Grocery Industry Link Between Farm, Table

By PAUL A. WILLIAMS

President, Grocery Manufacturers of America, said that the industry is playing a very important part in building better meals for Americans. In this statement it shall cover the most important areas that justify how manufacturers perform invaluable services in the life line of America. The line of essential services between farm and the food on the table.

Research and New Products

About 100,000 of today's food stores sales are accounted for by products which are new or have been basically improved since 1946. Research by grocery manufacturers spent about \$100 million annually on product and market research and employ more than 4,000 scientists and technicians.

As a result, today's homemaker makes her selection at the grocery store with the assurance of the wide assortment of 75 to 100 items. The American people like to buy new and improved products, and their continued development by grocery manufacturers is one of the real stimulants to the growth of the American economy.

Convenience Grocery Products

These are the products which have revolutionized the modern pattern of living. The homemaker of today is seeking more time for children and more nutritious diet for their families, and with domestic help scarce and expensive, convenience foods include many new frozen and canned fruits, vegetables and meats, frozen and refrigerated baked goods, brown and served soups, instant coffee, tea, cocoa and other beverages; instant and instant-mashed, pasta, baby foods, baking mixes of all types and varieties; frozen fruits, dehydrated and frozen soups, whole-crust and roll, bread, pizza, and other ready-to-eat items in collapsible tubes and several cases of frozen keeping products to mention a few.

More than 20 years ago there has been a striking expansion in the consumption of these processed convenience foods with their many consumer dividends—time-saving, convenience, high nutritive value, and so on. Their ease and speed of preparation makes them a boon to their busy consumers. These products are not only convenient, but they are also economical. The homemaker's time is saved and work in the kitchen of about four hours a week is required about 6 1/2 hours a day to prepare the three meals for a family of four. This is one of the reasons why 12 million married women can now work at full-time jobs, and it is an almost equal benefit to the other 10 million women who work many of whom do their own cooking.

Modern convenience grocery products transfer much of the homemaker's work from the kitchen to the food processing plant. Yet, because of processing and distribution economies, they often cost less than the same ingredients prepared at home from the raw ingredients. Studies show that a pound of frozen peas, frozen or canned costs about 32 cents. Bought fresh this quantity of peas cost about 70 cents. Strained baby fruit and vegetables cost about 10 cents per can or jar at the store. If the homemaker were to prepare the same food at home, the raw ingredients at the store would cost her about 12 cents for green beans, 18 cents for peaches, and more than 20 cents for peas.

The two elders, who are living on 215 Spruce Street, in Manchester, are planning to visit the youngsters division of the Young Men's Christian Association in the future. They spent the past 10 months here visiting Manchester families and have been transferred to Portsmouth, N. H.

Service for members in this area is held at 1425 Avon Avenue, Hartford, with Sunday school at 10:30 a.m. and general meeting services at 8:30 p.m.

ROCKVILLE-VERNON BERGER SUGGESTS TOWN PLAN SWIM POOL FOR RURAL AREA

A recommendation that the town of Vernon begin to plan immediately for a swimming pool in the rural area was made by the City Council on summer activities at the pool.

Cost of a pool would be a minimum of \$50,000, depending on the location, Berger said. He suggested that a capital improvement fund be established so that the pool could be spread over more than one year.

Steadily increasing attendance at the city pool was cited by Berger as the main reason for the pool. Attendance has soared by nearly 12,000 in the past two years, he said. The pool is now crowded with no indication of decline.

With the present concentration of younger children at the city pool from the rural area, Berger said, it is necessary to have a pool in the rural area, according to figures obtained from registrations for swimming lessons. Berger said that about 60 to 80 per cent of the children taking lessons come from the rural area.

The Rev. Philip Hussey, pastor, has been conducting classes for the past two weeks for the lay teachers who will instruct the children. There will be 16 regular teachers and 3 substitutes.

Classes will be held at the rectory for one hour Monday through Saturday.

Notes Reds In Race to Moon

(Continued from Page One)

With representatives of American Communist Party, businessmen, statesmen and "learned" individuals at the conference, the American people. They, in line with his talk of peaceful coexistence of the Communist and capitalist systems, the Soviet premier added:

"I do not believe that we can live in peace with the American people. It is in this spirit, Mr. Chairman, that I greet you and welcome you to Washington and the United States."

He said the Soviet people will live in peace with the American people. In the field of science, Khrushchev said, Soviet science coincides with American. He took the opportunity to consider the problems that divide us.

"After all our common purpose should be peace, a just, universal and enduring peace. It is in this spirit, Mr. Chairman, that I greet you and welcome you to Washington and the United States."

Greeting Texts

(Continued from Page One)

At the head of the receiving line near the platform were Secretary of State Christian A. Herter and Henry Cabot Lodge Jr., U.S. Ambassador to the United Nations, who will escort the Soviet chief on his cross-country tour. They shook hands with the visitor.

