## FIERCE GALE CARRIES HAVOC ALONG NEW ENGLAND COAST

### Streets and Cellars in Seacoast Towns Flooded and Many Small Boats Cast Up on the Land—Sea Runs Higher than at Any Time for Months as 60 Mile Gale Thrashes it Into Fury.

Boston, Nov. 23.—A northeast gale accompanied by a cold drizzling rain whipped the New England coast today and carried havoc in its wake. The sea ran higher than it has any time for months and in seacoast towns streets were inundated and cellars flooded.  
At Winthrop the wave dashed over the seawall and across Shore Drive. Scores of cellars in the vicinity were flooded. Many persons were temporarily marooned in their homes.  
At Nantasket the tide dashed over the new breakwater and inundated Stony Beach Road. Many small boats were thrown onto the side streets and cellars in homes were flooded. A heavy wind interfered to a great extent with the telegraph lines, telegraph and lighting systems all along the coast.

Vessels reaching Boston Harbor report severe weather outside. The wind at times reached a velocity of 60 miles an hour, seamen say. Many coast steamers and fishing vessels remained in port.

Washington, Nov. 23.—A storm of marked intensity now is central south of Long Island, according to reports to the United States weather bureau today. It has been accompanied by a heavy rain and strong winds.

### Masqueraded As Man Two Years

#### Girl Dorked in Philadelphia Department Store Without Being Suspected.

New York, Nov. 23.—The peculiar gait of "James S. Kelley," aroused the suspicions of Detective John Schaudell, in the Bowery today. "James was stopped, questioned, and then "he" screamed. James, taken to a police station, proved to be Miss Helen Howard, of Philadelphia.  
Miss Howard, who wore an olive gray man's suit, black shoes, soft black hat and a gray shirt, said she arrived from Philadelphia a few days ago, has masqueraded as a man for two years, working in a Philadelphia department store without being suspected.  
Asked by a police matron why she preferred being a man, Miss Howard said:  
"A man can live with less expenses than a woman, and less likelihood of being insulted."  
Miss Howard carried a box containing long, black hair, which she said she cut off two years ago.

### Committee of 100 Invites British

Washington, Nov. 23.—The American committee investigating conditions in Ireland today announced that it had invited Sir Hamar Greenwood, British Home Secretary for Ireland, Sir Edward Carson, and Lord French, to come to Washington to testify.  
The committee stated that it "would like to hear from Sir Edward Carson, the views of the Ulster minority and from the two high British officials facts seen through eyes of the military administration."  
The invitation sent to each of the three requests them to designate other persons to represent them if they are unable to appear and states that their full expenses will be paid if they come.  
Embroidery materials, stamping and hemstitching. Needcraft Shop, Tinker Block, upstairs.—Adv.

## WATERBURY TROLLEY HEARING AT HARTFORD

### President Storrs Said Division Showed Loss of \$24,000 in 1919. \$125,000 LOSS IN 1920

Hartford, Conn., Nov. 23.—President Lucius S. Storrs, of the Connecticut Company and General Manager John K. Punderford, were targets for numerous questions by various representatives at a hearing held in the hall of the House today before the Public Utilities Commission on what Commission Chairman, Richard T. Higgins, announced as "The Connecticut Company's request to be heard on the commission's order prohibiting the summary discontinuance of Waterbury trolley service."  
\$24,000 Loss in 1919.  
President Storrs testified about hearings before the Waterbury Board of Aldermen on jitney ordinances and said the Waterbury division showed a loss in 1919 of over \$24,000 over operating expenses, taxes and other costs. For the eight months ending August 31, 1920, there was a deficit of \$125,000 above operating expenses alone, showing no accumulation during the summer for the leaner winter months, when revenue is always less. He made the point that no one appeared for Waterbury October first, when the

### Irish Death Toll Is Now 40

Three Sinn Feiners Shot to Death in Bridewell Prison.  
Dublin, Nov. 23.—Forty persons have been shot to death in Ireland since last Saturday, and more than 100 wounded. Ireland has lived through a night-mare of violence.  
Three prominent Sinn Feiners named Clancy, McKee and Clune, were shot to death in Bridewell Prison. The official version of their deaths was that friends had smuggled bombs into their cell. The prisoners threw the bombs at the guards, but they failed to explode. The prisoners attempted to rush by the soldiers on guard but the soldiers fired killing all three.  
Body Found in River.  
The body of a Sinn Fein cadet, who had been killed Sunday was found in Liffey River. A student who had been wounded Sunday died this afternoon.  
Clashes between Sinn Fein volunteers and the police were reported from many parts of the country. The leader of the Sinn Feiners at Killenaul, near Droimela, a lorry crashed into a post and three constables were killed.

### CLEARING HOUSE

New York, Nov. 23.—Clearing House statement:  
Sub-Treasury debit, \$1,060,145; changes, \$933,207,419; balances, \$68,358,776.

## Scotland Yard Seeking Head in the Lloyd George Plot

London, Nov. 23.—Scotland Yard secret service agents are searching for the principals in the plot against the life of Premier Lloyd-George, in connection with Irish plots, and their arrest is expected within a few days, it was announced at the Irish Office this afternoon.  
"Dublin Castle (the seat of British authority in Ireland) is decoding and preparing to issue shortly copies and digests of various documents which have been seized," said an official of the Irish Office. "They contain perfect proof of the extent of Sinn Fein plots, including the plot to assassinate Premier Lloyd-George. They are being held up for a few days in hope that the principals will be arrested in the meantime. The identity of the principals is known to the British officials."

## \$70,500 Reward For Solution of the Wall Street Bomb Explosion Mystery

New York, Nov. 23.—A sum of \$70,500 awaits the person who can solve the Wall Street bomb explosion mystery that took the lives of two score people Saturday Sept. 16. In addition to the sums previously offered, William J. Burns, International Detective Agency, today advertised it would pay \$50,000 for information leading to the conviction of persons responsible for the disaster.  
Thus, official investigation into the explosion having proved fruitless, hope of solving the mystery has been based on the huge reward offered, tempting some one involved "to squeal."  
The advertisement stated any information given would be held in strict confidence. It was said the Burns agency was acting in behalf of Wall Street financial interests.

## League to Receive the Proposal That America Take American Mandate

London, Nov. 23.—Persistent reports are current in League of Nations Assembly circles in Geneva that the League will propose that the United States accept a mandate for Armenia on condition that the League bears all expenses, said an Exchange Telegraph dispatch from Geneva today.  
The telegram added that the League hopes thus to avoid friction among European states by giving the mandate a broad.  
The United States Congress, has already rejected a proposal from President Wilson for America to accept a mandate for Armenia.

## LEAGUE OF NATIONS DISARMAMENT PROGRAM DEPENDS ON UNITED STATES

Geneva, Nov. 23.—The United States will be asked to confirm the League of Nations' disarmament program when it is completed whether America is a member of the league at that time or not, it was learned today from an authoritative source. The present indications, however, are that it will be some time before the league has any definite arrangement for world disarmament.  
American Confirmation.  
The proposal for American confirmation is said to have emanated from Japanese and British members of the committee on disarmament but it apparently meets the approval of a majority of the delegates to the League of Nations Assembly meeting, who see in it the only solution of the difficulties presented by the fact that the United States is still outside the league. Delegates expressed the opinion that America, not being a member and not being bound by the resolutions of the Assembly and council, would continue to increase her navy and military establishment, thus making it impracticable for the league members to disarm.  
England and Japan Favored.  
Leading delegates believe that, whatever America's eventual position towards the league may be, public opinion in the United States will force her to forego any program for an extra big navy if the other great powers of the world agree to reduce their navies.  
The final drafting of a disarmament program may not be completed for a year owing to the complexity of the problem. It is considered certain in some circles however, that Great Britain and Japan may be especially favored owing to their geographical positions, both being island empires.

## England and Japan Will Not Reduce Their Naval and Military Establishments Unless America Does the Same Whether She is in the League or Not.

Philadelphia, Nov. 23.—Robbery or revenge—which was responsible for the mysterious slaying of Henry T. Pierce, eastern manager of the Inslay Manufacturing Company? That was the question police were endeavoring to solve today.  
Search was being made for a young and pretty blonde woman and a male companion, who are known to have visited Pierce's office Saturday night—the last time Pierce was seen alive. It was believed the woman could shed some light on the mystery.  
Head Battered In.  
Pierce was found dead in a gas-filled room in the rear of his second floor Market street office, his head battered in and his body stripped of valuables.  
Search also is being made for Pierce's big red automobile in which the pretty blonde woman and her companion may be fleeing, police said.  
Pierce was seen to enter his office at 10:30 p. m., Saturday, showing evidence of having been drinking heavily. With him was the blonde woman.

