BIRMINGHAM, Ala. (AP) -Harry L. Jones is the kind of guy who'd give a stranger his last dollar, And does, frequently.

He's a policeman who, for the last 17 years on duty, has seen life at its worst. But he's not discouraged. He says he thinks people just need a little help. Last week, for instance, Jones answered a routine re-

port of family trouble. He said he found a woman and five ragged children-three girls and two boys, ages 10 years to 19 months-huddled in an attempt to keep warm in a freezing

Inside the house, he said, was the children's father, drunk. Earlier that day the woman had taken four of her husband's last \$11 and sent one of her children to the store for groceries. When the child returned, Jones said she told him, the man snatched the food away, stomped it to bits.

"I kicked the door open," Jones said. "Those folks were living there with just wall-to-wall floor-I mean no furniture at all, no food."" Jones said he radioed head-

quarters he was going to the grocery store, then spent the only money he had—\$6—on food for the family.
"None of that comes as a surprise to me," said Mrs.

Jones, who has been married to the big-hearted Birmingham native for 18 of his 43 years. "I recall one occasion he called home one night and asked if we had any money in the bank. I told him we had a

little bit. He said he had found a young woman who had no place to go, so he paid her room rent at the YMCA for a week with a \$30 check. 'I had to go out and borrow the money the next day to cov-er the check," she said.

Recalling his experience last week, Jones says, "I was really touched by that family. I'm going to work with the man ...

Koreans Say Reds Ready For Warfare SEOUL (AP) - The South Korean government proclaimed a state of emergency today,

charging war preparations by North Korea, President Chung Hee Park declared South Korea must "reposture" its defense arrangemnts in view of Communist China's admission to the United Nations and uncertainty over the level of future American support.

A government proclamation informed South Koreans their constitutional freedoms may be restricted and "social unrest that risks the national security will not be tolerated."

The major opposition party, the New Democrats, took issue with Park. A party spokesman said the president's aim peared to be the security of government rather than the security of the nation. If the attuation was serious enough to warrant emergency measures, the spokesman added, it should have been discussed in the Na-

tional Assembly. Park said North Korea has increased infiltration of armed agents to South Korea and has carried out a massive military buildup of more than 2.5 million troops, including a regular mili-tary force of 500,000 men, a mi-litia of 1.4 million and 700,000 Red youth guards.

The One Bold Mig

If we are to believe what we read, the war in Vietnam developed itself a very interesting "first" the other day.

For the first time since our B-5: bombers began their operations over Indochina back in 1965, one was attacked by an enemy fighter plane. According to the story, a North Vietnamese Mig fired air-to-air missiles at a B-52 over the Ho Chi Minh trail in Laos the other day. The missiles missed; the Mig was chased back into North Vietnam.

The fact that this is the first instance, in the whole war, in which a North Vietnamese fighter plane has made any effort to shoot down an American bomber, underlines the fact that this has been a very curious war.

We have, from the start, had unchallenged control of the air, never having to fear anything more than anti-aircraft fire or missiles from the enemy.

This has meant that our bombers have had unparalleled freedom of operation. It has also been responsible for the development of the helicopter not only as a vehicle for the transport of troops and supplies, but as a fighting machine in its

It is the fact that this has been the situation for six long war years which report, to the effect that, finally, one Mig has tried to tangle with one B-52. Why, after six years of avoidance, during all-out war, this sudden encounter, when the war is supposed to be winding down? Perhaps it was a mistake, not to be repeated. Or perhaps it was a sign of something serious — like a North from somebody, to begin to harass our supremacy of the skies, just when the full brunt of our own future participation in the war. Major Triumph For Ella

The \$10.8 million Army fuse contract awarded to Ingraham Industries of Bris-tol is nothing short of a major triumph in the first term of Sixth District U.S. Rep. Ella T. Grasso. Ingraham President Wesley A. Songer and Mayor Frank J. Longo were quick to point out the contribution made by Mrs. Grasso — a contribution even more

remarkable in light of her status as a Mrs. Grasso began her crusade on be-half of Ingraham Industries early this past summer when she learned of a glaring oversight in the Army's awardton Watch Co. of Lancaster, Pa. despite Ingraham's having made the clear low bid on that contract. Her indignation, coupled with tireless perseverence, led her into direct conflict with the Depart-

ests of her constituents in Bristol and of the taxpayers of this country. It appeared, and we concurred, that awarding a contract without regard to the low bid was unconscionable and a blatant waste

paid off. Ingraham's received the largest of three contracts based solely and fairly on its having entered a low bid on the fuse contract. The big dividend Bristol will have is the addition of about 150 jobs, which we hope will ease With the holidays approaching, we couldn't think of a more lovely Christmas present this city could receive. The two most obvious conservative challengers against Mathias—Rep. Lawrence Hogan

Agnew might be more formidable. Agnew's opinion of fellow Marylander Mathias is even lower than Mr. Nixon's. A footnote: Mathias is under-

standably puzzled by White House animosity over his role in adding a key moderating amendment to the checkoff ship and chief White House lobbyist Clark MacGregor.

