

Directors Face Modest Agenda Tuesday Night

A comparatively modest agenda faces the Manchester Board of Directors for its Tuesday evening meeting.

Except for public hearings on five proposed appropriations, all to be financed by equal fees or grants, plus opening the meeting to directors and taxpayers who wish to speak on other subjects, the directors have only one item of unfinished business before them—consideration of a sanitary sewer swap with the Town of South Windsor.

The directors conduct meetings on the first and second Tuesdays of each month. They have public hearings on agenda items on the first Tuesday and take action on the second.

The proposed sewer exchange is for about 400 acres of land in both towns, the site of a proposed industrial-commercial-residential development.

The proposal was on a board's agenda April 10. By a unanimous vote, the board tabled action, pending more information on the estimated effluent flow and the effect it would have on the town's already overloaded sewage plant.

Town Manager Robert Weiss, who is recommending the sewer exchange with South Windsor, has submitted figures which predict a near-equal sewage flow by gravity in each town, should the development materialize.

In placing the item for reconsideration next Tuesday, Weiss said it is his opinion that the sewer exchange between the two towns is equitable, the sewer plant can accommodate the area, that the area was planned to be included in the original design of the plant, that we have an obligation to service the area, and that it would be preferable to do so with a gravity flow.

The following agenda items appear under the heading of new business—to be discussed May 1 and acted upon May 8:

- ... Considering the abandonment of the eastern portion of Hannaway St., where it abuts the property of Multi-Circuits.
- ... Allocating \$2,000 from the Capital Improvement Reserve Fund, for restoration of deteriorated engineering maps.
- ... Establishing a "Blue Ribbon" committee to study different forms of government.
- ... Appointing members to the Youth Commission.
- ... Appointing an alternate member to the Zoning Board of Appeals, to fill a vacancy.
- ... Discussing proposed new rules for Manchester cemeteries.
- ... Approving the transfer of a total of \$44,150 from eight accounts and distributing the sum among 11 other accounts, as follows:

- From the contingency fund, \$2,500; Social Security, \$7,300; street lighting, \$7,100; Major Medical Insurance, \$3,000; police, \$3,250; assessment, \$5,000; temporary borrowing, \$9,000; and S.A.M. (Summer Activities in Manchester), \$7,000.
- To the collector of revenue, \$2,500; park department, \$7,300; C.M.S., \$4,000; general services, \$50; planning and zoning, \$2,300; libraries, \$3,600; and refund of taxes, \$250.

The case of Wayne Wierzbicki, 18, of 103 Greenwood Dr., charged with third-degree burglary, third-degree larceny and third-degree larceny, was continued to May 24 for a hearing in eligibility as a youthful offender.

Wierzbicki is charged in connection with recent area burglaries.

Other cases disposed of or nolle prossed Thursday included:

- The case of Daniel S. Francis, 32, and his wife, Theresa, 30, both of 28 Cottage St., both charged with disorderly conduct were nolle prossed.
- A charge of intoxication against the man was also nolle prossed.
- William H. Davis, 23, of 19 Grove St., pleaded guilty to charges of operating a motor vehicle while his license was under suspension and improper passing. He was fined a total of \$150 for the offenses.
- Allan E. McIninch, 21, of Storrs, pleaded guilty to a charge of disorderly conduct and was fined \$150.
- Charges of possession of liquor on public property and illegal possession of a non-narcotic controlled substance against James Roberts, 18, of Enfield, were nolle prossed.

Armory Site Reclaimed By Hartford

HARTFORD (AP) — A 3.1 acre tract of land in Southington, donated to the state 23 years ago as the site of a new state armory, was reclaimed by the town Wednesday.

In a ceremony at the state treasurer's office, town officials declared the deed to the state armory built on the site in 1951 in exchange for a one-dollar token purchase price.

The National Guard units stationed at Southington were relocated in 1971 and the old armory building became a storage depot for the Military Department.

The town is considering a number of possible uses for the property, including the designation of the land as a site for a housing project for the elderly. A town official said, however, that no decision has been made on the ultimate disposition of the land.

A 9.6 acre site off Woodruff Street in Southington was turned over to the Military Department in 1962 to build a new armory. Federal approval is being sought for the project.

Court Cases

Manchester Session

A charge of third-degree burglary against Joseph Petrello, 18, of no certain address, was nolle prossed (not prosecuted) Thursday by Prosecutor William Collins Petrello, who was extradited from Arizona earlier this year on numerous charges of burglary, larceny and violation of probation stemming from an area burglary, being held at the Connecticut Correctional Center at Hartford. Other charges against Petrello are pending in Hartford County Superior Court.

"I think Manchester needs a rink, Siebold continued. He noted that a survey showed that several area rinks operate as much as 20 hours a day.

Clerk Seeks End To Judge 'Shopping'

HARTFORD (AP) — Connecticut's new federal court clerk says he's overhauling the system used to assign cases in an effort to prevent attorneys from "shopping" for a sympathetic judge.

Sylvester Markowski, chief clerk of the U.S. District Court in Connecticut since March 1, says he has instructed court personnel not to reveal anyone which judge is next in line to receive a case until after the legal papers are filed.

Markowski says he's eliminating the practice of "judgeshopping" by changing the federal court calendar from the current "general" format to an "individual" calendar.

Under the new procedure, he says, a single judge will handle a case from start to finish. Related cases will be assigned to the same judge, he says, rather than to whatever judge is free.

Markowski says he began the overhaul of the system shortly after his appointment by Chief U.S. District Court Judge M. Joseph Blumenthal.

"He's wanted it for a couple of years," Markowski says. "The object is to make the courts more efficient, and to enable judges to give more 'personal attention' to cases.

Turf Bids Sought

Bids will be opened May 9 in the Manchester Municipal Building for furnishing and placing about 81,000 square feet of blue grass turf on a ballfield at the old Nike Site, now called Manchester Recreation Center.

The bid specs call for Merion Blue Grass, cultivated and grown in an established turf nursery for at least 18 months.

Jersey Taxes Highest

Trenton, N. J. — New Jersey taxes citizens at 19 cents a pack, the highest rate in the country.

Siebold Urges Enclosed Rink

Robert K. Killian, state attorney general, will address the May 7 meeting of the Fuel Oil Institute, a division of the Greater Manchester Chamber of Commerce.

Called Insight '73, it will be a breakfast meeting at 8:30 at the Steak Out on Rt. 85. Chambers of Commerce in the area have been invited, according to Richard G. Clark, executive vice president.