## League of Nations Throws Out Feelers Proposals in Assembly That United States Be Asked to Police Armenia.

Geneva, Nov. 23.—Several delegates today proposed to the League of Nations Council that the United States be asked to send an expeditionary force to police Armenia until peace is restored, the League paying the expenses of such a force.  
The Council, it was learned, views favorably another suggestion, to ask America to negotiate peace between Turkey and Armenia. The members of the Council are undecided, however, whether it would be proper to make such a request of a nation, which is not a member of the League.

## Greek Plebiscite on December 5

Athens, Nov. 23.—The plebiscite upon the return of ex-king Constantine was today fixed for December fifth. The Venizelists announce that they will not participate.  
Thanksgiving Cards and Booklets. Edward J. Murphy, Pharmacist, Depot Square.—Adv.

## BRITISH NEWSPAPERS UNITE IN DENOUNCING BLACK AND TANS

London, Nov. 23.—Prominent British newspapers united today in denouncing the Black and Tan police attack upon the civilian crowd in Croke Park, Dublin, on Sunday as another Amritsar massacre.  
"Certainly there are criminals in Ireland, but there are criminal lunatics, too, and some of them are in charge of its government," said the Evening News.  
The Evening News demanded an official report from the shooting at Croke Park.  
No Chance of Escape.  
The Evening News pointed out that the spectators at Croke Park were hemmed in without adequate measures of escape when the Black and Tans opened fire upon them.  
"The police fired with intent to kill," said the Evening News. "The only exits from the park were in the line office. The football players had to crawl on their hands and knees to escape the bullets. Hogan, one of the Tipperary players, was shot in the back. Other players were..."

## Commons Under Heavy Guard of Police

Members of British Government Protected by Bodyguards When They Appear in the Streets.  
London, Nov. 23.—Parliament Building was under heavy guard of police and detectives when the House of Commons convened this afternoon. All persons who sought entrance to the spectators' gallery were closely scrutinized and some were stopped and questioned.  
Scotland Yard has made full preparations to deal with an outbreak of assassination in England.  
Members of the government are being protected by body guards when they appear in the streets.  
According to the sketch, the authorities are in possession of evidence to show that the plotters intended to attack government buildings in London.  
"The real reason for Sunday's killings was to prevent the government from making use of seized materials," the Sketch declared.

## DETROIT BAKERS AND GROCERS CUT PRICES.

Detroit, Nov. 23.—Detroit is to have cheaper bread. At a meeting of grocers and bakers, it was decided to reduce the price of the 1 1-2 pound loaf from 16 1-2 to 14 1-2 cents and the price of the pound loaf from 12 to 11 cents effective Friday.

## MYSTERIOUS MURDER TRUNK ROADS RESIST DEMAND OF MORE MONEY

Philadelphia, Nov. 23.—"The death of Father Griffen is directly traceable to his invitation to testify before the Irish Commission on the British atrocities he had witnessed," Osmond Grattan Esmond, charge d'affaires of the Irish mission, declared here today.  
"This new riot of bloodshed is comparable only to the massacre at Amritsar, when Indians were murdered by the hundreds.  
"It is the beginning of the bloodiest era in Ireland's history. The effect will be to unite the Irish people even more closely and to cause them to fight even more bitterly for the independence of Ireland."  
Father Griffen, priest of Galway, whom the cable dispatches today declare was killed by the Black and Tans, was asked to testify before the Irish Commission. No answer was received to the cable sent him and efforts of the commission to find him were unavailing.  
Francis Hackett, of New York, one of the editors of the New Republic, who recently investigated conditions in Ireland, who was a personal friend of Father Griffen, told the Commission that the priest was kidnapped two weeks ago by the Black and Tans.

## THE KILLING OF FATHER GRIFFEN

Declared to be Traceable to Invitation to Testify at Washington Before the Irish Commission.

## Enter Protest With Interstate Commerce Against Plan of New England Roads to Take a Larger Part of the Divisions of Joint Rates.

Washington, Nov. 23.—Trunk line railroads of the Central Atlantic Coast section have placed their protest with the Interstate Commerce Commission against the plan of the New England roads to take a larger part of the divisions of joint rates.  
Executives of the eastern roads, led by Samuel Rea, president of the Pennsylvania Railroad, refused today to treat with the New England carriers in their plans to reach an agreement on the proposed changes. Rea told members of the Interstate Commerce Commission that he was not authorized to arbitrarily fix rates which would decrease the earnings of the Pennsylvania for the benefit of the New England roads.  
Frank H. Alfred, president of the Pere Marquette, said the New England roads were in no worse position than any other road except a few which could not be taken as examples. L. F. Loree, president of the Delaware and Hudson, said it would be better for a few New England roads to go into the hands of the receivers than to have the trunk lines miss dividends. This was in answer to a recent declaration on the part of the New England officials that their roads must have more money to survive.  
Loree called attention to the large number of passenger trains operated in New England compared with other sections of the country. In New England thirty-six per cent. of the traffic is passenger while in the eastern district it is but fourteen per cent. and in the central district sixteen per cent., Loree declared.  
The situation was taken under consideration by the Commission.

## TIGER LEFT TACKLE IN SERIOUS CONDITION.

Norwalk, Conn., Nov. 23.—Joseph Mallick, left tackle on the Tiger football team of this city, is at his home with his left side paralyzed and in a serious condition, as a result of an injury to his spine while playing with his team against the New Haven Red Hawks here one week ago last Sunday. The injury was at first thought to be a minor one but has developed seriously within the last few days. The Tiger team is planning a benefit for the injured player, one of the most powerful on the team.  
If any woman had all the clothes she wanted the rest of the women would have to go around in barrels.

## EDISON IS BETTER

Orange, N. J., Nov. 23.—Thomas A. Edison, who is confined to his home in Llewellyn Park, with a severe cold, was reported improved today.

## Criminal Lunatics in Charge of Irish Government Says Evening News—Croke Park Attack Described as Another Amritsar Massacre

London, Nov. 23.—Prominent British newspapers united today in denouncing the Black and Tan police attack upon the civilian crowd in Croke Park, Dublin, on Sunday as another Amritsar massacre.  
"Certainly there are criminals in Ireland, but there are criminal lunatics, too, and some of them are in charge of its government," said the Evening News.  
The Evening News demanded an official report from the shooting at Croke Park.  
No Chance of Escape.  
The Evening News pointed out that the spectators at Croke Park were hemmed in without adequate measures of escape when the Black and Tans opened fire upon them.  
"The police fired with intent to kill," said the Evening News. "The only exits from the park were in the line office. The football players had to crawl on their hands and knees to escape the bullets. Hogan, one of the Tipperary players, was shot in the back. Other players were..."

## SAVAGE FIGHTING IN CORK

Troops guard all the roads leading to and from the city.  
Scores of raids and arrests have been made in sixteen of the largest cities throughout Ireland.  
A battle was fought between Black and Tans and civilians at Mill Street, in County Cork, during which the police used machine guns. Order was restored after a period of savage fighting.

## MISSOURI BANK HELD UP AND ROBBERY

Kansas City, Mo., Nov. 23.—The state bank at Atherton, Mo., held up and robbed today. Available cash, according to police reports, was \$10,000.  
The robbery was planned by a party of four men who started for the bank at 10 o'clock.

## MACHINE CUTS OFF HEAD OF REPAIRER

Norfolk, Va., Nov. 23.—The sudden starting of a peanut picking machine was held responsible today for the death of Harry Lewis, of Nansemond County, whose head was cut off while he was repairing the apparatus.

LOCAL SOCCERITES TIE WITH ANSONIA'S TEAM

Fastest Game Seen in Many Years—To Play S. K. F. Team on Thanksgiving Day.

The Manchester Soccer club traveled to Ansonia Sunday and played a game in the second round of the State cup, in one of the fastest games ever played in Connecticut.

In the second half Manchester again showed Ansonia that it was in a class by itself. Pratt had a great try which hit the cross bar; then Johnson hit the upright. Speed, of Ansonia, got away and scored a very easy goal for his team.

The game will be replayed in Manchester next Sunday and the local club is confident of a victory.

Thanksgiving morning the local club will play the S. K. F. for the benefit of one of its members who is unable to follow his usual employment through sickness.

The boots worn by the Life Guards of the British army cost \$60 a pair.

PREPARING TO RECEIVE PATIENTS DECEMBER 1

Hospital Trustees Meet to Discuss Rates and Other Matters of Administration.

At a meeting of the full board of trustees at the Memorial Hospital last evening plans were advanced for the opening of the hospital to patients, Dec. 1. There is already a long waiting list and the indications are that the hospital will be filled to the limit soon after it is opened.

Rates for patients were discussed, comparison being made between the schedules of other hospitals in this state. No conclusion was reached and the matter was left in the hands of a sub-committee who will report at another meeting of the board next Monday night.

It was voted to open the hospital to visitors each afternoon from two to four o'clock from now until December first, excepting Thanksgiving day.

