

Split In Trucker Ranks Sparks New Violence

Truck Protest Negotiators

While acceptance of the agreement between leaders of the independent truck drivers and the government seems to be in dispute, negotiators were hopeful the trucks could be rolling again by Monday. Major principals in the agreement were: Pennsylvania Gov. Milton Shapp, right, and William Hill, president of the Fraternal Association of Steel Haulers and chief trucker negotiator. (UPI photo)

A split in the ranks of the independent truck drivers over acceptance of a government settlement offer today triggered new violence in the 5-day-old drivers' strike.
Even so, there were indications that more trucks were on the road than at any time this week and that truck stop business was returning to normal.
Two truck drivers were shot and wounded, one critically, in Ohio early today. In Pennsylvania, a truck traveling on Route 22 near Hollidaysburg was struck by a bullet fired from a passing car. The slug failed to penetrate the cab and the driver was not injured.
The Mississippi Highway Patrol reported three trucks fired on during the night. Two lumber trucks were hit by bullets and a third one was fired

on by two white men armed with shotguns. No one was injured.
Two drivers have been killed thus far as a result of violence connected with the strike by drivers for lower fuel costs and higher freight rates. One driver was shot to death and the other was killed when a rock thrown through the windshield of his truck caused him to lose control and crash.
Lawrence Huff, 48, New Waterford, Ohio, was shot in the stomach today while driving on Ohio 11 near East Liverpool for the Ray Molder Carrier Corp. Snipers opened fire on his rig and another that had been following close behind, police said.
Another truck driver was shot in the leg near the Elyria exit on the Ohio Turnpike. The Ohio Highway Patrol said he was standing beside his truck when he was fired on by someone in a passing car.
Today's violence came only hours after many drivers across the country shouted against a compromise proposal reached Thursday in Washington that did not meet all of their demands. There were threats to continue the walkout.
Meanwhile, more and more grocery outlets reported dwindling food supplies.
In Washington Teamster President Frank E. Fitzsimmons, Nixon's staunchest labor supporter, condemned the strike Thursday and urged all of his members to keep the trucks rolling.
More than half the independent drivers who own their own rigs are members of the Teamsters. But many of them were forced to join in order to remain in business and are hostile to the union.
The agreement reached after negotiations in Washington provides for truckers to get all the diesel fuel they need, to pass on increased fuel prices to the firms that hire them, and for government monitoring of prices and supplies.
There were reports that truck traffic picked up after the agreement was announced, but on-the-scene observers said the increase was not large enough to make much difference.

Skylab 3 Crew End Record Trek

ABOARD USS NEW ORLEANS (UPI) — The last Skylab astronauts landed on target in the gentle Pacific today from man's longest spaceflight, an 84-day, 34.5 million mile journey that opened the way for a trip someday to Mars.
"It's good to be back," said mission commander Gerald P. Carr as he, Edward G. Gibson and William R. Pogue chatted today from man's longest spaceflight, an 84-day, 34.5 million mile journey that opened the way for a trip someday to Mars.
The Skylab 3 astronauts splashed down about 5,000 yards from this veteran recovery ship. The astronauts indicated they were in good shape after spending nearly three months in weightless space.
"Well done," said Pogue as he and his crewmates look pulse readings to see how well they were adjusting to the rigors of earth gravity. They were special pressure pants to prevent blood from pooling in their legs.
America's first space station was left behind in a 269-283 mile high orbit where it is expected to drift like a ghost ship around earth for at least five to eight years. Slowed aboard was a "time capsule" containing equipment for possible retrieval by visiting spacemen in the future.
The astronauts returned to earth on their 121st orbit and, like the beginning of the \$2.5 billion project nine months ago, a technical problem had to be overcome. Just before reentry, the pilots discovered one of two redundant control rocket systems was leaking. The astronauts used the other system without difficulty.
The recovery ship New Orleans is expected to dock in San Diego Saturday and the Skylab 3 spacemen are due back home in Houston Sunday night for a long awaited reunion with their wives. They must remain away from their children, however, for another week to give them time to adjust again to earth's germs.
Doctors predict it will take the spacemen about three weeks to readapt to the rigors of gravity after spending so long without it in orbit.
Besides Mrs. McCaughey, those on the top 10 list, which was really the top 13 list because of ties, are: Mrs. Edward Smith, 20 pounds each; Mrs. Robert Kraetschmar, 18 pounds; Mrs. Maurice Harmon, 15 1/2 pounds; Mrs. Bertram Bennett, 15 pounds; Mrs. James Reardon, 14 pounds; Mrs. William Labadie and Mrs. Michael Misovich Jr., 13 pounds each; Mrs. Bruce Baldwin, 12 pounds; and Mrs. Fred Lea, 11 pounds.
Mrs. McCaughey was also honored as the first member to reach her goal during the past year. An award is given annually to the member who first reaches her goal with a weight loss of at least 20 pounds.

