

As You Like It

By DICK HOWARD

Movie-goers have been waiting nine years for Hollywood to put Rodgers and Hammerstein's smash Broadway musical "South Pacific" on film. Next month, Buddy Adler's production of the musical will be shown in a special screening at the Regency Theatre. The film will be shown in a special screening at the Regency Theatre. The film will be shown in a special screening at the Regency Theatre.

Rec Department Seeking Playground Supervisors

The Recreation Department is seeking applications for summer playground supervisors at the East Side Rec office. Any interested in a summer position should apply directly to the office and should be attending college preferably. The position is for a period of six weeks from Monday, June 23, and continues through Aug. 22 and is a day week.

Columbia Youths' Club To Celebrate 2nd Birthday

Club Youthisia will celebrate its second birthday Saturday night. The celebration is being sponsored by the Horace W. Porter School Alumni Assn. It is set up in Yeoman Hall, 1010 Club Circle, at 8 p.m. The club is now open to members and their guests, and to such out-of-town high school guests as may register ahead of time and be approved by the association.

MAC Director Hits Jobless Pay Boost

(Continued from Page One)
outlined the current unemployment situation in the state and called for adoption of the Governor's program of "bread."
"I wish to say that such a tax would be imposed upon everyone in this state and in many instances would hamstring the small businessman."
Rep. Marjorie D. Parmet (R-Durham) said she would vote to see permanent provisions to meet the present situation written into the Unemployment Compensation Law. She added that if a sales tax increase is voted, legislators should give some consideration to simplifying the administration of the tax for small retailers.
Ricciuti, in his report to Andrews, said there were 1,110 persons on a staggered work schedule during the week of March 2-8. This number included 600 persons on a one-week, one-week-out staggered schedule and 510 on a two-week, one-week-out staggered schedule.
He reported that of the 27,647 persons who exhausted their benefits during 1957 the first two months of 1958, 17,767, or 64 per cent, were actively registered with the employment service as seeking jobs.
Ricciuti said these figures were obtained by checking a 10 per cent sample of exhausted benefits in the office files. He stressed that the results were not a true picture of the total number of persons who exhausted their benefits during 1957.
He also reported that of the 4,360 persons aged 65 and over and 1,312 women aged 62 or over.
He reported that there were 1,308 job openings listed with the Connecticut State Employment Service at the end of February.
"Enthusiastic and highly efficient," he said, "the work performed by the staff of the Connecticut State Employment Service during the past year has been outstanding." He also reported that the staff of the service had been working to expand the number of job openings listed with the service and to improve the quality of the job openings listed.
"I wish to say that the staff of the service has been working to expand the number of job openings listed with the service and to improve the quality of the job openings listed."

Schendel Reports Drop in Crashes

The number of automobile accidents and parking violations in Manchester last month were far less than those reported in January, Police Chief Herman O. Schendel reported to General Manager Richard Martin this week. The number of complaints received was the same both months—37.
In February there were 50 accidents compared to 72 the month before. And parking violations numbered 646 last month while there were 705 in January.
Arrests made in violation of motor vehicle laws numbered 88 in February while there were 117 such arrests made the previous month.
Other arrests increased last month however, with 62 in February and 48 the month before. There were 21 arrests for rules of the road violations and intoxication in February and 13 arrests for stop sign violations and breach of the peace, the report showed.
"I cannot tell what will be the outcome of this meeting, but I hope the riot will be ended," he said. "I wish to say that the boys who returned to their cells and to ask the other prisoners to do likewise and for them to be ready for breakfast at 8 a.m. tomorrow."
"The two boys who would go back and report and thought they could get the others to return," he said. "I wish to say that the boys who returned to their cells and to ask the other prisoners to do likewise and for them to be ready for breakfast at 8 a.m. tomorrow."
"I wish to say that the boys who returned to their cells and to ask the other prisoners to do likewise and for them to be ready for breakfast at 8 a.m. tomorrow."

