Andover Town Vote Asked on Ten Questions

ANNE EMT Correspondent Tel. 228-3971
Andover residents will be asked to vote on ten items listed on the agenda for the town's annual budget meeting Saturday evening at 8 in the Andover Elementary School.
As they appear on the agenda, the first item of business, after the choosing of a moderator, will be to elect two members to the Recreation Commission for three-year terms commencing July 1, 1973. Mrs. Julia Haverl and Miss Karen Person are the outgoing members of this commission.
The next time of business will be to elect a member of the Regional Board of Education for three years to fill the expired term of James Hurst.
The next two items are routine items.
First will be to see if the town will authorize the treasurer and Board of Selectmen to temporarily borrow not more than \$25,000 and to issue notes on such terms and for such periods as they deem advisable for the remainder of this fiscal year and for the next fiscal year.
And second to see if the town will authorize and instruct the Board of Selectmen to enter into agreements with the State Department of Transportation for the expenditure of state funds under the provisions of Chapter 240 of the General Statutes for the fiscal year 1973-1974.
The fifth item will be to elect a building official to serve for a one-year term commencing July 1, 1973. The present building official is Selectman Perry Cook.
The next two items will be to receive and adopt the \$569,967 budget estimated by the Board of Finance for the fiscal year July 1, 1972 to June 30, 1974. This budget represents a \$25,000 increase over the present

Hebron Ribicoff, Cotter Dinner Guests

ANNE EMT Correspondent Tel. 228-3971
U.S. Sen. Abraham Ribicoff and U.S. Cong. William Cotter have both announced they will be attending Saturday evening's Democratic Town Committee's dinner-dance at Flano's Restaurant, Bolton.
Sen. Ribicoff will be the guest of honor at a special reception at 6:30 p.m. while Rep. Cotter plans to make an appearance sometime during the evening.
The affair officially starts at 7 p.m. with a cocktail hour, dinner at 8 and dancing from 9 to 1 a.m.
A limited number of tickets are still available and may be obtained from Mrs. Craig Rowley, Reidy Hill Rd., or Paul Blow, Carroll Dr., or any member of the town committee.
Jukido
The Recreation Commission voted last week to sponsor a second six-week program of jukido for students and adults. The program will again be conducted by Robert Michaud of Andover, a third degree black belt master, and will begin next week.
Consent forms will be sent home with the school children for students in Grades 3 through 6 at both schools.
Classes for Hebron students will start May 9 from 3:15 to 4:15 p.m. and for Gilead students on May 10 at the same time. Both sessions will be held at the Gilead school.
Adult classes will start May 12 at the Hebron school from 10:30 to 11:30 a.m. Hebron High School students have already started their second sessions with classes being held Saturday mornings from 9:30 to 10:30 at the Hebron School.
Sculpture
The Recreation Commission has set aside \$100 for the cost of a sculpture structure for children to climb on to be placed at the town's park, Gravelly Falls.
Kevin Donnelly, art teacher at Rham High School, has discussed the structure with commission members and will present designs at the next commission meeting. Donnelly's art students will make the structure once a design is chosen.
Menu
The menu next week at the elementary schools will be as follows:
Monday: American Chop Suey, cole slaw, peaches.
Tuesday: Tomato juice, chicken chow mein, seasoned rice, green beans, gingerbread.
Wednesday: Hamburg pizza, garden salad, pears.
Thursday: Orange juice, macaroni and cheese, mixed vegetable, black raspberry gelatin with lopping.
Friday: Tuna salad sandwich on rye, corn chowder, carrot and celery sticks, brownie.

NO WHISTLE STOPS FOR ARGENTINA BUENOS AIRES (AP)

There are no Harry Truman-like whistle stop campaigns in Argentina's elections in 1973. The Interior Ministry said the reasons range from the State of Siege Law to neutrality of the state-owned railroads.
The State of Siege Law bars public assemblies, so politicians can only meet with their supporters behind closed doors.
The Interior Ministry said railroad stations are public places and the State of Siege prohibits rallies in public places. And it said the government could not compromise its neutrality by permitting candidates to use state railroads.

HEALTH CAPSULES by Michael A. Pevit, M.D.

budget, and if adopted will mean a 7.8 mill increase over last year, or a tax of 97.3 mills on last year's Grand List of \$6,830,470.
If the rate is based on the 1972 Grand List of \$12,637,002, the mill rate will be 52.5 mills.
Revenue Sharing
Residents will also be asked to vote to see if the town will authorize and direct the Board of Selectmen and the town treasurer to pay for any or all of the purchase of eight items from revenue sharing funds as recommended by the Board of Finance.
These include \$2,400 currently appropriated for the purchase of a pickup truck; \$1,000 for a receipt for the tax collector; \$650 for a Scott air pack and alarm sensors; \$2,500 for hose for the fire department; \$3,500 for a sand spreader; \$1,000 for a town garage drain; and \$500 for a vault door.
Tax Payments
The last two items on the agenda deal with tax payments. First, residents will be asked to determine whether the tax on the Grand List of Oct. 1, 1972 shall be due and payable in a single installment or in two semi-annual installments or in four quarterly installments.
And second, to determine whether the tax on the list of Oct. 1, 1972, as it applies to motor vehicles shall be due and payable in a single installment pursuant to Section 12-44a of the General Statutes.

Vital Programs Aided By Cancer Fund Gifts

Vital programs of research, education and service account for 79 cents of every dollar spent annually by the American Cancer Society, David A. Golas, chairman of the town's Cancer Crusade, said today.
Golas, who is serving as chairman for the fourth consecutive year, said cancer research activities have scored dramatic advances and last year received \$4 million, or about 35 per cent of ACS expenditures.
"These vital research projects and all ACS activities are financed by contributions by the American people during the society's April crusades, and from bequests and legacies," Golas said. "Manchester residents have always been generous in their support of these activities and we look forward to a continuation of that tradition in 1973."
ACS expenditures on public education reached \$11.3 million or about 16 per cent. "Here the emphasis is on impressing upon the public the necessity of periodic health checkups to discover cancer at its earliest and most curable stage," Golas said, "as well as informing them about cancer's seven warning signals."
Another 10 per cent, or \$7 million, is devoted to professional education to provide physicians, dentists, nurses and other medical personnel with information on the latest methods of detection and treatment of cancer.
"Patient and community service," Golas said, "received about 18 per cent, or nearly \$13 million, for easing the burden cancer imposes on its patients and their families."
Another \$1 per cent, or some \$15 million, supported fund raising and management of the society's activities.
During its history, the ACS aided in supporting the development of procedures like the Papanicolaou test, which has helped cut the death toll for uterine cancer in half in the past 25 years, Golas said. "Advances in drug treat-

David A. Golas

ment and radiation, which is taking Hodgkin's Disease out of the hopeless category, were also aided by ACS funds. Furthering the success of these advances requires more funding and cooperation. The best way to fight cancer is still twofold: with a checkup and a check."
Golas asks that all cancer volunteers finish their collections and make their returns to either the American Cancer Society office, 227 E. Center St., or the Connecticut Bank and Trust Co. Main St. Office.