Strongman Strom Although former Gov. Robert McNair of South Carolina has commissioned a top political polister to sample his chances in a Senate race against Repub-lican Sen. Strom Thurmond, the prospect of McNair running is close to zero. South Carolina Democrats, in fact, regard Thurmond as un-beatable today. What McNair

really wants to find out is whether Thurmond, aged 69 today, is vulnerable to a youthful, newstyle Democrat in the image of Florida's Sen, Lawton Chiles. When McNair's term as governor ended last January, he was pushed hard by some party leaders to start running against Thurmond immediately. Mc-Nair equivocated. Now Thur-mond, hiring a shrewd black political operative, is biunting his segregationist image. More important, Thurmond and his pretty young wife, a former Miss South Carolina,

Foresaking for the moment these qualities, Mrs. Angeline Krout of Glen Burnie, Md. decided a few days ago that perhaps it was time the boss received a blunt reminder of his role and duties, and so she came up with a list, "Resolutions For Bosses."

Mrs. Krout, a gracious, youthful locking mother of a daughter over 21, and president of The National Secretaries Association, suggests that Mr. Boss take a pad, copy the following instructions, and then choserve them.

1. If I get in earlier than you, I shall keep my hands of the mail even though it is addressed to me. If I do, I'll keep it in order for you to see and log so that you may properly handle correspondence.

of Kobe, Japan, have sent 1,000 gounds of canned food and more than \$800 to needy in Beattle.

The Japanese donation was organised by the Rev. Sadao Oaswa and went to neighborhood centers operated by Neighbors in Need. But spokesmen for the group said they still may not have enough supplies for the food banks to last the winter.

The group said last week's receipts of almost \$10,000 were barely enough to continue providing food for an estimated 6,000 now using the food banks.

Peggy Maze, head of Neighbors in Need, said that in October, the program spent \$13,000 more than it received.

The regulation would require a mixture of housing on any approved tract larger than 60,000 square feet.

Only one-third of the site could be developed for apartments or for two-family houses, but the entire tract could be developed for small single homes.

Richard Skoglund, Eighth District dispatcher, reported today that there were many ducks and some geese at the pond while the firemen were pumping.

Andover

Police Chief James Reardon said he was notified of the break by a company official this morning, and he has turned the case over to the detective bureau.

Reardon said the company officials had expected some thefts were occuring last week, but were unable to substantiate any loss. No details were available on how the burgiary was committed.

The stolen coats, according to Reardon, were in an unfinished state, Many of the coats, he said, had collars made of mink and other furs.

The recycling efforts have increased by about 50 per cent during the past three months, according to Moore and have reached the point where approximately two tons of glass and two tons of paper are collected each weekend at the recycling center in the Grange Hall.

Hall.

It is hoped sufficient volunteers will come forth to permit the scheduling of workers at the Grange Saturday and Sunday mornings so no one will have to work every weekend.

At present Moore and cochairman Robert Bass hold down the operations every weekend with the assistance of a few members of the Grange. Any profits realized by the recycling program will go to the Grange which began the effort originally to raise funds to purchase a furnace for their building. Additional money will be earmarked for a scholarship fund from the Grange. und from the Grange, The narrow profit margin may

be eaten away however, if the committee decides to take on the recycling of cans, which is far more expensive than glass and paper, and which takes more room than is available at The cans have to be separated by metal content, tops and bot-toms cut off, flattened out and labels removed. A large truck is needed to carry sufficient metal to the Danbury recycling

center to make the operation breat even.

A possible cooperative venture between Billington and Tolland is being investigated, since some interest in a recycling project is becoming evident in the neighboring town.

Regular Schedule
Tolland's recycling program is
unique in the area due to its
regularly scheduled weekly
hours and permanent location,
Moore explains, although he admits some problems have arisen and is appealing to townspeople for their cooperation. The center is open Saturday from 9 a.m. until noon and on Sunday from 9 a.m. until noon, Moore adds, requesting resi-dents to observe the center's

nours.

It is also necessary to rinse out the glass and to remove the metal rings from the necks of the bottles. Some people are not rinsing out the glass jars, according to Moore. "You can imagine what an unwasher mayomalse jar is like after seveal weeks."

weeks."

The recycling center will accept almost any type of paper such as crushed cereal boxes, (providing the wax paper is removed) and cardboard cartons. Any type of waxed, plastic coated or cellophane material cannot be recycled however, Moore explains. He also asks residents to securely tie their newspapers to aid in the handling operations.

At present the recycling program delivers its papers to Rockville Scrap Company where it is bailed and subsequently sold to Colonial Board in Manchester for use in making recycled paper products.

The glass is trucked to the Dayville recycling center. The Recycling Center at the Grange will be closed Christmas and New Year's weekends, but will remain Jopan throughout the winter menths.

The project is saving valuable space at the town dump, and Moore hopes, "forcing the technology to come up with a better way as handling the refuse problem."

Plunkett and Vahata too Much for Dolphins

Pat Quarterback Enjoys Birthday

FOXBORO, Mass. (AP) — Fleet Mercury Morris of Miami Dolphins acted as if he wanted to blow out the candles, but Jim Plunkett and Randy Vataha, the New England Patriots' rookie sensations, insisted on retain-

ing the birthday honors.

Morris returned the opening kickoff 94 yards for a touch-down, but Plunkett and Vataha, a former Stanford battery, took command and led the Patriots to a 34-13 National Football League upset of the Dolphins Sunday.