SUB-TREASURY.

New York, Nov. 23.—The Sub-Treasury lost \$2,882,000 to the banks on Monday, making the cash net loss since Friday \$4,029,000.

10,000 Persons—2 Years in Making—Cost a Million
The Whole Town Is Talking About This
Just Follow the Crowds to the Park To-night

To-morrow Night—Free Turkeys—Free Turkeys

Park Theater

It was an ambitious task the producers of "The Birth of a Race," shown last night at the Park, set for themselves, but they succeeded with it and the result is a truly great photoplay.

The aim is to show the struggle of democracy throughout the ages, and its triumph in modern times. To do this, they divide their picture into two distinct parts. The first half is historical and dates back to the creation of the world.

The picture begins with the creation of the world. Then comes the story of Noah. Next, Moses is seen leading vast throngs to the promised land. The trial of Christ before Pontius Pilate is followed by a portrayal of the Savior carrying his cross, and then is seen the crucifixion, splendidly pictured with huge throngs in the background.

At the start of the second half of the story is seen Fritz Schmidt, with his wife, daughter and two sons. As the plot progresses, war comes upon the world, and the older son, Oscar, returns to Berlin to serve Germany.

man agent, who plays upon his love for the fatherland and with a presentation of a medal from the Kaiser causes him to enter the Kaiser's service.

Some of the sub-titles are filled with good humor and there is many a laugh in the picture. The photography is the best ever seen here in a screen production. The cast is excellent in every respect.

This great play will be shown at the Park again tonight.

Circle Theater

Truly a story full of unexpected twists and turns is the Fox production "A Sister to Salome"—an extraordinary mystery drama of great power in development—which opened its run at the Circle Theater yesterday.

Gladys Brockwell, the popular Fox star, is charming as a young prima donna who, under the influence of ether, is carried back to early Roman days and a previous existence as a dancing girl, the idol of the high priest. The action, seething with suspense, is as mystifying as ever when the girl emerges from her ether dreaming—in fact, the dramatic situations increase constantly in tension up to the final dramatic denouement, which comes as a complete surprise. It is a story remarkable alike in conception and execution.

Miss Brockwell's support includes William Scott, who scores a big success as her leading man; Ben Deely, famous as a heavy, and Edwin Booth Tilton, one of the screen's best character men.

The author, Julius G. Furthman, has produced a screen entertainment of unusual value.

This feature will be shown again tonight. A serial, a comedy and the Fox News will be on the same bill.

A big 11,000 foot show tomorrow.

TUESDAY, NOVEMBER 23, 1920

**THE RECOVERY OF FRANCE.**

A return compiled by the economic division of the French Commission in the United States indicates the wonderful rapidity with which France is recovering from the physical destruction inflicted on her soil and industries during the war.

One of the strongest elements in her quick recuperation, now as in the seventies, is the ingrained and general habit of thrift having as a natural consequence the corollary of an exceptionally large proportion of small owners of land, of government bonds or of both. The system of peasant proprietorship has, time and again in France's history, proved its strength and value as an asset in moments of national danger even more than in the hundred years of peace. The return just issued shows that 89 per cent. of the adult population of France are holders of nine-tenths of France's total national debt. No other nation on earth, no matter what its progress in democratic institutions, can boast of anything approaching such an enviable condition. It is a tower of strength in peace as in war.

Over seven million acres were rendered unfit for cultivation by the war. Considerably more than one-half of that total has been cropped this year and most of it has been cleared of the debris of shells and other expended war material and again made cultivable. Agricultural reconstruction, indeed, has proceeded so well that France is once more in a position to meet nearly all her food needs for the year 1921 from her own crops. Even in the present year she has lopped off a considerable amount from her 1919 exportation of food products and added substantially to her food exports.

The principal textile region of France lay in the track of the storm that swept down from the north and northeast in 1914. Of all the industrial establishments destroyed in the war, well over three-fourths have been rebuilt and were doing business on September 30, 1920. The textile plants around Lille, perhaps the most battered and devastated industrial section of France, have been 87 per cent. reconstructed and are now turning out 78 per cent. of their prewar production with 70 per cent. of their personnel. Of 116 woolen mills destroyed, 110 are again at work and of 57 cotton factories converted into heaps of ruins, 55 have resumed operations.

The visitation of general catastrophe has had one good effect. The old methods and the old machinery were swept away and today in industry and agriculture only modern machinery working according to the best modern methods is to be seen. The result has been a much greater rate of production than before the war. The coal pits at Ostricourt are given as an example of this betterment. Seven out of the eleven pits destroyed there now are producing as much coal per day as the whole eleven did before 1914.

In the commission's exhaustive review of present conditions there is much additional detail given to indicate the extent and the soundness of the reconstruction already effected. Thus, reference may be made to the substantial decrease in the adverse trade balance which France has achieved in the last year. All ordinary expenditures of government now are being met by taxation. Loans are resorted to only for purposes whose cost is properly defrayable from the proceeds of the German indemnity. The people are helping the government by a gratifying willingness to pay the increased taxes and the government does its duty to the people by the exercise of a rigid economy.

Other results of the war have been the enormous impetus given to the development of water power and the electrification of railroads. The shortage of coal forced these developments but they have taken permanent form and have opened up new possibilities of wealth.

Much more might be advanced to show the remarkable strides made by France since the signing of the armistice but sufficient has been said to indicate that the same calm courage

that stood steadfast and undismayed under the terrific bludgeonings of the German host is gathering new laurels in the pathways of peace.

**WOULD TRANSFER STOCK YARDS TO PUBLIC**

Morris of Chicago Submits Plan For Divesting His Packing Company of All Ownership.

Chicago, Ill., Nov. 23—Stock yards and terminal holdings of Morris and Company, packers in Chicago, Kansas City, St. Joseph, St. Louis, Oklahoma, El Paso, New Orleans, Baltimore, West Philadelphia and New York would pass into the hands of livestock producers or the public if a plan which Morris and Company has submitted to the supreme court of the District of Columbia is approved.

The plan, put forth by Edward Morris, president of the Co., proposes that all of the capital stock holdings of the company in these enterprises be immediately surrendered to the court. Live stock producers would then be given the first opportunity to acquire these holdings. Then the stock would be offered to people living near the various plants, then to the common carriers and lastly to the general public.

Morris and Company would be completely divorced from ownership or control of any of these properties, under the plan, and a trust company designated to hold and vote the stock as trustees until it is disposed of to people outside the packing industry.

**Thrown From Bicycle Man Painfully Hurt**

Samuel Curran Flung Into Ditch Where He is Found by a Friend Ten Minutes Later.

Samuel Curran of 200 Maple street was thrown from his bicycle and rendered unconscious at an early hour this morning while on his way to work. He was considerably bruised about the head and sustained a bad cut over the eye.

Mr. Curran who is employed at the Bon Ami, was on his way to work when the accident occurred. The rain of last night settled the dirt into the new storm water sewer and as the ground was covered with water he failed to see the wash out. He was thrown from his wheel and was unconscious when found about ten minutes later by James Gorman of 128 Maple street.

Mr. Gorman who is employed at Case Brothers in Highland Park, was on his way home when he found Mr. Curran lying on the ground. At first he did not recognize Mr. Curran because of the blood and mud that covered him. He was assisted by Edward Wilson who was also on his way to work. They carried him to the steps of a nearby house. When Mr. Gorman recognized Mr. Curran he immediately carried him home where medical attention was given.

Shortly after a milk truck came to grief at the same place. The truck was owned by the Mountain Brook Farm and the driver failed to see the spot because of the water and got stuck in the ditch. No damage was done to the truck and after unloading part of the load the driver was able to get out assisted by bystanders.

Maple street in this vicinity is flooded and in some places the water came up to the door steps.

**DEATH OF WM. B. SPRAGUE.**

William B. Sprague, of Andover, died yesterday after a long illness at the age of 71. He was one of the most prominent citizens of Tolland county and was well known in Manchester and Hartford. He had served as state senator, superintendent of the capitol, sheriff of Tolland county, deputy collector of internal revenue and judge of probate for the district of Andover which includes Bolton and Columbia. The funeral will be held at Shepard's undertaking rooms in Willimantic tomorrow at 3 o'clock and the burial will be in the Willimantic Cemetery.

Why heat with stoves when our Pipeless Furnace at a small cost extra will heat the entire house. Only little more fuel required. We wash the air and return it sweet and clean to your room. Our entire floor is covered with water, not like others near firepots. See three in operation in James Taylor houses, 37 Madison street, James Wright, Hemlock street, Nelson Matchett, 5 Ash street, and of Manchester. Drop postal and will call; no trouble to explain. Hero Furnace Co., 219 Pearl street, Hartford.—Adv.

Three women, all Republicans, are to sit in the Kansas legislature this winter.