WORLD ALMANAC FACTS

"Skid Rows," a social phenomenon peculiar to the U.S., began around the Civil War when thousands of persons were left homeless and poverty stricken. The World Almanac recalls that the term was derived from "Skid Road," a trail in Seattle, Wash., where logs were skidded to the saw-mill and along which lumberjacks lived in squalor.

A Free Press Protects Your Free Speech...

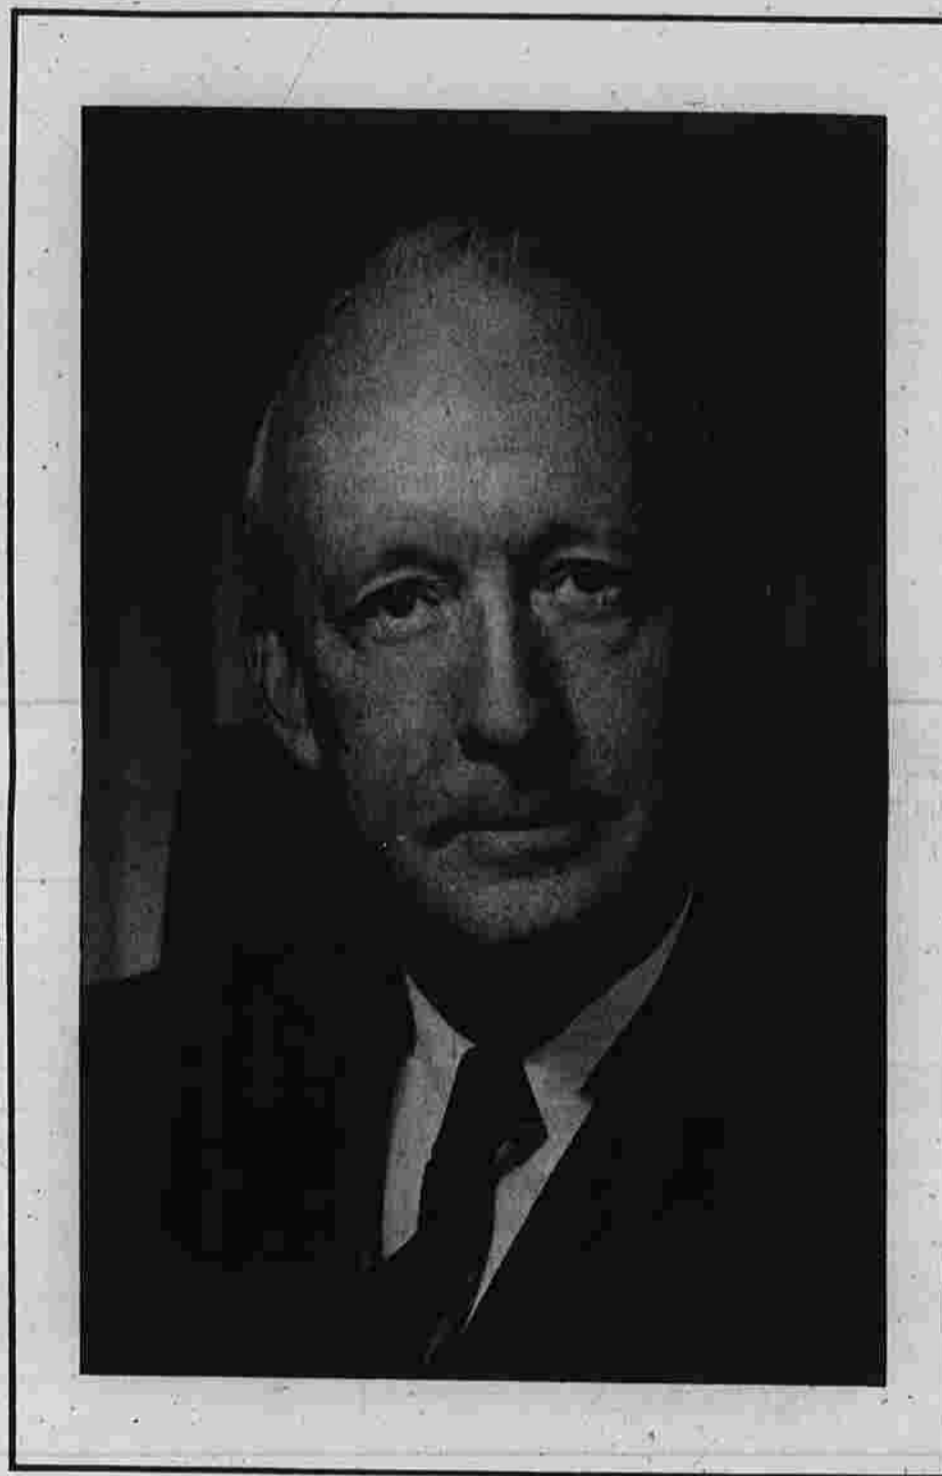

Judges are jailing reporters with increasing frequency, because they refuse to reveal news sources. The result can only be a drying up of these sources of information and impede your right to know what's happening in your government.

Free speech and a free press are guaranteed by the Constitution to the people generally — not to any individual or business.

Everyone also has the right to know what's being offered in the Marketplace. The right of choice in all goods and services keeps the system of competition working for everyone's progress.

Consequently, when our freedom of the press is restricted, your free speech is also restricted.

Your free speech depends on a free press.

Copyrighted Pack Bros., Inc.