Killian will discuss his recently submitted fuel control bills. They would:

1. Beep up the Connecticut anti-trust act by adding a provision outlawing the use of price discrimination which major oil companies have been accused of employing to gain marketing advantage over the independent retailers they supply.
2. Guarantee service station operators of franchise periods no shorter than five years and forbid oil companies from canceling franchises without good cause, giving them clearer recourse to the courts.
3. Be patterned after a Massachusetts act which required the major oil companies to spell out lease agreements and prevent them from coercing dealers who join trade associations.
4. Require the posting of an octane rating on gasoline pumps as a guide to buyers

Fuel Oil Dealers To Hear Killian

Neighboring Vernon, he said, estimated a year ago would be built for \$600,000. The private rink in Bolton, scheduled to open in the fall, will cost approximately \$400,000, minus land and professional planning fees. The price noted is just for the building.

Rec construction members present, Chairman Ron Gates, Joe Sylvester, Bob Bieler and Joel Janenda, plus Ernie Curran, park superintendent, all favored an enclosed rink in Manchester's future.

Two Hospitals Denied Rate Increases

HARTFORD (AP) — The Cost of Living Council in Washington, D.C., had rejected requests from two Hartford hospitals for special rate increases.

Mt. Sinai and St. Francis hospitals both had asked for special exceptions to the price control regulations in order to cover the debts incurred in building new wings.

However, the federal council said they had enough money coming in and enough put aside as endowments to meet the bond payments.

Officials at Mt. Sinai said they would appeal the ruling that rejected their request for a 15 per cent annual revenue increase. St. Francis was turned down on an appeal of a prior rejection for a 10 per cent hike.

82.5 Billion For Toys

New York — Americans spent about \$3.5 billion on toys in 1972, about half during the Christmas season.

Gray, the acting FBI director who had already withdrawn his nomination for permanent chief, will today lead two million troops landed between Prek Long and Prek Bang Kang. The noise of the bombs and artillery shells rattled windows and doors in the capital as the cause little concern among the residents.

By CRAIG AMMERMAN Associated Press Writer

Ten million acres of America's heartland from Wisconsin to Mississippi remained covered by floodwaters today as the swollen rivers of the Mississippi basin forced hundreds more from their homes.

President Nixon designated four additional states as "disaster areas," paving the way for quick federal aid and cheap federal loans for the repair of damage to public and private facilities.

Agricultural and property damages mounted into the hundreds of millions of dollars.

In Arkansas and Mississippi, officials predicted that, if the large lakes standing where cotton should be sprouting dry in time, cotton farmers could plant a soybean crop in a month or so.

Upstream, the Mississippi River continued to swell, smashing a levee to bury a 500-acre island south of St. Louis. North of that city, sandbag levees were thrown up to keep the Missouri River from cutting a new channel and linking with the Mississippi 15 miles north of their present confluence.

The President flew over the southern reaches of the floodwaters on Friday, damage estimates climbed above \$200 million; and Arkansas, Louisiana, Ohio and Wisconsin joined Missouri, Illinois and Mississippi as declared disaster areas.

"I can assure all the people who live in the stricken areas that full federal assistance will be provided as long as needed," Nixon said in an address at Meridian, Miss., where he merited dedicate a white training center named for Sen. John C. Stennis, D-Miss.

Stennis told Nixon "the time is about gone" when farmers in flood-inundated areas could plant cotton.

Throughout the Mississippi basin, the floodwaters had impact.

"Two million acres of flat delta land in Mississippi and Louisiana were under water, and some homes in those areas were reported smashed as strong winds from the Gulf of Mexico whipped waves against them.

Nixon Pondering Newest Watergate Revelations

WASHINGTON (AP) — Nixon was alone in the seclusion of his mountain retreat today, apparently to chart a course through the grave problems the Watergate revelations are bringing his administration.

He made the short-notice flight to Camp David, Md., late Friday a few hours after naming a temporary successor to L. Patrick Gray III, who resigned under fire as head of the FBI.

His embattled aides, domestic adviser John Ehrlichman and chief of staff H.R. Haldeman—frequent companions on such problem-solving trips—remained behind, amidst reports they are fighting for their jobs.

In a freakish turn, the Watergate case threatened to disrupt the Pentagon Papers trial of Daniel Ellsberg and Anthony Russo in Los Angeles, with the disclosure by the Justice Department that it had received a report that two Watergate conspirators burglarized the office of Ellsberg's psychiatrist for his files.

The appointment of William J. Ruckelshaus to serve as acting head of the FBI until a permanent successor can be found climaxed a day that saw these developments in the Watergate affair:

Gray, the acting FBI director who had already withdrawn his nomination for permanent chief, will today lead two million troops landed between Prek Long and Prek Bang Kang. The noise of the bombs and artillery shells rattled windows and doors in the capital as the cause little concern among the residents.

The military command said the government troops were conducting a counteroffensive to retake the district town of Chamkat, less than two miles from the besieged provincial capital of Takeo. The command said the enemy suffered "heavy losses" while government troops had one man killed and 17 wounded.

On Highway 3, the command said, Communist troops launched an attack against the provincial capital of Tram Kham, 24 miles south of Phnom Penh.

The secretary of commerce accepted "with regret" the sudden resignation of John Stuart Magruder, former deputy director of the Nixon campaign, who has become a central character in the Watergate probe.

Haldeman and Ehrlichman were along on the President's publicized trip Friday with Sen. John C. Stennis over the flood area in west Mississippi. Reporters asked to meet with them but they refused.

For the weekend, the President was without his advisors in the Catoctin Mountains, a favorite retreat in times of crisis. He canceled a scheduled Saturday meeting with his economic advisers.

The New York Times reported today that White House counsel John Dean III, who has held federal prosecutors he will not testify on alleged government interest in Ehrlichman without being granted immunity from further prosecution.

Allies Attack Red Positions

PHNOM PENH, Cambodia (AP) — American warplanes and Cambodian gunboats have pounded Communist positions on the east bank of the Mekong River across from Phnom Penh, providing cover for two battalions of government reinforcements sent to rout the enemy.

Waves of U.S. B52 bombers hit targets Friday night and early today less than 20 miles from where the government troops landed between Prek Long and Prek Bang Kang. The noise of the bombs and artillery shells rattled windows and doors in the capital as the cause little concern among the residents.

The military command said the government troops were conducting a counteroffensive to retake the district town of Chamkat, less than two miles from the besieged provincial capital of Takeo. The command said the enemy suffered "heavy losses" while government troops had one man killed and 17 wounded.

Floodwaters Cover America's Heartland

By CRAIG AMMERMAN Associated Press Writer

Ten million acres of America's heartland from Wisconsin to Mississippi remained covered by floodwaters today as the swollen rivers of the Mississippi basin forced hundreds more from their homes.

President Nixon designated four additional states as "disaster areas," paving the way for quick federal aid and cheap federal loans for the repair of damage to public and private facilities.

Agricultural and property damages mounted into the hundreds of millions of dollars.