**THE YOUNG LADY ACROSS THE WAY**

THE YOUNG LADY ACROSS THE WAY.  
The young lady across the way says more and more attention is being paid to pediatrics, and personally she thinks Cuban heels are high enough for any girl to wear.

**OREGON INAUGURATION WILL BE GREAT EVENT**

Much American Interest in Ceremonies of December First.

**MANY WILL CROSS BORDER**

Special Trains Will Run to Mexico City From a Number of Cities in The United States.

Mexico City, Nov. 23—The inauguration of President-elect Alvaro Obregon, on December first, will be the most pompous event of the kind since the days of Porfirio Diaz and many visitors from the United States will be present. Announcement was made by the National Railways today that special trains will be run from a number of American border cities.

According to information secured here, delegations are expected from the following cities: San Antonio, Houston, El Paso, Dallas, Fort Worth, Los Angeles, San Francisco, Phoenix, New Orleans, St. Louis and Kansas City. As the number of American tourists is growing, it is not unlikely that the ceremonies will be witnessed by travelers from Boston, New York, Chicago, Philadelphia, Pittsburgh and other cities. Of course, Washington, D. C. will be represented by the diplomatic officials who represent the United States Government.

Good Omen For Future. Provisional President, De La Huerta and President-elect Obregon are related over the interest shown in the inaugural ceremonies by Americans, especially Americans living on the border.

"It is a good omen for future friendly relations between the two countries," said the President-elect. "I hope the day is gone for ever when ill feeling exists. Now that order and peace have been restored, we want Americans to come to Mexico. We want them to feel at home and to feel that they are among friends when they cross the Rio Grande."

Along the border, the chambers of commerce are active in promoting parties to visit Mexico City. Trade between Mexico and the United States is growing and American business men believe that interchange of friendly visits will foster the intercourse even further.

**CAR HITS HORSE.**

Autolst Says Driver Was on Wrong Side and Had No Lights.

Samuel Beck of Ellington who was driving a horse and wagon on the Talcottville flats last night, and George Grazadio of Depot Square who was driving an automobile, collided, and both the automobile and the wagon were somewhat damaged.

According to Grazadio, Beck was driving on the wrong side of the road and had a lantern but it was not lighted. Grazadio complained to Officer Barron who went to the scene of the accident and after investigation, ordered Beck to appear in court this morning.

Court convenes at 9 o'clock and Beck was supposed to be there but the officials waited for over half an hour for him to arrive.

Chief Gordon then instructed Officer Barron to go to Ellington and get Mr. Beck and have him in court tomorrow morning.

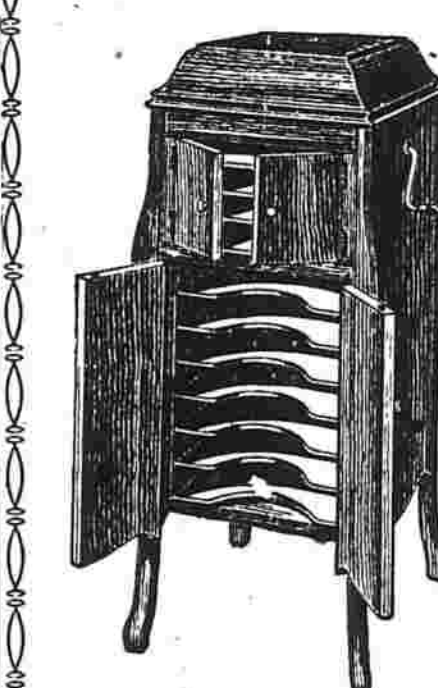

**THANKSGIVING FURNITURE**

Before throwing open wide the home to the guests of the day, perhaps some furniture is needed---

A chair or two for the living room, a luxurious davenport with chair and rocker to match—or a handsome lamp. You'll find living room furniture here in wide array—a stock large enough so that you can choose what you want very easily at prices within reach of your purse.

Dining room furniture too, in abundance—the very daintiest designs in all the period styles

**You'll need music too, for Thanksgiving Day**

In the new beautiful Victrola department you will find everything has been arranged for your comfort. Plenty of sound proof booths where you can enjoy your favorite records without being disturbed.

- Some of the popular records of this month:
- 35701—Avalon—Medley Fox Trot ..... \$1.35
  - Best Ever Medley, One Step.
  - 18690—Whispering—Fox Trot ..... 85c
  - The Japanese Sandman—Fox Trot.
  - This number is selling fast!
  - 64900—Thank God for a Garden..... \$1.25
  - McCormack.
- A good assortment of Mr. Charles Harrison's records.

**YOUR CHRISTMAS VICTROLA**  
It's none too soon to select your Victrola for Christmas delivery right now. Our assortment is complete just now.

**NEWSPAPERS AND CRIME**

Newspapers always are the targets for adverse criticism no matter what course they may choose to adopt. Nevertheless, it is a healthy tendency. Stagnation in thought and action is prevented; earnest, energetic and useful courses are compelled by the give and take, the action and reaction between the public and the press.

There are inevitable contradictions, inevitable errors of fact and judgment. An amusing instance of this variability in public censure is provided in two publications recently issued.

One of them is the annual report of the New York Police Department for 1919. In a combined apology for and denial of grave crime conditions in New York City, Commissioner Enright arraigns the press of the city for advertising crime and attracting criminals by scare headlines and exaggerated stories of crime and lawlessness. These stories, according to Commissioner Enright, have led outside criminals to believe they could commit crime in New York City with little or no fear of arrest and the consequences.

Parentetically, it may be said that the commissioner's explanation or arraignment does not tell us very clearly why there should be over one hundred unsolved murder mysteries in the metropolis during the present year. The press has not been both covering crime and blazoning it forth to a naughty underworld.

The other compilation in mind is a record of homicides, murder and manslaughter, in the principal cities of the United States for 1919. Curiously enough, New York City appears far down on the list with a homicide rate of 5 per 100,000 as against a general average of 9.1. This average, by the way, has nearly doubled in 20 years, the rate in the cities under review being 5.1 per 100,000 in 1900.

Memphis, as usual, leads all the rest with the high rate of 55.9 killings per 100,000. Eight other southern cities are next on the list. The heaviest mortality, as might be expected, is found in regions with large negro populations.

The present point of the record, however, consists in the censure passed upon the press of the country for its laxity in featuring crime by Dr. Frederick L. Hoffman, the expert

# SILK MILL NEWS

## MAIN OFFICE SHADES 'EM ALL A BIT LAST EVENING

Better Scores Have Been Made Than Those Batted in Match Last Night - Nelson Springs Surprise.

No records were broken in the match games of the Mag's Bowling League last night. The Weaving Mill was able to lighten its hold a bit on first place. Some of the big fellows in the Velvet Mill team lowered their five averages but they took two games from the Spinning Mill, nevertheless and in spite of Nelson's high string of 312. The Main Office hit 1418 for the high total pinfall and took two from the Electricians. Anderson of the Weaving Mill rolled 118 for the high single of the evening.

### CHARACTER OF THE MAN WHO SELLS CAR, COUNTS

George H. Williams Talks on Auto Industry - Price Means Little, He Says in Interview.

"The somewhat sensational price movements in the automotive markets, recently have served only to emphasize the real consideration in the purchase of an automobile," says George H. Williams, local agent for Hudson and Essex Cars and Commerce Trucks.

"Car owners realize now, more than ever before, that the value of a car is one thing and the price of it is another - an entirely different proposition. They are coming to realize that the dealer alone can put value into an automobile. The manufacturer builds the car and fixes the price, but the dealer alone can guarantee satisfaction to the owner."

"No car is worth having if it is a source of disappointment and expense. However, low the price may have been, such a car, still remains the most expensive, in the market. On the other hand, any car which gives 100 per cent. of satisfaction to its owner shows a good investment."

"This is not altogether figured on the elements of comfort, convenience and profit arising from the use of the car, but can be figured in dollars and cents which are paid out for maintenance and repair, which are lost through the failure of the car to properly serve its owners, and which are sacrificed with the time that is wasted because of the failure of the car to do its part."