Convicts Halt Rioting In Tennessee Prison

(Continued from Page One)
The prison hospital and visitors' gallery, wrecking the former as they had wrecked their cell wing a night earlier. But when Robert W. Hamilton, warden, ordered the disturbance, and agreed to send the prisoners to their cells, the rioting stopped.
The spokesman for the prisoners, saying a term for assault, burglary and grand larceny, and Henry Humphreys, sentenced for burglary, Lawson is a Marian County, Ky., native.
"These two boys are not the leaders of the riot," Hamilton said. "I wish to say that the boys who returned to their cells and to ask the other prisoners to do likewise and for them to be ready for breakfast at 8 a.m. tomorrow."
"I wish to say that the boys who returned to their cells and to ask the other prisoners to do likewise and for them to be ready for breakfast at 8 a.m. tomorrow."

Recreation Program Grows In Four Years Under Herdic

Personable James F. Herdic Jr. arrived in Manchester in January 1954. His assignment as the town's recreation director was newly acquired by way of Rutland, N.Y. Superintendent of Recreation, was to develop and organize the town's recreational activities.
Last month, Herdic, known to everybody as "Jim," celebrated his fourth anniversary at the helm of the local organization. During his 4-year tenure, he will be the 44th recreation director since the town's first recreation director, William H. Herdic, died in 1910.
No less than 40 new winter activities have been introduced since Herdic's arrival in 1954. Many of which have drawn high praise from national recreation leaders.
Herdic, however, insists to admit "the success of our program is due to many long, hard hours put in by a countless number of other persons."
Herdic's pet activities, organized since he came here, are the Senior Citizens Center, the Handicapped Club, the Boy Scouts, the Girl Scouts, the Junior Marching Band and the Children's Theater. He also has organized the Junior Marching Band and the Children's Theater. He also has organized the Junior Marching Band and the Children's Theater.

Board Undecided On Clerk's Salary

The Board of Directors remained undecided on the town clerk's salary question last night after a somewhat heated discussion in an informal meeting in the Municipal Building.
Salary figures ranging from a low of \$6,110 for an appointive town clerk to a high of \$9,000 for an elective official were suggested during the discussion that lasted about an hour and a half.
"When it was over, Mayor Harold A. Turkington expressed the hope the public would help the Board make up its mind on Tuesday, when the matter comes up for action at a formal Board meeting."
"Although there was no general agreement on what the salary should be, at least one suggestion, in accordance with a special Act passed by the Legislature, the present principle of the regular salary should receive some supplemental pay for as long as the job is held, was made."
"The question of whether the job will be made appointive or elective is still undecided. The Board will be deciding at the polls in a referendum next fall. However, even if the Charter change is adopted, it could not become effective until 1960, since it will be voted on at the same time that a town clerk is being elected for a 2-year term."
Mayor Turkington this week raised the question as to whether this proposed change would be adopted. He said there was opposition to it in town and department heads. At the moment, he opposed to it. He repeated these views last night. However, a majority of the Directors, during and after the meeting, appeared in favor of making the town clerk's job appointive.

Barnard Teachers Attend Workshop

Five staff members of Barnard High School attended a special workshop on teaching techniques yesterday at Dolan Junior High School in Stamford.
Mrs. Bernice Mahler, president of the Department of Classroom Management, was one of the five from Barnard.
"I think you three ought to discuss yourselves" on acting on this matter, he added, referring to the fact that he was generally a good deal of time in the town clerk's office, and he spent his time for assistance in performing his duties.
"You're not thinking of the town or the people," he said with some heat. "You're playing politics with this." Firlino, who said he had applied to submit his own salary suggestion, was also opposed to the plan. He said he would be glad to do anything for the town, but he would not be a part of the plan.
"There is no security in any salary plan," he declared. "It depends on the salary of the town clerk. If the town clerk's salary is high, the town clerk's salary will be high. If the town clerk's salary is low, the town clerk's salary will be low."
"I wish to say that the town clerk's salary is a matter of public concern. It is a matter of public concern. It is a matter of public concern."

Girls Solicit For Red Cross

Everyone has been helping the Red Cross drive in Manchester this month, including a group of Manchester High School girls.
Captained by 14-year-old Carolyn Moses, the team canvassed local merchants Saturday and collected over \$100 for the Red Cross.
"Enthusiastic and highly efficient," she said, "the work performed by the staff of the Connecticut State Employment Service during the past year has been outstanding." He also reported that the staff of the service had been working to expand the number of job openings listed with the service and to improve the quality of the job openings listed.

