In the Office of the Librarian of Congress at
Washington
ANNOUNCEMENT

¶ THE HERALD PRINTING COMPANY, now for the first time publisher of the Manchester Directory, presents this issue with apologies, made necessary by its inexperience at this kind of work. We bought the copyright last year from Arthur E. Bowers, who established the Directory, subletting it to various college students from year to year. The actual work of printing the book has heretofore been done in Meriden.

¶ The Herald Printing Company believed it could meet the needs of Manchester for a Directory better than any other agency and therefore acquired the copyright and has begun the publication with this issue, compiled by its own employees and printed in its own plant by Manchester workmen. The task proved much larger than we anticipated and the working force which we had thought ample to bring out the book expeditiously proved inadequate to handle, without delay, this and other important work which our firm had undertaken.

¶ In issuing the next edition of the Directory, in 1914, we shall profit by our experience and promise our patrons better results than we have been able to produce this year.

THE HERALD PRINTING COMPANY.
