to accept you and will usually suggest a future visit. 6. The Manchester Medical Association is quite confident that all persons in the community could have a primary medical doctor or pediatrician if the above protocol is used.

B. In an Acute Situation When You Have No Physician 1. Call the Manchester Memorial Hospital emergency room and explain your problem to the clerk or nurse on duty.

2. The person on duty will confer with the physician on duty and you will either be given the list of doctors who will answer your call; or, if it is deemed necessary, you will be told to come directly to the emergency room.

The Manchester Medical Association will continue to make every effort to provide medical care to every person in the community, and the above protocol is a good basis. If a patient cooperates by making arrangements for care with a physician before an acute emergency arises, he can obtain a doctor muci easier when one is needed in a hurry. The physicians of Manchester are certain that the vast majority of the community enjoys good medical coverage; but they will cooperate to extend that coverage to those without it. Mutual understanding and cooperation in this manner should provide each person in Manchester with satisfactory medical care and coverage. # Cyprus May Lose Freedom

The island of Cyprus seems to have taken a step backwards in history with the overthrow of Archbishop Makarios and what may well be the end of the independent state which was created in 1960.

Cyprus has had relatively few eras of independence in its long history which dates back to it being a Phoenician possession. It was variously ruled by Assyrians, Egyptians, Rome, Syria, Greece, Turkey and Great Bri-

Situated between the Greeks and the Saracens and the third largest island in the Mediterranean, it has been fought over since before the time of Christ.

Alliance with Greece, or enosis, has long been a Greek ambition, since four fifths of the Cypriots are of Greek ancestry. It has been at least equally undesirable to Turkey since the island is only 43 miles south of that nation and possession by a power which might be an enemy has been

Talk about tapes and startling revelations thereon. The recently published second and last volume of "Khrushchev Remembers," based on the taped memoirs of the late Soviet premier, contains this hard-to-believe peek inside the Kremlin:

Khrushchev recalls his delight when in 1959, President Dwight D. Eisenhower invited him to visit the United States. Only the year before he had attained the pinnacle of the Soviet hierarchy. But Khrushchev was also nervous

about the invitation. In spite of all efforts of Soviet intelligence, he couldn't find out what, or where, Camp David was. He suspected it might be some kind of place of exile and that the proposal to take him there was a clever insult.

The Consumer Product Safety Commission and the McCulloch Corp. of Los Angeles are recalling an estimated 300,000 of the saws because the fuel hose may shrink causing gasoline to leak - and posing the danger of fire or explosion.

No injuries have been reported in connection with the problem but owners of the saws are being advised to return them to their dealer where a new hose will be installed free. Involved are "Mini Mac" 1, 1A, 6 and 6A chain saws manufactured prior to April of 1973.

The problem involves new gasoline additives which the firm says have an adverse reaction on the material in the hose, causing it to shrink. Affected are "Mini Mac" 1 saws with serial numbers lower than 12-55028; "Mini Mac" 1A saws with serial numbers lower than 13-26690; "Mini Mac" 6 saws with serial numbers lower than 12-26201; and "Mini Mac" 6A saws, Model 600080U, with serial numbers lower than 13-61383 and Model 600080H with serial numbers lower than 1333311.

Crowd Big Inside and Out Charter Oak Park's Fitzgerald Field is an excellent site to sit back and watch a softball game - from inside or out-

Tuesday night, during the appearance of the Queen and Her Maids' novel softball team, the crowd inside the fence was estimated at 2,000 with approximately 1,500 purchasing tickets and at least 500 outside the fence watching the play free.

All concerned made money, the Maids and the Silk City Softball League which promoted the exhibition, but the take would have been much better if all adults that watched the action had contributed. Rosie Beaird, the Queen with the touring cast, displayed

her amazing pitching ability and would be welcomed back at a future date. While the Maids won handily, 8-1, against Groman's

girls, several felt that if the Maids returned, a better attraction would find Groman's men's team paired against the four-member squad.