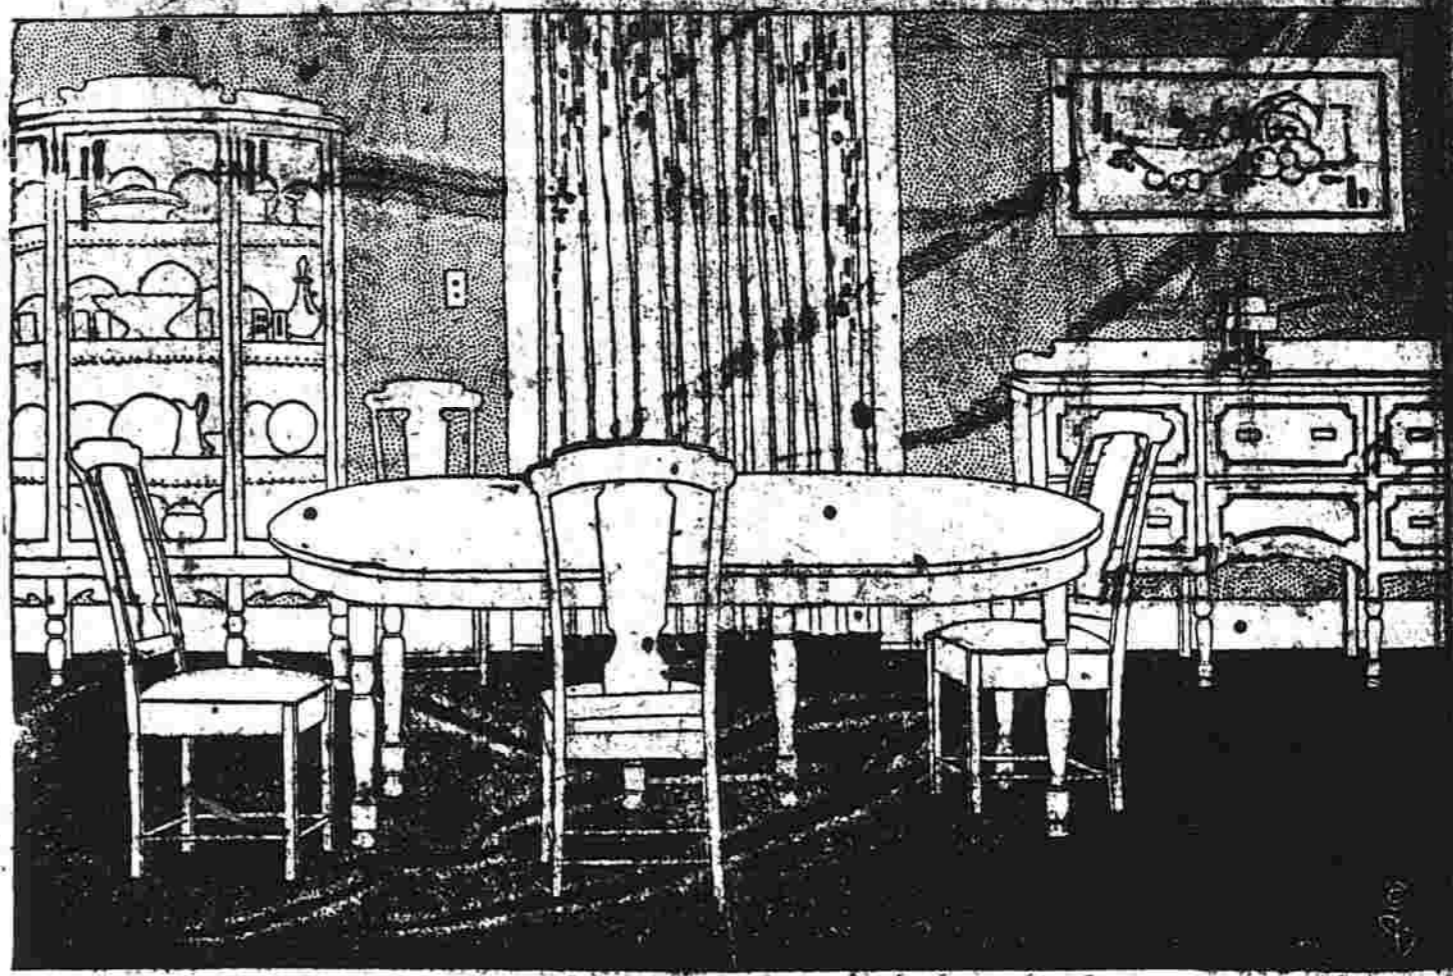

"Shrewd buyers of cars today are not paying nearly so much attention to the price as they are to the character and responsibility of the man who sells them the car."

### JITNEYMEN ARRESTED IN NEW HAVEN

New Haven, Conn., Nov. 23. - Several arrests of jitney men were made today by the police for violation of the new ordinance which went into effect today barring the jitneys from all but one of the central city streets. The jitney men do not intend to contest the ordinance, it was stated, and the arrests resulted largely from a misunderstanding of the new ordinance.

Half the imports and exports of Brazil pass through the city of Rio de Janeiro.

# FURNITURE FIT FOR A KING

Yet it is priced so low the humblest may possess it. Artistic but not elaborate, and built for a lifetime of service. Furniture that we are proud to offer and that you will be proud to own.

NEW SELWITZ BLDG, MAIN & PEARL STREETS

Children will get up with the chickens before the house is warm

YOUNGSTERS in the early morning hours are a good deal like newly-hatched robins—"breakfast" is their only thought.

And they needn't stay in bed until their steam heater or furnace has warmed up the whole house. The cheery glow of a Perfection Oil Heater will make all comfortable—in the bedroom and alongside the high-chair.

How to economize on coal this winter

Don't try to heat "all outdoors"—or all indoors, for that matter. In heating all your rooms up to 70° or 72°, several of them are usually made stuffy.

Use a low, even fire in your regular heater to keep every part of the house warm. Then make the rooms you use most thoroughly cozy and comfortable with a Perfection Oil Heater.

The Perfection is light, clean, and effective—a portable radiator. Take it anywhere, light it as you do the gas. No boiler or fitter. Holds a gallon of kerosene and burns about ten hours without refilling.

Perfection Oil Heaters are sold by progressive hardware, housefurnishing and department stores. Blue or black finish, with or without nickle trimmings. Ask your dealer to explain its easy operation and many advantages.

For best results use Socony Kerosene.

PERFECTION Oil Heaters

STANDARD OIL CO. OF NEW YORK

A. & N. Goes Down to Defeat At Hands of the Nutmegs

Playing of Neville, Ex-Yale Star, Helps New Britain Gridmen to Win 14-0.

The Army and Navy team was defeated at New Britain Sunday afternoon by the score of 14 to 0. The game was played under great difficulties. Owing to the condition of the field the locals could not get going.

The Nutmegs received the kick off and rushed the ball down the field in three plays for a touchdown. Two line plays and a forward pass put the Nutmegs in a position to score. On the next play Neville carried the ball over. He then kicked the goal.

Receiving the ball on the kick off, following the score, the locals rushed the ball from their ten yard line to New Britain's two yard line where they were held for downs. Neville again came to the rescue of the home team and booted the ball out of danger.

For the remainder of the half the ball see-sawed back and forth in the center of the field.

The A. & N. received the kick-off again at the beginning of the second half but fumbled, and New Britain recovered but were unable to gain and had to kick. "Bob" Smith ran the ball back about thirty-five yards before being tackled. Holding the locals for downs, the Nutmegs started another drive that resulted in

the final score of the game. Two pretty forward passes by Neville put the ball on the A. & N. ten yard line and from this point Neville again carried the ball over for the final touchdown of the game. Neville kicked the goal. Score, Nutmegs 14, Army and Navy 0.

For the remainder of the game the ball see-sawed back and forth with neither team having any advantage. The Rambler Tiger team was in New Britain watching the game and cheered lustily for the A. & N. to win. They said that the locals ever the best team that they had played this year. They also assured Manager "Tom" Chambers that the rumors floating around Hartford were false as far as they were concerned. Owing to the difficulty in securing a team it is not known at this date whether the local team will play Thanksgiving Day.

Notes of the Game.

Those that attended the game said that Neville was just as good as the famous "Har" Harmon.

Peterson, Bob Smith and Charter played stellar ball for the locals.

Neville was the bright and shining star for the Nutmegs and without him in the line-up the Nutmegs would not have scored. It was his forward passing that enabled the New Britain outfit to score. Neville is a former Yale player and was considered one of the best drop-kickers while attending Yale.

Liquidation Continues; Better Sentiment Seen

(Furnished by Richter & Co.)

There has been continued liquidation of securities during the past week, but in spite of this fact, we believe that sentiment is improving and some optimistic statements have been made which in our opinion are worthy of repetition. One prominent banker who admits that six months ago he was what is known as an "economic pessimist" is quoted as saying:

"I knew it was necessary that a halt be called at that time. Since that time there has been considerable liquidation, with most of it visible in Wall Street—in the stock market. Mob psychology is at work, and baseless rumors have followed. It has gone too far. A halt will soon be called. Pretty soon security prices will reflect the improvement in money that must come.

"This talk of panic is amusing. We had the panics years ago when we had a panic, we climbed to the top of the skyscraper and jumped down with one leap. Today it is different. We boarded the Federal Reserve elevator and descended gradually, but perhaps a little too rapidly. The worst is over. A turn in security prices is coming. There has been some buying by big interests during the last few weeks. Fortunes are awaiting people with the courage to buy stocks at present levels, and pay for them."