Khrushchev's wife, the second Mrs. Ekaterina Krushcheva, followed close behind her husband as the handshaking proceeded. A little girl presented the Soviet leader with a bouquet of flowers. The Soviet and American national anthems were played.

Little Applause

But from the crowd there was little applause and no sign that the spectators were excited by the president-making ceremony. They mostly watched with silent curiosity.

Swarm of police and security guards stood watch over the proceedings. Photographers, radio, news and TV men, and a host of other people were also present.

After the United States' ceremonial salute, Khrushchev and his entourage, including his wife, two daughters and official party members, were escorted to the White House. Khrushchev was met by the President and Mrs. Eisenhower. They were escorted to the White House. Khrushchev was met by the President and Mrs. Eisenhower. They were escorted to the White House.

Hal Boyle's 'A Street of Dreams' Gone Forever

New York City—Every street you find work on becomes a time-traveler's dream. A street of dreams. An old way of life, in its place, the change may take a generation. Here in Manhattan, the old ways are being swept away.

At an Irish bar you could get a hunk of scotch for 35 cents, and the house bought every third drink. At Louis' you could get a 3-course lunch for 40 cents.

Along this same melting pot of the appetite also was the Stockholm, the Chatterbox, and the Moriarty's, a favorite hangout of the Radio City Music Hall crowd. All have been demolished. A giant red steamship, a hungry man is eating through the ruins of Toole Shor's electricity store to make way for the new buildings of the new 46-story City Center Hotel.

It symbolizes the great changes now under way in mid-Manhattan. Twenty-two years ago this West 41st Street block was a charming oasis in the city's urban sprawl. It was a place where you could get a hot dog and a soda for 10 cents. It was a place where you could get a hot dog and a soda for 10 cents.

Pro Tommy Devine Wins Manchester Open with 68

By EARL YOST

First tournament win ever was a big one for husky Tommy Devine of the Seaside Harbor Club in Newell, Long Island, N.Y. Yesterday afternoon the Purple Heart veteran of World War II toured the Manchester Country Club in 68 strokes to capture the 14th annual Manchester Open. He was rewarded for his efforts with a check for \$400.

Devine's two under par card was one stroke better than the 69 registered Sunday by amateur Eugene Gerardi of the Waterbury Country Club. A field of 148 professionals and low handicap amateurs competed yesterday in the second part of the two-day classic Monday through Sunday.

No less than six 70 rounds were posted, two by amateur one by pro. A Simon-peters Bill (Pecky) Hughes of Waterbury matched the cards of professional Eddie Burke of Woodbridge, Ernie Catropa of Birchwood, Tommy Stratford of Dyer Beach, N.Y., and Werner Teichman of Lake Success, N.Y.

Burke, the portly veteran pro who once beat Shannon Miller in the National PGA tourney a number of years ago, had an excellent chance to tie for first. He was one stroke away from second place Monday. Burke was four under coming in the 14th. However, he bogied the 14th, Mar-

16th and 17th and lost any chance of catching or beating Devine. The second place, one of the 148, was in Connecticut, lost in a playoff in 1957 against Henry Bontempo in Open play here.

No amateur has yet to win the Manchester Open and this year marked the eighth straight year that a non-Connecticut pro walked home with top money.

"I found the course to my liking," Devine said after dropping in a short putt on the 18th. "I had no problems to speak of out there."

Last year Devine, a native of Brockton, Mass., and a graduate of Bridgewater Teachers College, shot a 78, finishing far out of the money in a tie for 25th place.

Devine birdied the first four holes to "feel a comfortable cushion" and then played conservative golf the rest of the way. His only blemish on the back nine came on the 17th. He bogied the hole and then he hit a caddy, the 25-year-old pro had to pull his own caddy cart during the first nine holes. It didn't affect his play one iota, as it turned out.

Greatest claim to fame in tournament competition, up to yesterday, was a check, placed in the Long Island Open this year, Devine said. A pro since 1956, he served under Claude Harmon at Seminole Golf Club in Palm Beach for one year, then in Lake Placid in 1951 and to Seaside Harbor in 1952.

The six foot, 180-pounder married with three children, two girls and one boy. While serving in the Coast Guard for four years he received a Purple Heart in his leg and ankle, Navy's highest piece of honors was removed.

Pro Proved Point, He Could Compete

By EARL YOST

"I wanted to prove to myself that I could do it," a tired, but courageous Alex Hackney remarked as he braced himself for support against a display rack in the Pro Shop. Minutes earlier the Manchester Country Club professional had toured the local course in the 14th annual Open.

The score was not good enough to win but under the conditions that the popular pro played, it was truly remarkable.

