Mideast Peace Pact Optimism Mounting

By United Press International
The dispatch of two high-level Israeli delegations to Washington to discuss U.S. aid and details of a new Sinai pact gave further indication today that a new Israel-Egyptian settlement was near. Israeli newspapers today raised the prospect of new Israeli-Syrian negotiations.
Mordechai Gazit, director general of Prime Minister Yitzhak Rabin's office, and Meir Rosen, legal adviser to the foreign ministry, left Tel Aviv for Washington today and talks with Assistant Secretary of State Sisco.
A delegation of Israeli economic and military aid experts departed for Washington Sunday to seek \$350 million annually in compensation for Israel's return to Egypt of the Abu Rudeis oil fields and another \$150 million for construction of a new defense line in the Sinai.
This money is in addition to the \$2.5 billion in grants and loans Israel is seeking for the fiscal year 1976 that began July 1, about \$1.8 billion of it for weapons.
Israeli officials expressed optimism about the success of the aid negotiations for the simple reason of Washington's

willingness to receive the delegation. The United States postponed all talks about military and economic aid following the breakdown of Secretary of State Henry A. Kissinger's March shuttle diplomacy.
Cairo reports said the United States delivered to Egypt today Israel's latest proposals for a new interim peace agreement on the Sinai front.
U.S. Ambassador to Egypt Hermann F. Eilts passed on the Israeli position first at a meeting with Foreign Minister Ismail Fahmi in Alexandria. Fahmi then took Eilts to see President Anwar Sadat for detailed talks on the proposals and Egypt's reaction to them.

It was the fourth round of American-mediated diplomatic talks on a second Sinai disengagement pact since the United States reactivated its step-by-step peace diplomacy seven weeks ago.
The sources said Eilts was expected to get Egypt's reply at the end of today's meetings, as was the case when he brought earlier Israeli proposals July 31 and received the Egyptian response on the spot.

In contrast with increasingly optimistic notes sounded in Israel, Egyptian officials and American diplomats here maintained complete silence on the progress of the negotiations.
The diplomatic sources said, however, they saw signs of "accelerated movement" arguing well for the conclusion of an agreement.
There was no official confirmation of Cairo press reports that in addition to the Israeli blueprint, Eilts had brought a message to Sadat from President Ford who has publicly called for "moderation and flexibility" by Israel and Egypt.
The Israeli newspaper Ha'aretz and Jerusalem Post reported today from Washington that Ford sent a message to Syrian President Hafez Assad last month saying Israel had agreed in principle to conduct negotiations with Syria on a second troop withdrawal pact on the Golan Heights.
The reports said Israel's expressed willingness to hold such negotiations "made a recognizable contribution to Egyptian concessions in the current negotiations" on a Sinai withdrawal.

Enjoying the Festivities

Enjoying the festivities on the occasion of her 95th birthday and the Rogers family reunion is, at center, Mrs. Ann Rogers Hutton of Crestfield Convalescent Home, and from left, Mark Gilston of Rhode Island, Zachary Matzkin of Philadelphia; Terrel Hutton of New York; Mrs. Arline Matzkin of Philadelphia, Mrs. Hutton's granddaughter; and Mrs. William Hutton of New York, Mrs. Hutton's daughter-in-law. FBI Continues Hoffa Search

DETROIT (UPI) — What had looked like the most promising lead of the FBI's investigation into the disappearance of former Teamsters boss James Hoffa has turned out to be nothing but dried fish blood.
It left agents today concentrating on tips pouring in from throughout the country.
An FBI analysis of bloodstains found in a car believed involved in the case showed the blood was not human but came from a frozen fish carried in the vehicle the day Hoffa disappeared, sources close to the investigation said.
Elimination of that lead, a setback in the 12-day-old search for Hoffa, was thought likely to prompt U.S. Attorney Ralph Guy Jr. to launch a federal grand jury probe into Hoffa's whereabouts.
Guy previously received the go-ahead from Justice Department officials to place the Hoffa case before a federal grand jury already seated in Detroit.