Clothing Sought For Fire Victims

A fire Tuesday night which did extensive damage to the second floor of a residence at 302 Adams St., occupied by Mrs. Janet Winegar and her four children has left them in need of clothing, blankets, and other household items.
Mrs. Winegar, who is divorced, and reportedly has no insurance on the furnishings, is especially in need of clothing for her children ages 14, 13, 12 and 8.
"We need sheets, blankets, almost everything," she said, "but especially clothing for the children. There are three boys and a girl, and two of the boys have no warm jackets nor shoes."
Persons wishing to donate clothing may bring it to her residence at 302 Adams St. at 3 p.m. days. Mrs. Winegar works nights at Bess Eaton Center St. and those wishing to contact her may call her there at 649-0140.

O'Marra Charged With Forgery

HARTFORD (UPI) — Thomas R. O'Marra of Manchester was scheduled to appear in Hartford Superior Court today to answer to a charge of second-degree forgery.
O'Marra, a former high official of the state Public Works Department, was arrested Thursday for allegedly forging the signature of Connecticut's deputy attorney general on a welfare housing lease.
State Police said Thursday O'Marra surrendered to State Attorney John D. LaBelle. The second-degree forgery charge is a misdemeanor, calling for one-year imprisonment, a \$1,000 fine or both.
A spokesman for the Department of Public Works said O'Marra, a Republican, resigned last Friday from his job as chief of the department's leasing division.
The arrest culminated an investigation begun after the signature of Deputy Attorney General C. Perrie Phillips on an \$11,246 welfare housing lease was found to be a forgery.
The attorney general's office is supposed to approve leases for legal content, but said it had no knowledge of the disputed lease.
The lease, handled by O'Marra, was for two apartments at 539-539 Boston Ave., Bridgeport, owned by Bridgeport druggist Michael W. Licamele.
No state money was spent to pay the lease, according to Gov. Thomas J. Meskill who ordered the investigation.
The Connecticut state weather forecast:
Cloudy and cold this afternoon with light snow developing this afternoon and continuing tonight. Possible accumulations of 1 to 2 inches before ending early Saturday morning. High today low 20s, low tonight in the low teens. Saturday cloudy and cold with chance of occasional snow flurries, high in the 20s.
The degree day forecast for the Greater Hartford Springfield area:
Forecast for today 46, normal 40.
Forecast for Saturday 40, normal 40.

Alex Girelli, city editor of The Herald, will accompany a group of Coventry residents on a trip this weekend to Columbia, Md., Montgomery Village, Md. and Reston, Va.
Most of those taking the tour are members of the Coventry Citizens Advisory Committee.
The trip was arranged by the Greater Hartford Community Development Corporation which is planning a new community in Coventry.
Plans for the community have engendered strong opposition from many Coventry residents.
According to corporation spokesmen, the trip was arranged at the request of an advisory committee and will supplement a similar, one-day trip made earlier to planned communities in Connecticut.
The Herald is sending a staff member on the trip because of the expected impact of DevCo's

Mrs. McCaughey Is WATES Queen

By ALICE EVANS
The strains of "Pomp and Circumstance" heralded the coronation Thursday night of Mrs. Francis McCaughey of 309 W. Center St. who, with a weight loss for the year of 48 pounds, was acclaimed queen of Manchester WATES.
The ceremonies took place at the WATES annual awards banquet at Fiano's Restaurant in Bolton.
The total weight loss of the past seven WATES queens is 519 pounds, with the 1966 queen, Mrs. Maxwell Jacobs, winning her title with a weight loss of 108 pounds.
This year's "Top 10" losers, with a weight loss of 941 pounds, were 48 pounds lighter than last year's top 10.

Solon Charged With Vote Fraud

NEW HAVEN (UPI) — Six persons, including a Democratic state representative were named in arrest warrants issued today in connection with voting frauds in New Haven.
Rep. William P. Ambrogio, 67, D-New Haven, was named on four counts of violation of the state election laws in a Superior Court warrant. The warrants were issued in connection with an investigation by the New Haven police department and the state's attorney's office.
The probe was spurred by information in a series of articles published by the New Haven Register.
Both Ambrogio and another suspect, Mrs. Rose Barbarito, a Democratic party worker in the city's 7th Ward — reportedly were out of state.
Four others named in warrants were arrested and scheduled to appear in court.
Among them was James E. Perillo, a guidance counselor and varsity basketball coach at West Haven High School. He was charged on five counts of violation of state election laws. Charged on eight counts of election law violations was Salvatore Franco, 53, of New Haven, the assistant town clerk.
A New Haven couple, Morris and Evelyn Schatz, was also arrested. Schatz, a Democratic assistant registrar or voters in the 2nd Ward, was named in 15 counts and his wife, 12 counts.

