FOR THE "TIRED BUSINESS MAN"

The Player Piano
IS THE BEST TONIC

Playing the Player Piano is different from being entertained by fine music.

Seated at the Player Piano you are the entertainer. You are furnishing the music. And with the aid of the wonderful phrasing levers you can reproduce exactly the rendition of any famous pianist or you can play to suit yourself.

The repertory is unlimited—hymns, rag time, classical music. You can play anything that was ever written.

We can sell your old piano. Why not get our figures on an exchange?

Silks for Every Purpose

Silk is steadily increasing in popularity as a dress fabric. It has always been the most fashionable and desired for certain purposes but the wide range of textures now manufactured in silk affords a fabric and style for every dress requirement. A silk for every purpose and for every fashion demand will be found among the well known line of

CHENEY SILKS

which are made by the largest manufacturers of silk goods in the United States in the only factories in the world in which every process of silk manufacture is carried on. Cheney Silks have been manufactured by Cheney Brothers since 1837. Their honest quality has never been impeached. They are to-day as good as selected silks, complete manufacturing facilities, honest workmanship and the experience of three generations of silk manufacturers can produce.

When again in need of silk goods of any description, ask your dealer to show you "Cheney Silks." They are of superior quality, and include practically every kind of goods made of silk—whether for dresses, millinery, decoration or upholstery, the haberdasher or manufacturer, man or woman.

Entered 1915, According to Act of Congress,
By THE HERALD PRINTING CO.
In the Office of the Librarian of Congress
at Washington
Publisher's Announcement

The work of preparing the 1915 Directory was complicated by the fact that during the past year the streets of Manchester have been renumbered. Hence not one of the entries of the 1914 edition could pass over unchanged into the 1915 Directory.

All of the street numbers which appear in this book are the new numbers. Where, as in some parts of the town particularly Highland Street, the renumbering had not been completed at the time at which the canvass was made, it was thought that it would be less misleading to users of the book to allow the names to appear without street numbers, rather than with the old numbers.

For the convenience of those who wish to use the Directory as a mailing list, a special effort has been made to obtain the post office address for every name entered. When the mail is obtained from the Manchester, Manchester Green, Highland Park, and Buckland post offices or by rural free delivery carriers, the entry in the Directory is followed by the initials M, M. G., H. P., B. and R. F. D. respectively. When mail is obtained directly from the South Manchester post office or by letter carrier, no entry is made.

The work of canvassing was all done between August 22 and September 10. The canvassers were Ronald Ferguson, J. Watson Goslee, George H. Howe and Van N. Verplanck. The Directory was compiled by Van N. Verplanck.