In Arkansas and Mississippi, officials predicted that, if the large lakes standing where cotton should be sprouting dry in time, cotton farmers could plant a soybean crop in a month or so.

Upstream, the Mississippi River continued to swell, smashing a levee to bury a 500-acre island south of St. Louis. North of that city, sandbag levees were thrown up to keep the Missouri River from cutting a new channel and linking with the Mississippi 15 miles north of their present confluence.

The President flew over the southern reaches of the floodwaters on Friday, damage estimates climbed above \$200 million; and Arkansas, Louisiana, Ohio and Wisconsin joined Missouri, Illinois and Mississippi as declared disaster areas.

"I can assure all the people who live in the stricken areas that full federal assistance will be provided as long as needed," Nixon said in an address at Meridian, Miss., where he merited dedicate a white training center named for Sen. John C. Stennis, D-Miss.

Stennis told Nixon "the time is about gone" when farmers in flood-inundated areas could plant cotton.

Throughout the Mississippi basin, the floodwaters had impact.

"Two million acres of flat delta land in Mississippi and Louisiana were under water, and some homes in those areas were reported smashed as strong winds from the Gulf of Mexico whipped waves against them.

Missing Plane Search Effort Resumes

GROTON (AP) — Military units, police and Boy Scouts resumed a land and sea search today for a single-engine plane reported missing Friday night after it apparently tried to land at Trumbull Airport in Groton.

A helicopter flew to join Coast Guard ships searching Long Island Sound while the Air Force, National Guard, police and scouts prepared for a ground search in southeastern Connecticut and southern Rhode Island.

Officials said a tentative identification of the plane had been made but they declined to make it public. They did say, however, that the plane was believed to be red and white and large enough to accommodate four to six persons.

Recycling Plan Bill Advances

HARTFORD (AP) — A massive plan to recycle Connecticut's garbage has cleared a major legislative hurdle in substantially the form proposed by the state Department of Environmental Protection.

The Finance Committee voted 15-7 Friday to approve the bill, which would create an independent Solid Waste Authority that would spend \$250 million on the new system.

The full program, results of a one-year study by the General Electric Co., is expected to take 15 years to implement.

The authority would be able to issue bonds, sign contracts and condemn land.

Richard Chase, deputy Environmental Protection Commissioner, told the committee that within three to five years the authority would construct the first of 25 waste processing plants, with the Bridgeport area getting the first one.

He said garbage would be picked up at individual homes and deposited at a receiving depot. It would then be transferred to one of the 25 processing plants where non-combustible waste would be separated.

The combustibles would go to five "energy" plants to be burned for fuel. Under the plan, 90 per cent of the 10,000 tons of garbage generated in the state every day would be recovered, either as fuel, recycled metal and glass.

The vote came after four hours of debate over giving a "blank check" to the authority.

The committee voted to limit bond expenditures to \$100 million until 1977.

Another change made earlier in the bill would require the authority to obtain low participation from municipalities and would be directed by an appointed board. It would contract most of the work and operation of the massive system to private industry.

The Finance Committee rebuffed the aim of so-bid contractors, the authority could also be transferred to \$25,000.

Copies are available at the main office or any branch.

TURN AHEAD

SOL R. COHEN (Herald Times Editor)

The time has come, as it does each year, to remind you, dear friend, of Daylight Saving is here.

Whatever hour tonight you go to bed, remember — the clock goes one hour AHEAD.

Don't make a mistake and push it back, or you'll find in the morning — it's two hours you lack.

You may lose some sleep from the hour lost, but — the joy you'll gain is worth the cost.

You'll have more time to lift that bale, to tote that barge, to shop that sale.

To play some golf, to gab about, to try your hand at a swank cocktail.

So, we remind you again, when you go to bed — make sure your clock is set one hour AHEAD.

Non-Indian Side Of Wounded Knee

The Battle of Wounded Knee is still being fought, but mainly the weapons and ammunition now are pen and ink. This is the last major battle or massacre, if you will) between Indians and U.S. troops that took place at Wounded Knee, S.D., on Dec. 29, 1890 — not the current confrontation between militants of the American Indian Movement (AIM) and U.S. marshals.

Millions of Americans, who never heard of either the place or the battle before AIM splashed it onto the front pages, have learned that Wounded Knee was a frontier My Lai in which brutal American troops shot down some 200 defenseless Indian men, women and children. Or so they have been told.

DETROIT (AP) — Kansas City Manager Jack McKeon figured it was inevitable that Steve Busby would pitch a no-hitter. He told him so last year, when the young right-hander was pitching for him at Omaha, the Royals' Triple-A farm club. "He was pitching a no-hitter against Tulsa," related McKeon. "Then he gave up a single in the ninth inning. I went out there and told him, 'Don't worry about it. You'll pitch a no-hitter in the big leagues.'"

Royals' Steve Busby Displays No-Hit and Record Pitching Form

Major League Leaders

Table listing National League and American League batting and pitching leaders. Includes names like Pete Rose, Tom Seaver, and Steve Carlton.

Missed Left Connects on Ref's Nose in Tampa Willie Chaney's Glove Goes over John Pinney's Head

in Florida this year. Busby later no-hit St. Louis for seven innings and earned the starting nod in the Royals' opening game. He lost 3-2, then beat Chicago 12-5 and was clobbered by the White Sox 16-2. His earned-run average entering the Tiger game was 6.04. He had given up 26 hits and 14 earned runs in 15 2/3 innings.

"I had to change my grip in the fourth inning because my ball was sinking and running away from the batters," he said. "I wanted it to go into them." McKeon, who had relievers warming up several times and went out once to talk to Busby late in the game, said he had no intention of removing him unless Detroit got some hits.

Home Run Balls Beat Tom Seaver

NEW YORK (AP) — When you're pitching for the New York Mets, baseball's latest hit wonder, one bad pitch is usually one more than you can afford, so it was bad news when Tom Seaver doubled his limit Friday night. They were consecutive pitches in the fourth inning after Seaver had retired the first 11 Atlanta Braves.

Elsewhere in the National League, San Francisco blanked St. Louis 5-0, Philadelphia downed Cincinnati 3-1, the Chicago Cubs swamped San Diego 10-2 and Houston nipped Montreal 6-5 in 10 innings. The Los Angeles-Pittsburgh game was rained out.

'Playing with Confidence' Dickson Out Front in Nelson Classic

DALLAS (AP) — Bob Dickson got into trouble Friday in the eighth inning to tie Montreal and edged the Expos in the 10th on pinch hitter Jimmy Stewart's first hit of the season, a single that scored Jim Wynn. "I've been playing with confidence since I won at San Diego," Dickson said. "That was a good save I made. I've been in this position before and blown the whole round. Now, I just play it low key and get my par."