Moriarty was nominated for endorsement by State Rep. Francis Mahoney, a life-long friend of the Moriarty family. Seconding speeches were by Theresa Parla and Nicholas Jackson.
Mahoney said he wanted to squelch rumors (none had reached this desk) that he isn't running for re-election.
"I'll be running in November as hard as I ever did, and I intend to win," he said.
Barry was nominated for endorsement by Democratic Registrar Herbert Stevenson, who had been co-chairman of Barry's campaign committee in 1966, when he was elected state representative. Seconding speeches were by Irene Fisch and Raymond F. Danato.
On a motion by Judge of Probate William FitzGerald, the town committee formally thanked Pietrantonio for his "many years of devoted, unselfish and fine service to the Town of Manchester."
Moriarty thanked the committee for its endorsement, the leadership of the committee for its backing and Pietrantonio for his advice.
"It's going to be difficult following in Tony's footsteps," said Moriarty. "He's done all the groundwork, I'll try to continue."
He said it will be like being

Data Sought On Insurance For Flooding

The selectmen advise Bolton residents interested in obtaining flood insurance to contact their office with a request that the town become eligible for the insurance.

Areas in Bolton felt to be most susceptible to flooding are Denning Rd., Lyman Rd., parts of Rt. 6, French Rd. near Sperry's Glen, Tinker Pond Rd. and School Rd.

Heavy rains or an ice storm such as was experienced recently could result in flooding.

In 1969 the National Flood Insurance Act was passed by Congress. It provides low cost insurance to those who expect flood hazards.

Under a new law passed in January the premiums have been reduced and coverages expanded.

Homes of all sizes in a community participating in the program can now be insured against property losses by flood waters at a flat annual rate of 25 cents for each \$100 of coverage or \$50 for a \$20,000 home.

Contents of homes can be insured for 45 cents per \$100 of coverage.

In order to obtain the National Flood Insurance a request for it must be made to the selectmen.

Selectmen Seek Funds For Homemaker Service

Bolton selectmen have asked the Board of Finance to provide \$124 to reimburse the Manchester Homemaker Service for service it has rendered in Bolton in the last 16 months.

The selectmen are also asking for an appropriation of \$124 in next year's budget to support the work of the service.

In July 1972 the homemaker service received a grant from the Public Health Division of the Connecticut State Department of Health to permit expanding its service to Bolton and four other town areas.

The grant was established on a five-year basis that decreases by a set formula each year. It is not renewable.

The service has indicated it would welcome the opportunity to meet with any interested parties to tell of its work and discuss the possibilities of direct assistance from the town in lieu of grants. The non-profit service provides trained home help to families when illness or other emergencies disrupt family life.

It feels the need for support for the service, especially as grant monies begin to taper off.

Will Check Extinguishers
Leon Rivers was appointed by the selectmen to be a committee of one to check all fire extinguishers in public buildings in order to insure that they comply with OSHA regulations being met immediately.

The selectmen said that will ensure this part of the OSHA regulations being met immediately.

If needed Rivers may get help from members of the Bolton Volunteer Fire Department.

If schools request it, Rivers will also check their extinguishers.

CRCC Assessment

Cost Governed By Gross Square Feet

A pamphlet published by the library board and made available to residents at the Jan. 28 town meeting says a 1971 report by the Bolton public library study committee resulted in a recommendation that a new building of 4,500 usable square feet be built.

The plan recommended building the new library on the parcel of land directly north of the present building. Although the buildable land map indicates relatively well soil it accessibility of the location would justify added costs.

Court Halts Work On I-291 Section

HARTFORD (UPI) — A federal judge has ordered a temporary halt to further construction of a 7.6 mile segment of Interstate 291 from Rocky Hill to Farmington. Chief U.S. District Court Judge M. The expressway has been opposed by a group of about 200 area residents calling themselves the "Why Association."

Savings, Loan Makes 6,000 Lottery Payoffs

The Manchester Savings and Loan Association has been participating in the Connecticut Lottery only since Dec. 13 (eight drawings, not counting the one Feb. 7), and its officials are enthused over the number of \$20 and \$25 payoffs they have made. "We think it's great too," she added. "We're happy to see so many happy people. Many tell us it's the first time they ever won anything. The \$20 or \$25 looks good to them." She said, after awhile, many people return as winners a second and third time and she mentioned one man who won \$20 and \$25 on 13 tickets. "If we're good luck for them, I'm glad," she remarked.