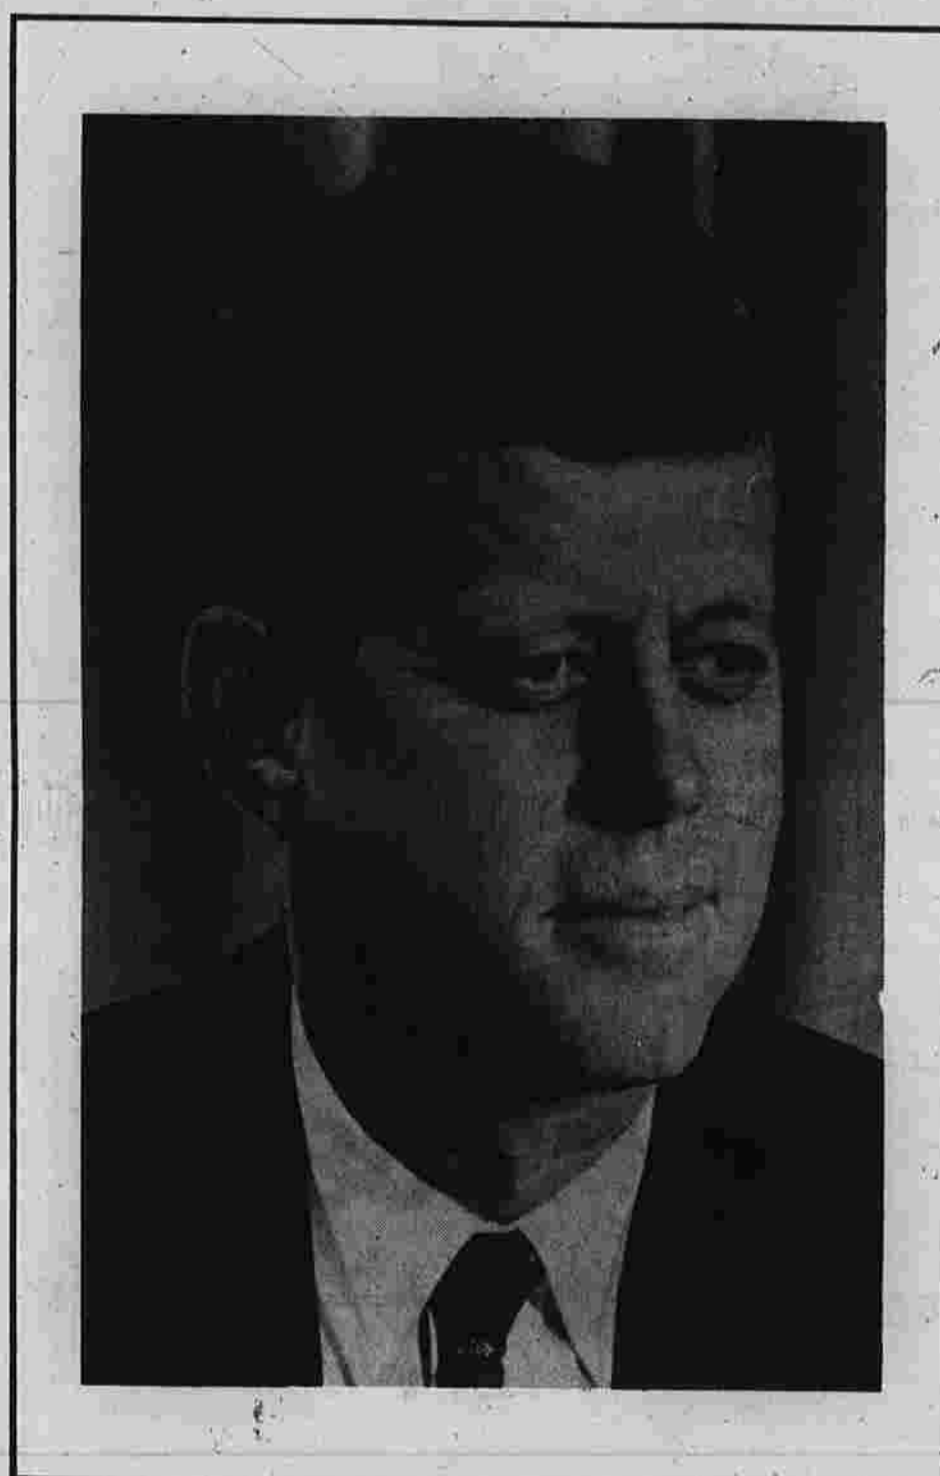

Here's What Hugo Black

Justice of the U.S. Supreme Court said about the importance of a Free Press:

"In the First Amendment the founding fathers gave the press the protection it must have to fulfill its essential role in our democracy. The press was to serve the governed, not the governors. The government's power to censor the press was abolished so that the press would remain forever free to censure the government. The press was protected so that it could bare the secrets of government and inform the people."

The next time you get mad at a news story, remember that a free press provides you with the information that keeps our country free.

Manchester Evening Herald

Here's What John F. Kennedy

35th President of The United States said about the importance of a Free Press:

"It is never pleasant to read things that are not agreeable news, but I would say that it is an invaluable arm of the Presidency—to check really on what is going on in the administration. And more things came to my attention that cause me concern or give me information. So I think that... there is a terrific disadvantage not to have the abrasive quality of the press applied to you daily, to an administration, even though we never like it, and even though we wish they didn't write it and even though we disapprove, there isn't any doubt that we could not do the job at all in a free society without a very, very active press."

April More 'Showery' Than Usual

WINDSOR LOCKS (AP) — April, a month frequently accompanied by the word "showers," was no different this year, the National Weather Service said Wednesday. The monthly rainfall amount of 6.59 inches was 2.86 inches above normal and the highest April rainfall total since 1922. The record for the month, 7.66 inches, was set in 1929. Rain caused the Connecticut River to peak above flood stage in April for the second time this year, the weather service said.

On April 5 the river reached a height of 19.1 feet in Hartford. Flood stage is 16 feet and the normal spring peak is 18 feet, the weather service said. On March 19 the river had peaked at 21 feet. The weather service River Forecast Center said that March "runoff" of water from melting snow kept Connecticut from getting higher water levels in April and thus avoided serious flooding in the state. The average monthly temperature for last month was 50.4 degrees, 1.9 degrees above normal, the weather service said. It reported that the month's lowest temperatures, 25, was recorded on the ninth, matching a record low reading for that date.