Another Optimistic Vein. Another leading banker in New York is quoted in a most optimistic vein as follows:

"To see stocks drop, you would think the United States financed the whole war. Why, we have the bulk of the wealth of the whole world right in this country. Our increased wealth in one year would almost equal our war debt. Europe is legally bankrupt, and is making less fuss about conditions than we are. Because a few industrial companies got caught with large inventories on the eve of a readjustment downward, we must have a panic over it. Should this country get into war tomorrow, it could raise \$100,000,000,000 in two years time, if necessary. Never before in history were the people so well off."

Prices Generally Firm Here. The local market during the past week has been more or less affected by the severe decline in the New York market although there has been no pressure to sell and prices generally have held firm. As we stated in our letter of last Sunday our market was pretty thoroughly liquidated some time ago, therefore is in a strong technical position.

There is very little change in the quotations of the fire stocks, with sales of Aetna Fire ranging between 470 and 480. Hartford Fire Insurance holds firm also, and is quoted 580 bid, 590 asked, with sales in the neighborhood of 625. Phoenix Fire is quoted 475 bid, 485 asked, with sales in the neighborhood of 455.

National Fire Insurance is quoted 455 bid, 465 asked and Standard Fire holds strong at 85 bid (par 50) none offered. Automobile Insurance is offered at 270, with a recent sale close to 260.

The life stocks also held firm, Aetna Life Ins. Co. is offered at 550 with sales in the neighborhood of 450 and Equitable Ins. Co. is offered at 500 with sales in the neighborhood of 400. There is no change in the quotations of Connecticut General Life Ins. Co., 430 bid, 440 asked, with recent sales in the neighborhood of 430. Hartford Steam Boiler is offered at 325, and Aetna Casualty & Surety at 430.

SPECTACULAR GUN FIGHT WITH SILK THIEVES

Alleged Robbers in Moving Train Battle With Police in Auto for \$600,000 Worth of Goods.

New Brunswick, N. J., Nov. 22.—Two men shot, one of them a detective, probably fatally, in a spectacular revolver fight between a gang of silk robbers and a squad of Pennsylvania Railroad plain clothes men and police of Metuchen, N. J., early this morning.

The alleged robbers had planned to make a haul of \$800,000 worth of silk and were throwing packages containing the material out of a moving train, when the detectives and police, riding along side in an auto, opened fire.

Patrick Halloran, a railroad detective, may die from a bullet wound in the abdomen. Conrad Albricht of Jersey City, was wounded in the foot. He and Raymond Rinaldi, of Jersey City, are under arrest, and four other alleged thieves are reported to have been arrested later.

TAKES PAIN OUT OF RHEUMATISM

Keep Sloan's handy for backache strains and sprains, too

SLOAN'S Liniment has been sold for 39 years. Today, it is more popular than ever. There can be but one answer—Sloan's produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatica, sore, stiff, strained muscles, backache, sprains, and other external pains, often the result of exposure. It leaves no mark, and does not clog pores.

Get a large bottle for household use only. Keep it handy for use when needed. Your druggist's best. Large size 35c, 70c, \$1.40.

92 Detached Modern Houses and Other Buildings For Sale

Groton Park, Groton, Conn.

Sealed bids on one or all of the above buildings will be received in the office of the Chairman, United States Shipping Board, Washington, D. C., on or before 10.30 a. m., December 31st, 1920. Bids to be opened 10.30 a. m. same day in the offices of the Board.

Groton Park is ideally located, and within easy reach of the city with its stores and amusements.

It consists of 92 houses, 4, 5, 6 and 7 rooms with bath, electric lighting, gas and all other modern improvements.

Also 2 store buildings containing 2 stores each; 3 boarding houses containing 51 rooms; 4 dormitories containing 204 rooms; 1 cafeteria; 1 powerhouse.

The Project Contains 73.7 Acres.

The soil of a texture admirably adapted for gardening purposes. The construction of the houses is the very best, every modern convenience and improvement being embodied.

Proposal forms and other information may be obtained from Manager Division of Transportation and Housing Operation, 140 North Broad Street, Philadelphia, Pennsylvania.

The Board reserves the right to reject any or all bids.

Sealed bids should be addressed to the Secretary of the UNITED STATES SHIPPING BOARD, 1319 F Street N. W., Washington, D. C., and endorsed "Sealed Bids for Houses (giving location), and do not open."

ORDER SHIP HELD FOR REBELLED SAILORS.

Portsmouth, N. H.—A detachment of forty-two sailors chasing the U. S. S. San Francisco between New York and this city for which Uncle Sam will pay out quite a bit extra money in transportation.

When the ship was on her way to New York the blue-jackets were moving over the railroad for transportation.

been three days on the receiving ship Southern enjoying an easy life and waiting further orders.

The Bureau of Navigation has directed them to return to New York and ordered the ship held there until every job is on deck.

HERE'S HOPING.

With the loosening up of the Volstead law, maybe the Thanksgiving mince pie won't be the pale, anemic affair it has heretofore given gloomy profiles of being.

MEDICOS SEE MOVIES.

Boston X-ray motion pictures showing the shell-smashed arm of a soldier being restored to normal and the shattered bone being replaced by ten inches of grafted shinbone was shown to Boston surgeons at the conference of the Clinical and Surgical Association of Boston.

Denatured Alcohol for automobile radiators, highest proof, lowest price in town. Edward J. Murphy, Pharmacist, Depot Square.—Advt.

Making Both Ends Meet

The consumer pays too much for food, the farmer receives too little. Between them is a gulf of wasteful distribution methods and speculation. The problem of bridging it faces alike producer and consumer, says

The COUNTRY GENTLEMAN

The farmer has been doing his best with cooperative shipping and marketing; now the consumer at his end is forming direct cooperative buying associations.

In a coming issue of THE COUNTRY GENTLEMAN James H. Collins tells the story of a league of New York restaurant keepers who aim to buy farm produce cooperatively direct from the farms. They say it's the only way they can make both ends meet these days. Farmers in every branch of the industry have about reached the conclusion that only through close cooperative methods can they dodge the food speculator and make both ends meet.

WM. K. SUMNER 14 No. Park St., Rockville, Conn.

An authorized subscription representative of The Country Gentleman, The Ladies' Home Journal, The Saturday Evening Post. \$2.00 per year in advance.

TO BE LET ALONE.

A man who was house-hunting discovered the kind of home he wanted. The deal was opened by a party who asked for some questions previously, for he was a third man. Presently remembering the arrangement, he said: "And are you to be let with the deal?"

house?"

"No," answered the man. "I'd be pleased to let you be let alone."

KICKED TO DEATH BY HORSE

Gilbert, W. V.—An E. Gilbert, a teacher living near Coal Creek, West Virginia, died last week. He was kicked to death by a horse when Gilbert entered a horse problem, he said.

### TALK WITH A MANCHESTER MAN.

Albert E. Eagleson of 175 Woodbridge St. Tells His Experience. "I was bothered for some time by sharp, shooting pains in the small of my back," says Mr. Eagleson. "My kidneys acted too frequently and the secretions were painful in passage. Mornings, my back was so lame and sore I could hardly straighten up. When I stooped, sharp pains caught me in my back. Three or four boxes of Doan's Kidney Pills, procured from W. H. Grant's Drug Store cured this trouble. That was over six months ago and I have had no complaint since." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eagleson had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

### TWO THOUSAND BABIES ARE SAVED IN POLAND

Warsaw.—Two thousand starving babies, besides 10,000 hospital patients, 5,000 orphans, 2,000 aged and 300 war invalids were given American relief in Kiev during the Polish occupation of that city last summer, says an official report just made public at American Red Cross headquarters here. The recent military crisis delayed publication of the report.

According to the American Red Cross statement forty-one hospitals, thirty orphanages, nineteen homes for the aged and ten child feeding stations were cared for during the one month which the Red Cross carried on its work in the Ukrainian city.

### BRUSSELS CONFERENCE WENT UP IN SMOKE.

Berlin.—The Brussels conference went up in smoke in the opinion of the Deutsche Tageszeitung which repudiates a telegram from the Copenhagen National Tidende stating that a bill has been handed to the League of Nations secretary for 3,000 pounds for 80,000 imported Havana cigars smoked by the conference. As the League of Nations has no treasury department functioning the bill was referred to the supreme council. "This cigar bill is the one negative aspect of the Brussels conference," comments the Tageszeitung.

### Denies She is Dead.

Evanston, Wyo.—Mrs. Peder Rasmussen, resident of Yellow Creek objected to reports that she was dead, so she inserts the following "ad" in a local newspaper: "A correction—The rumor which has been circulated around town of late that I was dead and buried is without foundation. I am not unkindful of the supposed spiritual truth thereof but otherwise I wish to inform my friends that I am still alive and well."

### FIERCE FIGHTING IN BOLOGNA STREETS.

Rome, Nov. 22.—Eight persons were killed and sixty four wounded in rioting at Bologna, said a dispatch from that city today. Three bombs were exploded during the meeting of the municipal council. A battle with revolvers raged in the streets for several hours.