Gandhi Lawyers Overruled

NEW DELHI, India (UPI) — The Indian supreme court overruled lawyers for Prime Minister Indira Gandhi today, setting the stage for a possible confrontation with her iron-fisted regime.
In a 90-minute session, the five-man court agreed to hear a challenge to a constitutional amendment nullifying Mrs. Gandhi's two court convictions for corrupt campaign practices.
The challenge was presented by Shani Bhushan, a lawyer for imprisoned socialist leader Raj Narain.

Kidnaping Reported

YORKTOWN HEIGHTS, N.Y. (UPI) — The 21-year-old son of Edgar Bronfman, board chairman of the Seagram liquor company, has been kidnapped, according to sources close to the investigation.
The sources said Sunday night Bronfman's eldest son, Samuel, called him early Saturday at his Yorktown Heights estate to inform him of the abduction.

Ford to Campaign

CONCORD, N.H. (UPI) — President Ford will travel to the state with the nation's first 1976 presidential primary to campaign for the Republican contender in the rerun Senate election, a campaign official said today. George Young, the Los Angeles political consultant heading Republican Louis Wyman's campaign,

says Ford will campaign in New Hampshire before election day Sept. 16.

Wants Rail Line

HARTFORD (UPI) — Gov. Ella T. Grasso is asking the United States Rail Association to reject a Penn Central proposal to abandon the rail line between Simsbury and Westfield, Mass.
Writing to Arthur Lewis, USRA chairman, Mrs. Grasso said no material changes had occurred since the Interstate Commerce Commission in 1973 deemed the line necessary to maintain the public's need for adequate rail transportation.

'Swim-In' Defused

BOSTON (UPI) — First there was name-calling, then bottles being flung. But mounted police and formations of helmeted officers, some wading up to their waists, managed to defuse a "swim-in" without serious injury.
The police Sunday patiently but relentlessly pushed thousands of blacks and whites from Carson Beach. Authorities said 10 persons were arrested on minor charges and 40 — including 27 policemen — injured, most of them suffering cuts and bruises.
Up to 4,000 whites and 2,000 blacks crowded the area, according to an estimate by police. The demonstration was planned by civil rights leaders, because of racial incidents at the beach the previous two weekends.

Glode Rezoning Request Hearing Set for Tonight

Rezoning of 78 acres of land off Tolland Tpk. from Residence to Industrial Zone will be considered in a public hearing tonight at the Manchester Municipal Building.
The hearing, to be conducted by the town Planning and Zoning Commission (PZC), is to start at 7:30.
Applicants for the zone change are Henry Glode et al and Stephen H. Gluck et al, trustees. They are represented by Atty. Eugene Kelly.
Reports are that the application would make way for purchase of the land, for an estimated \$750,000, for a motor vehicle junkyard. The rumored buyer is Pandolfi Auto Parts Inc. of Hartford. Plans for the land couldn't be confirmed.
The application had been scheduled for public hearing last month, but Kelly withdrew the application when the PZC refused to let him change the application at the hearing.

Kelly attempted to remove from consideration several parcels of land not owned by Glode. Withdrawal of those parcels was apparently negotiated with property owners who opposed the zone change and retained Atty. Vincent Diana to represent them.
If a motor vehicle junkyard is what is planned for the site, the applicant would have to seek special exception approval after obtaining a zone change. Such a special exception would be considered in another public hearing by the Zoning Board of Appeals.
The site for the zone change is on the north side of Tolland Tpk. in the vicinity of Glode Lane, just east of the East Hartford town line.
The Glode-Gluck application is the only matter on tonight's PZC agenda.