# 16th 'W' Not Easy for Tiant STANDINGS

BOSTON (UPI) - Luis Tiant is interested in the big "W," and he's not articular about how he gets it. And he got his 16th "W" the hard way Wednesday night — pitching out of eighth-inning doldrums after giving up three runs. The Boston Red Sox ook advantage of a dropped third strike to score five unearned runs in the ourth inning and held on for dear life to edge the Detroit Tigers, 5-4. 'I don't care, as long as I win," said Tiant (16-7). "You can pitch a twohitter and lose, and then what good does it do you? I'd rather win and help

the team, even if I have a bad spell and give up a few runs." The Red Sox won Wednesday the way the Tigers won the night before. by taking advantage of a catcher's miscue. With two out and two on in the fourth, Lerrin LaGrow blew a third strike past Rick Miller. But catcher Gene Lamont dropped the ball and couldn't find the handle, allowing Miller to reach base. Rick Burleson had dropped a ground-rule double to right, scoring Cecil Cooper, who had doubled, and Carl Yastrzemski, who walked, before Miller reached on the error.

Doug Griffin singled home Burleson and Miller to make it 4-0, and

## American League Roundup

# Perry Loses Touch, Shelled by Orioles

NEW YORK (UPI) - Just a month ago, Gaylord Perry couldn't lose. Now he can't win.

Perry, who hasn't won since July 3, was shelled for six runs in four innings by the Baltimore Orioles Wednesday night as he failed in his fifth try for his 16th victory. The Orioles wound up with a 7-4 triumph over Cleveland. Back on July 3, Perry won his 15th straight victory to boost his record to 15-1. He was one game away from tying the American League record for consecutive victories. Now he's 15-5 and has lost four straight.

Perry is philosophical about it all. Some nights you don't throw as hard as you do on others. I felt good. I have no complaints. A couple of base hits went through on the ground, but that's the way the game is played. I went to my breaking ball after the first couple of innings because you've

got to try something else. "Generally you lose because you make pitches you shouldn't have made. An example was the 0-2 pitch I threw to (Bobby) Grich that he hit for the single in the first inning."

Manager Ken Aspromonte said, "It was an off night for him. That's all there is to it. I'm not worried about him. He's going to win for us. Three of the five games he pitched for us in July were outstanding games. This happened to be his worst off night of all. Everybody goes through these spells. He had a similiar period last

Nuclear Power Station in Haddam, of which NU owns 44 per cent, the company said. Oil fired units accounted for 49 per cent of the electricity generated, with other sources accounting for the remainder, the company said.

Production at the nuclear un its, according to Northeast, resulted in a savings of approximately 6.5 million barrels of residual oil.

During the six-month period, Millstone 1 was in operation 96 per cent of the time, producing 75 per cent of its maximum capable output, the company said, while the Haddam unit operated 83 per cent of the time at about 3 per cent of its

maximum capable output. Northeast has begun construction on two other nuclear units at the Waterford site and has asked for permission to build a larger unit in Montague, Mass., which together with the existing ones is expected to produce 63 per cent of all the electricity used by its consumers. Northeast said its commitment to nuclear power plants will contribute to energy self-sufficiency in the U.S., and end excessive dependence or high cost and uncertain supplies of foreign oil.

Nixon's impeachment — now considered likely by friend and foe alike - will be debated in the House starting Aug. 19, will be carried on radio and television and will come to a vote between Aug. 26 and Aug. 31, according to House leaders. The Senate trial, where Nixon will either be acquitted or convicted and removed from office, could start by late

Members Polled A poll of House members by United Press International showed that those willing to declare their position favored Nixon's impeachment by a margin of Thursday with the President's chief of staff, Alexander M. Haig, and they nearly 4-1. Although more than half of the 435 members said they were undecided or declined to reveal their position, the poll showed considerable erosion in Nixon's strength since UPI polled the House in