### COMPTROLLER WILLIAMS WILL NOT RESIGN

Washington, Nov. 22.—Comptroller of the Currency Williams today denied that he contemplated resigning about February first. That is news to me, he said. He declined to discuss his plans beyond March fourth.

### SOFT FOR CHARLIE.

Charlie Chaplin's wife has been granted a divorce, with alimony of \$200,000, but no custard pie is thrown in.

### Sore Throat Chest Colds

Won't Last Many Hours When Begy's Mustard Gets on the Job. No mustard plaster that any grandmother ever made goes after inflammation and congestion like Begy's Mustard, that you can buy at any drug store in a yellow box, for 30 cents, and best of all, there isn't one blister in a whole carload. Ofttimes when you rub it on at night the inflammation is gone in the morning. But if it isn't all gone, the relief you get is certain. And it acts just as fast when used for lumbago, neuralgia, the pains of rheumatism and gout or for sore, aching feet. In fact, for all aches and pains, soreness, and swellings, nothing you can buy at any drug store will produce the hoped for result as quickly as Begy's Mustard, in the yellow box—made of real yellow mustard. It's the Quickest Pain Killer on Earth.

**PUMPKIN PIES**

SQUASH PIES FROM FRESH SQUASH, MINCE PIES FOR THE THANKSGIVING TABLE.

**WATER TOO COLD TO COMMIT SUICIDE**  
White River Junction, Vt.—Because the water in the Connecticut River was too cold Mrs. Anna Gray, aged twenty-eight, couldn't commit suicide. She tried twice, wading out into the stream up to her armpits, and then gave up. It just couldn't be long on such a cold day. Just about that time she was discovered and is now at home under a doctor's care. Trouble with her husband, who does not live with her, was the reason for the attempt, the police claim.

**CHEAPER ON SATURDAY.**  
The Hague.—The cost of getting married in The Hague all depends on the day of the week. Monday is society day and marriages on that day at the city hall where every couple must go for the official ceremony, cost 60 guilders (nominally equivalent to 40 cents each). On Saturdays the charge is 5 guilders or nothing at all, depending upon whether the couple wish a separate ceremony all for themselves or a marriage ceremony for 20 couples at a time.

**North vs. the South Again This Season**

Army and Navy will play the Majors on Thanksgiving Day.

The Army and Navy will play the Majors of the north and Thanksgiving morning. This is the usual game played between the north and south ends of the town. Last year the Majors played a wonderful game against the A. & N. It was considered the best game of the year.

Three years ago, the Majors became serious contenders for the town championship and have always proved themselves to be worthy opponents for the south and gridiron.

The Majors have played some of the fastest team in the state this year and the lack of weight has handicapped them from annexing a victory. The Bridgeport papers gave them great credit for the showing they made against the Lake Torpedo team in the first game of the season. Although outweighed they put up a brand of football that compelled admiration from the fans of that city.

The A. & N. has won three and lost three games this year and have one of the best teams that has represented the south end since the famous Tiger team. They were beaten by the Ramble-Tiger team of Hartford by the score of 7 to 0 in one of the best games seen here in a long time. The Clay Hills was the next team to turn the trick and by the same score. Last Sunday they went to New Britain and played the Nutmegs of that place. They lost the game after putting up a plucky battle. The long ride in a cold rain storm was too much for the locals to conquer and the game went

The time arrangements will be completed this evening and the time and place announced later.

**NO CHANGE IN STANDING OF VOLLEY BALL LEAGUE**

Teams in First and Second Place Won Three Games Each—Results Remain the Same

No change has taken place in the standing of the Business Men's volley ball league of the Recreation Center. Last evening Captain Scott's team won three games as did Ray Johnson's. Both these teams are in first and second place so the results last evening made no change.

**THE COTTON MARKET**

New York, Nov. 23.—The cotton market opened five points lower on December 1 to 15 points higher on other months today. Liverpool was a good seller at the start. Spot houses and Wall Street houses took the offerings although at one time cables from Liverpool were much better than had been expected. The English market lost nearly all the improvement under further liquidation and as textile news here continued bearish. There was little to induce outside support. At the end of the first 15 mins the local market was easier and six to seven points under last night's close.

**Strickland & Hutchinson**

**THE STOCK MARKET**

New York, Nov. 23.—Trading on the stock exchange at the opening today was attended by a good deal of excitement, the tone showing strength with a violent advance in many issues. General motors featured the trading opening with sales of 15,000 shares all the way from 16 1/2 to 17 1/2 a gain of 1 3/4 but later the stock reacted to 16 3/4. Crucible Steel made a gain of 4 3/8 to 190 and then reacted to 95 1/2. Steel Common rose 1/2 to 34 1/2 from which it reacted to 33 1/4. Baldwin Loco advanced 1/4 to 59 1/4. Texas Co. was strongest of the oils, advancing 2 5/8 to 5 1/4 Reading sold up to 90.

**FRIED ANGLE WORMS A CHOICE DISH**

Colorado Springs, Colo., Nov. 23.—Fried angle worms may become the piece de resistance of collegiate luncheons in "Little Lunnin" following Professor Lloyd Shaw's declaration today that they are a choice dish.

During the course of a lecture, Professor Shaw described the angle worm as consisting mainly of two fleshy halves cased by a small alimentary system, and told pupils that there was no reason why it should not be eaten. A group of his pupils dug up a mass of angle worms fried them in butter and presented them to the professor, who ate them with relish.

**NEW BRITAIN PLANT CLOSES INDEFINITELY**

New Britain, Conn., Nov. 23.—Due to curtailment of automobile manufacture upon which the company largely depends for its orders the Passir Company of this city today announced that they would close their plant tomorrow for an indefinite period. A statement by the company says they are forced to close until conditions improve. It is hoped to resume business by January 1 with a part of the present force, between 300 and 400 employees are affected.

**DOG DEMORALIZES NORFOLK SHIPPING**

Norfolk, Va., Nov. 23.—Anticipating a rift in the fog that has hung over Hampton Roads and Chesapeake Bay for 36 hours, 47 ships were preparing to leave Hampton Roads today. They will pass Cape Henry almost simultaneously if weather permits. Fog has demoralized shipping since Sunday, boats arriving 5 to 10 hours late from Washington and Baltimore.

**LAST NIGHT'S FIGHTS**

At Milwaukee—Harry Greb won a newspaper decision over Bob Mohr, in ten rounds.  
 At Philadelphia—Joe Burman, Chicago, outpointed Carl Tremaine, Cleveland, in eight rounds.  
 At Troy, N. Y.—Walter Mohr defeated Hugh Clemens, in fifteen rounds.  
 At New York—Alta Mack won a referee's decision over Willie Beecher, in fifteen rounds.  
 At Foughkeape—Jimmy Fong, Sula knocked out Jack Hammer, New York, in the first round.  
**HEAVY ARMY TEAM**  
 West Point, N. Y., Nov. 23.—The team Army will send onto the gridiron against the Navy at New York Saturday probably will outweigh the middle in both the line and the backfield. The regular army line averages 138 pounds in the line and 135 3/4 pounds in the backfield.

We will have plenty of our Quality Pork, Beef and Lamb at the right prices.

### WATERBURY TROLLEY HEARING AT HARTFORD

(Continued from Page 1.)

company secured its increase to the ten-cent fare and said that the new city ordinance, effective in Waterbury today, placed practically no restrictions on the jitneys except that they must not cross Exchange Place and except also on the west side of the Naugatuck river, where the police chief construed the ordinance as permitting jitneys. He said that there was not enough revenue in sight to assure the continuation of the transportation system and so the matter has been brought to a conclusive head by the trustees who did not wish to wait for the dead of winter to cut off service.

Mr. Storrs admitted that the former Waterbury ordinance was restrictive enough to permit some excess revenue for the company. Replying to Chairman Higgins, Mr. Storrs explained that the trustees' order for discontinuance of Waterbury service was for the entire Waterbury division lines to Thomaston, Naugatuck and Waterbury and as far as Cheshire and Beacon Falls. He read correspondence between himself and Mayor Sandland and Alderman Blawitt.

Chairman Higgins inquired concerning jitney competition, on lines to Middlebury, Watertown and Woodbury, and President Storrs insisted there was active competition on these lines.

#### \$810 Loss a Day.

In reply to Attorney Church, President Storrs said that the old ordinance had been effective in producing revenue but not as much as was needed. Asked by Attorney Church if it were not true that the Waterbury public was so incensed by the ten cent fare that trolley riding fell off, Mr. Storrs replied that there was nothing to show except that on November 1, when the increase became effective, there was a decided increase in revenue. Since November 1, however, with unrestricted jitney competition, there had been a falling off of \$810 a day.