Anti-Red Violence Erupts

LISBON (UPI) — An angry mob of thousands of anti-Communists broke through police and army lines in the northern Portuguese city of Braga today and buried flaming bottles of gasoline at the Communist headquarters until the building was engulfed in flames.
Police said the mobs splattered the building with Molotov cocktails and blocked fire trucks from coming into the area until the building was burning out of control. They said the fate of the Communists inside the building was unknown.
"They did not come out the front door," a police spokesman said. "We do not know what happened to them."
A Socialist in Braga said he understood the Communists were able to escape from a back door in the headquarters and have fled from the area. He blamed the angry outburst on the government decision to bring in leftist marines during the weekend to protect the Communists.
It was the worst anti-Communist violence in weeks in protest against the leftist three-mah ruling military junta's efforts to impose a Soviet-style Peoples Republic on Portugal despite the heavy anti-Communist vote in last spring's election.
The wave of anti-Communist rioting spread to more than 40 towns in the last three weeks and brought appeals from moderate officers to the leftist extremists to modify their stand. Those appeals were rejected by the ruling leftist elements.
Police said the crowd in Braga charged against the building after the Communists — who were supposed to have been disarmed by troops during the night — again

opened fire on the demonstrators. They said three persons, including one soldier, were injured.
Tough left-wing marines originally dispersed the crowds before dawn today by firing tear gas from their armored cars and shooting volleys into the air with their automatic weapons. With the situation apparently calm, the marines withdrew to Porto.

Oil Import Fees Ruled Invalid

WASHINGTON (UPI) — A federal appeals court today ruled unconstitutional the administration's program to reduce oil imports by imposing tariff fees.
"We recognize that we are overturning an honest attempt by the President to find a solution to a difficult crisis," the three-judge panel said. "At stake is nothing less than our country's economic freedom and survival."
But they said the President and the Federal Energy Administration are "without substantive authority to impose license fees of the magnitude at issue here."
The suit involved was brought by eight states and their governors and 10 utility companies, among others. They protested President Ford's Jan. 23, 1975, order which provided a significant increase in license fees imposed initially by former President Richard M. Nixon.
Ford's order raised the fees on imported crude oil to 21 cents per barrel and to 63 cents per barrel on petroleum products. A lower court ruled that the those who brought suit were suffering irreparable harm, but refused to order any relief.

Ford Begins Work-Play Vacation

VAIL, Colo. (UPI) — President Ford today began a two-week work and play sojourn at this Rocky Mountain resort with plans, he said, "to put our feet up for a couple of days."
At least 100 vacationers crowded in front of the Ford compound to welcome the President and Mrs. Ford on their arrival Sunday night at the leased vacation chalet where they spent Christmas on a ski holiday.
En route, Ford visited Ft. Chaffee, Ark., largest of the Vietnamese refugee centers, then flew on to Grand Junction, Colo., made a 70-minute helicopter flight over the Rockies to Avon, Colo., then motored the remaining seven miles to Vail.
Ford and his wife, Betty, watched Betty's interview on CBS TV's "60 Minutes." During the interview she said that she "wouldn't be surprised" if her daughter Susan, 18, decided to have an affair.

White House Press Secretary Ron Nessen told reporters Ford did not directly comment on his wife's views but said the President has "always taken the position that Mrs. Ford should speak her mind."
Ford expected to begin a daily regimen of swimming, tennis and golf — starting today with Alan Greenspan, chairman of the Council of Economic Advisors, as one of his golfing companions.
Nessen said Ford brought along bills to sign and planned to work on his energy program. Ford will make a speech on energy at the Vail symposium Friday and was expected to restate his determination to veto a bill extending price controls on domestic oil for six months after they expire at the end of August.
The President told reporters Sunday, "I think that's the way to stimulate ad-

ditional production, by vetoing an extension of the price ceilings."
"I believe that there won't be any serious inflation reaction. If I do veto extension of the control program I'll take certain administrative actions that would mitigate any inflationary problems," he said.
While in Arkansas, Ford dedicated the new \$18 million St. Edward Mercy Memorial Hospital, partly financed through federally guaranteed loans.
Then he toured Ft. Chaffee where thousands of Vietnamese, some holding parasols to shield them from a blazing sun, welcomed him. Perspiring heavily, Ford took off his coat in the 90-degree heat and walked along the main route of the camp, shaking hands and exchanging greetings. "We're delighted to give you a new chance in America," he told them.