He has struggled until this year when he took the San Diego Open. He has won over \$55,000, led the Masters at one point, and finished 10th in the Tournament of Champions. "My confidence is riding at a peak...it's fun while it lasts," Dickson said. His score was five under par over the 6,932-yard Preston Trail Country club layout.

In the other American League games, the Texas Rangers defeated the Milwaukee Brewers 4-3, the Cleveland Indians downed the California Angels 6-2 and the Oakland A's topped the Baltimore Orioles 4-3 in 12 innings. Two games were rained out—Minnesota at New York and Chicago at Boston.

Cleveland's Mill Wilcox, making his first start of the season, flirted with a no-hitter for seven innings and wound up with a three-hit victory over California. The Indian right-hander, who entered the game with a 7.36 earned run average, struck out four and walked one while hitting two batters.

DENVER — Roscoe Tanner, of Lookout Mountain, Tenn., beat Tom Leonard, of Los Angeles, 6-5, 6-4 in the quarterfinals of the WTC World Tennis Classic.

Looking Back at the Local Sports Scene Organized after World War I, the Army & Navy Club fielded this fine football team during the 1919 season.

Local Baseball Dead, Men Turn to Softball

there is the greatest demand for activities and try and meet them. If we have 10 people who want an activity, we try to accommodate them," Siebold said. Adult baseball has been dead in Manchester for more than a decade except for American Legion and Moriarty's participation in the Hartford Twilight League. The latter plays home every Tuesday night at Mt. Nebo.

Schoolboys Play If Rains Ceases

This afternoon at 2, Manchester High will makeup yesterday's rained-out game with Platt High at Memorial Field. Knuckleball hurler Dave Bidwell is expected to start for the 31 Indians.

Launch Series

LOUISVILLE, Ky. (AP) — The Kentucky Colonels and the Chicago Cubs begin their series in a best-of-seven series for the American Basketball Association championship tonight. The teams split their eight regular-season games, each winning their four at home.

Area Ruined

"I don't know who is responsible, but it is terrible," said the 37-year-old tennis player. "I'm really playing well enough to win," Palmer said. "I think my game has come around. I'm hitting my drives much longer and that had been bugging me. I play better than I have since Palm Springs. I'm still not putting well... I'm afraid to charge the hole because I might leave it five feet past."

Cowens Big Difference, Celtics Have Home Edge

NEW YORK (AP) — Momentum does Boston have that edge now over the New York Knicks? "I'm not going to say anything about it," the Celtics' Jo Jo White said, grinning. "But we got them in Boston last time—and we got 'em back there again."

That's what the Knicks have to think about too. Two games ago, they seemed to have the National Basketball Association's Eastern Conference finals neatly wrapped up. They led the Celtics 3-1 in the best-of-seven series, and Boston's captain and scoring leader, John Havlicek, could barely raise his right arm because of torn shoulder muscles.

On Sunday in Boston the Celtics have a chance to reverse a bit of history; in the 1968 playoffs they trailed Philadelphia 31 in the Eastern finals, but won the last three games and then beat Los Angeles in six for the NBA crown. "There's no doubt in my mind that we're the best ball club," said New York's Earl Monroe, who scored 22 points to support teammate

Chris Everett Reaches Finals

Chris Everett of Manchester moved into the final of the Lowell, Mass., Silver Mittens Boxing Tournament last night with a third round TKO. The bout will be Friday night. Steve Everett was a loser via decision. Randy Everett, 10, will appear in a special 60-pound bout Friday night.

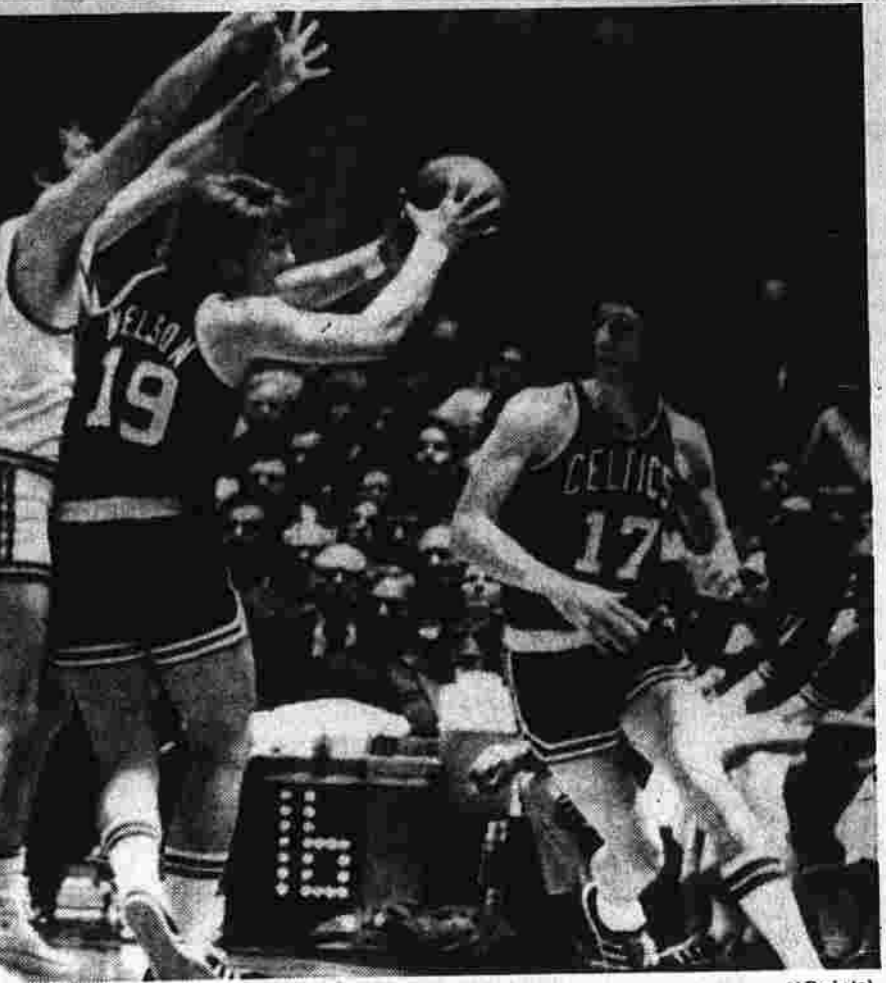

Not Russia's Best? U.S. Cagers Ready For Six-Game Set

LOS ANGELES (AP) — The United States and Russia collide in a six-game basketball series starting Sunday, but it won't be a replay of the controversial gold medal game of last summer's Olympics. "If we felt we had to prove ourselves," says Soviet Coach Vladimir Kandrashev, whose Olympic team won a disputed 51-50 decision over the Americans at Munich, "we would have brought along our more experienced team." Still, the USSR national team bears greater resemblance to its Olympic squad than does the Bob Cousy-coached collection of U.S. collegiate stars.