Bond Signing Begins

Mayor Harold A. Turkington begins signing the 300 bonds for \$1,000 each that were sold to expand and renovate the Washington School, looking on are General Manager Richard Martin, left, and Town Treasurer C. Leroy Norris, whose signatures are also required. (Herald Photo by Edny.)
Meeting to discuss science and of plant physiology, will attend public safety in Washington, D.C. The meeting is sponsored by the American Association of University Professors. The meeting is sponsored by the American Association of University Professors. The meeting is sponsored by the American Association of University Professors.

No Nuclear Damage Air Force Hunts Parts Of Dropped Atom Bomb

(Continued From Page One)
The first thing I knew I was crawling under from under boards and plaster," Mrs. Gregg said.
Gregg, stunned momentarily, said: "I looked around and my whole living room was gone. It was falling to pieces. The garage started to fall apart too. I got out of there."
Major Gen. Charles R. Dougherty, commander of the 88th Air Division at Hunter Army Airfield, said he supervised the investigation, said fragments of the device were scattered as much as a quarter of a mile from the 40-yard-wide crater behind the Gregg home.
An Air Force spokesman, speaking unofficially, said the bomb fragments probably would not be harmful to anyone handling them. He said the Air Force "very anxious" to collect as many pieces of the device as possible.
An unexploded atomic bomb, such as the one dropped here, is one of the most complicated mechanical devices yet invented. Its components are not connected and therefore cannot produce a nuclear explosion. The Air Force said, however, that the bomb which fell here contained all of the elements that could be used in an actual military attack except the complete triggering device.
This was the second unexploded atomic weapon dropped by a B-29 in the Southeast in little more than a month. A bomber from the same unit, the 58th Strategic Bombing Squadron, crashed in the Atlantic Ocean off Savannah, Ga., 4 days after a collision with another plane. It had not been found despite the efforts of Navy divers and frogmen.

Drivers Arrested In Radar Check

Six more motorists were arrested yesterday on speeding charges after being stopped at radar check point on Brookfield and Spruce Sts. Seven persons had been arrested the day before on the same charge.
Scheduled to appear in Town Court Monday are David L. Gunn, 17, of 62 Prospect St.; James R. MacDougall, 19, of 100 Birch St.; and Richard C. Pelton, 17, of Bolton, all arrested on Brookfield St. between 8 and 9 a.m. Frances M. Gabagan, 17, of 386 E. Center St.; Anthony Sacco, 21, of New Haven; and Mrs. Norma L. Hale, 25, of 148 Florence St., all arrested on Spruce St. later in the day. Patrolman John Hughes made the arrests.
One of the seven arrested Monday was Patsy F. Pagliaro, 39, of 125 N. Main St. It was erroneously reported yesterday that Mrs. Pagliaro was arrested.

Bush Asks Vote For Road Aid Bill

Washington, March 12 (AP)—Sen. Bush (R-Conn.) has urged the Senate Public Works Committee to approve a bill he introduced Monday to permit reimbursement to states for acceptable highways, free or toll, incorporated into the new interstate highway system.
Reimbursements for such highways taken into the interstate system would permit the states to use the money for other federal-aid highway systems in their states.
Bush urged yesterday that the committee and Congress have a "BAT" let bomber, the same plane the U.S. Air Force uses here. The bomb was dropped from a B-29 let bomber, the same plane the U.S. Air Force uses here. The bomb was dropped from a B-29 let bomber, the same plane the U.S. Air Force uses here. The bomb was dropped from a B-29 let bomber, the same plane the U.S. Air Force uses here.

Casual Living Cutting Down Clothes Sales

St. Paul, Minn. (AP)—The trend toward more casual living is cutting down the percentage of the family dollar going into apparel.

According to Athlete's Foot, clothing specialists at University of Minnesota's Institute of Agriculture, apparel for clothing by both urban and farm families has declined about 8 per cent in the last nine years.

With more of the family money going into home ownership, Miss Scheid reports, many families are merely replacing articles of clothing rather than increasing their wardrobes.

Price increases for clothing have been high during the last five years also when compared to those for other goods and services. The consumer price index for apparel rose less than 1 per cent in the past year, while prices for family living as a whole rose 2.4 per cent. An exception, however, was footwear—which increased 11.7 per cent in the past five years.