Subconscious Censure

The recent big discrepancy between the results of the Gallup and Harris Polls on the popularity of President Ford lead to either of two conclusions. The polls are highly inaccurate or the American public is extremely fickle.

Whose Side Is Time On?

MAX LERNER

In foreign policy, as in everything else, we live by two clocks—one ticking away the immediate moments, the other long-range, measuring decades, centuries, millenniums. It is usually said that American foreign policy does best at the second, that it is pretty good at the practical everyday decisions where the choices have narrowed down, and that it is pretty bad at planning a long way ahead, with the choices fuzzy and distant.

By Abigail Van Buren

DEAR ABBY: Since your column is so widely circulated, you can do much for the serious unemployment situation in this country.

I am an executive secretary with one of the top 100 companies in the country. Almost every day, we get applications for employment, some from new college graduates and some from older men who have been in the business world 20 to 30 years.

I'd like to tell these people not to use form letters with their names typed in but to type out neat, individual letters with the attached resume. My boss feels a form letter indicates that the applicant wants a job with ANY company, not an individualized letter means a job with OUR company and no other.

CONCERNED SECRETARY

DEAR SECRETARY: Thanks for a worthwhile tip. A word to the wise should be more than sufficient.

DEAR ABBY: Here is our dilemma: Our only son, John, committed suicide at age 22. His wife, Bonnie, was pregnant at the time. She immediately went to Canada to live with her people (We live in New Jersey).

JOHN'S GRIEVING PARENTS

DEAR PARENTS: Leave it to Bonnie to make that decision and accept it—regardless. I pray for your sake that she keeps in touch with you, sends you snapshots of your grandson and gives you the pleasure of sharing in his growth. And also hope, when the lad is old enough to understand, she will tell him the truth about his natural father.

DEAR ABBY: I must take issue with you concerning an item in your column. One of your contributors signed "Colleen" was undoubtedly the innocent victim of a fallacy. The saying that she attributed to a "15-year-old girl" is a famous quotation by Camus, a French philosopher. Perhaps you would like to set the record straight.

FRED IN EL CERRITO

DEAR FRED: Ten checks for me with "The History of the French Revolution" for not having checked out the quote. Yours was the first of many letters I received pointing out the error. Thanks to you and all the others who wrote.

CONFIDENTIAL TO "HOPING IN MEMPHIS": When a man says, "Can't we be friends?" it's the beginning of the end.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Tenants Confused, Angered At Renting Condominiums

South Windsor officials said owners of 29 Cinnamon Springs condominiums on Pleasant Valley Rd. are confused and angered over entanglements arising over the renting of the remaining units.

George Achenbach Realty, the builder of the condominiums, recently sold 64 of the units to the Richard Roberts Co. of Avon for \$1.1 million. The units have been leased back by Achenbach.

Hal Eiterman, resident association president of Cinnamon Springs, says owners of the condominiums bought the units expecting that the whole complex would be privately owned.

Robert Puzari, executive vice-president of Achenbach Realty, said they were unable to sell the condominiums and that it was a good business decision to rent the remaining units.

The Planning and Zoning Commission will meet tonight at 7:30 in the Board Room of the Town Hall.

It will discuss the environmental team review of the preliminary plans of Arrowhead Ridge which took place on Aug. 7.

MACC NEWS MANCHESTER AREA COUNCIL OF CHURCHES

The pastoral care or chaplaincy program at Manchester Memorial Hospital, established in 1961, was the outgrowth of a three-year study conducted by the Manchester Council of Churches.

Designed primarily to provide supportive ministry to patients with no church affiliation and Protestants from outside of Manchester, the program was initially founded by the council as its sponsoring body.

