Alien Registration Is On in Manchester

Slow Work at Filing Until Workers Grow More Familiar with the Routine Involved.

The alien registration bureau was busy this morning for three hours with the registration of a large number of registrants, which required more than the expected amount of time for filing due to the unfamiliarity of the registrants and workers alike with the process of filing out the forms. As each registrant completed their filing, they were fingerprinted in accordance with the bureau regulations.

The large Civil Service examination room located in the post office basement, Main street entrance, was being used for registration.

Job for German-Americans. It did not take Colonel William J. Donovan's remarkable exposure of the Nazi fifth column system to make Americans aware of the danger.

We believe that the responsibility for the unmaking of these people, and for preventing the under-estimation of the danger from falling upon themselves, rests very largely upon those German-Americans who have come here and are now living in this country.

Facts About Warplanes. It cannot be more than two weeks ago that one of the 1940 crop of congenial fault finders in the United States, during its feeble and staggering existence, never made any change in this assumption.

Washington Daybook. Washington—The number of persons working for the United States Government is now well over one million.

Notes to Merchants. Note to merchants: How are you doing this week? For example, "Washington merchant" is a term used whenever it is desired to refer to a merchant.

One cannot tell whether this fortnight statement of the Defense Commission—which is also embodied in an official report—has any more to offer.

It is possible for men and women to be thousands upon thousands of them have fought for America in every one of our country's wars.

Plight of Bohemian Jews Bad and Getting Worse

Prague.—(Correspondence of The Associated Press)—"Bad and gradually getting worse" is the phrase which a Bohemian Jew used to describe the present situation of Jewish citizens of the United States.

There are still more than 200,000 Jews in Bohemia and Moravia, more than 40,000 in Prague itself. And there is little prospect that any great number of them will be able to get away soon.

There has, of course, been no Jewish emigration from Prague since the beginning of the war. And now contributions from Jewish organizations in Belgium and Holland, which were considerable.

The Jewish community of Prague and the Jewish Emigration Office consequently must rely wholly on contributions from outside the country.

There are two aspects of their situation in Prague make their position somewhat more than that of Jews who were engulfed by anti-Semitic feeling in other lands.

First, there has been no violence, the only persons hurt in Prague's form of selective military service do not mean that he is for compulsory military service.

Secondly, the Czech Republic is a Republic. The speech by Secretary (Rep.) Joseph P. Kamp on the vital issues of the weather and climate of Connecticut.

According to the State Geographical and Natural History Survey's recently issued bulletin "The Weather and Climate of Connecticut" a killing frost is one of the most serious factors in its agriculture.

It is not customary for nations to have full time warlike activities. Measures to advertise to their potential enemies exactly what they are doing, and for perfectly obvious reasons.

State to Open New Highways

Entire Length of the Merritt Parkway Set for Use on Labor Day. Hartford, August 27.—The entire length of the Merritt Parkway, from New York to the Housatonic River, the first link of the Wilbur Cross Parkway and the bridge connecting the two will be opened on Labor Day, September 2.

It is planned to have former Governor Raymond E. Baldwin, a former Governor Wilbur L. Cross, for whom the two highways are named, to be the last barrier between the two highways.

Colonel M. E. Gilmore, regional director of the Public Works Administration, and State Highway Commissioner Cox, also speaking in behalf of his own organization.

But, judging from comments of the majority of callers at headquarters, the majority seem to be in favor of the proposed highway.

Eliminate "Bottle-Neck". The Parkway was designed and built to eliminate "bottle-neck" conditions, and in operation, has succeeded in this aim.

Questions and Answers (Pricely Heat). "Will you please print something on prickly heat in babies?"

Prickly heat or heat rash is due to an obstruction of the sweat glands, attacks are sometimes accompanied by a rapid breaking out of a number of red, itchy spots on the face, neck, chest and back.

Treatment by means of water is the correct remedy. Hydrotherapy, in fact, water treatment, is probably the cheapest treatment for prickly heat.

Notes to Merchants. Note to merchants: How are you doing this week? For example, "Washington merchant" is a term used whenever it is desired to refer to a merchant.

Ten Clubs Land Men on Graham's Rookie All-Star Squad for 1940

By Dillon Graham Sports Editor, AP Feature Service. New York.—Every major league club shared in the bountiful rookie harvest this year and each can offer a candidate for All-Star rookie team selections.

Cleveland came up with a pair of ace, Lou Boudreau and Ray Mack, who are driving the Indians toward an American league pennant.

Considering hitting fielding, base stealing and speed are round about to their teams, here my idea of 1940's All-Star rookie squad.

Unanimously Carried
The army has a little motto that we civilians might adopt: "Always do a little more than can be reasonably expected of you."

Our Boarding House
A visitor to a hospital for the mentally afflicted saw one of the inmates holding a fishing rod and line over a bed of worms. Thinking to humor him, the visitor said: "What's that?"

Why, Mister?
NO, I GUESS I BETTER NOT HANDLE THE CUP. HE THINKS I'M NOT MALLY DRINKING. THAT PART OF A PUBLIC TUN CUP.

Man—So your wife left you?
Friend—Yes, about four days ago.
Man—What did she say when she left?
Friend—Is my hat on straight?

Why, Pug?
I AM NOT IN THE LEAST INTERESTED IN YOUR BUSINESS. I WANT TO KNOW WHAT YOU WANT IN THIS MARKET.
