PREFACE.

It is with pleasure that we present to our patrons and the public generally, the first issue of our Manchester Directory. The work has been an arduous one, but the kindly interest manifested towards us, and the assistance necessary to the publication of such a volume has been so freely and liberally bestowed that our labors have been correspondingly lightened. That a work of this nature should be entirely free from errors cannot be expected. Our aim has been to approach as near perfection as possible, and to that end no labor or expense has been spared, and we trust our efforts will be appreciated. With a constantly increasing faith in the bright future of this, one of the most thriving towns in New England, we extend our hearty thanks to all who have in any way contributed toward the success of our work, and hope to be able to record a marked advancement in the prosperity of the town in succeeding issues, which we hope to make bi-annually, we remain

Respectfully yours,

WILBUR F. HANKS.

Cheney & Goulden Carry In Stock a Full Line of Trusses, Etc.
WE HAVE EXCELLENT FACILITIES FOR THE PRODUCTION OF THE FINER GRADES OF WORK, IN BLACK OR COLORS, QUICKLY AND AT REASONABLE PRICES. OUR REPUTATION FOR SUPERIOR PRINTING IS KNOWN ALL OVER THE WORLD, AND WE COULD FILL A BOOK WITH COMMENTS SIMILAR TO THOSE QUOTED BELOW.

No establishment in this country surpasses, and few equal its productions.—Inland Printer, Chicago.

No printing office in the land turns out better work.—Typographic Advertiser, Philadelphia.

Mr. Haight keeps up his reputation as the most versatile of American artistic typographers. His mastery of every detail of execution is simply wonderful; his strong individuality marks every speciment from his hand so distinctly as to scarcely need the evidence of the imprint to decide its paternity. The contrasts in style are widely distinct, ranging from classic neatness to the most elaborate decorative effects, but all the specimens, without exception, are strikingly attractive and tasteful, and bear the impress of the hand of a master craftsman.—Paper & Printing Trade Journal, London, England.

Mr. Haight’s skill as an original designer of artistic color work is too well known to need comment: frequently we have said “this is his best: he won’t beat it!” but the next specimen shows that his inventive faculty knows no rest.—Id.

We have heard Mr. Haight described as the “Boss” Printer of the United States. His work is certainly of the finest possible kind, and he must be an artist of no ordinary pretensions.—London Press News.

This printer’s typography is not excelled by anything produced in the States, which is certainly saying a good deal.—Printer & Stationer, London, England.

HIGHLAND TONICA WATER.

Is from the New Famous Springs of
HIGHLAND PARK, CONN.

No other Spring in the world can show such marvellous results during the first two years of its introduction in the treatment of Diabetes, Indigestion, Chronic, Bright's Disease, Malaria, Rheumatism, Female Weakness and all Blood Disorders.

The reason why invalids have not hitherto received the promised aid from the use of other Mineral Waters is that the Analysis of nearly all of them shows an excess of one or two properties, and a lack of others of equal value. In order to take a sufficient quantity of one, an excessive quantity of the others must also be taken, producing a counteracting effect and thus destroying the beneficial results which are expected.

In Highland Tonic Water it is not so. Nature's compound is perfect; there is enough of each and nothing to spare. Thus Highland Tonic Water supplies the wants of the human system without any counteracting effect.

HIGHLAND TONICA WATER.

Nature's Remedy for Mankind's Diseases.

ANALYSIS.

MASSACHUSETTS INSTITUTE OF TECHNOLOGY,
BOSTON, AUGUST 1, 1885.

Case Brothers.

Mr. BOWDING, Boston, Mass., May 8, 1885.

I have for a number of years been troubled with kidney disorders, and can honestly say that your Tonic Water has cured all you recommended, and will cheerfully recommend it to all who are troubled with any kidney difficulty. I am, yours respectfully,

D. B. CUMMINGS.

Conductor Limited Railway N. Y. & N. R. R.

Boston, Mass., Nov. 20, 1885.

Dear Sir—I am in answer to your letter of the 8th inst., I am happy to inform you that the Highland Tonic Water has entirely cured me of one of the worst forms of dyspepsia, from which I had been suffering three years. At the time I commenced its use I was forty pounds below my usual weight; could not eat any solid food of any kind; and in spite of the best medical aid that money could buy, was gradually growing weaker day by day. I have used three cases of this water, and now enjoy the best of health, in fact, am a real winner again, and I cannot but express the hope that you will give this great remedy in reach of all who have suffered as I have.

Most respectfully yours,

S. L. HOFF.

Doctor, Case Brothers.

North Manchester, Conn., July 7, 1887.

Case Brothers.

I have used the Highland Tonic Water, and am glad to say that it has shown me the value of sedative bitters, toned up the system, and restored my health.

Yours respectfully,

Dr. MOUNT.

I have had a very great deal of trouble with my kidneys of late having almost constant pain across my back, Mr. Stevens called my attention to your Tonic Water of which I have now used a dozen bottles. I have no pain now and feel that I shall soon be myself again. In my opinion Tonic Water not only takes the cake but I would recommend it to all of my friends. You have done a good deed in bringing this water to the market and I thank you for the benefit I have already derived.

Yours truly,

L. M. NORTON.

LETTERS FROM THE PEOPLE.

To Case Brothers, Highland Park, Conn.

Gentlemen—I have carefully observed the effect produced by your Tonic Water in cases of low patients, and have also had occasion to notice the results of its use in other cases. Of the few patients that have been sent back to us since Tonic Water was first advertised, one suffered from anaemia and general nervous prostration, and is now in a healthy condition. Dr. Johnson reported a decided tonic effect upon all these patients. I cannot say that any of the cases received were cured, for some it may, if it is continued long enough, but it certainly put the patients into a better position to resist the teredol of the disease, and it is certainly a sovereign remedy for anaemia, and is more efficacious in diabetes than any other remedy I have tried. I regard it as containing Vice for all kidney diseases. Its chemical constituents would indicate this result. Its expense is moderate, and I think it will develop other virtues in this really valuable mineral water.

Gentlemen.—Please send me one case of Tonic Water to 41 West Thirty-fifth Street. The sample proved very satisfactory, and I cordially recommend it, so much so that my agent for calling, as he had no knowledge of Tonic Water, ever used the Calico Tonic Water. I consider this Tonic Water superior to any I have used.

With respect,

S. H. BUCKER, M. D.

Gentlemen.—I have used and prescribed the Tonic Water, and it has been very satisfactory. I have had occasion to prescribe for sedative bitters, toned up the system, and restored my health.

Yours truly,

I have been acquainted with the Manchester Mineral Waters, now called Highland Tonic Water, for more than fifteen years, and have prescribed them frequently and with satisfactory results, in all you prescribed it to be. Favor of sedative bitters, toned up the system, and restored my health.