Senate Approves Generic Drug Prescription Bill

HARTFORD (AP) — The state Senate gave final approval to a bill Wednesday to require a physician to give the generic, or chemical, name of a prescription drug to patients. It also directs pharmacists to put the generic name of the medicine bottle unless specifically directed not to by the doctor. Currently, drugs are usually dispensed by brand name.

Coalition Opposes Bill

HARTFORD (AP) — A new coalition of 17 state environmental groups is protesting a Senate bill that would allow public utilities to buy land without a public hearing and would establish the right of eminent domain in certain new situations. The measure, Senate Bill 2203, is a proposed revision to the Public Utilities Environmental Standards Act. Mrs. Wanda Rickerby of Bethel, co-chairman of the

Statewide Temporary Organization Protesting Senate Bill 2203, said sections of the bill would empower the utilities to buy land without a public hearing and would establish the right of eminent domain in certain new situations. Other sections of the bill, she said, would give the state Power Facilities Evaluation Council a veto power over regional and local planning commissions and would limit judicial review of PFEC decisions. The environmentalist coalition, which is also known by the acronym "STOP 2203," includes the Connecticut chapter of the American Institute of Architects, the Association to Save Norwalk Island, Citizens for a Balanced Environment, the Connecticut Audubon Council and the Connecticut Citizen Action Group.

Birth Rate Declines

HARTFORD (AP) — Connecticut's birth rate has been going down steadily for three years. But while students of the population picture can offer a series of possible reasons for the decline, they concede that they are still far from a complete explanation of the phenomenon.

"There is no one reason and demographers can't even tell you what the reason is," said Cheryl King, a member and past executive director of the Connecticut Federation of Zero Population Growth (ZPG). Harold S. Barrett, chief of the Office of Public Health in the state Health Department, said the birth decrease could be a cyclical phenomenon but that his office had found no final explanation.

Barrett's office announced Wednesday that preliminary statistics showed 8,300 births in the first three months of 1973 compared to 9,845 in the same period last year.

Initial Connecticut figures for all of last year showed 38,866 births, representing a birth rate of 12.6 per 1,000 residents. There were about 45,000 births in 1971 and some 50,000 in 1970.

The national birth rate has been on the decline since 1957. Many population experts point to easier contraceptive measures as the biggest factor in declining birth rates. But a harder question seems to be the reasons that couples decide to use contraception instead of increasing their family size.

One reason for such family decisions, Cheryl King said, could be high prices and concern over the cost of raising a child in the future.

Another possibility she cited is that "some people will say there is a change in society's preference in its norms for a number of children in a family." She quoted U.S. Census Bureau surveys that indicated young women in 1967 wanted to have an average of 2.3 children but a similar group in 1972 wanted only 2.3.

Third, she said, "A lot of people are postponing having children." If that theory holds true, she added, "We may see a backlash in two or three years when people who now are 23, 24 and 25 decide it's finally time to have a child."

She added as a fourth reason: "If indeed women are finding satisfaction outside the home in interesting, developing careers, they could prefer to keep their family size very, very small or have no children at all."

She said it was difficult to tell why Connecticut has experienced one of the lowest birth rates in the nation. "Are more women working here? Is it because we're between New York City and Boston and women have more career orientations instead of family ones?" she asked. "No one can really say for sure."

Barrett said the birth decline could be cyclical. "I think we're getting back to a period right in the Korean War period when there just weren't as many kids," Barrett said. "There are fewer marriages and we're just getting less birth certificates."

He predicted that the decrease would continue in the near future.

When the 5,000-birth drop between 1970 and 1971 was announced, ZPG founder Richard M. Bowers of Hartford attributed 75 per cent of the decline to the availability of abortions on request in New York.

The rest of the drop, he claimed, was due to economic conditions, birth control pills and the increase in voluntary sterilization.

U.S. BUS TOTAL UP — Washington — U. S. passenger-car registrations reached an estimated 96.5 million in 1972, a 2.9 per cent rise over 1971, and bus registrations hit 21.2 million, a 5 per cent gain.

Horse Show To Benefit CFS

Mare Amber and her foal, Windsor, two Morgan horses owned by Dr. and Mrs. John Wright of 64 Willys St. are among the breeds which will be represented at the Children's Services Horse Show and Country Fair, May 11, 12, and 13 at the Farmington Polo Club. From left, Tammy Wright, Carole Murphy, and Jerri Wright, pause to pet the

Land Group To Hear West Hartford Mayor

Mayor Ellsworth Grant of West Hartford will be guest speaker at the first annual dinner meeting May 17 of the Manchester Land Conservation Trust, Inc. The dinner will be held at Whitt's Steak House, preceded by a social hour at 6:30 p.m.

Grant will speak on conservation efforts in the Connecticut River Valley and show a film entitled, "We The Enemy."

Grant attended the Kingswood School, West Hartford, and was graduated from Harvard College. He has been involved in community affairs, and has served on many boards and committees. He served as vice chairman of the Governor's Clean Water Task Force, which aided in passage of the Clean Water Act of 1967. He has also served a three-year term as president of the Connecticut River Watershed Council.

Grant has written several newspaper and magazine articles, and collaborated with his wife, Marion Hepburn Grant, on a book on Hartford. He also wrote two articles for American Heritage.

In recent years, he has returned to his hobby of cinematography. His first documentary, still being widely shown, was "The Long Tide River." He has now turned this hobby into a new venture, Fenwick Productions, whose first release is "Yankee Calling." At the present time, this company is working on a film depicting Connecticut's role in the Revolution. This will be the official film of the American Revolution Bicentennial Commission of Connecticut and will be released in 1974.

The dinner meeting is open to the public. For dinner reservations and choice of menu call Mrs. Stephen Romeo, 100 Dale Rd. Reservations close Tuesday.

Top 4-H Salesmen Awarded Trophies

Several Manchester 4-H Club members were awarded trophies at a recent Ad Victory Banquet in Simsbury. John Garaventa of 109 Lakewood Circle sold more than 800 in ads to appear in the 4-H Fair program to become the top salesman of the year and winner of the Edgar Grant Award.