Ashe Winner

DENVER (AP) — Arthur Ashe emerged as the only top money winner playing in today's semifinals of the \$50,000 United Bank Tennis Classic in Philadelphia (Rutten 6-0) at Cincinnati (Galletti 3-1), 8:05 p.m. Montreal (Renko 1-1) at Houston (Porsch 2-1), 8:30 p.m. San Francisco (Matack 1-3) at Atlanta (Reed 0-3), 8:05 p.m. Philadelphia (Rutten 6-0) at Cincinnati (Galletti 3-1), 8:05 p.m.

PHILADELPHIA — Villanova's quartet splashed through a driving rain and won the distance medalist in 9:43.6 for the eighth straight year at the Penn Relays. DENVER — Roscoe Tanner, of Lookout Mountain, Tenn., beat Tom Leonard, of Los Angeles, 6-5, 6-4 in the quarterfinals of the WTC World Tennis Classic.

Don Nelson Hands to Cutting John Havlicek...as Knicks' Bill Bradley Closely Defends

Everybody but Cowens, "I was pleased with the way I played, but not especially satisfied," said the 6-foot-9 Cowens, the NBA's Most Valuable Player, who hit from inside, outside and everywhere in between, and hauled in 14 rebounds, repeatedly muscling the Knicks out from under the boards.

Smith After Win No. 6

GOTEBORG, Sweden (AP) — Top-seeded Stan Smith of Pasadena, Calif., who has won half of the 10 previous WCT Group A tournaments, continues his bid for No. 6 when he meets unseeded Gerald Balfour of England in today's second point list, with Laver in group place.

Obituaries

Jacob T. Kolodziej
ROCKVILLE — Jacob T. Kolodziej, 83, of 27 Snipic St. died Friday at a Middletown nursing home. He was the husband of Mrs. Victoria Janek Kolodziej.

Mr. Kolodziej was born in Poland and had lived in Enfield for many years before coming to Rockville 22 years ago. He retired 18 years ago after being employed for 35 years as a weaver at the Bigelow Sanford Co.

Survivors, besides his wife, are a son, Edwin P. Kolodziej of Wallingford; 3 daughters, Mrs. Rose A. Holt of Enfield, Mrs. Nellie Pieczarka of Newbury, N.H., and Mrs. Jane Newport of Springfield, Mass.; a sister, Mrs. Sophie Novak of Wallingford; 11 grandchildren and 8 great-grandchildren.

The funeral is Monday at 9:15 a.m. from the Leste Funeral Home, 128 Pearl St., Enfield, with a Mass at Holy Cross Polish National Catholic Church, Enfield, at 10. Burial will be in Holy Cross Cemetery, Enfield.

Friends may call at the funeral home Sunday from 2 to 4 and 7 to 9 p.m.

Mrs. Sadie M. Vallance
VERNON — Mrs. Sadie Mahoney Vallance, 80, of Vernon Garden Apts., Rt. 83, died Friday at Rockville General Hospital. She was the widow of Frank A. Vallance.

Mrs. Vallance was born in Orange, N.J., and had lived in Newburyport, Mass., before coming to Vernon last December to make her home with her daughter, Mrs. Edward J. Gibbons.

Survivors, besides her daughter, are two grandchildren and four great-grandchildren.

The funeral is Monday at 9:15 a.m. from the White-Gibson-Small Funeral Home, 65 Elm St., Rockville, with a Mass at St. Bernard's Church, Rockville, at 10. Burial will be in St. Bernard's Cemetery, Rockville.

There are no calling hours. The family suggests that any memorial contributions may be

made to St. Jude's Shrine in care of St. John the Baptist Roman Catholic Church, 512 W. Saratoga St., Baltimore, Md.

Mrs. Flora P. Jones
COVENTRY — Mrs. Flora P. Jones, formerly of Coventry, died this morning at an out-of-town hospital. She was the widow of Orrin W. Jones.

Survivors are a daughter, Mrs. Eugene Goslin of Manchester; two brothers, Armand Clement of Fort Lauderdale, Fla., and Dennis Clement of Montreal, Que., Can.; a sister, Mrs. Romeo Nault of Fort Lauderdale; and two granddaughters.

The funeral will be Monday at 9:15 a.m. from the Holmes Funeral Home, 400 Main St., Manchester, with a Mass of the Resurrection at St. Bridget Church, Manchester, at 10. Burial will be in the Veterans Section of East Cemetery, Manchester.

Friends may call at the funeral home Sunday from 7 to 9 p.m.

Mrs. Julia Kaselaukas
Mrs. Julia Kaselaukas of 251 Buckland St., died Friday at Manchester Memorial Hospital. She was the widow of Joseph Kaselaukas.

Mrs. Kaselaukas was born in Lithuania and had lived in Manchester for the past 60 years. She was a communicant of St. Bridget Church and a member of the Sons and Daughters of Lithuania Society.

Survivors are a son, Charles D. Kaselaukas of Manchester; a daughter, Mrs. Roger Newberry of South Windsor; three grandchildren and two great-granddaughters.

The funeral is Tuesday at 8:15 a.m. from the Holmes Funeral Home, 400 Main St., with a Mass of the Resurrection at St. Bridget Church at 9. Burial will be in St. James Cemetery.

Friends may call at the funeral home Monday from 2 to 4 and 7 to 9 p.m.

Directors Set May 7 For Budget Vote

For Budget Vote

The Manchester Board of Directors has scheduled a special meeting for Monday, May 7, to adopt the town budgets and to set the tax rates.

It will be at 8 p.m. in the Senior Citizens Center at Myrtle and Linden Sts.

Town Manager Robert Weiss is recommending an \$18,404,865 budget and 50.66 mill tax rate for the General Fund, up \$1,846,865 and 2 mills over the current fiscal year; and a \$1,261,719 budget and 5.35 mill tax rate for the Town Fire District, up \$134,798 and 0.28 mill.

He is recommending \$10,957,400 for the school budget, which is \$413,091 less than requested but \$782,400 more than was allocated for the current year.

Power Failure Hits East Connecticut

By THE ASSOCIATED PRESS
Most of eastern Connecticut was struck by a power failure Friday night, a spokesman for Connecticut Light & Power Co. said.

The spokesman said about 65,000 CL&P customers were affected as well as customers of Hartford Electric Light and Power Co. and municipal utilities who use CL&P's Montville generating station.

The blackout stretched from near the Massachusetts border to as far south as Long Island Sound, and east to the Rhode Island border, the spokesman said.

