Clarinets are made in both sharp and flat keys to facilitate fingering and intonation.

Normally they finger most easily in the key of B-flat or easily in

B-flat instrument even when the other is called for by the composer.

Even if the man is a virtuoso and can finger the more difficult keys on a B-flat instrument, he can't play it in tune, but he harbors the delusion that he can do so. Those of you who think B-flat and A-sharp are the same pitch, from familiarity only with the piano, are in error.

A-sharp is slightly higher than is called for by the composer.

JOHANNESBURG, South At

Perhaps this question has been on your

Q. At a recent funeral we noticed several remembrances with cards indicating the address of the person sending flowers. Is the mention of address proper in such cases?

A. Yet, indeed. It gives sure and instant identity of the person. It also helps the family in sending out thank you cards This is especially true if the family is not too well acquainted with the particular friend.

The New Ball Game The persistent weakness in democratic, politically-oriented dealing with a nation's economic problems is that the timing is likely to be off.

At the beginning of the present inflation-unemployment problem, in what now seems way back in the last Johnson years, we employed such weapons as we were then willing to use, manipulation of the tax instrument, management of money and credit, not at the moment when they might have worked decisively, but when it had already become too die of the lawn, Soon, circling in, comes late for such influences to work effective- a flight of pseudo-kamikaze barn swal-

CUSHING ACADEMY ASHBURNHAM, MASSACHUSETTS 01430

"Where co-education is a tradition . . . Cushing Academy in Ashburnham, Massachusetts, a co-educational school since 1875, offers grades nine through thirteen in a rural New England setting (60 miles northwest of Boston), Consisting of 41 acres and 18 major buildings, the Academy campus offers educational opportunities for 230 residential students. The Academy provides imaginative

and realistic guidance toward an appropriate choice of college. Since its inception, Cushing boys and girls have gone on to higher education in colleges throughout the Class size at Cushing averages twelve students. The school calendar is organized on a trimester plan. Senior Seminars, of which there are over sixty trimester-length options, supplement standard full-year college preparatory courses. The seminar program, which includes some tenth and eleventh graders, provides student opportunities for in-depth study of specific academic areas. There are academic honor societies for both boys

A full complement of athletic opportunities - recreational, individual, and interscholastic teams in major sports - contributes to the school program. Extracurricular programs include films, studio art, field trips, choir, modern dance, aviation courses literary publications, and numerous other clubs and activities. The school is nondenominational and serves students of all races, creeds, and

Storm Hits Hong Kong; Over 90 Die By FORREST C. EDWARDS

HONG KONG (AP) - Typhoon Rose killed more than 90 persons in Hong Kong and surrounding waters today when it hit the British colony head on with 130-mile an hour winds and 12 inches of rain. The storm capsized a ferry, destroyed some 40 fishing boats, grounded a U.S. Navy supply ship and 25 other ocean vessels and caused floods and

Between 75 and 80 crewmen drowned when the Hong Kong-Macao ferry Fatshan capsized. Four survivors said the rest of the crew was trapped inside the aboard a fishing junk, and nine

to their death ashore by landslides or flood waters that destroyed their homes. More than 200 persons were injured and 2,500 made homeless. It was the worst typhoon to hit Hong Kong since 1962, when Typhoon Wanda took more than 250 lives, The Fatshan had discharged its passengers after a run from Macao 24 hours before. Survivors said the ship broke from its moorings during the storm, and the captain tried to shelter in the lee of outlying Lantao Island, but the 130 mph winds

turned it over. Helicopter pilots