The Manchester Handy Crafters 4-H Club trophy winners are Kevin Carriere, \$500 trophy; Chris Nelson, \$400 trophy; Keith Merritt, \$300 trophy; Billy Merritt and David Black, \$100 trophies.

Manchester 4-H Homemakers Club members Karin Johnson and Linda Nelson won \$100 trophies; Lois Hughes a sponsorship prize; and John Davis, a commission check, as did all members selling more than \$50 in ads. Linda Nelson, a member of the Hartford County Fair Association, advertising committee, presented several of the trophies.

Bikathon Aids MDA

All Manchester bicycle enthusiasts are invited to participate in a Bikathon to be held June 2 in Glastonbury. The route will follow the Glastonbury Recreation Department's new Bikeway through scenic parts of Glastonbury. Pledges for each mile ridden in the Bikathon will benefit the Muscular Dystrophy Association.

Everyone who completes the designated route will be eligible for the raffle of a donated 10-speed racing bike. Also a steering set will be awarded to the person who collects the highest pledge total.

To register, contact the Glastonbury Recreation Department, Glastonbury Town Hall, 925-0192.

From Your Neighbor's Kitchen

By Vivian F. Ferguson

"Young people are going to have to do what we did during the Depression," commented Eleanor Riker. It was the week of the meat boycott. We began to talk as the hairdresser worked along. "Let me write about what you did then!" I asked.

Eleanor went home to her three-floor mansion, Lawrence, at 800 Spring St. She sat in the breakfast room overlooking Case Post at Highland Park and reminisced. She took out her old Boston Cooking School Cookbook by Fannie Farmer, printed in 1928, and leafed through it.

She thought, "I don't suppose anyone today would think that we went through or maybe would care very much that we went through the Depression." (The period known as the Depression began with the stock market crash in 1929 and continued into the thirties.)

At the time, three of the Rikers' five children had been born. Eleanor thought about all the fun they had had with the garden, canning food, everyone pitching in to help. "It brought the family closer together. We spent the weekends working and it was never anything to be fun."

"The main problem in those days was meat and it's still meat today. Most people used to have a real family noontime meal on Sunday. You can be sure that I considered I had money in my pocket when the grandpa would invite us down to Sunday dinner. It was the main meal for the week and it made you plan to use leftovers. Of course, you could have it cold the next day with gravy. You always made plenty of gravy for that reason. Sliced bread with hot gravy was very popular at that time."

"If there was any meat left, croquettes were made. If you had a lamb roast, for example, you would take the cooked bone, simmer it up with water and seasonings to make a little stew, then you would have it for the croquettes. You can do the same with chicken, or turkey or even bones left from steak."

"There are so many kinds of croquettes," Eleanor said. "Mushroom and fish and sweetbreads. Of course, sweetbreads and kidneys were inexpensive then though they're not now. We loved kidney stew and sometimes I would take a whole beef liver and stuff it."

She mentioned that she had seen pigs feet and marrow bones in the butcher's case recently along with oatmeal which makes a rich brown soup. "All the old-fashioned things were being brought out again," she laughed. "I always thought it would make it easier on the cook. I had about two weeks of menus but would switch them around so the days would vary. Another dish was black bean soup with sliced hard-boiled egg on top. We'd have omelettes or eggs as an evening meal and stick to minimal for breakfast. Sometimes we had eggs for breakfast except as a special treat," she went on.

"Saturday night was baked beans and brown bread and, if you could afford it, cod fish cakes. There was also an all-vegetable supper. Sometimes you would put a poached egg on top, on spinach, for instance. It could be a beautiful plate with all the lovely color of the vegetables. A baked potato would fill it out."

"We didn't make as much of salads as we do today though," she told me. "We'd have something like sliced tomatoes."

"Eleanor and her husband met in New York City when she was a member of the famous dancing team, the Deuel Sisters. She and her sister were almost an immediate success. They appeared in the Music Box Review with such stars as Fanny Brice, Fred Allen and Jack Benny.

Mrs. Riker and Cooking Utensils of Yesteryear

Vegetable soup would make a hearty meal. "We'd save all the water we had used in cooking vegetables to add to the pot. We'd have omelettes or eggs as an evening meal and stick to minimal for breakfast. Sometimes we had eggs for breakfast except as a special treat," she went on.

"Saturday night was baked beans and brown bread and, if you could afford it, cod fish cakes. There was also an all-vegetable supper. PARMESAN BEANS
The finer the quality of the Parmesan, the better the flavor.

1 pound snap beans
1 cup boiling water
1/2 teaspoon salt
2 tablespoons butter
3 tablespoons grated Parmesan cheese

Tip beans and scrub in cold water. Cut in 1-inch crosswise slanted pieces. Boil, covered, with the water and salt just until tender — 8 to 10 minutes. Drain. Mix in butter and Parmesan. Serve at once. Makes 6 servings.

Bolton School Board Candidates

When Bolton voters go to the polls Monday, they will be filling four vacancies on the Board of Education. One of the vacancies is for an unexpired term which ends July 1, 1975. John Eche (R) is running against John Toomey (D) for that term. Three of the vacancies are for full terms. Competing for the posts are Andrew T. Manegga and Robert W. Thornton, Republicans, and Pamela B. Shory and Louis N. Cloutier, Democrats. Voters may cast ballots for any two of the candidates and three of them will be elected. Louis N. Cloutier Jr. (D) resides on Brandy St. with his wife and their children. He is employed at Pratt & Whitney Aircraft in the engineering department. He is a member of the Knights of Columbus of St. Maurice Church. Pamela B. Shory lives on Birch Mt. Rd. with her husband and three daughters. She graduated from St. Agnes School, Albany, New York. She received a BA degree in philosophy from Bates College, Lewiston, Maine. John Bowden Toomey Jr. (D) is a 1972 graduate of Bolton High School and is attending Manchester Community College, majoring in political science. In high school he was editor of the 72 year book, a member of the student council and its representative to the Board of Education. He was also a member of the Latin and bio-sciences club. He is a member of Bolton Congregational Church and the Democratic Town Committee. Andrew T. Manegga (R) attended St. Thomas Seminary and the University of Connecticut. He earned a BS degree at Eastern Connecticut State College. He received his MA and GAGS degree from the University of Hartford. He taught junior high school English for five years, was attending principal for one year, and has been an elementary school principal for nine years, presently at the Maple St. School in Rockville. He has been a member of the Board of Education for six years, presently serving his second year as its chairman. He is on the Board of Incorporators of Manchester Memorial Hospital and a member of Regional Advisory Council of Manchester Community College. Robert W. Thornton (R) was educated at Cushing Academy in Massachusetts. He received a BS degree in electrical engineering at Worcester Polytechnical Institute and continued graduate studies at the University of Hartford. He is employed as an electrical engineer at the South Windsor Engineering Facility. He has lived in Converse Rd. for ten years with his wife and family. Pamela Shory (R) lives on Shady Mill Rd. He earned his AB degree from Southwestern College in Kansas. He earned a Juris Doctor degree from Georgetown University. He passed both the Washington D.C. and Connecticut bar exams. He is presently secretary of the Republican Town Committee. His biggest problem is showing potential customers the cars in the used car lot across the street from the dealership. But he said to customers are usually understanding and don't mind wandering over by themselves to look at them.

