Shoot-Down Due To Fear

Libvan airliner tragedy.

Despite the to-be-expected cries for vengeance from Arab extremists. responsible people on both sides of the Mideast deadlock seem to have been shaken and sobered by what occurred.

In this country to confer with President Nixon and members of Congress, Israeli Prime Minister Golda Meir said, "If we had an inkling that there were passengers on the plane, nothing like this would have happened," even though its pilot ignored repeated orders to land.

Her words echoed those of Israel's chief of staff, Lt. Gen. David Elazar. the man who gave the orders to Israeli jets. Had it been known that it was simply a strayed civilian airliner, he said, "we never would have used fire to force it down."

On the Arab side, Egyptian authorities took steps to prevent the funeral procession in Cairo for 100 of the victims from turning into an anti-Israel demonstration. The fact that Egypt's special emissary, Hafez Ismail, did not cancel his scheduled meeting with President Nixon two days after the tragedy but, indeed, spoke hopefully of the chances for peace in the Middle East, is another

To All Connecticut Property Owners and Prospective Owners of Connecticut Real Estate

proposal of the Governor's Tax Reform Commission to increase the present real estate conveyance tax of \$1.10 per \$1,000 to \$10. per \$1,000. This would mean, in selling a \$30,000 property, instead of paying \$33., you would be required to pay \$300. — in addition to closing costs. Under this plan, the towns would continue to receive \$1.10 per \$1,000 and the balance of \$8.90 per \$1,000 would go to the State. Think what this means and if you wish to register your opposition, please fill in your name and address to the statement below, return as directed, and the objections will be presented to your legislators. IDULT AND RETIREMENT HOMES

Homes are not shell homes, but are completely finished and furnished with no extras to buy. All of Jensen's pre-built homes and mobilehomes are built to American Standard Association's Code A119-1 or above. Professionally Landscaped Lots - you will be surprised at the layout and plan-

shrubs highlight this development. Adult Home Villages are engineered, planned and built around the theory that pre-built and mobilehome living is practical and enjoyable for couples. We do not recommend this type of living for people with school children. PRESTIGE COUNTRY CLUB LIVING

The sophisticated home owners who live in our country club development are kind, gentle, sociable, real down to earth people, a large per cent of whom are professionals. Many of them are quite well-to-do. They are the kind of people you may have always wanted as friends. Without sacrificing standards many of these well off people are saving money due to the economy of retirement country club living. They use the extra savings for trips, investment, sending grandchildren to college, etc.

The recreation clubs are independently organized. Card parties, anniversaries, bingo, suppers, dances, pool parties, cookouts, birthday parties, etc., are the order of the day. Privacy is supreme.