Miss Scheid forecasts another increase in shoe prices to 1958. Prices of girls' and women's apparel are expected to remain about the same, but men's and boys clothing probably will be more expensive, she says.

Increased labor costs, Miss Scheid explains, may result in fewer manufacturers producing low-priced lines of women's coats and suits, with selling emphasis on higher-priced merchandise.

Flag Day, June 14, is observed as a legal holiday in Pennsylvania.

Equal Pays For Women Gaining Way

United Nations, N. Y. (AP)—The world's women, under the banner "equal work, equal pay," are making steady progress in the long battle for wage equality with men.

A report by the International Labor Organization (ILO), prepared annually to provide information on the results of efforts by U.N. members to eliminate wage discrimination against women, shows wage discrimination against women still exists but is being slowly reduced.

In the United States congressional hearings are expected this year on some of the many federal equal pay bills introduced by women lawmakers.

On the state level, the State Federations of Business and Professional Women's Clubs are playing a big role. In Wisconsin and Ohio equal pay bills have been introduced by federation members.

In New York and Pennsylvania the state federations have been working to revise existing equal pay legislation to enforce the extension of coverage to all employees.

California passed a strengthened amendment to equal pay legislation last year and Nebraska adopted legislation favoring it.

Florida, Indiana, Iowa, Minnesota, Ohio, Utah and Wisconsin, equal pay bills were introduced. In Illinois, New Jersey, New York and Pennsylvania, amendments were introduced with a view to improving existing legislation on equal pay.

Chaplin and 'The Kid' Again

This time it's Charlie Chaplin Jr., left, who's appearing in a movie, "High School Confidential," with Jackie Coogan. Years ago Coogan portrayed "The Kid" in a memorable movie with Charlie Chaplin Sr., now living in Switzerland. (AP Photo/af.)

Britons Beat Path to Door of American

By EDDY GILMORE

London (AP)— In precisely two years, Peter Cowles Meyer, an American, has become the best agent-in-charge in London.

When they intended to enjoy the moon, just as they had enjoyed the family years.

Later Years Can Be Rich

Now that their children are grown, and gone from home, the Browns, in their forties, are having the time of their lives. They are as companionable, as full of plans, as much on the go as they were during the first few years of their marriage. Now as then they are able to do pretty much as they please and they are making the most of their freedom.

SEATO Blasts At Neutralists

Manila, March 12 (AP)—The SEATO Council ended its fourth annual conference today with a swipe at neutralist nations which won't recognize the dangers of communism and a promise of only slightly more economic aid.

Without naming them, the council warned "some economic governments" against "failing to distinguish between the aims and ideals of the free world and the purposes of international communism."

The foreign ministers of the eight nations outlined the results of their meeting in a communiqué which pinpointed the "invidious character" of Communist subversion as "the most substantial current menace."

McElroy Sees Hike In Defense Spending

Washington, March 12 (AP)—Secretary of Defense McElroy said today the government expects to place contracts for about \$10 billion for military equipment in the first half of the year.

Tunisia Warns About Possible Alliance Shift

Tunis, March 12 (AP)—President Habib Bourguiba today called on Secretary of State Dulles to support Tunisia by next Thursday in dispute with France over Tunisia's allegiance to the West.

VA Set to Pay Plus Dividends

Washington, March 12 (AP)—The Veterans Administration will pay a special dividend of \$32 million in April and May to about 325,000 holders of World War I government insurance.

Body Found in Vernon Car Seen Victim of Foul Play

Vernon, March 12 (AP)—State Police said the body of Mrs. Evelyn Selden, about 33, Mansfield, with a bullet hole through her neck, was found in a car in an isolated wooded section here today.

Police Say Neck Injury On Woman

The body of Mrs. Evelyn Selden, about 33, Mansfield, was found in a car in an isolated section of Valley Falls Rd., Vernon, this morning, an apparent victim of "foul play."

Officer Grabs 2 Suspects in Safe Burglary

Woodbridge, March 12 (AP)—A burglary of a safe in a Waterbury food store was reported today by Police Chief Richard Castiglione.

Leopold Released From Joliet Prison

Joliet, Ill., March 12 (AP)—Nathan Leopold, who served 30 years in prison for a hobbled effort to commit a perfect murder, walked to freedom today after serving 13 months in Joliet prison.