Blind Man Sells Car Bolton Selectmen Candidates

DETROIT (AP) — Ed Casner isn't allowed to drive the cars he sells, and since he's legally blind, he even has trouble seeing them. Neither he nor his employer consider his blindness a handicap, however, since he's been selling cars for more than 30 years. "Need a new Chevrolet, or a good used car or truck? See Ed Casner—his the one with the white cane." That's how the company advertises the 59-year-old former insurance salesman. Even with the strong glasses he wears, Casner still has only five per cent vision in his one eye and is considered legally blind. Casner injured his left eye in 1930 while hammering a nail. A chip from the hammer hit his eye and eventually it had to be removed. Due to the lack of antibiotics at the time, the other eye also became infected. "For the past seven or eight years, I can just barely get around," Casner said. But that hasn't stopped his sales. One man has bought 11 new cars from Casner over the past 22 years. His biggest problem is showing potential customers the cars in the used car lot across the street from the dealership. But he said to customers are usually understanding and don't mind wandering over by themselves to look at them.

Open House Set At New Housing

An open house will be held Sunday from 2 to 5 p.m. at the recently completed high-rise apartment complex for the elderly. Hosts for the occasion will be the Vernon Housing Authority, and C. W. Blakeslee & Sons, Inc. and the Dwight Building Co., contractors. The six-story building is located on Court St. near the Tolland County Courthouse and Franklin Park West, one of the first projects, are federally sponsored while Franklin Park East, 55 Grove St. and Windermere, were funded by the state. The 85-unit complex was financed by Housing and Urban Development. Francis Pitkat, executive director of the Housing Authority, said that all 85 units have been assigned and, of these, 75 are already occupied. The building has efficiency apartments for single persons and one-bedroom apartments for couples. The building is constructed of fabricated units called the Bison Wall Frame system made by the Blakeslee company. The building is serviced by elevators. Pitkat said a number of the residents have agreed to open their apartments to visitors during the open house. Refurbishments will be served but no formal program has been planned other than a brief greeting from Mayor Frank McCoy. Opening of the new complex gives Vernon 253 units for the elderly. The high-rise and Franklin Park West, one of the first projects, are federally sponsored while Franklin Park East, 55 Grove St. and Windermere, were funded by the state.

State Group Boycotts Farah

HARTFORD (AP) — A group calling itself "The Connecticut Clergy and Concerned Citizens for Justice for the Farah Workers Committee" Wednesday endorsed a nationwide boycott against the Farah Manufacturing Co. of El Paso, Tex. The boycott stems from dealings with 3,000 Mexican-American workers who struck Farah plants in Texas and New Mexico a year ago to protest working conditions and wages. The group said 42 retailers in Connecticut and more than 700 nationwide are supporting the boycott. The committee's members include U.S. Sen. Abraham Ribicoff, U.S. Rep. Ella Grasso, Lt. Gov. T. Clark Hall, state Atty. Gen. Robert Killian and Secretary of the State Gloria Schaffer.

State Gets Grant

HARTFORD (AP) — Connecticut has received two federal grants totaling \$72,450 for the acquisition of open space in Farmington and Litchfield County. Gov. Thomas J. Meskill announced Wednesday. The Bureau of Outdoor Recreation awarded \$70,000 in matching land and water conservation funds to the Town of Farmington for 828 acres of recreational land. A \$12,450 grant to the state will be used to acquire an additional 9.3 acres of woodland at Mt. Tom State Park.

To Speak to RPHNA

Morton Coleman, dean of the University of Connecticut School of Social Work, will be guest speaker at the annual meeting of the Rockville Public Health Nursing Association, Tuesday at the First Federal Savings, Park Place, Rockville. Dean Coleman will speak on the "Changing Community Health Needs." The topic is timely in light of the fact that the Comprehensive Health Planning Department of the state has suggested that towns group together to more effectively plan health care for all citizens. The evening will start with a coffee hour at 7:30 p.m. There will also be election of officers.

Coventry Junior Women Plan Spring Fair

HOLLY GANTNER Correspondent Tel. 742-8795 The Coventry Junior Women's Club will have its second annual Spring Fair Saturday at the Capt. Nathan Hale School, Rt. 31. The fair will feature arts and crafts booths from local and area artists and craftsmen. Also included will be novelty items, leather goods, jewelry in stone, sand-castled candles, woodworking, hand made dolls, a plant sale, baked goods sale and other interesting articles. Movies will be provided for children as well as a penny candy booth. Proceeds from the fair will benefit the high school scholarship fund and other local projects. The JWC will be sponsoring a free Pap smear clinic in conjunction with Cancer Prevention Month this month. Any woman who has not received a Pap smear in the past 12 months is urged to do so. The clinic will be May 22 at Coventry High School and is open to women in the towns of Coventry, Willington, Andover, Mansfield and Storrs. Further details will be available later. Tolland County Democratic The Tolland County Democratic Association is being reactivated and will meet Friday, at 8 p.m. at Coventry Town Hall. Featured at the session will be an open panel discussion on the legislative budget and tax programs. The public is invited to attend. Taking part in the program will be several state representatives, including Bernard Auger of Putnam, Richard Marcer of Plainfield, William O'Neill of East Hampton, Leo Flynn of Taffville, Thomas Dooley of Vernon, and Audrey Beck of Mansfield who is president of the association. At this meeting, a slate of officers for the coming year will be presented. A second meeting this month has been planned for May 17, tentatively at the Bolton Lake Hotel, with Atty. Gen. Robert Killian expected as the speaker. Bulletin Board The Junior Pilgrim Fellowship of Second Congregational Church will hold a griddle sale this Sunday at the Church Community House, immediately after 10 a.m. worship services. Proceeds from the event will benefit the Heifer Project, International. The Coventry Garden Club will meet May 8 at the home of Mrs. Ernest Starke, South St. Ext. Co-hostesses will be Mrs. Ralph Gale. A talk on the mechanics of flower arranging will be given by Katherine Laidlaw and Betty Starke.