The spokesman said lightning struck and disabled a 340,000-volt line coming out of the generating station on the Thames River at about 7:30 p.m.

He said the remaining 115,000 volt line wasn't sufficient to carry the load being produced at the station.

"As a result, protective devices on generating units were activated, and the generators were taken out of service," he said. "So we had no generation coming out of Montville."

The spokesman said workers began restoring service within five minutes and that by 9 p.m. most of the customers were again receiving electricity.

He said the line had lightning protection devices, "but evidently this line took a direct hit."

Blackouts occurred in the cities of Norwich, New London, Groton, Willimantic, Danielson, and Mystic, the spokesman said.

Backouts occurred in the cities of Norwich, New London, Groton, Willimantic, Danielson, and Mystic, the spokesman said.

Gas Shortage Closes Station

The hood of a car propped up against the gas pumps at a service station and bearing the message, "Closed Due To Shortage," explains the dilemma facing a local gas station operator.

The Regal Gasoline Service Station at 947 Center St., near its junction with W. Middle Tpk., has closed its doors to customers due to the gasoline shortage.

Richard Stevens of 285 Burgeside Ave., East Hartford, operator of the station for the last five years, locked his doors Saturday, reopened for a few hours Monday for gasoline sales, and finally posted a sign explaining his reasons for closing the station.

The local station is one of a chain of five owned by Martin Koenigsberg of New London. The other stations, operated under the name of "Major Oil," are in Niantic, Jewett City and two in New London.

Koenigsberg reports the Jewett City and Niantic stations have also been forced close due to the shortage.

In the fuel oil business over 30 years, Koenigsberg said his suppliers implied that if he would operate his stations fewer hours and increase gasoline prices, the storage tanks at his stations would be refilled.

Regal's closing was the first report of a Manchester station closing due to lack of gasoline.

The fuel oil business over 30 years, Koenigsberg said his suppliers implied that if he would operate his stations fewer hours and increase gasoline prices, the storage tanks at his stations would be refilled.

Regal's closing was the first report of a Manchester station closing due to lack of gasoline.

Father Cronin In TV Mass

DONNA HOLLAND
Correspondent
Tel. 646-0375

Tomorrow at 8 a.m. on Channel 8 television program, Celebration of the Eucharist, the Rev. Robert Cronin, pastor of St. Maurice Roman Catholic Church, will say Mass.

The Folk Song Group of the church, led by Camille Mickewicz, will sing. They will be assisted by University of Connecticut folk singers.

William Stern will accompany the group on guitar. UConn student Peter Skipper will be accompanist.

The first reading will be done by Hope Grunski and the second by William Mickewicz.

Bulletin Board
The Bolton File and Drum Corps will hold its practice Monday, from 6:30 to 8:30 p.m. at the Elementary School.

Members of Calvary Church will conduct a service Sunday at 2:45 p.m. at the Open Hearth Mission in Hartford. The Rev. A.D. Gustafson will give the devotional message, and the youth of the church will present a musical program.

The Couples Club of South United Methodist Church will meet tonight at 7:30 at 82 Shallowbrook Lane, Glastonbury, for a treasure hunt.

Robert Digan and Rick Gowan of the Youth Services of Manchester will speak Wednesday noon at the spring luncheon of Manchester Auxiliary of Child and Family Services at Willie's Steak House. Reservations close Monday and may be made by contacting Mrs. Eugene Montany, 280 Ferguson Rd.

Couples Rotating Gourmet Groups will have an Indian menu planned by Mrs. James Harvey tonight at 7:30. Hosts and hostesses are Mr. and Mrs. Milton Perlman of 3 Sanford Rd. and Mr. and Mrs. Robert Misage of 227 Ralph Rd.

Girl Scout Troop 642 will meet Monday at 8 p.m. at Community Baptist Church.

"He Is Risen" is the theme of a contemporary Mass, which will take place Sunday at 5 p.m. at the Church of the Assumption.

The Sisterhood of Temple Beth Shalom will conduct a rummage sale Tuesday from 11 a.m. to 6:30 p.m. and Wednesday from 9 a.m. to noon at the Masonic Temple, 25 E. Center St. New fabrics and new and used clothing will be featured.

Members of the Army and Navy Auxiliary are reminded to be at the clubhouse Sunday at 1 p.m. to help with the Rocky Hill veterans.

Bedroom Damaged By Fire

A fire in a bedroom at 359 Parker St. was reported to the Town Fire Department at 10:53 Friday night, firemen said today.

The fire, which firemen say destroyed the bedroom but left the rest of the house relatively undamaged, was extinguished through the use of 1 1/2-inch hoses.

Firefighters used smoke ejectors to clear the house of smoke. According to firemen, the entire operation took an hour and 40 minutes to complete.

At the same time as the house fire, in which firemen of the Eighth District assisted, a false alarm was turned in from Box 191 at Center and Olcott Sts.

Firemen caution that turning in false alarms is a criminal offense and that it also strips the town of firefighting units unnecessarily. This, firemen say, could result in disaster in the case of an emergency.

Spider Farms Failed
Columbia, S. C. — Hopes for the commercialization of spider silk led to efforts in France in the 1700s and in the United States in the 1800s to establish spider farms for silk production, like the Orient's silkworm factories.

These were doomed for many reasons, among them the spiders' erratic work habits, their tendency toward cannibalism and the difficulty in collecting the silk.

Today's Thought

fooling Those Who Were Robbed

An Illinois thief stole hundreds of dollars worth of shoes, the entire stock of a store, and in addition played a trick on the dealer by leaving all the empty boxes, putting them back just where they belonged. One after another customers arrived the next day, and the dealer, pulled out box after box, only to find that each was empty. That was a unique theft, but something much like it takes place all the time.

There are many thieves of faith, writers and speakers who make it their business to destroy belief in God, in Christ, in the Church, in religion. But they always leave the shell of what they have taken, in order to fool people into thinking that they have taken nothing at all. But pull out the boxes, try to get some comfort and strength out of what they have left, and you will see that the theft has been complete.

"Having a form of godliness but denying the power thereof" II Timothy 3:5 is a commentary on much that passes for religion. In these days, when our children are taking off the boxes labeled "I believe in His only Son our Lord" — His Resurrection, His Ascension, His Coming Again, will they find them empty and void as far as our personal lives are concerned, and in disillusionment turn from our religion and call us phonies?

God forbid. Let our faith be so strong that if they turn from our faith, they turn from our God.

Local Wanderer Now On Island In Persian Gulf

JUNE TOMPKINS
(Herald Reporter)
There are eight years and many miles" between a Manchester man's enlistment in the Navy in 1965 and his present location on an island in the Persian Gulf.