By 1965, the retiring chaplain in his letter of retirement to the council states "the work of the chaplain has been expanded to the point that it is quite impossible to give our patients adequate attention with a chaplain employed on a part-time basis."

The next years saw considerable labor by the council in seeking grant and foundation money to support a full-time chaplain. Not only were their efforts unavailing, but financial pressures brought them to the board of trustees of the hospital asking for funds to maintain even the part-time chaplaincy.

In 1971, Manchester Memorial Hospital assumed two thirds of the cost of hiring a clinically trained professional chaplain to work 20 hours a week at the hospital.

In 1972, the council was replaced by an ecumenical committee of churches (MACC) including both Roman Catholic and Protestant churches. At this time a 40-hour ecumenical chaplaincy program was established.

This program included a 30-hour paid Protestant chaplaincy student secured through the Hartford Hospital clinical training program and a 20-hour volunteer Roman Catholic chaplaincy provided by two priests from East Hartford.

The situation showed deficiencies. The Protestant chaplain alone stayed only one year, leading to a certain inconsistency and lack of continuity. The Roman Catholic chaplains found that due to increasing parish duties the provision of 30 hours a week of chaplaincy became increasingly difficult.

FISH Tales FISH of Manchester received over 60 calls each month. These calls, mostly from Manchester senior citizens and those on fixed incomes, are mainly for transportation to doctors' offices, clinics, etc. FISH is also available in emergency situations to offer temporary assistance. Revised Development Act Doesn't Satisfy Sen. Barry

State Sen. David M. Barry, D-Fourth District, was one of seven state senators who voted against the final version of the controversial City and Town Development Act.

Barry cited the example of a city such as Hartford, with all of the conditions and, consequently, with its powers of tax-attraction, "luring industries from the suburban communities without such power."

Barry today said that the powers given them could lure industries from suburban communities by promising them 20-year tax abatements.

John Herdic, 21-year-old college senior, was the soundly triumphed Rich Riordan in the scheduled 36-hole finals Saturday at the local course. The margin was 9 and 8 with play ceasing on the 28th hole. Herdic, who has flashed on the fairways with the West Liberty State College golfer the past three springs, shot out front and was 2-up after nine holes, 5-up with 18 holes completed and opened the edge and after the lunch break gradually increased his lead to 9-up. The defending champion was Len Horvath who was a first-round casualty. It was back to work today as a member of the cemetery crew for the new champion, clipping bushes and mowing lawns. Herdic had a two-over par 74 for the first 18 holes with a 40-34 and had a 35 on the front nine in the afternoon play. The versatile Riordan, like Herdic in the finals for the first time, played below par. En route to the championship test, Herdic whipped Rich Clough, Roy Riggott, Bill King and Dave Kaye while Riordan sent to the sidelines in order Jeff Torrance, two former champions Stan Hillinski and Woody Clark and in the semifinals, Ray Ewehock.

Champ Agrees Season Nicklaus Lost Grandlam

AKRON, Ohio (UPI) — Tom Weiskopf said it and Jack Nicklaus agrees. "I'm sure Jack will look back this year as the year he gave the grandlam away," said Weiskopf. "Each one adds its own dimension," said the Golden Bear. "Anytime I whip a tough golfer and a field like this, it's pretty satisfying." Crampion pretty well summed up his feelings by saying, "I guess I'll be a familiar role in this tournament next year — defending runner-up." Weiskopf, who trailed by six shots going into the final round, made a quick charge with two straight birdies, but quickly fell back and was never really a factor. Sunday's attendance was 21,511 on a hot and humid day which saw one brief suspension of play when a thunderstorm went through. Total attendance for the four days was 69,373.