#### Jitney Competition.

Questioned by Mr. Church again, as to whether or not he was aware that the president of the Waterbury Jitney Association who was present had announced that jitney service would be suspended in Waterbury at one o'clock this afternoon, President Storrs said:

"I know that to be a fact, I would be astonished. It shows, however, the astuteness of the jitney men in stopping competition on this particular day. There would be no controversy if the jitney men would really discontinue."

#### Ordinance Not Restrictive.

Asked by Chairman Higgins if the real reason for the difficulty was jitney competition, President Storrs replied in the affirmative.

After considerable cross-questioning, President Storrs admitted that the meeting of himself and the federal trustees had adopted the vote for Waterbury discontinuance in advance of the passage of the new Waterbury ordinance.

General Manager Pufferford laid in evidence and explained a number of maps which he claimed proved the company's contention that the present so-called regulatory ordinance is not restrictive.

### East Norwalk Stormed by Rats

Battle With Thousands of Rodents Forced Into Streets By High Tide.

Norwalk, Conn., Nov. 23.—There was a job for the piper in East Norwalk this morning when several thousand rats, freed out of a dump by the high tide, swarmed up the narrow roadway leading to the main highway. The excitement was increased when several hundred girl employes of two big shops here, on their way to work, spied the rodents. Witnesses declared that the indescribable scene may be mentally pictured. The town constables were summoned and began plugging away at the rodents with drawn revolvers. Unable to make any impression on the small army, word was spread among the local hunters, who responded with shotguns, slaughtering the rats by the score. Hundreds escaped, however, to nearby cellars and sewers.

### BIG FUNERAL FOR SLAIN BRITISH OFFICERS

London, Nov. 23.—A gigantic public funeral, with military honors, will be held here for the 14 British officers killed in Dublin on Sunday morning. The bodies will be brought to Holyhead on a British destroyer. When they arrive at Euston station, they will be placed upon gun carriages for the funeral procession throughout the streets of London.

You get the benefit of next spring's lower prices right now. We've revised our prices on

# NEW FALL SUITS AND OVERCOATS

to meet your desire for good clothes at lower cost.

## Furnishings Reductions

ALL DRUGGISTS SELL IT

#### HOLLORAN-SULLIVAN.

James Holloran of Center street and Miss Mary Sullivan of Main street were married at St. Bridget's Church at 9 o'clock this morning by the Rev. C. T. McCann. They were attended by Miss Margaret Sullivan, sister of the bride, and Arthur Sullivan of Valley street.

Following the nuptial mass, a wedding breakfast was served at the home of the bride. The bride was attired in a travelling dress of reindeer velveteen and carried a bouquet of bride roses. The bridegroom also carried a large bouquet of roses. Mr. and Mrs. Holloran will leave for Boston on a short wedding trip. On their return they will occupy their new home on Washington street.

#### ELLEN A. SMITH.

Ellen A. Smith, widow of the late Patrick Smith, died at her late residence, 149 Adams street, at 1:30 o'clock this morning, after a short illness. Mrs. Smith has been a resident of this town for about 40 years, most of the time a resident of Buckland. She is survived by two daughters and one son, Mrs. William J. Moore, of Rockville, and Miss Nellie Smith and Daniel Smith, both of this place.

The funeral will be held from her late home at 8:30 o'clock Thursday morning and at the St. Bridget's Church at 9 o'clock. Burial will be in St. Bridget's Cemetery.

Manchester came through last night's storm in excellent shape. A number of chimneys were blown down in different parts of the town but no serious results were experienced. A number of small washouts were reported this morning but nothing but what can be readily repaired. The telephone service was not interrupted and the fire alarm and lighting system service was in all in order this morning.

Thanksgiving Cards and Booklets Edward J. Murphy, Pharmacist, Depot Square.—Adv.

#### BOXING IN NEW YORK STATE ARMORIES

Albany, N. Y., Nov. 23.—Boxing will not be permitted in state armories.

Definite decision to this effect was given by Governor Smith today following a conference with Adjutant General Berry.

National Guard officers have opposed the holding of bouts in armories and the inauguration of the Wagner

#### LEAGUE OF NATIONS

### DISARMAMENT PROGRAM

(Continued from Page 1.)

It is probable that the League will wield the axe upon Germany's army program because the superb system of German railways permits the speedy removal of troops from one part of the German nation to another for attack.

If the League goes further in its United States will be handicapped on the ground that her great natural and industrial resources enable her to strike a powerful blow if she developed a militarist spirit.

#### FORMER LOCAL BOY KILLED.

Word has been received in town of the death of Clements J. Kelsó, 19 years old, of Paterson, N. J., who formerly lived in this town. He is survived by his parents, one brother and a sister of this town and a grandfather who also resides here.

The young man was employed as an electrician in a silk mill. While at work on Saturday he was caught in a belt and whirled around several times before the machinery could be stopped. He sustained a broken right leg, two fractured ribs one of which penetrated his lungs. He was otherwise mangled and died soon afterwards in the general hospital in Paterson.

#### LIBERTY BONDS.

New York, Nov. 23.—Opening Liberty Bond quotations: 3-1-20, \$4.88; first, \$4.88; second, \$4.88; third, \$4.88; fourth, \$4.88; fifth, \$4.88; sixth, \$4.88; seventh, \$4.88; eighth, \$4.88; ninth, \$4.88; tenth, \$4.88.

## ABOUT TOWN

The Community Chorus held a rehearsal in the Auditorium of the Recreation Center last evening.

The Knights of Columbus held their regular meeting last evening, in their social rooms, in the Purnell Building.

Leslie Stevenson of Deming street has returned from the Hartford Hospital where he underwent a slight operation.

Word comes from Hartford today that John J. Mullen and Camillo Vendrillo, of the South end, have enlisted in the Marines.

The work on the storm water sewer for Maple street is progressing very rapidly. The eighteen inch and are expected to arrive shortly and upon their arrival the work will be completed.

Yesterday was a few November Day and rain threatened all day but did not fall until just before midnight. The rails were very slippery but did not interfere with the schedule to any extent.

To date there are about 2600 members enrolled in the Red Cross and this is far below the number required. Every one should make it a point to be a member before the drive closes next Saturday evening.

The upper story of the Park block is rapidly nearing completion and the building will be ready for occupancy in about three or four weeks. The finish is hardwood and will make a very attractive appearance.

A smoker was held in the State Guard rooms in the Bernard School last evening in honor of Lieutenant Wilson's promotion. Songs were sung by "Tom" Quish and "Bill" Dillon after which refreshments were served.

The management of the Park Theatre will follow their usual custom of giving free turkeys to the lucky holders of the winning coupons. Last year Mr. Sullivan could not secure enough turkeys on account of the shortage that existed.

Don't forget the Thanksgiving flowers. Just call Park Hill Flower Shop. They deliver.—Adv.

The Swedish Girls' Gymnastic Club will meet at the "Rock" at 8:00 o'clock this evening. All members are urged to attend.

Manchester Lodge of Masons will confer the Master Mason degree at the regular meeting this evening. The meeting will begin at 7:30.

Mrs. Elizabeth Lappen of Wadsworth street announces the marriage of her daughter, Violet, on November 10th, to Amos Churchill, Jr., of Hemet, California.

The Confirmation League of the Swedish Lutheran church will hold an entertainment at the church Wednesday evening, at 8 o'clock. A large attendance is expected as it is not only open to the members.

The Rockville bowling team will meet the North End Five on Conran's alleys this evening. Last week the North Ends journeyed to the Windy City and came home with a lead of seven pins. This was the last game of a home and home match for a purse of \$100.

The condition of Mrs. Louis Bade, who is ill with pneumonia at the Memorial Hospital, was considered critical last night. A council of physicians was held last evening. Mrs. Bade had a fairly good night and was reported about the same today.

The picture at the Park was discussed very freely around town and is without doubt one of the best pictures ever thrown on a screen in Manchester. The story deals with the rise and fall of man from Adam to the present day. Some wonderful settings are used in the making of this picture.

Two more local young men have joined the United States Navy this week. They are Knut Anderson of 14 Newman street and William Ford of Cottage. This brings the total up to five in one week. As soon as they receive orders where to report they will leave with the other three young men of the north end who enlisted last week.

The Atlas football team will play in Unionville Thanksgiving afternoon. This game was originally scheduled for last Sunday but owing to the bad weather it was postponed. The Atlas team will practice Thanksgiving morning at 10 o'clock and will leave for Unionville at 12:15. All members are urged to be present for practice.

The Casino bowling team will bowl the Park five on the Wooster alley in Hartford tonight. This is a return match of home and home match. The local team has a comfortable margin over their Hartford rivals. Manager Robb plans to use the following men: Stratton, Pohl, A. Anderson, F. Anderson, Hayes and Partons. Arrangements are under way to have the Park Five of Hartford roll in Manchester next week.