Dennis Kuzmickas, 25, whose home is still 178 Chestnut St., has been submitting to the wanderlust in his blood and has found much of the excitement he craved in Vietnam, both as a serviceman and as a civilian, and is now assisting a project engineer with drilling oil derricks and installing pipelines on the island, of Bahrain off the coast of Saudi Arabia. For two years, the island, which is 27 miles long with a population of 200,000, has been home to Kuzmickas. The sovereign island is 25 degrees north of the equator.

A 1964 graduate of Manchester High School, he attended the University of Connecticut for two years. In 1965 he joined the Naval Reserve Officer Training Corps program at the university. However, he couldn't wait to see some of the action in Vietnam, and enlisted in the Navy in 1967. After completing his basic training at the Great Lakes (Ill.) Naval Recruit Training Center, he attended hospital corpsman school, and was later assigned to Chelsea Naval Hospital. After four

months, he left Chelsea Naval Hospital at his own request in order to serve with the Marines in Vietnam. Upon his departure from the hospital, he was awarded a letter of special commendation for his impressive performance of duty as a ward corpsman.

Three months later, he returned to Chelsea Naval Hospital, not as a medic, but as a patient recovering from wounds he received when he stepped on a mine in Vietnam.

Following Kuzmickas' discharge from the service, he returned to the University of Connecticut where he majored in engineering. Still wanting to go places and do things, he returned to Vietnam with a press pass from UConn and spent two months during the summer of 1969 touring the country.

He graduated from UConn in 1970 as an engineer and applied to several companies for heavy construction work. His acceptance by an oil company to work on the island of Bahrain was about the farthest he could have gone, even though it may not have been his farthest dream. His father says Dennis likes it where he is, but wonders where he will go next.

The son of Mr. and Mrs. Alfonse C. Kuzmickas, he also belongs to Knowlton Raiders in Coventry.

Two Women Charged After Drug Search

Members of the Manchester Police Department's detective bureau and narcotics bureau, armed with a Circuit Court 12 search warrant, took part in a drug search at 45 Pioneer Circle in which two Manchester women were arrested.

Gall D. Monat, 19, of the Pioneer Circle address, was charged with possession of a non-narcotic controlled substance at the scene of the raid and Cathy Baker, 34, of the same address, was later arrested in connection with the raid.

Police say that a quantity of marijuana was found in two plastic bags at the house. The two were released on their promises to appear in court May 21.

Jack A. Theodore, 42, of Bloomfield, was charged Friday night on a Circuit Court 12 arrest warrant with non-support.

He was released on a \$1,000 surety bond posted by a bondsman. Court date is May 14.

Vernon Police

Ronald Morse, 20, of 30 N. Park Dr., Rockville, was charged with being absent without official leave Friday. Although police did not specify which service Morse was in, they stated that he had been turned over to the Shore Patrol.

Bernardo Concepcion, 28, of 33 River St., Rockville, was charged Friday on a Circuit Court 12 arrest warrant with non-support.

Police say that he is being held in lieu of a \$1,000 cash bond for court Monday.

Leo W. Anderson, 43, of Cemetery Rd., Vernon, was charged Friday with breach of peace, intoxication and interfering with a police officer in connection with what police term as a "disturbance" at the Pines bar, Rt. 83, Vernon.

Applications Open For Two Scholarships

The Manchester High School Guidance Department has announced that applications are now available for two local scholarships, the Robertson Scholarship and the Eaton-Reed Scholarship.

School who is furthering his or her education. This scholarship was established by the late Edith Eaton, a long-time resident of Manchester and teacher in the local school system.

Applications for these scholarships are available in the MHS Guidance Office and completed applications must be returned to the Guidance Office by June 18, 1973. Scholarship recipients will be chosen before the first of July.

The Robertson Scholarship is available to a senior ora graduate of Manchester High School who is furthering his or her education. Preference is given to applicants who reside in the Eighth Utilities District. Under the will of the late Grace Robertson, four funds were set up: two to provide aid to a boy and a girl for continuing in high school, and two to provide financial assistance to a boy and a girl attending college.

The Eaton-Reed Scholarship is available to any senior or graduate on Manchester High

Crime and Giggles Fill Fall Lineup

By JAY SHARBUTT

NEW YORK (AP) — In case you stepped out for a short beer when the networks unveiled their new fall lines, here is the late news: There'll be slightly more law, order and situation comedy on television next season.

Instead of the boldness that marked the start of the 1972-73 season, the cry of the coming year seems to be: "Stand pat. Don't rock the boat. Fight crime and keep the giggles coming."

The networks began announcing their 1973-74 evening schedules two weeks ago. Now that ABC has finished its roll call, there are 11 2-3 shows on the casualty list and 19 new shows in the works.

There still are a few series to be announced, but the schedules

TV Notes

Alan King takes a second look behind the scenes at Las Vegas Monday, May 7, at 11:30 p.m. on ABC-TV's "Wide World of Entertainment." Guests include tennis ace Pancho Gonzales, former boxer Joe Louis, and Jimmy "The Greek" Snyder, the famous odds-maker.

"CBS News Retrospective," a special 12-week series of some of the best documentaries produced by CBS-TV during the 1950s and 1960s, will be broadcast Sundays this summer (July 8 through Sept. 30). The special series was inspired by a showing of CBS documentaries at New York City's Lincoln Center in 1971.

Closed Circuit TV

BURLINGTON, Vt. AP — Plans called for the system, which uses educational television towers as relay points across the mountains of the two states, to eventually include a hospital in Plattsburgh, N.Y., and the Maine Medical Center in Portland.

Dr. George Welsh, the UVM director, listed some of the other wide implications of the two-way system which has provided participants with the ability to consult, hold seminars, teach classes, and conduct therapy by long-distance "when a phone call won't do it."

The system has joined the medical centers at the University of Vermont here and Dartmouth College in Hanover, N.H., and Berlin, Vt.

One of the directors of the program, Dr. Dean J. Seibert of Dartmouth, said it reduced the sense of isolation of physicians in hospitals which serve rural areas by giving them a communications link with the technology and consultation available at major medical centers.

It also means patients have access to the latest medical knowledge, without leaving their home area hospitals.

Can Spiders Spin Their Webs in Zero Gravity?

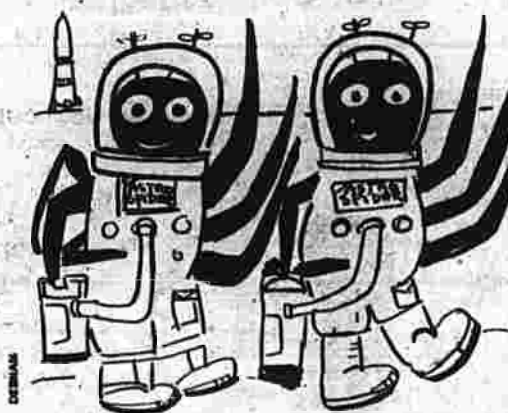

Mrs. Ruth Scarboro, research assistant, and Dr. Peter Witt, spider research specialist, feed a spider water in the Raleigh, North Carolina laboratory. The astronauts will use a similar method when they give spiders water in space. Dr. Witt has been the chief advisor to NASA's spider in space experiment. He will analyze the pictures when they are sent back from space.

