Some years ago, for example, American business began to embrace use of the suffix "wise" as a way of saying, in regard to." Balance sheets showed the company was doing financialwise. Employment was either up or down, personnel wise. Marketwise, the Edsel was a bomb.

The media have had their influence, Time magazine has made lasting "socialite," which in part make up for the publication's less enduring neologisms such as "omnivenderous" and eradoxhund." Some television weathermen seem incapable of telling us whether tomorrow will bring rain, snow, sleet or hail; instead, they talk about the curious meteorological phenomenon,

Now even the environmentalists, suposedly so concerned with protecting our peritage against the ravagers, have let their guard slip. The great concern to day is for "ecosys," as that television pecial on the Everglades made clear. Convert to gas heat before April 30, and make no conversion payment until October.

On CNG's deferred payment plan, switching to economical gas heat with your present heating system is easy. You use the same furnace or boiler you have now. Just a small conversion unit is installed. And all you pay for now is the low-cost of the gas you use. Right now, oil for home heating is more expensive than gas. And heating with electricity still costs far more than heating with gas.

If you prefer, you can rent a compact gas conversion burner on a low, monthly payment plan. There's no charge for installation and no equipment to buy. And your satisfaction is guaranteed. If you are not completely satisfied with converting to gas heat on the rental plan, at the end of the first full year CNG will refund every cent you paid in rental.

Cancer Crusaders Make Weekend Calls

An open door welcomes Mrs. Kenneth Aseltine of 784 E. Middle Tpke., cancer chairman of the VFW Auxiliary, as she prepares for Saturday and Sunday's Cancer Crusade in Manchester. Over 650 volunteers will be calling on their neighbors this weekend asking for funds and leaving an educational message at each door. All volunteers will have an official kit and identification when they solicit. For many years, the VFW Auxiliary has been responsible for covering a large part of the town during the annual crusades. Returns are to be made to the Cancer Society office, 237 E. Center St., or to Coret Casuals, on Main St. The research, education and service program of the American Cancer Society is dependent on funds collected in the crusade.

State Deficit

Thomas J. Meskill says the state deficit is estimated at \$261 million and has again urged Democratic legislators to enact a boost in the sales tax to start paying off the deficit. In a special message to the General Assembly Thursday sales tax from five to seven per cent so a start could be made on paying off the deficit before the end of the fiscal year June

The Republican governor re-called that he had estimated the deficit in his budget message Feb. 16 at \$250 million. "It is the purpose of this spe cial message to stress for the General Assembly the emergen cy nature of that proposal and immediate necessity of enact-ment of this measure," Meskill

The latest forecast by the Office of Finance and Control show "an adverse change of circumstance" which requires "forceful and immediate counteraction to maintain our fiscal balance," Meskill said.

Democratic leaders have consistently rejected the governor's urgings for a temporary boost in taxes. They have said they are in no hurry to impose the highest sales tax in the nation on Connecticut taxpayers, and that any new or increased taxes would have to be part of a complete fiscal package.

Meskill said at his Friday morning news conference that he presented the special message to the legislature not as "grandstand play," as charged