About Town

The Mothers Circle of St. Francis Xavier will have a garage sale at 7:30 at the home of Mrs. Millie Bidouen, 35 Wedgewood Dr. The building is constructed of fabricated units called the Bison Wall Frame system made by the Blakeslee company. The building is serviced by elevators. Pitkat said a number of the residents have agreed to open their apartments to visitors during the open house. Refurbishments will be served but no formal program has been planned other than a brief greeting from Mayor Frank McCoy. Opening of the new complex gives Vernon 253 units for the elderly. The high-rise and Franklin Park West, one of the first projects, are federally sponsored while Franklin Park East, 55 Grove St. and Windermere, were funded by the state.

Rough Play Again As U.S. Cagers Win

ALBUQUERQUE, N.M. (AP) — They allow mayhem out there, Coach Bob Cousy said Wednesday night after his U. S. team easily whipped Russia 83-67 to take a 2-1 lead in their six-game exhibition basketball series. Cousy obviously was pleased with the victory, but his Russian counterpart, Vladimir Kondrashev, was not. The coach refused to talk to the press after the game and refused to allow his players to be interviewed. Cousy's use of the term mayhem was considerable underestimation of most observers of the rugged game. Elbows and hips flew abundantly, and there were nearly thirty when tempers flared. UCLA's Sven Nater, who was called a "dirty player" by Kon-

Six-Run Fifth Frame Spells Doom for Tribe

By Dean Yost
Miller spelled Maloney behind the plate. Manchester's Ken Irish, making his first mound appearance, was the loser. His downfall came in the fifth. Wetherfield opened with a walk to Mike Hudon. Dave MacDonald reached on an error and Gary Beaudry was the hitting standout with two doubles, while Lyle Eastman beat out an infield hit and singled to right.

Locally, Bidwell was the hitting standout with two doubles, while Lyle Eastman beat out an infield hit and singled to right. North Methodist, one of the oldest active clubs in Manchester, has a playing roster of 17 men. This was the first forfeit ever handed out to the Methodist game, due to lack of personnel.

Newington Surprises Rockville on Diamond

Four runs in the third inning was all Rockville High could muster as Newington High pushed across three runs in the fifth to defeat the Rams 5-4, in a CVC hit. Newington upped its mark to 6-2 while Rockville sports a 1-2 record. Dave DeMaio led Newington at bat with a two-run triple in the fifth. Losing pitcher, Karol Dornbeck was credited with a two-run single.

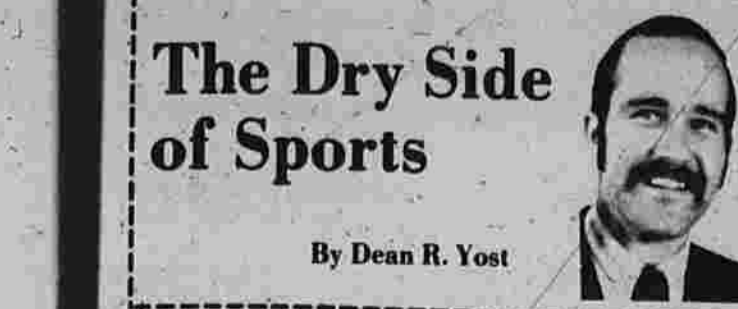

Winless Cheney Routed

Coming off a two-week layoff didn't seem to help Cheney Tech as it was bombed by St. Thomas Seminary, 22-5, yesterday afternoon in Manchester. The winners are 1-2 overall while Tech sports an 0-5 record. Four Cheney pitchers issued 17 walks and nine hits in the seven-inning contest. St. Thomas scored seven times in each of the first and seventh innings.

Cheney Wins

Cheney won 1-0 over St. Thomas Seminary in a CVC hit. Cheney's Jim DiGangi, who went only two-thirds of an inning, gave up two hits and seven runs to be tagged the losing hurler. Both Ken Carpenter and Pete Ostashev stroked doubles. All Tech's five hits were scattered. Cheney will play Prince Tech

The Dry Side of Sports

Probably the most surprising to softball followers was the forfeit of Tuesday night's North Methodist game, due to lack of personnel.

Softball Incidents

With the dust from the opening night of the town's slow-pitch softball league just clearing, already two incidents occurred that should be noted. Also, because of increased activity at Mt. Nebo, due to the lateness of installing lights at Robertson Park, the Candlelight League, scheduled to play at 8:45, didn't begin action until 9:30 Monday night.

Milestone for Tribe

Tuesday's victory by Manchester High over Platt High was a milestone for the locals. Once again five-year statistics revealed some startling results. In nine previous meetings, Platt has won eight with Tuesday's decision going in Manchester's favor.

Slow Pitch Softball

Chuck May was the big hitter, going 4 for 4 and seven of his teammates had two hits each. Fourteen men batted in the big game, collecting 10 hits, the biggest being a homer by Kent Smith. In defeat were Bruce Hancock, Wes Fessler and Greg Kuhn, all with two hits.

Yanks Suffer Double Loss

NEW YORK (AP) — The New York Yankees suffered a double loss Wednesday. Not only did they have their four-game winning streak snapped by Kansas City, 4-3, but the Bronx Bombers were also walloped at the attendance gate by crosstown rivals, the New York Mets.

Tiant Proves 'Stopper' When He Gets Assistance

BOSTON (AP) — Veteran Luis Tiant is the recognized "stopper" on the Boston Red Sox pitching staff and, when he gets a little help, he proves he deserves the title. The victim of poor support on both offense and defense in a heart-breaking 21 loss to the Chicago White Sox last weekend, Tiant came back Wednesday night and defeated the Texas Rangers 6-2 on Orlando Cepeda's grand slam homer.