Connors to Tune Up For Singing Debut

NORTH CONWAY, N.Y. (UPI) — Jimmy Connors, winner of the Volvo International Tennis Tournament, says he will tune up in more ways than one the next two weeks. Connors, who defeated Ken Rosewall in the Volvo final Sunday, said he will rehearse this week for his television debut as a singer in a Paul Anka special. He said he would play at the Eastern Open at Orange, N.J., as a final tune-up for the best four rounds of the tournament. The final contest of the Volvo tournament took less than an hour. Connors controlled the play and won by scores of 6-2, 6-2. "I felt really good on the clay," Connors, of Belleville, Ill., said. "I moved well and I was hitting my shots." Connors, who now has four PGA titles, can be the Walter Hagen for the most PGA wins next year at Congressional in Washington, D.C. "I'd like to be able to do that record," he said. Although Sunday's victory After accepting the winner's

Homers Sink A's For Red-Hot Sox

OAKLAND (UPI) — The Boston Red Sox are treating their current series with A's as if it were the final matchup of division leaders in the American League title. Boston beat the slumping A's 5-3 Sunday with an 11-hit bombardment against four Oakland pitchers. Two of the hits were two-run homers by Cecil Cooper and rookie Jim Rice. "The victory gave the Sox a seven-game edge over Baltimore in the AL East, while Oakland slipped to a 5½ game edge over Kansas City in the West," Oakland pitcher Dick Bosman said. "Everything they hit goes somewhere. It seems we have to play super to win anything these days." Rice, whose homer was his 19th of the season, said the A's were in a slump and it doesn't bother him a bit. "Looks like the A's are in a slump and I just hope they stay there until we have them down and get back into the slump when they come to Boston at the end of the month," Rice said. Catcher Gene Tenace, in his last 18 games, credits his bat revival to better concentration. Elsewhere in the American League, Boston downed Oakland 7-4, California blanked Texas 7-4, Chicago shamed Baltimore 3-2 and Minnesota whitewashed Detroit 4-0.

Maybe on Spree, Royals Chasing A's

NEW YORK (UPI) — John Mayberry is making a prophet out of two Kansas City Royal managers. "In order for this club to be a pennant contender, we've gotta have a big year from John Mayberry," said Royals manager Jack McKeon in spring training. "This is a beluga club and there's no reason why we can't start winning," said Whitey Herzog, Royals manager. "Mayberry drove home four runs, three with his 26th homer of the year, and with RBIs, having his best season ever. The Royals, meanwhile, have won 11 of their last 16 games. "There's a lot more talent here than I thought," Herzog said. "I didn't think I'd be 14-4 at this point. Prior to Orta's hit, which scored Pat Kelly from first base, Brian Downing led the score with a two-run homer off reliever Grant Jackson. Ken Singleton hit a solo homer for Baltimore in the eighth. Twins & Tigers 0-0. Minnesota's Bert Blyleven hurled a four-hitter to send the reeling Tigers down to their 15th straight loss, extending their club record for futility. Jerry Terrell doubled and Rod Carew hit a pinch-hit sacrifice fly in the seventh for Twins' first two runs. Detroit has not scored a run in its last 20 innings and has only one in its last 35. Blyleven (11-6) struck out six. Angels 1, Yankees 0. Lee Stanton doubled home Tommy Harper with one out in the bottom of the ninth for the Angels' only run and pitchers Bill Singer and Mickey Scott combined on a four-hitter in the Angels' victory. Stanton, the Angels' leading RBI man with 53, stroked his game-winning hit off Rudy May.

Sutton Makes Bid For Young Award

NEW YORK (UPI) — When your team trails the division leader by 15½ games in mid-August, it can sometimes take a good deal of soul-searching to be satisfied with your performance...unless you're Don Sutton. Sutton, who became the National League's winningest pitcher Sunday afternoon when he pitched a three-hitter against the New York Mets for his 16th victory, shouldn't have too much trouble looking at himself in the mirror when the season ends. "It feels fine to be the winningest for right now but it's just a stepping stone to something else," said Sutton. "That something else might well be the Cy Young Award, for which Sutton is one of the leading candidates, with San Diego's Randy Jones and the Mets' Tom Seaver. Sutton, who is the Dodger manager who believes his team can still catch Cincinnati, is hoping Sutton, a streak pitcher, will help propel the Dodgers into contention during the next few weeks. "Sutton's a good steady pitcher," said Alton. "If we're going to get into the race, he'll have to continue to pitch the way he has been." Sutton, who is the Dodger manager who believes his team can still catch Cincinnati, is hoping Sutton, a streak pitcher, will help propel the Dodgers into contention during the next few weeks.

