and the Nationalists, and the smaller Democratic Radical party, had 846,778 votes.

The rest of the votes were blank, void or cast for splinter party candidates.

The elections gave Chilean voters their first opportunity to express what they thought of Allende's government after five months in power.

Resisters of Draft Provided Symbolic Sanctuary at Yale

By DAVID L. EDGERLT
Associated Press Writer

NEW HAVEN (AP) — A small group of antiwar veterans camped in Yale University's Battell Chapel Sunday night waiting to offer sanctuary to deserters and draft resisters.

By late Sunday night none had shown up but one of the veterans was not surprised at the lack of early response.

"Someone has to make a big decision to come here for sanctuary. He knows he's going to be arrested. We can only offer non-violent resistance to the marshals," one of the veterans said.

The members of the Vietnam Veterans Against the War were given permission during the Palm Sunday service to use the chapel as a symbolic sanctuary for a week.

At the crowded service three members of the group—all dressed in their uniforms—stood up and formally asked for the use of the chapel as a sanctuary for draft resisters and deserters.

Bolton Brush Burning Caution Urged

Fire Warden Leslie Harlow issued a statement today on brush burning in Bolton. He notes that during this windy season, extreme caution must be used and several restrictions must be observed.

He advises persons wishing to burn brush to listen to the announcement of the pollution index, each morning at 6:30 a.m. on WVIC. An index of 1 to 4 is safe for burning, Harlow said, while indexes of 5, 6, or 7 are not.

In addition to the pollution count, several other restrictions are placed on brush burning. Persons seeking further information should contact Harlow.

He noted that yesterday firemen were called to extinguish a brush fire which got out of control because of windy conditions. Welding New Department An Administrative Jigsaw

By G. C. THELLEN Jr. WASHINGTON (AP) — President Nixon's sweeping government reorganization plan calls for melding large chunks of three existing departments into one, well-oiled unit serving the needs of individuals and families.

To be called the Department of Human Resources, the proposed agency would combine the 105,000-man Department of Health, Education and Welfare with parts of the Economic Opportunity and the Departments of Labor and Agriculture.

The Human Resources Department would include education, health, education and welfare with parts of the Economic Opportunity and the Departments of Labor and Agriculture.

College Seniors Plan Three-Town Glass Collection

The senior class at Eastern Connecticut State College will conduct a bottle drive on April 30 and May 1 throughout town.

Chairman Elaine Berk of Hebron said "the main objective of the drive is to involve students from the Andover, Marlborough, Hebron and Rham High School areas in a program of positive action to combat the pollution problem.

Programs have already been held at the elementary schools in the three towns and at Rham High School. Flyers and posters containing all information about the bottle drive have been distributed.

On the weekend of April 30, residents will bring all types of bottles, minus metal caps, to the Rham High School parking lot where Eastern students will crush them.

From Rham, the bottles will be delivered to the Glass Container Corporation in Dayville where they will be recycled for future use.

Mrs. Berk has requested the use of a town dump truck for transportation of the bottles. She was informed by the selectmen last week that if Marlborough and Andover were to contribute the use of a truck, Hebron would also do so.

The money collected for these bottles, will according to Mrs. Berk, "be given to Rham High School for monitoring equipment for streams, rivers and ponds."

Parent-teacher conferences will be held at both the Hebron Elementary and the Gilead Hill schools on the afternoon of April 14, 15 and 16.

Principal Paul A. White at the Hebron School, attended parent to attend as they "are an invaluable means of furthering the development of the child and provide for a mutual sharing of information about the child."

In Norwich, a witness told
the board that Robert E. Car-

his own car and come to the
scene.

Harry Ziskopoulos, 70, of
Bridgeport died Sunday when
the car he was riding in went off

driver was killed Sunday night
in Derby Saturday. Andrew
Lazowsky of Orange was killed

was driving crashed into two

The government said the at-