Girls Gymnastics Workshop

Physical Education Instructor and Gymnastics Coach Joann Brown will be conducting a workshop for girls in the area. The workshop will cover beginning and intermediate instruction in tumbling, balance beam, uneven bars, vaulting, floor exercise and器械.

Cepeda Delivers Again for Bosox

BOSTON (AP) — Orlando Cepeda, given a new career in baseball with the American League's adoption of the designated hitter rule, is becoming a Boston legend in less than a month with the Red Sox.

Lighter Bat Does Damage

NEW YORK (AP) — Cincinnati's "Big Red Machine" has always meant the heavy bats of Bench, Berez and Tolan. But so far this season, the "light" bat of Dave Concepcion has done the most damage.

Obituaries

Mrs. Lester A. Miller COVENTRY — Mrs. Loretta Nolan Miller, 63, of Rt. 44, died Wednesday at a Coventry convalescent home. She was the widow of Lester A. Miller. She was born July 14, 1889, in Windsor.

Survivors are two sons, Lester Miller of Coventry and Dexter French of West Palm Beach, Fla.; three sisters, Mrs. Nellie Bennett and Mrs. Elsie Calzarette, both of Newington, and Mrs. Mabel Thompson of Hartford; one brother, Leonard C. Nolan of Windsor, and seven grandchildren.

Lower Court Rulings Upheld

NEW HAVEN (AP) — The Circuit Court's Appellate Division has upheld a decision that a five-year-old girl did not act willfully when she hit a playmate on the head with a rock. Michael Walker of Chaplin had appealed the decision after he lost a suit on behalf of his son against the parents of Sharon Kelly, also of Chaplin.

Fire Employee 'Living-In'

ECORSE, Mich. (AP) — Aela Frohman is conducting a "live-in" at the Ecorse City Hall office. She vows she won't leave — even though she's been fired from her job as the city's housing director — unless she's bodily removed or given a court order.

Phone Company Target Of Law Suit

HARTFORD (AP) — Attorney Igor Sikorsky Jr. said Wednesday papers had been drawn up for a \$1 million law suit against the Southern New England Telephone Co. (SNETCO) on behalf of a Hartford group.

Navy Ends Freeze On Promotions

NORFOLK, Va. (AP) — A \$28-million boost to the Navy's personnel budget has brought an end to a freeze on promotions and lump sum enrollment bonuses, the Norfolk Ledger-Star reports.

Emhart Strike Continues

BERLIN (AP) — Picket lines surrounded the Emhart Corp. for the second day this morning as 1,800 members of two locals of the International Association of Machinists and Aerospace Workers continued their walkout over a contract dispute, the company said.

Miss Universe Candidate Selected

WATERBURY (AP) — Wendy Vecchiarino of Danbury, a green-eyed, 22-year-old brunette student at Western Connecticut State College, was selected Miss Connecticut-Universo of 1973 Wednesday night at the Palace Theater.

Steele Sees State Leader In Solving Energy Crisis

DOUG BEVINS (Herald Reporter) — Connecticut is ideally situated to take the lead in development of nuclear fusion power plants as a long-term answer to the nation's energy crisis.

Steele, who has been in the state for the past several days, said that the region is far from most domestic energy sources, he said, and must increasingly rely upon foreign imports of petroleum products.

Steele said that the region is far from most domestic energy sources, he said, and must increasingly rely upon foreign imports of petroleum products.

Doug Bevins (Herald Reporter) received the Greater Manchester Chamber of Commerce "M" Award Thursday night at the Chamber's annual dinner meeting at Flano's Restaurant, Bolton.

State Agency Conducts Hearing On Landfill

SOL R. COHEN (Herald Reporter) — Manchester has been assured by the Department of Environmental Protection it will receive a formal ruling before the end of this month on permits for its sanitary landfill area.

Robert L. Schulz, director of the DEP's Solid Waste Division, said the department recognizes Manchester's suitability for purchasing the 110-acre dry-bay Laurel Lake, for requesting a change to industrial zone for the area and for instituting improvements.

Robert L. Schulz, director of the DEP's Solid Waste Division, said the department recognizes Manchester's suitability for purchasing the 110-acre dry-bay Laurel Lake, for requesting a change to industrial zone for the area and for instituting improvements.

News Capsules

Warning Issued WASHINGTON (AP) — The Pentagon papers trial judge today warned that U.S. relations with the two nations could be set back if they keep arming North Vietnam and do not press their ally to observe the cease-fire agreement.

Senate sources said Richard Nixon made a pledge to a gathering of Republican senators at the Capitol after they told him unanimously they want the Watergate investigation taken entirely out of the executive branch.

Los Angeles (AP) — The Pentagon papers trial judge today considers a Watergate conspirator's secret grand jury testimony about the burglary of the office of Daniel Ellsberg's psychiatrist.

Student Sets Hamburger Eating Record

KINGSTON, R.I. (AP) — Robert Matarone certainly isn't "boycotting meat." The 21-year-old student devoured 83 hamburgers — without buns — in a 24-hour period Thursday night to set what was billed as a world record.

A public hearing was held yesterday on one of Manchester's applications — a permit to discharge sewage from the sanitary landfill into the watershed of the Hockanum River and into the river itself.

The hearing was conducted by the Department of Environmental Protection. The hearing concerned itself almost entirely with the problems of leachate control and Manchester's proposal to establish a leachate-control system. Leachate is the liquid generated by the decomposition of garbage and refuse.

He has been recognized for outstanding service on many occasions. He was honored by Newington Children's Hospital for 25 years of voluntary service. He is an active member of Manchester's Drug Advisory Council and was active for many years in the Chamber's City Beautiful Committee.

Outgoing Chamber President John DeQuattro (left) receives Past President's Award from Incoming President Edward Kenney.

Miss Manchester 1973, Diane Del Gaudio, and Probate Judge William FitzGerald, emcee at Chamber banquet, are all smiles during brief introductions. The judge managed to get a kiss.

U.S. Rep. Robert Steele of Vernon (R-Second District) addresses the about-240 diners at Thursday night's Chamber dinner meeting.