Raiders Appear Stronger Than Ever in NFL

NEW YORK (UPI) — Oakland Raiders compiled the best record in the National Football League last season and overcame the Detroit Lions' playoff success, they could be even stronger this year. The Raiders, who won 12-10 in the regular season games and ousted defending Super Bowl champion Miami in the playoffs before being benched themselves by Pittsburgh in the American Conference title game, overwhelmed the Detroit Lions Sunday, with reserve quarterback Larry Lawrence going almost all the way. Oakland blasted the Lions 34-0. Lawrence is only in his second NFL season but has two years of Canadian football and a year of last season experience behind him. He completed 101 passes for 101 yards and a touchdown. And while Lawrence directed the offense, the Raider defense shut out Detroit completely. The Lions were able to gain only 44 total yards in the first half and 115 overall when I go into the game. "That's an average army of 100 yards," said Lions coach Chuck Forean. "Everything they did seemed to work and nothing we did worked."

Chris Evert Triumphs

INDIANAPOLIS (UPI) — Top-seeded Chris Evert polished off Australia's Dianne Fromholtz Sunday 6-3, 6-4, to capture her fourth consecutive singles title at the \$100,000 National City Court tennis tournament, but the No. 1 men's seed, Guillermo Vilas, lost in the semifinal round. No. 3 seeded Manuel Orantes of Barcelona, Spain, upset the top-seeded Vilas, 6-4, 6-2, to gain the men's singles final Monday night, repeating his win over Vilas in last year's quarterfinals. Orantes last year eliminated Vilas, then was sidetracked himself in the semifinals by eventual tournament winner Jimmy Connors.

SOFTBALL

Playoffs in both the Candlelight and Silk City Six Week Softball Leagues will get under way tomorrow night at Robertson Park and Fitzgerald Field. Games tonight will decide the final positions. Top two teams in each league will qualify. The Giants had the ball for 76 plays from scrimmage and the Patriots for 58 plays. Adams said the defense "made quite a few mistakes, but there were a lot of new players out there who have never played together in a game." "I don't think we were really sharp and that was obvious," Plinkett said. Larry Watkins of the Giants led all rushers with 66 yards in 11 attempts. Steve Schbert was the top runner for New England with 45 yards in five carries. Pete Banatrak ran one yard and rookie Louis Carter eight for two more TDs. In other Sunday exhibitions, the New York Giants defeated New England 28-14 and San Francisco downed Cleveland 17-13. In Saturday afternoon action, Philadelphia upset Pittsburgh 17-14, the New York Jets stunned Minnesota 20-6, Green Bay whipped Buffalo 23-6, Los Angeles dumped Dallas 35-7, Miami downed Cincinnati 7-3, St. Louis topped Kansas City 10-3, Houston beat New Orleans 15-7, Chicago crushed San Diego 23-3 and Baltimore edged Denver 23-0 in overtime.

Patriots Take Loss To Giants in Stride

FOXBORO, Mass. (UPI) — The New England Patriots seemed to take in stride their exhibition loss to the New York Giants Sunday. "We improve as the exhibition season goes on," Patriots' quarterback Jim Plinkett, speaking for the offense, said after Sunday night's 28-14 win by the Giants. Speaking for the defense: "We'll get better," lineman Julius Adams said. The Giants broke a 14-14 tie with two touchdowns within three minutes of the fourth period. The Patriots scored first in the opening period when quarterback Jim Plinkett threw a 44-yard touchdown pass to wide receiver Randy Vanhatter who was wide open along the sidelines. The Giants tied the game in the second quarter on a Craig