Less than a month ago, Hackney, playing in the Connecticut Open, twisted his left knee that the great Pitt team of 1928-30 which won 60, lost 17.

First Money in Dallas Open Pocketed by Big Julius Boros

By EARL YOST

Dallas, Tex., Sept. 15 (AP)—\$101,000 of it came in first place money.

Boros took top money for the second time in Dallas yesterday when he won the Dallas Open by a stroke. His previous triumph here was one of the big ones he has grabbed—the National Open in 1952. The Moose, as he is called along the tour, twice won the World's.

Tom Singleton Chosen as Boy To Lead Yale Out of Doldrums

By EARL YOST

New Haven, Sept. 15—Tommy Singleton, a Yale quarterback, especially those of games in which I did so poorly. I imagined various situations and decided what place I should call. Then I would ask an experienced player like Dick Winterbauer when I would see him. I did not know whether I was right or wrong.

In asking Winterbauer, who is a neighbor of Singleton's, he was asking one of the best QBs in Yale history. Now he has done it. He has won the 1959 campaign, the 14th for 33 and 123 completion average.

Winterbauer had help in such talented receivers as ends Paul Lota and Vern Brown, plus a clutch line of never-to-be-forgotten leaders. The coach called Al Ward and Denny McCall. It was a very good team. "I'm real eager to see if I can't improve this year," he said.

So are Yale fans.

Vital 4-1 Win Boosts Stock; Giants Downed

By EARL YOST

New York, Sept. 15 (AP)—If the Milwaukee Braves boosted the stock market and Friday by knocking out the Philadelphia Phillies, it was a vital 4-1 victory over the New York Giants.

Remember three years ago when the Braves were accused of cheating up after they had blown a four-game lead to the Dodgers in the final three weeks of the season?

Well, things have a way of reversing themselves.

Tennis Champ Marvin Smith Not New to Tournament Play

By EARL YOST

A newcomer to Manchester, Marvin Smith of 463 W. Middle Street, is the new Men's Tennis Singles champion and not Phil Hyde as was reported yesterday.

Smith, a teacher at Manchester High School, in straight sets 6-4, 6-2, 6-2.

Tennis is nothing new to Smith, who moved here five months ago after residing one year in Wilmington, Del. Back in 1951 he captured the town title in his hometown of West Orange.

He also played in several tournaments in the past, including the 1958 Kenney Park Tournament in Hartford.

Smith, who is the project engineer at Bon Am, completed the Middle Atlantic States Tennis Championship in 1958.

Only last night Smith lost to veteran Walter Rapp of Hartford, 6-4, 6-2, in the third round of the annual Kenney Park Tournament in Hartford.

Tommy Devine Wins Manchester Open with 68

By EARL YOST

First tournament win ever was a big one for husky Tommy Devine of the Seaside Harbor Club in Newell, Long Island, N.Y. Yesterday afternoon the Purple Heart veteran of World War II toured the Manchester Country Club in 68 strokes to capture the 14th annual Manchester Open. He was rewarded for his efforts with a check for \$400.

Devine's two under par card was one stroke better than the 69 registered Sunday by amateur Eugene Gerardi of the Waterbury Country Club. A field of 148 professionals and low handicap amateurs competed yesterday in the second part of the two-day classic Monday through Sunday.

No less than six 70 rounds were posted, two by amateur one by pro. A Simon-peters Bill (Pecky) Hughes of Waterbury matched the cards of professional Eddie Burke of Woodbridge, Ernie Catropa of Birchwood, Tommy Stratford of Dyer Beach, N.Y., and Werner Teichman of Lake Success, N.Y.

Burke, the portly veteran pro who once beat Shannon Miller in the National PGA tourney a number of years ago, had an excellent chance to tie for first. He was one stroke away from second place Monday. Burke was four under coming in the 14th. However, he bogied the 14th, Mar-

The music department at Manchester High School has acquired a \$1,000 stereophonic tape recorder from the proceeds of the Outdoor Band Festival in June.

The recorder has three components: the tape recorder itself and two speakers, Robert Valter, music instructor at the high school, said that while the recorder can make delicate impressions of sound, it is easy to operate.

It will be used to record the band, orchestra and choir for replaying in the classroom. Valter said the use of the recorder is one of the best teaching devices in music.

Another use for the recorder, he said, will be to tape FM radio programs of classical music. For the cost of the tapes, which are much cheaper than records, the music department will be able to build a good library of music.

Vets Reminded To File Papers

Veterans of World Wars I and II and the Korean War, who have not already done so, are reminded by Town Clerk Edward J. Zoniel that discharge papers must be filed at his office by Oct. 31 to receive the personal and real tax exemption of \$1,000.

Zoniel emphasized that it is not necessary for veterans whose discharges are already on file to file them again.