The female cross spider is the kind to be sent into space.

Judith Miles, a high school student from Lexington, Mass. discusses the spider experiment she proposed in a NASA contest held last year.

The normal web of the cross spider (left). It will be fun to compare with the pictures sent from space.

Can spiders spin webs under weightless conditions? This is one of the many experiments to be conducted as part of the Skylab mission. Skylab is our country's first space station.

Experiments will be conducted to collect information about man, his planet Earth, and the Sun. Scientists will also experiment to see if spiders can spin webs in zero gravity.

The spiders will be sent to Skylab with the third astronaut crew. They will be carried in a small box. The trip to Skylab will take about seven hours. As soon as possible, the spiders will be put into separate cages already stored aboard. The crew will give the spiders water. The insects will get no food since carrying live flies into space would be a problem. Cameras will take pictures which will be relayed back to Earth.

The type of spider chosen for this mission is the female cross spider. This spider was picked because it weaves a web almost every day.

Why on earth send spiders into space?

According to Dr. Peter Witt, world famous spider research expert, no other living thing can express itself in such an easily predictable and measurable way as a spider when it weaves a web. After years of research, Dr. Witt knows exactly what kind of web the female cross spider, at a certain age, will weave. This spider is dependable because web building is its strongest instinct. It must build a web to trap food.

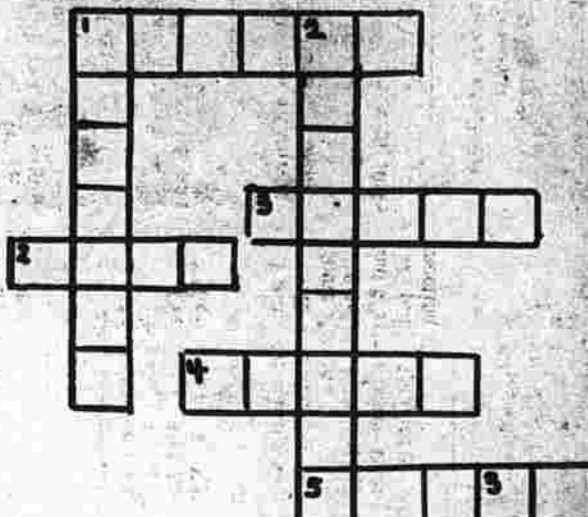

By knowing so much about spider behavior on earth, Dr. Witt can easily compare it with spider behavior in space by examining the web pictures.

This experiment was suggested by Judith Miles, a high school student from Lexington, Mass. She was one of the winners in a contest sponsored by NASA, in which some 35,000 students suggested experiments. Nineteen student experiments will be carried out during Skylab mission.

Skylab Puzzle-le-do

Across

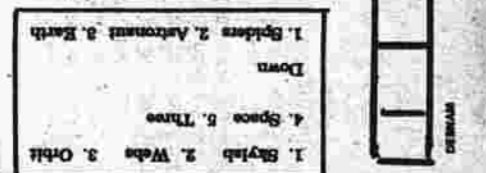

- The space station.
- What spiders weave.
- The space station will _____ the earth.
- The Skylab will be up in _____.
- The number of astronauts in each Skylab crew.

Down

- Type of animal going into space.
- Man in space.
- Our planet.

ANSWER BOX

Bathing and Eating in Space

The astronauts will use a compact shower which is stored on the floor of Skylab when not in use. Astronauts step inside the ring and extend the fireproof curtain, which attaches to the ceiling, and they have an instant shower. Each astronaut may use three quarts of water when he bathes.

The astronauts will eat in the wardroom of the workshop. They appear to be standing but are being held in place by seats attached to the eating table. Under weightless conditions, ordinary chairs or stools cannot be used.

Super Sport: George Foreman

George Foreman, a 24-year old boxer, is the new heavyweight champion of the world. He earned that honor recently by defeating powerful Joe Frazier. George is a six-foot, 217-pound man. Before turning into a professional fighter, he won a gold medal in the 1968 Olympics. In addition to boxing, George also works with the Job Corps. George, who grew up in Houston, Texas, is described as a modest, mild-mannered nice guy. He is married and has a young daughter.

COME to the Reddi-Wip world

Congratulations Todd Ergle of Winter Haven, Florida. You're a Reddi-Wip winner! Send us your own Reddi-Wip ads. If we use them, we'll send you \$10. Mail to: Reddi-Wip Ads, Box 801, Fullerton, Calif. 92638. No purchase necessary. All entries become the property of Hunt-Wesson Foods, Inc. Hint: Reddi-Wip turns everyday desserts into something special.

Monkey Shake

What you'll need:

- 1 ripe banana
- 1/4 cups milk
- 1/2 teaspoon vanilla
- 1 scoop vanilla ice cream

Using a fork, put the banana in a bowl and mash it.

Add milk and vanilla. Mix very well. Use a blender if you wish!

Pour mixture into a tall glass. Top with ice cream.

How will astronauts sleep in space?

The astronauts will sleep in lightweight sleeping bags. These bags will be attached to the wall of each private sleeping compartment. The main purpose of this restraint is to keep the sleeping astronauts from floating around the room.

At times, sleeping will be monitored to find out how much and how well the astronauts sleep. The results will be sent back to Earth. The astronauts will wear special caps during the time they are monitored.

Animal of the Week: The Spider

A spider has eight legs. It is not an insect as many people think. It is an *arachnid*. There may be as many as 50,000 different kinds of spiders. Some are as small as the head of a pin. Others are as big as pie plates. Most live alone, but some are social and live in groups. Spiders eat only liquids. There are six kinds of spiders in this country that are harmful to man. Most are helpful because they kill insects such as flies and mosquitoes. All spiders spin silk, but all do not make webs.

A Mini Page "How Do You Do?"

How do you make paper birds?

What you'll need:

- strips of construction paper 2"x18" long
- scrap paper
- scissors
- paste or glue
- stapler and staples

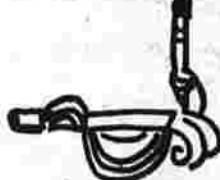

1. Staple several strips together at one end.

2. To form the head, hold the bottom strips tight and push the top strips up to form an arc. Staple.

3. Turn it upside down and repeat to make the body. Staple.

4. Cut and curl the tail, using a pencil.

5. Paste on eyes and staple on wings.
